STALIN MAY SEE 'BIG 3' DIPLOMATS ON GERMAN CRISIS

W. L. PHILLIPS

Western Envoys Have Requested Meeting with Premier, Informant says

EARLY ACTION HINTED

Answer Expected to Be Given by Molotov at Conference Today

LONDON, Aug. 1. — (AP) A well-informed diplomatic source said tonight American, British and French diplomats in Moscow have asked for a meeting with Prime Minister Stalin in an effort to settle East-West differences in Germany and all Europe.

The informant could not say whether Stalin had agreed to such a meeting. He indicated that Stalin at least had not yet refused.

The informant said the requests for a meeting with Stalin were made when representatives of the Western powers saw Soviet Foreign Minister V. M. Molotov last night.

The London Daily Mail in Monday editions said Molotov agreed to consider the request for a meeting with Stalin and that the three western envoys will see Molotov again "within the next 24 hours."

"By then it will be known whether Marshal Stalin is to join in the discussions," the Mail said.

Seek Settlement

Western diplomats in Moscow are seeking to end the crisis caused by the Soviet blockade of Berlin. A four-power meeting on all German problems is in prospect.

The informant said "it is not quite clear here" whether U. S. Ambassador Walter Bedell Smith, French Envoy Yves Chataigneau or Frank Roberts, the special British envoy, asked to see Stalin separately or collectively.

Smith and Roberts called on Molotov separately last night to present proposals worked out at diplomatic conferences in London for ending the series of rift between the Russians and the Western Powers in Germany.

French sources in Moscow indicated Chataigneau also called on Molotov, who returned to the Soviet capital yesterday from a vacation.

The three diplomats had been briefed to conduct exploratory talks to open the way for broader conferences on East-West differences not only in Germany but throughout Europe.

Must End Blockade

A prerequisite to any further talks, however, would be for the Russians to lift their food and fuel blockade of the western zones of Berlin.

Roberts, a former minister to Moscow and now Bevin's principal private secretary, is acting in place of British Ambassador Sir Maurice Peterson, who is ill in London.

The foreign office refused to confirm tonight that Roberts has asked to see Stalin, but a spokesman said he has no plans for returning to London.

Disclosure of the effort to see Stalin was accompanied by indications of cautious optimism in diplomatic circles here.

"I can't give any details but it's true," said one diplomatic source with obvious satisfaction when asked to confirm whether an approach had been made to Stalin.

His manner and tone contrasted sharply with that of officials here two days ago when diplomats were being told Molotov was "not in Moscow."

The fact that Molotov returned yesterday and arranged promptly to receive the western representatives was taken here as a sign the Russians were ready to talk. This belief strengthened here tonight, although there was no indication that the West had ceased to move wearily step by step, in the troubled situation.

Western Envoys Confer After Molotov Talks

EXPOSE

MOSCOW, Aug. 1 — (AP) Three diplomats of the Western Powers exchanged impressions among themslves today after their separate and unexpected interviews last night with Soviet Foreign Minister V. M. Molotov.

All three appeared in high spirits. They had been assigned to make an approach to Russia on the German and Berlin questions and had given Molotov the latest American-British-French proposals for settling east-west differences.

Frank Roberts, Britain's special envoy, and French Ambassador Yves Chataigneau joined U. S. Ambassador Walter Bedell Smith at Spasso House, Smith's residence. The meeting was informal.

The Briton and the Frenchman appeared heavy eyed and arrived a few minutes late for the get-together. Roberts apologized for being tardy and laughingly made note of the fact he had been up late the night before.

Russians Cautious

It now is considered probable there will be no new developments in the latest approach of the Western Powers to Russia until early next week. Experienced Moscow observers feel the Russians will give careful thought to their reply.

During the talks with the western diplomats Molotov was reported to have appeared in excellent health and to have told his visitors he had been away from Moscow on a vacation. Appreciation was expressed to him that he had returned, especially as he had received no official advance notice that a conference with him was sought.

It still is too early to tell whether a four-power conference on Germany, Berlin and maybe other outstanding problems will result from the current talks.

There are authoritative circles here, however, who still feel there is a chance such a conference may be held about the time the United Nations general assembly meets in Paris in September.

It was said nothing developed during the western diplomats' talks with either Molotov or his deputy, Valerian A. Zorin, to suggest the possibility of a four-power conference has lessened.

No Red Press Report

The Russian press made no report on the western envoys' meeting with Molotov. That is not unusual, however. When the talks have been concluded and there is some official announcement one way or another, the story unquestionably will be reported here with commentaries.

(Meanwhile, the Russian blockade of Berlin, the sorest point at present in east-west relations, showed signs of moving into a new stage involving accounts western Berlin businesses and industries have in banks in the Soviet sector of the city. Those accounts were frozen during the recent currency exchange. Now the Russians have indicated the accounts may never be released except at the pleasure of the Communist-ruled economic commission. Berlin's Socialist press called the move "a money blockade."

Tribute to Air Lift

(Three thousand Berliners stood under a blistering sun and paid memorial tribute to five Americans who have died in the air lift supplying the city. Speakers praised the air lift fliers as "heroes who help us resist subjugation under a new dictatorship.")

Speaking of another problem, the Communist party newspaper Pravda said the "Danube countries have repulsed attempts by the western powers to dictate conditions at the Danube conference" now in progress in Belgrade.

The newspaper printed a dispatch from the Soviet News Agency Tass which said the United States, Britain and France suffered a defeat in an effort to channel the work of the conference "in directions advantageous to themselves."

The Western powers came to the conference with a plan to picture as still in force the old Danube convention "giving control over the river to powers thousands of kilometers away from it," the dispatch said.

The entire tone of the Tass account apparently indicated the Russians are going to do everything in their power to prevent the three Western nations from voting into the new Danube convention any clauses which will maintain control of navigation on the river on anything like the old prewar basis.

[Yesterday Andrei Y. Vishinsky, Deputy Foreign Minister, the Soviet delegate at Belgrade, challenged the Western powers to accept Eastern bloc decisions concerning the Danube or take a walk. Russia and her satellites are in the majority at the conference.]

Litmus Paper Trap Set For British Gas Cheats

LONDON, Aug. 1 (AP).—British police, who carry no pistols, were armed today—with wire paper clips and bits of litmus paper. They were looking for persons using in pleasure cars gasoline sold for commercial vehicles.

Gasoline sold for commercial purposes contains diphenylamine. Litmus paper dipped into gasoline tanks with the aid of the paper clips will change color if diphenylamine is present.

All the paper clips and litmus paper hadn't caught a single offender up to tonight.

BERLIN HONORS FIVE AMERICAN AIRLIFT DEAD

R. FISCHKE

Speakers Call Blockade 'Inhuman'; Russians Demand Control

Berlin, Aug. 1 (AP)—Three thousand persons paid memorial tribute under a blistering sun today to five Americans who have died in the airlift supplying this Soviet-blockaded city.

They heard speakers denounce the blockade as inhuman and praise the airlift flyers as "heroes who help us resist subjugation under a new dictatorship."

But even as the service was being held, the Russians, through their official press, threatened western Berliners with extension of the blockade into the winter unless the elected city government yields to Communist demands for economic control over the entire city.

"Money Blockade" Threatened

The Russians also indicated that accounts held in banks in the Russian sector of the city by western Berlin businesses and industries, frozen during the recent currency exchange, never might be released except at the pleasure of the Communist-ruled Economic Commission. The Socialist press called the move "a money blockade."

American Military Government officials said one result of the money blockade was that Berlin workers, particularly those in the low-wage levels, were running out of cash to buy food and other necessities.

They estimated wages of approximately 750,000 workers were at least partly overdue because many firms were short of new currency following the financial reform and were unable to pay their workers in full.

2,054 Tons Flown In

Favored by excellent weather, the United States Air Force continued its blockade runs to Berlin. In a 24-hour period ending at 3 P.M., Skymasters and Dakotas made 341 flights into Berlin with a new record load of 2,054 tons of food and coal.

Aircraft returning to their Frankfurt and Wiesbaden bases carried miscellaneous cargo and nearly 400 passengers, mostly displaced persons being moved to the American zone to cut down the need of flying in food for them.

R.A.F. Reports Mishap

The RAF continued at a fast clip as well, making 264 flights. The planes carried about 1,100 tons of supplies. The RAF experienced its first reported mishap today at Gatow. A Dakota carrying coal from Fassberg swung off the runway on landing and its undercarriage collapsed. None of the crew was injured.

The memorial service, arranged by the Women's Union of western Berlin, honored Americans who died in two crashes of supply planes, one near Wiesbaden July 8 and the other in Berlin a week ago.

The victims were:

LIEUT. CHARLES H. KING, of Britton, S.D.

LIEUT. ROBERT W. STUBER, of Arlington, Cal.

LIEUT. GEORGE V. SMITH, of Tuscaloosa, Ala.

LIEUT. LELAND W. WILLIAMS, of Abilene, Texas.

KARL V. HAGEN, military government civilian, of New York city.

Honor Blast Victims

Simultaneously, the assemblage paid tribute to the German victims of last week's explosion at the I. G. Farben chemical plant at Ludwigshafen.

In the audience were Mrs. Louise Schroder, Socialist mayor of Berlin, and Mrs. Lucius D. Clay, wife of the United States military governor. One of the chief speakers was Mrs. Annedore Leber, red haired Socialist member of the City Assembly. She said:

"This airlift which roars above us day and night is positive proof that the world recognizes there is enough worth in the German people to give them positive support in resisting subjugation under a

new dictatorship. Thanks to all who help us in this fight. We bow before these dead, who are symbols of international understanding."

Air Supply Belittled

The official Soviet newspaper *Taegliche Rundschau* sought to belittle the air supply. It demanded that the city government bow to Russian demands that Berlin be economically incorporated in the surrounding Soviet zone and that only Russian-sponsored currency be considered legal here.

"The hardships of yesterday are surpassed today," the Russian organ said. "It can't go on this way. In a few weeks the cold weather will set in."

Accounts To Be Frozen

Many western Berliners declared the Russians were starving the German population of their surrounding occupation zone to move food to Berlin. The Christian Democratic newspaper *Der Tag* reported today that women at Halle, in Soviet-occupied Saxony, had staged a hunger demonstration protesting failure to fulfill promised rations.

KRUPP WEALTH NOW AT STAKE

T. A. Reedy

U.S. Supreme Court May Have To Settle Ownership

Nuernberg, Germany, Aug. 1 (AP). The Krupp war crimes trial has touched off a battle for property worth millions of dollars, it became apparent today. Perhaps only the United States Supreme Court can settle the issue.

In convicting Alfried Krupp von Bohlen und Halbach yesterday of slave labor malpractices and plunder of foreign industry, an American court also ordered confiscation of his property.

What is Krupp's property? That is the key question. It is so confused that the presiding judge of the court was against permitting the judgment to become enmeshed in such a maze. So he, Judge H. C. Anderson, of Jackson, Tenn., dissented from this part of the sentence. He went along with the twelve-year term imposed on Krupp, but said he believed the other prison terms for ten of the Krupp directorate were too stiff.

Appeal Planned

Krupp attorneys announced they would appeal the entire case to the United States Supreme Court. The crux of the appeal will be the confiscation angle.

The tribunal was speaking of confiscating Krupp's property, but did not say what it considered to be his, alone. And here is the rub, because even the Krupp family doesn't completely agree on that.

When Krupp took over the reins of the gun-making firm from his father and mother in 1943, he was listed as "sole owner." Until then, Bertha Krupp, his mother, retained virtual control and possession. His ownership was recognized by Hitler with a special decree.

Otto Kranzbuehler, counsel for the Krupps, just shrugged his shoulders when asked who he believed owned the $1,000,000,000 concern now. With a sly smile, he commented: "If you recognize Nazi law, Alfried Krupp is the owner."

Russia Would Get Interest

If confiscation would be put into effect on that basis, Kranzbuehler said he assumed it would be by the Allied Control Council. That would give Soviet Russia a chunk of the Ruhr.

"If the Soviets take advantage of this judgment," said Kranzbuehler sardonically, "they can go to Essen tomorrow and examine their property."

The Krupp steel plants are operating now under British Military Government supervision. Profits go into a frozen fund.

After the Krupp conviction, the family went into a huddle with lawyers to determine their course of action. Attending were Alfried's sister and a brother, Berthold, with German attorneys and one American, Joseph W. Robinson, of New York. The aging Bertha Krupp remains in seclusion in northern Austria.

Hand Grenade Tossed Into Italian Procession

Rome, Aug. 1 (AP)—A hand grenade tossed into a religious procession at San Martino di Barregio, near Milan, last night injured twenty persons, press dispatches said today.

The grenade was thrown from behind a hedge directly against a horse-drawn carriage bearing an image of the Virgin Mary.

Many of those injured were children escorting the Virgin. Three were reported gravely hurt.

YUGOSLAVIA FIRES ENVOY TO ROMANIA

Dismissal Follows Split Between Tito and the Cominform, Report Says

BELGRADE, Yugoslavia, Aug. 1—(AP) Yugoslavia has dismissed her ambassador to Romania, Radonja Golubovic, as an aftermath of the split between Premier Marshal Tito and the Cominform, the official Yugoslav News agency announced today.

The news agency, Tanjug, said Golubovic had been denounced by employes of his embassy as a traitor, had refused to return to Yugoslavia, and had "placed himself under the protection of Romanian authorities."

(In Bucharest, the Romanian capital, Golubovic said he resigned as a protest against the Tito government's attitude toward the recent Cominform resolution attacking the Yugoslav Communists for straying from the party line. He had just returned from Belgrade, where he attended the congress of the Yugoslav Communist party. He said he had hoped the Yugoslav congress would discuss the Cominform resolution in its true light and admit the Cominform was right, but it did not).

Tanjug said Golubovic had betrayed his party and his country during the political crisis in the Communist party.

The news agency said Golubovic was removed from his duties after the commercial and military attaches and other embassy employes reported he "undoubtedly belonged to the unhealthy and wavering category of Communist."

The embassy employes said in a letter that Golubovic had in the past suffered disciplinary action from the Communist party four times. He was charged with being "a coward during the war and unworthy of the name of a Communist fighter."

In addition, the letter charged, he had "unhealthy ambitions," lived a lazy and luxurious life and immorally used his high position.

REDS ATTEMPTING TO OUST WEST IN DANUBE CONTROL

A. Singleton

BELGRADE, Yugoslavia, Aug. 1—(AP) Eastern Europe's seven-nation Communist Bloc concentrated today upon pushing through a long-range plan for freezing the western powers out of any say on control of travel on the vital Danube.

The block's unity behind a "Danube for the Danubians" was demonstrated in the opening rounds of the conference at which the western powers—the United States, Britain and France—thus far have been able to register only ineffectual protests.

Just as clearly, the fact emerged that Yugoslavia, despite political differences with other Communist states, is bent upon preserving close economic partnership with Russia and the other eastern countries.

An editorial in Borda, the official newsppaer of the Yugolsav Communist party, said today:

"Yugoslavia considers administration of the Danube should be entrusted only to the Riparian countries. Any other solution would undermine the independence and sovereignty of the Danubian countries.

"It is clear that behind the thesis of establishment of an international regime was hidden a wish of the monopoly countries for economic and political expansion. If such could be realized, it would be to the disadvantage of the economic development and political independence of countries in the Danube Basin."

Borba said the Danbubian countries, once in control of central Europe's main waterway, would "establish cooperation with the non-riparian states on the basis of agreements."

The eastern powers, on the other hand, have made it plain they will settle for nothing less than an agreement under which the waterway would be opened for the trade of all nations.

A deadlock thus has developed even before the conference has fixed its agenda, a task set for tomorrow.

CZECH LEADER ESCAPES

Stransky, Ex-Member of Cabinet, Finds Refuge in Germany

LONDON, Aug. 1 (AP)—Czechoslovak refugees in London said today Dr. Jaroslav Stransky, former Czechoslovak cabinet member, has escaped from Prague to "one of the Allied occupation zones of Germany."

He is the sixth member of the old Czechoslovak government to escape since the Communists seized power last February.

Dr. Stransky, a National Socialist, has served as Minister of Justice, Education and Vice Premier. During the war he was Minister of Justice in President Eduard Benes' Government in Exile in London.

GREEKS CAPTURE REBEL STRONGHOLD

L. S. Chafoles

ATHENS, Aug. 1—(AP) A general staff communique said tonight that Greek army troops have seized strategically important Kleptis Height in northwestern Greece. Communist-led guerrillas had put up a desperate defense of the 6,000-foot peak for weeks.

Kleptis is the key to the Smolika Range. The entire battle area there is near the Albanian border and generally is referred to as the Grammos Mountains front.

Capture Weapons

Greek units now are continuing their advance toward the main ridges of the Smolika Range, the bulletin said. It added that enough munitions and weapons to equip a battalion were captured in the engagement. The general staff sent a telegram of congratulations to the commanders and troops who participated in the battle.

Earlier a general staff spokesman had made a cautious announcement that Kleptis Height now "may be considered occupied." Ten days ago it was erroneously announced that the peak had been taken.

Greek troops actually did gain control of the peak several days ago but held their positions only two hours before being driven back by guerrilla counterattacks. Savage fighting then developed on a battleground of less than a square mile.

Night Attack

The communique said the assault which finally brought the capture of Kleptis began with a night attack and was concluded early this morning.

The spokesman said the occupation of Kleptis followed a surprise move by two army battalions from the villages of Pades, Paleoseli and Armata, south of the height.

That advance and the movement of the second division from eptahorion threatened a large portion of the guerrilla defense line. The rebels were reported going deeper into the Grammos range in a northward evacuation.

Samarina, Vouzion and Skourtza west of Kleptis and south of Fourka likely will be abandoned by the guerrillas, it was said.

LONDON, Aug. 1—(AP) The Tirana radio said today two Greek government soldiers were killed last Wednesday by frontier guards who fired on them after they entered Albanian territory. Teleradio monitored the broadcast. Greece has charged that Albania aids Greek guerrillas operating in the frontier zone.

EXPLOSIONS WRECK MORE CAIRO STORES

Egypt Posts Reward In Move To Halt Blast Series

Cairo, Aug. 1 (AP)—Several persons were injured this afternoon when explosions rocked two department stores in downtown Cairo.

A policeman who was supposed to have guarded the exact spot where one blast occurred was arrested and ordered imprisoned because he had left his post before the explosion.

One blast occurred outside the Gattegno department store. A second occurred in Benzion's department store on Mustapha Kamel circle.

Injured By Flying Glass

An employé in the Adly Pasha telegraphic office near the scene of the explosion at Gattegno's was hit by flying glass. Another man who was sending a telegram was struck on the head by glass fragments and a young girl suffered a neck wound.

30.24- 19479

The Ministry of Interior offered a $40,000 reward to anyone giving information leading to the arrest of persons responsible for "all explosions and attacks on people and property in recent days."

Official investigators said they discovered that a police-soldier named Mohamed Ali, who was supposed to guard the spot where that blast occurred, had left his post before the explosion. They said Police Chief Selim Zaki Pasha took Mohamed Ali's gun away from him and ordered him imprisoned.

Both explosions caused damage to buildings adjacent to Gattegno's and Benzion's. The explosive which caused the Benzion blast was placed in a corridor on the floor above the store. It blew a hole in the ceiling of the store and caused the corridor ceiling to collapse. Several persons were injured.

Nokrashi Inspects Damage

Prime Minister Mahmoud Fahmy Nokrashi Pasha personally inspected the damage and talked with investigators.

The explosive which damaged Gattegno's apparently was set off in a passageway between the store and the Mazloum building which houses an Armenian music shop.

A staircase in Benzion's was smashed and firemen raised ladders so persons occupying apartments above the store could get out. A huge crowd gathered in the street and police reinforcements were rushed to the scene.

ARAB FIRE HITS 2 UN OBSERVERS

TEL AVIV, Israel, (Monday), Aug. 2. — (AP) Two Belgian officers of the United Nations truce observers' staff were injured slightly yesterday when the first U.N. food convoy from Tel Aviv to Jerusalem was fired on.

Four bursts of heavy machine-gun fire were directed at the convoy in the Latrun area, 15 miles west of Jerusalem. The attack occurred as the vehicles passed a Trappist monastery which is situated on the side of a hill overlooking the Tel Aviv-Jerusalem highway.

John J. MacDonald, U. S. consul general in Jerusalem, rode in the convoy. He returned to the Holy City after a one-day visit in Tel Aviv. Also in the party was Frank Begley, a U.N. truce team official.

Previous reports indicated the convoy had passed through the Latrun area without incident. The return trip from Jerusalem to Tel Aviv was made without incident.

Convoys were turned back Thursday and Friday by Arab legionnaires of the Trans-Jordan army at Latrun and were forced to proceed to Jerusalem via a by-pass route.

Arab Agreement Revealed

CAIRO, Aug. 1 (AP).—The text of the Arab agreement on a "permament cease fire" for Jerusalem was made public tonight by headquarters of the Arab League.

The Arab reply to Count Bernadotte's proposals for demilitarizing Jerusalem said: "There shall be a permanent cease fire in Jerusalem to the end that the Holy City shall be removed from the conflict without prejudice to the positions and rights of the Arabs or to the ultimate status of the city in the settlement of the Palestine problem."

The Arab reply, signed by Abdul Rahman Azzam Pasha, secretary general of the league, stressed that the "objective cannot be attained" unless the "other side" is prepared not to attack Jerusalem or to "exercise military or parliamentary activities."

Iran, Afghanistan Agree On River-Dispute Survey

TEHRAN, Aug. 1 (AP).—Noori Isfandiari, Iranian Minister of Foreign Affairs, said today Iran and Afghanistan have agreed to send foreign neutral observers to inspect the Helmand River, long a subject of controversy between the two countries.

Last September, Iran charged that Afghanistan was diverting the water of the river for irrigation projects and halting its flow into the Iranian province of Sistan. During the last year, the question has been discussed by representatives of the two nations. It was reported that the United States had been named as mediator.

An official Iranian source said last September that the government here might submit the matter to the United Nations.

BRITISH FIRE ROCKETS AT MALAYAN INSURGENTS

KUALA LUMPUR, Malaya, Aug. 1—(AP) Rocket-firing RAF spitfires attacked insurgent hideouts in the Malayan jungle again yesterday, a communique said today. The communique said the attack, on targets in Perak state, was "believed successful."

A ground reconnaissance party, following up an earlier RAF raid in Pahang State, found the bodies of six armed Communist insurgents in the ruins of their rocket-shattered hideout.

Last night terrorists killed a Chinese bus stand operator 20 miles south of Kuala Lumpur.

CHINESE MOVING NEW TROOPS TO MANCHURIA FRONT

PEIPING, Aug. 1—(AP) The Chinese government was moving fresh troops to Manchuria today preparatory to a new effort to blast open a rail route to Mukden.

Pro-government dispatches said all rail traffic northward from China proper was devoted to transporting "a newly-organized army" and said the bid to cut a corridor to isolated Mukden would begin soon. They gave no details and did not explain the origin of the army.

100 Mile Front

The troops were being unloaded at Chinhsien, 105 miles inside Manchuria and present northern terminus of the railway. To restore the route to Mukden they would have to clear the Communists from a 100-mile stretch northeast to Sinmin, which is 35 miles west of Mukden.

In China proper, pro-government dispatches said the Communists were putting stronger pressure on Tsinan, isolated capital of Shantung province, and were massing in the vicinity of Suchow, major government base in central China.

Urge Reforms

(In Shanghai the pro-government China press urged governmental reforms. This was considered significant because the English-language paper is owned by H. H. Kung, brother-in-law of Generalissimo Chiang Kai-shek and former premier.

(The paper said that during the Japanese war the economy was more stable than now, even without UNRRA and other relief. It blamed inefficiency and "tremendous red tape" for the present plight of the government.

(Shanghai seethed with rumors that the government was ready to launch another of its thus-far futile efforts to control prices and eliminate black markets.)

Chiangs Dedicate Home As A Christian Church

Nanking, China, Aug. 1 (AP)—China's restored presidential residence was dedicated as a Christian church today by Generalissimo and Mme. Chiang Kai-shek, fulfilling a vow they made eleven years ago.

Located near the Sun Yat-sen mausoleum, the official residence fell into disrepair during the Japanese occupation. It now has been converted into the "Triumph" Christian Church. The Chiangs, both Christians, will continue to reside within the defense ministry compound.

Presiding at the dedication, Chiang said that in August, 1937, he and his wife stood at that spot and pledged to found a church there if China emerged victorious over the Japanese invaders.

The Rev. Luther Shao, secretary general of the Church of Christ in China, and the Rev. Yu Wei-ning, pastor of the Shanghai Methodist Church, preached sermons and gave communion.

[Denomination of the church was not mentioned. Although the Chiangs are Methodists, identity of the ministers implied that the church might be nondenominational.]

Dalai Lama Goes Anti-Communist

Nanking, China, Aug. 1 (AP)—The Dalai Lama of Tibet has launched a religious campaign against communism, the official Chinese Central News Agency reported today.

In exotic Lhasa, his capital high in the Himalayas, the Lama is leading 100 "living Budhas" and 3,000 student lamas in a three-day anti-Communist prayer meeting, the agency said.

Under the golden roof of the 1,000-lamp Tachao lamasery, they are chanting their most powerful litanies, imploring victory for the Chinese Government over the enemy.

Central News said the boy Lama had sent Generalissimo Chiang Kai-shek a telegram declaring the Tibetans were "indignant over the terrorism and treason of the Communists, but Tibet, being the holy land of Buddha, can only resort to prayers instead of arms."

Chiang replied with "heartiest congratulations" and directed Chen Hsi-chang, his commissioner in Lhasa, to attend the services and distribute alms.

China claims suzerainty over Tibet but the country is practically autonomous.

Tokyo Sunday Papers Go Up To Four Pages

Tokyo, Aug. 1 (AP)—Major Tokyo newspapers today proudly inaugurated four-page Sunday editions—twice the size of daily issues.

Slightly better newsprint production permitted the increase.

Subscribers were as happy as the publishers, because newspapers are worth more as wrapping paper than as media of news. A three-month subscription costs 126 yen (about 45 cents), while junk dealers will gladly pay 200 yen for a three-month stack of old papers and sell at a profit.

COMMITTEES PUSH PROBES OF 'LEAKS' TO RED SPY RING

Testimony of Former Communist Spy Will Lead to New Investigations

FDR AIDE INVOLVED

Top Officials Named by Miss Bentley Flatly Deny Charges

WASHINGTON, Aug. 1—(AP) More sensation-packed hearings and a formal demand for prosecutions are on tap as Congress digs deeper into a melodramatic tale that wartime Soviet spying reached as high as the White House.

For the moment, the smooth-talking woman who told the story and played a master role in it is stepping off stage. And two policemen are guarding her against any Communist attempts to get even with her.

She is Miss Elizabeth T. Bentley, 40-year-old Vassar graduate, who has said she was led into betraying her country through love of a member of a Red spy ring.

Ticking off names of 30-odd persons, Miss Bentley already has given congressional committees hot leads for more hearings and investigations.

Named 30 Involved

She has said under oath that she ran a Washington-New York supply line through which secret information obtained from government employes and officials was passed along to Russian agents.

The secrets included such hush-hush information as the D-day date for the allied invasion of Europe, plans for the B-29 bomber word that the United States was about to "crack" (decipher) a Russian code, arrangements for parachuting agents into the Balkans and for secret negotiations with Balkan nations.

And some of that information, she said, came from people such as Lauchlin Currie, at the time an administrative assistant to President Roosevelt, and Harry Dexter White, former assistant secretary of the treasury.

Currie and White—and some others named by Miss Bentley—promptly came through with denials of Communist connections or knowledge of Miss Bentley's operations.

But that didn't completely satisfy the House Committee on Un-American Activities.

Will Ask Grand Jury

Chairman J. Parnell Thomas (R-N.J.) said all the people Miss Bentley mentioned will be subpoenaed and quizzed in public hearings. And at the first possible moment, he told a reporter, "this committee will file a formal, written request for the convening of a special grand jury in Washington, looking to prompt prosecution of espionage charges in all cases in which this is warranted."

Such a request would go to U. S. Attorney Morris Fay. Committee members indicated they might send it along after a closed-door session tomorrow afternoon at which they planned to discuss when more hearings will be held, and the order in which witnesses will be called.

Rep. Nixon (R-Calif.), a member of the committee, has suggested that FBI Director J. Edgar Hoover be asked to testify and provide any facts he has that might back up Miss Bentley.

A Senate investigating subcommittee headed by Senator Ferguson (R-Mich.) plans to toss more questions tomorrow at William W. Remington, 30, a commerce department official accused by Miss Bentley of being a Communist and supplying her with secret information while he was with the War Production Board.

Remington had a turn on the witness stand yesterday. He denied that he ever was a Red or ever passed along confidential information to Miss Bentley.

Remington Suspended

Now under indefinite supension, Remington has been drawing $9,975 a year as head of a committee which passes on exports to Russia and other countries.

Remington admitted knowing Miss Bentley but said he thought she was a newspaper reporter. And he testified that while the FBI was investigating his relations with her:

He held a White House job, with President Truman's council of economic advisers, and handled top secret data.

He was offered and turned down a job with the even more secret Atomic Energy commission.

While Remington was defending himself before Ferguson's subcommittee, Miss Bentley was naming names at the Un-American activities hearing and telling how her espionage activities operated.

She said she dealt with two groups of persons who were government employes. She said one was headed by Nathan Gregory Silvermaster, formerly with the Agriculture Department and Board of Economic Warfare.

At Long Beach Park, N. J., Silvermaster denied ever being part of a Russian spy ring and said he would "tell my story x x x when the proper time comes."

Miss Bentley said the second group was under Victor Perlo, who was employed at the War Production Board at the time and supplied her with aircraft production figures.

Miss Bentley included Currie, White and 10 other people in the Silvermaster group and listed eight associated with Perlo. In addition, she named 10 other government employes with whom she said he dealt independently.

The Perlo group, she said, brought information it picked up directly to New York.

But the witness said she came to Washington at least every two weeks to go to Silvermaster's home in Washington's outskirts and collect whatever his group had gathered since her last trip.

"At first there wasn't much," she said. "As we got people into the Pentagon the volume increased quite heavily."

Among those in the Pentagon, she said, were William Ludwig Ullman and George Silverman. She identified them as Communists and said both were with the air corps. And she called Silverman a "quite prolific" source of information.

Copied Documents

Miss Bentley listed the two of them as among her best suppliers. Ullman, she said, became an expert on photography and copied documents at a laboratory set up in the basement of Silvermaster's home. Sometimes, she said, Mrs. Silvermaster helped with the photography.

The witness, seldom at a loss for a name or date, said she took papers or photographic copies of documents to New York in a big purse, or a knitting or shopping bag.

She said she handed them over to Jacob Golos, now dead, the man with whom she was in love. Golos, she said, completed the relay to Russian agents whom she did not know except by such names as Charlie or Bill.

Miss Bentley said she never met Currie personally. She said he was not a Communist. But she testified she understood he and Silverman were Harvard classmates and good friends.

"Mr. Silvermaster told me one day," she said, "that Currie came dashing into Silverman's house out of breath and said the United States was on the verge of breaking the Russian code. Silverman, of course, got in touch with Silvermaster at once."

She said Currie also had "inside information" on government policy particularly toward China.

Was Presidential Aide

Currie was a presidential aide from 1939 to 1945. He now is in business in New York. At his Scarsdale home, he issued a statement last night saying that to the best of his knowledge he had "never known nor associated in any way directly or indirectly with either a Communist or a Communist agent."

Currie said, also, that his work never brought him into contact with military codes so he "could not and did not pass on information about them to anybody."

And at yesterday's hearing, Rep. Rankin (D-Mass) protested that Currie was being smeared by "remote control." He said Communists are noted liars, and the evidence was about third hand—from a confessed Communist and spy quoting another Communist, who got it from a third.

But, said Miss Bentley, Communists don't lie to their superiors in the party and:

"I have every reason to believe Mr. Silvermaster told me the truth."

Silvermaster already is under subpoena by the Un-American Activities Committee. Chief Investigator Robert E. Stripling said he had been questioned secretly several months ago and refused to say whether he ever had been a Communist on grounds he might incriminate himself.

Stripling quoted from a Civil Service Commission report on an investigation of Silvermaster's activities and said Silvermaster stayed on with the government for a time after the commission went to Currie for the "true facts" about the man. Silvermaster is out of government service now.

Miss Bentley said that both Currie and White were among persons in the government through whom Communists got their agents shifted to more strategic jobs.

She said she didn't know whether White was a card-carrying Communist. But she said he did give information to Silvermaster and she sent it along to the Russians.

White told reporters in New York last night he was "shocked" by Miss Bentley's testimony. He called it "the most fantastic thing I have ever heard of."

White said he now is a financial consultant but hasn't been able to work at it because of a heart condition.

CENSORSHIP ALLEGED ON COMMUNISM

Studebaker, Ex-Head Of Education, Says FSA Held Up School Talk

Washington, Aug. 1 (AP)—Censorship has barred the United States Office of Education from "exposing the tactics and dangers of communism" in the schools John W. Studebaker said today.

The former commissioner of education said censorship of speeches and statements from his office was imposed by Oscar Ewing, Federal security administrator. He complained that an unnamed Ewing aide had rejected a speech urging teachers to expose communism.

Studebaker, who retired July 15, wrote Ewing protesting against moves he said will centralize authority over education in the administrator, whom he described as "a partisan politician."

Adviser Of Truman

Ewing, a close friend and political adviser of President Truman, was out of the city and not available for comment.

At Searsport, Maine, Ewing said his department exercises "no censorship that I know of" on speeches and statements from the education office.

Ewing, a close friend and political adviser of President Truman, declined further comment. He is vacationing in Maine and told the Associated Press its report was the first he had heard of Studebaker's statement.

3,500-Word Letter

In a 3,500-word letter, copies of which were sent to Senate and House Appropriations Committee members, Studebaker said Ewing ordered that the administrator's staff approve in advance every statement or speech written by the Office of Education for public use. The office is one of the agencies under the FSA.

Studebaker said this resulted in a ruling by an unnamed staff member that the task of explaining Communist tactics to high school and college students "be left to the State Department and the FBI" instead of to the education division.

Ruling Made On Speech

He said the ruling came on a proposed speech by a member of the education office staff to a group of Massachusetts high school principals on "teaching zeal for American democracy."

The staff member, he said, prepared a speech in which he "stressed the importance of developing means of teaching high school pupils what communism really is, how inimical it is to the free world."

Studebaker said the Ewing assistant had turned the speech back with the comment that the Office of Education should "leave to the State Department and to the FBI the task of exposing the tactics and dangers of Russian Communists and travelers."

Studebaker Takes Issue

Observing that it isn't the function of the State Department and the FBI to work with the schools and colleges, Studebaker wrote Ewing:

"To accept the dictum that the educational task of exposing communism should be left to these agencies would be tantamount to not having this vitally important educational task done at all, at least so far as the Federal Government is concerned."

Studebaker also charged that one of Ewing's staff members, not named by the former commissioner, attempted to get him to "tone down" for mailing some remarks he had made about communism in a talk at the University of California at Los Angeles last March.

Quotes From Speech

He quoted himself as saying then:

"Whether or not the Communist party in this country should be outlawed, I do not presume to say.

"But of this I am convinced: That no avowed or proven Communist is fit to be entrusted with the job of inculcating the American way of life in any school; and I make that statement on the rather obvious ground that education for American democracy cannot be entrusted to the enemies of American democracy."

Studebaker said this speech was placed in the *Congressional Record*.

But when he ordered copies printed for mailing to college and high schools, he said the order was held up several days by one of Ewing's assistants.

Urged To "Tone It Down"

Ewing's aide argued, he said that it ought to be "toned down," adding that he "felt sure it would bring unfavorable reaction from a large number of educators."

"It was released and distributed in May," Studebaker said. "I have heard no objection from anyone."

Studebaker said to Ewing the "capstone of the argument against the centralization of control which you are developing, at least so far as education is concerned, is to be found in the fact that you are admittedly a partisan politician. . . . There is a deep rooted tradition in this country . . . that the function of education in a democracy should be completely removed from partisanship."

Studebaker said that Ewing's program was moving toward control of all of the activities of the security agency's divisions, including education.

UN Calls Special Session For Today on Palestine

British Demand Council Action on Arab Refugees, Britons Held by Israel

LAKE SUCCESS, Aug. 1. — (AP) The Security Council will meet in special session tomorrow (1:30 p. m., EST) to consider urgent Palestine problems raised by Britain.

A British source said his delegation wants council action now on:

1. The 300,000 Arab refugees who fled their homes in Palestine before Israel's forces.

2. A British resolution demanding Israel free five Britons held on general espionage charges.

He said the British will attempt to get the council to express itself on the Arab refugees so that other U.N. bodies more directly concerned can be guided.

The U. N. already has sent Sir Raphael Cilento, director of the social affairs department of the U.N., to the Middle East for a survey of the refugee problem.

Israel Counters

Israel's mission to the U.N. countered with notice it will protest to the council the detention by Britain on Cyprus island of 10,000 Jewish refugees.

Israel charged the British are denying human rights and contributing to human misery by keeping the refugees on Cyprus.

The British spokesman said Britain has not permitted men of military age to leave Cyprus because the truce resolution of May 29 prohibited their departure. He said Jews not of military age are leaving Cyprus for Palestine regularly.

Council delegates had not expected to meet until Wednesday morning, when the Trieste situation will come up. But the British requested the meeting tomorrow to take up what they consider pressing problems. They are concerned over the fate of the five men held in Tel Aviv.

The British say the five were seized July 6 by Irgun Zvai Leumi at a power station flying the flag of the Security Council's truce commission. They charged that the Jews showed disrespect for the U. N.

Israel answered that the men were arrested in their homes and that orderly processes of justice will be observed.

The five were booked last Tuesday by an Israeli police prosecutor on general charges of espionage and security violations.

An Israeli magistrate said he would release them in 15 days if more specific charges are not filed.

General Discussion Due

The council may have a general discussion of the Palestine situation after talking over the case of the five Britons.

Reports from the office of the U.N. mediator, Count Folke Bernadotte, disclose that he is dissatisfied with the slow progress of building up his truce observation terms.

Dr. Ralph Bunche, top U.N. secretariat official in Bernadotte's staff, is being sent back to Lake Success to do what he can here to expediate men and materiel.

U. N. reports show that the United States has not furnished all the men and materiel asked by Bernadotte. He asked for 125 men from the United States for truce teams and so far has received 30. He asked for 15 planes of the C-47 type and got 4. He asked for 50 jeeps and got 30.

France and Belgium were reported to have pledged all the men asked by Bernadotte, and most of them are on the job. The Belgians have 50 men on the teams, and the French have assigned 50 to the task, with a few more reported on the way.

Recovery Grants May Reach Total Of Billion This Week

Washington, Aug. 1 (AP)—Recovery grants to Europe and China may reach a total of $1,000,000,000 this week.

Speeding its approvals after a month-long lag, the Economic Cooperation Administration tonight cleared shipments valued at $72,861,232 for eleven of the Marshall-plan nations and the Chinese Republic.

The list—heavy with American wheat and Canadian lumber—brought total aid to date to $907,883,934. A spokesman said an even bigger bundle of United States-financed goods may be approved this week, probably sending the total over the $1,000,000,000 mark—about one fifth of the first year's recovery program.

Britain Back At Top Of List

A $20,500,000 grant to Britain restored that country to first place on the list of aid recipients, after four weeks in which no British aid was approved. England now has received $246,566,200, while second-place France has received $240,295,587. Together the two countries account for more than half the shipments so far approved.

Besides the British grant, purchases by these nations were approved:

Austria, $8,726,375; Denmark, $526,016; France, $7,371,042; French zone of Germany, $4,144,168; Bizone Germany, $2,033,000; Netherlands, $10,432,957; Norway, $5,418,686; Greece, $1,806,109; Italy, $7,747,199; China, $85,000.

From Cocaine To Horse Hair

Wheat and wheat flour valued at $36,800,000 from the United States and lumber worth more than $17,000,000 from Canada and this country led the list of new commodity approvals. Britain will get the lumber.

Iron and steel products worth $4,500,000 were included, as well as industrial equipment valued at $1,500,000. Other commodities ranged from cocaine to horse hair.

About half the new shipments will originate in the United States. The rest, although financed with ECA dollars, will be purchased in Brazil, Peru, Canada, Belgium, Ecuador, Chile, Holland, Mexico, Italy, the Philippines and the Netherlands East Indies.

28 of 40-Man National Guard Unit Arrested for Skipping Encampment

OAKLAND, Md., Aug. 1 — (AP) Nearly two-thirds of a National Guard unit here was rounded up today by Guard military police for failing to report for a two-week encampment which began at Camp Ritchie, Md. yesterday.

A guard spokesman said they were being sent to Camp Ritchie, where they will be given a hearing tomorrow.

Brig. Gen. William C. Purnell, assistant commandant of the 29th division at Camp Ritchie said those upon whom attendance at the camp would offer a hardship would be sent back and "probably discharged from the National Guard."

"Others not so affected will be required to perform their duties here," he said.

The guardsmen were sent for when only about 12 of the 40 members of the Oakland unit showed up for the training period.

Gen. Purnell said the military police were instructed to "locate the absentees, advise them of their obligation to attend this camp and to arrest those who resisted."

First Lt. Stewart F. Hammill, Jr., commander of the Oakland company, said he had received no orders concerning 100 per cent representation of the unit in camp.

He said the understanding had been that attendance would be "strictly volunteer."

Gen. Purnell said Hammill had "created the impression at division headquarters that he had completely neglected his duties and had no intention of meeting his responsibilties."

He said he had ordered Hammill to "either appear and face the proper consequences of his apparent dereliction of duty or to resign.

"We are informed that Lt. Hammill has chosen to resign x x x" the general added.

U.S. CAMPAIGN SEEKS WAVES

Nation-Wide Drive To Start On September 15

Philadelphia, Aug. 1 (AP)—Capt. Joy B. Hancock, national director of the WAVES, says that a recruiting campaign for women sailors will be launched September 15.

Captain Hancock spoke yesterday at ceremonies honoring the sixth anniversary of the WAVES.

Enlistments, said Captain Hancock, will be open to high-school graduates, with the minimum age set at 20. Recruits will be assigned to the Great Lakes Training Station.

The enlistment drive will be made under legislation signed July 12 making the women's organization a part of the regular Navy.

"Making the WAVES a part of the regular Navy," Captain Hancock said, "means that we are going to keep a nucleus of women in all fields of training so that in the event of war, they can train other women.

"There will be no more trial and error."

She read to the 482 members of the WAVES reserves assembled at the Broadwood Hotel a message from John L. Sullivan, Navy Secretary, the message said:

"I send to you who served and are serving in the Navy my warmest personal greetings and deserved congratulations.

"By your skill, enthusiasm and unselfish devotion to the cause for which you volunteered, your various talents earned you a regular place in the regular Navy on July 12."

Spaatz Honored By Home Town

Reading, Pa., Aug. 1 (AP)—As 200 Jets, Thunderbolts, Mustangs and Superfortresses roared overhead, Berks county (Pa.) today honored a native son, Gen. Carl A. Spaatz, retiring chief of the United States Air Force.

Spaatz, born at nearby Boyertown and the county's most distinguished soldier, told 25,000 cheering spectators at Reading Municipal Airport the United States must build the biggest air force in the world if it is to maintain the peace of the world.

"An ocean of air has replaced the oceans of water as our fleet first line of defense," Spaatz said. "It is consequently of the highest importance that the United States dominate the air as it formerly dominated the sea.

"Our Air Force must be made the largest in the world."

Spaatz also praised his fellow townsmen.

"It is a great pleasure to return to the old scenes," the General said. "It is a good thing to look upon the faces of so many stubborn Pennsylvania Dutchmen. These are the faces of men and women who won't be intimidated by anything or anybody in the world."

Campaign Plans To Guard Against Dissension Signs

Washington, Aug. 1 (AP)—Both Republican and Administration leaders in American foreign policy now believe they have arrived at an understanding for co-operation during the election campaign. The object is to present a solid front to Russia on the Berlin crisis and other current issues.

Both sides strongly hope this will prevent Moscow from embarking on any dangerous adventure under a delusion that there is dissension inside the United States which might confuse this nation's policies at a critical moment and yield the Russians an easy victory.

There has been considerable concern among foreign policy experts in both major parties that the Russians might make such a major miscalculation this summer or fall, increasing the danger of war.

Marshall, Dulles, Vandenberg

Creation of the solid front has been one of the major objectives of Secretary of State Marshall, for the Administration, and John Foster Dulles and Senator Vandenberg (R., Mich.), on behalf of the Republican high command.

Dulles, the foreign affairs adviser of presidential candidate Thomas E. Dewey, and Vandenberg, chairman of the Senate Foreign Relations Committee, have laid out their course with Dewey's counsel and approval. General Marshall presumably has acted on authority from President Truman. One result is that neither side thus far has injected foreign affairs as an issue in the bitterly political extra session of Congress.

This does not mean that foreign policy will not be debated during the presidential campaigns. In fact, Dewey has announced that he will make several speeches on the subject. Mr. Truman has not disclosed his plans but is expected to discuss it, also.

Debate To Be Restricted

The debate, however, according to the best information available here, is due to deal with aspects of foreign policy which would not weaken the Government's hand in dealing with Russia.

For instance, it understood that Dewey may attack the Democratic platform on the ground that it gives the Democrats exclusive credit for creation of the United Nations and ignores the role played by Republican leaders; he may also criticize the Democratic Administration's alleged lack of a strong foreign policy at the end of the war and argue that this allowed Russia to gain advantages in Europe which it could not otherwise have won.

Some State Department authorities were upset by the calling of the extra session of Congress, even though Mr. Truman limited it to domestic issues as far as he was concerned. They feared it would arouse such bitter political feelings that Republican attacks on the Administration's handling of foreign affairs would be inevitable.

From the Republican side comes information that this did in fact present a problem. Some Republican legislators felt the best answer to Mr. Truman's proposals on inflation was the argument that exports under the European Recovery Program were to blame.

Dewey, it is understood, refused to go along with this answer on the ground that it would weaken western Europe's faith in the stability of the recovery program and undermine American political policies in Europe.

Some of Dewey's advisers are understood to have told top State Department officials they believe military leaders exercise too great an influence on relations with Russia, particularly in the Berlin crisis.

Washington And Berlin

One example cited in support of this view is that the American military command in Germany imposed restrictions on movement of trains from the Soviet zone through the American zone a week ago, at a time when all the emphasis here was on seeking through diplomacy a peaceful solution to the Berlin crisis.

Some Administration officials say Washington was notified ahead of time that the restrictions would be imposed as a countermove to the Soviet restrictions on western travel to Berlin. Others give the impression that the restriction was ordered by Gen. Lucius D. Clay, American military governor in Germany, but they say he had ample authority to act with or without prior State Department approval.

The Government's general policy of staying in Berlin, resisting Russian blockade pressure and at the same time seeking to negotiate a peaceful solution of the crisis has full Republican support. The evidence is, in fact, that it was worked out by General Marshall in co-operation with Dulles and Vandenberg.

ON THE CURRENCY FRONT, THE RUSSIANS CLAIMED IT WOULD BE NECESSARY TO FREEZE ACCOUNTS OF WESTERN BERLIN FIRMS IN BERLIN'S CENTRAL BANKS INDEFINITELY. THEY DECLARED THERE WERE IRREGULARITIES IN DEPOSITS MADE BY WESTERN BERLINERS IN CONNECTION WITH LAST WEEK'S CURRENCY EXCHANGE, WHEN OLD NOTES WERE TURNED IN FOR THE NEW SOVIET ZONE MONEY. BERLIN-RASCHKE-xxx RATIONS

THE SOCIALIST NEWSPAPER TELEGRAF SAID:

"QUICK COUNTER ACTION BY THE WESTERN POWERS IS NECESSARY. THIS CAN BE ACCOMPLISHED BY BROADENING THE ISSUE OF WESTERN-SPONSORED CURRENCY IN BERLIN TO KEEP BUSINESS AND INDUSTRY AFLOAT AND OUT OF THE CLUTCHES OF THE COMMUNISTS."

AT A SOCIALIST PARTY MEETING, FRANZ NEUMANN, CHAIRMAN OF THE PARTY IN BERLIN, TOLD DELEGATES: "IF THE SOVIET UNION ATTEMPTS TO APPLY ITS NATIONAL CHARACTERISTICS TO OUR PEOPLE IT WILL MEET WITH THE STERNEST OPPOSITION."

"COMMUNIST POLICY," HE ADDED, "HAS FAILED WHEREVER IT DID NOT HAVE THE SUPPORT OF BAYONETS."

NEUMANN WAS CHEERED WHEN HE DECLARED RESIDENTS OF THE RUSSIAN SECTOR WERE SUFFERING DURING THE PRESENT BATTLE FOR BERLIN.

"IT MUST BE MADE POSSIBLE FOR THEM, TOO, TO PARTICIPATE IN THE GIFTS (OF FOOD) DONATED TO BERLIN BY WESTERN GERMANY WHEN THEY ARE DISTRIBUTED," HE SAID.

THE SOCIALIST PARTY CONGRESS HAS PASSED A RESOLUTION DIRECTING SOCIALIST MEMBERS OF BERLIN'S CITY COUNCIL TO REJECT COOPERATION WITH THE COMMUNIST REPRESENTATION IN THE COUNCIL "AS LONG AS IT REFUSES TO TAKE A STAND ON THE BLOCKADE."

THE COMMUNISTS WALKED OUT OF THE COUNCIL LAST WEEK WHEN A SOCIALIST RESOLUTION CONDEMNING THE RUSSIAN BLOCKADE WAS ADOPTED.

MOSCOW, AUG 1-(AP)-REPRESENTATIVES OF THE THREE WESTERN POWERS CONFERRED AMONG THEMSELVES TODAY FOLLOWING THEIR UNEXPECTED INTERVIEWS LAST NIGHT WITH SOVIET FOREIGN MINISTER V. M. MOLOTOV.

FRANK ROBERTS, BRITAIN'S SPECIAL ENVOY, AND FRENCH AMBASSADOR YVES CHATAIGNEAU JOINED U.S. AMBASSADOR WALTER BEDELL SMITH AT SPASSO HOUSE, SMITH'S RESIDENCE.

ALL THREE APPEARED IN HIGH SPIRITS. IT WAS BELIABLY REPORTED THEY EXCHANGED VIEWS ON THEIR THREE SEPARATE CONFERENCES WITH MOLOTOV AND TALKED OVER THEIR IMPRESSIONS.

THE THREE MEN HAD GIVEN MOLOTOV THE LATEST AMERICAN-BRITISH-FRENCH PROPOSALS FOR SETTLING EAST-WEST DIFFERENCES. IT NOW IS CONSIDERED PROBABLE THERE WILL BE NO NEW DEVELOPMENTS IN THE LATEST APPROACH OF THE WESTERN POWERS TO RUSSIA ON THE GERMAN AND BERLIN QUESTIONS UNTIL EARLY NEXT WEEK. EXPERIENCED MOSCOW OBSERVERS FELT THE RUSSIANS WOULD GIVE CAREFUL THOUGHT TO THEIR REPLY.

SPEAKING OF ANOTHER PROBLEM, THE COMMUNIST PARTY NEWSPAPER PRAVDA SAID THE "DANUBE COUNTRIES HAVE REPULSED ATTEMPTS BY THE WESTERN POWERS TO DICTATE CONDITIONS AT THE DANUBE CONFERENCE" NOW IN PROGRESS IN BELGRADE.

THE NEWSPAPER PRINTED A TASS DISPATCH WHICH SAID THE UNITED STATES, BRITAIN AND FRANCE SUFFERED A DEFEAT IN AN EFFORT TO DIRECT THE WORK OF THE CONFERENCE "IN DIRECTIONS ADVANTAGEOUS TO THEMSELVES."

(YESTERDAY ANDREI VISHINSKY, THE SOVIET DELEGATE AT BELGRADE, CHALLENGED THE WESTERN POWERS TO ACCEPT EASTERN BLOC DECISIONS CONCERNING THE DANUBE OR TAKE A WALK. RUSSIA AND HER SATELLITES ARE IN THE MAJORITY AT THE CONFERENCE).

ROME, AUG.1-(AP)-COMMUNIST LEADER PALMIRO TOGLIATTI CHARGED TODAY THAT AN ATTEMPT ON HIS LIFE JULY 14 SHOWED THERE ARE FORCES IN ITALY TRYING TO "SPREAD THE FIRE OF CIVIL WAR."

IN HIS FIRST PUBLIC ANNOUNCEMENT SINCE A SICILIAN STUDENT FIRED THREE BULLETS INTO HIS BODY AT THE DOOR OF THE CHAMBER OF DEPUTIES, THE MOSCOW-TRAINED LEADER SAID INTERIOR MINISTER MARIO SCELBA - "THE FIRST AMONG THOSE RESPONSIBLE" - SHOULD HAVE RESIGNED.

TOGLIATTI, WHO LEFT THE HOSPITAL YESTERDAY, ANNOUNCED IN AN ARTICLE IN THE COMMUNIST NEWSPAPER L'UNITA HIS RETIREMENT FROM POLITICS UNTIL HE COMPLETELY RECOVERS FROM HIS WOUNDS.

LEADERSHIP OF THE PARTY IS IN THE HANDS OF SENATOR PIETRO SECCHIA AND DEPUTY LUIGI LONGO, BOTH KNOWN AS FIREBRANDS AND THE MEN WHO CALLED THE 36-HOUR GENERAL STRIKE JULY 15-16 THAT TOOK MORE THAN 20 LIVES AND INJURED SEVERAL HUNDRED.

THE STRIKE, TERMED "INSURRECTIONAL" BY PREMIER ALCIDE DE GASPERI, WAS CALLED BY SECCHIA AND LONGO WHILE TOGLIATTI WAS UNDER ANAESTHETICS AND COMMUNIST LABOR CHIEF GIUSEPPE DI VITTORIO WAS OUT OF ITALY.

SPEAKING IN THE CHAMBER OF DEPUTIES FRIDAY, LONGO SAID FLATLY THE COMMUNISTS WOULD NOT BALK AT REVOLUTION IF THE TIME WERE RIPE AND "IF WE THOUGHT THERE WERE NO OTHER WAYS TO INSURE FREEDOM TO THE ITALIAN PEOPLE."

DE GASPERI CALLED THAT SPEECH "SERIOUS" AND SAID AN ATTEMPTED UPRISING WOULD MEET "ALL THE STATE'S FORCES AND OUR BREASTS."

NEWSPAPERS OF THE RIGHT AND CENTER HAVE SPECULATED FOR DAYS THAT TOGLIATTI'S ENFORCED INACTIVITY MAY SEE CHANGES IN COMMUNIST PARTY POLICIES.

IN TODAY'S ARTICLE IN L'UNITA, TOGLIATTI SAID THE ATTACK ON HIM WAS "A FACT OF SUCH GRAVITY THAT IT INDICATES A PROFOUND CRISIS AND VERY GRAVE DANGERS THREATENING THE WHOLE NATIONAL SOCIETY."

IT SHOWS, HE SAID, "THAT THERE ARE X X X FORCES WHICH PLOT THE COMPLETE DESTRUCTION OF RECOVERED LIBERTY, WHICH WISH TO PUSH THE COUNTRY TOWARD CRIMINAL WAR ADVENTURES AT THE SERVICE OF A FOREIGN IMPERIALISM X X X MAINTAIN PERMANENT DISCORD, SMASH NATIONAL UNITY, SPREAD THE FIRE OF CIVIL WAR."

DE GASPERI IN A SPEECH TONIGHT SAID HE BELIEVES AMERICAN AID TO EUROPE IS AIMED AT EASTERN NATIONS AS WELL AS THOSE TAKING PART IN THE EUROPEAN RECOVERY PROGRAM.

HE ADDRESSED THE CLOSING MEETING OF AN INTERNATIONAL ORGANIZATION OF CHRISTIAN DEMOCRAT MOVEMENTS AT FIUGGI, NEAR ROME.

HE DESCRIBED ERP AS AN "IDEALISTIC BELIEF THAT ALL IS LOST IF SOLIDARITY DOES NOT PREVAIL TO BRING RELIEF TO PEOPLES," AND ADDED:

"BUT I THINK THIS RELIEF AMERICA BRINGS US IS DIRECTED NOT ONLY TO THE PEOPLES OF 16 COUNTRIES WHICH HAVE PLEDGED THEIR COOPERATION, BUT IS DIRECTED ALSO TO ALL EASTERN PEOPLES--TO ALL PEOPLES WHO MOMENTARILY OR FORMALLY ARE NOT REGISTERED AMONG THE 16 COUNTRIES."

BELGRADE, YUGOSLAVIA, AUG 1-(AP)-YUGOSLAVIA HAS FIRED HER AMBASSADOR TO ROMANIA, RADONJA GOLUBOVIC, AFTER HE WAS DENOUNCED BY EMPLOYES OF HIS EMBASSY AS A TRAITOR, TANJUG SAID TODAY.

TANJUG IS THE OFFICIAL YUGOSLAV NEWS AGENCY. IT REPORTED THAT GOLUBOVIC REFUSED TO RETURN TO YUGOSLAVIA AND HAD "PLACED HIMSELF UNDER THE PROTECTION OF ROMANINA AUTHORITIES." IT SAID GOLUBOVIC BETRAYED HIS PARTY AND HIS COUNTRY DURING THE RECENT POLITICAL CRISIS IN THE COMMUNIST PARTY.

(THIS APPARENTLY WAS A REFERENCE TO THE COMINFORM'S DENUNCIATION OF PREMIER MARSHAL TITO. ROMANIA HAS BEEN ONE OF THE COMINFORM STALWARTS, ESPECIALLY SINCE THE HEADQUARTERS OF THE COMINFORM NEWSPAPER WAS MOVED FROM BELGRADE TO BUCHAREST, THE ROMANIAN CAPITAL.)

THE DECISION TO RELIEVE GOLUBOVIC OF HIS DUTIES CAME AFTER THE YUGOSLAV COMMERCIAL AND MILITARY ATTACHES AND OTHER EMBASSY EMPLOYES REPORTED HE "UNDOUBTEDLY BELONGED TO THE UNHEALTHY AND WAVERING CATEGORY OF COMMUNIST."

THEY SAID IN A LETTER THAT GOLUBOVIC HAD FOUR TIMES IN THE PAST SUFFERED DISCIPLINARY ACTION FROM THE COMMUNIST PARTY. HE WAS CHARGED WITH BEING "A COWARD DURING THE WAR AND UNWORTHY OF THE NAME OF A COMMUNIST FIGHTER." IN ADDITION, THE LETTER CHARGED HE HAD "UNHEALTHY AMBITIONS," LIVED A LAZY AND LUXURIOUS LIFE AND IMMORALLY USED HIS HIGH POSITION.

MOSCOW, AUG. 1-(AP)-THE CRITIC MARIETTA SHAGINYAN, WRITING IN PRAVDA ABOUT SOVIET PAINTING, HAS COMPLAINED THAT CONTEMPORARY ARTISTS ARE NOT PROPERLY DEPICTING THE WORKING MAN.

"THE SOVIET SPECTATOR," SHE SAID, "MIGHT HAVE EXPECTED ON ENTERING FROM THE LIVING WORLD OF NEW REALITIES INTO THE EXHIBITION HALL WHERE ARE COLLECTED THE NEW PICTURES OF SOVIET MASTERS, OR EVEN INTO THE ROOMS OF THE TRETHAKOV GALLERY, TO ENTER THE SAME, SIMILAR WONDERFUL LIFE, BUT SELECTED, CONCENTRATED, TOUCHED BY THE MAGIC WAND OF ART.

"ALL TOO SELDOM HAVE ATTEMPTS BEEN MADE TO DEPICT INSPIRED LABOR, AND SUCH WORKS AS HAVE ATTEMPTED IT ARE FOR THE MOST PART DEAD AND UNLOVELY AND SUGGEST THAT THE ARTIST HAS NO REAL UNDERSTANDING OF WHAT HE IS DEPICTING.

"SOVIET ARTISTS SHOW AN INABILITY TO PAINT LIVING PORTRAITS OF MEN OF LABOR. IN THE GALLERIES THERE ARE PORTRAITS OF GENERALS, ACADEMICIANS, ARTISTS, WHICH EXPRESS THE INNER LIFE OF THEIR SUBJECTS, BUT PORTRAITS OF STAKHANOVITES (EXCEPTIONALLY SKILLED CRAFTSMEN), OF THOSE WHO BUILD CONTEMPORARY LIFE, ARE FLAT AND LIFELESS.

AMMAN, TRANS-JORDAN, AUG. 1-(AP)-COUNT FOLKE BERNADOTTE SAID TONIGHT HE HAD RECOMMENDED TO THE UNITED NATIONS SECURITY COUNCIL THAT ARAB REFUGEES BE PERMITTED FREELY TO RETURN TO THEIR HOMES IN JEWISH-HELD AREAS OF PALESTINE DURING THE PRESENT TRUCE REGARDLESS OF JEWISH OBJECTIONS.

THE U.N. MEDIATOR TOLD A NEWS CONFERENCE HERE THAT HE ALSO HAD NOTIFIED THE SECURITY COUNCIL THAT BOTH ARABS AND JEWS HAVE ACCEPTED IN PRINCIPLE THE DEMILITARIZATION OF JERUSALEM.

"SHERTOK (ISRAELI FOREIGN MINISTER MOSHE SHERTOK) TOLD ME THE JEWS REFUSE TO ALLOW ARAB DISPLACED PERSONS TO COME BACK DURING THE TRUCE," BERNADOTTE SAID, "BUT I HAVE TOLD THE SECURITY COUNCIL THAT FROM A HUMANITARIAN POINT OF VIEW, AND DESPITE THE ENORMOUS DIFFICULTIES, THERE SHOULD BE NO CONDITIONS ON THE RETURN OF THESE POOR PEOPLE TO THEIR HOMES."

DESCRIBING THE PROBLEMS OF ARAB REFUGEES AND JERUSALEM AS "THOSE NEAREST MY HEART," HE SAID HIS CURRENT TOUR OF ARAB AND JEWISH CAPITALS WOULD CHIEFLY BE DEVOTED TO ATTEMPTS AT SOLUTION OF THE TWO.

THE MEDIATOR'S STAFF ESTIMATES THERE ARE MORE THAN 300,000 HOMELESS ARABS WHO FLED THE HOLY LAND DURING THE FIGHTING THEN.

BERNADOTTE SAID: "WE WILL NOT WASTE ONE HOUR IN STARTING DETAILED PLANS FOR THEIR RELIEF." THE NUMBER OF JEWISH REFUGEES, HE EXPLAINED, IS NOT LARGE.

IF THE SECURITY COUNCIL DOES NOT COMPEL THE JEWS TO ACCEPT THE ARAB REPATRIATION, HE SAID, INTERNATIONAL RELIEF ORGANIZATIONS ARE EXPECTED TO EXTEND AID TO COUNTRIES WHERE THE ARAB REFUGEES NOW ARE SHELTERED.

"JERUSALEM'S DEMILITARIZATION CANNOT BE EFFECTED WITHOUT AN INTERNATIONAL POLICE FORCE AND TO BUILD UP SUCH A FORCE MIGHT TAKE AS LONG AS TWO MONTHS," BERNADOTTE SAID.

THE DEMILITARIZATION HAS NOTHING TO DO WITH THE CITY'S FUTURE STATUS, HE ADDED, DISCLOSING THAT THE JEWS HAD COMPLAINED THAT HE PREVIOUSLY HAD PROPOSED PLACING THE HOLY CITY UNDER ARAB RULE.

HE SAID HIS PLAN FOR DEMILITARIZATION OF THE CITY HAD BEEN "NOTHING BUT A WORKING PAPER" AND THAT HE WAS MAKING A FRESH APPROACH TO A GENERAL PALESTINE SETTLEMENT. "I HAVE A RIGHT TO THINK WE CAN GET AGREEMENT ON THE JERUSALEM QUESTION," HE SAID.

BERNADOTTE'S STAFF MEANWHILE EXPRESSED CONCERN AT FAILURE TO OBTAIN A FULL CORPS OF TRUCE OBSERVERS. ONLY 127 HAVE ARRIVED FROM THE UNITED STATES, FRANCE AND BELGIUM OF THE 300 REQUESTED BY THE MEDIATOR.

U.N. PRESS DIRECTOR GEORGE BARNES SAID UNITED NATIONS OBSERVERS IN JEWISH-HELD TERRITORY AND AMERICAN AND FRENCH COASTAL PATROL VESSELS HAVE BEEN ALERTED TO WATCH FOR TWO ARMS SHIPS REPORTED BOUND FOR ISRAEL FROM ITALY.

BERNADOTTE IS SCHEDULED TO FLY TO JERUSALEM TOMORROW, ALEXANDRIA TUESDAY, TEL AVIV AND HAIFA THURSDAY AND RETURN TO HIS HEADQUARTERS ON RHODES FRIDAY.

JERUSALEM, AUG. 1-(AP)-DR.DANIEL AUSTER, MAYOR OF THE JEWISH PORTION OF JERUSALEM, SAID TODAY ALL THE HOLY CITY'S 100,000 JEWISH INHABITANTS ARE SUPPORTING A DEMAND THAT MODERN JERUSALEM BE INCLUDED IN THE TERRITORY OF THE STATE OF ISRAEL.

THE PORTION WHICH THE JEWS SEEK TO HAVE MADE PART OF THEIR NEW STATE INCLUDES ALL OF JERUSALEM OUTSIDE THE WALLS OF THE ARAB-OCCUPIED OLD CITY, AUSTER SAID. HE ADDED THAT THE DEMAND HAS THE SUPPORT OF ALL JEWISH RELIGIOUS GROUPS AND POLITICAL PARTIES.

A STREET POLL TODAY IN WHICH RESIDENTS WERE ASKED TO SIGN THEIR NAMES IN SUPPORT OF THE DEMAND WAS DESCRIBED BY JEWISH AUTHORITIES IN THE HOLY CITY AS "UNNECESSARY" SINCE THE MATTER ALREADY IS BEING CONSIDERED BY THE ISRAELI GOVERNMENT. THE POLL WAS ORGANIZED BY THE RIGHT-WING JEWISH REVISIONIST PARTY IN COOPERATION WITH THE TWO EXTREMIST ORGANIZATIONS, IRGUN ZVAI LEUMI AND THE STERN GROUP.

THESE GROUPS STAGED A TORCHLIGHT PROCESSION LAST NIGHT AND SEVERAL MASS MEETINGS WERE SCHEDULED TO BE HELD TONIGHT IN SUPPORT OF THE DEMAND.

AUSTER LISTED THE FOLLOWING AS SOME OF THE REASONS WHY THE JEWS WANT JERUSALEM INCLUDED IN THE ISRAELI STATE:

1. THE INSEPARABLE LINK BETWEEN JERUSALEM JEWS AND JEWS IN OTHER PARTS OF THE COUNTRY.
2. THE ARABS DID NOT RECOGNIZE THE UNITED NATIONS PARTITION PLAN FOR INTERNATIONALIZING JERUSALEM WHEREAS THE JEWS AGREED TO THE INTERNATIONALIZATION PLAN FOR THE SAKE OF COMPROMISE.
3. NEITHER THE U.N. NOR ANY OTHER INTERNATIONAL BODY DID ANYTHING TO DEFEND THE HOLY CITY WHEN IT WAS ATTACKED BY ARAB GUNS AND PLANES WHILE THE JEWS WERE OBLIGED TO DEFEND THEMSELVES.

RHODES, AUG. 1-(AP)-COUNT FOLKE BERNADOTTE, UNITED NATIONS MEDIATOR IN PALESTINE, SAID TODAY HE INTERPRETED THE ARAB AND JEWISH REPLIES TO HIS PROPOSALS FOR DEMILITARIZATION OF JERUSALEM AS ACCEPTANCE IN PRINCIPLE.

IN A REPORT TO THE U.N. SECURITY COUNCIL, BERNADOTTE SAID "BOTH PARTIES ARE INSPIRED BY A COMMON DESIRE TO AVOID FIGHTING AND DESTRUCTION IN JERUSALEM."

"IT IS MY INTENTION, THEREFORE, TO CONTINUE MY EFFORTS TO ACHIEVE AGREEMENT ON A PLAN FOR DEMILITARIZATION OF JERUSALEM," HE SAID.

THE SECURITY COUNCIL HAD INSTRUCTED THE MEDIATOR TO CONTINUE TO WORK FOR THE DEMILITARIZATION OF THE HOLY CITY "WITHOUT PREJUDICE TO THE FUTURE POLITICAL STATUS OF JERUSALEM AND TO ASSURE THE PROTECTION OF AND ACCESS TO HOLY PLACES AND RELIGIOUS BUILDINGS AND SITES IN PALESTINE."

WHILE BOTH ARABS AND JEWS ACCEPTED THE PRINCIPLE OF DEMILITARIZATION, BOTH REJECTED THE INITIAL WORDING OF BERNADOTTE'S PLAN WHICH HE SAID WAS SUBMITTED AS A POSSIBLE BASIS FOR FIRST TALKS ON A TECHNICAL LEVEL.

IN ADDITION, BERNADOTTE SAID ISRAELI FOREIGN MINISTER MOSHE SHERTOK "INDICATED HOWEVER, THAT THE SITUATION IN JERUSALEM HAS CHANGED IN THAT THE JEWS NOW HAVE A LAND BRIDGE TO JERUSALEM AND IN CONSEQUENCE HAVE BEGUN TO THINK IN TERMS OF THE POSSIBILITY OF THE JEWISH PART OF JERUSALEM BEING INCLUDED IN THE JEWISH STATE."

EARLIER, SIR RAPHAEL CILENTO, DIRECTOR OF THE SOCIAL AFFAIRS DEPARTMENT OF THE U.N., SAID THAT DISEASE AND HUNGER ARE THE IMMEDIATE PROBLEMS OF 300,000 TO 350,000 PALESTINE ARAB REFUGEES WHO FLED TO NEIGHBORING COUNTRIES DURING THE FIGHTING IN THE HOLY LAND.

RHODES, AUG 1-(AP)-SIR RAPHAEL CILENTO, DIRECTOR OF THE SOCIAL AFFAIRS DEPARTMENT OF THE UNITED NATIONS, SAID TODAY THAT DISEASE AND HUNGER ARE THE IMMEDIATE PROBLEMS OF 300,000 TO 350,000 PALESTINE ARAB REFUGEES WHO FLED TO NEIGHBORING COUNTRIES DURING THE FIGHTING IN THE HOLY LAND.

SIR RAPHAEL, WHO IS ACCOMPANYING COUNT FOLKE BERNADOTTE, UNITED NATIONS MEDIATOR, ON A SIX-DAY TOUR OF PALESTINE AND NEARBY ARAB COUNTRIES, SAID AT A NEWS CONFERENCE "OUR IMMEDIATE PROBLEM IS TO MEET THEIR IMMEDIATE NEEDS."

HE SAID HIS IMMEDIATE OBJECTIVE WAS TO FIND OUT HOW MANY ARAB REFUGEES THERE ARE, WHERE THEY ARE AND HOW THEY ARE DISPERSED. "WE WANT TO KNOW THE POSSIBILITIES OF PROVIDING FOR THEM IN THE NATIONAL GROUPS IN WHICH THEY SOUGHT REFUGE," HE SAID.

IF THEY CAN BE REPATRIATED IT WILL HELP GREATLY, SIR RAPHAEL SAID.

(ISRAEL FOREIGN MINISTER MOSHE SHERTOK TOLD THE ISRAELI NATIONAL COUNCIL FRIDAY THAT ISRAEL WILL REFUSE TO PERMIT THE RETURN OF THE ARAB REFUGEES TO THEIR PALESTINIAN HOMES UNTIL THEY STATUS CAN BE CONSIDERED AS ART OF A M NORITY QUESTION, INCLUDING THE STATUS OF JEWS IN ARAB STATES.)

SIR RAPHAEL SAID THAT IF THE ARABS CANNOT BE REPATRIATED "THEY WILL BE RESETTLED AND RESETTLEMENT SO FAR HAS BEEN A DIFFICULT PROBLEM."

HE SAID "WE HOPE WE CAN SET UP A PLAN" FOR THE REFUGEES IN ABOUT A WEEK. THERE STILL IS DOUBT ABOUT THE POSSIBILITY OF A CHOLERA EPIDEMIC, SIR RAPHAEL SAID, "BUT WE THINK AND HOPE IT IS ENDED. THERE IS ALSO MALARIA IN SOME AREAS IN SOME SEASONS."

ONE OF THE GREATEST PROBLEMS IN DEALING WITH THE REFUGEES IS "PSYCHOLOGICAL--THE IMPOSSIBILITY OF KEEPING THEM BUSY IN A REFUGEE CAMP."

SIR RAPHAEL SAYS HE PLANS TO ESTABLISH A STAFF OF 10 OR 12 AND THAT AID WILL BE SOUGHT THROUGH UNITED NATIONS ORGANIZATION AND GROUPS SUCH AS THE RED CROSS AND THE RED CRESCENT, THE ARAB COUNTERPART OF THE RED CROSS.

BOMBAY, INDIA, AUG.1-(AP)-THE BOMBAY COTTON FUTURES MARKET SLUMPED 30 POINTS AT THE WEEKEND, DUE MAINLY TO FEAR THAT THE INDIAN GOVERNMENT MAY SOON REIMPOSE FLOORS AND CEILINGS ON RAW COTTON PRICES.

THE DROP WAS SIMULTANEOUS WITH A 15 TO 20-POINT DECLINE IN TEXTILE MILL SHARES WHICH FOLLOWED RESUMPTION FRIDAY OF CONTROLS ON PRICES AND DISTRIBUTION OF CLOTH.

DR. SUAMA PRASAD MOOKERJEE, INDUSTRIES AND SUPPLIES MINISTER, SAID THE GOVERNMENT WILL DECIDE "WITHIN A FEW WEEKS" WHETHER PRICES FOR RAW COTTON SHOULD BE FIXED. THEREUPON COTTON PRICES FELL TO 390 RUPEES (ABOUT $180) PER CANDY (ABOUT 500 POUNDS), A SHARP DROP FROM THE MAY PRICE OF 796 RUPEES.

THE EAST INDIA COTTON EXCHANGE HERE REPORTED IT IS BUSY SETTING UP A NEW STRUCTURE FOR CONTRACT HEDGING NEXT SEASON. THE BASIS IS EXPECTED TO BE FIXED ON A 25/32 OF AN INCH STAPLE, WITH OLD STOCKS CONTINUING NON-TENDERABLE AGAINST FUTURES CONTRACT. CONSEQUENTLY, COTTON THAT WOULD BE GOOD AUG.31 WOULD NOT BE GOOD THE FOLLOWING DAY.

RECONTROL OF CLOTH IS A RESULT OF PROFITEERING WHICH THE GOVERNMENT IS SEEKING TO END BY FIXING PRICES AND DISTRIBUTION THROUGH GOVERNMENT AGENTS. THE 400 TEXTILE MILLS IN THE COUNTRY HAVE BEEN GUARDED BY POLICE SINCE FRIDAY, WHEN MANUFACTURERS' AND WHOLESALERS' STOCKS WERE FROZEN.

FACTORS INFLUENCING THE MARKET INCLUDE PAKISTAN'S COTTON SUPPLY TO INDIA, WHICH IS BELOW EXPECTATIONS. PAKISTAN, WHICH AGREED TO SELL INDIA 1,000,000 BALES DURING THE YEAR ENDING THIS MONTH, HAS SHIPPED ONLY 350,000 BALES SO FAR. FEARS ARE INCREASING THAT THE 650,000 BALES EXPECTED NEXT YEAR MAY NOT MATERIALIZE, DUE TO REPORTED WORLDWIDE INQUIRIES FOR PAKISTAN COTTON.

MOOKERJEE SAID THAT INDIA'S COTTON POSITION IS PRECARIOUS, SINCE IMPORTS FROM OTHER COUNTRIES ARE DIFFICULT BECAUSE OF HIGH PRICES. HE ADDED THAT THE GOVERNMENT HAS DECIDED TO INCREASE COTTON ACREAGE 10 PER CENT NEXT YEAR.

A WELL-INFORMED DIPLOMATIC SOURCE IN LONDON SAID LAST (SUN) NIGHT THAT U.S., BRITISH AND FRENCH REPRESENTATIVES IN MOSCOW HAVE ASKED FOR A MEETING WITH PRIME MINISTER STALIN IN AN EFFORT TO SETTLE EAST-WEST DIFFERENCES IN GERMANY AND ALL OF EUROPE.

THE INFORMANT COULD NOT SAY WHETHER STALIN HAD AGREED TO SUCH A MEETING, BUT HE INDICATED THAT THE SOVIET LEADER AT LEAST HAD NOT YET REFUSED TO MEET THE WESTERN POWER DIPLOMATS.

WHEN ASKED TO CONFIRM WHETHER AN APPROACH HAD BEEN MADE TO STALIN, ANOTHER DIPLOMATIC SOURCE IN LONDON SAID: "I CAN'T GIVE ANY DETAILS, BUT IT'S TRUE."

THE THREE WESTERN ENVOYS NOW IN THE RUSSIAN CAPITAL EXCHANGED IMPRESSIONS AMONG THEMSELVES YESTERDAY FOLLOWING THEIR SEPARATE AND UNEXPECTED INTERVIEWS WITH FOREIGN MINISTER V.M.MOLOTOV ON SATURDAY NIGHT.

FRANK ROBERTS, BRITAIN'S SPECIAL ENVOY, FRENCH AMBASSADOR YVES CHATAIGNEAU AND U.S. AMBASSADOR WALTER BEDELL SMITH ALL APPEARED IN HIGH SPIRITS. THEY HAD GIVEN MOLOTOV THE LATEST WESTERN PROPOSALS FOR SETTLING EAST-WEST DIFFERENCES.

EXPERIENCED MOSCOW OBSERVERS FEEL THE RUSSIANS WILL GIVE CAREFUL THOUGHT TO THEIR REPLY AND THAT THERE WILL BE NO NEW DEVELOPMENTS UNTIL EARLY NEXT WEEK.

IN BESIEGED BERLIN, MEANWHILE, 3,000 PERSONS PAID TRIBUTE TO FIVE AMERICANS WHO HAVE DIED IN THE AIR OPERATION SUPPLYING THE CITY. SPEAKERS DENOUNCED THE SOVIET BLOCKADE AS INHUMAN AND PRAISED THE FLIERS AS HEROES.

THE RUSSIANS, THROUGH THEIR OFFICIAL PRESS, THREATENED WESTERN BERLINERS WITH EXTENSION OF THE SIEGE INTO THE WINTER MONTHS UNLESS THE CITY GOVERNMENT YIELDS TO COMMUNIST DEMANDS FOR ECONOMIC CONTROL OVER THE ENTIRE CITY.

IN ATHENS, A GENERAL STAFF COMMUNIQUE SAID GREEK TROOPS HAD SEIZED THE STRATEGICALLY IMPORTANT KLEPTIS HEIGHT IN NORTHWESTERN GREECE. COMMUNIST-LED GUERRILLAS HAD PUT UP A DESPERATE DEFENSE OF THE 6,000-FOOT PEAK FOR WEEKS.

IN BELGRADE, EASTERN EUROPE'S SEVEN-NATION COMMUNIST BLOC CONCENTRATED UPON PUSHING THROUGH A LONG-RANGE PLAN FOR FREEZING WESTERN POWERS OUT OF ANY SAY ON CONTROL OF TRAVEL ON THE VITAL DANUBE.

"THE SECURITY COUNCIL TRUCE RESOLUTION DOES NOT AUTHORIZE THE UNITED KINGDOM OR ANY OTHER POWER TO DETAIN JEWISH REFUGEES. THE UNITED NATIONS MEDIATOR HAS INFORMED THE COUNCIL THAT HE HAS NOT ASKED FOR THEIR DETENTION AS BEING ESSENTIAL FOR THE OBSERVANCE OF THE TRUCE. THERE IS NO LEGAL BASIS FOR IT, AND THE UNITED KINGDOM, DESPITE FREQUENT REQUESTS AND PROTESTS, HAS REPEATEDLY REFUSED TO STATE THE LEGAL GROUNDS FOR ITS ACTION.

"THE CONTINUED IMPRISONMENT OF THESE REFUGEES IS A DENIAL OF HUMAN RIGHTS AND A CONTRIBUTION TO HUMAN MISERY. IN VIEW OF THE FACT THAT THE UNITED KINGDOM IS RESPONSIBLE FOR ARBITRARILY INFLICTING THE CRUELIST OF MASS REFUGEE SUFFERING, THE SUGGESTIONS OF THE UNITED KINGDOM ON THE GENERAL REFUGEE PROBLEM WILL BE AWAITED WITH GREAT INTEREST. MOREOVER, HISTORY WILL NOT SOON FORGET IT WAS THE PALESTINE POLICY OF THE UNITED KINGDOM WHICH KEPT HUNDREDS OF THOUSANDS OF DESPAIRING JEWISH REFUGEES FROM A HOME IN PALESTINE DURING THE NAZI PERSECUTION AND AFTER THE WAR. IT IS AS A RESULT OF THAT POLICY THAT THERE ARE STILL JEWISH DP CAMPS IN EUROPE THREE YEARS AFTER THE WAR.

"SO FAR AS THE ARAB REFUGEES ARE CONCERNED THEIR PLIGHT IS A DIRECT CONSEQUENCE OF THE FACT THAT ARAB ARMIES INVADED PALESTINE IN A WAR AGAINST THE UNITED NATIONS PALESTINE DECISION, AND THE RESPONSIBILITY MUST BE BORNE BY THOSE WHO MADE THAT WAR AND THOSE WHO SUPPORTED IT. THE SOLUTION OF THE ARAB REFUGEE PROBLEM CAN BE FRUITFULLY DISCUSSED ONLY WHEN THERE IS AN ASSURANCE OF PERMANENT PEACE.

Envoys Talk with Stalin For Two Hours in Kremlin On East-West Differences

THREE DIPLOMATS DECLINE COMMENT ON LONG PARLEY

Envoys of U. S., Britain and France in Good Humor After Conference

TENSION EASES

Officials Hurry to U. S. Embassy to Discuss Results of Meeting

MOSCOW, Aug. 2—(AP) Envoys of the U.S., Britain and France emerged smiling and in good spirits tonight after confering in the Kremlin with Prime Minister Stalin on the chances of settling east-west differences in Berlin and all Europe.

Their two-hour-an-fifteen-minute meeting was the longest any foreign representatives have ever had with the Russian leader. Soviet Foreign Minister V. M. Molotov also was present.

The western power diplomats left the walled center of the Soviet government at 11:15 p.m. 4:15 p.m. (Eastern Standard Time) and hurried to the American embassy where they immediately went into conference.

At the embassy, the three western envoys—U. S. Ambassador Walter Bedell Smith, French Ambassador Yves Chataigneau and Frank Roberts, special British representative—had no immediate comment to make on their conversations with the Soviet leader. Obviously in a great hurry and in good humor, they pounded up three flights of stairs to Smith's office without waiting for the elevator.

Progress Indicated

Even before their Kremlin visit there were indications of an easing of the tense international situation. Authoritative spurces said progress already has been made among the four great powers.

During the night, official reports on the meeting with Stalin will be dispatched to Washington, London and Paris.

As Smith, Roberts and Chataigneau rushed into the embassy, they refused to say anything about their lengthy talk.

All three were smiling and affable. As they hurried into the embassy building, Smith led his two colleagues up the stairway. Correspondents had to follow him partly up the steps before they could stop him. Then, turning and laughing, the U. S. ambassador said:

"Wait a minute. You can't follow me right into my office. We're having a meeting there tonight, you know."

Other U. S., British and French officials already were in the embassy waiting for their chiefs to return from the Kremlin.

Smith told reporters: "Generalissimo Stalin and Mr. Molotov received us all at a meeting."

Then he added: "There will probably be a communique to that effect tonight. I don't think there will be anything more. I'm sorry, but that's all."

Veteran correspondents who have covered Kremlin meetings for years, said tonight's conference was one of the longest they could recall. The most obvious aftermath of the meeting was the good humor the western diplomats were in as they rushed from the Kremlin across Hunter's Square to the United States Embassy. In the short space of a minute and a half they covered the distance from the Kremlin gates to the Embassy.

Official Silence Maintained

[British diplomatic writers speculated that the meeting with Stalin soon might lead to a conference of Stalin, President Truman, Prime Minister Attlee and French Premier Andre Marie.

[A strict official silence was observed by the United States State Department and the British and French foreign offices on all aspects of the Western nation's latest approach to Russia. British officials said any leakage of information about what the Western powers are proposing might ruin the outcome of the Moscow talks.] ADD

The United States Embassy would make no statement on the four-power talks. It would neither deny nor confirm the optimistic report received from an authoritative source.

[In Washington, the State Department had no immediate comment in press reports concerning developments in Moscow. Officially the information lid was clamped down pending receipt by the department of dispatches from its diplomatic representatives abroad. Such dispatches when received have to be decoded, a process that takes time and causes delay in official disclosures.

[In the absence of President Truman, in Missouri, there was no word at the White House concerning the prospective talks with Stalin or on other international affairs.]

Envoys Standing By

Qualified sources said the three Western envoys have requested an interview with Prime Minister Stalin and intimated that such a meeting might be arranged shortly.

There was no official confirmation.

It was apparent at the American, British and French embassies this morning that the three envoys were standing by for some development.

Progress Is Reported In Moscow Talks To Ease Crisis

By Eddy Gilmore

Moscow, Aug. 2 (AP)—There have been diplomatic developments here which have definitely contributed toward easing the tense international situation.

It was learned in authoritative quarters that progress already has been made among the four great powers.

Smith Tops List

If Stalin should agree to see the envoys and followed previous routine, they probably would see him individually and in this order:

American Ambassador Walter Bedell Smith; Frank Roberts, special British envoy, and Yves Chataigneau, the French Ambassador.

The purposes of the current Moscow talks were authoritatively reported to be:

1. Easing of the Berlin situation.

2. Establishing a basis for future four-power talks—probably on the Foreign Ministers level—on Germany and perhaps other outstanding world issues.

No Ultimatum Presented

It was learned on high authority that no ultimatum has been presented to the Soviets by the Western powers.

A good authority said there appears to be a good chance of both objectives being worked out among the four great powers.

Allied Diplomats Expect To See Stalin Tonight

London, Aug. 2 (AP)—The London *Star* said today that Western power diplomats will see Prime Minister Stalin tonight in Moscow to discuss the Berlin crisis and other international affairs.

The newspaper said American, French and British envoys there will try "to determine the objective of Russian foreign policy."

"They believe it is vital in the present state of international relations that there should be no misunderstanding about the foreign policy of the major powers," the paper added. "In this spirit, Stalin will be clearly told the attitude of the Western nations."

Leaders' Meeting Predicted

The British Press Association said a meeting of Stalin with the Western envoys is "expected" to take place tonight and "may lead to developments of the utmost importance."

The agency said that if the discussions are successful they could lead to a meeting of President Truman, Stalin, Prime Minister Attlee and French Premier Andre Marie.

The *Star* said the "sole purpose of the present Moscow discussions is to discover whether a basis exists for four-Power negotiations on all outstanding European problems."

Foreign Secretary Ernest Bevin indicated in the House of Commons last week that this line will be taken in the negotiations.

"To Clarify Position"

"The object of diplomatic steps now being taken," he said, "is to clarify our position."

Bevin said the Western Allies want to "ascertain" if there could be hope for a settlement that "may lead to peace and security in Europe for us all."

American and British officials here were silent on developments in the Russian capital.

A spokesman at the United States Embassy said "our people are not saying anything. All information must come from Washington."

"The Agreed Procedure"

The British Foreign Office turned away all inquiries, saying:

"We can't say anything. That is the agreed procedure."

But a well-informed diplomatic source said here last night that diplomats of the three Western powers have asked for a meeting with Stalin in an effort to settle East-West differences in Germany and all Europe.

Bevin sent his private secretary Frank Roberts, to Moscow as his special representative for the approach to the Kremlin. The *Star* said:

"If Roberts finds there is a prospect that fruitful negotiations can be conducted, not only on Germany but on wider issues, he has authority to make all possible arrangements for another meeting of the Council of Foreign Ministers. This probably would take place within six weeks."

Must Lift Blockade First

Western spokesmen repeatedly have emphasized, however, that the Russians first must lift their blockade of Berlin before there can be a general four-power approach to European problems.

Using diplomatic language, the *Star* said:

"They suggested that if Russia wants to have a full-dress conference aimed at an overall European settlement, it would be a conciliatory gesture to end the blockade first. If the outcome of the Stalin

interview is unsatisfactory, a formal note may be delivered in Moscow setting out the various attempts to reach a peaceful solution.

Historical Document

"This would be intended as a historical document to be judged by world opinion, and would be published only if the situation became more serious."

The newspaper said no date has been set for Roberts' return here.

"If the situation improves," it said, "he may stay in Moscow for some weeks, arranging the agenda for a Big-Four conference. In Whitehall (the British Foreign Office) it is felt that no item need be barred for discussion provided there is good will on both sides.

"There may, therefore, be lengthy negotiations about the form of the agenda for a Big-Four meeting."

Truman Refuses Comment On Kremlin Conference

INDEPENDENCE, Mo., Aug. 2—(AP) President Truman, like most Americans kept his fingers crossed today as diplomats reportedly moved to ease the tense international picture.

Neither he nor his press secretary, Charles G. Ross, had any comment to make on reports from abroad of progress toward getting Prime Minister Stalin to talk things over with American, British and French spokesmen.

When Ross was informed of the meeting in the Kremlin of envoys of the U. S., Britain and France with Premier Stalin, he still had a "no comment." Neither was there a statement from Truman.

The President was silent, too, on home town politics as he strolled through the streets of Independence to greet friends and neighbors who addressed him familiarly as "Harry."

25 U. S. Technicians Arrive to Service Air-Lift Planes

LONDON, Aug. 2 (AP)—An advance party of twenty-five United States technicians has arrived at Burton Wood, Warrington, Lancashire, to service United States transport planes on the Berlin air lift, the British Press Association said today.

Several hundred more are expected at Burton Wood later this week, the press association said. Burton Wood was one of the biggest American wartime depots, with 3,000 civilian workers in its repair shops.

BERLIN MONEY PLAN DELAYED

Americans Withhold Bank Order Because Of Parley

Berlin, Aug 2 (AP)—A conference of Western diplomats with Prime Minister Stalin in Moscow tonight caused Americans to delay dealing with the troubled currency situation in Berlin.

American occupation authorities met with German bankers to find ways of dealing with the Soviet freeze on accounts of western Berlin firms.

American sources said it had been planned to tell banks to issue loans to the firms to tide them over, but the plan was abandoned pending developments from the conference with Stalin.

Police Arrest Each Other

The Russians froze the accounts last week. They claimed irregularities in deposits made by western Berliners in connection with the recent currency exchange when old notes were turned in for new Soviet zone money.

Meanwhile, the Soviet-backed German police in the Red sector of Berlin launched an arrest-on-sight war against their counterparts in the western sectors.

Four western-sector policemen were seized over the week end when they entered the eastern sector. They still are in custody.

According to the American sources, the Russian sector police are acting under orders to arrest any policeman working for Johannes Stumm, who recently was appointed police chief by the anti-Communist city government.

Replacement For Markgraf

Stumm was told to replace Moscow-trained Paul Markgraf, accused of complicity in the disappearance of hundreds of Berliners in the Russian sector. The Russians refused to recognize the city government's action, and Markgraf stayed in his headquarters in the Russian sector.

Stumm moved his heaquarters to the American sector. Both claim to be the legal chief of police.

During the day, the United States Air Force revealed that American pilots ferrying supplies to the city flew the equivalent of almost 200 times around the world during July.

On the forty-fifth day of the siege growing out of Russian efforts to force the Western powers out of the city, the Air Force said 40,411 tons of supplies had been carried into Berlin in 7,787 flights in the month. American cargo planes logged 4,827,940 miles, flying on instruments 68 per cent of the month because of bad weather.

The daily average for the month was 1,347 tons in 251 flights. The tonnage mounted toward the end of July and on each of the last two days the totals topped 2,000 t[illegible]

that eight American jet fighters "intercepted" ten B-29 Superfortresses making a simulated bombing attack on Munich today.

The F-80 Shooting Stars left Durstenfelbrueck on short notice to meet the bombers, which flew to Munich from Bremen. Officials termed the maneuver successful.

Food Issue Increased

The American Military Government, meanwhile, said the 40,000,000 Germans in the combined American and British zones of Germany are getting the highest food rations since the occupation began.

The actual food issue to the consumer during July jumped to 1,990 calories a day, the military government report said. It added that improved crops, currency reform and aid from the European Recovery Program accounted for the high ration.

The improved food situation also was given the main credit for boosting Ruhr coal production to a new postwar record during July and for pushing overall industrial production in the two zones back to the postwar high established in April.

The British-licensed Berlin newspaper *Daily Telegraph* said today that many Russians have moved out of the Russian headquarters compound in suburban Karlshorst in recent weeks. The area of the compound has been reduced and 400 requisitioned houses have been turned back to Germans, the paper said.

The newspaper said the withdrawal has brought many rumors, the most reasonable of which is that the Russians want to return growing Russian boys and girls to Russian surroundings.

Good Crops Forecast For Western Germany

Frankfurt, Germany, Aug. 2 (AP). Excellent crops for western Germany were forecast today.

Farmers in the United States and British zones, an Allied announcement said, already have harvested almost all the winter barley, 80 per cent of the winter rye, and 35 per cent of the winter wheat.

Good crops this year may mean further increases in rations for Germans. The daily ration now is 1,990 calories a day. Last year it was 1,550.

Schacht Appeal Case Up

Stuttgart, Germany, Aug. 2 (AP). A German court in Ludwigsburg today began hearing the appeal of Dr. Hjalmar Schacht, German financial "wizard," against his conviction in May, 1947, as a major Nazi offender. The court said Schacht had invited twenty witnesses to appear in his defense.

German-Dutch Trade Arranged

Frankfurt, Germany, Aug. 2 (AP). Officials of the British-American zones of occupied Germany announced tonight a $154,000,000 trade agreement had been reached with the Netherlands.

Benefactors Of French Town Honored At Christening

Maillé, France, Aug. 2 (AP)—Giard and Kathleen Van B. Hale, of Santa Barbara, Cal., visited this war-ravaged village for the second time Sunday and became the godparents of a 5-month-old French girl.

The Hales, who adopted Maille in 1946, first saw it last June when the village held a fete in their honor. They have been sending supplies here for almost two years.

Maille was shot to bits August 25, 1944, by retreating German soldiers, and 124 of its 400 inhabitants were killed.

Equipped Entire Village

The Hales, who have equipped the village inside out with American clothes, furniture and other essentials, became the godparents of Anne Maire Guitton, daughter of Alphonse Guitton, a farmer.

After the christening, the Hales distributed more gifts to the schoolchildren and then visited the historic D'Argencon Castle here.

They will return to Paris today.

Stronghold Of Maquis

Maille was surrounded on the same day Paris was liberated. Germans maintained it had been a Maquis stronghold, and it probably had. But when the Germans began killing hostages, they didn't just look for Maquis. The youngest life taken by the Nazis' guns was that of a 3-month-old baby. The oldest was 84.

In addition to the lives they took, the Nazis ruined 100 buildings, including houses, stables, the post office, city hall and school.

American-born Countess Jean de Cavaignac, the former Virginia George, of Wichita, Kan., was in America in 1946 and told the Hales about Maille. The next day they telephoned her and said they wanted to adopt the town.

Fittings Still Arriving

The Hales promptly went to New York and shopped around in the wholesale houses, buying dresses, aprons, hari ribbons, shoes, blankets, sheets, mattresses, beds. They refitted the whole town and shopped carefully so that the furnishings in one house wouldn't resemble furnishings in another.

The first load of Hale's fittings arrived in September, 1946, and they have been coming ever since. When schoolchildren demanded they be taught English so they could converse with Hale, he sent them a phonograph with a record course.

Tildy Action Deferred By Hungary Reds

Budapest, Hungary, Aug. 2 (AP)—The Communist-dominated Parliament has delayed until Tuesday formal acceptance of President Zoltan Tildy's resignation.

The members sat for only ten minutes listening to the letter of resignation. All knew the contents and no emotion was shown.

Deputy Premier Arpad Szakasists is to be chosen President tomorrow.

Szakasists, who was nominated by the Unified (Communist-controlled) Labor party, is expected to reappoint Premier Lajos Dinnyes and his Cabinet. Tildy submitted his resignation Friday after his son-in-law, Dr. Victor Csornoky, was arrested on charges of espionage and treason.

The Communist newspaper *Szabadzag* said today the secretary to the Agriculture Ministry had been arrested as a Western-power spy.

The man is Elmer Kiss. *Szabadzag* said his uncle, Ferent Kiss, once London correspondent for a prewar Hungarian newspaper, was jailed on the same charge. They were said to have delivered confidential documents to an unnamed foreign power.

2 Hungarians Held As Spy Leaders

Budapest, Aug. 2 (AP)—Two Hungarians, one of them secretary of the Ministry of Agriculture, have been arrested as leaders of a spy organization working for the "Anglo-Saxon powers," the Communist newspaper *Szabadzag* said today.

The paper said the arrested men, Elemer Kiss, the ministry secretary, and his uncle, Ferent Kiss, former London correspondent for a prewar Hungarian newspaper, were charged with delivering confidential documents to a foreign power.

Szabadzag said Ferent Kiss maintained connections with Bela Kovacs, Dazsoe Sulyok and other "conspirators."

[Kovas, former secretary general of the Small Holders party, recently was reported sentenced to four years in prison for allegedly conspiring against Soviet occupation troops. Sulyok, leader of the anti-Communist freedom party, fled Hungary with his family last year.]

Romania Hits at Swiss

Shuts Consulates After Romanian Couple Are Seized in Zurich

BERN, Switzerland, Aug. 2 (AP)—Switzerland announced today that all Swiss consulates in Romania have been closed by the Romanian government, and a Swiss citizen was reported arrested in Romania.

30.24- 19493

In a prepared statement, the Swiss government suggested that the action was in reprisal for the arrest of a Romanian couple in Zurich.

The Romanians, Solvan Vitienu and his wife, were arrested two weeks ago on a charge of commercial espionage in Switzerland for Romania. Romanian sources identified Vitienu as a commercial councilor at the Romanian Legation in Bern. Swiss federal police said Vitienu was not an accredited diplomat and therefore not entitled to diplomatic immunity.

Romania Acts on Schools

Orders All Foreign Institutions Closed; Lectures Affected

BUCHAREST, Aug. 2 (AP).—All foreign schools in Romania were ordered closed today by the government. At the same time a decree announced the state has taken over all confessional schools, this including Catholic and Jewish institutions. Resistance to government acquisition of the schools will be considered sabotage.

Russian will be taught from the fifth primary grade upwards. However, only the first four primary grades are compulsory.

Foreign schools closed include kindergartens, primary and secondary schools, and also university lectures no matter what language is used. The category of foreign schools includes those founded or subsidized by any other country, and institutions belonging to other countries or by communities or associations.

Russian Plan For Danube

A SINGLETON

Belgrade, Yugoslavia, Aug. 2 (AP). Russia unfolded today a plan for placing the Danube River under the exclusive control of central Europe's Communist bloc. The Soviets made it plain quick approval will be sought regardless of the action of the Western powers.

Andrei Y. Vishinsky, Soviet Deputy Foreign Minister, circulated the plan among the delegates of eleven nations here just after nipping in the bud a French suggestion that major conference decisions be reached by a two-thirds vote.

Most Important Artery

He insisted on a simple majority vote to decide the future of central Europe's most important trade artery. He got his way, even though he apparently has safe in his pocket several of the conferences' votes. Austria is sitting only as an observer.

Then Vishinsky whipped out the Soviet control plan and told the conference he would introduce it tomorrow. Approval appears sure.

The document came as no surprise. Its key clause said: "There shall be established the Danube commission to be composed of one representative of each Danube state."

This would mean a commission made up of Russia, Czechoslovakia, Yugoslavia, Hungary, Romania, Bulgaria and the Ukraine. Under terms of an annex Austria would be given a seat after she gets a peace treaty.

Aside from the makeup of the governing commission the document showed few major differences from the Danubian convention drafted in Paris in 1921.

Pledges Free Navigation

It contained this pledge:

"Navigation on the Danube shall be free and open for nationals, vessels of commerce and goods of all states on a footing of equality in regard to port and navigation charges and conditions for merchant shipping."

The proposal also would require Danube states to keep their sections of the 1,800-mile long waterway in navigable condition.

On the basis of a quick survey, American officials gave approval of the free and open navigation clause in the Soviet proposal. Since such a provision is one of their goals, they discounted the likelihood the United States would press for a wider governing commission with western members.

Austrian Move Assailed

Sources close to the United States delegation said, however, it would like to see Austria on the commission. There seemed to be little chance of Soviet approval on that point.

A new try by Austria today to get full voting privileges at the conference drew only an attack from Vishinsky. He lashed out at Austrian factions which he claimed had welcomed Hitler and turned their country's misfortune into profit.

Parts of the Russian proposal are sure to run into objections from the British and French. This is particularly true of a clause which would cancel the old Danube commission's obligations to repay credits advanced by Britain, France, Russia and "other countries."

Cites "Acquired Rights"

France already has said she will not be bound by any recommendations which ignore her "acquired rights" in the Danube under previous treaties. Britain supported the French.

Vishinsky challenged both powers to choose between accepting the decisions of the conference here or leaving the negotiations.

Sir Charles Peake, chief of the British delegation, told the conference Vishinsky had "grossly misrepresented" his arguments and asked for the floor tomorrow to deliver a reply. Vishinsky agreed after saying he was interested to hear Peake had "raised the strength to reply after waiting 72 hours."

Vishinsky Plan Assures Reds Danube Rule

Belgrade, Yugoslavia, Aug. 2 (AP). Russia circulated today a proposed Danube River pact which would give Eastern Europe's Communist-dominated states virtually exclusive control, over the 1,800-mile-long trade artery.

Andrei Vishinsky, Russian Deputy Foreign Minister, told the eleven-nation conference he will present the document formally tomorrow.

Its passage is regarded as a certainty, probably without major change. The Communist states outvote the Western powers 7 to 3 in this meeting. Austria sits as an observer without a vote.

Russia and her neighbors demonstrated their unity on the Danubian question in the first three conference sessions. The conference adopted a rule for a simple majority to govern decisions. France withdrew a proposal that the decisions be made by a two-thirds vote after Vishinsky opposed it.

Naval-Vessel Ban

The Russian proposal specifically would prohibit the use of the Danube waters by naval vessels of all non-Danubian countries. The proposal said, however:

"Navigation on the Danube shall be free and open for nationals, vessels of commerce and goods of all states on a footing of equality in regard to port and navigation charges and conditions for merchant shipping."

The plan would give a commission broad powers of control over the central European river, from Ulm, in Germany, to the Black Sea. The commission would be composed of "one representative from each Danube state." Thus it would be dominated utterly by the Communists. Presumably the way would be left open for German and Austrian membership if and when peace treaties are signed.

Vishensky In Rage

The Russian proposal would wipe out the 1921 Danube Convention and turn over all property of the agency created then to the special commission administering the lower part of the river.

Vishinsky flew into one of his rages at Count Orsine Rosenberg, of Austria, when Rosenberg asked again for a full vote.

The Russian emphasized that Rosenberg is a count and implied that circles Rosenberg represented did not oppose Hitler. Vishinsky asserted anyone at the conference had a better right to represent the interests of the Austrian people than did Rosenberg. He asserted that Rosenberg, in asking for a vote, was trying to sabotage the conference and that he had no right to interfere.

"It is true we are dealing with economics and technical problems," Vishinsky said, "but the main problem is political."

2 YUGOSLAV OFFICIALS LEAVE U.S. FOR PRAGUE

NEW YORK, Aug. 2. — (AP) Two officials of the Yugoslav embassy in Washington left LaGuardia field today by plane for Prague, enroute to Yugoslavia.

Both denied their trip had anything to do with the dispute between Marshal Tito, Yugoslav chieftain, and the international Communist party high command.

Slobodan Ivanovic, 33, press attache at the embassy, said he was on a one-month vacation and expected to return to the United States. Pero Dragila, first secretary of the embassy, said he was going on a "routine official visit" and did not know when he would return. Both denied they had quit their posts.

On Saturday ambassador Sava N. Kosanovic said in Washington that two officials of the embassy and three members of the Yugoslav delegation to the United Nations had joined in a denunciation of Tito. He declined to provide any other information and characterized the five as minor officials.

ARMY COMMAND SHIFTED IN GREECE

LS CHAKALPS

U.S. Suggestions To Speed War On Rebels Followed

Athens, Aug. 2 (AP)—Premier Themistokles Sophoulis announced tonight a shake-up in the Greek army high command in line with recent American suggestions for speeding up the war against the Communist-led guerillas of Markos Vafiades.

Sophoulis disclosed the Greek deputy chief of staff, Lieut. Gen. Stylianos Kitrilakis, is going to the northern front to take full command of the Grammos Mountains offensive.

He also said Lieut. Gen. Panos Kalogeropoulos, commander of the 2d Corps in that area, has been granted a "month's leave."

Stretched To Six Weeks

Sophoulis said the shake-up would "accelerate the tempo" of the Government's war effort. The main phase of the vital Grammos operation originally was slated to end within two weeks. It has now stretched into six weeks.

Sophoulis made it clear the post of 2d Corps commander would remain vacant for the time being, a military move which satisfied American Army advisors.

Five days ago informed Athens sources said opposition apparently had collapsed in the Greek Supreme Defense Council to high command changes recommended by American officers.

The sources said the United Statese Military Mission headed by Lieut. Gen. James A. Van Fleet had asked that General Kalogeropoulos be replaced as commander of the Second Corps and that other changes be made. General Kalogeropoulos at one time commanded the whole Grammos front with six divisions.

Mr. Sophoulis said he had talked for two hours today with General Van Fleet on military matters. The conference, he said, dealt chiefly with questions relating to the combat area.

United States dissatisfaction with General Kalogeropoulos became apparent more than two weeks ago. The Americans took the view that General Kitrilakis should take closer control over plans and operations he had prepared.

Opposition to the American suggestion that General Kalogeropoulos be replaced had been led by Mr. Sophoulis but the Premier finally yielded to the United States request.

The Americans also were said to have asked for a shake-up in the Air Ministry, informed sources said last week. Some circles said the United States advisers regard the Ministry's direction as ineffective. The Air Minister is Anastasius Bakalbasis.

In today's fighting, Greek troops occupied half of the Smolika range in a new advance into Guerrilla territory near the Albanian frontier, a general staff announcement said.

The drive was launched from positions south of 6,000-foot Kleptis Height, which Greek Army units seized yesterday after more than two weeks of bitter fighting with the Communist-led rebels.

The 9th Division, moving from Konitsa, and the 2d, from Eptahorion, were less than 4 miles apart in the rugged Fourka region, where the guerrillas were said to be withdrawing.

Greeks Seize Peak, Push On

Athens, Aug. 2 (AP)—After nearly two weeks of savage fighting, Greek troops have seized strategically important Kleptis height from the guerrillas, the general staff announced.

The 6,000-foot peak is regarded as the key to the Smolika range in the Grammos Mountain area, where Greek forces have been fighting for weeks to conquer the Communist rebels of Markos Vafiades.

The general staff announcement said Greek troops are pushing on from Kleptis toward the main ridges of the Smolika range. It said enough munitions and weapons to equip a battalion were captured in the final onslaught, which began Saturday night and ended yesterday.

Washington, Aug. 2 (AP)—President Truman sent to the Senate today the nomination of Henry F. Grady, Ambassador to Greece, to serve also as chief of the United States mission for aid to Greece.

Shertok Threatens Arabs

MAX BOYD

Cairo, Aug. 2 (AP)—Moshe Shertok, Israeli Foreign Minister, threatened today to reopen the Palestine war if Arab armies continue to break the United Nations-ordered truce.

Shertok told a news conference in Tel Aviv the "presence of invading armies on the borders of Israel is a continuation of a state of war and is quite intolerable."

He said he had learned the Egyptians had opened a full-scale offensive in the south today with air and ground attacks in the Negeb desert area.

Neither Peace Nor War

"We have informed the United Nations mediator," he said, "that unless normalcy is restored in the south and elsewhere, we shall take determined action against the attacking positions and against any other Egyptian positions we feel necessary."

"Indefinite prolongation of this truce," he added, "is not justifiable because it is neither peace nor war."

Shertok assailed what he termed the "ostrich-like" position of Britain as "encouraging the Arabs to continue hostilities." He also attacked the British detention of 11,000 visaless Jews on Cyprus, saying their detention was "lawlessness and piracy such as I have never seen . . . and a definite violation of the truce."

Wouldn't Accept Britons

Commenting on the use of British planes and personnel by the United Nations mediator, Count Folke Bernadotte, Shertok said "the Government of Israel would never accept the use of British nationals as part of the United Nations observer teams."

Shertok said no steps had been taken recently for direct peace talks with the Arab nations other than public statements "that we are ready as a cobelligerent to talk terms of peace."

He disclosed, however, that David Horowitz, now Under Secretary of the Israeli Finance Ministry, and Major Aubrey Eban, Israeli representative at the United Nations, had conferred with Abdel Rahman Azzam Pasha, secretary general of the Arab League, after the United Nations Palestine commission had recommended partition of the Holy Land.

Shertok said Azzam Pasha told the Israelis, "it is an Arab tradition that such an issue as this must be fought out on the field of battle."

In Jerusalem, meanwhile, Bernadotte lunched with Brigadier John Baggot Glubb Pasha, British commander of the Trans-Jordan Arab Legion, at legion headquarters in the old city.

Jewish snipers' bullets sped past near-by Herod's Gate while they ate, and frequent exchanges of small-arms fire across no-man's-land during the afternoon gave Bernadotte auditory evidence of Jerusalem's truce jitters pending possible demilitarization.

To Stay At Hospital

The Count said he planned to spend the night at the United Nations-controlled Hadassah Hospital. Tomorrow he will interview Jewish leaders in Jerusalem and Arab refugees at Ramallah before taking off for Alexandria.

Earlier in Amman he had expressed satisfaction over his interviews this morning with Trans-Jordan officials and King Abdullah. He said he is hopeful of achieving agreement on the demilitarization of Jerusalem before leaving for Sweden August 8. He added that "as usual King Abdullah has been very helpful. I repeat, very helpful."

Says Israel May Resume War

Shertok Accuses Arabs of Breaking Truce—Bernadotte Studies Refugee Issue.

Tel Aviv, Aug. 2 (A. P.).—Foreign Minister Moshe Shertok said today that the Jews will resume the Palestine war if Arab armies continue to break the truce.

He said the "presence of invading armies on the borders of Israel is a continuation of the state of war and is quite intolerable. Indefinite prolongation of this truce is not justifiable because it is neither peace nor war."

Israel is considering only the "possibility of inclusion of Jewish Jerusalem into the borders of the Jewish state," he said, adding that the "actual boundaries of Jewish Jerusalem are yet to be negotiated in the light of the progress of fighting there since May 14."

No Recent Peace Moves.

Shertok said no steps had been taken recently to obtain direct peace negotiations with the Arabs, other than public statements "that we are ready as cobelligerent to talk terms of peace."

He said David Horowitz, undersecretary of Israel's Finance Ministry, and Aub Rey Eban, Israeli representative to the United Nations at Lake Success, had conferred unsuccessfully with Abdel Rahman Azzam Pasha, Arab League secretary-general, after a U. N. commission had recommended partitioning Palestine.

Shertok said Azzam Pasha had told the Jewish representative: "It is an Arab tradition that such an issue as this must be fought out on the field of battle."

Mediator Sees Glubb Pasha

JERUSALEM, Aug. 2 (AP)—Count Bernadotte had lunch today with Brig. John Bagot Glubb Pasha at Trans-Jordan Legion headquarters in the Old City. Israeli sniper bullets whined past Herod's Gate near-by while they ate.

Frequent exchanges of small arms fire during the afternoon across No Man's Land furnished the Count with auditory evidence of Jerusalem's "truce jitters" pending possible demilitarization.

Count Bernadotte planned to spend the night at Hadassah Hospital, presently under United Nations control. He will interview Zionists in Jerusalem and Arab refugees at Ramallah tomorrow before flying at noon to Alexandria, Egypt.

He came here from Amman, Trans-Jordan, where he expressed great satisfaction earlier over talks with King Abdullah and his Prime Minister.

Count Bernadotte said in Amman he was more hopeful of achieving agreement on the demilitarization of Jerusalem before he leaves for Sweden Aug. 9.

"As usual, King Abdullah has been very helpful; I repeat, very helpful," he said at the Amman airport.

95 More U. S. Officers To Aid Count Bernadotte

By The Associated Press.

WASHINGTON, Aug. 2—The State Department announced today that ninety-five more United States Army, Navy and Air Force officers would help with the Palestine truce.

Twenty Navy and Marine officers will fly tomorrow from Washington for Rhodes, headquarters of United Nations Mediator Count Folke Bernadotte.

Brig. Gen. William E. Riley of the Marine Corps will head this group and take over as chief of all American observers in Palestine. The additions will increase the American force to 125, the United States share of the 300 additional observers requested by Count Bernadotte of this country, Britain and Belgium.

An unspecified number of communications personnel also will be supplied.

Council To Study Refugee Plight

F. CARPENTER

Lake Success, Aug. 2 (AP)—The Security Council takes up an urgent Arab-Jewish refugee problem today.

The British asked the Council to meet. They are concerned mainly about 300,000 Arab refugees who fled their homes in Palestine before Israeli forces.

Dispatches from Amman, Trans-Jordan, reported the United Nations mediator, Count Folke Bernadotte, said he had recommended to the Council that Arab refugees be allowed to go home during the United Nations truce, regardless of Jewish objections. Bernadotte said the number of Jewish refugees is comparatively small.

Jews Planning To Protest

For their part, Israeli authorities announced they would protest to the Security Council against the detention by Britain of 10,000 Jewish refugees in Cyprus.

A British spokesman said the only Jews being detained on Cyprus are men of military age, as required by the May 29 resolution of the Security Council setting up truce terms for Palestine. He said other Jews are going to Palestine regularly from Cyprus.

The British have another problem for the Council today. It is a resolution demanding that Israel free five Britons seized by Irgun Zvai Leumi on July 6 in Jerusalem.

Truce Flags Violated

The British say these men were taken from a power station flying the flags of the Council's three-nation truce commission.

The Jews answered that the men were seized in their homes and that orderly justice would be done in their cases. They were charged with espionage and security violations.

A British spokesman said his delegation hoped that the Council by an expression of opinion could guide United Nations relief agencies and nations concerned to take some action for the refugees. He said the British believe that no plan for Palestine can ignore the refugees, both Jews and Arabs.

Britain Offers U.N. $400,000 For Arab Refugee Aid Fund

Lake Success, N.Y., Aug. 2 (AP)—Britain offered $400,000 today toward a relief fund for 300,000 Arab refugees in the Middle East.

Sir Alexander Cadogan, British delegate, told the United Nations Security Council that it should ask the International Red Cross to send a small party to Palestine and the Middle East to examine the scope of the refugee problem.

He said it is almost certain the Red Cross would find additional money is needed to care for the Arabs. To show Britain is in earnest, Cadogan said his Government would be ready to provide up to $400,000 immediately as an advance on whatever contribution might eventually be required of nations joining the relief work.

Jakob A. Malik, Soviet Deputy Foreign Minister, who presided as Council president for the first time, said Britain had raised entirely new points which would require further study. He said no one was prepared to take up the debate now.

The Council heard a letter from Israel that five Britons seized by Irgun Zvai Leumi in Jerusalem on July 6 and later charged with espionage, would be handled by Israel under British law in effect when the mandate ended May 15. The Council decided it did not have enough information to act on that point at this time.

U. N. Aide Jews Held For 50 Hours Freed

Jerusalem, Aug. 2 (AP)—John Larson, local employé of the United Nations, returned here today after being imprisoned 50 hours by the Jews in Tel Aviv.

Larson is a son of the former Swedish consul in Jerusalem. He is temporary assistant to the truce observer.

Jewish forces seized him in the Latrun area Friday. He was reported to have gone there by order of the truce observer to persuade the Jews to delay running a convoy to Jerusalem. The Trans-Jordan Arab Legion had warned the convoy would be shelled. Larson said the Jews released him without explanation.

Israel Movie Leaders To Use Czech Studios

Prague, Aug. 2 (AP)—Movie leaders of Israel are making plans to use Czechoslovakian studios for their productions.

Contracts have been signed with the Barandov Studios near Prague and the first picture will be the "Melody of the Spinning Wheel," directed by the Polish artist A. Ford. Production, under the supervision of "Palafilm" is scheduled to start October 1 and expenses were estimated at $240,000.

The picture will use actors from Israel and Jewish performers from other countries.

Moscow, Aug. 2 (A. P.).—Pravda published today a letter signed by Radonja Golubovic, the Yugoslav Ambassador to Romania, saying he had resigned his post in protest against the Yugoslav communists' resistance to the recent Cominform denunciation of Tito and his lieutenants. The letter said he was making the announcement through Pravda because the Tito regime would not allow the letter to be published in Yugoslavia.

Moscow Subway Fare Remains 7½ Cents

Moscow, Aug. 2 (AP)—A ride on the Moscow subway, no matter from where to where, costs seven and one half cents. The fare was set some years ago and has remained without change for a considerable period. It comes to 40 kopecks, which is to say forty one-hundredths of one ruble. The ruble is pegged at 5.30 rubles per one American dollar.

Some other forms of Moscow municipal transport are cheaper. The streetcar, for instance, costs less than 4 cents. To ride on a trolleybus, one must pay according to distance. Taxis are now on the streets again after an absence during much of the war. They cost about 35 cents for six tenths of a mile.

4 Czech Consular Aides Quit In Sydney

Sydney, Australia, Aug. 2 (AP)—Four members of the Czechoslovak consular staff cabled their resignations to Prague today.

They are Consul-General Karel M. Sakh; Dr. Matej Janco, in charge of commercial affairs; Miss Anna Fijerova, consular assistant, and Peter Rakita, chancellor. Vice Consul George Halla did not resign.

Communists seized control of Czechoslovakia in February. Those resigning said "it is incompatible with our conception of freedom and democratic ideals and belief in fair play to stay any longer in the service of a totalitarian regime."

Siamese Troops Hunting Malaya Reds

Bangkok, Siam, Aug. 2 (AP)—The Siamese Army sent troops today to sweep through the southern border area in an effort to capture Malayan Communists fleeing across the border in the face of British attacks.

The army took action after a retreating band of 50 guerrillas killed a Siamese police sergeant and drove off 59 other police Friday. The army said the insurgents' automatic arms turned the tide against the numerically stronger police group.

Spitfires Scatter Malayan Rebels

Kuala Lumpur, Malaya, Aug. 2 (AP)—RAF Spitfires armed with rockets and machine guns blasted insurgent forces holding up a British military column today in Kelantant State in Northern Malaya.

The column was a part of the British military forces trying to wipe out insurgents who are terrorizing Malaya. The British say the insurgents are Communist-led and want to overthrow the present Malaya Government.

An RAF communiqué said the column was held up by insurgents occuping a number of huts. A Dakota on patrol overhead received a radio message from the ground forces and relayed an SOS for air support to RAF headquarters.

The first wave of Spitfires left a number of the insurgent-held huts in flames. A second wave directed fire at more huts and tree observation posts. Insurgent casualties were not known but no further movement was observed.

700 Saigon Chinese Seized

French Raid Believed an Effort to Collect Head Tax

SINGAPORE, Aug. 2 (AP).—Chinese Central News Agency messages today said French soldiers and police arrested 700 Chinese in a surprise raid Saturday on Saigon's Chinatown.

A dispatch from Saigan said another 300 were released after proving that their 1945 head tax was paid.

The dispatch said they were the first mass arrests of Chinese since the war.

The dispatches failed to give any reasons for the arrests, but Chinese sources here said they apparently were made in an effort to collect the head tax levied against Chinese by French authorities in Indo-China. They said the Chinese consider the tax discriminatory and most refuse to pay.

CHIANG'S AIDES MEET ON MILITARY CRISIS

NANKING, Aug. 2 (AP)—The Government's top commanders from most of China's civil war areas gathered in Nanking tonight for secret conferences.

The official military spokesman declined to acknowledge that a meeting was being held, but the official Central News Agency said the generals had been summoned by Generalissimo Chiang Kai-shek to decide on over-all strategy in fighting the Communists.

The subject was made urgent by presence of an estimated 400,000 Communist troops south of the Yellow River.

The hottest war front of the moment was at Tsinan. Pro-Government dispatches said the Communists had mustered 180,000 to 200,000 men around the isolated Shantung provincial capital. The city's only link with other Government areas is by air.

Dispatches from Manchuria said the Communists were destroying the railroad leading south from Anshan to Russian-held Darien.

The Government claimed to have recaptured Anshan July 18, but said its forces withdrew the same day "to avoid damage to the city." This indicated the steel-mill center fifty-five miles south of Mukden was still in Red hands.

200,000 Rebels Ring Shantung Capital City

Shanghai, Aug. 2 (AP)—Communists ringed Tsinan, Shantung province capital, with some 200,000 troops today in what appeared to be an all-out effort to take the city.

Reports from Tsinan said the city was cut off from the outside, except by air, and that the situation was tense.

Americans there have been warned to evacuate.

Meanwhile, top Chinese generals gathered in Nanking for a conference on new military steps against the Red Army.

National forces claimed to have dispersed 1,000 Red troops in a battle outside of Peiping.

Reds Blow Up Rail Bridges

Further north in Manchuria, National reports said railroad bridges between Dairen and Anshan were being blown up by Red troops.

Ansham, Government forces announced a few days ago, was retaken by Mukden Nationalist troops but later was abandoned to save the city from destruction. Apparently the big coal and iron center is again in the hands of the Reds.

CHINA REDS EXPEL PRIESTS AS SPIES

San Francisco, Aug. 2 (A. P.).—The Chinese Communists announced today they had sentenced four European Catholic missionaries to expulsion from China on charges of spying for the United States.

A Communist broadcast, heard by the Associated Press in San Francisco, named the men as "Rene Charvet, assistant Bishop of the Hsien Hisen Catholic Church in Central Hopeh,; the French Priests Arthur Baur and Jean Motte, and the Belgian priest Marcel Lichtenberger."

It said a Chinese priest, Chia Shu-shan, of the same church, was sentenced to a year in prison.

It said four other French priests and a Chinese were still being hunted for trial on similar charges. It named them as Andre Joliet, Henti Real, Rene Archen, Andre Deltour and Wu Hual-chih.

The Communists asserted the alleged espionage occurred in 1946 and that the defendants all confessed.

Huk Chief To Star In Film On Career

Manila, Aug. 2 (AP)—A full-page newspaper advertisement here announced that the guerrilla leader Luis Taruc was writing and would play the lead in a movie based on his career.

The chief of the warlike Hukbalahaps, who recently made his peace with the Government, had declined previous offers, but evidently reconsidered.

The announcement by Producer Luis F. Nolasco billed the film as "Luis Taruc, hero or bandit—a daring exposition of the biggest conflict of our times."

16 Japs On Trial In Massacre Of 138 Yanks

Yokohama, Aug. 2 (AP)—Charged with murdering 138 Americans, sixteen Japanese went on trial today before a United States 8th Army Military Commission. The group, accused in the wartime "Palawan massacre," includes two former lieutenant generals.

Allied headquarters prosecutors called the massacre in the southern Philippines December 14, 1944, "one of the most dastardly deeds ever conceived in the minds of so-called civilized men."

This is the story of the massacre as told by American investigators:

The Japanese took 150 American soldiers, sailors and Marines, who were captured at Corregidor and Bataan, to Palawan to build an airfield. American bombers began attacking the strip. Shortly thereafter, American troops landed on Leyte.

Feared American Landing

In early December, the Japanese received reports that an American naval task force was near Palawan. They feared an American landing and decided to kill their prisoners so they could not divulge military information.

On December 14, the Japanese sounded a false air raid alarm and herded prisoners into air raid shelters and foxholes—then the guards splashed gasoline into the shelters and threw in flaming torches and hand grenades.

Americans struggling to escape were shot, bayonetted or cut down with swords or machine guns.

Some Fled Through Tunnel

During earlier work on the air field, some 40 prisoners had tunneled from their air raid shelter to the sea. When they saw what the Japanese were doing, they fled through the tunnel to the beach and scrambled down a 50-foot cliff to the water.

Thirty of them were shot, drowned, or dynamited from crevices in the cliff. But nine escaped by swimming 5 miles to the Philippine Government penal colony.

In all, only twelve of the 150 prisoners survived, and one of the twelve died later.

The former generals among the defendants are Seiichi Terada and Kizo Mikami, of the Japanese Fourth Air Army.

Ex-Aide Of M'Arthur Scores Jap Labor Policy

Tokyo, August 2 (AP)—James S. Killen, former head of the SCAP labor division, charged today the Japanese Government at General MacArthur's suggestion withheld basic rights from Government workers in denying them the right to bargain collectively.

Killen resigned shortly after MacArthur wrote Prime Minister Hitoshi Ashida suggesting the Government ban strikes by the Government's 3,000,000 employes. The Cabinet Saturday forbade such strikes.

Killen has been succeeded by Chester W. Helper, of Alexandria, Va. Helper is on loan to occupation headquarters from the United States Employment Service.

FORMER RED PICKED FOR KOREAN CABINET

SEQUL, Korea, Tuesday, Aug 3 (AP)—A former Communist, who split with the post-war Red leadership, will be minister of Agriculture of the new Korean Republic.

He is Cho Dong Am of Inchon, one of the first four Cabinet selections announced by President Syngman Rhee for the new Government—restricted thus far to United States-occupied South Korea. [A Separate Communist regime is being set up in Soviet-occupied North Korea.]

An outstanding lawyer, He Lee Im, who was released from a jail when Korea was liberated from the Japanese, was named Minister of Justice.

Min Hee Sik, Director of Transportation, for the Military Government here, was named Minister of Transportation. Assemblyman Kim Do Yun, who was educated in the United States, is Minister of Finance.

Bruce On Way To U.S.

Buenos Aires, Aug. 2 (AP)—James C. Bruce, United States Ambassador, left by plane today for Washington to consult his Government on a possible arrangement for participation by Argentina in the European Recovery Program. Diplomatic sources said he hopes to return within two weeks with authority to negotiate an agreement covering prices and conditions of future Argentine sales under the Marshall plan.

BOUGHT DOLLARS BEFORE PESO FELL

Mexico City, Aug. 2 (A. P.).—Secretary of Treasury Ramon Beteta listed today 328 dollar transactions during the first twenty-two days of July as he explained the "flight of dollars" which caused devaluation of the peso.

Since the peso slipped off its eight-year 4.35 peg newspapers have been filled with demands that the Treasury Department make public the names of persons and firms who bought dollars.

There were numerous thinly veiled suggestions that firms and individuals in the "know" had profited enormously by the change in the peso-dollar rate.

The Treasury Secretary said during a news conference it was impossible for any one to have known ahead of time that the Bank of Mexico was going to free the peso.

The total dollar transactions listed by the Treasury Department handled through the Bank of Mexico was $19,580,760 during the first twenty-one days of July, compared with $4,908,177 during June.

Of the total $373,223 was sold to the public in 290 transactions none of which totaled more than $5,000, $1,811,358 was bought by the Government financing agency Nacional Financiera and $1,000,000 was bought by the Government oil monopoly Pemex.

Among the largest purchasers of dollars were automobile assembly plants, rubber companies, drug companies and aviation companies.

Beteta said a contributing factor in the fall of the peso was circulation of business news letters in which the drop of the peso was predicted.

The peso was slightly weaker last Saturday when dollars brought 6.53 and at the close cost 6.62 in a rather active market.

CANADA DROPS EXCISE TAXES

Many Items Freed While Others Enjoy Cuts.

Ottawa, Aug. 2 (A. P.).—Canada's program of economic austerity softened today beneath week end orders which among other things, abolished or lightened excise taxes on a host of consumer goods.

However, there are indications it will be some little time before the public finds price levels changing. Current supplies will have to be exhausted before replacements are made bearing the new tax-less price tags.

The durable consumer goods affected range from electric grills and radios to cameras and motor cars.

The Government's action, disclosed by Finance Minister Douglas Abbott, came with three other announcements Saturday night which placed a subsidy on bread, wiped out a $2,000,000-a-month subsidy on oils and fats, and lifted export controls on sheep and lambs.

But, although the tax action was effective Saturday night, Abbott said the Government cannot make refunds on taxes already paid.

Trade Minister C. D. Howe announced a 45-cent-a-bushel subsidy will be paid to millers to cover the 45-cent increase which now is effective in the price of wheat sold to Great Britain. This will insure that domestic bread prices do not increase.

The excise taxes now repealed were imposed last November 18 as part of the Government's United States dollar conservation program. Embargoes imposed then on United States imports still are in effect.

Drops or Cuts Excise Taxes.

The new tax order means that electrical refrigerators, vacuum cleaners, electrical appliances, outboard motors, motorcycles, firearms and certain toilet articles, principally brushes, combs and mirrors, now will be entirely free from the excise levy.

On motor cars, radios, phonographs, cameras, projectors and photographic films and supplies, the tax will be reduced by 15 per cent to the 10 per cent rate which applied before it was boosted in the November austerity program.

Abbott said removal of the taxes was justified by continuing improvement in Canada's exchange position, the increasing effectiveness of direct measures of control over imports and positive efforts to increase exports. Their aim was to reduce consumption of goods containing parts imported from the United States and thus help halt the drain in Canada's United States reserves.

Import Control Continues.

Import restrictions were not changed in the week-end modification of Canada's austerity program.

Canadians still will be unable to obtain a wide variety of imported goods, while other articles remain subject to quota control.

Under outright ban are such goods as jewelry, candy novelties, typewriters, radios, refrigerators, washing machines and furniture.

Articles under quota restrictions include automobiles, all textiles except raw materials and yarns, shoes, fresh fruits and some vegetables, fruit juices, and sundry items such as clocks, watches, cutlery, sporting goods and smokers' supplies.

Former Party Editor Testifies To 'Many' U.S. Spy Rings

Washington, Aug. 2 (AP) — Louis F. Budenz, former Communist editor, said today there is no doubt that "the Communist party of the United States is a fifth column of Soviet Russia."

Budenz, who resigned as managing editor of the party-supported newspaper, the *Daily Worker*, and left the party in 1945, told a Senate investigating committee that the party's status is proved by three factors:

1. The Communist party has never found any defect in Russian policy and its leaders must do what the Kremlin orders at any specific moment.

2. The party for years received direct subsidies from Moscow in the form of free news. Budenz said this practice was halted by former Attorney General Francis Biddle.

3. From 80 to 90 per cent of the party's leaders have been trained in Moscow.

Budenz, now teaching economics at Fordham University in New York, appeared before a subcommittee headed by Senator Ferguson (R., Mich), which is investigating subversive influences in Government.

Golos Headed Control Unit

He named the late Jacob Golos as head of a highly secret Communist party control commission in this country—an agency he said was used to discipline party members and keep them in line.

Golos was the chief contact with the party for Miss Elizabeth T. Bentley, admitted onetime Soviet spy, who has testified that she got military secrets from Government officials and workers which were channeled to Moscow.

Budenz said the control commission and the party's finance committee were highly secret organizations, even within the party.

Chairman Ferguson (R., Mich.) asked how the Communists got money to finance their operations.

Hollywood Take Is Big

Budenz said that dues accounted for some funds, gifts from wealthy persons for others, adding:

"There was a very big take from Hollywood.

"In fact, it was so great that there was a dispute within the party about it.

"The California district wants to keep the money, but the finance committee ruled that it must go to the national office and then be distributed."

Budenz said he was connected with the Mid-West *Daily Record* in Chicago—a paper he said was controlled by the party. At that time he learned that the Communists were receiving funds from abroad, he testified.

"Wall Street Offspring"

The former Communist editor named William Weiner as head of the finance committee. He said Lemuel Harris, whom he described as "an offspring of Wall Street," and the late Charles Crumbine were members of the powerful finance committee.

He said Golos, Clarence Derba and sometimes Alexander Biddleman, were members of the control commission.

He said this commission had complete information on Communist party members—including who they associated and talked with, who they borrowed money from and what their relations were with their families.

This they used to blackmail any members who gave signs of wanting to quit, he explained.

"You Never Can Resign"

"The Communist party has a slogan," he said. "It is: 'You can never resign voluntarily from the party, you must always be expelled.'"

Budenz said the Communist setup is divided into three groups. He listed these as:

1. The underground, or roots of the tree; which he said maintains direct contact with Moscow. He named Gerhart Eisler as an example of a person in this classification. Eisler has been described by a House committee as the No. 1 Communist in America.

2. The trunk, which he said includes open party officials, such as William Z. Foster, Communist president.

3. The branches, including "people who profess to be non-Communists but are Communists."

He said the only means of getting Moscow's orders to these people is through the trunk, or the open party members and officials.

Meet In Apartments

About 70 per cent of the Communist party's business in this country is done through secret apartment house meetings where open party members meet with professed non-Communists, he testified.

Budenz said it is a mistake to try to ferret out a single Communist spy ring in this country, because "there are many."

At the time he was active, he said, there were two or three principal ones. He mentioned the ring headed by Golos and another in which he said the leader was Eugene Dennis, party secretary, who is one of the twelve Communist leaders indicted recently in New York.

Budenz told the senators that he was introduced to Russian secret police agents by Golos and Jack Stachel, whom he described as "a powerfull member of the political committee."

First NKVD Meeting

He said his first meeting with a NKVD (Soviet police) member was in Union square in New York, at a restaurant, the name of which he thought was the Tip Top Inn. The man identified himself as "Richard" and later as "Richards," he said.

Budenz declared it was a group of agents working under "Richards" which engineered the assassination of Leon Trotsky in Mexico.

He said that in 1943 Golos told him party leaders were "about to launch a more extensive survey of American agents, both here and abroad."

But he said he sought to be excused from such work because the *Daily Worker staff* was short handed during the war and "I was fed up with doing secret work."

Satisfied With Work

Later, he continued, Golos told him to contact a *New Masses* writer who was also working in Hollywood.

"But Eugene Dennis told me to keep away from him, because he was in Dennis's group," Budenz said. "Dennis said he was familiar with the work I was doing for Golos, and he was satisfied with it.

"If anyone said he was working for Dennis, I was to have nothing further to do with him."

Budenz said the ring headed by Dennis seemed to be concerned principally with watching agents of the Office of Strategic Services, the wartime United States espionage agency, and that Golos's group, while also interested in the OSS, was primarily concerned with tracing American agents abroad.

30.24- 19497

Meanwhile, the House Committee on Un-American Activities ordered a closed-door session to decide when to hear the bigger names that Miss Bentley reeled off in the latest chapter of her confessions as a one-time Soviet espionage agent.

In an appearance before the House group, the 40-year-old Vassar graduate pointed an accusing finger at almost twoscore former Government workers.

From them, she said she and others were able to pass along for relay to Moscow such top-secret data as plans for the B-29 Superfortress, word that this country was about to decipher the Russian code and D-day, the date for the Allied invasion of Normandy.

Among those Miss Bentley named were Lauchlin Currie, one of late President Roosevelt's administrative assistants, and Harry D. White, former Assistant Secretary of the Treasury.

Charges Hotly Denied

Both — as had Remington and some of the others—quickly and hotly denied any Communist affiliation or any passing along of wartime secrets. Currie and White, furthermore, denied knowing anything about Miss Bentley's operations.

"To the best of my knowledge," Currie said at his home in Scarsdale, N.Y., "I have never known nor associated in any way directly or indirectly with either a Communist or a Communist agent. I never met Miss Bentley nor knew of her existence."

White declared: "This is the most fantastic thing I have ever heard of. I never heard of this woman. I am shocked."

Remington has acknowledged knowing Miss Bentley, but denied either that he was a Communist as she claimed or that he had given her any war secrets.

William P. Rogers, counsel for the Senate Expenditures Subcommittee, which first brought Miss Bentley's story to light on Friday, said members ordered Remington recalled for closer questioning about his dealing with her.

Rogers noted that the questioning Saturday was confined largely to Remington's background, particularly as a Government official.

But in this connection, Rogers said the committee still is interested in knowing how and why Remington was cleared by the civil service for high Government jobs on three occasions since he was questioned by the Federal Bureau of Investigation about his loyalty.

The 30-year-old economist last served as chairman of an interagency committee which passed on what goods could be exported to Russia.

Rogers said Secretary of Commerce Sawyer placed Remington on an indefinite leave from his $9,975-a-year job after the Senate committee had written a letter to the Department of Justice about him.

REDS WORMED WAY INTO GOVERNMENT, BUDENZ DECLARES

Fifth Column Tactics Outlined by Former Communist Editor

WASHINGTON, Aug. 2 — (AP) A "considerable" Red fifth column has wormed its way into the U. S. government, Senate investigators were told today by Louis Budenz, former Communist editor.

And while some communists are "confused" enough to believe their loyalty is to the United States, he went on, the majority of party members would stand with Russia in the case of war.

The party aim, Budenz asserted, is to serve Moscow's purpose of world domination, including "dominance of the Soviet government of Russia over the United States." The party itself, he said, is a Soviet "fifth column."

Believes Bentley Story

Budenz gave that sweeping outline of communist goals and tactics in testimony to a Senate expenditures subcommittee. He said he had "every reason to believe" a sensational espionage story previously told to the committee by Miss Elizabeth Bentley.

Miss Bentley, telling of wartime activities as a Soviet secret agent, named dozens of U. S. officials and employes, all the way to the White House, as sources of a flood of secret information she said she collected.

Budenz furnished a moment of drama in today's hearing when he turned in the witness chair to identify the 40-year-old Vassar graduate as a woman he knew as a trusted Russian agent.

He said she was so introduced to him by the late Jacob Golos. Miss Bentley rose and smiled acknowledgment of the identification. She has identified Golos, with whom she said she was in love, as a central cog in the Soviet espionage machine in America.

Today Budenz added another line to the Golos picture by naming him a head of a Communist party control commission. That agency's function, he said, is keeping party members in line and administering discipline.

But Golos' group, Budenz went on, was only one of a number operating in this country. And he said they were "vigilant" at getting members into government posts.

Asked directly by Senator Ferguson (R-Mich), chairman of the subcommittee, whether the Reds are penetrating government, Budenz replied:

"I know they were when I was active. They have a number of methods. One is by their unit here in Washington seeing that people get into government. This unit has been very vigilant in that."

At another point in his long testimony Budenz asserted:

"There was considerable penetration into the government. I wouldn't want to become panicky and say it was overwhelming, but it was considerable."

Knew Others

Questioned by committeemen about courier work of the sort Miss Bentley said she was doing, Budenz said he knew "a couple" of others who did the same sort of thing and believed there were many.

The witness, one-time editor of the Communist newspaper Daily Worker who now teaches economics at Fordham university in New York, said party members are subject to a sort of discipline incomprehensible to the American mind.

"The communist party has a slogan," he said. "It is 'you can never resign voluntarily from the party, you must always be expelled.'"

That discipline he said, is administered by every measure from blackmail for the reluctant to character assassination for rebels. And he said Golos' "control" committee kept complete information on party members for that purpose—including records of members' family affairs, associations, financial affairs.

With Golos on the control committee, Budenz said, were Clarence Derba and sometimes Alexander Biddleman. It was a highly secret organization even within the party, he said.

Discipline is so strict, he went on, that a party member is not allowed even to ask questions. When told to contact somebody, Budenz said, the communist worker must not inquire about that person's identity unless it is essential to his mission. Neither, he said, may the party member question any conclusion passed on to him, and "any order given to you by a superior has to be carried out."

"Can a person be a loyal member of the Communist party and loyal to the United States of America," Senator McClellan (D-Ark.) asked.

"Not in fact," Budenz responded.

"Some Were Confused"

He added that some party members were "confused" and thought they were loyal to this country.

McClellan asked if the party purpose is "overthrow of the United States government, by force if necessary," and Budenz answered:

"That's right, and the dominance of the Soviet government of Russia over the United States.'

In addition to the ring headed by Golos at the time Budenz was active, the former Red editor said, another big one was under Eugene Dennis, party secretary, one of a dozen party leaders recently indicted by a federal grand jury in New York.

The Dennis ring's principal concern at the time, Budenz said, was watching agents of the Office of Strategic Services, wartime U. S. espionage agency. Golos' group, he went on, also was interested in the OSS, but was mainly interested in American agents abroad.

Another important wheel in the machine, Budenz said, was the secret party finance committee. He named William Weiner as head of that group, and said Lemuel Harris, whom he described as "an offspring of Wall Street," and the late Charles Crumbine were members.

The finance committee discussion arose when Budenz declared that Hollywood produced "a very big financial take" for the party.

He said the take was so big there was a row in the party about it. The California district wanted to keep the money for itself, he said, but the finance committee took over and ruled that it must come to headquarters and be distributed.

While Budenz was on the stand before the expenditures subcommittee, Bernard S. Redmont, one of those named by Miss Bentley as among her government information sources, issued a statement of denial. Many of the others on her list had done so previously.

Redmont said he is not now and never has beem a Communist "as everyone who knows me will attest."

He said he assumes Miss Bentley is the woman he knew as Helen Johnson at a time when he was a news editor in the office of the coordinator of inter American affairs. But he quoted her as saying she never got anything important from him—and he agreed.

He said she interviewed him three times about radio programs for Latin America, identifying herself as a newspaper reporter and researcher. All he gave her, he said, was what she could have gotten by listening to the radio, that was all the information he had. Redmont added, and if he had anything else he would not have divulged it.

CALL 'TIME' EDITOR IN SPY RING PROBE

WASHINGTON, Aug. 2 — (AP) The House Un-American Activities committee today subpoenaed Whittaker Chambers, associate editor of Time magazine, as a witness in its investigation of an alleged Communist spy ring in this country.

Acting Chairman Mundt (R.-S.D.) told newsmen Chambers will testify at a closed committee meeting tomorrow. He described him as "not a suspect," and Rep. McDowell (R.-Pa.) called him "a helpful witness."

Silvermaster Called

Mundt said the committee also has subpoenaed for tomorrow Nathan Gregory Silvermaster, described at a committee hearing last week as an agent of the Russian secret police while in government employ. Silvermaster has denied ever being a part of a spy ring. He said he will tell his story when the time comes.

Mundt said Chambers "has information in connection with the same activities discussed and divulged last Saturday by Miss Bentley."

He referred to Elizabeth Bentley, self-styled former Communist who gave the testimony about Silvermaster. She said government secrets were supplied by dozens of government employes.

Later, Mundt said, the committee will question all the persons named in Miss Bentley's testimony and all will be given an opportunity to defend themselves in public. Some of them already are under subpoena, he said.

Anyone mentioned by Miss Bentley, he said, can "expedite" a public hearing by making a written request to the committee.

Kerensky Seeks Soviet Wedge

New York, Aug. 2 (AP)—Former Russian Premier Alexander Kerensky says the United States can remove the threat of war with Russia by driving a propaganda wedge between the Communist Government and the Russian people.

This country, Kerensky wrote in the *American* Magazine, should let the Russian people know that Americans consider them apart from their government, that Americans sympathize with the "battle of the Russian people for the re-establishment of personal and political freedom," and that the United States has no quarrel with the Russian masses but only with "Communist aggression."

Kerensky, who left Russia 30 years ago afte rhis short-lived republic was deposed, said that according to "secret" reports from the Soviet Union and from refugees "millions upon millions" of Russians hate their "Communist overlords as passionately as captured American Marine hated their Japanese jailers."

"With Russia divided, with the great mass of its people friendly to the United States," Kerensky continued, "Stalin would not dare make any move that might bring war with the United States."

State Department Free of Reds

Jonkman Tells House Suspected Subversives Have Been Ousted—Praises Marshall.

Washington, Aug. 2 (A. P.).—Representative Jonkman (R.-Mich.) told the House today that the State Department has been swept clean of "known or reasonably suspected subversives, Communists and fellow travelers."

For more than two years Jonkman has been working as a one-man sub-committee of the Foreign Affairs Committee to investigate any subversive influences in the State Department. Jonkman said that since January 23, 1947, when John E. Peurifoy became Assistant Secretary of State for the Administration, 134 State Department employees regarded as security risks have been fired or have quit.

Jonkman said his efforts to obtain a housecleaning in the department were fruitless until after the Republican congressional victories in the 1946 election and the appointment of Secretary of State Marshall.

Marshall, Jonkman said, instructed Peurifoy "that if there is reasonable cause to believe that anybody in the State Department is security, I want the Government to have the benefit of the doubt and have such person discharged."

Jonkman said that Peurifoy, in carrying out this responsibility, "has patiently and persistently cleaned 134 security risks out of the department.

"In addition to that, many new applicants constituting security risks have been kept from getting into the department."

SENATORS TO HEAR FSA CENSOR CHARGE

Washington, Aug. 2 (A. P.).—Senator Ferguson (R.-Mich.) said today that a Senate investigating committee will look into charges of censorship leveled against Oscar Ewing, Federal Security administrator. A sub-committee of the Senate Committee on Expenditures wishes to talk privately to Ewing and his accuser, John W. Studebaker, former Commissioner of Education, but no time has been set, Ferguson added. He heads the sub-committee.

Studebaker said in a letter that Ewing had ordered that all public statements and speeches from the Education Office be approved in advance by the FSA administrator's staff, and that the Education Office was prohibited by an FSA aid from "exposing the tactics and dangers of Communism" through the schools.

Studebaker's letter brought to light a bitter quarrel within the administration, with his claim of censorship of the Education Office. Ewing, a close friend and political adviser to President Truman, issued a denial. The Education Office is one of several agencies within the FSA.

ATOMIC GROUP CLEARS SUSPENDED SCIENTISTS

OAK RIDGE, Tenn., Aug. 2.—(AP) The Atomic Energy Commission reported today that two atomic scientists who were suspended last May during a loyalty check have been "cleared."

The two unidentified scientists were suspended from access to restricted atomic information pending clarification of their loyalty. The charges against them were never made public.

An official of the commission's security office said there had been no other suspensions growing out of the loyalty checks which he described as "almost a continuous process."

At the time of the suspensions, the Oak Ridge Association of Engineers and Scientists protested the action, asserting its members had been "seriously demoralized."

The Association contended the accused scientists were not given an opportunity to face their accusers. It said further that the scientists' constitutional rights were being violated.

Bridges Urges Entry For Baltic Refugees

Concord, N.H., Aug. 2 (AP)—Senator Bridges (R., N.H.) has joined other members of Congress in urging the Government to allow the entry into this country of 29 Baltic natives who braved a 43-day Atlantic crossing in a small ketch to "escape Russian oppression."

The refugees, now detained by immigration officials in Boston, arrived on July 21. They had sailed to England from Sweden, where they had lived for three years after fleeing their native lands.

Bridges said, "It would be a paradox indeed if in a Communist threatened world . . . we are to deny entry to these courageous people who had the courage . . . to break away from the chains of Communism."

D.P. Immigration Unit Named By President

Washington, Aug. 2 (AP)—President Truman today named a three-man Displaced Persons Commission to start the flow of 202,000 European refugees into the United States in the next two years.

The three appointees, Ugo Carusi, Edward M. O'Connor and Harry N. Rosenfield, will supervise immigration under the law enacted in June. Mr. Truman sent their names to the Senate for confirmation.

Carusi, former commissioner of immigration in the Justice Department, for the past eleven months has been on special assignment with the State Department, working on the problem of displaced persons.

O'Connor currently is an executive of the war-relief services in the National Catholic Welfare Conference.

The 37-year-old Rosenfield is an assistant to Oscar Ewing, Federal security administrator.

U.S., Reds Trade Charges In Disarmament Dispute

LAKE SUCCESS, N. Y., Aug. 2—(AP) The United States accused Russia today of obstructing United Nations attempts to reduce and regulate world arms. Russia heatedly replied that the United States and Britain had sabotaged the arms cutting program.

The flare-up between Frederick H. Osborn, United States Delegate, and Jakob A. Malik, Soviet Deputy Foreign Minister, came at an open meeting of the U. N. commission for conventional armaments. It was the latest and apparently the most intense clash between U. S. and Soviet delegates in a long series of wordy arguments in the commission.

To Meet Monday

The commission decided to meet at 9 a. m. EST, next Monday as a working committee. Malik promised he will reply to Osborn in full at that time.

The commission virtually has given up efforts to write an arms regulation convention because Russia and the western powers cannot agree.

Today Osborn told the commission:

"The work of this commission has continued to be hampered by demagogic appeals and irresponsible propaganda. We cannot but note regretfully that the Soviet system of obstructionism in this commission is the same as that employed by them in the atomic energy commission (which has already given up attempts to agree on world atomic control because of the East-West conflict). Nevertheless, the United States believes that the commission must proceed with its work."

Osborn told the delegates this country's position toward the future work of the commission had not changed. He reminded them that Secretary of State George C. Marshal had told the U. N. assembly last September the U. S. believes the regulation of armaments must be preceded by enough international understanding to make peace settlements with Germany and Japan, formation of the U. N. police force, and control of atomic energy.

Demand Floor

Malik and Dmitri Z. Manuilsky, foreign minister of the Soviet Ukraine; flushed deeply as Osborn read his charges of "obstructionism." They demanded the floor promptly.

Manuilsky said those who have wrecked the work of the Atomic commission must bear the responsibility for the situation in the arms commission. Russia has often charged the U. S. with wrecking the atomic discussions. Manuilsky said he will reply at a future meeting.

Malik said:

"I consider the statement made by the delegate of the United States to be a masterpiece of demagogy . . . I categorically reject everything said in this statement about the Soviet Union, and I will take it up at the next meeting."

Malik said Russia insists on continuing the work. He said Russia had proposed specific measures. He said that actually the U. S. and Britain wrecked the implementation of the U.N. assembly resolution calling for reduction and regulation of armaments and armed forces. He charged that the U. S. and Britain had sabotaged the assembly resolution, which was approved unanimously on December 14, 1946.

House Group Considers U.N. Loan Bill Today

Washington, Aug. 2 (AP)—The House Foreign Affairs Committee said it will consider tomorrow a bill authorizing a $65,000,000 loan to the United Nations to begin construction of headquarters in New York. The Senate has passed it.

Members of the House Rules Committee said it also scheduled a meeting tomorrow to approve procedure under which the bill can be called up in the House this week.

Anti-Inflation Program Mapped by GOP Leaders

WASHINGTON, Aug. 2—(AP) The congressional Republican high command today drew the outlines of a GOP anti-inflation program, flatly rejecting most of President Truman's proposals.

Chairman Wolcott (R-Mich) of the House Banking Committee told reporters he probably would introduce the Republican bill on Wednesday.

The GOP program, in a preliminary stage and not formally announced, was reported to include:

1. Legislation to tighten bank credit by increasing bank reserve requirements.

2 A. housing bill that would (A) reenact the so-called "title 6" under which the government insures mortgages on new dewllings; (B) legislation giving investors in rental property tax savingc by increasing the rate of depreciation of the property; and (C) yield insurance, guaranteeing a profit for investors in large rental properties.

Housing Bill Pending

The housing bill, eliminating the controversial federal low rent housing and slum clearance, passed the house during the regular session and is pending in the senate.

Mr. Truman has asked for that measure, with the subsidized housing feature back in it, along with price and rationing controls, and a multi-billion dollar excess profits tax.

The Republican program outline was drawn at a meeting of House Speaker Martin, Senator Taft of Ohio, House Republican Leader Halleck of Indiana, and Wolcott.

They also discussed whether wartime controls on installation buying should be restored. Indications were that no agreement was reached on this subject.

The session was held amid indications that congress might clean up its extra session work and quit in a few days.

The Truman profits tax bill was sent to the capitol earlier in the day.

Republican leaders let it be known immediately it has no more chance of enactment than the President's price control.

They were working on an anti-inflation plan of their own. They hoped to get action on this and then adjourn the extra session next week.

Simultaneously, there were these developements on the cost-of-living front:

Charge GOP Politics

1. Paul Porter, last OPA administrator, presented Mr. Truman's program to the Senate Banking Committee. He said congressional foes of Mr. Truman's program were indulging in "sheer politics" and "much precious time is being wasted."

30.24- 19499

2. An effort to force an immediate vote on housing legislation, providing among other things for publicly-owned low-rent housing, failed in the house.

3. A congressional investigation of recent price boosts by big corporations—especially U. S. Steel—was proposed to the House Banking Committee by Rep. Spence of Kentucky, senior committee Democrat. Chairman Wolcott (R-Mich) said representatives of the steel and meat industries might be invited to testify.

4. The senate banking committee was informed by Porter that if congress passed a price control law, first consideration would be given to price ceilings on meat, butter, fluid milk, dairy products, steel, non-ferrous metals, building materials and some wearing apparel.

The excess profits tax bill was sent to capitol hill. Its details were not immediately disclosed. But one informed person said that if enacted it would collect about $3,000,000,000, a year.

It would be patterned, with some changes, after the wartime excess profits levy.

Not Made Public

Rep. Rayburn (D-Tex), who had the bill in his possesion today, decided not to make it public until it is introduced in the house, probably at the next session on Wednesday.

Democratic moves in the House to force an immediate vote on the Senate-passed Taft-Ellinder-Wagner long-range housing bill hit parliamentary snags.

Reps. Helen Gahagan Douglas (D-Calif) and Buchanan (D-Pa), sought to suspend the House rules and pass the T-E-W- bill. This procedure which requires a two thirds vote, normally is in order on the first Monday of a month, if the leadership approves.

But speaker Martin refused to recognize anyone to make such a motion without prior approval of the Rpublican floor leader, Rep. Halleck of Indiana. Halleck already had announced that no such approval would be granted today.

But Senator McCarthy (R-Wis) sought to get his party interested in working out a compromise on the T-E-W- bill—one of the major issues raised by Mr. Truman when he called the extra session.

"I strongly feel," he said "that if this congress adjourns without first having passed workable housing legislation, it will be an admission that we are not solving our No. 1 domestic problem."

He said a bill could be drafted would 1. Channel scarce building materials into low-cost homes; 2. Give tax depreciation incentives for building such homes; 3. Standardize building codes; 4. Give veterans' co-operatives export assistance as well as loans; 5. Broaden the market for FHA and veterans' loans and 6. Building some slum clearance housing.

CONGRESS INQUIRY ON RECENT PRICE RISES IS PROPOSED

Spence Sponsors Move and Wolcott Says U. S. Steel Men May Be Called.

Washington, Aug. 2 (A. P.).—A congressional investigation of recent price increases by big corporations, especially United States Steel, was proposed to the House Banking Committee today by Representative Spencer (D. Ky.).

Representative Wolcott (R. Mich.), the chairman, said representatives of United Steel might be asked to testify before the committee—"perhaps later this week."

Representative Smith (R.-Ohio) objected to the proposal, saying: "We should be careful not to make a scapegoat of industry. It's politicians in Washington who are responsible for the high cost of living. Put the blame where it belongs."

Spence replied: "If we are searching for the cause of high prices, then call here the chairmen of the boards and presidents of these big corporations that are making price increases affecting the cost of living and the nation's welfare."

Wolcott told Spence that the Senate-House Joint Committee on the Economic Report investigated a steel price increase last spring, and made no report—"perhaps indicating the steel companies justified the increase."

The inquiry into price increases was proposed as the House and Senate banking committees resumed their studies of President Truman's anti-inflation program. This program includes a proposal for an excess profits tax.

Paul Porter, heading the administration's drive for legislation to curb rising prices, told Senators that in his opinion Congress has been wasting "much time" in considering Mr. Truman's economic plans. Porter already has appeared before the House group. He said that in his experience there "committee consideration was confined principally to abstract economic seminars, attempts to fix blame, and sheer politics."

In answer to questions by Senator Capehart (R.-Ind), Porter said that if Congress gives Mr. Truman power to set "selectivity" price controls, he would recommend that they be imposed on:

Meat, butter, fluid milk, dairy products, steel, non-ferrous metals, building materials and some apparels.

Capehart has a bill before the committee to freeze all prices.

McCabe Urges Two Curbs.

Thomas B. McCabe, chairman of the Federal Reserve Board, pleaded with the House group for these two points in the Presidents anti-inflation program:

1. Controls over consumer credit that would tighten up installment buying.

2. Regulation of bank credit by requiring larger bank reserves.

McCabe said his board changed its position at a meeting today on its recommendation for bank reserve requirements. He said the board decided increased reserves requirements should be applicable to non-member as well as member banks of the Federal Reserve System. The original reserve proposal would have affected only member banks.

Porter Makes Statement.

"Perhaps it is Utopian to assume that there is any prospect of eliminating partisanship from the economic issues now before Congress," Porter told members of the Senate Banking Committee.

In a prepared statement the former Office of Price Administration Chief said:

"For the past week efforts have been made by Representatives of the executive branch of the Government to present to committees of Congress facts about inflation and high prices. I think it is appropriate to report to this committee that in my judgment much precious time has been wasted. At least during my own experience on the other side of the Capitol, committee consideration was confined principally to abstract economic seminars, attempts to fix blame, and sheer politics."

Democratic Members Absent.

Only two members of the Senate committee were present when Porter started his testimony. They were Senators Capehart acting chairman in the absence of Senator Tobey (R.-N. H.), and Cain (R.-Wash.). Capehart observed that no Democratic members of the committee were there, "yet Congress has been called back by the President into extraordinary session" to consider price controls. He added:

"I would think members of his own party would be interested."

Porter said there was obviously room for differences of opinion as to the causes of high prices and inflation and the remedies to be pursued.

"However, I submit to this committee that the time for post-mortems and finger-pointing has expired," he said. "The President has submitted specific recommendations for immediate action. I do not appear to advocate this program as a partisan.

"I am not now concerned as to where responsibility lies for the immediate and disastrous threat that hangs over every American citizen. I am concerned only with whether measures can be agreed upon to attempt to do something about meeting the situation—a crisis which cannot tolerate inaction."

Capehart's Price Freeze Plan.

Capehart introduced a price freeze bill last December 13. It would have frozen all prices—manufacturers', wholesalers' and retailers'—at that date. He later amended the date to July 31, 1948.

He now proposes an amendment to give the President power, whenever he finds a "national emergency exists," to freeze prices for up to ninety days.

Porter said that "in the judgment of the executive branch" it is unnecessary to go as far as Capehart's bill would go.

Capehart challenged the sincerity of the administration in saying the situation is serious enough to call Congress back and then recommending only selective controls.

"You come here with a statement that the situation is serious. You used all the language in the dictionary to describe the seriousness of the situation," Capehart said.

"And I believe it," Porter interrupted.

"Then why don't you recommend freezing all prices?" Capehart demanded.

Capehart said the price of meat could not be controlled, for example, "without controlling the prices of everything that goes into it."

Senators Flanders (R. - Vt.), McCarthy (R.-Wis.), Cooper (R.-Ky.) and Sparkman (D.-Ala.) came into the hearing late.

Wisconsin Member Asks Action.

Representative Stevenson (R.-Wis.) told the House today that Congress should not quit and go home "until we have done something to curb the inflationary spiral." Ever increasing prices "are a plague on the American people," he said.

"If the President has emergency powers to reimpose controls over consumer credit to be exercised by the Federal Reserve System, let us spell it out for him and demand that he exercise his powers in that respect."

Congress Wastes Valuable Time, Porter Says

Washington, Aug. 2 (A. P.).—Porter, the Administration's anti-inflation chief, said today Congress has been wasting "much precious time" in its consideration of President Truman's economic program.

"Perhaps it is utopian to assume that there is any prospect of eliminating partisanship from the economic issues now before Congress," Porter told members of the Senate Banking Committee.

In a prepared statement the former Office of Price Administration chief said:

"For the past week efforts have been made by representatives of the Executive branch of the Government to present to committees of Congress facts about inflation and high prices.

"Sheer Politics" Charged

"I think it is appropriate to report to this committee that in my judgment much precious time has been wasted. At least during my own experience on the other side of the Capitol, committee consideration was confined principally to abstract economic seminars, attempts to fix blame, and sheer politics."

Only two members of the Senate committee were present when Porter started his testimony. They were Senators Capehart (R., Ind.) acting chairman in the absence of Senator Tobey (R., N.H.), and Cain (R., Wash.).

Capehart observed that no Democratic members of the committee were there, "yet Congress has been called back by the President into extraordinary session" to consider price controls. He added:

"I would think members of his own party would be interested."

Sees Disastrous Threat

Porter said there is obviously room for differences of opinion as to the causes of high prices and inflation and the remedies to be pursued.

"However, I submit to this committee that the time for post-mortems and finger-pointing has expired," he said. "The President has submitted specific recommendations for immediate action. I do not appear to advocate this program as a partisan.

"I am not now concerned as to where responsibility lies for the immediate and disastrous threat that hangs over every American citizen. I am concerned only with whether measures can be agreed upon to attempt to do something about meeting the situation—a crisis which cannot tolerate inaction."

Earlier, Senator McCarthy (R., Wis.) tried to stir the GOP leadership into action on housing, No. 2 on Mr. Truman's listing in his call for the "turnip-day" session.

Conference Sought

McCarthy wrote Senator Taft (R., Ohio), House Speaker Martin (R., Mass.) and others suggesting a conference to work out a compromise for the Taft-Ellender-Wagner bill passed by the Senate but stuck in House committee.

"I strongly feel that if this Congress adjourns without first having passed workable housing legislation, it will be an admission that we are not solving our No. 1 domestic problem," McCarthy told his congressional elders.

He said he agrees with a statement by Taft in the Senate last week that the T.-E.-W. bill " in its present form would add to the current inflationary trend."

Cites Six Points

But the Wisconsin Senator predicted a bill could be drafted which would (1) channel scarce building materials into low-cost homes, (2) give tax depreciation incentive for building such homes, (3) standardize building codes, (4) give veterans' co-operative expert assistance as well as loans, (5) broaden the market for FHA and veterans' loans, and (6) build some slum clearance housing.

The GOP leadership didn't look like it would be stirred on this issue, however. It seemed preoccupied with the problem of deciding whether to give Mr. Truman the installment buying and bank credit curbs he asked—and nothing else.

The Republicans got ready for formal moves in the Senate against a Southern Democratic filibuster, which has tied up a bill to ban state poll taxes in Federal elections.

May Seek Compromise

The moves, involving a try at limiting debate, were expected to fail. By Wednesday, GOP leaders may set the bill back on the shelf until next January or try for a compromise putting the poll tax question to the states as a constitutional amendment.

The poll-tax action—and what the Republicans decide to do about inflation—will determine whether the special session comes to an end this week or goes over into next.

Taft says he wants the lawmakers to quit Saturday. But he added it may be August 14 before they can get away.

PULP INDUSTRY FOR ALASKA

Ketchikan to Build Big Mill at Wards Cove

Washington, Aug. 2 (A. P.).—The Forest Service today accepted the bid of the Ketchikan Pulp & Timber Company to establish a paper industry in Alaska. The company agreed to buy 1,500,000,000 cubic feet of pulp timber near Ketchikan.

The action announced by C. M. Granger, acting chief forester, will result in establishment of a pulp mill costing $20,000,000 to $30,000,000 at Ward's Cove, six miles north of Ketchikan.

Efforts have been made for thirty years to establish paper mills in Alaska.

The company, an affiliate of the Puget Sound Pulp & Timber Company of Bellingham, Wash., submitted the only bid for the timber. It agreed to pay 85 cents a hundred cubic feet for timber cut for pulp prior to July 1, 1962; $3 a thousand board feet for spruce cut for other purposes besides pulp, $1.50 a thousand board feet for cedar and $2 a thousand board feet for saw logs of hemlock and other species.

The company's contract runs until June 30, 2002, and the agreed prices for the timber will be reexamined in 1962, and every five years thereafter to determine if they shall be changed.

While the contract calls for construction of a mill that will produce 150 tons of pulp a day within three years, 300 tons a day in five years and 525 tons a day ultimately, Forest Service officials said the company planned to construct a mill that will produce 500 tons of pulp a day at the start. The company said it will employ 1,200 workers when the mill is completed.

U. S. to Sell More Timber.

The sale is the first of five or six forest units in the Tongas National Forest which the Government plans to sell, calling for construction of mills in Alaska to establish a stable industry there.

The mills would work the year around.

The Forest Service said the total timber which will eventually be disposed of will amount to approximately 8,000,000,000 cubic feet and all will be cut on a sustained yields basis, furnishing timber for the mills in perpetuity.

The bulk of the timber bid on by the Ketchikan Company is on Prince of Wales Island, north of Hydaburg, Craig and Klawock. About 75 per cent of it is hemlock and the balance mainly Sitka spruce.

The Forest Service will supervise the cutting and the contract provides for the safeguarding of salmon spawning streams, preservation of scenic areas and prevention of stream pollution.

The company must qualify for a Federal water power license within one year and show assets to enable it to build the mill.

WHEAT SALE CHANCES GOOD

Possibility Of Heavy Export Seen In Washington

Washington, Aug. 2 (AP)—The Agriculture Department said today the United States may be able to sell at least 450,000,000 bushels of wheat abroad from this year's crop.

This is only 35,000,000 bushels short of last year's record shipments of 485,000,000. It is 75,000,000 bushels more than the Government had expected this country would be able to spare.

This favorable export outlook for 1948 was somewhat offset in the department's view by prospects for a sharp drop in exports and prices within another year or so.

This concern over future foreign markets was expressed by Charles F. Brannan, Secretary of Agriculture, before a closed session of the Senate Foreign Relations Committee. He said world production is rapidly recovering from the effects of the war.

Agreement Takes Up

The committee took up an Administration-backed international wheat agreement designed to stabilize future world markets by means of a stystem of export quotas and of maxmum and minimum prices.

At the regular session of Congress the Senate group pigeonholed the agreement.

The question of whether it is too late to ratify the document came before the Senate committee today. The deadline for ratification by the 35 nations which had signed it was last July 1. When the United States failed to ratify it by that date, Great Britain, Australia and New Zealand withdrew.

Brannan said he felt sure these countries could be persuaded to re-enter the agreement if this country approved it right away.

The committee asked Brannan to go over the document with it again tomorrow.

Surplus Possibility Seen

Department officials say that the treaty does not mean very much for American wheat farmers this year. That is because they have a ready market for their grain.

But officials said there is a possibility of a world surplus in another year or so. Without the agreement, they argued, that could cause a disastrous drop in prices and possibly a disappearance of markets abroad for this country's grain.

The agreement would assure the United States an annual export market for at least 185,000,000 bushels and an average farm price of not less than about $1.10 a bushel during the next five years.

In the 30's, exports dropped as low as 16,000,000 bushels a year and farm prices to 38 cents a bushel.

Favors Ratification

Senator Capper (R., Kan.), Agriculture Committee chairman, agreed with the department arguments.

He said in a statement that the Senate should ratify the agreement because it would provide an export outlet in event of a wheat surplus.

Capper said the country may face such a surplus in "a few years—perhaps not too many months."

He said it would be better to have "guaranteed markets" for 185,000,000 bushels of export wheat, as provided in the agreement, even though sold at some loss, than for the Government to have to take over the entire surplus.

40% Rail-Rate Cut Asked By Steel Firms

Pittsburgh, Aug. 2 (AP)—A 40 per cent reduction in railroad freight rates on iron and steel products moving from the Pittsburgh area to New York city and Detroit is asked by two United States Steel Corporation subsidiaries.

Proposing the reduction are Carnegie-Illinois Steel Corporation and the American Bridge Company.

United States Steel President Benjamin F. Fairless said the suggestion was made in letter sent yesterday to the heads of Eastern railroads.

"In anticipation of an increasing tendency by steel consumers to divert shipments which formerly moved by rail to other forms of transportation," Fairless said, "the railroads in their own interest should favor substantial reductions in their freight rates."

Under the old basing-point pricing system, the steel companies absorbed the freight costs. Under the new mill price the customer must pay the freight bill.

Fairless said Pittsburgh will decline as an important steel center "if unfair freight rates prevent the Pittsburgh steel mills from reaching the consuming markets of the country in the postwar period."

The United States Steel head said freight-rate reductions of the New York and Detroit areas would help boost distribution of steel products produced in Pittsburgh. This production accounts for two fifths of overall steel production in the United States.

Boys Forum Delegates Spend Day With Top Military Chiefs

Washington, Aug. 2 (AP)—Delegates to the third annual American Legion Boys Forum spent the day meeting top military leaders.

The highlight of their round of meetings was a talk with Gen. Omar Bradley, chief of staff of the Army.

Welcoming the youngsters to the Pentagon Building, the General said:

"I hope the world situation doesn't demand that too many of you have to come to work with us. Unfortunately, it isn't what we would like to have."

Referring to selective service, he said: "I hope your education isn't interfered with too much."

Later in the day they met John L. Sullivan, Secretary of the Navy, and Admiral Lewis E. Denfeld, chief of naval operations. Sullivan congratulated them on being selected to make the trip here.

Draw Up Platforms

He warned that decisions of their generation will be difficult.

"You must provide the leadership to guide our country through probably the most crucial period in our history," he told them.

They were welcomed to the National Press Club for dinner and talks on news coverage in the capital, by Jack Bell, of the Associated Press; Elmer Davis, of the American Broadcasting Company, and James Lucas, of the Scripps-Howard Syndicate.

Before starting on their day's tour, the delegates drew up platforms for the two political parties of the mythical government they have established.

The Nationalist platform consisted of twelve planks, and the Federalist's platform ten. Both were adopted after long wrangling over the issues that they should espouse.

Nationalist Program

The twelve-point Nationalist program:

1. Strong national defense.
2. Support Hawaiian and Alaskan statehood measures.
3. Federal-aid education appropriations, with a minimum of Federal Government control.
4. Free enterprise to solve housing problems.
5. Federal control of tidelands.
6. Intensified conservation of natural resources.
7. Indorse reciprocal trade.
8. Request Congress to sponsor a diplomatic school, in view of the complexity of international relations.
9. Support legislation for control of subversive elements.
10. Recommend that veterans benefits be revised from time to time to keep abreast of economic conditions.
11. Advocate amending of United Nations charter to outlaw use of veto in questions of aggression, arms for or against aggression and on question of admitting new members.
12. General accord with Taft-Hartley labor law and compulsory arbitration of labor disputes.

30.24- 19501

Federalist Program

The ten-point Federalist platform:

1. Support United Nations and direct the United States representatives to call together an international peace conference to strengthen the peace powers of the United Nations.

2. Continued support of the European Recovery Program.

3. Immediate action by Congress to curb inflation.

4. Universal military training until the United Nations is "a power for peace."

5. No laws should be passed that endanger the present conditions of minority races.

6. Congress should investigate the pitiful conditions of American Indians and correct these conditions.

7. Support anti-Communist provisions of the Taft-Hartley law, and repeal the remainder only when a more complete labor measure is presented.

8. Modification of the national building code to include prefabricated housing and slum clearance.

9. Indorse Constitutional legislation that would effectively stop the spread of un-American elements.

10. Support Federal aid for states so desiring.

AMERICAN, BRITISH AND FRENCH DIPLOMATS TALKED WITH PRIME MINISTER STALIN IN THE KREMLIN LAST (MON) NIGHT ABOUT CHANCES FOR SETTLING EAST-WEST DIFFERENCES.

EVEN BEFORE THEY ANSWERED THE AFTER-DINNER CALL TO THE WALLED CENTER OF THE SOVIET GOVERNMENT THERE WERE INDICATIONS OF AN EASING OF THE TENSE INTERNATIONAL SITUATION. AN AUTHORITATIVE SOURCE IN MOSCOW SAID PROGRESS ALREADY HAS BEEN MADE AMONG THE FOUR GREAT POWERS.

BRITISH DIPLOMATIC WRITERS SPECULATED THAT THE MEETING WITH STALIN SOON MIGHT LEAD TO A CONFERENCE OF STALIN, PRESIDENT TRUMAN, PRIME MINISTER ATTLEE AND FRENCH PREMIER ANDRE MARIE.

IN BELGRADE, RUSSIA UNFOLDED HER PLAN FOR PLACING THE DANUBE RIVER UNDER EXCLUSIVE CONTROL OF CENTRAL EUROPE'S COMMUNIST BLOC AND MADE IT PLAIN QUICK APPROVAL WILL BE SOUGHT REGARDLESS OF THE ACTION OF THE WESTERN POWERS.

ANDREI VISHINSKY, SOVIET DEPUTY FOREIGN MINISTER, CIRCULATED THE PROPOSED PACT AMONG THE DELEGATES OF 11 NATIONS IN THE YUGOSLAV CAPITAL SHORTLY AFTER NIPPING IN THE BUD A FRENCH SUGGESTION THAT MAJOR CONFERENCE DECISIONS BE REACHED BY A TWO-THIRDS VOTE.

APPROVAL OF THE RUSSIAN PROPOSAL, PROBABLY WITHOUT CHANGE, IS REGARDED AS A CERTAINTY, SINCE THE SOVIET BLOC HAS SEVEN VOTES AT THE CONFERENCE TO ONLY THREE FOR THE UNITED STATES, BRITAIN AND FRANCE.

A SEA AND AIR SEARCH CONTINUED FOR A HUGE SIX-ENGINED AIR FRANCE SEA PLANE MISSING ON A FLIGHT FROM MARTINIQUE IN THE WEST INDIES TO DAKAR IN WEST AFRICA. THERE WERE 52 PERSONS ABOARD THE SKY GIANT, WHICH LAST WAS HEARD FROM SUNDAY NIGHT, 1,200 MILES FROM DAKAR. THE SEARCH CENTERED OFF CAPE VERDE. AIR FRANCE SAID IT WAS GROUNDING ALL PLANES OF THAT TYPE.

IN BERLIN, AMERICAN PUBLIC SAFETY OFFICERS SAID THE RUSSIAN-BACKED POLICE HAD BEGUN AN ARREST-ON-SIGHT WAR AGAINST THEIR WESTERN SECTOR COUNTERPARTS. FOUR WESTERN SECTOR POLICE WERE ARRESTED OVER THE WEEK-END AND STILL ARE IN CUSTODY, THE OFFICIALS SAID.

THE U.S. AIR FORCE REVEALED THAT AMERICAN PLANES FLYING SUPPLIES TO BERLIN DURING JULY FLEW THE EQUIVALENT OF ALMOST 200 TIMES AROUND THE WORLD. AND THE AMERICAN MILITARY GOVERNMENT REPORTED THAT FOOD RATIONS IN THE AMERICAN AND BRITISH ZONES WERE THE HIGHEST SINCE THE WAR IN JULY.

ISRAEL FOREIGN MINISTER MOSHE SHERTOK THREATENED TO REOPEN THE PALESTINE WAR IF ARAB ARMIES CONTINUE TO BREAK THE UNITED NATIONS-ORDERED TRUCE. HE SAID THE EGYPTIANS HAD BEGUN A FULL-SCALE ATTACK IN THE SOUTH.

HE TOLD A TEL AVIV NEWS CONFERENCE "THE PRESENCE OF INVADING ARMIES ON THE BORDERS OF ISRAEL IS A CONTINUATION OF A STATE OF WAR AND IS QUITE INTOLERABLE."

IN ATHENS, GREEK PREMIER THEMISTOKLES SOUPHOULIS ANNOUNCED A SHAKE-UP IN THE GREEK ARMY HIGH COMMAND ON LINE WITH RECENT AMERICAN SUGGESTIONS FOR SPEEDING UP THE WAR AGAINST THE COMMUNIST-LED GUERRILLAS OF MARKOS VAFIADES.

SOUPHOULIS DISCLOSED THAT THE DEPUTY CHIEF OF STAFF, LT.GEN. STYLIANOS KITRILAKIS IS PROCEEDING TO THE NORTHERN FRONT TO ASSUME COMMAND OF THE GRAMMOS MOUNTAINS OFFENSIVE. HE ANNOUNCED ALSO THAT LT.GEN.PANOS KALOGEROPOULOS, COMMANDER OF THE SECOND CORPS IN THAT AREA, HAS BEEN GRANTED A "MONTH'S LEAVE."

THE GENERAL STAFF SAID THAT GOVERNMENT TROOPS OCCUPIED HALF THE SMOLIKA RANGE TODAY IN A NEW ADVANCE INTO GUERRILLA TERRITORY NEAR THE ALBANIAN BORDER.

BY THE ASSOCIATED PRESS

WESTERN DIPLOMATS IN MOSCOW HAVE ASKED FOR AN INTERVIEW WITH PRIME MINISTER STALIN AND MAY SEE HIM SHORTLY, QUALIFIED SOURCES SAID TODAY.

THREE LONDON NEWSPAPERS REPORTED STALIN HAD AGREED TO TALK TONIGHT WITH THE AMERICAN, BRITISH AND FRENCH ENVOYS OVER THE EAST-WEST CRISIS THAT INCLUDES BLOCKADED BERLIN.

THERE WERE HINTS IN THE GERMAN CAPITAL THE RUSSIANS ARE READY TO TALK BUSINESS.

MOSCOW REPORTED THE WESTERN DIPLOMATS AND RUSSIANS ALREADY HAVE MADE PROGRESS AND "DEFINITELY CONTRIBUTED TOWARD EASING THE TENSE INTERNATIONAL SITUATION." THE AMBASSADORS WERE STANDING BY FOR A CALL FROM THE KREMLIN AND KEEPING THEIR MOUTHS SHUT.

PURPOSES OF THE MOSCOW TALKS WERE REPORTED TO BE THE EASING OF THE RUSSIAN BLOCKADE OF BERLIN AND ESTABLISHING A BASIS FOR FUTURE FOUR-POWER TALKS. A GOOD AUTHORITY IN MOSCOW SAID THERE APPEARS TO BE A GOOD CHANCE BOTH OBJECTIVES WILL BE WORKED OUT.

THE BERLIN BLOCKADE STARTED IN JUNE. THE RUSSIANS BARRED ACCESS THROUGH THEIR SURROUNDING ZONE BY RAILWAY, ROAD AND CANAL. THE WESTERN POWERS HAVE BEEN FLYING IN ENOUGH FOOD FOR THEIR 2,000,000 OR MORE BERLIN GERMANS, BUT COAL HAS BECOME INCREASINGLY SHORT. RUSSIAN NEWSPAPERS IN BERLIN SAID THE SQUEEZE WILL CONTINUE UNLESS THE ANTI-COMMUNIST ELECTED CITY GOVERNMENT YIELDS TO THE MINORITY COMMUNIST DEMAND FOR ECONOMIC CONTROL OF THE WHOLE CITY. THE REDS ALSO INDICATED THAT ACCOUNTS HELD IN BANKS IN THE RUSSIAN SECTOR BY WESTERN BERLINERS MAY NEVER BE RELEASED EXCEPT AT THE PLEASURE OF THE ECONOMIC COMMISSION OF THE SOVIET ZONE.

U.S. AND BRITISH ZONE RATIONS INCREASED TO 1,990 CALORIES A DAY, ABOUT A FOURTH HIGHER THAN AT THE START OF THE YEAR, BECAUSE OF GOOD CROPS, MONEY REFORM AND THE MARSHALL PLAN.

THE LONDON STAR SAID THE WESTERN DIPLOMATS WILL TALK WITH STALIN ABOUT THE BLOCKADE AND OTHER INTERNATIONAL AFFAIRS. THE BRITISH PRESS ASSOCIATION SAID THE MEETING "MAY LEAD TO DEVELOPMENTS OF THE UTMOST IMPORTANCE," PERHAPS A MEETING OF STALIN, PRESIDENT TRUMAN, PRIME MINISTER ATTLEE AND FRENCH PREMIER ANDRE MARIE.

"THEY (THE AMBASSADORS) BELIEVE IT IS VITAL IN THE PRESENT STATE OF INTERNATIONAL RELATIONS THAT THERE SHOULD BE NO MISUNDERSTANDING ABOUT THE FOREIGN POLICY OF THE MAJOR POWERS," THE STAR SAID, "IN THIS SPIRIT, STALIN WILL BE CLEARLY TOLD THE ATTITUDE OF THE WESTERN NATIONS."

INVESTIGATING SENATORS STUDIED MORE CLOSELY THE CHARGES THAT RUSSIA'S WARTIME SPYING REACHED ALL THE WAY TO THE WHITE HOUSE, EVEN WHILE PRESIDENT ROOSEVELT WAS POURING $12,000,000,000 IN LEND-LEASE INTO RUSSIA.

A UNITED NATIONS REFUGEE REPORT SAID THE 300,000 OR MORE PALESTINE ARAB REFUGEES FACE DISEASE AND HUNGER. COUNT FOLKE BERNADOTTE, U. N. MEDIATOR, CONTENDS THE ARABS SHOULD BE ALLOWED TO GO HOME IMMEDIATELY, DESPITE JEWISH OBJECTIONS. THE JEWS FOR THEIR PART COMPLAIN THAT 10,000 OF THEIR PEOPLE STILL ARE DETAINED ON CYPRUS. THE U. N. CONSIDERS THE REFUGEE PROBLEM TODAY.

YUGOSLAVIA FIRED ITS AMBASSADOR TO ROMANIA BECAUSE HE SIDED WITH THE COMINFORM AGAINST PREMIER MARSHAL TITO.

IN GREECE, THE COMMUNISTS WERE DRIVEN FROM STRATEGIC KLEPTIS HEIGHTS IN THE LONG BATTLE FOR THE GRAMMOS MOUNTAINS NEAR ALBANIA.

ACROSS THE ADRIATIC, PALMIRO TOGLIATTI ASSERTED HE IS RETIRING FROM POLITICS UNTIL HE RECOVERS FROM WOUNDS. THE HUNGARIAN PARLIAMENT MET TO ACCEPT THE RESIGNATION OF PRESIDENT ZOLTAN TILDY, A SMALLHOLDER WHO TRIED AND FAILED TO DO BUSINESS WITH THE COMMUNISTS

THE SOUTH ATLANTIC WAS SCOURED FOR A FRENCH PLANE WHICH VANISHED WITH 52 PERSONS ABOARD.

CHINESE COMMUNISTS THREW 200,000 TROOPS AROUND TSINAN, CAPITAL OF SHANTUNG PROVINCE. IN SHANGHAI, REFUGEE CHOW NAN-FU SOLD HIS WIFE FOR 55,000,000 CHINESE DOLLARS AND SHE HAD THE BUYER ARRESTED. ALL THAT AMOUNTS TO ONLY $6.50 IN AMERICAN MONEY, HOWEVER.

BERLIN, AUG.2-(AP)-MANY RUSSIANS, INCLUDING ENTIRE FAMILIES, HAVE MOVED OUT OF THE RUSSIAN HEADQUARTERS COMPOUND IN SUBURBAN KARLSHORST IN RECENT WEEKS, THE BRITISH-LICENSED NEWSPAPER DAILY TELEGRAPH REPORTED TODAY.

THE AREA OF THE FENCED-IN COMPOUND HAS BEEN REDUCED, AND BETWEEN 300 AND 400 HOUSES UNDER SOVIET REQUISITION HAVE BEEN TURNED BACK TO THE GERMANS, IT SAID. THE WITHDRAWAL HAS BROUGHT MANY RUMORS, THE MOST REASONABLE OF WHICH IS THAT THE RUSSIANS WANT TO RETURN GROWING RUSSIAN BOYS AND GIRLS TO RUSSIAN SURROUNDINGS, THE NEWSPAPER SAID.

BERLIN, AUG. 2-(AP)-WESTERN DIPLOMATS WERE REPORTED STRIVING TODAY FOR A MEETING WITH PRIME MINISTER STALIN ON THE BERLIN CRISIS AMID HINTS THAT THE RUSSIANS ARE READY TO TALK BUSINESS.

A WELL INFORMED DIPLOMATIC SOURCE IN LONDON SAID AMERICAN, BRITISH AND FRENCH DIPLOMATS ASKED TO SEE STALIN WHEN THEY MET WITH SOVIET FOREIGN MINISTER V.M. MOLOTOV IN MOSCOW SATURDAY NIGHT.

THE INFORMANT COULD NOT SAY WHETHER STALIN HAD AGREED TO SUCH A MEETING. THE LONDON DAILY MAIL SAID TODAY MOLOTOV AGREED TO CONSIDER THE REQUEST AND THAT THE THREE ENVOYS WILL SEE MOLOTOV AGAIN "WITHIN THE NEXT 24 HOURS."

"BY THEN IT WILL BE KNOWN WHETHER MARSHAL STALIN IS TO JOIN IN THE DISCUSSIONS," THE MAIL SAID.

U.S. AMBASSADOR WALTER BEDELL SMITH AND FRANK ROBERTS, SPECIAL BRITISH ENVOY CALLED ON MOLOTOV SEPARATELY TO PRESENT PROPOSALS WORKED OUT AT DIPLOMATIC CONFERENCES IN LONDON FOR ENDING THE SOVIET BLOCKADE OF BERLIN.

FRENCH SOURCES IN MOSCOW INDICATED THAT YVES CHATAIGNEAU, THE FRENCH AMBASSADOR, ALSO CALLED ON MOLOTOV, WHO RETURNED TO THE SOVIET CAPITAL SATURDAY FROM A VACATION.

THE THREE DIPLOMATS HAD BEEN BRIEFED TO CONDUCT EXPLORATORY TALKS TO OPEN THE WAY FOR BROADER CONFERENCES ON EAST-WEST DIFFERENCES IN GERMANY AND ALL EUROPE.

MOSCOW DISPATCHES INDICATED THERE WILL BE NO NEW DEVELOPMENTS IN THE WESTERN POWERS APPROACH TO RUSSIA UNTIL EARLY NEXT WEEK. EXPERIENCED MOSCOW OBSERVERS WERE SAID TO FEEL THAT THE RUSSIANS WILL GIVE CAREFUL THOUGHT TO THEIR REPLY. AUTHORITATIVE SOURCES THERE WERE SAID TO FEEL, HOWEVER, THAT THERE IS A CHANCE A FOUR-POWER CONFERENCE ON EUROPEAN PROBLEMS MAY BE HELD IN PARIS NEXT MONTH.

THE FACT THAT MOLOTOV RETURNED SATURDAY AND ARRANGED PROMPTLY TO RECEIVE THE WESTERN REPRESENTATIVES WAS TAKEN IN LONDON AS A SIGN THAT THE RUSSIANS ARE READY TO TALK.

30.24- 19503

IN BERLIN, HOWEVER, THE RUSSIANS:
1. THREATENED WESTERN BERLINERS THROUGH THEIR OFFICIAL PRESS WITH EXTENSION OF THE BLOCKADE INTO WINTER UNLESS THE ELECTED CITY GOVERNMENT YIELDS TO COMMUNIST DEMANDS FOR ECONOMIC CONTROL OVER THE ENTIRE CITY.
2. INDICATED THAT ACCOUNTS HELD IN BANKS IN THE RUSSIAN SECTOR BY WESTERN BERLIN BUSINESSES AND INDUSTRIES, FROZEN DURING THE RECENT CURRENCY EXCHANGE, MIGHT NEVER BE RELEASED EXCEPT AT THE PLEASURE OF THE COMMUNIST-RULED ECONOMIC COMMISSION. THE SOCIALIST PRESS CALLED THE MOVE "A MONEY BLOCKADE."

AMERICAN MILITARY GOVERNMENT OFFICIALS SAID ONE RESULT OF THE MONEY BLOCKADE WAS THAT BERLIN WORKERS, PARTICULARLY THOSE IN THE LOW WAGE LEVELS, WERE RUNNING OUT OF CASH TO BUY FOOD AND OTHER NECESSITIES.

BY RICHARD KASISCHKE

(ADVANCE)..BERLIN, AUG. 2-(AP)-THE 40,000,000 GERMANS IN THE COMBINED BRITISH-AMERICAN ZONES NOW ARE GETTING THE HIGHEST FOOD RATIONS SINCE OCCUPATION BEGAN, AMERICAN MILITARY GOVERNMENT SIAD TODAY.

AMG, IN A SEMI-MONTHLY REPORT ON OCCUPATION AFFAIRS, SAID THREE FACTORS ARE CHIEFLY RESPONSIBLE FOR THIS: IMPROVED CROPS, CURRENCY REFORM AND AID FROM THE EUROPEAN RECOVERY PROGRAM.

THE IMPROVED FOOD SITUATION ALSO WAS GIVEN THE MAIN CREDIT FOR BOOSTING RUHR COAL PRODUCTION TO A NEW POSTWARD RECORD DURING JULY AND FOR PUSHING OVERALL INDUSTRIAL PRODUCTION IN BIZONIA BACK TO THE POSTWAR HIGH ESTABLISHED IN APRIL.

THE ACTUAL FOOD ISSUE TO THE NORMAL CONSUMER IN BIZONIA DURING JULY JUMPED TO 1,990 CALORIES PER DAY, THE AMG REPORT SAID. THIS IS THE HIGHEST BASIC RATION YET ATTAINED IN POSTWAR GERMANY.

THE OFFICIAL RATION FOR THE NORMAL CONSUMER--THE LOWEST RATION GROUP--WAS ONLY 1,550 CALORIES AT THE START OF THE YEAR, AND EVEN THAT WAS NOT MET IN SOME CITIES. SEVERAL GROUPS, INCLUDING VARIOUS CLASSES OF WORKERS, GET SUBSTANTIALLY MORE THAN THE 1,990 CALORIES BASIC RATION.

"THE JULY RATION WAS BY FAR THE HIGHEST ISSUED SINCE THE OCCUPATION BEGAN IN MID-1945," SAID RAYMOND IOANES, AMG FOOD AND AGRICULTURE CHIEF. "IT IS PROBABLY THE BEST THE GERMANS HAVE HAD SINCE EARLY 1944, THE LAST FULL YEAR OF THE WAR."

IOANES SAID THE CURRENT BIZONIA RATION WAS NOT ONLY THE HIGHEST IN GERMANY, BUT HE ESTIMATED IT WAS 40 TO 50 PERCENT HIGHER THAN THAT ISSUED TO THE 17,000,000 GERMANS IN THE RUSSIAN OCCUPATION ZOME. HE SAID SOVIET ZONE RATIONS FOR THE NORMAL CONSUMER RANGE BETWEEN 1,300 AND 1,400 CALORIES PER DAY.

"YOU CAN'T FEED A BIG RUSSIAN OCCUPATION ARMY OFF THE LAND, SHIP FOOD OUT OF THE ZONE AND STILL FEED THE GERMANS WELL," IOANES COMMENTED.

HE ESTIMATED THAT FOR AUGUST THE BASIC BIZONIA RATION WILL BE AT LEAST 1,750 CALORIES AND WOULD REMAIN NEAR 1,900 OF POTATO DELIVERIES FROM FARMS CONTINUE HIGH.

ROME, AUG. 2-(AP)-SENATOR PIETRO SECCHIA AND DEPUTY LUIGI LONGO TOOK OVER THE LEADERSHIP OF ITALY'S COMMUNIST PARTY TODAY.

THE REGULAR LEADER, PALMIRO TOGLIATTI, ANNOUNCED YESTERDAY HIS RETIREMENT FROM POLITICS UNTIL HE RECOVERS FROM WOUNDS SUFFERED AT THE HANDS OF A WOULD-BE ASSASSIN. TOGLIATTI LEFT THE HOSPITAL SATURDAY.

BOTH SECCHIA AND LONGO ARE KNOWN AS FIREBRANDS. THEY CALLED THE 36-HOUR GENERAL STRIKE OF JULY 15-16 IN VIOLENT PROTEST AGAINST THE ATTEMPT ON TOGLIATTI'S LIFE BY A SICILIAN STUDENT. MORE THAN 20 PERSONS WERE KILLED AND SEVEN HUNDRED WOUNDED IN THAT STRIKE.

WRITING IN L'UNITA, THE COMMUNIST NEWSPAPER, TOGLIATTI SAID YESTERDAY THE ATTEMPT ON HIS LIFE JULY 14 DEMONSTRATED THERE ARE FORCES IN ITALY TRYING TO "SPREAD THE FIRE OF CIVIL WAR."

LONGO, IN A SPEECH BEFORE THE CHAMBER OF DEPUTIES LAST FRIDAY, DECLARED THE COMMUNISTS WOULD NOT BALK AT REVOLUTION IF THE TIME WAS RIPE AND "IF WE THOUGHT THERE WAS NO OTHER WAY TO INSURE FREEDOM FOR THE ITALIAN PEOPLE." PREMIER ALCIDE DE GASPERI REPLIED THAT ANY UPRISING WOULD BE MET BY "ALL THE STATE'S FORCES AND OUR BREASTS."

Geneva, Switzerland, Aug. 2--(ap)--The Yugoslav government has requested the international refugee organization to close its Belgrade office, it was learned here today.

AUG 1948

The office has been operated the past year by Dr. Kenneth Sinclair-Loutit, British health specialist who resigned recently for personal reasons.

He advised the government of premier marshal Tito on the operations of Yugoslav liaison missions with refugee authorities in the western zones of germany and in austria. He also acted as liaison officer in Yugoslavia for the return of refugees from

camps under IRO [redacted] (caps) control.

AUG 1948

Francis Blanchard, head of the refugee organization's [redacted] repatriation division plans to visit Belgrade soon to discuss issues arising out of the government's [redacted] decision with Yugoslav authorities. These problems include the future supervision and feeding of homeward bound Yugoslav refugees and future contacts with yugoslav missions in the western zones.

During the past 18 months, the IRO has sponsored the return to Yugoslavia of 5,291 yugoslav refugees from a total of 27,000 yugoslavs in european displaced persons camps.

Yugoslav officials frequently have criticised the IRO, claiming its activities stress the overseas resettlement of refugees rather than their repatriation.

HE SAID "THERE IS ALSO MALARIA IN SOME AREAS IN SOME SEASONS."
IF THE ARABS CANNOT BE SENT BACK TO THEIR HOMES IN PALESTINE, SIR RAPHAEL SAID THEY WILL BE RESETTLED "AND SETTLEMENT SO FAR HAS BEEN A DIFFICULT PROBLEM." THE UNITED NATIONS SECURITY COUNCIL IS CONSIDERING THE REFUGEE PROBLEM IN LAKE SUCCESS TODAY.

SIR RAPHAEL IS ACCOMPANYING COUNT FOLKE BERNADOTTE, THE U.N. MEDIATOR, ON A SIX-DAY TOUR OF PALESTINE AND NEARBY ARAB COUNTRIES. SIR RAPHAEL SAID HE HOPES TO SET UP A PLAN FOR MEETING THE REFUGEES' IMMEDIATE NEEDS WITHIN A WEEK.

THE IMMEDIATE OBJECTIVE, HE SAID, IS TO FIND OUT HOW MANY REFUGEES THERE ARE, WHERE THEY ARE AND HOW THEY ARE DISPERSED. HIS COMMENTS WERE MADE AT BERNADOTTE'S HEADQUARTERS ON THE ISLAND OF RHODES.

BERNADOTTE SAID YESTERDAY THAT HE HAS RECOMMENDED TO THE U.N. SECURITY COUNCIL THAT ARAB REFUGEES BE PERMITTED FREELY TO RETURN TO THEIR HOMES IN JEWISH-HELD AREAS OF PALESTINE DURING THE PRESENT TRUCE REGARDLESS OF JEWISH OBJECTIONS.

HE SAID THAT IF THE COUNCIL DOES NOT COMPEL THE JEWS TO ACCEPT THE ARAB REPATRIATION, INTERNATIONAL RELIEF ORGANIZATIONS ARE EXPECTED TO EXTEND AID TO COUNTRIES WHERE THE REFUGEES ARE SHELTERED.

BERNADOTTE SAID HIS CURRENT TOUR WILL BE DEVOTED MAINLY TO ATTEMPTS TO SETTLE THE PROBLEMS OF THE REFUGEES AND JERUSALEM. BOTH ARABS AND JEWS, HE SAID, HAVE ACCEPTED IN PRINCIPLE THE DEMILITARIZATION OF JERUSALEM. BUT HE SAID:

"JERUSALEM'S DEMILITARIZATION CANNOT BE EFFECTED WITHOUT AN INTERNATIONAL POLICE FORCE AND TO BUILD UP SUCH A FORCE MIGHT TAKE AS LONG AS TWO MONTHS."

BERNADOTTE PLANS TO CONFER WITH KING ABDULLAH OF TRANS-JORDAN IN THE AMMAN CAPITAL TODAY ON THESE TWIN PROBLEMS. LATER TODAY HE IS SCHEDULED TO FLY TO JERUSALEM, ALEXANDRIA TOMORROW, TEL AVIV AND HAIFA THURSDAY AND RETURN TO HIS HEADQUARTERS ON RHODES FRIDAY.

IN JERUSALEM, DR. DANIEL AUSTER, MAYOR OF THE CITY'S JEWISH PORTION, SAID ALL THE HOLY CITY'S 100,000 JEWISH INHABITANTS SUPPORT A DEMAND THAT MODERN JERUSALEM BE INCLUDED IN THE TERRITORY OF THE STATE OF ISRAEL.

IN OTHER PALESTINE DEVELOPMENTS:

1. EXPLOSIONS ROCKED TWO DEPARTMENT STORES IN DOWNTOWN CAIRO YESTERDAY, INJURING SEVERAL PERSONS. THE INTERIOR MINISTRY PROMPTLY OFFERED A $40,000 REWARD FOR INFORMATION LEADING TO THE ARREST OF PERSONS RESPONSIBLE FOR "ALL EXPLOSIONS AND ATTACKS ON PEOPLE AND PROPERTY IN RECENT DAYS."

2. TWO BELGIAN OFFICERS OF THE U.N. TRUCE OBSERVERS' STAFF WERE SLIGHTLY INJURED YESTERDAY WHEN THE FIRST U.N. FOOD CONVOY FROM TEL AVIV TO JERUSALEM WAS FIRED ON.

3. IN TEL AVIV, MRS. GOLDA MEYERSON, ISRAEL'S AMBASSADOR TO RUSSIA, SAID SHE IS GOING TO MOSCOW IN TWO WEEKS AND THAT THE SOVIET AMBASSADOR TO ISRAEL WILL ARRIVE IN TEL AVIV BY THAT TIME.

EASTERN STANDARD TIME). THEY HAD LEFT THEIR VARIOUS RESIDENCES WHILE THE KREMLIN'S BELLS WERE RINGING OUT.

SMITH ENTERED THE FORTRESS-LIKE STRUCTURE ALONE, AS IS HIS USUAL CUSTOM WHEN MEETING WITH SOVIET OFFICIALS. HE USES THEIR TRANSLATORS. ROBERTS WAS ACCOMPANIED BY HUGH LUNGHI, A BRITISH EMBASSY ATTACHE WHO HAS TRANSLATED FOR HIGH BRITISH OFFICIALS IN PREVIOUS INTERVIEWS WITH STALIN. CHATAIGNEAU ALSO TOOK ALONG A TRANSLATOR.

IT WAS NOT KNOWN WHETHER THE TALKS WITH STALIN WILL BE ON AN INDIVIDUAL OR GROUP BASIS. PREVIOUSLY IT HAS BEEN CUSTOMARY FOR THE RUSSIAN LEADER TO SEE REPRESENTATIVES FROM THE WESTERN POWERS INDIVIDUALLY.

THE WESTERN DIPLOMATS REPORTEDLY WILL SEEK NOT ONLY AN EASING OF THE BERLIN CRISIS BUT WILL ATTEMPT TO ESTABLISH A BASIS FOR FUTURE FOUR POWER NEGOTIATIONS ON GERMANY AND PERHAPS OTHER OUTSTANDING WORLD ISSUES. THEY TALKED INDIVIDUALLY WITH SOVIET FOREIGN MINISTER V.M.MOLOTOV SATURDAY.

THE AMERICAN EMBASSY MADE NO STATEMENT CONCERNING FOUR POWER TALKS. IT WOULD NEITHER CONFIRM NOR DENY OPTIMISTIC REPORTS THIS REPORTER RECEIVED FROM AN AUTHORITATIVE SOURCE.

30.24- 19507

AS CABLES FLEW BACK AND FORTH BETWEEN MOSCOW, LONDON, WASHINGTON AND PARIS NONE OF THE PRINCIPALS COULD BE CHARGED WITH PESSIMISM.

IT WAS OBVIOUS THE MEETING OF THE DIPLOMATS WITH STALIN HAD BEEN ARRANGED WHEN SMITH, ROBERTS AND CHATAIGNEAU KEPT THEMSELVES FREE FROM ANY OTHER ENGAGEMENTS AFTER DINNER.

THIS APPARENTLY WAS SMITH'S THIRD FORMAL INTERVIEW WITH STALIN. HE SAW THE RUSSIAN LEADER FOR A LONG TALK SHORTLY AFTER HIS ARRIVAL HERE AND THEN SAW HIM TOGETHER WITH SECRETARY OF STATE MARSHALL DURING THE MOSCOW MEETING OF THE COUNCIL OF FOREIGN MINISTERS IN THE SPRING OF 1947.

ROBERTS, IN HIS FORMER CAPACITY AS MINISTER AND COUNSELLOR OF THE BRITISH EMBASSY HERE, ACCOMPANIED THE BRITISH AMBASSADOR MANY TIMES IN TALKS WITH STALIN. CHATAIGNEAU WILL BE SEEING STALIN FOR THE FIRST TIME, SINCE HE ARRIVED HERE ONLY A FEW WEEKS AGO.

MOSCOW, AUG 2-(AP)-DIPLOMATS OF THE U.S., BRITAIN AND FRANCE VISITED THE KREMLIN TONIGHT, OBVIOUSLY FOR AN INTERVIEW WITH PRIME MINISTER STALIN SEEKING A BASIS TO SOLVE EAST-WEST DIFFERENCES.

WALTER BEDELL SMITH, U.S. AMBASSADOR, ENTERED THE KREMLIN ALONE AT 8:49 P.M. (1249 P.M. EST), A MINUTE AFTER THE SPECIAL BRITISH ENVOY, FRANK ROBERTS, HAD GONE THROUGH THE GATES. FRENCH AMBASSADOR YVES CHATAIGNEAU AND A TRANSLATOR WENT INTO THE SEAT OF THE RUSSIAN GOVERNMENT WITHIN THREE MINUTES.

ROBERTS WAS ACCOMPANIED BY HUGH LUNGHI, BRITISH EMBASSY ATTACHE, WHO HAS TRANSLATED FOR HIGH BRITISH OFFICIALS IN PREVIOUS INTERVIEWS WITH STALIN. SMITH CUSTOMARILY USES RUSSIAN TRANSLATORS.

THE NIGHT WAS BRIGHT BLUE AND FAIRLY WARM, AFTER SEVERAL DAYS OF EXTREME COLD.

-U.S. AMBASSADOR WALTER BEDELL SMITH ENTERED THE KREMLIN AT 8:49 P.M. TONIGHT (1:49 P.M. EST), OBVIOUSLY FOR AN INTERVIEW WITH PRIME MINISTER STALIN ON EAST-WEST DIFFERENCES.

FRANK ROBERTS, PRIVATE SECRETARY TO BRITISH FOREIGN SECRETARY ERNEST BEVIN AND ACTING BRITISH AMBASSADOR, AND FRENCH AMBASSADOR YVES CHATAIGNEAU ALSO WERE EXPECTED SHORTLY AT THE SEAT OF THE RUSSIAN GOVERNMENT.

THEY TOO ARE SEEKING A SOLUTION OF DIXFERENCES WITH RUSSIA OVER

T

THEY TOO ARE SEEKING A SOLUTION OF DIFFERENCES WITH RUSSIA OVER THE BERLIN BLOCKADE AND OTHER GERMAN AND WORLD PROBLEMS.

DIPLOMATIC DEVELOPMENTS HERE HAVE CONTRIBUTED TOWARD EASING THE TENSE INTERNATIONAL SITUATION. AUTHORITATIVE QUARTERS SAID PROGRESS ALREADY HAS BEEN MADE AMONG THE GREAT POWERS.

THE AMBASSADORS OF THE UNITED STATES AND FRANCE AND BRITAIN'S ACTTING AMBASSADOR, FRANK ROBERTS, PREPARED THIS AFTERNOON FOR THE VISIT TO THE KREMLIN, THE SEAT OF THE SOVIET GOVERNMENT.

(A STRICT OFFICIAL SILENCE WAS OBSERVED BY THE U.S. STATE DEPARTMENT AND BRITISH AND FRENCH FOREIGN OFFICES ON ALL ASPECTS OF THE CRUCIAL WESTERN EFFORTS IN MOSCOW TO REACH A EUROPEAN SETTLEMENT WITH RUSSIA. BRITISH OFFICIALS SAID THAT ANY LEAKAGE OF INFORMATION ABOUT WHAT THE WESTERN POWERS ARE PROPOSING MIGHT RUIN THE OUTCOME OF THE MOSCOW TALKS. BRITISH DIPLOMATIC WRITERS, HOWEVER, SPECULATED THE WESTERN REQUEST FOR AN INTERVIEW WITH STALIN MIGHT LEAD SOON TO A MEETING OF THE BIG FOUR CHIEFS OF STATE).

THE DIPLOMATS ARE EXPECTED TO BE INVITED, EITHER SINGLY OR IN A GROUP, TO AN INTERVIEW WITH PRIME MINISTER STALIN.

THE WESTERN REPRESENTATIVES ARE WALTER BEDELL SMITH OF THE U.S. FRANK ROBERTS, SPECIAL BRITISH ENVOY, AND YVES CHATAIGNEAU OF FRANCE.

THEY ARE TO PRESENT THE LATEST APPROACH OF THE WESTERN POWERS TO THE BERLIN BLOCKADE AND GERMAN QUESTIONS.

IT WAS APPARENT AT THE AMERICAN, BRITISH AND FRENCH EMBASSIES THIS MORNING THAT THE THREE ENVOYS WERE STANDING BY FOR SOME DEVELOPMENT.

IF STALIN SHOULD AGREE TO SEE THE ENVOYS AND FOLLOWED PREVIOUS ROUTINE, THEY PROBABLY WOULD SEE HIM INDIVIDUALLY AND IN THIS ORDER: AMERICAN AMBASSADOR WALTER BEDELL SMITH, FRANK ROBERTS, SPECIAL BRITISH ENVOY, AND YVES CHATAIGNEAU, THE FRENCH AMBASSADOR.

(THE LONDON STAR AND OTHER NEWSPAPERS REPORTED TODAY THAT THE THREE DIPLOMATS WILL MEET STALIN TONIGHT TO DISCUSS THE BERLIN CRISIS AND OTHER INTERNATIONAL AFFAIRS.)

(IN WASHINGTON, THE STATE DEPARTMENT HAD NO IMMEDIATE COMMENT ON PRESS REPORTS CONCERNING DEVELOPMENTS IN MOSCOW. OFFICIALLY, THE INFORMATION LID WAS CLAMPED DOWN PENDING RECEIPT BY THE DEPARTMENT OF DISPATCHES FROM ITS DIPLOMATIC REPRESENTATIVES ABROAD. SUCH DISPATCHES WHEN RECEIVED HAVE TO BE DECODED, A PROCESS THAT TAKES TIME AND CAUSES DELAY IN OFFICIAL DISCLOSURES.

(IN THE ABSENCE OF PRESIDENT TRUMAN IN MISSOURI, THERE WAS NO WORD AT THE WHITE HOUSE CONCERNING THE PROSPECTIVE TALKS WITH STALIN OR ON OTHER INTERNATIONAL AFFAIRS).

THE AMERICAN EMBASSY WOULD NOT COMMENT ON REPORTS THAT THE THREE ENVOYS HAD REQUESTED AN INTERVIEW WITH STALIN. IT WOULD MAKE NO STATEMENT ON THE FOUR-POWER TALKS.

BUT THIS REPORTER LEARNED THAT THERE HAVE BEEN DIPLOMATIC DEVELOPMENTS HERE WHICH HAVE DEFINITELY CONTRIBUTED TOWARD EASING THE TENSE INTERNATIONAL SITUATION. (THIS DISPATCH DID NOT GIVE FURTHER DETAILS OF THE DEVELOPMENTS.)

IT WAS LEARNED IN AUTHORITATIVE QUARTERS THAT PROGRESS ALREADY HAS BEEN MADE AMONG THE FOUR GREAT POWERS.

THE PURPOSES OF THE CURRENT MOSCOW TALKS WERE AUTHORITATIVELY REPORTED TO BE:

1. EASING OF THE BERLIN SITUATION.
2. ESTABLISHING A BASIS FOR FUTURE FOUR POWER TALKS--PROBABLY ON THE FOREIGN MINISTERS LEVEL--ON GERMANY AND PERHAPS OTHER OUSTANDING WORLD ISSUES.

IT WAS LEARNED ON HIGH AUTHORITY THAT NO ULTIMATUM HAS BEEN PRESENTED TO THE SOVIETS BY THE WESTERN POWERS.

A GOOD AUTHORITY TOLD THIS REPORTER THERE APPEARS TO BE A GOOD CHANCE OF BOTH OBJECTIVES BEING WORKED OUT AMONG THE FOUR GREAT POWERS.

HAVANA, CUBA, AUG.2-(AP)-PRESIDENT JOSE MANUEL CASANOVA OF THE CUBAN SUGAR ASSOCIATION SAID TONIGHT SALE OF 240,000 TONS OF SUGAR TO THE U.S.ARMY HAD BEEN "PRACTICALLY COMPLETED."

"A DELEGATION FROM THE CUBAN SUGAR INDUSTRY WILL BE IN WASHINGTON TOMORROW TO CLOSE THE DEAL," HE SAID. "THE U.S.ARMY ASKED TO BUY THE SUGAR, AND WE AGREED TO SELL, SO IT IS PRACTICALLY SOLD. A CONTRACT AND DETAILS WILL BE WORKED OUT IN WASHINGTON."

HE SAID THE CUBAN SUGAR STABILIZATION INSTITUTE HAD ALSO RELEASED 173,000 TONS OF SUGAR FOR INCREASED CONSUMPTION REQUIREMENTS OF THE UNITED STATES.

THE ARMY IS BUYING THE SUGAR FOR USE IN OCCUPIED AREAS. PREVIOUSLY IT HAD PURCHASED 1,000,000 TONS FROM CUBA FOR THE SAME PURPOSE.

VANCOUVER, B.C., TUESDAY, AUG.3-(AP)-THE VANCOUVER NEWS-HERALD SAID IN A FRONT-PAGE STORY TODAY STRAY RUSSIAN MINES ARE MENACING SHIPPING OFF THE BRITISH COLUMBIA COAST.

THE PACIFIC OCEAN'S JAPANESE CURRENT, RUNNING IN AN EASTWARD DIRECTION AND COASTAL TIDES WERE SAID POSSIBLY TO BE CARRYING THE MINES TO THIS SIDE OF THE OCEAN.

THE STORY WAS BASED "ON REPORTS FROM FISHERMEN ARRIVING HERE FROM THE WEST COAST OF VANCOUVER ISLAND." IT SAID THE MINES WERE TRIGGERED BY DELICATE DETONATING APPARATUS.

COAST FISHERMEN, THE STORY SAID, MAINTAIN THE MINES DO NOT CONFORM WITH KNOWN TYPES OF JAPANESE MINES "AND ARE DEFINITELY RUSSIAN WEAPONS." THE DETONATORS WERE SAID TO BE "SECRET AND DANGEROUS TO HANDLE."

MARINE UNDERWRITERS SAID AN AVERAGE OF 2.3 MINES A DAY HAS BEEN REPORTED IN PACIFIC COASTAL WATERS DURING THE LAST THREE MONTHS. IN UNITED STATES AND BRITISH COLUMBIAN TERRITORIAL WATERS 137 MINES HAVE BEEN SIGHTED SINCE APRIL 20.

MONTREAL, AUG.2-(AP)-A CANADIAN IMMIGRATION OFFICIAL SAID TODAY NO SPECIAL INSTRUCTIONS HAD BEEN RECEIVED HERE IN THE CASE OF 29 ESTONIAN REFUGEES WHO WERE REPORTED EN ROUTE TO MONTREAL ABOARD A TINY MOTOR LAUNCH.

THE REFUGEES, ABOARD THE 34-TON ASTRID, ESCAPED FROM RUSSIAN-DOMINATED ESTONIA FOUR YEARS AGO. THEY BOUGHT THE VESSEL IN SWEDEN AND SAILED ACROSS THE ATLANTIC IN TWO WEEKS AFTER STOPPING AT STORNOWAY, SCOTLAND.

THE OFFICIAL SAID IF THEY HAVE PROPER VISAS FROM CANADA'S REPRESENTATIVES ABROAD THEY WILL BE ALLOWED TO ENTER. IF NOT, THEY MIGHT BE DETAINED WHILE THEIR CASE IS CONSIDERED IN OTTAWA.

THE ASTRID ARRIVED IN ST.JOHN'S, NFLD., SATURDAY NIGHT AFTER THE ATLANTIC CROSSING. THERE WERE 12 MEN, 10 WOMEN AND SEVEN CHILDREN ABOARD.

THE REFUGEES, WHO LANDED AT BOSTON AFTER A 43-DAY VOYAGE FROM SWEDEN IN A 64-FOOT BOAT, ARE BEING DETAINED BY U.S.IMMIGRATION OFFICIALS.

THE REV.R.D.NOLES, PASTOR OF THE BURBANK, CALIF., BAPTIST CHURCH AND WESTERN CHAIRMAN OF THE EVANGELICAL COMMISSION, SAID HIS GROUP HAS ARRANGED WITH THE INTERNATIONAL CHRISTIAN INSTITUTE TO USE THE FACILITIES OF A 196-ACRE RANCH FOUR MILES NORTH OF SANTA PAULA.

ON THE FARM, THE REV.MR.NOLES SAID, IS A LARGE, PARTIALLY COMPLETED HOTEL. IT IS HIS PLAN TO EMPLOY THE REFUGEES IN FINISHING THE HOTEL, AND THEN THROW IT OPEN AS AN ORPHANAGE. IT WILL ACCOMMODATE 50 REFUGEE BOYS AND 50 GIRLS, HE SAID.

"WHEN THE HOTEL IS FINISHED, THE 29 BALTICS COULD READILY OBTAIN WORK IN AGRICULTURE," HE SAID.

HE SAID THE EVANGELICAL COMMISSION AND THE CHRISTIAN INSTITUTE ARE NOT CONNECTED, BUT THEIR AIMS ARE SIMILAR "AND IN THIS CASE THE PROGRAMS SEEM TO FIT PERFECTLY."

BY OLIVER W.DE WOLF

WASHINGTON,AUG 2-(AP)-CLAIMS THAT RUSSIA'S WARTIME SPYING REACHED ALL THE WAY TO THE WHITE HOUSE CAME IN FOR CLOSER SCRUTINY TODAY ON BOTH SIDES OF CAPITOL HILL.

SENATORS CALLED WILLIAM W.REMINGTON, SUSPENDED COMMERCE DEPARTMENT OFFICIAL, BACK TO THE STAND (9 A.M. EST) FOR MORE LIGHT ON HIS DEALINGS WITH THE WOMAN WHO TOLD THE STORY.

AND THE HOUSE COMMITTEE ON UN-AMERICAN ACTIVITIES ORDERED A CLOSED-DOOR SESSION (1 P.M.) TO DECIDE WHEN TO HEAR THE BIGGER NAMES ELIZABETH T.BENTLEY REELED OFF IN THE LATEST CHAPTER OF HER CONFESSIONS AS A ONE-TIME SOVIET ESPIONAGE AGENT.

IN A DRAMA-LADEN APPEARANCE BEFORE THE HOUSE GROUP, THE 40-YEAR-OLD VASSAR GRADUATE POINTED AN ACCUSING FINGER AT NEARLY TWO-SCORE FORMER GOVERNMENT WORKERS.

FROM THEM, SHE SAID SHE AND OTHERS WERE ABLE TO PASS ALONG FOR RELAY TO MOSCOW SUCH TOP-SECRET DATA AS PLANS FOR THE B-29 SUPERFORTRESS, WORD THAT THIS COUNTRY WAS ABOUT TO DECIPER THE RUSSIAN CODE AND THE DATE FOR THE ALLIED INVASION OF NORMANDY--D-DAY.

30.24- 19509

AMONG THOSE MISS BENTLEY NAMED WERE LAUCHLIN CURRIE, ONE OF THE LATE PRESIDENT ROOSEVELT'S ADMINISTRATIVE ASSISTANTS, AND HARRY D. WHITE, FORMER ASSISTANT SECRETARY OF THE TREASURY.

BOTH--AS HAD REMINGTON AND SOME OF THE OTHERS--QUICKLY AND HOTLY DENIED ANY COMMUNIST AFFILIATION OR ANY PASSING ALONG OF WARTIME SECRETS. CURRIE AND WHITE, FURTHERMORE, DENIED KNOWING ANYTHING ABOUT MISS BENTLEY'S OPERATIONS.

"TO THE BEST OF MY KNOWLEDGE," SAID CURRIE IN A STATEMENT FROM HIS HOME IN SCARSDALE, N.Y., "I HAVE NEVER KNOWN NOR ASSOCIATED IN ANY WAY DIRECTLY OR INDIRECTLY WITH EITHER A COMMUNIST OR A COMMUNIST AGENT. I NEVER MET MISS BENTLEY NOR KNEW OF HER EXISTENCE."

WHITE DECLARED: "THIS IS THE MOST FANTASTIC THING I HAVE EVER HEARD OF. I NEVER HEARD OF THIS WOMAN. I AM SHOCKED."

REMINGTON HAS ACKNOWLEDGED KNOWING MISS BENTLEY, BUT DENIED EITHER THAT HE WAS A COMMUNIST AS SHE CLAIMED OR THAT HE HAD GIVEN HER ANY WAR SECRETS.

WILLIAM P.ROGERS, COUNSEL FOR THE SENATE EXPENDITURES SUBCOMMITTEE WHICH FIRST BROUGHT MISS BENTLEY'S STORY TO LIGHT ON FRIDAY, SAID MEMBERS ORDERED REMINGTON RECALLED FOR CLOSER QUESTIONING ABOUT HIS DEALING WITH MISS BENTLEY.

ROGERS NOTED THAT THE QUESTIONING SATURDAY WAS CONFINED LARGELY TO REMINGTON'S BACKGROUND, PARTICULARLY AS A GOVERNMENT OFFICIAL.

BUT IN THIS CONNECTION, ROGERS TOLD REPORTERS THE COMMITTEE STILL IS INTERESTED IN KNOWING HOW AND WHY REMINGTON WAS CLEARED BY THE CIVIL SERVICE FOR HIGH GOVERNMENT JOBS ON THREE OCCASIONS SINCE HE WAS QUESTIONED BY THE FEDERAL BUREAU OF INVESTIGATION ABOUT HIS LOYALTY.

A SLIM SIX-FOOTER WITH REDDISH HAIR, THE 30-YEAR-OLD ECONOMIST LAST SERVED AS CHAIRMAN OF AN INTER-AGENCY COMMITTEE WHICH PASSED ON WHAT GOODS COULD BE EXPORTED TO RUSSIA.

ROGERS SAID SECRETARY OF COMMERCE SAWYER PLACED REMINGTON ON AN INDEFINITE LEAVE FROM HIS $9,975 A YEAR JOB AFTER THE SENATE COMMITTEE HAD WRITTEN A LETTER TO THE DEPARTMENT OF JUSTICE ABOUT HIM.

REMINGTON TESTIFIED THAT HE MAY HAVE "MISLED" THOMAS E.BLAISDELL, WHO HIRED HIM FOR THE COMMERCE JOB, BUT INSISTED HE DID NOT DO SO INTENTIONALLY. AT THE SAME TIME, HE BLAMED HIS MOTHER-IN-LAW, MRS. ELIZABETH MOOS, FOR GETTING HIM TANGLED UP WITH MISS BENTLEY, WHOM HE ALSO KNEW AS HELEN JOHNSON. HE SAID HE THOUGHT SHE WAS A NEWSPAPER-WOMAN.

WHILE REMINGTON WAS TELLING SENATORS ABOUT HIS MOTHER-IN-LAW TROUBLES AND PERSONAL BACKGROUND ON SATURDAY, THE HOUSE GROUP SUDDENLY OPENED UP TO THE PUBLIC ITS CLOSED DOOR SESSION WITH MISS BENTLEY.

AFTER NAMING CURRIE, MISS BENTLEY TESTIFIED THAT HE WAS NOT A COMMUNIST, BUT THAT "HE GAVE US SOME INFORMATION." SHE SAID IT WAS THROUGH HIM THAT THE SOVIETS LEARNED THE UNITED STATES WAS ABOUT TO "BREAK" THE RUSSIAN CODE.

WHITE, THE WITNESS SAID, GAVE INFORMATION TO ONE N.GREGORY SILVERMASTER WHICH WAS RELAYED ON TO HER AND EVENTUALLY REACHED RUSSIA.

MISS BENTLEY, WHO SAID SHE QUIT WORKING FOR THE COMMUNISTS IN 1944 AND A YEAR LATER TOOK HER REVELATIONS TO THE FBI, TABBED SILVERMASTER AS ONE OF TWO KEY LINKS IN THE SOVIET ESPIONAGE CHAIN.

AT LONG BEACH PARK, N.J., SILVERMASTER DENIED ANY PART IN SUCH ACTIVITIES. HE SAID HE WOULD TELL HIS STORY "WHEN THE PROPER TIME COMES."

MISS BENTLEY IDENTIFIED SILVERMASTER AS A FORMER OFFICIAL OF THE FARM SECURITY ADMINISTRATION AND OF THE BOARD OF ECONOMIC WARFARE. GROUPED WITH HIM, SHE SAID, WERE GEORGE SILVERMAN, FRANK COE, WILLIAM GOLD AND HIS WIFE, IRVING KAPLAN AND NORMAN BURSLER, ALL FORMER GOVERNMENT EMPLOYES.

THE WITNESS TERMED SILVERMAN A "PROLIFIC" SOURCE OF INFORMATION, AND A DUES-PAYING COMMUNIST ALONG WITH COE AND GOLD.

COE, WHO LEFT THE TREASURY DEPARTMENT FOR A JOB WITH THE INTERNATIONAL MONETARY FUND, TERMED THE TESTIMONY "ABSURB." HE SAID HE DOES NOT KNOW MISS BENTLEY AND PREVIOUSLY HAD DENIED HER STORY "UNDER OATH."

MISS BENTLEY NAMED VICTOR PERLO, A FORMER EMPLOYE OF THE WAR PRODUCTION BOARD, AS HEAD OF THE SECOND GROUP WITHIN THE GOVERNMENT SHE SAID KEPT HER SUPPLIED WITH INFORMATION.

PERLO HAD LINKED UP WITH HIM, MISS BENTLEY SAID, THESE FORMER GOVERNMENT EMPLOYES: ALLEN ROSENBERG OF THE FOREIGN ECONOMIC ADMINISTRATION; DONALD WHEELER OF THE OFFICE OF STRATEGIC SERVICES; EDWARD FITZGERALD OF WPB; HARRY MAGIDOFF OF THE COMMERCE DEPARTMENT, AND CHARLES CRAMER.

ROBERT STRIPLING, CHIEF INVESTIGATOR FOR THE HOUSE COMMITTEE, SAID CRAMER'S REAL NAME IS KRIVITSKY, AND THAT HE WORKED AT ONE TIME IN THE OFFICE OF SENATOR PEPPER (D-FLA). MISS BENTLEY LISTED CRAMER, ROSENBERG, WHEELER AND FITZGERALD AS COMMUNIST PARTY MEMBERS.

BEFORE PERLO TOOK OVER THIS GROUP, MISS BENTLEY TESTIFIED, IT WAS UNDER THE DIRECTION OF JOHN ABT OF THE CIO-POLITICAL ACTION COMMITTEE. SHE SAID IT ALSO INCLUDED SOL LESHINSKY, AN EMPLOYE OF THE UNITED NATIONS RELIEF AND REHABILITATION ADMINISTRATION, AND HAROLD GLASSER OF THE TREASURY DEPARTMENT.

IN ADDITION TO WHAT SHE CALLED THE SILVERMASTER AND PERLO RINGS, THE EX-SPY NAMED THESE OTHER PERSONS IN GOVERNMENT AS SUPPLYING HER WITH INFORMATION:

DUNCAN LEE, A LEGAL ADVISER TO MAJ.GEN.WILLIAM DONOVAN, HEAD OF OSS; HELEN TENNEY, OF THE SPANISH SECTION OF OSS; J.JULIUS JOSEPH OF THE WAR MANPOWER COMMISSION AND LATER WITH THE SPANISH DIVISION OF OSS, AND HIS WIFE; MAURICE HALPERIN, RESEARCH AND ANALYSIS BRANCH OF OSS; ROBERT MILLER, HEAD OF THE RESEARCH FOR THE COORDINATOR OF INTER-AMERICAN AFFAIRS; JOSEPH GREGG, AND BERNARD REDMOND, ALSO OF CIAA, AND MICHAEL GREENBURG, WHO SHE SAID WORKED WITH CURRIE.

IN DETAILING WHAT SHE CALLED CURRIE'S HELP IN HER UNDERTAKING, MISS BENTLEY TESTIFIED:

"MR.SILVERMASTER TOLD ME ONE DAY THAT CURRIE CAME DASHING INTO SILVERMAN'S HOUSE OUT OF BREATH AND SAID THE UNITED STATES WAS ON THE VERGE OF BREAKING THE RUSSIAN CODE. SILVERMAN, OF COURSE, GOT IN TOUCH WITH SILVERMASTER AT ONCE."

WHEN THE WITNESS ACKNOWLEDGED UNDER QUESTIONING THAT SHE WAS NOT PERSONALLY ACQUAINTED WITH CURRIE, REP.RANKIN (D-MISS) PROTESTED THAT THE FORMER ROOSEVELT AIDE WAS BEING SMEARED BY "REMOTE CONTROL."

RANKIN SAID COMMUNISTS ARE NOTORIOUS LIARS AND THAT THE EVIDENCE ABOUT CURRIE WAS THIRD HAND; FROM AN ADMITTED COMMUNIST AND SPY QUOTING ANOTHER COMMUNIST, WHO HEARD IT FROM A THIRD PARTY MEMBER.

MISS BENTLEY COUNTERED THAT COMMUNISTS DON'T LIE TO THEIR SUPERIORS.

ONCE SHE FINISHED HER TESTIMONY, THE WITNESS WAS WHISKED AWAY FROM CAPITOL HILL UNDER POLICE GUARD. TWO OFFICERS HAVE BEEN ASSIGNED TO PROTECT HER AGAINST POSSIBLE COMMUNIST PARTY VENGEANCE.

LISTS NLRB OFFICIAL

Former Assistant Secretary of Treasury Was 'Fellow Traveler,' He Declares

WASHINGTON, Aug. 3 — (AP) Whitaker Chambers, who said he once served in the Communist underground in Washington, swore today that it was headed by a number of U. S. government officials, including:

Alger Hiss, State Department official who later rose to be secretary general of the San Francisco Conference at which the United Nations was launched, and

Nathan Witt, who served successively as attorney and executive secretary for the National Labor Relations Board.

Chambers also declared a number of other government officials were among the leaders of the Red network in the capitol during his life as a Communist party member from 1924 to 1937.

Chambers, now a senior editor for Time Magazine, testified before the House Un-American Activities Committee as it dug into stories of a widespread spy ring in the federal government.

Names Others

He asserted that Harry Dexter White, former assistant secretary of the treasury, was "certainly" a fellow traveler. Chambers said he tried to persuade White to "break away from the Communist group" but failed.

The witness also told of seeking unsuccessfully to get Hiss to "break away from the party."

Hiss, now president of the Carnegie Endowment for International Peace, said in New York: "I don't know Mr. Chambers. As far as I know I never met him. And there's no basis for the statement which has been reported to me that he made to the committee."

Chambers named other cell leaders of the Red network here as Lee Pressman, Donald Hiss, Victor Perlo, Charles Cramer or Kramer (also known as Krivitsky), John Abt and Henry Collins.

Tonight Donald Hiss, now a Washington lawyer, denied "every statement made by Mr. Chambers with respect to me" except the allegations that he has an older brother named Alger, that he once worked for the State and Labor departments, and that as an employe of a law firm he once gave legal service to the Polish Supply Mission in connection with an export-import bank loan.

"I am not and never have been a member of the Communist party or of any formal or informal organizations affiliated with or fronting in any manner whatsoever for the Communist party," he said in a statement.

He added that he had no memory of meeting any person named Whittaker Chambers and did not recognize pictures of the witness.

Chambers said he told his story to government authorities in 1939 but that nothing happened.

Robert E. Stripling, committee counsel, described Donald Hiss as a brother of Alger and a State department employe from 1938 to 1945.

Was WPA Attorney

He said Pressman formerly was general counsel for the Works Progress Administration and other agencies. Pressman was for years the general counsel of the C.I.O. He quit to support Henry Wallace's Progressive Party after the C.I.O. came out in opposition to Wallace for president.

At San Francisco Pressman said "I'll have a statement to make at the proper time."

Abt, general counsel for Wallace's progressive party, said in New York tonight "the cloak and dagger tales to which the Thomas Committee is now giving currency were told to the FBI as long ago as 1945."

He added that the stories "were investigated by a New York grand jury for more than a year—all without result.

"It is evident, therefore," Abt said, "that the Thomas Committee has once again disinterred an old and particularly malodorous Red herring which it is endeavoring to warm up and serve as a substitute for price control, public housing and civil rights legislation, demanded by the American people, and which it is the business of the congress to provide."

Abt previously served as attorney for the Agricultural Adjustment Administration and other agencies.

Witt, whose home is in New York, could not be reached immediately for comment.

Chambers said that Collins was once with the Agriculture Department. He called him a treasurer for the group who collected party dues and turned them over to Chambers.

Chambers, a short, husky man, said he dropped Communism in 1937. He felt, he said, that "its triumph means slavery to men x x x and spiritual night to the human mind and soul."

The purpose of the underground group as he knew it was "infiltration" of the government, the witness said.

Praise Witnesses

From acting chairman Mundt (R-SD) of the committee came praise for Chambers and Miss Elizabeth Bentley, a previous witness who has unwound a story of spy work for Russia here during the war. She has named more than 30 government people as sources of information that went to Moscow.

Mundt said Chambers and Miss Bentley were to be congratulated for their "courage and patriotism" in revealing their past Communist associations.

"Slowly and surely," he said, "we're piecing together this pattern of Communist conspiracy to a gullible and rather indifferent America to show it is a fact that "it can happen here.'"

Across the capitol, Chairman Ferguson (R-Mich) of a Senate Expenditures Subcommittee also digging into the spy ring stories, complained that the administration hadn't come through with information requested.

The committee wants employment records of William W. Remington, official in the office of International Trade whom Miss Bentley has named as a source of information for the Communist spies. Remington says he thought she was a newspaper reporter and that he gave her no secrets.

But Ferguson said the committee hasn't been able to get a direct answer to its request. It wants to know how Remington could be transferred from one important confidential government job to another while, Ferguson said, the FBI was running a check on him.

"We will proceed under this handicap," Ferguson said, and the 30-year-old Remington resumed his denial of wrongdoing.

Remington told the senators today he believed Miss Bentley's story of a wartime spy ring is true, but that he was not a part of it.

Ferguson read into the committee record a letter to show that Secretary of the Treasury Snyder took a hand in getting one of Remington's earlier transfers. This, however, was before the FBI's questioning of Remington, as related by the witness.

The letter was dated in 1945 when Snyder was director of the office of war mobilization and reconversion. It asked that Remington be relieved of a London post with an economic mission and assigned to OWMR.

bottom of the spy story.

Reads Prepared Statement

Chambers, now an associate editor of *Time* magazine, said in a prepared statement read to the House committee that he himself "served in the underground, chiefly in Washington."

He said there was an underground organization developed, to the best of his knowledge, by Harold Ware, one of the sons of the Communist leader known as "Mother Bloor."

He went on:

"I knew it at its top level, a group of seven or so men, from among whom, in late years, certain members of Miss (Elizabeth T.) Bentley's organization were apparently recruited."

"The head of the underground group was Nathan Witt, an attorney for the National Labor Relations Board. Later John Abt became the leader.

Names Pressman, Hiss

"Lee Pressman was also a member of this group, as was Alger Hiss, who, as a member of the State Department, later organized the conferences at Dumbarton Oaks, San Francisco and the United States side of the Yalta Conference."

Miss Bentley, mentioned by Chambers, is the young woman who told a sensational story last week of collecting information for the Russians from scores of Government employés during the war.

She and Chambers both describe themselves as former Communists who turned against the party and went to Federal authorities with their stories.

Chambers said he himself reported to Washington authorities what he knew of Communist infiltration of the Government two days after Hitler and Stalin signed their nonaggression pact nine years ago.

He said he had renounced communism in 1937 because he had become convinced it is a "form of totalitarism, that its triumph means

Alger Hiss Declared To Have Been Part Of Underground

Washington, Aug. 3 (AP)—Whittaker Chambers, who said he was a Communist from 1924 to 1937, testified today that the Red "underground" then included Alger Hiss, State Department official, and Nathan Witt, attorney for the National Labor Relations Board. [Alger Hiss is a Baltimorean.]

Chambers testified under oath before the House Un-American Activities Committee, which is investigating charges of Soviet spying in this country.

Across the Capitol, a Senate committee also was continuing hearings on alleged Communist spying. There, Chairman Ferguson (R., Mich.) protested the committee's failure thus far to receive information it has asked from the Commerce Department about William W. Remington.

Ferguson called it an Administration-imposed "handicap" on congressional efforts to get to the

slavery to men wherever they fall under its sway, and spiritual night to the human mind and soul."

Says Hiss Was Parley Officer

Chamebrs said Alger Hiss served as secretary general of the San Francisco Conference, where the United Nations was founded.

His statement did not otherwise identify John Abt or Lee Pressman.

The witness, a short, chunky man dressed in a gray suit, said the purpose of the underground group he knew was "not primarily espionage" at the time he was acquainted with its operations.

Rather, he said, it was "infiltration" of the Government.

After he broke with communism, Chambers said, he lived in hiding for a year, "sleeping by day and watching through the night, with gun or revolver within easy reach."

He said that since he had been in the Communist underground, "I had sound reason for supposing the Communists might try to kill me."

Remington is an official in the Office of International Trade. He was named by Miss Bentley as one of the Government workers she said turned secret data over to her during the war.

Referred To White House

The committee's request for Remington's employment record was sent to the White House because President Truman has forbidden Government agencies to give out any information on "loyalty" checks on Government workers.

"The record is clear that the committee has tried to get the employment records of Mr. Remington," Ferguson said.

"It looked last Friday as if the Secretary of Commerce would be able to turn them over to us. He has been called this morning and he is unable to give an answer as to whether he can or cannot turn them over to us. . . .

"We will proceed under this handicap."

Ferguson emphasized that the committee was not asking for "what they call loyalty checks" on Remington but for the names of people who approved his employment and transfers.

Remington On Hand

Remington was waiting to testify when Ferguson discussed the failure to get this data.

Remington testified last Saturday that he never gave Miss Bentley any information not available to news reporters. She had said he gave her secret data during the war on American plane production.

It was indicated that the committee still expects to get the information it has asked about Remington.

Although Government agencies are barred by presidential order from turning over confidential information contained in Loyalty Board files, committee aides said they did not believe this request would be turned down.

Instead of loyalty data, they said, Ferguson has asked only for the record of Remington's federal employment and the names of persons who recommended his transfer from one key spot to another.

Text Of Ferguson Letters

In asking Sawyer for this information, Ferguson wrote:

"It has come to the attention of the committee that the Department of Justice conducted a lengthy investigation of espionage charges against William W. Remington, who was alleged to have conveyed secret military information to the Communists during wartime while he was a United States Government official."

The letter went on to say that Remington had been transferred to a top confidential position "while the investigation was being conducted and before any conclusion had been reached as to his guilt or innocence."

Silvermaster Also Subpoenaed

The House probers also subpoenaed Nathan Gregory Silvermaster, named by Miss Bentley as head of one of two groups of Government workers she said gave her information to send to Communist party leaders and Russian secret police. It appeared unlikely, however, that Silvermaster—who has denied the testimony—would be questioned today.

The committee has announced it will give all persons named by Miss Bentley in her sensational testimony last Saturday an opportunity to make a public rebuttal to her charges.

Another of those named by Miss Bentley issued a statement of denial last night.

Assumes She Meant Him

Bernard S. Redmont said he assumes she is the woman who identified herself to him as a newspaper reporter while he was a news editor in the Office of the Co-Ordinator of Inter-American Affairs.

All the information she got by interviewing him about radio programs for Latin America, Redmont said, was data she could have obtained by listening to the radio.

As for her claim that he was a Communist, Redmont said he is not and never has been one, "as everyone who knows me will attest."

On another phase of the congressional inquiries into communism, a House Labor subcommittee which has been inquiring into alleged violations of the Taft-Hartley Act called a new hearing for today. Witnesses were asked to expand on earlier charges of Communist infiltration into New York labor unions.

Remington Believes Spy Story

Calls Miss Bentley's Red Ring Tale True, but Denies He Had Part in It.

Washington, Aug. 3 (A. P.).—William W. Remington told Senators today he believes Elizabeth T. Bentley's story of a wartime Communist spy ring in the Government is "the truth," but swore he was not a part of it.

He said he never gave her any "secret or confidential information" and suggested that Senate investigators locate Communist copies of what he did give her. That would prove, Remington said, that the information was unimportant.

"You are too intelligent to think the committee can recover them (the documents)," Senator Ferguson (R.-Mich.) told him.

Remington said he thought Miss Bentlel was a newspaper reporter.

Under oath before a Senate investigating committee, the young Government official acknowledged that he used to meet her on street corners and in parks. It was a preposterous thing to do, he said, but he was young and romantic.

Miss Bentley, confessed former courier for a Soviet spy ring, told the Senators last week that Remington gave her secret data on American plane production during such furtive meetings. She named him as one of several score of Government employees from whom Communists were collecting information.

But Remington said the only information he ever gave her was non-secret matter that any reporter could have. At that time, Remington was 24 and worked for the War Production Board.

Now 30, he has a just-under-$10,000 a year job with the Commerce Department. One of his duties is to preside over a committee which decides what goods can be sold to Russia.

Unaware of Bomb Plans.

In reply to questions, Remington said he knew many details of the Manhattan Project as early as April, 1944, but did not know it was aimed at developing the atomic bomb. He said he never talked about the project to Miss Bentley.

The Manhattan Project was the code name given to the atomic project during development stage and was the most closely guarded secret of the war at that time.

Remington also denied that he had concealed his "loyalty record" while getting important Government posts. This questioning turned chiefly about the fact that he was under investigation by the FBI at the time he got his present post with the Commerce Department.

Thomas C. Blaisdell Jr., Acting Assistant Secretary of Commerce, has testified he approved Remington's employment, but did not know about the FBI inquiry. As for what he told Blaisdell, Remington declared:

"I told him I had seen several times a lady who I thought was a newspaper woman, but who turns out to be a Communist—the most dangerous kind of Communist. I said it has been a year since the FBI asked me about her. I said it has been a year since the Grand Jury asked me about her.

"I said if there is anything unsettled it will come up in the appointment process. He gave me some kind of affirmative response. I don't know just what he said."

West Diplomats Await Kremlin Talk Action

By Eddy Gilmore

Moscow, Aug. 3 (AP) — Western diplomats looked to Washington, London and Paris today for a new move to settle East-West differences which they now have taken up personally with Prime Minister Stalin.

Stalin received envoys of the United States, Britain and France at the Kremlin last night and talked with them for 2 hours and 15 minutes. The conversation concerned particularly the prospects for a settlement of the Berlin crisis.

Details were shrouded in official secrecy, but a high authority said progress is being made in this Soviet capital.

Worked To 4 A.M.

Weary but in high spirits, United States Ambassador Walter B. Smith, French Ambassador Yves Chataigneau and Frank Roberts, special British representative, worked until nearly 4 A.M. on reports which by now should be under consultation by their governments. They awaited further instructions.

When these instructions arrive—and only then, responsible quarters intimated—will the next steps be known.

This correspondent, who has reported Kremlin conferences with foreign diplomats for seven years, recalls no time when so little was said after a meeting—and when the spirits of those concerned seemed so high.

All Being Careful

The three Western envoys are not even commenting on how Stalin looked. It is obvious that the talk got down to basic things that are contributing to the tense international situation and that all are being careful to do or say nothing to interrupt the present trend.

There was no immediate announcement of what they talked about but the diplomatic representatives of the United States, Great Britain and France emerged from the Kremlin shortly before midnight smiling and in good spirits. Correspondents took their affability and smiling demeanor as a good sign.

After leaving the audience, at which Soviet Foreign Minister V. M. Molotov also was present, the three foreign diplomats immediately went into another conference, pounding up three flights of stairs at the American Embassy without waiting for an elevator.

Comparisons Rushed

It was obvious the three were rushing to compare notes and prepare their reports on the conversation for transmission to Washington, Paris and London.

Before they went to the Kremlin there were hints here that international tension might be easing. Authoritative sources said progress already had been made among the four powers. The three diplomatic envoys declined to say anything about their conversation with Stalin.

As they hurried to the American Embassy, where other officials of their countries awaited them, correspondents followed. They had to pursue Smith up the steps before they could stop him. Finally, he turned and laughed:

"Wait a minute. You can't follow me right into my office. We're having a meeting there tonight, you know.

Communique Indicated

"Generalissimo Stalin and Mr. Molotov received us all at a meeting. There probably will be a communiqué to that effect tonight. I don't think there will be anything more. I'm sorry, but that's all."

The communiqué issued by the Soviet Government said merely:

"J. V. Stalin, chairman of the Council of Ministers of the U.S.S.R., today received Gen. Bedell Smith, Ambassador of the United States of America; M. Yves Chataigneau, the French Ambassador, and Mr. Frank Roberts, personal representative of the Foreign Minister of Great Britain, Mr. Bevin.

"V. M. Molotov, Foreign Minister of the U.S.S.R., was present at the reception."

MOSCOW QUIET ON INTERVIEW

T. P. WHITNEY

Observers There Feel Silence Is Not Ominous One

Moscow, Aug. 3 (AP) — American diplomatic sources kept silent tonight on the negotiations between the Western powers and Prime Minister Stalin over East-West differences.

All indications up to 11 P.M. were that no new developments were anticipated tonight.

United States Ambassador Walter B. Smith rested at his official residence, where he awaited the State Department's reply to his report on last night's interview with Stalin. He dined at his home with Mrs. Smith.

Many Guesses Made

Despite the complete silence on what took place at the interview most Moscow observers feel the silence is not an ominous one.

Foreign correspondents and other observers made many guesses as to the next development in the East-West negotiations. Many believe another meeting with Stalin is in the cards very soon.

Some expect a four-power communique will announce results of the talks.

Public Greatly Interested

The Russian public is greatly interested in the negotiations. The brief announcement that Stalin had met with the Western representatives was carried on the front pages of all newspapers and broadcast on all Soviet news programs.

No comment has appeared in the Soviet press.

Russian newspapers printed an item from Berlin that Americans were leaving the city in large numbers. *Pravda*, the official Communist organ, carried editorial comment on the Danube River conference in Belgrade. The comment was of the stiffest sort, asking whether the United States would draw the "necessary lessons" from the first days of the conference or continue a policy of "dictation."

Thus the tone of the press toward the United States continues the same as before.

LID IS CLAMPED ON OUTCOME OF KREMLIN TALK

U. S., Britain and France All Are Silent on What Stalin Said.

'NO COMMENT' IS UNANIMOUS

Western Powers and Moscow Are Apparently Pledged All Round to Secrecy.

Washington, Aug. 3 (A. P.).—The Western Powers and Russia between them apparently have agreed on a policy of strict secrecy concerning their efforts to settle the Berlin crisis and possibly other cold war issues. The lid was clamped tight—at least for the time being—in Washington, London, Paris and Moscow on all information about the talks of the American, British and French envoys with Premier Stalin at the Kremlin last night.

Michael McDermott, the State Department press officer, said a report has been received from United States Ambassador Walter Bedell Smith concerning the conference, which lasted two hours, fifteen minutes—the longest interview any foreigner is known to have had with Stalin. He added: "There will be no comment made about its contents."

Similar reports were reported received in London and Paris from the British and French envoys, and there too there was no comment as to contents of the notes.

Same Lid All Round.

McDermott was asked whether the "same lid"—that is, the same secrecy restrictions being observed in Washington—would be observed by the Governments of France and Britain. He replied: "Yes." Then he was asked whether he felt confident the lid would also be on in Moscow. Again he replied: "Yes."

Secretary of State Marshall and top State Department advisers were making an intensive study of Smith's message. It was generally believed that Marshall or one of his top associates would make an early report on the situation to President Truman, due to arrive by plane later on this afternoon from Missouri.

McDermott declined to speculate on the possibility of other conferences between the Western Powers and Moscow. He would not say what disposition is being made of the Smith report here except: "You can assume that a report of that importance will be studied."

Marshall Gets Report On Stalin

Washington, Aug. 3 (AP)—Secretary of State Marshall today received a report from United States Ambassador Walter Bedell Smith on his conference with Soviet Premier Stalin in Moscow last night.

Marshall and his top-ranking State Department advisers immediately began an intensive study of the report. Presumably it will also be sent to President Truman when he returns here later in the day from Missouri.

Michael McDermott, State Department press officer, would disclose nothing about the message from Smith except that it had been received.

British and French diplomats in Moscow joined Smith in the call on Stalin and Soviet Foreign Minister Molotov at the Kremlin. The talks concerned the prospects of settling East-West differences in Europe, particularly in Berlin.

Syria Eyes Moscow Talks For Cue On Berlin Action

F. C. ARTNER

Lake Success, Aug. 3 (AP)—Syria is watching the Russian-Western powers talks to see whether to put the Berlin question to the Security Council.

Faris El Khouri, Syrian delegate, said the outcome of the present talks in the Kremlin might influence Syria's final decision.

He challenged the Big-Four powers—France, Britain, the United States and Russia—last week to bring Berlin before the Council. He said it would be more honorable for them to do so than for a smaller nation to have to take such a step.

Colombia Interested, Too

He said now that he did not know the final action his Government might take on the Berlin question but that they were watching the talks closely.

Another delegation on the Security Council—Colombia—also is keenly interested in the progress of the Moscow talks.

The Colombian delegate, Dr. Roberto Urdaneta, said about a month ago that the issue of the blockaded German capital should be brought to the Council but so far he had not taken any action.

Lie Touring Europe

It was disclosed earlier that Trygve Lie, United Nations secretary general now touring United Nations centers in Europe, considered calling the Council's attention to the Berlin situation. He could do that under a United Nations Charter provision which says the secretary general can bring up any situation he feels might threaten peace.

He consulted the British, American and French delegations. He was advised by them that they preferred now to try to settle it among themselves.

Some delegates have expressed belief, however, that the Berlin situation eventually will be before the United Nations, perhaps at the General Assembly meeting in Paris September 21. If so, they say, they expect an extremely long Assembly session.

The Security Council was recessed today. It will meet tomorrow on the Trieste question.

London, Paris Hear From Envoys In Moscow

London, Aug. 3 (AP)—The Foreign Office announced today that it had received a report from special British envoy Frank Roberts on his conference last night in Moscow with Prime Minister Stalin.

A spokesman said the report now is being studied, but declined to comment on what it contained.

Paris Receives Report

A similar report on last night's conference with Stalin has been received at the French Foreign Office and is reviving talk of a September Big Four Foreign Ministers' meeting in Paris.

Strictest secrecy is maintained on the report from French Ambassador Yves Chataigneau. Nevertheless, there are indications an early reply from the Russians is expected.

A Foreign Ministers' meeting here in September would coincide with the session of the United Nations Assembly.

London received with cautious optimism this morning the news of the Kremlin conference.

Optimism Is Cautious

Although none could read any sure signs concerning future relationships of the East and West, Stalin's two-hour meeting with Western diplomats caused many here to take heart. Still, most optimism was restrained.

But, as the morning papers reported, the Moscow meeting ended with United States Ambassador Walter B. Smith, French Ambassador Yves Chataigneau and Special British Envoy Frank Roberts in good humor—almost a buoyant mood—many seized upon it as an indication the deadlock over Germany might be broken.

There already is some easing of the tension in this capital. Some Government quarters were described as moving toward the belief now that the Soviet Union at last is ready to co-operate in seeking a solution of world problems.

Plenty Of Speculation

In the absence of solid clues as to what actually took place inside the Kremlin, there was plenty of speculation to fill the void. The most hopeful think the Russians may soon lift the blockade of Berlin, thus opening the door for comprehensive talks on the whole German question—and perhaps other issues.

The London *Times* diplomatic correspondent wrote that the Moscow meeting is "a definite step forward toward the possible resolution of the deadlock." The *Daily Graphic* noted an "easing of tension."

The *Daily Telegraph's* diplomatic writer, however, thought the prospect of a change in Soviet policy not so bright, citing as an unfavorable portent the uncompromising stand taken by the Russians at the Danubian conference in Belgrade.

Moreover, the Moscow radio kept up its steady drumming against the West. In two broadcasts last night, it blasted again at the Marshall aid plan for Europe.

Assured Of Friendship

While Britons awaited some definite word about the Kremlin conference, there was fairly general agreement on one thing: that whatever passed between the Russians and the Westerners, it is pretty certain Stalin was told that France, Britain and America have a deep desire to co-operate with Russia on a reasonable, friendly basis.

It is assumed also that he was informed in a firm way that the governments of the Western nations will not be intimidated.

Berliners also awaited anxiously official disclosure of what took place in the Kremlin. Naturally they are most concerned over what might have been done to break the present land blockade of their city.

Big-Four Talks Seen

Newspapers there speculated, as London papers have done, that the Kremlin talks might lead eventually to a meeting of Stalin, President Truman, Prime Minister Attlee and French Premier Andre Marie.

"Such a meeting is considered quite possible," said the Russian-licensed *Berliner Zeitung*, "but at least a meeting of the four Foreign Ministers is considered virtually certain."

Any such meeting, the paper said, probably would not be confined to Berlin or even to Germany, but would include discussions of China, Korea and other points of East-West

dispute.

West Is Berated

While all the newspapers in Berlin gave big front-page headlines to the Moscow story, there was little editorial comment.

Russian-controlled papers called attention to the third anniversary of the Potsdam Declaration and used the occasion to accuse the Western powers of violating that agreement.

The official Soviet organ in Berlin, *Taegliche Rundschau*, said the Russians alone have fulfilled Potsdam's terms. It demanded that Germany, in all zones, be modeled after the Russian zone.

Big Four Talks Are Forecast By Berlin Observers

G. BRIA

Berlin, Aug. 3 (AP)—Western power negotiations with Prime Minister Stalin are expected here to result in a new Big Four power conference and the lifting of the Soviet blockade of Berlin.

Official silence cloaked the Moscow negotiations in this blockaded city tonight, but it is known that American and British occupation commanders are being kept advised of developments by Washington and London.

Informed unofficial sources, showing their first signs of optimism in weeks, indicated they had reason to believe last night's meeting in Moscow would result in an East-West compromise and the breaking of the Berlin deadlock.

Expect "Return To Normal"

"You can expect things to return to normal around here," said one source when questioned whether he thought the blockade would be lifted. Others expressed the same view.

This same source was pessimistic over whether a new Big Four meeting would succeed in settling East-West issues, but he predicted one would be held.

It is believed here that no final agreements were reached at last night's meeting in Moscow, but enough of an exchange of views had been made with Stalin to indicate a compromise could be worked out.

The length of the interview, combined with the fact that all three Western ambassadors are remaining in Moscow for further talks, strengthened this viewpoint.

Suggest Big 4 Parley

One French source said he believes Stalin may have asked a new meeting by the heads of state in view of the fruitless last three sessions of the foreign ministers.

It is expected that the blockade of Berlin will be lifted when the four powers agree on a date for the new Big Four meeting.

It was learned authoritatively that the three Western ambassadors have been instructed to remain adamant on the point the blockade must be lifted before any agreement can be formalized on a new meeting.

Meanwhile, in Berlin, the first indication appeared of a compromise solution to Berlin's tangled East-West currency deadlock. Although indirect, it was the first indication in many months that the Russians are willing to work out a compromise on currency—a main point of contest in this complex situation.

City Urges Compromise

Until now the Russians have insisted their eastern currency be the only one in circulation in Berlin. To enforce this they instituted a financial blockade, freezing all western sector bank accounts. The result was a shortage of cash to pay accounts or salaries.

Seeking a way out of this impasse, the German city *Magistrat* and the Soviet-dominated Eastern Economic Commission proposed to the West a compromise in which Soviet currency would be designated as the only legal tender for taxes, but permitting western currency to circulate in the western sectors.

There were indications the Western powers would accept this compromise. It is known the British and French favored it, with the United States still studying the proposal.

Financial experts of the West consider this a first concrete step toward settling the financial tangle in the city. Settlement would give the Russians a face-saving means of ending the blockade, since it was installed on the pretense the West had split the city by introducing a separate western currency.

Soviet Approval Likely

While the proposal did not come directly from the Russians, it is considered unlikely that it would be made by the Economic Commission without Soviet approval.

The Soviet press and officialdom made no new attacks nor any new moves against the West. This indicated they, too, are looking toward Moscow for additional instructions.

British and American officials kept watch at border checkpoints for any signs of a break in the blockade.

Watch For Press Announcement

If the Western powers' approaches to Stalin in Moscow got anywhere Monday night, these officials believed the first hint might come in the lifting of Soviet curbs on rail, road and waterway traffic from western Germany to Berlin.

Germans Stone Russ Policemen In Berlin

G. BRIA

Berlin, Aug. 3 (AP)—German civilians stoned Russian-sector police last night when they attempted to cross into the British sector of the city in pursuit of a black marketeer. One policeman was reported injured.

There were two versions of the incident, which occurred when Soviet-controlled police squadrons conducted raids against black marketeers at Potsdamer Platz, a favorite trading center.

Apparently fleeing from the police, some of the traders crossed the occupation border into the British sector to escape. Then, according to the British-licensed newspaper *Telegraf*, Soviet-controlled police entered the British area in pursuit.

Passer-By Reported Seized

"Crowds in the Potsdammer strasse lined up against the police and clashes occurred," the paper said. "There were reports that one passer-by was dragged out of the British sector, manhandled by pistol-brandishing Soviet-sector police and dragged off to their headquarters."

The Russian-controlled newspaper *Berliner Zeitung*, in its version of the incident, said one of the black marketeers sought to escape and called upon people in the streets for help.

"He shouted that he was a British-sector resident and that the Soviet-sector police were trying to kidnap him," *Zeitung* said. Thereupon several passers-by ran to his aid, threw stones at the police and injured one officer."

No British Comment

No official British comment on the incident was available.

There has been increasing bitterness between police in the Russian and Western sectors since the police chief muddle. Both anti-Communist Johannes Stumm and Moscow-trained Paul Markgraf claim to be chief.

BRITISH, RUSSIANS CLASH ON CONTROL OF DANUBE PARLEY

O. CARUTHERS

BELGRADE, Yugoslavia, Aug. 3—(AP) The British and Soviet delegates to the 11-nation Danube conference here engaged in a series of angry recriminations today.

British delegate Sir Charles Peake charged the Soviet with attempting to dominate the conference through control over the majority communist bloc in the conference.

"I for one have no intention of being bullied or intimidated," he said. "The United Kingdom will not jump at the crack of Mr. Vishinsky's (Soviet delegate Andrei Vishinsky, deputy foreign minister) whip. Let me make that plain."

Vishinsky Shouts Back

Vishinsky in turn shouted that the British "came in to this question like an elephant walking to a China shop."

At another point Peake quoted Vishinsky's remark that the Western Powers in the past have treated the Danubian states as a cook treats potatoes in the kitchen and said:

"A vivid and homely phrase, but I ask you who is cook here."

Vishinsky, following the speech closely, grinned and pointed toward himself with his thumb. Later, he ended a discussion with the quip that "we shall see who is the cook and who are the potatoes."

Throughout the day's talks it was obvious the Soviet is not going to allow any other "cooks" to spoil her plans to place the international river under exclusive control of eastern Europe's Communist bloc.

The main point of difference between the eastern and western nations was brought into the open with Vishinsky repeating the Russian claim that the 1921 Danube convention had been violated by the signatory powers and therefore no longer exists.

Differences Listed

With the exception of two or three major points, most delegates agree that the proposed convention handed to the conference by Vishinsky yesterday generally follows the 1921 convention.

The differences are:

1. Danube states are to have exclusive administration of all Danube navigation.

2. All old claims by non-Danube states are automatically cancelled.

3. The 1921 convention is automatically null and void with the adoption of the new convention.

It is expected the French and British will make an especially strong stand against cancellation of their economic rights under the provisions of the previous convention.

Later, in response to direct questions on whether he thought there was any chance of unchaining shipping on central Europe's most important trade artery, Vishinsky told the Associated Press, "I think so. I hope so."

being bulled or intimidated. The United Kingdom will not jump at the crack of Mr. Vishinsky's whip. Let me make that plain."

Pressure By West Charged

He was replying to Vishinsky's statement of last Saturday, in which he charged the Western powers were trying to put pressure on the conference in order to get their way, and with delivering an ultimatum that they would refuse to heed decisions with which they disagree.

Sir Charles's speech opened the fourth day of the conference, during which Vishinsky has announced he intends to introduce formally the Soviet draft plan for a Danube River convention which would place control of that waterway exclusively in the hands of Russia and her neighbors of the Eastern bloc.

"Imperialistic Powers"

Sir Charles referred to Vishinsky's declaration Saturday that questions before the conference are questions of new times.

"Are we to assume that all obligations are canceled with the dawn of each new day?" Peake asked.

"He (Vishinsky) spoke of imperialistic powers and designs. I am not sure exactly what this ideological concept signifies.

"Is the acquisition of majority control of indigenous transport companies imperialism?"

Quotes Vishinsky Remark

"If so, against whom does the charge of imperialism lie?"

He quoted Vishinsky's remark that the Western powers have treated Danubian states in the past as a cook treats potatoes in the kitchen.

"A vivid and homely phrase," Peake said, "but I ask you, who is cook here?"

Vishinsky, following the speech closely, grinned and pointed toward himself with his thumb.

Vishinsky Assailed For Danube Stand

O. CARUTHERS

Belgrade, Yugoslavia, Aug. 3 (AP). The chief of Britain's delegation to the eleven-nation Danube River Conference here fired an angry verbal barrage today at Andrei Y. Vishinsky, Russian Deputy Foreign Minister.

Accusing Vishinsky of trying to dominate the conference through control of the seven Eastern states, Sir Charles Peake declared:

"I, for one, have no intention of

20,000 GERMANS TO BUILD AIRFIELD

Berlin, Aug. 3 (A. P.).—Twenty thousand German laborers will be employed in rushing to completion a new airfield in blockaded Berlin, Col. R. A. Willard, American commander of the Berlin Military Post, said today.

The field, an American undertaking, will enable the Western allies to expand their airlift in the coming winter if the Russians should refuse to lift their land blockade of Berlin. It will be constructed in the French sector of Berlin, near the Tegel shooting range.

Red Grenade Is Uncovered At St. Peter's

Vatican City, Aug. 3 (AP)—A street sweeper found a tiny red hand grenade this morning near the entrance to St. Peter's Square. It was nestled at the bottom of the first column in the right arc of the Bernini Colonnade.

The sweeper called Achille Trapanera of the St. Peter's Security Detachment, who noted that the pin was out. The Italian War Ministry's artillery headquarters sent explosives experts who nudged the grenade some yards from the colonnade, sand-bagged it and set it off harmlessly.

The grenade was of a type the Italians call *balilla*, taking its name from the Mussolini organization of young Blackshirts.

Ukrainian Production Rises

MOSCOW, Aug. 3 (AP)—The newspaper Pravda announced today that industrial production in the Ukraine during the second quarter of 1948 was 44 per cent greater than industrial production during the same period of 1947. Ukrainian industry fulfilled its second-quarter plan, said Pravda, by 108 per cent, the additional 8 per cent representing over-plan production. The figures given in Pravda were issued by the State Planning Commission of the Ukrainian Republic.

Criminals Serve U.S., Soviet Agency Says

Vienna, Aug. 3 (AP)—The official Soviet News Agency, Tass charged today that a number of Austrians arrested recently by Soviet authorities were known criminals who acted as agents for the United States Army intelligence service.

American officials said the charge was without foundation. The Tass statement mentioned Capt. Frank Harris, described as chief of the 430th Counter Intelligence Corps, as an American who hired one of the Austrians. American CIC officials said they had never heard of any Captain Harris.

The Tass statement said Soviet authorities had evidence "these gangsters in the American service were not only engaged in espionage service against the Red Army, but were also instructed to ransack offices of Democratic (Communist) Austrian organizations."

Czechs Assert Red's Assailant Admits U.S. Aid

Note to Embassy Also Says Gen. Svoboda's Attacker Implicates Army Men

PRAGUE, Aug. 3 (AP).—The Czechoslovak Foreign Ministry charges that a man accused of trying to kill Defense Minister General Ludvik Svoboda had been instructed for the task in the presence of a dozen American officers.

This statement was contained in a note delivered to the American Embassy several days ago. It replied to an American protest against official Czechoslovak statements linking United States Army personnel with the reported attack on General Svoboda and the slaying of Major Augustin Sram, a Communist party official.

The Czechoslovak note said authorities had questioned seventy-nine persons arrested in connection with the case and got this account:

Milan Choc, who was arrested for the killing of Major Sram, left the American zone of Germany for Czechoslovakia with the knowledge of the American Counter-Intelligence Corps. Before his departure from Regensburg, Germany, he saw a C. I. C. officer who instructed him and promised him asylum.

A. C. I. C. captain, whose name or nickname was "Willy" and who was working in the Straubing office of the C. I. C., gave instructions to Miloslav Barak, an agent of the C. I. C., who was sent to Czechoslovakia with the mission of killing General Svoboda. Barak was taken by auto to a villa where he was instructed in the presence of twelve American officers.

After giving this account, the Czechoslovak note rejected the American protest. The note said confessions of detained persons chacked as to times and places, confirming one another's stories.

SOKOL OFFICIAL IS OUSTED

North Bohemian First to Go in Purge of Czech Society

PRAGUE, Czechoslovakia, Aug. 3 (AP) — The Czechoslovak radio said tonight Frantisek Konvalinka, chairman of the Sokol of the Litvinow district of northern Bohemia, had been expelled from the organization.

This was the first announcement of an expulsion since Sokol leaders announced it would be purged of "reactionaries." Demands for a purge came after marchers in a recent Sokol parade snubbed Communist President Klement Gottwald. The Sokol is an athletic organization.

Prague Promises Pardon If Refugees Come Back

Frankfurt, Germany, Aug. 3 (AP). Several thousand Czechs who fled their Communist-ruled homeland were promised a pardon today if they return within three months.

The Czech consulate general made this known in a German newspaper with the statement that political amnesty would be granted all who "regretted their rash actions and returned within three months."

Hundreds of Czech refugees are living in camps in western Germany. Said one refugee official:

"Not many of these people are likely to return. They hate communism too much."

All Alien Schools Closed To Bulgarians

Sofia, Bulgaria, Aug. 3 (AP)—The Presidium of Parliament published an order today closing all foreign schools to Bulgarian students September 1. These include six French schools and one American college.

The announcement said Bulgaria has denounced her 1936 schools' convention with France.

Diplomatic missions will be permitted to open schools for their nationals, the announcement added.

[A Romanian decree, announced yesterday, closed all foreign schools in Romania, effective at once. Foreign schools were described as those founded or subsidized by any other country.]

HUNGARIANS NAME PRO-COMMUNIST TO PRESIDENCY

BUDAPEST, Hungary, Aug. 3 — (AP) Arpad Szakasits, pro-Communist Socialist, succeeded to the presidency of Hungary today.

He was sworn in immediately, taking the place of Zoltan Tildy, a member of the Smallholder party who resigned Friday when his son-in-law was accused of spying and treason.

Szakasits, a former brick mason and Socialist newspaper editor, was declared elected unanimously by the Parliament after about 30 members of the Democratic Peoples party and the Christian Womens camp walked out. The two opposition groups returned after the unanimous ballot was cast.

Election Predicted

His election had been forecast since Saturday when the dominant United Workers party—a merger of Communists and Socialists headed by Szakasits—had declared for him and other parties followed suit. His was the only candidacy presented to the 241-member parliament by the speaker, Imre Nagy.

Szakasits, at a formal swearing-in ceremony, promised to deal with "satellites of imperialists at home" with an iron fist and to cooperate closely with neighboring "Peoples Democracies"—the countries of the Soviet bloc.

Was Vice Premier

Szakasits was vice-premier in the cabinet and for many years was a Socialist deputy in parliament.

Many prominent politicians were called home for his inauguration today. These included foreign minister Erik Molnar who was attending the Danubian conference in Belgrade, the Hungarian ministers to Paris and Berne, and Minister Zoltan Vas and Sandor Ronai who were in Moscow negotiating a trade agreement.

Szakasits Elected 'Unanimously'

Budapest, Hungary, Aug. 3 (AP)—Arpad Szakasits, a former stone mason, journalist and poet, was elected President of Hungary today. The vote by Parliament was unanimous.

He succeeds Zoltan Tildy, who resigned Friday, a few hours after his son-in-law, Dr. Victor Csornoky, was arrested and charged with espionage and treason.

When Imre Nagy, Speaker of Hungary's Parliament, announced that Szakasits was the only candidate for the presidency, members of the democratic People's party and of the Christian Women's camp—both opposition groups—walked out. They returned to their seats after the Speaker declared Szakasits elected.

Szakasits, who was nominated by the Unified (Communist-ruled) Labor party, formerly was Deputy Premier under Premier Lajos Dinnyes.

Those who walked out numbered about 30 of a parliamentary total of 241.

Ministers Called Home

It seemed clear the Cabinet would not even go through the formality of submitting resignations but would continue in office under the new President.

After taking the oath, Szakasits said in a speech that "relations between governmental parties have never been as satisfactory as today." He threatened "satellites of imperialists at home" with iron-fist treatment.

Prominent politicians who had been abroad were called home to attend the inauguration. Foreign Minister Frik Molnar returned from Belgrade, where he has been heading the Hungarian delegation to the Danube River Conference. Two other ministers returned from Moscow, where they had been negotiating a new commercial agreement. Hungary's ministers to France and Switzerland also were present.

Poland Renews Protests

Note on German Reconstruction Presented to Bevin

LONDON, Aug. 3 (AP).—Poland has renewed her protest against the Western Powers' reconstruction program in their zones of Germany.

The Polish Embassy published a note presented Friday to Foreign Secretary Ernest Bevin, expressing concern over decisions of Great Britain, the United States and France taken last spring at the London Conference on Germany. The Polish note said that only "concerted action of the four great powers is a proper guarantee of an equitable settlement of the German problem."

The note was a reply to British rejection of an earlier protest of a Western decision to set up separate politcal and economic bodies in western Germany.

Greeks Capture Key Rebel Site

L. C. CHAKALOS

Athens, Aug. 3 (AP)—The general staff of the reorganized Greek Army command announced today the capture of Kerassovon, southern anchor of Communist forces in northern Greece.

A spokesman said the 9th Division also took Kamenic Heights at the north end of the guerrilla defense line. Kamenic is 6,500 feet high and squarely on the Albanian border 8 miles north of Konitsa. The Greek Army had reported its forces had been shelled, mortared and machine-gunned from the Al-

banian side of the border at Kamenic.

Some in Athens saw indications of a collapse of all the Communist western front in the Grammos Mountains.

Dominate Valley

The peaks of Kamenic dominate the valley in which the north end of Markos Vafiades's Communist lines are based. Vafiades's last known headquarters at Georgopotamos is within artillery range of Kamenic.

Press reports said 220 guerrillas were killed, 106 captured and up to 900 wounded in the northern battles.

Kerassovon lies between the heights of Prophet Elias and Kleptis, which have fallen in the past three days. There were previous reports that the rebel bastion was being evacuated.

A guerrilla brigade occupied Kerassovon last week in the face of a 9th Division advance. Its fall was apparently caused by the 2d Division driving from the east, and by two battalions which moved from Zagoria in the south.

Reshuffle In Command

Earlier, Premier Themistokles Sophoulis announced a reshuffle in the Greek army high command to "accelerate the tempo" of the war effort. The shakeup followed American suggestions for speeding up the fight against Communist-led insurgents.

Press dispatches said that Kerasovon, only 11 air miles from the Albanian border, has been evacuated by the guerrillas. The dispatches also said the gap between the Greek Ninth and Second Divisions in this sector is only 2½ miles and that they now are able to signal each other with flare shells.

The Greek Premier said Lieut. Gen. Panos Kalogeropoulos, commander of the 2d Corps, has been given a month's leave. He added that the Greek deputy chief of staff, Lieut. Gen. Stylianos Kitrilakis, is proceeding to the northern front to take full command of the Grammos Mountains offensive.

The Grammos operation was originally slated to end within two weeks. It has stretched into six weeks. It was intended as a final drive to smash the rebellion.

Post May Remain Vacant

Sophoulis indicated that the post of 2d Corps commander would remain vacant for the present.

The Premier had opposed the American suggestion that Kalogeropoulos be replaced, but finally yielded to the United States request that the commander be given a "leave."

American dissatisfaction with Kalogeropoulos became clear more than two weeks ago. The United States contended that Kitrilakis should assume closer control over plans and operations he had prepared. He will now have full command of the front and also retain his post as deputy chief of staff.

At one time, Kalogeropoulos commanded the entire Grammos front, with six divisions.

Air Ministry Changes Urged

The Americans were reported also to have asked for a shakeup in the Air Ministry, informants said. There also were reports that Maj. Gen. Laios, commander of the 15th Division, would be relieved of his post.

Sophoulis said he talked for two hours yesterday with Lieut. Gen. James A. Van Fleet, head of the United States military mission. He said the conference dealt chiefly with questions relating to the combat area.

GREEKS CAPTURE REBEL POSITIONS

Take Amouda Heights, Other Guerrilla Strong Points

L. S. CHAFALOS

Athens, Aug. 3 (AP)—The Greek army offensive against stubborn rebel resistance moved into high gear today with the capture of important guerrilla strongpoints on both eastern and western fronts.

The reshuffled Greek army command announced that national forces, using British made 18-ton Centaur tanks, had captured Amouda heights on the eastern front. Amouda had withstood violent attacks for six weeks.

An earlier announcement said army forces had captured positions on both the north and south flanks of the rebel western-front defense line. The capture of Kerassovon, southern anchor of Markos Vafiades' defense line, narrowed the gap between the Government 9th and 2nd divisions in that sector to only 2½ miles.

Inner Defenses Crumble

A general staff spokesman said that reports had been received that the 9th Division had captured Kamenic heights at the northern end of the western defense line.

These army successes verified a growing belief that all of Markos's inner defense lines are crumbling.

An American observer said the guerrilla leader might attempt to withdraw into Albania. His forces have been compressed into an area of less than 300 square miles. Six weeks ago, Markos controlled approximately 1,000 square miles in western Macedonia and Epirus.

Kamenic is a massive 6,500-foot height on the Albanian border 8 miles north of Konitsa. Early in the offensive communiqués said Government troops in that area were subjected to artillery, mortar and machine-gun fire from Albanian territory.

Press reports from the front said 220 guerrillas had been killed, 166 captured and probably 600 to 900 others wounded and carried deeper into the mountains to guerrilla hospitals.

The new developments came within 24 hours after Premier Themistokles Souphoulis announced a reshuffle of the army high command in line with American suggestions, to speed up the fight against the Communist-led rebels.

The Greek general staff said the Grammos summer offensive has liberated more than 100 Communist-controlled villages.

A general staff report said also that more than 31,000 guerrillas have been put out of action since October, 1946. Markos's numerical strength, however, is the same as it was last summer, with 22,000 to 25,000 guerrillas still in Greece.

The general staff explained that Markos has replenished his ranks by forcibly recruiting Greek villagers.

GREECE SHAKES UP ARMY COMMAND

Athens, Aug. 3 (A. P.).—Premier Themistokles Sophoulis has announced a reshuffle in the Greek Army high command to accelerate the tempo of the war effort. The shake-up followed American suggestions for speeding up the fight against Communist-led insurgents.

The Premier said that Lieut.-Gen. Panos Kalogeroulos, commander of the Second Corps, has receved a month's leave. He added that the Greek deputy chief of staff, Lieut.-Gen. Stylianos Kitri-Gen. Panos Kalogeropoulos, comlakis, is proceeding to the norththe Grammos Mountains offensive. The Premier had opposed the American suggestion that Kalogeropoulos be replaced, but finally yielded to the United States request that a leave be given to the commander.

Dispatches from the front said that Greek forces have captured Kerassovon, southern anchor of the guerrillas' main defense line on the western front.

A spokesman said the Ninth Division also took Kamenic heights at the north end of the guerrilla line. Kamenic is 6,500 feet high and squarely on the Albanian border eight miles north of Konitsa. Some in Athens saw indications of a collapse of all the Communist western front in the Grammos Mountains. Press reports said that 220 guerrillas kere killed, 106 captured and up to 900 wounded.

Idle Problem In Greece

London, Aug. 3 (AP)—A Greek Embassy spokesman today said Greece has asked the Big Four powers to permit free entry of her "surplus population" into Italy's prewar colonies, to relieve an unemployment problem. The statement has been forwarded to the deputy foreign ministers who are considering the future of Libya, Eritrea and Somaliland.

U. N. Jerusalem Patrol Hinted

Bernadotte Says 2500-man Force May Be Needed to Demilitarize City.

Jerusalem, Aug. 3 (A. P.).—Count Folke Bernadotte said today that the United Nations might have to send a 2,500-man international police force to demilitarize Jerusalem.

The United Nations mediator for Palestine conferred with Dr. Bernard Joseph, newly appointed Israeli military governor for the Jewish part of the city. He talked also with Arab representatives.

Bernadotte told a news conference that the organization of the police force he envisaged might require two or three montsh. The United States, Belgium and France, members of the local truce commission, might provide police in the meanwhile, he said.

Urges End of Sniping.

The Swedish nobleman urgently asked Israeli and Arabs to quit Sniping. He said he was not inclined to regard the daily mutual snipings as breaches in the truce but as incidents.

He acknowledged that the demilitarization of Jerusalem and the withdrawal of armed Israeli and Arab forces would cause temporary partition. He insisted that the whole arrangement is provisional only and would not bear on any decision at higher devels on the status of the Holy City.

Bernadotte leaves today for Alexandria. He is to return next week via Tel Aviv.

Bernadotte to Renew Demilitarization Talks

JERUSALEM, Aug. 3. — (AP) Count Folke Bernadotte will return to Jerusalem next Monday to try to break the Jewish-Arab deadlock on demilitarization of the city, his aides said today after the U. N. mediator took off for Egypt.

"It may be December before demilitarization is effective, even if negotiations are speeded up," said one official.

The announced Jewish ambition to incorporate Jerusalem and a corridor to the coast into Israel, and Arab fears that Irgun Zvai Leumi and Sternists are preparing to attack Arab quarters of the city were described as among the main obstacles to working out an agreement.

Beigen Urges Militarization.

JERUSALEM, Aug. 3 (AP)—Menahem Beigen, leader of Irgun Zvai Leumi, made his first public appearance tonight when he addressed a crowd of 5,000 in Zion Square.

He demanded swift steps to include Jerusalem in the State of Israel. He urged militarization of Jerusalem and not demilitarization. He said Count Bernadotte represented "not Lake Success but London." Mr. Beigen said the Israeli Government's methods to obtain Jerusalem were "apathetic and uneffective," and asserted that Jerusalem and not Tel Aviv should be Israel's capital.

Typhoid Danger Seen Among Arab Refugees

Alexandria, Egypt, Aug. 3 (AP)—Sir Rafael Cilento said today there was grave danger of a typhoid epidemic among Arab refugees from the Palestine war.

Sir Rafael, an Australian, represents the refugee division of the social affairs department of the United Nations. He arrived here by plane today with Count Folke Bernadotte, United Nations peace mediator.

The number of Arab refugees is estimated to be between 250,000 and 350,000.

Assault To Relieve Mukden Is Indicated

Peiping, Aug. 3 (AP)—Press reports hinted today the Chinese Government was about to launch sea and land operations in Manchuria designed to end the long isolation of Mukden.

One account said troops were being assembled at "a certain Manchurian port," obviously Hulutao, for an amphibious assault on the port of Yingkow, 100 miles southwest of Mukden.

Hulutao is 65 miles across the Gulf of Liaotung from Yingkow. It also is a staging base for the reported impending drive up the railway from Peiping to Mukden.

Mukden has been isolated from China proper except by air since a big Communist push last year.

Even should Government troops seize Yingkow, they still would have to clear Communist bands from the 100 miles of territory separating the two cities.

Dispatches from Mukden said 50,000 trained men, enrolled from the city's population, had been added to the Government garrison.

They reported the garrison had expanded its holding around Mukden recently to considerable farming land, easing the food shortage.

Chinese May Land At Yingkow

Peiping, Aug. 3 (AP)—Government troops are preparing for an amphibious landing at Yingkow, Manchurian seaport 100 miles southwest of Mukden, Chinese press reports said today.

The most logical jumping-off place for such an assault would be Hulutao, 65 miles across the Gulf of Liaotung from Yingkow.

Communist troops have been reported abandoning Yingkow.

Seizure of Yingkow would provide the Government a corridor to Mukden for the movement of supplies brought in by ship. Rail facilities and a highway connect Mukden with the port.

Expansion In Mukden Area

For some days now dispatches from Manchuria have indicated Government moves against the Communists are in the offing. Government troops in the Mukden area have expanded their hold. The food situation has been reported considerably improved.

The military situation in North China was relatively quiet, but in Central China the Reds captured Fowyang, oft-beseiged town in northern Anhwei which served as a port before the Yellow River was diverted to its ancient course last year.

REDS CHARGE U. S. TO DEPOSE CHIANG

SAN FRANCISCO, Aug. 3—(AP) The Chinese Communist radio today asserted "American aggressors" were backing government generals and warlords in a move "to do away with Chiang Kai-Shek."

The propaganda broadcast, reviewing the last two years of civil warfare, named Gen. Li Tsung-Jen, vice-president of China, as one of those behind the alleged movement.

The radio said Chiang was to be done away with by a "peace movement," it did not elaborate. Apparently, it meant the generals would agree to depose Chiang if the Communists agreed to peace.

Peace Talks Rumored

Li on July 23 denied rumors of secret peace talks with the Communists. One aim of the communist broadcast appeared to be to lend weight to these peace rumors.

Among others named by the Communist broadcast as taking part in the "peace movement" were Gen. Ho Ying-Chin, minister of defense; Gen. Fu Tso-Yi, commander in north China; the two powerful northwest China governors, Ma Pu-Fang of Tsinghai Province and Ma Hung-Kwei of Ningsia Province, "and even certain noted Whampoa warlords of Chiang Kai-Shek's personal army."

This was a reference to generals who were graduated from Whampoa Military Academy and were prominent in the revolution led by Sun Yat-Sen and Chiang.

"American aggressors," said the broadcast, "directly supply them with arms or lead them to carry out all sorts of political machinations, especially a so called 'peace' movement to do away with Chiang Kai-Shek."

The broadcast was heard by the Associated Press listening post at San Francisco.

Shanghai Utility Rates Rise.

Shanghai, Aug. 3 (A. P.).—Shanghai's utility rates—including water, gas, electricity, telephone and transit facilities—were increased 100 to 300 per cent today.

BRITON REVEALS REDS' PLAN FOR MALAYAN REVOLT

SINGAPORE, Aug. 3 — (AP) A Communist timetable which called for taking over Malaya today was made public tonight by Malcolm MacDonald, high commissioner for the United Kingdom in southeast Asia.

MacDonald said the Communist republic of Malaya was to have been proclaimed today but instead the insurgents are "licking their wounds in the jungle."

MacDonald said in an address prepared for broadcast tonight that he was speaking "in the unavoidable absence of the chief commissar of the republic."

Communists Weakened

He said British military offensives "seriously" interrupted the revolutionary timetable and left the Communists in "grieviously weaker positions." He expressed optimism that Britain now holds the military initiative in her richest possession and indicated indirectly that Britain hopes to restore peaceful conditions within a few months.

Disclosing the Communist plans for a Malayan revolution which he said was found among captured documents, MacDonald said they set D-day for a revolt in the Malayan federation in early June.

Planned Terror Reign

They planned a reign of terror against Europeans and pro-nationalist Chinese which they expected would crumble British power quickly and had provisional administrations prepared to take over each area as it fell into their power, he said.

He said the crown colony of Singapore was to be captured "not many weeks" after the beginning of the revolt and on Aug. 3—today—the Communist peninsula was to have been proclaimed, probably from government house—the traditional home of Singapore governors.

Red Plot To Rule Malaya Bared

Singapore, Aug. 3 (AP)—High Commissioner Malcolm MacDonald said tonight Malayan insurgents were to have proclaimed a Communist republic of Malaya today.

They are "licking their wounds in the jungle" instead, the British commissioner for Southeast Asia said in a radio address.

MacDonald said British military offensives have seriously disrupted the revolutionary time table and the Communists are in a "grievously weaker position."

Britain Regains Control

He expressed optimism and said Britain now holds almost completely the military initiative in Malaya her richest possession. He indicated indirectly Britain hopes to restore peace within a few months.

The commissioner said the Communist time table was found in captured documents. He said the Communists set their D-Day for the Malayan federation revolt back in June and started a terror campaign against Europeans and pronationalist Chinese in which they expected British power to crumble swiftly.

He said the Communists had a provisional administration prepared to take over each area they seized. A Communist flag of three yellow stars on a blood-red field was to be raised in each state. The time table called for the capture of Singapore in "not many weeks" after the revolt started.

R. A. F. Bombs Malayans.

Kuala Lumpuer, Malaya, Aug. 3 (A. P.).—R. A. F. Spitfires, dropping bombs for the first time since the Malayan insurrection began, destroyed an insurgent camp in southern Perak State today, the R. A. F. announced.

JAP REDS PROTEST U. S. STRIKE BAN

TOKYO, Aug. 3. — (AP) Japanese Communists today plastered Tokyo with posters shouting defiance of the government and the occupation.

The Communists, who have seized on General MacArthur's recent stand against strikes by government workers, were careful not to mention the occupation directly.

"We hereby declare war against Fascism and Third party interference which are running berserk," said the posters. The "Third Party" is the Communist way of referring to the occupation.

Urge 'Revolution'

The party's newspaper also trumpeted an editorial calling for "revolution against the governing class."

Authorities regarded all this tumult as a warmup for a big Communist homecoming rally in downtown Tokyo tomorrow morning for party secretary General Kyuichi Tokuda.

Tokuda escaped with slight injuries when a bomb thrower tried to assassinate him on Kyushu, the Southern Japanese island.

The Communist posters accused the "ruling classes" of the assassination plot. A disillusioned ex-Communist has been charged with the attack.

Meanwhile, Blaine Hoover, chief of MacArthur's civil service division, said MacArthur had been forced to take a stand against government worker strikes "to restore a semblance of order to a rapidly deteriorating situation."

He issued a statement terming "complete nonsense" the position taken by John S. Killen, who quit as head of MacArthur's labor division in protest to occupation policy on government workers.

Hoover declared MacArthur had to act because a government workers strike called for Aug. 7 "would have resulted in starvation and disaster." The major government unions involved are in the fields of transportation and communication.

Jap Communists Call U.S. Rule Interference

Tokyo, Aug. 3 (AP)—Japan's Communist party intensified its attacks on the United States and the Allied occupation today as turmoil over General McArthur's ban on strikes by Government workers continued.

Communist posters throughout the city proclaimed, "We hereby declare war against fascism and third-party interference which are running berserk," and the Communist newspaper called for a revolution against the governing class."

[By "third-party interference," the posters evidently meant the Allied occupation, whose directions guide the Japanese Government.]

Boldest Development

The slogans marked the boldest development yet in a campaign of nationalism toward which the Communists recently turned in an effort to win popular support.

The double propaganda campaign obviously was intended as a fanfare for the scheduled demonstration tomorrow on the return of Communist Secretary General Kyuichi Tokuda, from Kyushu. He was slightly wounded in a recent assassination attempt.

"The ruling classes," said the Communist posters, "finally revealed their imperialistic character in full by striking down Tokuda." His would-be assassin has been identified as a disillusioned former Communist, but the European Cominform recently asserted "ruling classes" engineered the attack on Tokuda.

The theme of the mass meeting evidently will be indignation against the attack on Tokuda, mingled with a cry for unions to "fight for your rights" in opposing restraints on Government workers. These originated from General MacArthur's letter to the Premier suggesting a ban on strikes by such workers and urging the Government to strengthen its legal position against "minority pressure."

Cabinet May Collapse

Newspapers speculated mean-

while that the Cabinet of Premier Hitoshi Ashida may collapse in October.

Ashida's last chance of remaining in office indefinitely, the papers said, seemed to be ended when Tetsu Katayama, leader of the third-ranking Social Democratic party, failed to cancel his proposal to call for dissolution of the Diet.

By October, said the articles, legislation requested by MacArthur will have been completed in special Diet session. The Diet will then be free to consider a motion of non-confidence in the Cabinet.

Faces Leftists' Pressure

Katayama reportedly is facing strong pressure from Left-wingers within his party to withdraw the Socialist support and participation in the Cabinet.

Meanwhile, Blaine Hoover, chief of the civil service division at General MacArthur's headquarters, today defended the occupation commander's labor policies as necessary to restore order "in a rapidly deteriorating situation."

He termed the position of James S. Killen, who resigned as head of the labor division in protest over MacArthur's ban of strikes by Japanese Government employés, "complete nonsense."

"Forced To Step In"

Killen had charged the Japanese Government, at MacArthur's suggestion, denied basic rights to Government employés by denying them the right to bargain collectively.

Hoover said the occupation commander "was forced to step in to restore some semblance of order in a rapidly deteriorating situation between the Japanese Government and its employés, with a paralyzing strike of Government workers announced for August 7, which in Japan's impoverished condition would have resulted in starvation and disaster. . . ."

Killen, Hoover added, was given ample opportunity to state his views before MacArthur dispatched his letter to Premier Ashida, but made no protest at that time.

PESO IS WEAKER

Mexican Unit Drops Below 7 to 1 in Free Trading

MEXICO CITY, Aug. 3 (AP)—The peso dropped below the seven-to-one point in relation to the dollar today in a fluctuating market.

This was the fourth day of continued weakness.

Yesterday the free market among banks closed with the dollar being bought at 6.65 and sold at 6.75. Today the range was wider. The lowest paid for dollars was 6.60 and the highest at which dollars were sold, 7.02.

Mexican Soldiers To Learn Farming

Mexico City, Aug. 3 (AP)—The song says "You're in the army now, you're not behind the plow," but the Mexican Department of National Defense is putting a switch to it.

Mexican draftees will learn how to operate tractors and other farm implements — including plows— during their year of training in order to make them better farmers.

It's all part of a plan to develop and expand agriculture in Mexico to reduce or eliminate food imports.

House Unit Okays Loan For The U.N.

Washington, Aug. 3 (AP) — The House Foreign Affairs Committee today approved legislation to lend the United Nations $65,000,000 for construction of permanent headquarters in New York city.

The legislation, already passed by the Senate, may be called up in the House for action tomorrow.

The money would be advanced to the United Nations under an agreement that it be repaid in annual installments starting July 1, 1951, and ending not later than July 1, 1982. The loan will not bear interest.

Passage of the legislation has been requested by President Truman.

COTTON SHORTAGE CITED IN UN FAR EAST SURVEY

WASHINGTON, Aug. 3 — (AP) Former Surgeon General Thomas Parran said today the shortage of cotton was so acute in Indonesia that mothers had to use bamboo nets for diapers.

Also, he said, there was no catgut and mothers who underwent caesarian operations were sewed up with common cotton thread ordinarily used by housewives.

Parran made a survey in the far east as a consultant for the United Nations' international children's emergency fund.

He said the infant mortality was more than one third of all children born in all far eastern areas except Siam and Singapore.

He said the children's fund has earmarked $7,000,600 of its expected $75,000,000 for China, $3,000,000 for other far eastern countries, and the rest for Europe.

Unitarians Deny Conference Was 'Sounding Board' for Reds

PORTSMOUTH, N. H., Aug. 3—(AP) Unitarians stoutly denied today that their Star Island conference had been used "as a sounding board by alien forces."

Federal trade commissioner Lowell B. Mason made that charge in resigning last night from the conference—and Star Island spokesmen were quick today to brand Mason's remarks unfounded and "unfortunate."

Three standing votes, each carried by "better than 10 to 1," recorded the 200 delegates' belief that the conference was not "in danger of being dominated by any one individual or group."

Mason said he resigned because Prof. Goodwin Watson of Teachers College, Columbia University, had delivered what Mason described as a keynote speech which "attacked Democracy while favoring Communism."

Mason said he concluded that Watson "is opposed to our American ideology" and added: "When our church is used as a sounding board for a bold-faced attack upon the nation, it is time we took stock of ourselves."

The American Unitarian Association offered this nutshell digest of the dispute:

"Mr. Mason is fearful that Henry Wallace partisans will take over the conference."

Merrill E. Bush, dean of the conference, whom Mason had criticized for inviting the Watson speech, issued a statement late today which said:

"It was unfortunate that Mr. Lowell Mason gave the impression that the address by Mr. Goodwin Watson was a keynote speech or that it would set the pattern for subsequent discussion.

"Mr. Watson's was only the first of seven major addresses. The other speakers being heard this week are Eli Culbertson, Mrs. Cross Edgren, Rex Stout, Raymond Dennett, Rupert Emerson and Leroy Bowman.

"In a conference of this natur,e with seven speakers each representing his own position, no one point of view can correctly be said to represent the position of the participants."

Mason was present at today's session but did not speak. Culver Chamberlain, identified as a Washington lawyer formerly in the diplomatic service, said he represent-Mason. He did not enlarge upon Mason's position, however.

UNITARIANS DEFINE SPEECH BY WATSON

Portsmouth, N. H., Aug. 3 (A. P.).—The resignation of Federal Trade Commissioner Lowell B. Mason from the Unitarian Star Island Conference because of remarks by Prof. Goodwin Watson of Columbia University Teachers College brought an assertion today that Watson's speech did not keynote the meeting.

"He was just another speaker, although he happened to be the first of a series," American Unitarian Association headquarters said.

Mason, in resigning, said the conference leadership "had been used by alien forces" and that Watson's speech had "attacked democracy while favoring Communism."

A spokesman for the association, calling attention to a current article in the Church's publication attacking the presidential candidacy of Henry A. Wallace, said the association indorsed no political aspirant and that the next issue of the magazine would contain two articles on Wallace, one written by a sympathizer and the other by an opponent—both ministers.

Star Island, one of the Isles of Shoals, is without telephone or telegraph communication and efforts to contact Watson for comment were not immediately successful.

Soviet Sea Mine Tales Discounted

Seattle, Aug. 3 (AP) — United States Navy and Coast Guard headquarters today discounted a Vancouver (B.C.) *News-Herald* story that stray Russian mines are endangering West Coast shipping.

The 13th Naval District said that numerous reports of Russian mines in Pacific northwest waters have been received during the past year but all proved false.

The 13th Coast Guard District also confirmed that no Russian mines have been sighted off the Washington and Oregon coasts.

60 Have Been Japanese

Both branches of the service said that each of the 60 mines detonated on northwest beaches since last February has been Japanese. Prevailing tides have prevented any mines from drifting ashore in the past 30 days and none are expected until conditions change in October.

The few located at sea since July 1 have been Japanese-type.

In Vancouver, the story was challenged by Rear Admiral E. Rollo Mainguy, Pacific coast flag officer for the Royal Canadian Navy. He said all mines destroyed by the R.C.N. were Japanese.

Speculation Cited

The *News-Herald* speculated that Russian mines may have been carried eastward across the Pacific ocean by the Japanese current from Siberian harbor mine fields.

The story was based "on reports from fishermen arriving here (Vancouver) from the west coast of Vancouver island."

The story said the coast fishermen maintained that the mines do not conform with the known types of Japanese mines and "are definitely Russian weapons."

COURT TO REVIEW DENIAL OF BAIL TO RED ALIENS

NEW YORK, Aug. 3 — (AP) A court review was ordered today of claims by five accused alien Communists that Attorney General Tom C. Clark abused his discretion in refusing them bail pending deportation hearings.

The court review was ordered by the U. S. Circuit Court of Appeals.

The five men charged with being Alien Communists include Gerhart Eisler, characterized by a House committee as the No. 1 Communist in the U. S.; Irving Potash, vice-president of the CIO International Fur and Leather Workers Union; and John Williamson, Labor Secretary of the Communist party of the U. S.

Two Indicted

Potash and Williamson were arrested recently, along with 10 other top Communists, on charges of plotting the violent overthrow of the U. S. government.

Judge A. N. Hand, who wrote the court's opinion today, said it was being handed down "without any intimation on our part as to whether they should have been admitted to bail."

He added that the Supreme Court has never ruled directly on the Attorney General's discretionary powers in setting bail in deportation proceedings.

The Circuit Court referred the review to Judge William Bondy of the U. S. District Court here, which originally handled the case.

Arrested Last Spring

The five men were arrested last spring and held for deportation proceedings on charges that they were allied members or affiliates of an organization advocating overthrow of the government.

After Clark denied them bail pending hearings, the men swore out writs of habeas corpus in an effort to gain freedom from Ellis Island, where they were being held. The writs contended Clark should have set bail for the defendants.

Judge Bondy and Judge Harold R. Medina of the District Court subsequently dismissed the writs but admitted the defendants to $5,000 bail each pending an appeal to the circuit court.

The two other men involved in the proceedings are Ferdinand C. Smith, former secretary of the CIO National Maritime Union, and Charles A. Doyle, of the Chemical and Coke Union.

MEASLES EPIDEMIC ON GUAM

PEARL HARBOR, Aug. 3—(AP) The Navy said today an epidemic of measles had broken out on Guam with 900 cases reported so far. Its report from the department of public health did not say how many navy or civil service employes were affected, if any.

Arctic Ice Blocks Eight Naval Supply Vessels

Point Barrow, Alaska, Aug. 3 (AP). An eight-ship navy convoy's race to bring a year's supplies to the top of the North American Continent was blocked today, at least temporarily, by the Arctic ice pack.

The Navy's oil exploration bases and native villages on the upper rim of Alaska are dependent on the 42,000 tons of cargo carried by the ships.

The narrow Arctic Sea channel was sealed by north winds yesterday less than two weeks after the latest breakup since 1938. The ice stalled the flotilla at Point Lay, a day's voyage to the southwest.

Manned By 2,500 Men

The eight ships, including five 14,000-ton attack transports, are manned by 2,500 navy men. They carry lumber, fuel, vehicles and other equipment vital to continuation of the Navy's hunt for oil at the "top of the world."

The Coast Guard cutter Northwind, sent here in advance of the convoy, raced for open water Sunday as the shifting winds drove the ice toward shore.

Navy aerial observers said today that the pack was closed so tightly that walrus herds were forced to waddle miles across the ice to find patches of water.

Eskimos Face Food Lack

[In Juneau, a Federal official said that Eskimos in the Point Barrow and Wainwright areas face a desperate food situation.]

Whether the navy cargo fleet will be able to reach its destination here appears to depend on the weather. The load of supplies is said by officers in charge to be 2½ times as large as was put ashore at Utah Beach in the first week of the Normandy invasion.

Navy to Spend $500,000,000 On Big Carriers, Speedy Subs

WASHINGTON, Aug. 3 — (AP) The Navy has a $500,000,000 building and conversion program centered on speed and size—faster submarines and ships and bigger carriers for bigger planes.

The Navy's plans for the next three to six years call for building 16 experimental vessels, including a giant 65,000-ton carrier; finishing another 16 ships of wartime construction, though modifying the design of six; and converting 33 vessels, chiefly for submarine and anti-submarine duty.

Fleet Now Obsolete

The Navy has made clear in official announcements and the public statements of its top officers that the fleet the nation relied on in World War II is virtually obsolete today.

The Germans inaugurated what amounts to a revolution in ship design by developing a submarine capable of high underwater speeds and of remaining submerged for long intervals.

Of the Navy's 1948-49 program of new construction, nearly all is pointed toward submarine and anti-submarine warfare.

That program embraces six high speed subs, three "anti-submarine" submarines (no explanation of these has been given), two "killer" ships resembling light cruisers, four new-type destroyers for anti-submarine work planned to be larger, faster and able to cruise in polar waters.

Carrier for B29's

The projected 65,000-ton carrier is expected to have a flush flight deck and will be able to launch bombers of B-29 size.

Under its wartime building program, the Navy had a number of vessels partly finished at the war's end. Some have been modified to embody new designs but others were too close to completion for major changes.

One submarine under way, the Cusk, was altered to fire guided missiles. She is at present an experimental ship, but if successful will undoubtedly be the forerunner of many similar ships.

Another new-type craft is being built from a light cruiser hull.

Known as a task fleet command ship, the Northhampton started out to be a light cruiser. Her duties are secret, but it is believed she will be an armed floating command post.

100 European Orphans Get California Haven

Los Angeles, Aug. 3 (AP)—A religious-humanitarian group has completed plans to give a Southern California haven to some 100 European displaced orphans.

The United States European Evangelical Commission has arranged for use of a 196-acre farm near Santa Paula, and hopes, said the Rev. R. D. Noles yesterday, to be able to care for approximately 50 boys and 50 girl orphans from abroad.

Dr. Noles, western chairman of the commission, said his group would like to bring to California the 29 Baltic refugees who recently landed in Boston after crossing the Atlantic in a 64-foot schooner. They would be employed, he said, in completing a huge, unfinished hotel on the ranch property, and then could doubtless find work in agriculture.

Puerto Rico Seeking New Industries

Washington, Aug. 3.—The advantages which Puerto Rican economy offers manufacturers will be pointed out in an open letter from the Governor of that island which will be included in the Bulletin of the Office of Puerto Rico for release on Friday to 20,000 manufacturers as well as economic and trade organizations.

The Puerto Rico Industrial Development Company has recently laid the foundation for several thousand jobs in industry, according to Jesus T. Pinero, the island's first native Governor.

But Puerto Rico still lacks well-developed promotional channels, such as branch offices of mainland banks, sales concerns and industry recruiting committees of chambers of commerce to relay reports on industrial opportunities, he points out.

U. S. May Buy 206,000 Tons Of Cuba Sugar for Domestic Use

WASHINGTON, Aug. 3 (AP).—An additional 206,000 tons of Cuban sugar may be purchased to meet consumer demands in the United States this year. The figure was reported under discussion today at negotiations in the Agriculture Department on purchases of Cuban sugar for both United States Army needs in overseas occupied areas and for domestic consumption.

If this amount should be agreed upon, it would go a long way toward cutting down the swiftly shrinking Cuban sugar surplus. Estimates have been made that this surplus will be about 825,000 tons from the 1948 crop of 6,680,000 short tons.

Figures on the amount the Army will need for the occupied areas in Europe and Asia have not been disclosed. However, a figure of 325,000 short tons has been discussed both in the United States and in Cuba as the probable amount necessary, principally for civilian demands in occupied areas.

Coupling these figures — the 206,000 reported under consideration for United States consumption and 325,000 for occupied areas—would account for 531,000 short tons of the estimated 825,000-ton surplus.

The remainder of the surplus—294,000 tons—probably would go to the world market. Much of this presumably would be accounted for by countries receiving American aid under the Marshall plan.

GOP HEADS AGREE TO PUSH BILL TO CURB INFLATION

Measure Will Start Rolling Through Congress Today, Leaders Say

PLAN CREDIT CONTROLS

Most of Truman's Program Marked for Discard; Program Limited

WASHINGTON, Aug. 3 — (AP) Republican leaders reached an agreement tonight to start a limited anti-inflation bill rolling through Congress tomorrow.

The agreement was announced by Senator Taft (R-Ohio), chairman of the Senate G.O.P. Policy committee, and Rep. Wolcott (R-Mich) chairman of the House Banking committee. Their announcement followed a two-hour meeting of Taft, Wolcott and several members of the Senate Banking committee.

To Consider Credit Controls

As outlined by Wolcott, the House Banking committee will start consideration tomorrow of a Senate-approved bill to re-establish consumer credit controls.

Wolcott said the bill would be used as a base. He explained that he would offer amendments in committee to restore the gold reserve requirements for Federal reserve banks to their 1945 level, and probably an amendment to increase the reserves of Federal reserve banks by three percent on demand deposits and one percent on time deposits.

Increasing the reserves cuts down the amount of money banks can lend. The theory is that this is a check on inflation.

President Truman had recommended that the government be empowered to increase reserve requirements on time deposits by 4 per cent, and on demand deposits by 10 per cent.

Reject Truman's Program

The Republican leaders have marked for the discard most of the Truman anti-inflation program, which calls among other things for powers to control some prices and wages and to resume rationing if it is deemed necessary.

Despite indications that it has no chance of success the president pressed today for passage of another item in his anti-inflation program—an excess profits tax designed to trim the peacetime profits of larger corporations.

He proposed a $4,300,000,000 tax, much like the wartime levy. Sponsors of the bill said it would discourage price increases. Rep. Knutson (R-Minn), chairman of the House Ways and Means committee, predicted the bill's defeat.

Rep. Wolcott said his amendment to increase the reserves that banks are required to set aside to assure payment of their depositors would apply only to members of the Federal reserve system.

Want All Banks Covered

The president, too, asked that the increases apply only to member banks but Federal reserve officials have said the increase should apply to non-member banks as well.

The president's program made no mention of gold reserves, which back up paper currency. Some officials have said an increase in these would be largely psychological because the reserves already exceed requirements.

Wolcott told newsmen that his

1948

banking committee should agree on a bill tomorrow and place it before the House Thursday. He predicted the House would pass it and send it to the Senate the same day. Taft said it would be referred immediately to the Senate Banking committee.

Chairman Tobey (R-NH) of the Senate Banking group indicated to reporters after he left the meeting he would propose some amendments to the Wolcott bill. Tobey wants to include both member and non-member banks in the reserve requirements and has indicated he would like to go along with the Administration proposals for the amounts of reserve increases.

Disfavors Gold Proposal

He also hinted broadly that he thinks the gold provision is unnecessary.

The peppery New Hampshire senator, who frequently disagrees with the Republican leadership, told reporters "the mountain has labored and brought forth a mouse."

"The public should not get the idea," he said, "that this credit stuff is going to be translated into lower prices for them."

He later acknowledged that over a long period it might have some effect.

Sees Weekend Adjournment

Taft indicated that the Senate might get around to taking up the bill Friday, if Tobey's group has it ready. He said that if everything works smoothly, Congress could adjourn this weekend but that he would have "no objections" to running a day or two next week.

Details of the White House tax plan came out almost simultaneously with a sharp attack by Marriner S. Eccles, former chairman of the Federal Reserve board, on Mr. Truman's overall anti-inflation program. Eccles offered a seven-point plan of his own emphasizing a balanced budget.

Raps Political Issue

Eccles, still a member of the Reserve board despite his demotion, told a House Banking committee that both Democrats and Republicans should quit playing politics and consider openly and honestly "the economic facts of life."

Among inflation curbs with the best apparent chance of passage was a return of the controls on installment buying. Chairman Wolcott said installment curbs probably will pass.

Senator Taft said the Republicans Policy committee had checked to the Senate and House Banking committees the decision on what anti-inflation and housing measures to bring up in the extra session.

Taft called a policy committee meeting ofr tomorrow to decide what to do about civil rights legislation.

Filibuster Drags On

The southern filibuster against the anti-poll tax measure continued into its third day and Taft said in his opinion "it is absolutely impossible" to break it up.

The measure would wipe out poll taxes as a requirement for voting in Federal elections, and southerners claim it is a violation of state rights. They are trying to talk the bill to death.

Senator Wherry (R-Neb), Acting majority leader, expressed hope the poll tax issue can be cleared up tomorrow, leaving the senate free to act on inflation and housing.

House Majority Leader Halleck (R-Ind) said one bill in that chamber might be the curb on time payments. Restrictions on installment buying would mean boosting the amount of money paid down on time purchases, and requiring payment of the balance in shorter specified periods.

Red Hunt Held Help To GOP Campaign

Washington, Aug. 3 (AP) — The widely publicized hunt for Communists in Government jobs was credited by some Republicans today with taking the political heat off the do-little Congress session.

GOP leaders aren't talking about it publicly. But some said privately they couldn't have picked a better time for Senate and House committees to turn up with testimony tabbing Democratic officeholders as the source of secret wartime information that went to Moscow.

Stress Living Costs

It is their view that even if the charges aren't proved, the thousands of written and spoken words have helped take the public's mind —at least for a while—off President Truman's demand for action to cut living costs.

Democratic leaders said this might be partly true. But they insisted the cost of living is going to be one of the major issues in the campaign.

They are confident that Mr. Truman isn't going to let the people forget about it. If the special session ends with little done to curb inflation he probably will blast the Republicans again.

Loyalty Check Cited

Nevertheless, the congressional inquiries have furnished Gov. Thomas E. Dewey of New York with some new talking points for the clean-house-in-Washington demand he may emphasize when his campaign gets under way actively in September.

Dewey has had a lot of say in the past about Communists in government. Now he has a chance to name some names, if he chooses to accept the testimony given before the committees.

On the other hand, Democrats don't think the charges now being aired will affect Mr. Truman's political standing.

They point out that the President moved months ago to bring about a loyalty check of employés. They note that most of the information supposed to have gone to the Soviet agents involved activities before Mr. Truman went to the White House.

Although there is some doubt they will come up with any broad-scale cost-of-living legislation, the Republicans think they have patched up another weak spot in their political armor on the civil-rights issue.

Gold From Europe To U.S. Decreases

New York, Aug. 3 (AP)—A decline in the flow of European gold to the United States was noted today by the Federal Reserve Bank of New York.

In its August review of banking and credit, the bank said, "the main cause of the postwar movement of gold to the United States has been the widespread shortage of goods which the war left in its wake almost everywhere.

"Foreign countries have drawn on their gold reserves in order to help finance the large volume of their postwar imports."

"To pay for their heavy purchases of goods in the United States in the second hal fof 1947, our former allies, as wel las the ex-neurtals, exported gold to this country in substantial volume. Chief among the exporting countries were the United Kingdom and Argentina.

"During the first six months of this year the United Kingdom was the largest source of our gold imports. Its gold shipments to the United States jumped to $10,000,000. Other western European countries also shipped a fairly sizeable amount of gold to this country during the period.

"It seems likely that the importance of gold shipments and sales of earmarked gold as a source of bank reserves here will again tend to diminish, in part as a result of import restrictions which several countries have imposed recently.

"The successful efforts of various countries to cut down their purchases of American goods have already resulted in a diminished rate of use if gold to settle accounts in the United States in a number of cases."

TRUMAN URGES $4,300,000,000 TAX ON PROFITS

Representative Dingell (D.) Says He Will Offer a Bill Tomorrow.

Washington, Aug. 3 (A. P.).—President Truman proposed to Congress today a $4,300,000,000 excess profits tax. One of the congressional sponsors said it was designed to protect the public from "peace-time profiteers."

Representative Dingell (D.-Mich.), said he would introduce the tax bill tomorrow. He issued a statement saying: "With corporate profits after taxes nearly 100 per cent above the level of peak war year 1943, the consuming public is entitled to protection from the peace-time profiteers."

Representative Knutson (R.-Minn.), chairman of the House Ways and Means Committee, told reporters:

"There will be no tax legislation in this special session of Congress. An excess profits tax may have been necessary during the war, but as a peacetime tax it is no good."

The bill is patterned after the wartime excess profits tax. The exemptions, however, are larger and the graduated tax is considerably softer than the 85.5 per cent wartime excess profits levy.

Dingell said it was designed to affect the larger corporations, applying to fewer than 25,000 of the more than 360,000 corporations now filing tax returns.

A special exemption is provided to remove smaller corporations from the tax.

The measure, as did the war time levy, proposes to tax corporations on the basis of invested capital on their average profits between 1935 and 1939.

Where Tax Would Begin.

Before a corporation would be taxed under it, it could add 40 per cent to its average profits for the 1935-39 period, plus $50,000.

The tax on profits exceeding 140 per cent of the base period would begin at 50 per cent. The graduated tax would run to a maximum of 80 per cent on profits in excess of 175 per cent of the 1935-39 period.

In addition to the $50,000 exemption for all corporations, another $50,000 exemption would be allowed for corporations formed since January 1, 1940.

Dingell said the excess profits tax would contribute to the fight against inflation in four main ways:

1. It would go far toward restoring a surplus of Government receipts over expenditures, "which should be one of the Government's principal weapons against inflation."

2. It would remove $4,300,000,000 of purchasing power from large corporations.

3. The tax should contribute to wage stabilization in that "extraordinary business profits are undoubtedly one of the two major factors giving rise to demands for wage increases."

4. The levy, limited to larger corporations, would be "an inducement to the dominant producers and price-setters in an industry to avoid further price increases to whatever the traffic will bear, since so large a part of the price increase would be paid over to the Government."

ECCLES OFFERS PRICE PROGRAM

He Would Reject Control and Rationing Plans.

Washington, Aug. 3 (A. P.).—Marriner S. Eccles told Congress today that President Truman's anti-inflation program seemed "more political than economic." He pleaded for an adjournment of politics to prevent a catastrophic" deflation later.

Eccles said Congress should take care in stopping inflation lest it bring about injurious deflation.

He rejected President Truman's price control and rationing proposals.

Mr. Truman recently replaced Eccles as Federal Reserve Chairman. He remained a board member.

Speaking "off the cuff and from my heart," Eccles told the House Banking Committee that wartime inflation controls had been removed too early and that he believes "it is now too late to avoid a serious deflationary adjustment at some point. The distortions already have been created."

But he said inflation "can go much further" unless something is done. He submitted his own program as follows:

1. Above all, assure the nation a balanced budget and a budget surplus.

2. Restore consumer credit controls including installment buying.

3. Restrict bank credit.

4. Encourage the States to postpone every expenditure possible, "and let the Federal Government set an example to the States by doing likewise.

—5. The Federal Government "for political reasons" should not encourage a housing program in excess of materials and labor available.

6. The Federal Government should do everything in its power to bring down food prices, "by encouraging more and not less

30.24- 19523

production."

7. "Adjourn political considerations," and, he added, "I say that for both parties," and "consider honestly and openly theeconomic facts of life."

Budget Surplus Essential.

Eccles said 'there has been little or no willingness" by the public, Congress or the administration "to face up to the inflation problem realistically."

"Thereisn't much use talking about controlling inflation,' he said, "unless fiscal policy calls for a budget surplus. Although control of bank credit would help, this is supplementary to a sound fiscal policy.

"It would be impossible if the country ran into a deficit to put into effect a restrictive monetary and credit policy."

He said control of credit seems to be the most important part of Mr. Truman's program.

Eccles cited the Government's multi-billion-dollar program for veterans, huge interest on the public debt, big defense expenditures and aid abroad. He then said it will be impossible to have a sizable budgetary surplus "unless sufficient revenue through taxation is made available to meet the appropriations by Congress."

CAR PRODUCERS STILL DELAYED

Drop Below Output Mark Due to Parts Strikes.

Detroit, Aug. 3 (A. P.).—The nation's car industry, all set in its own plants for new postwar production records, is again being plagued by supplier troubles.

Ever since they returned to peacetime production in July, 1945, the car builders have been trying to hit a 500,000-units-a-month output level. They came close to that mark in March of this year when they built 492,013 vehicles, but ever since materials and man-power troubles have interfered. Now, although they have their own man-power problems apparently under control, disputes in the factories of parts builders threaten to hold August production below earlier estimates.

Most of last week's 3,000-unit drop in truck output was traceable to supplier plant strikes that affected Studebaker, Willys-Overland and G. M. C. vehicle assemblies. Most serious of the supplier strikes is that in the Campbell, Wyant & Cannon foundry at Muskegon, which halted Hudson's production indefinitely last Friday night. The foundry has been a supplier of engine blocks for several car makers as well as truck builders.

Price Boost Seen.

August production is scheduled to include the 100,000,000th motor vehicle to be built by the car industry since the first one was sold some fifty years ago. Because cars roll off assembly lines somewhere every minute of the working day it will not be possible to identify the vehicle by make or model.

Nash Kelvinator's car division winds up its 1948 model run this week. It will require more than four weeks to make the change-over to its new model. The 1949 car, described as entirely new—and probably carrying a higher price tag—will go into assembly-line production on September 7.

Nash makes the change-over after having built approximately 87,000 of its 1948 models. Four months output this year of its 1949 cars should bring the year's total to more than 150,000—the highest twelve-months volume in Nash history.

Week's Output Up.

Meanwhile new model work is getting underway in the Kaiser-Frazer plant at nearby Willow Run. K.-F. spokesmen say they are going to make the switch-over without a shutdown. They hope to have the 1949 Frazers running off in goodly volume before halting the run of 1948 Kaiser models. So far this year K.-F. has built about 111,800 Kaiser and Frazer cars.

The industry last week built 87,564 cars and 24,240 trucks compared with 86,350 cars and 27,330 trucks in the preceding week, according to Automotive News.

MORE TEXAS WOMEN JOIN MEAT BOYCOTT

DALLAS, Tex., Aug. 3. — (AP) Texas housewives' planned boycott against high meat prices picked up support in one quarter today and lost some in another.

Paris, Tex., housewives joined in plans to quit buying meat next week. Previously the plan had taken hold at Orange, Waco, Corpus Christi and Austin, Tex., and Atlanta, Ga.

But at Orange, Tex., grocers who had announced they would close down meat markets in sympathy with the boycott began to back down today.

L. A. King, manager of two chain stores at Orange, said after consulting his home office that his announcement was "premature." King said his organization remains "completely sympathetic with housewives' efforts to achieve lower prices on meats" but added "a boycott of meat markets on a national scale would be much more effective, since these prices are determined in large national markets."

King also declared "Local boycotts are apt to cause hardships and loss to local market owners."

An independent grocer released and then withdrew an announcement he would cut meat prices ten per cent. He said he decided against it because housewives might take it as "admission of guilt on the part of retailers that they are partially responsible for present high prices."

In Dallas, meat market operators and processors said their business volume already is down. They also said it was unfair to blame the retailer. One dealer said:

"The consumer, the producer, the retailer and the processor must all assume the burden of high meat costs. National income is high as are personal resources and more people than ever are determined to eat all the meat they want to eat and are willing to pay for it."

NIGHT LEAD UNDATED INTERNATIONAL

BY THE ASSOCIATED PRESS

SILENCE LAST (TUES) NIGHT BLACKED OUT THE RESULTS OF MONDAY'S TALKS IN MOSCOW WITH PREMIER JOSEPH STALIN OVER ENDING THE EAST-WEST DEADLOCK OVER BERLIN, GERMANY AND PERHAPS EUROPE.

ENVOYS OF THE THREE WESTERN POWERS WHO MET WITH STALIN ALL SENT REPORTS TO THEIR HOME CAPITALS ON THEIR MORE THAN TWO HOUR CONFERENCE WITH THE RUSSIAN LEADER.

ALL INDICATIONS WERE THAT THE WESTERN ENVOYS EXPECT TO CONTINUE THEIR TALKS WITH SOVIET FOREIGN MINISTER V.M. MOLOTOV AND POSSIBLY STALIN. THE WESTERN POWERS WERE BELIEVED TO BE TRYING TO ARRANGE FOUR-POWER NEGOTIATIONS ON GERMAN AND EUROPEAN PROBLEMS WITH LIFTING OF THE BERLIN BLOCKADE AS A CONDITION.

BY THE ASSOCIATED PRESS

THE BUOYANCY OF THE THREE WESTERN POWER ENVOYS AS THEY EMERGED FROM THEIR LONG TALK WITH STALIN IN THE KREMLIN RAISED HOPE TODAY THE RUSSIANS MIGHT EASE THE COLD WAR TENSION BETWEEN THE WEST AND EAST.

THE U.S. AND FRENCH AMBASSADORS AND A SPECIAL ENVOY OF BRITAIN TALKED WITH THE SOVIET PRIME MINISTER TWO AND A QUARTER HOURS LAST NIGHT. THEY CAME OUT SMILING AND IN GOOD SPIRITS. STALIN GAVE THEM MORE TIME THAN HE EVER HAS BEFORE TO FOREIGN DIPLOMATS. FOREIGN MINISTER MOLOTOV ALSO WAS PRESENT.

WALTER BEDELL SMITH OF THE U.S., FRANK ROBERTS OF BRITAIN AND

YVES CHATAIGNEAU OF FRANCE WENT IMMEDIATELY TO THE AMERICAN EMBASSY FOR ANOTHER CONFERENCE. THEY RUSHED UP THREE FLIGHTS OF STAIRS WITHOUT AWAITING THE ELEVATOR. SMITH, AFTER LAUGHING BANTER, SAID:

"GENERALISSIMO STALIN AND MR. MOLOTOV RECEIVED US ALL AT A MEETING. THERE PROBABLY WILL BE A COMMUNIQUE TO THAT EFFECT TONIGHT."

THE COMMUNIQUE DEVOID OF NEWS. THE WESTERN POWER CAPITALS WERE SILENT LEST PREMATURE TALK RUIN FUTURE PROSPECTS.

THE FEELING WAS GENERAL THAT THE AMBASSADORS TOLD STALIN SOMETHING LIKE THIS:

THE UNITED STATES, BRITAIN AND FRANCE DESIRE DEEPLY TO COOPERATE WITH RUSSIA ON A REASONABLE, FRIENDLY BASIS. COOPERATION WORKS BOTH WAYS. THE GOVERNMENTS OF THE WESTERN POWERS WILL NOT BE INTIMIDATED. BERLIN IS A FOUR-POWER CITY, AND RUSSIA MAY NOT HAVE CONTROL OF IT SHORT OF WAR. THE RUSSIAN LAND BLOCKADE THERE MUST BE LIFTED BEFORE ANY TALKS ABOUT SOLVING OTHER DIFFERENCES OVER GERMANY, AUSTRIA, CHINA JAPAN, KOREA, TRIESTE AND THE LIKE.

CHATAIGNEAU AND ROBERTS WERE ACCOMPANIED BY INTERPRETERS. SMITH, IN CONFORMANCE WITH HIS USUAL CUSTOM, WENT ALONE. HE USES THE RUSSIAN TRANSLATORS. SO FAR AS IS KNOWN, THIS WAS SMITH'S THIRD MEETING WITH STALIN. IT WAS CHATAIGNEAU'S FIRST. ROBERTS HAS SEEN STALIN MANY TIMES IN COMPANY WITH OTHER BRITISH DIPLOMATS.

MORNING PAPERS IN MOSCOW REPORTED THE MEETING PROMINENTLY ON THEIR FRONT PAGES UNDER BIG HEADLINES. THEY MADE NO EDITORIAL COMMENT AND THERE WAS NO PUBLISHED SPECULATION AS TO WHAT WAS SAID.

--DASH--

CAUTIOUS OPTIMISM PREVAILED IN LONDON. BUT THERE WAS CAUTION AGAINST WISHFUL THINKING AND FALSE HOPE.

TENSION CONTINUED IN BERLIN. THE MOSCOW RADIO KEPT DRUMMING HATE AGAINST THE WEST AND THE MULTI-BILLION DOLLAR MARSHALL PLAN. THE OFFICIAL RUSSIAN NEWSPAPER IN BERLIN ASSERTED THE RUSSIANS ALONE FULFILLED THE POTSDAM AGREEMENT AND DEMANDED THAT ALL GERMANY BE MODELED AFTER THE RUSSIAN ZONE; THAT IS, TURNED OVER TO THE COMMUNISTS.

GERMAN CIVILIANS STONED RUSSIAN SECTOR POLICE WHO PURSUED A BLACK MARKET OPERATOR OVER THE BRITISH LINE IN BERLIN. SOVIET SECTOR POLICE WERE ARRESTING ON SIGHT POLICE OF THE WESTERN ZONE WHO OPERATED UNDER THE SUCCESSOR TO THE COMMUNIST-TRAINED POLICE CHIEF THE CITY GOVERNMENT FIRED.

THE AIR LIFT SUPPLYING OF BERLIN CONTINUED. THE U.S. AIR FORCE TOOK IN 40,411 TONS OF FOOD AND SUPPLIES LAST MONTH AND THE BRITISH WERE NOT FAR BEHIND. THE EXPENSE WAS ENORMOUS, AND COAL MOVEMENTS WERE A TRICKLE. THE BRITISH-AMERICAN ZONE SIGNED A TRADE AGREEMENT WITH HOLLAND.

THE STALIN TALKS LAST NIGHT MAY LEAD TO A FOUR-POWER CONFERENCE AND TO AN IMMEDIATE LIFTING OF THE BLOCKADE, A NECESSARY PRELUDE TO THE TALKS. IT MIGHT EVEN LEAD TO A STALIN-TRUMAN-ATTLEE-MARIE MEETING.

A TINY GRENADE WAS FOUND IN VATICAN CITY NEAR THE ENTRANCE TO ST. PETER'S SQUARE.

THE COMMUNISTS OF HUNGARY PUT IN ARPAD SZAKASITS AS PRESIDENT AFTER OUSTING ZOLTAN TILDY.

AMERICAN COMMUNISTS DENOUNCED THE DEMOCRATS AND REPUBLICANS AND PRAISED RUSSIA AND WALLACE AT A NOSIY MEETING IN NEW YORK. SENATE INVESTIGATORS LOOKED TO THE WHITE HOUSE FOR INFORMATION ON CHARGES OF COMMUNIST SPYING FOR RUSSIA.

JAPANESE COMMUNISTS STEPPED UP ATTACKS ON THE U.S. AND GEN.MACARTHUR, WHO HAD FORBIDDEN A GOVERNMENT STRIKE. GREEK TROOPS, WITH THEIR ARMY COMMAND RESHUFFLED ON SUGGESTION OF THE U.S., CAPTURED THE SOUTHERN ANCHOR OF COMMUNIST LINES IN THE GRAMMOS MOUNTAINS NEAR ALBANIA.

THE BRITAIN QUARRELED WITH THE RUSSIANS AT THE DANUBE CONFERENCE IN BELGRADE, ACCUSING THEM OF DOMINATING THE MEETING THROUGH CONTROL OF SEVEN STATES.

DETAILS OF THE JERUSALEM TRUCE WERE DISCUSSED THERE BY THE U.N. MEDIATOR WITH THE ISRAELI MILITARY GOVERNOR OF THE JEWISH PART OF THE CITY. SYRIA WATCHED THE RESULTS OF THE MOSCOW TALKS TO SEE WHETHER TO PUT THE BERLIN QUESTION BEFORE THE SECURITY COUNCIL. RUSSIA AND THE U.S. DISAGREED ON ARMS LIMITATIONS PLANS.

STRICT OFFICIAL SECRECY CONCERNING THE KREMLIN MEETING PREVAILED IN WASHINGTON, LONDON AND PARIS AFTER THE MEETING. BRITISH OFFICIALS QUITE FRANKLY SAID AN INFORMATION LEAK MIGHT RUIN FUTURE PROSPECTS.

THERE HAVE BEEN HINTS THAT WHAT THE THREE WESTERN POWERS WANT TO FIND OUT IS: WHAT DOES RUSSIA WANT? DEPENDING ON THE ANSWER TO THAT QUESTION, DIPLOMATIC SOURCES AND WRITERS HAVE SUGGESTED, THERE MAY BE A MEETING OF FOREIGN MINISTERS IN PARIS IN SEPTEMBER--WHEN THE UNITED NATIONS ASSEMBLY MEETS--TO THRESH OUT THE BERLIN BLOCKADE AND OTHER EUROPEAN ISSUES WHERE EAST AND WEST STAND AT CROSS PURPOSES.

SOME BRITISH DIPLOMATIC WRITERS EVEN HAVE GONE SO FAR AS TO SUGGEST THAT THE DIPLOMATS' MEETING WITH STALIN MIGHT LEAD TO A CONFERENCE OF STALIN, PRESIDENT TRUMAN, PRIME MINISTER ATTLEE AND FRENCH PREMIER ANDRE MARIE.

BD227AED

AT THE SAME TIME NEWSPAPER CORRESPONDENTS KEPT IN TOUCH WITH ADN, SOVIET-SPONSORED NEWS AGENCY. ANY ANNOUNCEMENT OF AN END TO THE SOVIET BLOCKADE MIGHT COME IN THE FORM THAT THE "TECHNICAL DIFFICULTIES" IN RAILWAY TRANSPORTATION, THE REASON ASSIGNED FOR THE RAIL BLOCKADE, HAD FINALLY BEEN OVERCOME.

THE SOVIET-CONTROLLED PRESS HAS BEEN SAYING THE BLOCKADE WAS AIMED AT GETTING THE WESTERN POWERS TO AGREE TO TALKS ON GERMANY. THE WESTERN POWERS' STAND HAS BEEN THAT THERE COULD BE NO TALKS UNTIL THE BLOCKADE WAS ENDED. BERLIA-W-BRIA-XXX TO BERLIN

UP TO TONIGHT, HOWEVER, THERE WAS NO SIGN OF ANY WEAKENING OF THE SOVIET BLOCKADE ALONG THE ZONAL FRONTIERS WITH THE WEST.

AMERICAN AUTHORITIES WENT AHEAD WITH PLANS TO EXPAND THEIR AIRLIFT OF FOOD AND FUEL INTO THE CITY FOR THE WINTER.

ONE THOUSAND GERMAN LABORERS WILL BEGIN WORK TOMORROW ON A NEW AIRFIELD IN THE FRENCH SECTOR. IT IS EXPECTED 20,000 WORKERS WILL BE BUSY WITHIN TWO WEEKS BUILDING THIS FIELD.

WESTERN OCCUPATION AUTHORITIES ALSO CONTINUED TO STUDY PLANS TO ISSUE MORE WESTERN DEUTSCHE MARKS IN LOANS TO BUSINESSES IN THEIR SECTORS WHICH ARE HARD-PRESSED FINANCIALLY BY THE FREEZING OF ACCOUNTS IN THE SOVIET SECTOR BANKS.

"WE ACTED WITH THE AIRLIFT TO BREAK THE HUNGER BLOCKADE," AN AMERICAN SPOKESMAN SAID, "AND WE WILL HAVE TO ACT TO RELIEVE THE CURRENCY BLOCKADE. WHAT GOOD IS IT IF WESTERN BERLINERS HAVE FOOD IN THEIR SHOPS AND NO MONEY TO BUY IT?"

NIGHT LEAD RUSSIAN

BY ARTHUR GAVSHON

LONDON, AUG. 3-(AP)-A FOUR-POWER NEWS BLACKOUT TODAY HID RESULTS OF THE MONDAY NIGHT TALKS IN MOSCOW WITH PREMIER JOSEPH STALIN REGARDING ENDING THE EAST-WEST DEADLOCK OVER BERLIN, GERMANY AND PERHAPS EUROPE.

UNITED STATES AMBASSADOR WALTER B.SMITH, FRENCH AMBASSADOR YVES CHATAIGNEAU, AND FRANK ROBERTS, SPECIAL BRITISH ENVOY, ALL SENT REPORTS TO THEIR HOME CAPITALS ABOUT THEIR MORE THAN TWO HOUR CONFERENCE LAST NIGHT WITH THE SOVIET LEADER.

A BRITISH SPOKESMAN SAID BRITAIN'S MAIN POLICY MAKERS WERE "WEIGHING VERY CAREFULLY" THE REPORT SENT BY ROBERTS TO FOREIGN SECRETARY ERNEST BEVIN.

BEVIN CONFERRED WITH ACTING PRIME MINISTER HERBERT MORRISON IMMEDIATELY AFTER READING THE REPORT. LATER HE SAW U.S. AMBASSADOR LEWIS DOUGLAS.

A SPOKESMAN SAID THERE WERE NO PRESENT PLANS FOR ROBERTS TO LEAVE MOSCOW. THIS WAS TAKEN AS AN INDICATION THE THREE ENVOYS IN MOSCOW EITHER WERE AWAITING INSTRUCTIONS FROM THEIR HOME GOVERNMENTS, OR WERE EXPECTING A RUSSIAN REPLY TO THE SUGGESTIONS THEY PUT FORTH AT THE KREMLIN.

ALL INDICATIONS WERE THAT THE WESTERN POWER ENVOYS EXPECTED TO CONTINUE THEIR TALKS WITH SOVIET FOREIGN MINISTER V.M.MOLOTOV AND POSSIBLY STALIN. THE WESTERN POWERS WERE BELIEVED TO BE ATTEMPTUNG TO ARRANGE FOUR-POWER NEGOTIATIONS ON GERMAN AND EUROPEAN PROBLEMS WITH LIFTING OF THE BERLIN BLOCKADE AS A CONDITION.

IN LONDON, WASHINGTON AND PARIS, HOWEVER, OFFICIALS REFUSED TO MAKE ANY COMMENT ON THE REPORTS RECEIVED FROM MOSCOW. BRITISH FOREIGN OFFICE SPOKESMEN SAVD THIS NEWS BLACKOUT MAY CONTINUE FOR SEVERAL DAYS, BECAUSE OF THE DELICACY OF THE SITUATION.

STATE DEPARTMENT SPOKESMEN IN WASHINGTON SAID THEY EXPECTED THE SAME LID WOULD BE ON NEWS IN MOSCOW. MOSCOW NEWSPAPERS PROMINENTLY REPORTED THE LONG TALKS IN THE KREMLIN LAST NIGHT BUT MADE NO COMMENT.

MOSCOW DISPATCHES SAID, HOWEVER, THAT THE CONCESNSUS OF OPINION AMONG OBSERVERS THERE WAS THAT PROGRESS HAD BEEN MADE IN IRONING OUT AT LEAST SOME PRELIMINARY DIFFICULTIES. THE GOOD SPIRITS OF THE WESTERN ENVOYS WHEN THEY LEFT STALIN LAST NIGHT WAS TAKEN AS A GOOD SIGN. THESE OBSERVERS BELIEVED THAT THE WESTERN POWERS NOT ONLY HAD PUT FORWARD THEIR OWN SUGGESTIONS BUT HAD RECEIVED COUNTER-PROPOSALS FROM STALIN.

THE ENVOYS WERE UP UNTIL 4 A.M. MOSCOW TIME PREPARING THE REPORTS TO THEIR HOME CAPITALS AFTER THE CONFERENCE WHICH BEGAN AT 9 P.M. AND ENDED AT 11:15 P.M. BEFORE DRAFTING REPORTS THEY CONFERRED TOGETHER AT THE U.S. EMBASSY FOR HOURS.

MEANWHILE, NO ESSENTIAL CHANGE WAS REPORTED IN THE SITUATION IN BERLIN, THE HUB OF PRESENT EAST-WEST DIFFERENCES.

BERLIN, AUG. 3-(AP)-AMERICAN OFFICIALS HAVE HELD UP PLANS FOR DEALING WITH THE CURRENCY MIX-UP IN BERLIN. INFORMANTS SAID THEY ARE WAITING TO HEAR WHAT HAPPENED IN LAST NIGHT'S TALKS IN MOSCOW BETWEEN PRIME MINISTER STALIN AND WESTERN ENVOYS.

U.S. OCCUPATION AUTHORITIES MET WITH GERMAN BANKERS YESTERDAY TO CONSIDER MEANS OF DEALING WITH THE SOVIET FREEZE OF ACCOUNTS OF WESTERN BERLIN FIRMS.

THE RUSSIANS FROZE THE ACCOUNTS LAST WEEK. THEY CLAIMED IRREGULARITIES IN DEPOSITS MADE BY WESTERN BERLINERS IN CONNECTION WITH THE RECENT CURRENCY EXCHANGE WHEN OLD NOTES WERE TURNED IN FOR NEW SOVIET ZONE MONEY.

AMERICAN SOURCES SAID IT HAD BEEN PLANNED TO EMPOWER GERMAN BANKS TO ISSUE LOANS TO THE FIRMS TO TIDE THEM OVER, BUT THE PLAN WAS POSTPONED AT THE LAST MINUTE PENDING DEVELOPMENTS FROM THE CONFERENCE WITH STALIN.

MEANTIME, IN THE SOVIET SECTOR OF THE CITY RUSSIAN-BACKED POLICE BEGAN AN ARREST-ON-SIGHT CAMPAIGN AGAINST THEIR COUNTERPARTS IN THE WESTERN SECTORS.

AMERICAN PUBLIC SAFETY OFFICERS SAID LAST NIGHT THAT FOUR SECTOR POLICEMEN WERE SEIZED OVER THE WEEKEND WHEN THEY ENTERED THE EASTERN SECTOR. THEY STILL ARE IN CUSTODY.

U.S. INFORMANTS SAID THE RUSSIAN SECTOR POLICE ARE ACTING UNDER BLANKET ORDERS TO ARREST ANY POLICEMAN WORKING FOR JOHANNES STUMM, WHO RECENTLY WAS APPOINTED POLICE CHIEF BY THE ANTI-COMMUNIST CITY GOVERNMENT.

BOTH STUMM AND MOSCOW-TRAINED PAUL MARKGRAF CLAIM TO BE POLICE CHIEF.

THE U.S. AIR FORCE REVEALED THAT AMERICAN PILOTS FERRYING FOOD AND SUPPLIES TO BLOCKADED BERLIN FLEW THE EQUIVALENT OF ALMOST 200 TIMES AROUND THE WORLD DURING JULY.

THE AIR FORCE SAID 40,411 TONS OF SUPPLIES WERE CARRIED INTO THE CITY IN 7.787 FLIGHTS. AMERICAN CARGO PLANES CHALKED UP 4,827,-940 MILES, FLYING ON INSTRUMENTS 68 PER CENT OF THE MONTH BECAUSE OF BAD WEATHER.

IN FRANKFURT, OFFICIALS OF THE BRITISH-AMERICAN ZONES ANNOUNCED LAST NIGHT A $154,000,000 TRADE AGREEMENT HAD BEEN REACHED WITH THE NETHERLANDS.

BELGRADE--FIRST ADD DANUBIAN (A78) X X X HIS THUMB.
VISHINSKY REASSERTED THE RUSSIAN CLAIM THAT THE 1921 DANUBE CONVENTION HAS BEEN VIOLATED BY THE SIGNING POWERS AND THEREFORE NO LONGER EXISTS.
THUS ONE OF THE ISSUES, WHICH PROMISES TO BE THE MAIN POINT OF DIFFERENCE BETWEEN WESTERN AND EASTERN POWERS IN THIS CONFERENCE, WAS BROUGHT INTO THE OPEN.
EXCEPT FOR TWO OR THREE MAJOR POINTS, MOST DELEGATES AGREE THE PROPOSED CONVENTION WHICH VISHINSKY HANDED THE CONFERENCE FOLLOWS THE 1921 UNDERTAKING GENERALLY.
THE DIFFERENCES ARE: THAT DANUBE STATES HAVE EXCLUSIVE ADMINISTRATION OF DANUBE NAVIGATION; THAT ALL OLD CLAIMS BY NON-RIPARIAN STATES AUTOMATICALLY ARE NEGATED; AND THAT THE 1921 CONVENTION IS AUTOMATICALLY NULL AND VOID WITH ADOPTION OF THE NEW PROPOSAL.
THE BRITISH AND FRENCH ARE EXPECTED TO MAKE AN ESPECIALLY FIRM STAND AGAINST ABROGATION OF ECONOMIC CLAIMS THEY MAY HAVE UNDER THE OLD CONVENTION.
VISHINSKY'S CLAIM WAS BASED ON HIS LEGAL INTERPRETATION OF THE 1921 ACCORD. HE REFUTED THE TARDY REBUTTAL BY BRITISH DELEATE PEAKE.
HE ASSERTED THE 1921 CONVENTION WAS VIOLATED IN 1938. AT THAT TIME ONLY BRITAIN, FRANCE AND ROMANIA SIGNED CLAUSES WHICH CONTAINED THE ORIGINAL CONVENTION. ITALY, ALSO A SIGNATORY, TOOK NO PART IN THE CHANGE, VISHINSKY SAID. UNDER THE ORIGINAL CONVENTION, ALL SIGNATORIES WERE TO HAVE TAKEN PART IN ANY CHANGEES.
"YOU COME IN TO THIS QUESTION LIKE AN ELEPHANT WALKING INTO A CHINA SHOP," HE CHARGED, POINTING AT PEAKE.

MOSCOW, AUG 3-(AP)-PRAVDA SAID TODAY CERTAIN CIRCLES AMONG THE WESTERN POWERS ARE DEMANDING A GREAT MEASURE OF CONTROL OVER THE DANUBE FOR "FAR-REACHING POLITICAL PURPOSES."
COMMENTING ON THE BELGRADE CONFERENCE ON THE DANUBE, YURI ZHUKOV AND S. BORZENKO, WRITERS FOR THE COMMUNIST PARTY NEWSPAPER, SAID THAT IN THE NEAR FUTURE THE MEETING WILL SHOW "WHETHER REPRESENTATIVES OF THE WESTERN POWERS HAVE DRAWN LESSONS FROM THEIR MORAL AND POLITICAL DEFEATS OR WHETHER THEY WILL CONTINUE STUBBORNLY TO INSIST ON THEIR POLICY OF CRUDE DICTATION."
(RUSSIA CONTROLS SEVEN OF THE 10 VOTES IN THE DANUBE CONFERENCE. THE RUSSIANS IN THE CONFERENCE HAVE CHARGED THAT BRITAIN AND THE UNITED STATES WERE ATTEMPTING TO GIVE THE SOVIET UNION AN ULTIMATUM THAT THEY WOULD REFUSE TO ABIDE BY DECISIONS WITH WHICH THEY DISAGREED.)
THE PRAVDA WRITERS SAID THE MAIN PROBLEM IN THE CONFERENCE NOW WAS TO DECIDE WHETHER "THE STRONG POWERS, WITH PLENTY OF DOLLARS OR POUNDS STERLING IN THEIR POCKETS, WILL HAVE THE RIGHT WITHOUT HINDRANCE TO DICTATE THEIR WILL TO THE OTHER POWERS."

LONDON, AUG 3-(AP)-THERE HAVE BEEN OTHER CIGARETTE FAMINE PERIODS IN BRITAIN, BUT THIS ONE PINCHES.

ONE WIDELY ACCEPTED IMPRESSION IS THAT THE LABOR GOVERNMENT, WITH ITS MANY CONTROLS, IS DELIBERATELY CAUSING THE NATION TO TAPER OFF SMOKING.

POPULAR BRANDS OF CIGARETTES ARE HARD TO FIND. STRANGE BRANDS WITH STRANGE TASTE ARE APPEARING. THE ONLY THING USUAL ABOUT THEM IS THE PRICE, AN AVERAGE OF 70 CENT FOR TWENTY.

THE IMPRESSION THAT THE GOVERNMENT IS FORCING THE NATION TO TAPER OFF IS SUPPORTED BY THE DECLARATIONS OF TWO CHANCELLORS OF THE EXCHEQUER AND THE PRESIDENT OF THE BOARD OF TRADE.

IN APRIL, 1947, HUGH DALTON, THEN CHANCELLOR, SAID:

"WE ARE SMOKING ONE-THIRD MORE THAN BEFORE THE WAR. THE THING HAS BECOME FANTASTIC. THE NATION MUST CUT ITS SMOKING BY 25 PERCENT."

ON ASSUMING THE CHANCELLORSHIP LAST AUTUMN SIR STAFFORD CRIPPS SAID:

"TOBACCO WILL BE SCARCER. PEOPLE HAVE NOT CUT DOWN SMOKING AS WE ASKED. WE MAY HAVE TO DOUBLE THE TAX IF THAT IS THE ONLY WAY TO STOP PEOPLE SMOKING."

THEN HAROLD WILSON, PRESIDENT OF THE BOARD OF TRADE, TOLD PARLIAMENT:

"PEOPLE MUST EXPECT TOBACCO SHORTAGES. SUPPLIES ARE FALLING BELOW THE DEMAND. WE ARE TRYING TO SMOKE MORE THAN WE CAN AFFORD."

NUERNBERG, GERMANY, AUG. 3-(AP)-A WORLD LEGAL CONGRESS TO REWRITE INTERNATIONAL LAW WAS SUGGESTED TODAY BY JUDGE JAMES MORRIS, BISMARCK, N.D., ONE OF THE JURISTS WHO CONDUCTED THE WAR CRIMES TRIAL OF THE I.G.FARBEN CHEMICAL TRUST.

"IT WOULD BE A GENUINE CONTRIBUTION TO THE PEACE," THE NORTH DAKOTAN SAID IN AN INTERVIEW AS HE PACKED HIS BAGS TO RETURN TO THE U.S.

HE SAID THE UNITED NATIONS WOULD BE THE BEST AGENCY TO UNDERTAKE SUCH A CONGRESS.

MORRIS SAID IT WOULD BE A HARD JOB, MAYBE ALMOST IMPOSSIBLE IN VIEW OF THE POLITICAL CONFLICT WITH SOVIET RUSSIA NOW. BUT HE THINKS IT WOULD BE WELL WORTH THE TRY.

HE ADVANCED THE IDEA WITHOUT ANY CRITICISM OF THE NUERNBERG WAR CRIMES TRIALS, NOR WAS NONE IMPLIED.

SUCH A CONGRESS, WRITING A CODE FOR ALL THE WORLD TO ABIDE BY, WOULD HAVE MADE THE TASK OF THE FARBEN COURT MUCH EASIER.

A LONG STOP TOWARD A WORLD CODE WAS TAKEN BY THE INTERNATIONAL MILITARY TRIBUNAL--"WHICH PERFORMED SPLENDIDLY"--JUDGE MORRIS COMMENTED, BUT THERE IS WIDE ROOM FOR MORE STEPS. HE SAID THE BASIC GENEVA AND HAGUE CONVENTIONS ARE SO OLD NOW THAT IN SOME SENSES THEY WERE OUTMODED DURING HITLER'S "TOTAL" WAR.

THERE IS MUCH SENTIMENT IN LEGAL CIRCLES FOR SUCH A WORLD CONGRESS, THE JURIST ADDED, ESPECIALLY AMONG THOSE WHO DO NOT AGREE WITH HIM THAT THE JUDGMENT AGAINST THE TOP NAZIS WAS A SOUND VERDICT.

THERE WASN'T AS MUCH OPPORTUNITY TO WRITE NEW INTERNATIONAL LAW HERE AS MANY THOUGHT, IN JUDGE MORRIS' OPINION. MOST OF THE CASES WERE "ATROCITY" CASES WHERE THE ISSUE OF MURDER WAS OPEN AND SHUT.

"A MAN WAS GUILTY OR NOT AND HIS SENTENCE DEPENDED ON HOW CLOSE HE WAS TO THE CRIME," HE SAID.

FRANKFURT,GERMANY, AUG.3-(AP)-THE U.S. MILITARY GOVERNMENT MOVED TODAY TO HALT A REGROWTH OF MONOPOLISTIC BANKING AND TRADING PRACTICES IN THE AMERICAN ZONE OF GERMANY

ACTION WAS TAKEN OR PLANNED AGAINST AT LEAST FIVE GERMAN BANKING OR COMMERCIAL ORGEANIZATIONS SAID TO HAVE FIXED PRICES

IN RESTRAINT OF TRADE.

ASSOCIATIONS OF BANKERS, SCRAP METAL DEALERS, SHOE MANUFACTURERS, TRUCKERS, AND MINE EQUIPMENT SUPPLIERS WERE ALLEGED TO HAVE ATTEMPTED EITHER INTENTIONALLY OR UNINTENTIONALLY -- TO DISRUPT THE POSTWAR GROWTH OF FREE ENTERPRISE IN THE U.S. ZONE.

THE ALLEGED VIOLATIONS OF THE AMERICAN DECARTELIZATION LAW BANNING THE REGROWTH OF TRUSTS AND MONOPOLIES WERE REVEALED BY RICHARDSON BRONSON, U.S. MILITARY GOVERNMENT DECARTELIZATION CHIEF.

BRONSON SAID THE U.S. MILITARY GOVERNMENT TAKES A SERIOUS VIEW OF GERMAN ATTEMPTS TO FIX PRICES AFTER THE RECENT CURRENCY REFORM CREATED A MONEY SHORTAGE IN WESTERN GERMANY.

BRONSON SAID HE IS GOING AFTER THE ALLEGED VIOLATORS ONE BY ONE" AND THAT PROCEEDINGS CALLING FOR FINES OF 200,000 DEUTSCHE MARKS ($60,000) AND PRISON TERMS UP TO 10 YEARS "ARE BEING OR HAVE BEEN STARTED."

THE ALLEGED VIOLATIONS WERE REVEALED AS BRONSON CALLED INTO HIS OFFICE REPRESENTATIVES OF THE HESSIAN ASSOCIATION OF PRIVATE CREDIT INSTITUTES, WHOSE MEMBER BANKS CONTROL 99 PER CENT OF PRIVATE BANKING IN THE U.S. ZONE STATE OF HESSE.

HE CHARGED THAT THE ASSOCIATION HAD INDIRECTLY ORDERED ALL ITS 47 MEMBERS TO SET A MINIMUM 9.6 PER CENT INTEREST RATE ON CASH LOANS.

BRONSON SAID THE FIXING OF INTEREST RATES "SUBSTANTIALLY IMPEDES THE RECOVERY OF THE ECONOMY." AMERICAN POLICY, HE SAID IS THAT SUCH RATES SHOULD BE SET BY THE LOCAL GOVERNMENTS AND SHOULD BE SUBJECT

TO REVIEW.

THE GERMAN BANKERS PROTESTED THAT THEIR ACTION HAD THE APPROVAL OF THE HESSIAN FINANCE MINISTRY. BRONSON'S OFFICIALS SAID THAT THE FINANCE MINISTRY HAD BEEN WARNED THAT FIXING OF INTEREST RATES WOULD BE ILLEGAL. UNOFFICIALLY, THEY TOLD NEWSMEN MEMBERS OF THE ASSOCIATION HAD CHARGED UP TO 13 PER CENT INTEREST ON LOANS OF 5,000 MARKS ($1,500

BRONSON, USING A PUBLIC SESSION WITH THE BANKERS TO WARN OTHER GERMAN ASSOCIATIONS THEY MAY FACE TRIAL, REVEALED THAT A SCRAP IRON DEALERS ASSOCIATION ALLEGEDLY HAD ALLOCATED SCRAP CONTRACTS AMONG ITS MEMBERS AND HAD FIXED PRICES WITHOUT GOVERNMENTAL AUTHORITY.

HE SAID THE SAME IS TRUE OF FOUR OTHER TRADE ASSOCIATIONS AND THAT MANY OTHERS WILL BE INVESTIGATED SOON.

(ADVANCE) GENEVA, SWITZERLAND, AUG.4-(AP)--EUROPE IN 1947 CUT HER TIMBER AT A RATE OF 40 PER CENT IN EXCESS OF ANNUAL GROWTH, ACCORDING TO A RECENT CONCLUSION OF THE EUROPEAN COMMISSION ON FORESTRY AND FOREST PRODUCTS.

THE COMMISSION, CREATED BY THE FOOD AND AGRICULTURAL ORGANIZATION OF THE UNITED NATIONS, REPORTED THAT TIMBER FELLINGS IN 1947 FOR INDUSTRIAL (OTHER THAN FUEL WOOD) PURPOSES, ESTIMATED AT 125,000,000 CUBS METERS, WERE 35,000,000 CUBIC METERS IN EXCESS OF THE "ANNUAL POSSIBILITY" OF TIMBER GROWTH.

THE COMMISSION SAID THE OUTPUT OF FUELWOOD AND PULPWOOD IS IN EXCESS OF EUROPE'S REQUIREMENTS, BUT THERE IS A 20 TO 30 PER CENT SHORTAGE IN PIT PROPS, SAWN HARDWOOD AND RAILWAY SLEEPERS.

THE COMMISSION, UNDER THE CHAIRMANSHIP OF BERNARD DUFAY, FRANCE, RECOMMENDED THE APPLICATION OF IMPROVED FORESTRY TECHNIQUES, THE EXTENSION OF PRODUCTIVE FORESTS AND MORE ECONOMIC UTILIZATION OF FORESTRY PRODUCTS.

MARCEL LELOUP, WASHINGTON, DIRECTOR OF THE FORESTRY AND FOREST PRODUCTS DIVISION OF FAO, SAID EUROPE WAS RECEIVING CONSIDERABLE TIMBER FROM OVERSEAS, BUT THAT IT WAS TIME TO PLAN FOR SELF-SUFFICIENCY.

30.24- 19529

OUTSIDE OF THE FOREST LANDS OF THE SOVIET UNION, SAID LELOUP, EUROPE HAS ONLY 0.34 HECTARES OF FOREST LAND PER HEAD OF POPULATION, THE LOWEST RATIO IN THE WORLD.

LELOUP ADDED THAT THE NORTH AMERICAN CONTINENT WAS DEVELOPING HITHERTO UNEXPLOITED FORESTS AND THAT AFRICA AND LATIN AMERICA WERE PREPARING TO DO THE SAME.

"SOONER OF LATER," LELOUP WARNED THE EUROPEANS, "THE ECONOMIC AND SOCIAL DEVELOPMENT OF THE WHOLE GLOBE WILL OBLIGE OVERSEAS COUNTRIES TO KEEP THEIR TIMBER FOR THEIR OWN USE OR, AT THE VERY OUTSIDE, TO EXPORT THE SURPLUS TO THE COUNTRIES WITH THE LARGEST DEFICIT."

ATHENS, AUG.3-(AP)-THE GENERAL STAFF OF THE REORGANIZED GREEK ARMY ANNOUNCED TODAY THE CAPTURE OF AMMOUDA HEIGHTS, SCENE OF SIX WEEKS OF FANATICAL GUERRILLA RESISTUNCE IN THE GRAMMOS MOUNTAINS, AND OTHER IMPORTANT GUERRILLA STRONGHOLDS.

SOME SOURCES IN ATHENS SAID THEY DETECTED SIGNS THAT THE WHOLE SYSTEM OF THE GUERRILLAS' INNER DEFENSES WAS CRUMBLING. AN AMERICAN OBSERVER SAID MARKOS VAFIADES, GREEK COMMUNIST LEADER OF THE GUERRILLAS, MIGHT WITHDRAW INTO ALBANIA.

THE ARMY'S REPORTS INDICATED A JUNCTURE OF ITS FORCES MOVING EAST AND WEST IN THE FOURKA AREA WEST OF KONITSA MIGHT BE MADE AT ANY TIME. THE GREEK DRIVE WAS PICTURED AS COMPRESSING THE GUERRILLA FORCES INTO AN AREA OF LESS THAN 300 SQUARE MILES. WHEN THE OPERATIONS STARTED SIX WEEKS AGO, VAFIADES CONTROLLED ABOUT 1,000 SQUARE MILES IN WESTERN MACEDONIA AND EPIRUS.

AMMOUDA IS BETWEEN NESTORION AND THE ALBANIAN BORDER.

THE ARMY ALSO ANNOUNCED CAPTURE OF KERASSOVON, SOUTHERN ANCHOR OF THE GUERRILLAS' FORCES.

press wire and ordered the stopping of any dispatches [illegible] concerning kitrilakis' statement. the officer was advised the dispatched had moved a few minutes after the statement was made and that it would NOT be halted.

the officer was told the associated press would carry an additional statement kitrilakis might want to make.

kitrilakis is scheduled to assume command tomorrow of the second army corps fighting which is fighting in the grammos area. he is taking the place of lt. gen. panos kalogeropoulos, who has been given a month's leave.

premier themistokles sophoulis said last monday that kitrilakis lautchman would assume charge of the entire operation in the grammos offensive. kitrilakis said he [illegible] was given only command of the second corps. a check with military officials disclosed sophoulis was apparently [illegible] in error.

it is known here that kitrilakis had been reluctant to replace [illegible] kalogeropoulos and [illegible] he agreed only under heavy pressure from the americans.

AUG 1948

kitrilakis lauded the second corps accomplishments in the grammos fighting and said it worked "miracles with the few means at its disposal." he said the greek army was "relatively inadequately equipped."

american military observers have been irked by recent press and official statements to the effect that the army has poor equipment. unofficially the americans say the greek army has all the necessaryarms it can assimilate.

PALESTINE MEDIATOR, THAT THEY WOULD NOT ADMIT ANY OF THE THREE LARSEN BROTHERS, SONS OF THE LAST SWEDISH CONSUL-GENERAL IN JERUSALEM. THE JEWS ACCUSED THE TRIO OF HAVING MIXED IN LOCAL POLITICAL LIFE AND WITH BEING PRO-ARAB.

JOHN LARSEN WAS ARRESTED FRIDAY WHEN HE APPEARED AT JEWISH-HELD AL KUBAB AS A TRUCE OBSERVER. HE WAS TRANSFERRED TO A TEL AVIV PRISON.

THE ISRAELI GOVERNMENT HAS REITERATED ITS PROTEST AGAINST ANY EMPLOYMENT OF THE OTHER TWO BROTHERS IN ISRAELI TERRITORY BY U.N. IT SAID THAT ONE OF THEM, THEO LARSEN, IS ALREADY IN PALESTINE AS AN OBSERVER.

TEL AVIV, ISRAEL, AUG.3-(AP)-A LABOR CONSCRIPTION ORDER AFFECTING IMMIGRANTS WHO ARRIVED AFTER THE BEGINNING OF THE UNITED NATIONS TRUCE JULY 18 WAS ANNOUNCED BY THE ISRAELI GOVERNMENT TODAY.

TERMS OF THE TRUCE PROHIBIT MILITARY CONSCRIPTION OF THE IMMIGRANTS BUT THE NEW ORDER ALLOWS THE GOVERNMENT TO REGISTER THEM FOR DRAFT LABOR.

THE HEBREW PRESS TODAY DISPLAYED PROMINENTLY FOREIGN MINISTER MOSHE SHERTOK'S WARNING THAT ARAB VIOLATIONS OF THE TRUCE WOULD LEAD TO A RENEWAL OF THE WAR BY THE ISRAELI ARMY.

ISRAELI LEADERS ARE EXPECTED TO REITERATE THEIR DEMANDS FOR FIRMER U.N. ACTION TO HALT TRUCE INFRACTIONS WHEN COUNT FOLKE BERNADOTTE, THE U.N. MEDIATOR, ARRIVES HERE TOMORROW FOR CONFERENCES.

BERNADOTTE MET IN JERUSALEM TODAY WITH BERNARD JOSEPH, NEWLY APPOINTED MILITARY GOVERNOR OF THE JEWISH SECTION OF THE CITY. WHILE THEY MET INTERMITTENT SNIPER SHOTS WERE HEARD AND A HUGE COLUMN OF BLACK SMOKE POURED FROM A STORE OF BURNING OIL IN THE NO-MAN'S-LAND BETWEEN THE ARAB AND JEWISH-HELD AREAS OF THE CITY.

BERNADOTTE SAID AT A NEWS CONFERENCE AFTER THE MEETING "THE DEMILITARIZATION OF JERUSALEM FOR WHICH I AM WORKING MIGHT NECESSITATE AN INTERNATIONAL POLICE FORCE OF ABOUT 2,500 MEN TO BE DISPATCHED BY THE U.N. TO THE HOLY CITY."

HE SAID HE THOUGHT THE UNITED STATES, FRANCE AND BELGIUM, THE COUNTRIES REPRESENTED IN THE LOCAL CONSULAR TRUCE COMMISSION, MIGHT PROVIDE AN INTERMEDIARY POLICE FORCE WHILE THE REGULAR GROUP IS BEING ORGANIZED

BERNADOTTE SAID THE DEMILITARIZATION OF JERUSALEM WAS URGENT TO END THE DAILY SNIPING IN THE CITY. HE ADDED HE IS NOT INCLINED TO REGARD THE SNIPING AS BREACHES OF THE TRUCE BY THE RESPECTIVE ARAB OR JEWISH GOVERNMENTS BUT ONLY AS "INCIDENTS."

AN ISRAELI GOVERNMENT SPOKESMAN HERE SAID CAPT. JOHN LARSEN OF SWEDEN, A U.N. TRUCE OBSERVER, HAS BEEN EXPELLED BY THE JEWS AND FLOWN TO MAFRAQ IN TRANS-JORDAN.

THE SPOKESMAN SAID THE GOVERNMENT PREVIOUSLY HAD WARNED BERNADOTTE THEY WOULD NOT ADMIT ANY OF THREE LARSEN BROTHERS, SONS OF THE LAST SWEDISH CONSUL-GENERAL IN JERUSALEM. THE JEWS ACCUSED THE THREE OF HAVING MIXED IN LOCAL POLITICS AND WITH BEING PRO-ARAB.

TOKYO, AUG. 3-(AP)-BLAINE HOOVER, CHIEF OF THE CIVIL SERVICE DIVISION AT GENERAL MACARTHUR'S HEADQUARTERS, TODAY DEFENDED THE OCCUPATION COMMANDER'S LABOR POLICIES AS NECESSARY TO RESTORE ORDER "IN A RAPIDLY DETERIORATING SITUATION."

HE TERMED THE POSITION OF JAMES S. KILLEN, WHO RESIGNED AS HEAD OF THE LABOR DIVISION IN PROTEST OVER MACARTHUR'S BAN OF STRIKES BY JAPANESE GOVERNMENT EMPLOYES, "COMPLETE NONSENSE."

KILLEN HAD CHARGED THE JAPANESE GOVERNMENT, AT MACARTHUR'S SUGGESTION, DENIED BASIC RIGHTS TO GOVERNMENT EMPLOYES BY DENYING THEM THE RIGHT TO BARGAIN COLLECTIVELY.

HOOVER SAID THE OCCUPATION COMMANDER "WAS FORCED TO STEP IN TO RESTORE SOME SEMBLANCE OF ORDER IN A RAPIDLY DETERIORATING SITUATION BETWEEN THE JAPANESE GOVERNMENT AND ITS EMPLOYES, WITH A PARALYZING STRIKE OF GOVERNMENT WORKERS ANNOUNCED FOR AUGUST 7, WHICH IN JAPAN'S IMPOVERISHED CONDITION WOULD HAVE RESULTED IN STARVATION AND DISASTER..."

KILLEN, HOOVER ADDED IN A STATEMENT, WAS GIVEN AMPLE OPPORTUNITY TO STATE HIS VIEWS BEFORE MACARTHUR DISPATCHED HIS LETTER TO PREMIER ASHIDA, BUT MADE NO PROTEST AT THAT TIME.

HOOVER DESCRIBED THE REASON BEHIND MACARTHUR'S ACTION AS "THE ESTABLISHMENT OF AN EFFECTIVE CIVIL SERVICE, WITH THE ELIMINATION OF PARALYZING, FEUDAL, BUREAUCRATIC INFLUENCES AND THE PARASITIC INFILTRATION OF COMMUNIST INFLUENCES UNDER THE PRETENSE OF LABOR ADVANCEMENT."

MACARTHUR, HE ADDED, HAD NO VIEW TO INFLUENCING THE LABOR MOVEMENT IN PRIVATE ENTERPRISE.

BATAVIA, JAVA, AUG. 3-(AP)-NAKAMURA HIROSHI, FORMER CAPTAIN IN THE JAPANESE OCCUPATION ARMY IN JAVA, TESTIFIED AT HIS TRIAL TODAY THAT HE TOOK VALUABLES FROM A BATAVIA GOVERNMENT PAWNSHOP WAREHOUSE IN AUGUST, 1945, TO FINANCE CONCENTRATION CAMPS ORDERED ESTABLISHED FOR JAPANESE SOLDIERS BY THE VICTORIOUS ALLIED COMMAND.

HIROSHI AND HIS IMMEDIATE SUPERIOR, NOMURA AKIRA, FORMER STAFF OFFICER WITH THE JAPANESE MILITARY PLANNING BOARD IN JAVA, ARE BEING TRIED FOR THE THEFT OF EIGHT SUITCASES OF JEWELS, GOLD, SILVER AND OTHER VALUABLES KNOWN AS THE "NAKAMURA TREASURE."

THE DEFENSE CLAIMED THE TWO JAPANESE WERE CONVINCED BY JAPANESE OCCUPATION AUTHORITIES THAT THE LOOT ACTUALLY WAS JAPANESE PROPERTY NEEDED TO SUPPORT THE MILITARY CAMPS AFTER CAPITULATION.

THE CASE BROKE SENSATIONALLY ALMOST TWO YEARS AGO WHEN A BEAUTIFUL BLOND, CARLA WOLFF, WAS FOUND IN POSSESSION OF THE MISSING VALUABLES. HER BOAST OF GREAT WEALTH AND RECEIVING VALUABLE GIFTS FROM FRIENDS LED TO HER EXPOSURE. AT HER TRIAL IT WAS DISCLOSED SHE HAD LIVED ACROSS THE STREET FROM HIROSHI DURING THE OCCUPATION, BECAME HIS MISTRESS AND BORE HIM TWO CHILDREN. IN 1946 SHE WAS SENTENCED TO EIGHT YEARS' IMPRISONMENT BUT IS NOW FREE IN BATAVIA.

EXACT VALUE OF THE LOOT NEVER HAS BEEN ACCURATELY COMPUTED. IT HAS BEEN ESTIMATED AT APPROXIMATELY 1,000,000 NETHERLANDS EAST INDIES GUILDERS (ABOUT $378,600).

SAN FRANCISCO,AUG 3 (AP)-LOUIS BUDENZ, ONE-TIME COMMUNIST LEADER AND EDITOR WHO RECANTED THE PARTY LINE, LEFT BY AIR TODAY FOR HONOLULU ON A SECRETIVE BUT "OFFICIAL" TRIP.

IT WAS REPORTED, WITHOUT CONFIRMATION, HE WAS TO BE CALLED IN A CASE THERE INVOLVING TWO HONOLULU SCHOOL TEACHERS ACCUSED OF COMMUNISM.

LAST WEEK THE NINTH U.S.CIRCUIT COURT OF APPEALS IN SAN FRANCISCO DECLINED TO ENTERTAIN A MOTION BY THE TEACHERS, DR. AND MRS.JOHN E. REINEKE, THAT THE COURT HALT A HONOLULU SCHOOL BOARD HEARING TONIGHT ON CHARGES THEY WERE COMMUNISTS.

BUDENZ HIMSELF DECLINED TO DISCLOSE THE REASON FOR HIS VISIT TO THE ISLANDS.

THE ONE-TIME EDITOR OF THE COMMUNIST NEWSPAPER DAILY WORKER, TOLD REPORTERS ONLY THAT HE WAS ON AN "OFFICIAL TRIP." WHETHER IT WAS SPONSORED BY A GOVERNMENT AGENCY HE WOULD NOT SAY.

BUDENZ, NOW A PROFESSOR OF ECONOMICS AT FORDHAM UNIVERSITY, JUST FINISHED TESTIFYING IN WASHINGTON BEFORE A SENATE SUBCOMMITTEE INVESTIGATING COMMUNISM.

WASHINGTON, AUG 3-(AP)-WILLIAM W. REMINGTON SWORE TODAY THAT HE NEVER GAVE ELIZABETH T. BENTLEY ANY "SECRET OR CONFIDENTIAL" INFORMATION AND, WHEN DEALING WITH HER DURING THE WAR, THOUGHT SHE WAS A NEWSPAPER REPORTER.

UNDER OATH BEFORE A SENATE INVESTIGATING COMMITTEE, THE YOUNG GOVERNMENT OFFICIAL ACKNOWLEDGED THAT HE USED TO MEET HER ON STREET CORNERS AND IN PARKS. IT WAS A "PREPOSTEROUS" THING TO DO, HE SAID, BUT HE WAS YOUNG AND "ROMANTIC."

MISS BENTLEY, CONFESSED FORMER COURIER FOR A SOVIET SPY RING, TOLD THE SENATORS LAST WEEK THAT REMINGTON GAVE HER SECRET DATA ON AMERICAN PLANE PRODUCTION DURING SUCH FURTIVE MEETINGS. SHE NAMED HIM AS ONE OF SEVERAL SCORE GOVERNMENT EMPLOYES FROM WHOM COMMUNISTS WERE COLLECTING INFORMATION.

BUT REMINGTON SAID THE ONLY INFORMATION HE EVER GAVE HER WAS NON-SECRET MATTER THAT ANY REPORTER COULD HAVE.

AT THAT TIME, REMINGTON WAS 24 YEARS OLD AND WORKED FOR THE WAR PRODUCTION BOARD.

NOW 30, HE HAS A JUST-UNDER-$10,000 A YEAR JOB WITH THE COMMERCE DEPARTMENT. ONE OF HIS DUTIES IS TO PRESIDE OVER A COMMITTEE WHICH DECIDES WHAT GOODS CAN BE SOLD TO RUSSIA.

IN REPLY TO QUESTIONS, REMINGTON SAID HE KNEW MANY DETAILS OF THE MANHATTAN PROJECT AS EARLY AS APRIL, 1944, BUT DID NOT KNOW IT WAS AIMED AT DEVELOPING THE ATOMIC BOMB.

HE SAID HE NEVER TALKED ABOUT THE PROJECT TO MISS BENTLEY.

THE "MANHATTAN PROJECT" WAS THE CODE NAME GIVEN TO THE ATOMIC PROJECT DURING DEVELOPMENT STAGE AND WAS THE MOST CLOSELY GUARDED SECRET OF THE WAR AT THAT TIME.

REMINGTON ALSO DENIED THAT HE HAD CONCEALED HIS "LOYALTY RECORD" WHILE GETTING IMPORTANT GOVERNMENT POSTS.

THIS QUESTIONING TURNED CHIEFLY ABOUT THE FACT THAT HE WAS UNDER INVESTIGATION BY THE FBI AT THE TIME HE GOT HIS PRESENT POST WITH THE COMMERCE DEPARTMENT.

THOMAS C. BLAISDELL, JR., ACTING ASSISTANT SECRETARY OF COMMERCE HAS TESTIFIED HE APPROVED REMINGTON'S EMPLOYMENT, BUT DID NOT KNOW ABOUT THE FBI INQUIRY.

AS FOR WHAT HE TOLD BLAISDELL, REMINGTON DECLARED:

"I TOLD HIM I HAD SEEN SEVERAL TIMES A LADY WHO I THOUGHT WAS A NEWSPAPER WOMAN BUT WHO TURNS OUT TO BE A COMMUNIST--THE MOST DANGEROUS KIND OF COMMUNIST.

"I SAID IT HAS BEEN A YEAR SINCE THE FBI ASKED ME ABOUT HER. I SAID IT HAS BEEN A YEAR SINCE THE GRAND JURY ASKED ME ABOUT HER.

"I SAID IF THERE IS ANYTHING UNSETTLED IT WILL COME UP IN THE APPOINTMENT PROCESS. HE GAVE ME SOME KIND OF AFFIRMATIVE RESPONSE. I DON'T KNOW JUST WHAT HE SAID."

BY DONALD SANDERS

WASHINGTON,AUG.3-(AP)-SENATORS TURNED TO THE WHITE HOUSE TODAY FOR LEADS IN THEIR HUNT FOR THE PERSONS WHO LET A TOP-RUNG GOVERNMENT WORKER SHIFT CONFIDENTIAL JOBS WHILE UNDER FBI SCRUTINY.

SENATOR FERGUSON (R-MICH) SAID HE EXPECTED A REPLY DURING THE DAY TO HIS INVESTIGATING COMMITTEE'S REQUEST FOR THE EMPLOYMENT RECORD OF WILLIAM W.REMINGTON.

REMINGTON HAS BEEN NAMED BY MISS ELIZABETH T.BENTLEY, CONFESSED FORMER COURIER FOR A RUSSIAN SPY RING, AS ONE OF THE GOVERNMENT OFFICIALS WHO GAVE HER WARTIME SECRETS. HE HAS DENIED GIVING HER ANY DATA THAT WAS NOT AVAILABLE TO NEWS REPORTERS OR RESEARCH WORKERS.

FERGUSON'S REQUEST WAS FORWARDED TO THE WHITE HOUSE BY SECRETARY OF COMMERCE SAWYER, WHO SUSPENDED REMINGTON JUNE 28 FROM HIS JOB IN THE DEPARTMENT'S OFFICE OF INTERNATIONAL TRADE.

ALTHOUGH GOVERNMENT AGENCIES ARE BARRED BY PRESIDENTIAL ORDER FROM TURNING OVER CONFIDENTIAL INFORMATION CONTAINED IN LOYALTY BOARD FILES, COMMITTEE AIDES SAID THEY DID NOT BELIEVE THIS REQUEST WOULD BE TURNED DOWN.

INSTEAD OF LOYALTY DATA, THEY SAID, FERGUSON HAS ASKED ONLY FOR THE RECORD OF REMINGTON'S FEDERAL EMPLOYMENT AND THE NAMES OF PERSONS WHO RECOMMENDED HIS TRANSFER FROM ONE KEY SPOT TO ANOTHER.

IN ASKING SAWYER FOR THIS INFORMATION, FERGUSON WROTE:

"IT HAS COME TO THE ATTENTION OF THE COMMITTEE THAT THE DEPARTMENT OF JUSTICE CONDUCTED A LENGTHY INVESTIGATION OF ESPIONAGE CHARGES AGAINST WILLIAM W.REMINGTON WHO WAS ALLEGED TO HAVE CONVEYED SECRET MILITARY INFORMATION TO THE COMMUNISTS DURING WARTIME WHILE HE WAS A UNITED STATES GOVERNMENT OFFICIAL."

THE LETTER WENT ON TO SAY REMINGTON HAD BEEN TRANSFERRED TO A TOP CONFIDENTIAL POSITION "WHILE THE INVESTIGATION WAS BEING CONDUCTED AND BEFORE ANY CONCLUSION HAD BEEN REACHED AS TO HIS GUILT OR INNOCENCE."

REMINGTON WAS RECALLED TO THE STAND TODAY (9 A.M., EST). HE PROMISED TO BRING EVIDENCE TO SUPPORT HIS CONTENTION THAT HE NEVER GAVE MISS BENTLEY ANYTHING CONFIDENTIAL.

AT THE OTHER END OF THE CAPITOL, MEANWHILE, THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE MOVED TO FOLLOW UP MISS BENTLEY'S TESTIMONY THAT SOME 30 GOVERNMENT OFFICIALS, INCLUDING SEVERAL IN HIGH PLACES, EITHER KNOWINGLY OR UNWITTINGLY GAVE SECRET INFORMATION TO THE SPY RING.

THE COMMITTEE ANNOUNCED IT WOULD QUESTION AT A CLOSED SESSION TODAY (9 A.M. EST) WHITAKER CHAMBERS, AN ASSOCIATE EDITOR OF TIME MAGAZINE. IT DID NOT DISCLOSE HIS RELATION TO THE INVESTIGATION. HOWEVER, MEMBERS SAID CHAMBERS WAS "A HELPFUL WITNESS" AND "NOT A SUSPECT."

THE HOUSE GROUP ALSO SUBPOENAED NATHAN GREGORY SILVERMASTER, NAMED BY MISS BENTLEY AS HEAD OF ONE OF TWO GROUPS OF GOVERNMENT WORKERS SHE SAID GAVE HER INFORMATION TO SEND TO COMMUNIST PARTY LEADERS AND RUSSIAN SECRET POLICE. IT APPEARED UNLIKELY, HOWEVER, THAT SILVERMASTER--WHO HAS DENIED THE TESTIMONY--WOULD BE QUESTIONED TODAY.

THE COMMITTEE HAS ANNOUNCED IT WILL GIVE ALL PERSONS NAMED BY MISS BENTLEY IN HER SENSATIONAL TESTIMONY LAST SATURDAY AN OPPORTUNITY TO MAKE A PUBLIC REBUTTAL TO HER CHARGES.

ANOTHER OF THOSE NAMED BY MISS BENTLEY ISSUED A STATEMENT OF DENIAL LAST NIGHT.

BERNARD S.REDMONT SAID HE ASSUMES SHE IS THE WOMAN WHO IDENTIFIED HERSELF TO HIM AS A NEWSPAPER REPORTER WHILE HE WAS A NEWS EDITOR IN THE OFFICE OF THE COORDINATOR OF INTERAMERICAN AFFAIRS.

ALL THE INFORMATION SHE GOT BY INTERVIEWING HIM ABOUT RADIO PROGRAMS FOR LATIN AMERICA, REDMONT SAID, WAS DATA SHE COULD HAVE OBTAINED BY LISTENING TO THE RADIO.

AS FOR HER CLAIM THAT HE WAS A COMMUNIST, REDMONT SAID HE IS NOT AND NEVER HAD BEEN ONE "AS EVERYONE WHO KNOWS ME WILL ATTEST."

ON ANOTHER PHASE OF THE CONGRESSIONAL INQUIRIES INTO COMMUNISM, A HOUSE LABOR SUBCOMMITTEE WHICH HAS BEEN INQUIRING INTO ALLEGED VIOLATIONS OF THE TAFT-HARTLEY ACT CALLED A NEW HEARING FOR TODAY (9:30 A.M. EST). WITNESSES WERE ASKED TO EXPAND ON EARLIER CHARGES OF COMMUNIST INFILTRATION INTO NEW YORK LABOR UNIONS.

THE SENATE COMMITTEE DIVERTED ITS ATTENTION FROM THE REMINGTON CASE YESTERDAY TO LISTEN TO A LESSON ON COMMUNIST OBJECTIVES AND TECHNIQUES FROM LOUIS F.BUDENZ, A FORMER ASSOCIATE OF MISS BENTLEY.

BUDENZ WAS MANAGING EDITOR OF THE PARTY'S NEWSPAPER, THE NEW YORK DAILY WORKER, AT THE TIME HE RENOUNCED COMMUNISM IN 1945 AFTER BEING ACTIVE IN WHAT HE DESCRIBED AS TOP LEVEL PARTY CIRCLES FOR ABOUT 10 YEARS. HE IS NOW A PROFESSOR AT FORDHAM UNIVERSITY.

BUDENZ, WHO SAID HE MET MISS BENTLEY PROBABLY 30 TIMES WHILE THEY WERE DOING SIMILAR WORK WITHIN THE PARTY, TOLD THE COMMITTEE HE HAS "NO REASON WHATSOEVER" TO DOUBT THE AUTHENTICITY OF HER STORY.

THE SLIGHT, BALDING BUDENZ ALSO DECLARED IN HIS APPROXIMATELY THREE-HOUR APPEARANCE BEFORE THE COMMITTEE:

1. THERE WERE "SEVERAL SCORE" PARTY MEMBERS OR INFORMANTS IN "FAIRLY IMPORTANT" GOVERNMENT POSITIONS AND "SEVERAL HUNDRED" ON A LOWER LEVEL WHEN HE WAS AN ACTIVE PARTY WORKER.

2. THE PARTY OPERATES A VIGOROUS "UNDERGROUND LOBBY" IN WASHINGTON SEEKING TO INFLUENCE GOVERNMENT POLICY.

3. WHILE WORKING ON THE PARTY'S POLITICAL COMMITTEE, HE HEARD THE NAMES OF A NUMBER OF PERSONS IN THE GOVERNMENT WHO LEAKED INFORMATION TO PARTY WORKERS. BUT, HE SAID, HE HAD ONLY "HEARSAY" EVIDENCE ON THE POINT.

BUDENZ TESTIFIED THAT ONE OF THE WARTIME SOVIET SPY RINGS WAS UNDER THE DIRECTION OF EUGENE DENNIS, AMERICAN PARTY SECRETARY.

DENNIS TOLD A RADIO AUDIENCE LAST NIGHT "DESPITE ALL FABLES AND FALSEHOODS, WE COMMUNISTS DO NOT ADVOCATE FORCE AND VIOLENCE." HE SPOKE AT A NEW YORK RALLY MARKING THE OPENING OF THE 14TH NATIONAL COMMUNIST PARTY CONVENTION.

HE AND OTHER SPEAKERS LAUDED THE OBJECTIVES OF HENRY A.WALLACE'S PROGRESSIVE PARTY AS OPPOSED TO DEMOCRATIC AND REPUBLICAN AIMS WHICH THEY SAID ARE "DICTATED BY BIG BUSINESS."

"NO MATTER HOW MANY X X X ELIZABETH BENTLEYS REACTION DIGS UP FROM THE DREGS OF CAPITALIST SOCIETY," DENNIS SAID, "NO MATTER WHAT 'ESPIONAGE' PROVOCATIONS AND OTHER NEW FRAME-UPS THE BI-PARTISAN MONOPOLISTS INVENT TO BOLSTER THEIR MISERABLE DEFENSE, WE INTEND TO PRESS OUR INDICTMENT AGAINST THE MEN OF THE TRUSTS."

DENNIS IS ONE OF A DOZEN COMMUNIST LEADERS NOW UNDER INDICTMENT BY A FEDERAL GRAND JURY IN NEW YORK.

WASHINGTON,AUG 3-(AP)-SENATE INVESTIGATORS READ INTO THEIR RECORD TODAY EVIDENCE THAT SECRETARY OF THE TREASURY SNYDER INTERVENED TO OBTAIN ONE OF THE GOVERNMENT TRANSFERS GIVEN WILLIAM W.REMINGTON.

REMINGTON HAS BEEN ACCUSED BY ELIZABETH BENTLEY, FORMER SOVIET SPY, OF GIVING HER WARTIME SECRETS WHILE HE WORKED FOR THE WAR PRODUCTION BOARD. HE DENIES THIS SAY THAT HE THOUGHT SHE WAS A NEWSPAPER REPORTER AND THAT HE GAVE HER NOTHING OF SECRET NATURE.

CHAIRMAN FERGUSON (R-MICH) OF THE SENATE COMMITTEE READ A LETTER SIGNED BY SNYDER AND DATED NOV. 27,1945, ASKING THAT REMINGTON BE RELIEVED FROM A LONDON ASSIGNMENT AND ASSIGNED TO THE OFFICE OF WAR MOBILIZATION AND RECONVERSION (OWMR).

SNYDER WAS THEN DIRECTOR OF OWMR. REMINGTON, A NAVY ENSIGN, WAS ATTACHED TO AN ECONOMIC MISSION IN LONDON.

REMINGTON, WHO SPENT THE DAY DENYING THAT HE EVER GAVE ANY CONFIDENTIAL GOVERNMENT DATA TO MISS BENTLEY, TOLD THE SENATORS THAT HE TALKED WITH CHARLES HITCH AND ROBERT NATHAN, THEN MEMBERS OF SNYDER'S STAFF, ABOUT A REASSIGNMENT.

HE SAID HE ASSUMES EITHER HITCH OR NATHAN SAW SNYDER AND THAT SNYDER WROTE TO SECRETARY OF DEFENSE FORRESTAL--THEN NAVY SECRETARY.

FERGUSON SAID ACTING SECRETARY OF THE NAVY ARTEMUS L.GATES REPLIED TO SNYDER'S LETTER ON NOV. 30,1945, TELLING HIM THAT REMINGTON HAD BEEN RELIEVED OF THE LONDON ASSIGNMENT.

AS THE COMMITTEE RECESSED UNTIL TOMORROW (1 P.M.,EST), FERGUSON ANNOUNCED THAT HIS GROUP HAS NOT BEEN ABLE TO GET REMINGTON'S EMPLOYMENT RECORD. A REQUEST FOR IT HAS BEEN AT THE WHITE HOUSE SINCE FRIDAY, HE SAID.

THE 30-YEAR-OLD REMINGTON IS NOW A COMMERCE DEPARTMENT OFFICIAL, ON LEAVE PENDING A LOYALTY CHECKUP.

HE SHOWED A SLIGHT FLAREUP OF TEMPER NEAR THE END OF THE DAY'S SESSION WHEN FERGUSON WAS DISCUSSING HIS TALKS WITH HITCH AND NATHAN.

REMINGTON SAID HE FORMERLY HAD A GOOD REPUTATION AMONG WASHINGTON ECONOMISTS, AND HE ADDED:

"I THINK MY PROFESSIONAL REPUTATION HAS BEEN DRAGGED FROM HERE TO THE MIDDLE OF HELL, AND I DON'T KNOW WHAT'S GOING TO HAPPEN NOW."

HE SAID HE HOPES THE COMMITTEE WILL CONFRONT HIM WITH ANY DOCUMENTARY EVIDENCE IT HAS THAT HE GAVE CONFIDENTIAL INFORMATION TO MISS BENTLEY.

WASHINGTON,AUG.3-(AP)-SENATOR BRIDGES (R-NH) ASKED TODAY FOR A SENATE INVESTIGATION OF CHARGES THAT THE U.S. OFFICE OF EDUCATION IS BARRED BY CENSORSHIP FROM ATTACKING COMMUNISM.

JOHN W.STUDEBAKER, FORMER COMMISSIONER OF EDUCATION, HAS CLAIMED THAT CENSORSHIP WAS IMPOSED ON THE OFFICE OF EDUCATION BY OSCAR EWING, FEDERAL SECURITY ADMINISTRATOR. THE OFFICE OF EDUCATION IS A PART OF THE FEDERAL SECURITY AGENCY.

EWING, A CLOSE FRIEND OF PRESIDENT TRUMAN, REPLIED THAT THERE WAS NO CENSORSHIP THAT HE KNEW OF.

BRIDGES MADE HIS REQUEST FOR AN INVESTIGATION IN A LETTER TO SENATOR FERGUSON (R-MICH), CHAIRMAN OF THE SENATE INVESTIGATING SUBCOMMITTEE.

"IF DR.STUDEBAKER'S CHARGES ARE TRUE," BRIDGES WROTE FERGUSON, "THERE HAS BEEN A BREACH OF TRUST TANTAMOUNT TO BETRAYAL WITHIN THE FEDERAL SECURITY AGENCY.

"IMMEDIATE AND DRASTIC ACTION IS CALLED FOR IF ANY OFFICIALS WITHIN THE AGENCY ARE THWARTING THE EFFORTS OF THE OFFICE OF EDUCATION TO FOSTER TRUE PUBLIC EDUCATION, A DECENT RESPECT FOR THE AMERICAN WAY OF

LIFE AND AN HONEST ANTAGONISM TO THE TOTALITARIAN FORCES THAT THREATEN THE FREE PEOPLES OF THE WORLD."

BRIDGES TOLD FERGUSON THAT HE AND SEN.KNOWLAND (R-CALIF), CHAIRMAN OF THE SUBCOMMITTEE ON LABOR-FEDERAL SECURITY OF THE SENATE APPROPRIATIONS COMMITTEE BELIEVE THAT:

"YOU AND THE MEMBERS OF YOUR COMMITTEE CAN RENDER VALUABLE SERVICE TO THE AMERICAN PEOPLE BY MAKING A FAIR APPRAISAL OF THE CHARGES WHICH DR.STUDEBAKER HAS UTTERED AND WHICH MR.EWING IS REPORTED TO HAVE DENIED."

WASHINGTON,AUG.3-(AP)-WHAT THIS COUNTRY NEEDS TO COMBAT COMMUNISM, SAYS REP.HEBERT (D-LA), IS MORE EDUCATION ABOUT AMERICANISM--WHAT IT IS AND WHAT IT STANDS FOR.

TOO MANY AMERICANS, HE TOLD A REPORTER, ARE GROWING UP WITH ONLY A HAZY IDEA OF THE ADVANTAGES OF DEMOCRACY, OR HOW AND WHY IT WAS ESTABLISHED IN THIS COUNTRY.

TO ILLUSTRATE HIS POINT HE CITED MISS ELIZABETH T.BENTLEY, WHO HAS GIVEN SENSATIONAL TESTIMONY ABOUT COMMUNIST SPY ACTIVITIES IN THIS COUNTRY.

MISS BENTLEY, HE SAID, IS A NATIVE OF THE UNITED STATES AND ATTENDED SEVERAL COLLEGES. BUT SHE TESTIFIED SHE NEVER WAS TAUGHT AMERICANISM IN SCHOOL. SHE ADMITTEDLY BECAME A COMMUNIST.

"WE ARE CONCERNING OURSELVES TOO MUCH WITH THE PRESENCE OF COMMUNISM IN THIS COUNTRY AND NOT ENOUGH WITH WHAT CAUSES IT," HEBERT ASSERTED.

"WE DON'T DEVOTE ENOUGH ATTENTION TO THE EDUCATION OF OUR CHILDREN. WE ASSUME A CHILD KNOWS WHAT AMERICANISM AND DEMOCRACY ARE. BUT WE NEVER EXPLAIN WHAT LIVING IN A DEMOCRACY MEANS; WHAT SACRIFICES MEN MADE TO ESTABLISH IT, OR WHY THEY DID."

HEBERT QUOTED FROM TESTIMONY WHICH MISS BENTLEY GAVE SATURDAY BEFORE THE HOUSE COMMITTEE ON UNAMERICAN ACTIVITIES, OF WHICH HE IS A MEMBER.

HE ASKED HER WHY SHE, A NATIVE-BORN AMERICAN, EDUCATED IN THE BEST SCHOOLS (VASSAR AND COLUMBIA) TURNED COMMUNIST.

"WHAT ARGUMENTS DID THEY USE? WHAT PERSUADED YOU TO JOIN UP WITH THE COMMUNISTS?" HE ASKED.

MISS BENTLEY REPLIED:

"THEY WERE THE SAME ARGUMENTS, I THINK, THAT THEY PUT TO ALMOST ANY LIBERAL WHO IS DISSATISFIED WITH VARIOUS CONDITIONS IN THIS COUNTRY WHICH, OF COURSE, EXIST AND THERE IS NO DENYING THEM.

"THEIR FINAL ARGUMENT WAS 'IF YOU FEEL LIKE A LIBERAL, AND IF YOU FEEL THAT THESE CONDITIONS ARE BAD, THEN YOU SHOULD ALLY YOURSELF WITH THE GROUP THAT WILL BE STRONG AND DISCIPLINED AND INTELLIGENT AND THAT COULD REALLY DO SOMETHING ABOUT THESE CONDITIONS.'

"AS FOR WHETHER IT WAS AMERICAN OR NOT, THEY REPRESENTED THEMSELVES TO BE AN AMERICAN PARTY."

HEBERT ASKED IF HER EDUCATION IN AMERICAN SCHOOLS HAD NO INFLUENCE ON HER.

HER REPLY:

"I KNEW SO LITTLE ABOUT AMERICAN GOVERNMENT, AND I WAS SO VERY LITTLE SCHOOLED AS TO THE AMERICAN GOVERNMENT.

"DID THEY NOT HAVE COURSES AT COLUMBIA UNIVERSITY?" HEBERT ASKED.

"NO, THEY DID NOT TEACH IT."

HEBERT: "SO YOU GREW UP AS A TYPICAL YOUNG WOMAN X X X AND YOU WERE NEVER EXPOSED TO OR PUT IN CONTACT WITH WHAT AMERICAN HISTORY WAS, WHAT AMERICA STANDS FOR, AND WHAT OUR FORM OF GOVERNMENT WAS?"

MISS BENTLEY: "NO, I NEVER WAS."

HEBERT ASKED WHERE THE FAULT MIGHT LIE.

MISS BENTLEY: "I THINK IT IS THE FAULT THAT RUNS STRAIGHT THROUGH BECAUSE THERE ARE NUMEROUS PEOPLE LIKE MYSELF WHO HAVE BEEN BROUGHT UP LIKE MYSELF, WHO HAVE NOT THE SLIGHTEST COMPREHENSION OF WHAT AMERICA IS REALLY LIKE, NOR WHAT IT MEANS TO LIVE IN A DEMOCRATIC COUNTRY UNDER A DEMOCRATIC SYSTEM."

HEBERT TOLD THE COMMITTEE AT THIS POINT THAT "IT IS INCUMBENT UPON US TO START NOW AND SHOW OUR CHILDREN WHAT AMERICANISM IS, AND WHAT IT STANDS FOR."

REP.RANKIN (D-MISS) BROKE IN TO REMARK THAT "WE HAVE A WORLD OF COMMUNIST PROFESSORS IN OUR EDUCATIONAL SYSTEM AND THEY ARE POISONING THE MINDS OF YOUNG STUDENTS."

HEBERT SAID "THAT IS ABSOLUTELY CORRECT, AND I WANT TO FIND OUT WHERE THIS EDUCATION STARTS. IT IS TO OUR OWN INDICTMENT THAT IN OUR ELEMENTARY SCHOOLS WE DO NOT TAKE THE CHILD AND TEACH HIM WHAT AMERICAN ISM IS."

AS TO COLUMBIA UNIVERSITY HE SAID "I THINK GENERAL EISENHOWER HAS A BIG JOB TO CLEAN THAT PLACE UP."

HE ALSO MENTIONED TULANE UNIVERSITY AT NEW ORLEANS.

"I AM FROM TULANE," HEBERT SAID, "AND TO MY CHAGRIN, MY ATTENTION HAS BEEN CALLED FAR TOO MANY TIMES TO PROFESSORS AT TULANE WHO ARE MUCH TOO FAR TO THE LEFT FOR AMERICAN COMFORT. THERE IS ONE MAN NAMED MITCHELL FRANKLIN WHO TAUGHT THE COMMUNIST LINE TO THE STUDENTS OF TULANE AND WHO IS NOW ON LEAVE FROM THAT UNIVERSITY ON AN APPOINTMENT TO THE UNITED NATIONS, AND I CANNOT FIND OUT WHO PUT HIM THERE."

NEW YORK, AUG 3-(AP)-LOUIS ADAMIC, AUTHOR, SAID TODAY A FORMER COMMUNIST LEADER'S ASSERTED ATTEMPT TO CORRUPT ADAMIC POLITICALLY WAS "THE HEIGHT OF IRRELEVANCE."

ADAMIC SAID HIS VIEWS WERE NOT ALTERED IN ANY WAY.

LOUIS F.BUDENZ, FORMER EDITOR OF THE COMMUNIST DAILY WORKER WHO RENOUNCED COMMUNISM ABOUT TWO YEARS AGO, TOLD A SENATE INVESTIGATION COMMITTEE YESTERDAY THAT HE HAD SOUGHT TO INFLUENCE ADAMIC IN WRITING "MY NATIVE LAND" IN 1942 AND 1943.

NOW AN ASSISTANT PROFESSOR OF ECONOMICS AT FORDHAM UNIVERSITY, BUDENZ TOLD THE COMMITTEE THAT "I HAD BEEN APPOINTED TO CORRUPT HIM POLITICALLY."

ADAMIC SAID IN A STATEMENT BUDENZ'S ASSIGNMENT "MAY BE TRUE FOR ALL I KNOW; BUT, IF SO, BUDENZ'S WORK AS A CORRUPTIONIST ASSIGNED TO DO A JOB ON ME WAS SUPERFLUOUS."

ADAMIC SAID HE WAS IN TOUCH WITH BUDENZ IN 1942 AND LATER "WHEN I SOUGHT MATERIAL" FOR "MY NATIVE LAND," HIS SECOND BOOK ON YUGOSLAVIA.

"THE DAILY WORKER WAS THE ONLY PAPER WHICH HAD FULL TEXTS OF (YUGOSLAV PARTISAN) COMMUNIQUES AND BECAUSE OF THIS BUDENZ WAS ONE OF MY NUMEROUS SOURCES OF INFORMATION. WHAT HE THOUGHT HIS ROLE WAS IN REFERENCE TO ME AT THIS TIME WAS AND IS THE HEIGHT OF IRRELEVANCE TO ME," ADAMIC SAID.

BALTIMORE, AUG. 3-(AP)-FEDERAL JUDGE WILLIAM C.COLEMAN DECIDED TODAY THAT FOUR DEFENDANTS IN THE ALLEGED GARSSON MUNITIONS CONSPIRACY CASE WILL BE TRIED IN CHICAGO.

HE GRANTED A CHANGE OF VENUE FROM BALTIMORE TO THE ERIE BASIN METAL PRODUCTS CO. INC., ALLEN B.GELLMAN, JOSEPH T.WEISS AND HARRY S.GLICK.

MURRAY W.GARSSON AND HENRY M.GARSSON YESTERDAY OPPOSED THE CHANGE DURING A HEARING BEFORE JUDGE COLEMAN, AND WILL BE TRIED IN BALTIMORE.

THE DEFENDANTS ARE CHARGED WITH CONSPIRACY IN CONNECTION WITH RENEGOTIATION OF WORLD WAR II MATERIAL CONTRACTS AND WITH FILING FALSE STATEMENTS ABOUT THE TRANSACTIONS.

JUDGE COLEMAN SAID THAT SINCE THE FOUR WHO ASKED THE TRANSFER LIVE IN THE NORTHERN DISTRICT OF ILLINOIS, EASTERN DIVISION, IT WOULD "SERVE THE INTERESTS OF JUSTICE" TO HAVE THEIR TRIAL CONDUCTED IN CHICAGO.

HE ADDED THAT THE INDICTMENT SHOWED THE ALLEGED CRIMES WERE "CONTINUING", AND THAT THEY ARE ALLEGED TO HAVE BEEN COMMITTED IN ILLINOIS AS WELL AS IN BALTIMORE.

PHILADELPHIA,AUG 3-(AP)-EMILIE CHAPMAN BRADBURY, MEMBER OF THE AMERICAN FRIENDS SERVICE COMMITTEE, SAID TODAY WAR-TORN POLAND IS BEING REBUILT WITH INCREDIBLE SPEED.

THE PHILADELPHIA WOMAN, RETURNING FROM A TWO-YEAR ASSIGNMENT IN POLAND, TOLD REPORTERS "IT IS REMARKABLE THAT SUCH A CHANGE COULD TAKE PLACE IN A WAR-TORN COUNTRY IN THE SPACE OF TWO YEARS."

SHE SAID EDUCATION--WHICH HAD BEEN SUSPENDED DURING THE FIVE YEARS OF GERMAN OCCUPATION--WAS VIRTUALLY BACK TO NORMAL WITH ALL CHILDREN UP TO HIGH SCHOOL AGE UNDER A COMPULSORY EDUCATION PROGRAM. SHE ADDED THERE ARE MORE STUDENTS IN POLISH COLLEGES TODAY THAN EVER BEFORE.

MISS BRADBURY SAID THE POLISH PEOPLE ARE LOOKING TO THE UNITED STATES FOR CONTINUED SUPPORT IN THEIR REHABILIATION PROGRAM.

AT THE PRESENT TIME, SHE EXPLAINED THERE ARE 1,500,000 ORPHANS IN POLAND--14,000 IN THE KRAKOW AREA WHERE SHE WAS STATIONED.

MISS BRADBURY URGED THE ESTABLISHMENT IN POLAND OF A PERMANENT FRIENDS SERVICE COMMITTEE AND NEIGHBORHOOD CENTERS SIMILAR TO THE ONES ALREADY SET UP IN OTHER EUROPEAN COUNTRIES.

(DT) AKRON, O., AUG. 3-(AP)-THE RUBBER INDUSTRY HAS BUILT UP SIZEABLE INVENTORIES OF AUTOMOBILE TIRES BUT REPLACEMENT DEMAND IS EXCEEDING ITS EXPECTATIONS.

THERE IS EVERY INDICATION HIGH LEVEL DEMAND--BOTH FOR REPLACEMENTS AND ORIGINAL EQUIPMENT--WILL CONTINUE THROUGH 1949.

THIS APPEARS TO BE THE CONVICTION IN THE RUBBER INDUSTRY'S CAPITAL HERE.

SEVERAL WEEKS AGO THE RUBBER MANUFACTURERS RAISED PRICES AND WAGES. WHETHER ANOTHER PRICE INCREASE IS COMING IS YET TO BE DETERMINED.

JOHN L.COLLYER, PRESIDENT OF THE B.F.GOODRICH CO., SAID IN AN INTERVIEW:

"NOBODY KNOWS WHETHER TIRE PRICES ARE GOING HIGHER; WE DON'T KNOW YET WHAT THE FULL IMPACT OF THE RECENT WAGE INCREASE WILL BE ON PRODUCTION COSTS."

TIRE PRICES, HE SAID, STILL ARE "LESS THAN 10 PERCENT HIGHER THAN THEY WERE BEFORE THE WAR."

THE GOODRICH CHIEF IS ONE OF THE INDUSTRY'S MOST EARNEST ADVOCATES OF EARLY DISSOLUTION OF THE WARTIME RUBBER PATENT POOL. THE POOL PROVISIONS, REQUIRING FREE EXCHANGE OF DISCOVERIES AMONG THE VARIOUS RUBBER MANUFACTURERS, WERE CONTINUED IN THE RUBBER ACT OF 1948.

THE ACT LISTED EVENTUAL DISSOLUTION OF THE POOL AS A GOVERNMENTAL POLICY BUT FIXED NO DATE FOR SUCH ACTION.

"ALL REALLY USEFUL DISCOVERIES IN AMERICAN (ARTIFICIAL) RUBBER," COLLYER SAID, "WERE MADE BEFORE THE POOLING AGREEMENT."

IMMEDIATE DISSOLUTION OF THE POOL, HE ADDED, "WOULD AT ONCE RETURN THE FULL POWER OF COMPETITIVE RESEARCH AND DEVELOPMENT TO THE IMPROVEMENT OF EXISTING RUBBERS AND THE INVENTION OF NEW, BETTER AND LOWER COST RUBBERS."

MAN-MADE RUBBER, COLLYER SAID, "NOT ONLY FIGURED LARGELY IN WINNING THE WAR BUT AVERTED CHAOS IN THE IMMEDIATE POSTWAR PERIOD.

"WITH CRUDE RUBBER UNAVAILABLE AT THE WAR'S END, IT WOULD HAVE BEEN IMPOSSIBLE TO RE-ESTABLISH OUR CIVILIAN ECONOMY, BUT FOR THE PROGRESS WE HAD BEEN ABLE TO MAKE IN THE PRODUCTION OF AMERICAN RUBBER.

"THERE WAS AND STILL IS A VITAL NEED FOR MAN-MADE RUBBERS. IF EVERYBODY WANTED TO USE CRUDE RUBBER FOR EVERYTHING WE'D HAVE AN IMMEDIATE SHORTAGE."

COLLYER NAMED GOODRICH'S NEW PUNCTURE-SEALING TUBELESS TIRE AS ONE OF THE OUTSTANDING POSTWAR DEVELOPMENTS IN TIRE CONSTRUCTION. THE TIRE, WHICH HAS BEEN UNDER TEST FOR MORE THAN THREE YEARS, IS NOW BEING SOLD THROUGH RETAIL OUTLETS OF THE GOODRICH COMPANY IN THE CINCINNATI AND INDIANAPOLIS DISTRICTS.

WASHINGTON, AUG 3-(AP)-TWO FEDERAL RESERVE BANK PRESIDENTS TODAY TOLD SENATORS THAT INCREASING BANK DEPOSIT RESERVES WOULD NOT BE A BIG FACTOR IN COMBATING INFLATION. SEVERAL SENATORS AGREED.

ALLEN SPROUL, PRESIDENT OF THE NEW YORK BANK, SAID THE INCREASE RECOMMENDED BY THE ADMINISTRATION WOULD "ADD VERY LITTLE" TO THE POWERS THE FEDERAL SERVE SYSTEM NOW HAS.

ALFRED H.WILLIAMS, PRESIDENT OF THE PHILADELPHIA BANK, URGED THAT THE RESERVE BE INCREASED, BUT SAID IT "SHOULD BE EXPLAINED TO THE PUBLIC FOR WHAT IT IS, AND NOT AS A PANACEA."

THE TWO BANKERS APPEARED BEFORE THE SENATE BANKING COMMITTEE WHICH IS CONSIDERING PRESIDENT TRUMAN'S ANTI-INFLATION RECOMMENDATIONS. H.G LEEDY, PRESIDENT OF THE KANSAS CITY BANK, AND C.S.YOUNG, PRESIDENT OF THE CHICAGO BANK ALSO WERE SCHEDULED TO TESTIFY.

MR.TRUMAN IN HIS MESSAGE TO CONGRESS RECOMMENDED THAT THE GOVERNMENT BE EMPOWERED TO REQUIRE FEDERAL RESERVE BANKS TO INCREAWE THEIR RESERVES ON TIME DEPOSITS BY 4 PERCENT, AND ON DEMAND DEPOITS BY 10 PERCENT.

SENATOR FLANDERS (R-VT) SAID HE INTENDS TO TELL THE SENATE THAT ANY ATTEMPT TO CONQUER INFLATION BY CREDIT MEASURES ALONE "WOULD BE A DISSTROUS UNDERTAKING."

SENATOR FULBRIGHT (D-ARK) SAID THE RESERVE PROVISION OF THE ADMINISTRATION BILL "SEEMS EXCEEDINGLY PUNY TO ME, IF THIS IS ALL WE ARE GOING TO DO."

"IT IS BEGINNING TO APPEAR," HE SAID, "THAT THIS IS THE ONLY BILL THE PRESENT CONGRESS IS GOING TO PASS, AND, IF SO, I DOUBT IF IT IS WORTHWHILE."

BOTH LEEDY AND YOUNG URGED THAT ANY BILL APPLY TO NON-MEMBER BANKS, THE LATTER SAYING THAT THE FEDERAL RESERVE SYSTEM WOULD LOSE MEMBERS IF THIS WERE NOT REQUIRED.

AT THE SAME TIME YOUNG SAID HE DID NOT WANT TO SEE MEMBERSHIP IN THE RESERVE SYSTEM BE MADE COMPULSORY.

LEEDY SAID HE "DEFINITELY" WANTED A BILL PASSED, PROVIDED IT INCLUDED NON-MEMBER BANKS.

Diplomats Hold Three-Hour Talk On Future Steps

By EDDY GILMORE (N)

Moscow, Aug. 4 (AP)—American, British and French envoys conferred for three hours tonight on their next step in negotiations with Russia for a settlement of the Berlin crisis and perhaps East-West differences in all Europe.

Walter B. Smith, United States Ambassador, and Ives Chataigneau, French Ambassador, went to the British Embassy where Frank Roberts, the special British envoy, received them. Foy Kohler, United States embassy counsellor, accompanied Smith.

It was reliably reported that one of the three embassies—which one was not specified—had already received the first official reaction to the talks with Prime Minister Stalin Monday night.

Signs Of New Move Lacking

It was possible that all three envoys had received such advices.

The three envoys possibly discussed whether to seek another appointment with Stalin in order to communicate to him the views of their home governments.

However, there was no indication up to a late hour tonight that the Western diplomats had made any effort to obtain a second appointment with either Stalin or Vyacheslav M. Molotov, Foreign Minister.

Reliable sources here said there is a good chance for "an agreement" between the western powers and the Soviet Union, but they did not specify its nature.

British Message Drafted

[The British message to Roberts, Foreign Secretary Ernest Bevin's personal envoy in Moscow, was being drafted Wednesday, London dispatches reported, after Bevin conferred with Herbert Morrison, acting Prime Minister; Sir William Strang, Foreign Office adviser; Lewis Douglas, United States Ambassador, and General Sir Brian Robertson, British commander in Germany.

[Douglas, Strang and Rene Massigli, French Ambassador, also met in London to exchange views on the Moscow conversations. Informed British sources said a new meeting between the Western envoys in Moscow with Stalin or Molotov or both "is on the cards."

Smith Seen In Key Role

[French informants in Paris said also it was probable the Western envoys would see Molotov once more. They said all signs pointed to a new four-power conference to discuss East-West differences. Jefferson Caffrey, United States Ambassador, conferred with Robert Schuman, French Foreign Minister, after the latter had received Massigli on a flying visit from London.]

To observers here it seems evident that U. S. Ambassador Smith, former chief of staff to Gen. Dwight D. Eisenhower and a figure in many important decisions in the last six or seven years, is playing a key role in the present situation.

He is the senior member of the Western diplomatic trio here, and his recommendations are believed to have played a major part in the Western power decision to make a new effort at a diplomatic solution with Moscow.

He is reported also to have intervened last Monday when "leaks" on the impending conversations began developing and to have personally urged that everyone keep silent while the delicate negotiations were proceeding.

There was some doubt that any meeting of the three with the Russian leaders would take place today, but this possibility was not ruled out. The Western representatives are standing by.

It is not yet possible to determine just how long the present negotiations will continue. It would appear, however, that Roberts, the only nonresident among the three envoys, may be in Moscow the remainder of this week or until next week end.

To anyone closely following developments here, it has become apparent that Smith is the main force among the three envoys.

This is not just because he is the ranking diplomatic member of the group. Had it not been for Smith, it was learned on high authority, the present talks would probably not have come off.

With the situation in Berlin getting worse all the time, Smith was reported to have advanced the suggestion that something should be done on the highest level.

The next thing the world knew, he was on his way to Berlin and London to "sell" his idea to the military governors in the German city and to the British and French government representatives.

chiefs who are in constant contact with their American and French colleagues.

Foreign Secretary Ernest Bevin has been busy with numerous conferences since his special envoy to Moscow, Frank Roberts, reported 24 hours ago on the Russian reaction to the new Western approach. Bevin has talked with acting Prime Minister Herbert Morrison, William Strang, the top British political adviser on Germany, and United States Ambassador Lewis W. Douglas.

Robertson On Quick Visit

Gen. Sir Brian Robertson, British military governor of Germany, arrived from Berlin this morning after a short-notice summons. He spent more than two hours with Bevin.

Although the Foreign Office spokesmen remain silent on Moscow developments, officials said privately that a new meeting between Western envoys and Stalin or Molotov, or both, is in the cards.

Britain's Ambassador to Russia, Sir Maurice Peterson, who is home on vacation, was received in audience by King George VI this morning. Rumors persist that Peterson will not return to his Moscow post because of bad health. The Foreign Office has refused to comment on this.

"Focal Point Still Moscow"

In Washington, authorities said that the focal point of negotiations is "still in Moscow" and there was no denial of the possibility of another meeting between the Western Ambassadors and Premier Stalin.

Questioned about whether the American Government has sent any new instructions to Ambassador Walter Bedell Smith at Moscow, a State Department official said "No comment."

"Our orders are to keep our mouths shut," he added.

Moscow Source Hints At Some Sort Of Pact Due To Talks (D)

Moscow, Aug. 4 (AP)—An informed source said today that some sort of agreement may result from the talks of Western-power envoys with Prime Minister Stalin and Foreign Minister V. M. Molotov.

The informant would not specify the nature of such an agreement. Another meeting of the envoys with Stalin or Molotov, or both, may be requested soon.

Warned Against Leaks

As developments progress, it is obvious that Smith, General Eisenhower's one-time chief of staff, is carrying the ball.

It was Smith who stepped into the Moscow situation last Monday when some "leaks" began developing on the story.

He personally intervened with warnings of the seriousness of the talks and the necessity of keeping silent.

British Reaction Due

London, Aug. 4 (AP)—Informed Whitehall (Government) sources said today that Britain's reaction to Russian views on ending the East-West cold war in Germany would reach Moscow tonight.

A British message is being drafted by political and foreign office

BARS GUESSING ON MOSCOW TALKS

Washington, Aug. 4 (A. P.).—Secretary of State Marshall declined today to give reporters any indication when the western Powers and Russia will announce the results of their talks in Moscow. Adhering to the rigidly maintained secrecy the American Government has clamped down upon this stage of the conversations with Premier Stalin, he said that for very evident reasons the State Department could make no statement, and that for equally evident reasons speculation about the talks may be very harmful.

Marshall promised that the State Department would do its best, however, to protect the interests of the American press.

At another point of his weekly news conference, Marshall was asked whether he had sent any new communications to Ambassador Smith at Moscow. He replied: "No comment." He also had no comment when asked whether Smith expected to see Premier Stalin again.

Marshall also declared that he is satisfied that official Soviet representatives in this country are complying with the law covering the agents of foreign Powers. He said that the setup at Washington is primarily responsible for the fact that Gen. Lucius D. Clay, the American Military Governor of Germany, reports to the defense establishment rather than to the State Department. A change was scheduled last spring by which Clay would have been made responsible to the State Department but that was abandoned when the crisis over the Berlin blockade arose.

Airlift's (N) New Mark In Tonnage

E. SHANKE

Berlin, Aug. 4 (AP)—The American air supply line to Berlin broke its own record again today, carrying 2,104 tons of supplies into the Russian-blockaded city.

The new high tonnage was brought in by 803 flights, United States Air Force headquarters said. In a similar 24-hour period the RAF made 242 flights to the city carrying an estimated 1,000 tons.

New Skymasters Arrive

Eleven new C-54 Skymasters capable of carrying 7½ tons arrived at the Rhein-Main airfield at Frankfurt today. The Skymasters have replaced all of the smaller C-47 transports at the field. The C-47's still are operating from Wiesbaden, the other American supply base for Berlin.

American transport officers estimated freight trains used to bring in an average of 9,000 to 10,000 tons of supplies daily to Berlin. About three fourths of this daily haul was coal.

British authorities complained tonight that the Russians constantly violated "all the agreed rules of flight" during July by not notifying the four-power Berlin air-safety center of the departure of Russian planes from Berlin.

Records for the month, the British said, showed that 149 Russian craft arrived in Berlin but only three were reported to have left the city. According to the British, the Russians said they did not consider it necessary to report departures because most of them took place at night.

Jet Fighters On Way

Twelve American jet fighters bound for Germany arrived in Glasgow, Scotland, today aboard the United States Army transport Barney Kirschbaum. The Navy's escort carrier Sicily is scheduled to arrive in Glasgow Saturday with 69 more jets. The 81 planes will be flown to the American base at Furstenfeldbruck, near Munich.

An official announcement at

Glasgow said the planes and crews are being transferred from the Panama Canal zone as "part of the United States Air Force normal training program under which combat units are rotated to occupied areas to accustom all crews with operations in any part of the world."

Sixteen jet fighters which arrived in Germany two weeks ago are tentatively scheduled to return to the United States August 9, Air Force officials said today. The Shooting Stars, which have engaged in practice maneuvers, will retrace the same North Atlantic route by which they flew here.

Few Accept Soviet Offer

In Berlin, anti-Communists said only about 21,000 of the Western sectors' 2,075,000 inhabitants had accepted the Russian offer to supply food to all Berliners.

The anti-Communists claimed the total, scarcely more than one per cent, represented a smashing victory in the "silent plebiscite" over the Soviet offer.

The Russians had announced their offer July 23. They said they were ready to supply all of Berlin's 3,250,000 people with food and extended a special invitation to western Berliners, supplied by the British and American air forces, to come to the eastern sector for their rations.

AUG 1948

The Russians and their Communist-dominated German Economic Commission asked only that western Berliners register for ration cards in the Soviet sector and be prepared to pay in Soviet-sponsored currency.

The anti-Communist Socialists warned from the start that the Communists would consider any acceptance of their food ration cards as "a vote for communism" in the struggle for political and economic control of Berlin.

Soviet Viewed Rebuffed On Food Offer (D)

Berlin, Aug. 4 (AP)—Anti-Communists today interpreted the mass rejection of Russian offers to feed all Berlin as a political victory over the Communists.

They observed that only about 21,000 of western Berlin's 2,075,000 Soviet-blockaded inhabitants had accepted the Communist food offer, or scarcely more than one per cent.

That figure, they said, included thousands of children and youths under voting age. Thus it was far short of the 179,124 votes the Communists received in the three western sectors in the October, 1946, municipal elections. Even then their party finished a poor third in a field of four with only nineteen per cent of the total Berlin vote.

Would Import Fund

The Russians had announced with great propaganda fanfare July 23 they were ready to supply all Berliners. They especially invited western residents, who were being supplied by the British-American airlift, as a result of the Russian ground blockade.

The Russians and their German Communist economic commission required only that western Berliners register for a ration card in the Soviet sector of the city and be prepared to pay in Soviet-sponsored currency. The Russians claimed the necessary food would be imported from the Soviet Union.

The anti-Communist Socialists warned from the start that the Communists would consider any acceptance of their food ration cards as "a vote for communism" in the struggle for political and economic control of Berlin.

Hope For Compromise

Meanwhile Communists in eastern Germany raced to beat the West today in producing the nation's first postwar constitution. Both groups have set September target dates.

Berliners, meanwhile, voiced hope that this week's Western power talks with Prime Minister Stalin in Moscow would result in an East-West compromise and early lifting of the Berlin deadlock.

There was no official comment in Berlin on the Moscow negotiations, but it is known American and British occupation commanders are being kept advised of developments by Washington and London. General Sir Brian Robertson, British commander, flies to London today for talks at the Foreign Office.

West Is Silent

In the Soviet capital American diplomatic sources maintained silence on the negotiations. The lid also is on tight in Washington, London and Paris.

It is the general belief in Berlin that no final agreements were reached at the Moscow meeting, but that enough of an exchange of views had been made with Stalin to indicate a compromise could be worked out.

It is expected the blockade will be lifted when the four powers agree on a date for a new Big Four meeting, which most observers feel sure will be held.

Race For Constitutions

At the moment, interest centered on the race to produce rival German governments.

The Communist-controlled People's Council, after discussing the draft for a "German democratic republic" yesterday, ordered its constitution committee to complete the document by the middle of September. It will then be laid before the Communist People's Congres for approval.

The constitutional assembly as proposed by the Western powers is tentatively scheduled in western Germany for early September.

The constitution proposed by the People's Council will be drafted along traditional Communist lines, with representation in the two-house parliament not only for political parties but also for mass organizations such as trade unions, women's and youth organizations.

To Include All Germany

The Communist constitution will be drawn up to include all Germany. The Communists insist the People's Council represents all political viewpoints in Germany, although it is not recognized outside the Soviet zone and the Soviet sector of Berlin.

There is only one open political party in the Soviet zone, the Communist-controlled Socialist Unity party.

Russ Report General Clay To Be Moved

Berlin, Aug. 4 (AP)—Russian-controlled newspapers here published on their front pages today a report that Gen. Lucius D. Clay is to be replaced as American Military Governor and commander in chief in Germany. General Clay said the report was baseless.

"I don't know where they get their information. I certainly have no such information," he said.

The Soviet papers claimed to be quoting a Chicago *Tribune* Press Service dispatch from New York saying that Gen. Mark Clark or Lieut. Gen. Albert C. Wedemeyer would succeed Clay.

NEXT

The Russian-licensed press has stated frequently in the past that Clay was to be recalled. American officials have commented that these hints "contained at least a little wishful thinking."

ROYALL DENIES REPORTS CLAY IS TO BE REPLACED

WASHINGTON, Aug. 4—(AP)—Secretary of the Army Royall today denied reports published in Russian-controlled newspapers in Berlin that Gen. Lucius D. Clay is to be replaced as American military governor in Germany.

In seponse to queries, Royall issued this statement:

"The department is not and has not considered replacing General Clay. He is handling a very difficult assignment in an outstanding manner."

Zeppelin Designer Cleared Of Charges

Stuttgart, Germany, Aug. 4 (AP)—An American zone denazification court here cleared Dr. Hugo Eckener, 79-year-old German Zeppelin designer, of Nazi charges yesterday.

The court said his activities as a leader of German industry under the Nazis were "not incriminating under the denazification laws."

Eckener's permanent residence is in Konstanz, in the French zone. He was fined 100,000 marks ($10,000) by a French zone denazification court in January, but he had to go through American zone proceedings in order to hold his position as chairman of a machinery plant in Schwabeische Gmuend.

IRO Takes Over Czechs

Frankfurt, Germany, Aug. 4 (AP). The International Refugee Organization today took over supervision of 4,500 Czechs in ten refugee camps formerly administered by Germans. The Czechs fled their homeland after Communists gained control of the Czechoslovak Government.

To Propose More Nationalization

London, Aug. 4 (AP)—The powerful National Union of Public Employes will propose nationalization of more industries to ensure success of the European Recovery Program in Britain. Belief that the recovery plan must be coupled with more government operation of industry is set forth in a resolution which the union will present to the Trades Union Congress in Margate next month.

Sforza Supports (N) European Union

Rome, Aug. 4 (AP)—Count Carlo Sforza, Italy's Foreign Minister, declared in an interview today that his country is ready to join a union of European nations.

Union is the only cure for Europe's economic and political difficulties and the hope of peace, he said. To bring it about, he added, Italy is ready to "accept curtailment of its political sovereignty, even in the most unexpected aspects," provided others do the same.

Reynaud Urges Unity

[In Paris Paul Reynaud, Finance Minister, also urged a united states of Europe. In a speech prepared for delivery at an Angle-American Press Association luncheon, he said the "structural reform of Europe" was necessary to encourage the United States to continue its aid. He expressed the hope that Great Britain this fall "will join us in this great pacific work."]

European nations "must restrain in their economic life useless competition and divergent efforts" to assure "bread and work and the peace of the man in the street," Sforza said.

This means the renouncing of "customs barriers, financial restrictions and anti-economic distribution of tasks and functions," the 74-year-old statesman continued.

"It is these little and harmful autarchies that bear one single fruit, the misery of Europe."

Senate Urges Union

He said there was but one condition: "That others do the same."

A long-time advocate of unity, Count Sforza had his hand strengthened last week when the Senate, in approving the European Recovery Program accords, urged their early development into effective union.

Only Communists and fellow-traveling Socialists demurred.

The question of national sovereignty has been and is one of the primary stumbling blocks in the way of a united Europe.

Causes Of Misery

"To say that European countries ought to federate," Sforza said, "is to say that they must restrain in their economic life useless competition and divergent efforts.

"It means renouncing progressive areas of sovereignty, customs barriers, financial restrictions, anti-economic distribution of tasks and functions.

"It is these little and harmful autarchies that bear one single fruit: The misery of Europe."

It is necessary, therefore, Sforza argues, "to reopen Europe to the (free) circulation of goods, of labor and of ideas." Italy knows, he continued, that this is the only way to arrive at that economic co-operation "which is the basis and end of the generous assistance lent" through the Marshall plan.

Essential To Peace

Even so, bread and work are not enough. "Peace also is needed," said Sforza. And for that a European federation "must join together to defend, where necessary, peace and our 1,000-year-old civilization."

"The association which binds the countries adhering (to E.R.P.) already is a basis of attraction toward that European unification which alone can assure peace as a defensive military union at Brussels assured it in a more precise field," the Foreign Minister added.

As for the prospect that Italian Communists might sabotage E.R.P., Sforza commented: "Italians are not fools. The more Communists assail it, the better Italians will know which path they must choose for their economic resurrection."

REYNAUD DECLARES FOR U.S. OF EUROPE

AUG 1948

Paris, Aug. 4 (A. P.).—Finance Minister Paul Reynaud said today that he hopes Great Britain will come out this fall in full support of a United States of Europe. Such a reform, he said, would be needed to encourage America to continue her aid to Europe.

In a speech prepared for an Anglo-American Press Association luncheon, Reynaud said: "If, at the European conference at The Hague last May, our English friends were reticent, today we have good reason to hope that after the Dominions Conference in September at London, they will join us in this great pacific work—the structural reform of Europe."

TWO ARMIES JOIN TO SPLIT RANKS OF GREEK REBELS

(D)

L.S. CHANALES

ATHENS, Aug. 4 — (AP) Two Greek columns, advancing from East and West, joined today and cut in two the "Free Greece" of Communist guerrilla chieftain Markos Vafiades.

The junction was made in the neighborhood of Kerassovon and was made possible by the storming of Kleptis Height by two battalions moving in from the South.

Samarina, a former staging point for guerrilla bands moving into Central and Eastern Greece, was captured in the operation.

Previously a general staff spokesman had said a meeting of the two columns would cut off Mount Grammos, the rebel stronghold near the Albanian border, from the Smolikas mountain area to the south, and split the guerrilla forces.

It was considered unlikely, however, that any large number of rebels was caught in the Southern pocket. A military source said he understood the guerrillas had withdrawn to the north to establish a new defense line from Vourbiani to Aetomilitsa, only two miles from the Albanian frontier.

Premier Themistokles Sophoulis intervened today against the military government of Athens which has been delaying Associated Press cables.

The premier summoned the military governor and instructed him to allow all foreign press cables to clear without interference and as quickly as possible. Associated Press cables twice had been ordered stopped after representations by military authorities.

CABLE CENSORSHIP LIFTED IN GREECE

(D)

Athens, Aug. 4 (A. P.).—Premier Themistokles Sophoulis ordered the Athens military governor today to clear all foreign news dispatches promptly and without interference. Associated Press dispatches have been stopped twice by Major-Gen. Ghoulas, on the advice of other military figures.

Lieut.-Gen. Stylianos Kitrilakis, new commander of the Second Army Corps, blocked one last night, which quoted him as warning aganst undue optimism over Greek victories in the Grammos Mountains.

Sophoulis said that the unlimited authority under martial law, and the occasional abuses, were leading him to consider lifting it in Athens. He ordered the military government to remove from the cable office personnel which has been reading outgoing messages. He said that no person except those concerned with transmission would be allowed to read the dispatches.

He empowered Michael Alianos, Press Minister, to make the final decisions on military and civilian matters dealt with in foreign dispatches. Alianos has been an advocate of press freedom, and a foe of censorship.

Associated Press and United Press representatives had called on Sophoulis to protest against "blind censorship." Alianos took part in the discussion.

U.S. TO REJECT SOVIET PLAN FOR DANUBE CONTROL

ARTHUR SINGLETON (N)

B. GRADE, Yugoslavia, Aug. 4.—(AP) The United States was ready tonight to lay before the 11-nation Danubian conference its proposals to unchain the Danube.

The American stand, to be presented tomorrow by U. S. Ambassador Cavendish Cannon, will turn down a Russian plan and call for free navigation of the 1,800-mile international waterway by all nations with no strings attached.

American diplomats said Cannon will tell Russia and Eastern Europe's Communist - dominated countries that the United States will not approve a Danubian pact unless it spells out clearly terms for free navigation.

The Russian plan, presented to the conference today, would place the Danube under exclusive control of the Communist bloc from Austria southward. It would give each of the Communist-dominated countries immediate supervision over ship movements in its own waters.

United States delegates, after analysis of the Soviet proposals, have concluded the plan would serve only to freeze the present status of the river.

Since shortly after the war Russia has closed the river below Linz, Austria, to all non-Soviet shipping. This has tied up about 700 river craft and barges in the American zones of Austria and Germany. The United States would like to use this fleet in moving commerce in the European recovery program.

Cannon probably will demand also a seat for at least one representative from the Western Powers to serve as a watchdog on the commission's activities.

Andrei Vishinsky, Soviet deputy foreign minister who introduced the Soviet plan, emphasized the Eastern bloc intended to run the river without interference from outside westerners.

Russia's neighbors at once began falling in line. First Yugoslavia and then Czechoslovakia took the floor and endorsed the Vishinsky plan.

Vishinsky Bares Soviet Plan To Rule Danube (D)

Belgrade, Aug. 4 (AP)—The Russians presented today their draft plan which would give Communist-ruled states of eastern Europe exclusive control over the Danube.

Deputy Foreign Minister Andrei Y. Vishinsky presented the proposal to the Danube Conference, where the Russian bloc outvotes the United States, Britain and France. O. CARUTHERS

He demanded what he called "protection" of the sovereign rights of the Danubian states over the 1,800-mile waterway, the major one in central Europe. Each participating country would have immediate control of the waters on its own borders.

Eliminates "Privilege"

Vishinsky explained the Soviet draft point by point. He asserted it would do away with the "privileged position" given non-Danubian states by the 1921 Paris Convention for control of the river's shipping.

He asserted the Russian plan would "fully satisfy the requirements of justice, safeguard sovereign rights and withhold unjustified privileges for non-Danubian states."

Slav Backs Move

Ales Bebler, deputy Foreign Minister of Yugoslavia, asked for approval in principle of the Russian draft. He stressed the idea of sovereign rights and said non-Danubian states must not be permitted to infringe on such rights. He asserted it is up to riparian states alone to insure full navigation in the waterway flowing through their territory.

Bebler praised Russian foreign policy which he asserted was based on the sovereign rights of all states. He said Vishinsky's draft reflected this policy.

No matter what convention is adopted under Russia's seven-to-three majority vote, it can only serve to legalize the Communist contention that there must be no foreign interference along the river.

Keynote Of Policy

The word "sovereignty" has been a keynote of Russian policy and the policy of her satellites in most international negotiations since the war. Eastern insistence on sovereignty might well nullify the power of any international commission which might be created to regulate free shipping on central Europe's main waterway.

First hint of this came the opening day of the conference when the Eastern bloc defined its idea of free navigation as "the Danube to Danube countries." In taking that stand, the bloc indicated it felt that Danube shipping could reach other lands only through individual agreements with various Danube countries.

Power To Suggest

The proposed convention which Vishinsky handed to the conference yesterday would give an international commission only the power to suggest the necessity and the means for maintenance of this water highway to the individual "sovereign" Danube nations involved.

Vishinsky and his Eastern followers have already indicated that they will not allow Austria—one of the Danubian states—to participate in the actual forming of a new convention. Austria is present as an observer.

The Russian proposal will not permit Austria to become part of any control commission until she has a peace treaty. Vishinsky has said he hopes to have the new convention in working effect before an Austrian treaty is signed.

"To Strengthen Ties"

The preamble to Vishinsky's draft gives a clear indication of what to expect. It highlights the desire for "providing for free navigation on the Danube in accordance with the interests and sovereign rights of the Danube states and in order to strengthen the economic and cultural relations of the Danube states between themselves and with other nations."

Tito Party Ousts 4 Montenegrins

Belgrade, Yugoslavia, Aug. 4 (AP). Drastic changes were made today in the Government of Montenegro. Vice President Bozho Ljumovic and three Ministers were replaced by men who are affirmed leaders in Premier Marshal Tito's Communist party.

No reason was given in this morning's newspaper announcement of the revisions, but it seemed apparent that Tito's followers are living up to a promise they made at a recent Communist party congress to strengthen the party's ranks in important Government posts.

At the same time, it was announced that the Montenegrin regional conference of Communists would be held October 4 to found the Communist party of Montenegro and to elect the central committee of the new organization.

Had No Party Organization

Heretofore, Montenegro has had no party organization of its own, but has been under the regional direction of the Federal Yugoslav party. Most other republics in the country have their own party organizations. Montenegro is in southern Yugoslavia between the Dalmatian coast and Serbia.

The new Vice President of Montenegro is Andreija Mugosha, a member of the Yugoslav Communist party's central committee. He formerly was vice president of the Montenegrin Praesidium.

Although all the old Government members who were "relieved of their duties" were delegates to the recent Communist party congress in Belgrade, none of them was on the lists of members named to important party posts.

Replaced On Commission

Ljumovic also was head of the powerful Control Commission and was replaced in that job by Savo Brkovic, a member of the Central Communist party's revision committee. Spaso Drakic, another Communist leader, replaced Brkovic.

Trade Minister Vuko Tmusic, Education Minister Niko Pavic and Industry Minister Blazho Borovinic were replaced, respectively, by Col. Nikola Djakonovic, Radomir Komatina and Vlado Bozhovic. The last three are Communist leaders.

Romania Curbs Church Control

AUG 1948

Bucharest, Romania, Aug. 4 (AP). The Romanian Government today barred mother churches abroad from control over their churches in Romania.

All denominations except the independent state-recognized Romanian Greek Orthodox were told in a decree to reorganize and seek renewed state recognition.

The law provides that all church

officials must be Romanian citizens and swear allegiance to the republic. Major church officials must be state-confirmed.

The decree said Roman Catholic, Protestant, Jewish, and Moslem denominations may communicate with similar denominations overseas only through the ministries of Religion and Foreign Affairs.

The Romanian Greek Orthodox mother church may not claim control over like communities in the United States, France Greece, and Yugoslavia, whose bishops have been appointed by the Romanian patriarch.

Diocesan encyclicals and pastoral letters must be submitted to the Ministry of Culture for approval two days before publication.

Relief funds such as Catholic war relief will come under state control. Political parties based on religious beliefs were banned.

The Government said the decree guarantees freedom of worship, provided "it is not against the constitution or security of the state or contrary to public affairs."

The 1947 Statesman's Year Book says the population of Rumania is divided this way on religious affiliation: National Orthodox Church, 69.6 per cent; Greek Catholic, 9.8 per cent; Roman Catholic, 5 per cent; Reformists, 3.3; Jews, 2.2.

ABDULLAH ASKS PEACE STUDY

Arab Nations Should Consider All Proposals, King Says

Cairo, Aug. 4 (AP)—King Abdullah of Trans-Jordan asked today for full and careful consideration of any future proposal for permanent peace in Palestine.

He told a news conference in Amman his "Arab nation does not exclude any possible compromise that secures justice and prevents unnecessary bloodshed.

"We would like that the efforts of Count Bernadotte in the refugee problem be successful, and afterward that any new proposals (for a Palestine settlement) which he will make should not be rejected outright but be fully discussed before they are put in final form," he said.

Sets Arab Precedent

"If there should be any reason for their rejection, such a decision should also be preceded by joint discussion."

The King's carefully chosen words promising consideration of a compromise to end the Holy Land struggle set a precedent among Arab statesmen who, until now, had avoided any public utterance indicating a willingness to compromise.

Observers took his statement to mean Trans-Jordan will insist the Arab League give full consideration to Bernadotte's next peace plan expected in September and avoid a flat rejection such as occurred with Bernadotte's June plan for a partition which would have given the Arab part to Trans-Jordan but would have recognized a Jewish state.

AUG 1948

Refugee Return Problem

The King said the question of returning hundreds of thousands of Arab refugees to Jewish held areas of Palestine "is one of the tests to prove Jewish good faith."

Count Bernadotte, the United Nations mediator, said in Alexandria that he had asked the Security Council to affirm the right of more than 300,000 Arab refugees to return to their homes in Palestine. He said Israeli authorities were "not very favorable" to the idea of the refugees returning because of technical difficulties they said existed during the current truce and because many Arab houses had been damaged or destroyed in the fighting.

In Tel Aviv, Israel intelligence estimated 150 Jews were killed and 120 seriously injured in Cairo riots July 25. The report said hundreds were dragged from streetcars and forced to run a gauntlet of "tough guys who slaughtered them with knives while the police refused to interfere."

British Plane Stand

The Israeli Government said today it had warned Bernadotte that if a British-manned United Nations plane lands at an Israeli airport its crew will be detained. Britain has assigned five small passenger planes with crews to Bernadotte but Israel said it could not agree to allow British personnel to fly over Jewish positions.

In London, Britain ordered an investigation of the transfer of "certain army equipment" to Egypt from her stores at Rafah on the Palestine-Egyptian frontier.

The probe follows a complaint to the United Nations in which Israel said the transfer took place July 29 and constituted a "breach of truce."

A Foreign Office spokesman in London said as far as was known the transaction involved material of "non-military character."

Moshe Shertok, Israeli Foreign Minister, had charged the material included military equipment, especially searchlights.

Compromise Seen In Holy Land

DELUGE

Amman, Trans-Jordan, Aug. 4 (AP)—King Abdullah spoke today of a compromise in Palestine.

He said his "Arab nation does not exclude any possible compromise that secures justice and prevents unnecessary bloodshed."

"We would like that efforts of Count Bernadotte in the refugee problem be successful, and afterwards that any new proposals (for a Palestine settlement) which he will make should not be rejected outright, but be fully discussed before they are put in final form," he told a news conference.

"If there should be any reason for their rejection, such a decision should also be preceded by joint discussion."

Confers With Bernadotte

Count Folke Bernadotte, the United Nations mediator, saw the King here Monday and said later that "as always, he was helpful." Abdullah commands five of the armies arrayed against Israel.

Bernadotte's previous peace plan, which the Arab League rejected, would have annexed the Arab portions of Palestine to Trans-Jordan. The King's reference to the refugee problem concerned the 300,000 to 350,000 Palestine Arabs who have fled their homes.

The King's carefully chosen words promising Arab consideration of a Palestine "compromise," set a precedent among Arab statesmen. Until now, all have avoided any public utterance indicating willingness in that direction.

Await Next Suggestion

His statement suggested Trans-Jordan will insist that the Arab League give full consideration to Bernadotte's next suggestion about Palestine, expected in September.

Abdullah said the question of returning hundreds of thouseands of refugess to Palestine "os one of the tests to prove Jewish good faith."

"It seems the United Nations Security Council has not understood sufficiently the Palestine problem," he added. "They have been following a strange course. We don't wish harm to the Jews, but we don't like it that our country should be taken from us."

Lauds Bernadotte Efforts

The King, in a smiling mood, praised Bernadotte's efforts in the refugee problem.

"I am very pleased and happy to have heard from Count Bernadotte himself that help is coming," he said. "It is a humanitarian duty to feed and clothe these refugees and try to send them back to their homes."

He said Trans-Jordan is spending $8,800 a day to buy bread for Palestine refugees in the Amman district alone. Total costs are running much higher.

He laughed at a question about Jewish claims to Jerusalem, the southern Negeb desert and all of Galilee. He said he hadn't heard about them.

FIRING CONTINUES NEAR JERUSALEM DESPITE UN TRUCE

JERUSALEM, Aug. 4 — (AP) Bursting shells were added today to the constant crackle of rifle fire and grenade and mortar explosions which have persisted in Jerusalem despite the United Nations truce.

The Israeli army said Arab guns shelled the Jewish area of Musrara in the northern quarter and automatic gunfire was directed at a Jewish building opposite Jaffa gate.

The Jews said the Trans-Jordan Arab Legion shelled Jewish positions on Mount Zion, while Egyptian troops opened fire on the settlement of Ramat Reheli, overlooking the site of Rachel's tomb near Bethlehem.

Menachem Beigin, now completely emerged from the Jewish underground, reviewed a parade of his Irgun Zvai Leumi troops in Jerusalem today and praised their efforts in the recent fighting.

Beigin appeared publicly at a mass meeting here for the first time yesterday.

The parade was part of a ceremony in which Beigin dedicated a new flag. Several detachments of women soldiers took part in the parade which included a solemn memorial for 260 Irgun soldiers killed during and before the Palestine war.

ISRAELI GIRL FLIER KILLED

Zahara Levitov, 21, Took Part In Bombing Missions

TEL AVIV, Israel, Aug. 4 (AP)—Zahara Levitov, 21-year-old American-educated girl bomber pilot with the Israeli Air Force, was killed late yesterday in an air crash between Jerusalem and Tel Aviv, Israeli officials announced.

Miss Levitov trained to fly as a hobby at Bakersfield, Calif. She flew several bombing missions for the Israelis against the Arabs in the Palestine fighting. The Air Force refused to list her actual missions or to say whether these included bomber sorties against Arab capitals.

Also killed in the same crash was the co-pilot, Emmanuel Rothschild, 18, of Ramat Gan. His wife is Betty Gordon of Los Angeles, the officials announced.

Typhoid Imperils Arab Refugees

Alexandria, Egypt, Aug. 4 (AP)—United Nations and Red Cross officials took measures today to fight a typhoid epidemic they fear may strike among Arab refugees from the Palestine war.

Sir Rafael Cilento, an Australian who represents the refugee division of the Social Affairs Department of the United Nations, said last night that there was grave danger of such an epidemic. He said the refugees are homeless and eye infection is widespread.

The Red Cross has prepared a large quantity of typhoid vaccine and doctors have inoculated more than 20,000 against the disease in Ramallah. The number of Arab refugees is estimated to be between 250,000 and 350,000.

Holy City Problems Seen

Count Folke Bernadotte, United Nations Palestine mediator, arrived in Alexandria by plane yesterday. A press officer on his staff said Bernadotte's plan to visit Stockholm for a Red Cross conference August 9 was not now certain because of the refugee problem and efforts to demilitarize Jerusalem.

The press officer said both Jewish and Arab leaders had agreed in principle to the demilitarization of the Holy City, but there were many problems. Most soldiers who have been fighting in Jerusalem have their homes there.

The announced Jewish ambition to incorporate Jerusalem into Israel and Arab fears that Irgun Zvai Leumi and Stern dissidents are preparing to attack Arab quarters in the city also were described as obstacles.

Rally Hears Irgun Chief

The spokesman said Bernadotte may hold separate meetings with Arab and Jewish experts in Jerusalem during the next few days.

Menachem Beigin, leader of the former outlawed Jewish group, Irgun Zvai Leumi, addressed a crowd of 5,000 last night in Jerusalem's Zion Square. It was his first public appearance.

Beigin demanded swift action to include Jerusalem in the state of Israel. He urged militarization of Jerusalem and not demilitarization. He contended that Bernadotte represented "not Lake Success but London."

The Irgun leader declared that Jerusalem and not Tel Aviv should be Israel's capital.

A United Nations official said last night that "it may be December before demilitarization (of Jerusalem) is effective, even if negotiations are speeded up."

Cyprus Demand

Lake Success, N.Y., Aug. 4 (AP). Israel formally demanded today that the Security Council act to free 11,000 Jews detained by Britain on the island of Cyprus.

The Israeli Government told the United Nations Britain is misinterpreting the Council's truce resolution of May 29 regarding immigration into Palestine. It asked the Council to make a formal interpretation of the disputed resolution.

India-Pakistan Tension Rising Over Kashmir

New Delhi, India, Aug. 4 (AP)—The fighting over Kashmir appears today to have turned into an open, though undeclared, war between India and Pakistan.

A statement that Pakistan troops are fighting Indian forces in Kashmir was published Saturday in the *Civil and Military Gazette*, of Lahore, Pakistan. Up to now, no one in authority in Pakistan has denied the statement.

More Serious Light

Indians call this acknowledgement of what Indian officials have claimed all along. If true, it means that what could be comfortably looked upon in the past as a struggle by India to clear "raiders" from a state whose ruler has acceded it to India must now be viewed in a much more serious light.

A new feeling of tension is evident among the people here. Newspapers are beginning to voice fear that hostilities in the northern province may spread beyond Kashmir's borders. One paper suggested the possibility of cutting Indian-Pakistan economic ties.

Some observers here suggested that the presence of a United Nations commission in Kashmir had something to do with the so-called "admission" concerning Pakistan troops. These sugested also that it would pave the way for a cease-fire order.

Pakistan Held Preferred

No one seems to know what would happen after that. Both sides have reservations about holding a plebiscite to let the residents of Kashmir determine which dominion they want to join. Travelers from Kashmir say most residents prefer Moslem Pakistan.

Eighty-five per cent of the people there are Moslems. "Free Kashmir" forces moved in soon after partition last year and were almost at the gates of Srinagar, the capital, when the Hindu Maharajah acceded to India.

The Indian Army moved in and pushed the raiders back. India complained to the United Nations and the Security Council sent a commission to mediate. In recent weeks there have been reports of increased fighting, but no definite news as to which side is winning.

French Indo-China News Cut To Communiques

Saigon, French Indo-China, Aug. 4 (AP)—The French general staff notified foreign news agencies today that hereafter its own communications would be the only military news permitted to leave Indo-China.

A general staff spokesman said such communiqués must be transmitted exactly as given.

Gen. Nguyen Van Xuan, Premier of the French-sponsored Cochin-China Cabinet, has protested repeatedly dispaches indicating that "a war is in progress in Indo-China," the spokesman said.

He added that the new ruling was not intended to "hamper the work of correspondents" or as a measure of censorship.

RAF AIDS IN BATTLE AGAINST MALAY REDS (N)

SINGAPORE, Aug. 4 (AP)—Gurkha and Malay troops, aided by low-flying Royal Air Force Spitfires, fought today through heavy Communist insurgent opposition and reached Pulai, eighty miles south of the Siamese border.

Pulai, populated by Chinese, was the original objective of a British column that was engaged with insurgents yesterday. The British communiqué described the action as a "battle"—the first time the word has been used officially in the Malayan Communist revolt. At least one Gurkha and two insurgents were killed.

The Siamese Police Department announced in Bangkok that 300 men armed with modern weapons had been dispatched by special train to the southern province of Singora to reinforce three regiments of police sweeping the area for guerrillas fleeing across the border into Siam from Malaya.

Malayan Rebels In Open Battle With British (D)

Singapore, Aug. 4 (AP)—Malayan Communist insurgents met British forces in open battle today, 80 miles south of the Siamese border.

A British Army communiqué said British forces, under cover of rocket-firing Spitfires, are driving forward against stiff enemy opposition.

First reports did not indicate the scope of the battle. Presumably it was on a small scale. It is believed, however, to be the first time the Communists have stood and fought since the revolt began in June. It was the first time reports from the forward area have used the word battle.

Fired On Column

The communiqué said intrenched Communists opened fire with machine guns and rifles upon a British column which was striking toward Pula, in South Kelantan state, which is a Communist stronghold.

The column was held up by the fire and radioed for RAF help. A later report said the British column—a joint military and police force—has resumed its advance.

At least one Gurkha soldier was reported killed.

"Timetable Reversed"

Malcolm MacDonald, British high commissioner in Southeast Asia, said last night the Communist timetable had called for proclamation of a Communist republic of Malaya yesterday. Instead, he said, the insurgents are "licking their wounds in the jungle."

British military offensives disrupted the timetable, MacDonald said. He said he felt Britain now could hold the initiative and could restore peaceful conditions in a few months.

China To Censor Foreign Films

Shanghai, Aug. 4 (AP)—The Chinese Government has clamped censorship on all film shown in China by foreign diplomatic missions.

The censorship, an American said, is directed at Soviet propaganda, but the United States, French and British Embassies have been notified to submit their motion pictures for censorship before they are shown.

The American Embassy has protested on the grounds that Chinese propaganda and educational film in the United States is not censored.

Chinese Reds Report Coalition Regime Plan

San Francisco, Aug. 4 (AP)—The Communist radio in North China said today Communist leaders and Chinese dissidents in Hong Kong have agreed in principle to meet and set up a "coalition government" in China.

The radio broadcast an exchange of telegrams between Hong Kong factions—which includes political exiles from Government China—and Mao Tse-tung, head of the Communist party in China.

The broadcast said a telegram from the Hong Kong groups had agreed with a Communist May Day proposal for a "peoples' representative assembly to establish a democratic coalition government."

Broke With Chiang

Heading the list of signers, by the Communist account, was Marshal Li Chi-shen, a pioneer Kuomintang party member. He once was Chiang Kai-shek's army chief of staff but later broke with him.

Li was warned by the British in Hong Kong last year to soft-pedal his agitation against Chiang's Government. He said he is no Communist but is willing to work with the Communists in a coalition.

The radio quoted Li and his adherents as saying Chiang was working "hand in glove with American imperialism" and declaring "the usurption of power and selling out of China by the dictator in Nanking is unprecedented in history."

RED LEADER HITS JAP CABINET AS 'FOREIGN PUPPET' (N)

TOKYO, Aug. 4. — (AP) The leader of Japan's Communists charged today Premier Hitoshi Ashida's cabinet "has become a puppet government by foreign capital."

Party Secretary Kyuichi Tokuda addressed a mass meeting of followers in downtown Tokyo. He had just returned from Kyushu where he barely escaped an assassin's home-made bomb while on a speaking tour.

A strong-arm squad of tough-looking Communist Youth Corps members, sporting red arm bands, locked arms and formed a human chain around the speaker's stand while Tokuda spoke.

There was no trouble, however. Two white-painted military police armored cars and several jeeps loaded with military police stood by, just to make sure.

Tokuda declared the hour had struck for "a great counter-offensive" again the Ashida cabinet.

On the platform as he spoke was Kazuyoshi Dobashi, head of the Communist-influenced government Communications Workers Union.

This union is expected to spearhead a challenge to the government Saturday by joining a general strike. The Ashida government, on General MacArthur's suggestion, has banned strikes by government workers.

The union has said it will defy the order and only MacArthur himself can head off the strike

Tokuda also praised Henry Wallace's Progressive party, saying its theories if carried out would unite workers of the world and avert a third world war.

first public appearance since an attempt was made on his life in southern Japan. He was given a cheer by his followers when he shouted: "The Ashida Cabinet has become the puppet government of foreign capital."

Tokuda boosted Henry Wallace's Progressive party platform as a peace movement for the world.

Seated on the platform with Tokudo was Kazuyoshi Dobashi, head of the Communist-influenced left-wing government communications workers, and Katsumi Kimunami, former head of left-wing Congress of Industrial Unions.

Communist party central committeeman Kenji Miyamoto said that if Japanese labor submitted to the Cabinet's no-strike edict, labor would be driven into slavery. The Cabinet banned strikes by Government workers after receiving a letter from General MacArthur saying such strikes should not be permitted.

Korea Forms First Cabinet As Democracy

Seoul, Aug. 4 (AP)—The first democratic Government of Korea completed its Cabinet today. It includes a woman, Louise Yim, unofficial Korean representative to the United Nations, who will be Minister of Commerce.

Seoul Police Chief Chang Taik-sang becomes Foreign Minister; Prime Minister Lee Bum-suk will be Defense Minister; Assemblyman Yoon Tchi-young, Minister of Interior; Philosophy Professor Ahn Ho-sang, Minister of Education; business man Yoon Suk-koo, Minister of Communications, and Labor leader Chun Chin-han, Minister of Social Welfare.

Kim Dong-sung, president of the Korean Pacific Press, will be director of public information for the new Government, set up in this American-occupied southern zone. It is not recognized in Soviet-occupied North Korea, where a separate Communist regime is being created.

Red Organization In Hawaii 'Important', Budenz Says (D)

Honolulu, Aug. 4 (AP)—Louis Budenz, former editor of the *Daily Worker*, who quit the American Communist party in 1945, says the party regarded its Hawaii organization as "important and successful to some measure."

Budenz arrived here last night to testify as an expert witness at an ouster hearing for two schoolteachers accused of being Communist party members. The Hawaii Board of School Commissioners last November suspended the two, Doctor and Mrs. John E. Reinecke, on those grounds. L. ERICKSON

Decision Due Today

The board is to rule today on whether to proceed with a hearing. Counsel for the two suspended teachers argue the board is not qualified to sit in judgment and lacks authority to hear charges involving a penal offense. They also claim the Reineckes' suspension without a hearing last November violated territorial law.

The Reineckes have said they would answer the charges "at the proper time."

If the hearing proceeds today, Budenz is expected to face expert crossexamination.

Richard Gladstein, San Francisco attorney who aided in the defense of Harry Bridges against deportation proceedings, is the Reineckes' counsel.

Budenz said last night that Communists would naturally want a strong organization here "if they could establish it, because of Hawaii's strategic importance to America's defense."

Considered Important

He said he recalled discussions at national party headquarters in New York which showed that party work in Hawaii was regarded as "an important operation."

Asked if it were regarded as "successful in getting done what the Communists wanted done," Budenz replied:

"Yes, the work in Hawaii was regarded as successful in some measure. You must remember it was done under the supervision of the California district" (of the party).

Top Officials Blocked Move to Get Him Fired, Accused Red Spy Says

AUG 1948

N.G. SILVERMASTER KEPT JOB 4 YEARS DESPITE PROTESTS

Tells Probers Ex-Secretary of War Patterson Acted on Currie's Suggestion

DENIES BEING A SPY

Russian-Born Witness, However, Refuses to Answer Communist Question

WASHINGTON, Aug. 4.—(AP)—Nathan Gregory Silvermaster, accused of spying for Soviet Russia, related today that a White House aide and a cabinet officer protected his wartime government job after naval intelligence tried to get him fired.

Silvermaster produced a letter he said was written by Robert P. Patterson, then secretary of war, clearing him after Lauchlin Currie, for years a top White House assistant, had called on Patterson in Silvermaster's behalf.

Denies Being a Spy

The middle-aged Silvermaster, a witness before the House Un-American Activities Committee, flatly refused to say whether he was a communist, but he asserted he never was a spy. He said the Naval intelligence report was an unjustified smear and that he had been cleared after investigation by various agencies, including a chief of the U. S. secret service.

(In New York, Patterson said that to the best of his recollection Currie called him during the war about a case in the Board of Economic Warfare involving a man he thinks was Silvermaster. He ordered an inquiry, he said, and told Currie later that the War department did not object to the man staying in BEW. He added he has every confidence in Currie. Patterson said he never met Silvermaster and only heard of him the one time.)

Currie, in Scarsdale, N. Y., said he recalled "being consulted in 1942 about a security report made by military intelligence on Silvermaster."

He said he referred the case to the War department when "it appeared to involve a matter of military security and a G-2 report."

He said "I never saw nor passed on this particular report" since the "decision rested solely with Undersecretary Patterson, in whose judgment I had every confidence."

Currie Wants to Testify

Currie said "I am still awaiting an opportunity to make my denials under oath of the accusations and innuendos circulated about me."

Testimony that both the Navy and the Civil Service commission had tried unsuccessfully to pry Silvermaster loose from his job with the board of Economic Warfare was given the committee. He stayed on four more years—until 1946.

Louis Russell, a former FBI agent and now a committee investigator, testified that the Civil Service commission looked upon Silvermaster as a communist. And Elizabeth Bentley, who says she was formerly a Soviet agent, repeated her story that Silvermaster furnished information that went to Russia. She said she was a courier for secrets released by many government officials, and that Silvermaster headed a group of employes with whom she dealt.

The Vassar graduate entered the hearing while Silvermaster was testifying and was asked to stand.

"Do you know Elizabeth Bentley?" he was asked.

Refuses to Answer

"I refuse to answer on the grounds that any answer might incriminate me," Silvermaster replied.

This was his stock answer to a rapidfire series of questions including: "Are you now or have you ever been a member of the Communist party?"

He did however deny her charges as "false and fantastic."

The committee is digging into stories that Soviet spy rings honeycombed the government during the war. Tomorrow it will hear Alger Hiss, former State department employe who helped get the United Nations started. Whittaker Chambers, who describes himself as a former communist, testified yesterday that Hiss was a onetime leader in the Red underground in Washington. Hiss has denied it.

On the Senate side, an expenditures subcommittee busy on the same spy stories, tried and failed to learn from Secretary of the Navy John L. Sullivan whether William W. Remington was discharged from his naval reserve commission for security reasons.

Remington, 30, is a Commerce department official named by Miss Bentley as one source of government secrets she gave Russian agents. Remington said he thought she was a newspaper reporter and denied she got anything secret. In the source of his testimony, he has disclosed that he resigned his naval commission by request in 1947.

Cite Truman's Edict

Sullivan was called before the senators after three admirals had refused to talk about Remington's discharge. Chairman Ferguson (R-Mich) told Sullivan that the committee only wanted to know whether security was involved in the case. The senator has charged that Remington was allowed to transfer from one confidential government job to another while the FBI was checking on him.

Sullivan and the admirals referred to President Truman's executive order dealing with loyalty records in declining to go into the case.

Mr. Truman last April told all executive agencies not to disclose secret files bearing on the government's loyalty checks of its employes. He said that this policy is necessary to preserve the confidence of sources of information, to protect personnel against unproved allegations and insure fair disposition of loyalty cases.

Sullivan agreed to take it up with Mr. Truman.

Mundt Is Surprised

Russell, the committee investigator assigned to the Silvermaster case, came in with a thick file which he said was part of a civil service commission file on Silvermaster. He read a 1942 recommendation that Silvermaster "be barred for the duration of the national emergency."

Acting Chairman Mundt (R-SD) broke in.

"After that report was made available to government agencies, he continued in government employment?" Mundt asked.

"Yes sir, until 1946," Russel replied. "There is a statement at the end of the file on that."

"To a country boy in South Dakota," Mundt observed, "that is almost beyond comprehension."

Russell said he learned that as far back as 1920 Silvermaster was regarded as an "underground agent" of the Communist party. Since then, he testified, evidence indicates Silvermaster has been "everything from a fellow traveler to an agent for the OGPU (Russian secret police)."

FBI Lists Him as Red

Files of west coast police, the FBI and others list Silvermaster as a Communist party member, Russell added.

Silvermaster, a man with blond hair and a bristling mustache, told the committee he had worked for the government 12 years in various jobs, including service with the resettlement administration, maritime labor board, farm security administration, board of economic warfare and war assets administration.

He said at the outset that he was born in Odessa, Russia, in 1905, although a prepared statement he read said he was born in 1898. He came to America in 1915 and was naturalized 12 years later, he related.

AUG 1948

Robert E. Stripling, committee chief investigator, asserted that Silvermaster was not taken off the Federal payroll "because he went to the White House and got Mr. Currie to go to Mr. Patterson on his behalf."

Stripling told reporters later that there was no indication that Patterson knew about the Civil Service commission report when he reportedly wrote the letter to Milo Perkins, then head of the Board of Economic Warfare, backing up Silvermaster.

Letter Overrode Objection

Mundt said the letter's effect was to override both the Navy report and the Civil Service objections.

Currie has been named by Miss Bentley as having given the communists "inside information on government policies" including a warning that the United States was on the point of solving a Russian code. She said, however, that Currie was not a communist. Currie has denied all this and said he had never associated in any way with a communist.

Miss Bentley took the witness chair again today after Silvermas-

30.24- 19549

ter had testified. She repeated that the former BEW employe had headed a communist "group" of employes and ran a photographic laboratory in the basement of his home where secret papers were filmed. She said she used his home to collect information and as a meeting place.

TRUMAN'S ORDER BALKS PROBE OF EX-SPY'S CHARGES

WASHINGTON, Aug. 4 (AP)—A Presidential order again balked Congress today as it tried in vain to get hold of the Navy's records on a government employe accused of aiding a Russian spy ring.

The order prohibits federal agencies from letting Congress or the courts have secret papers bearing on the loyalty of federal workers. Congress once talked about passing a law to compel the executive department to release such papers on request of a committee.

Chairman Ferguson (R-Mich) of a Senate Expenditures subcommittee demanded of the Navy whether William W. Remington, a commerce department official, had lost his naval reserve commission last year for security reasons.

Secretary of the Navy Sullivan and three of his admirals fought off a barrage of questions. Sullivan said he couldn't answer such a question under the Truman order.

Sullivan agreed he'd taken up the committee's request with Mr. Truman.

Ferguson also has been trying to get Remington's employment record from the Commerce department and names of persons who recommended his transfer between key government posts. It is his contention that Remington was shifted to his confidential position while the FBI was checking on him.

Remington's name was brought into the committee's investigation of wartime espionage by Elizabeth T. Bentley, who claims to have been a commuist spy. She said Remington, then a War Production Board employe, supplied her with government secrets. He denies it.

The Truman loyalty order as issued in March when the House UN-American Activities committee was trying to get from the Commerce department the files on Dr. Edward U. Condon, director of the National Bureau of Standards.

Mr. Truman said it is necessary to keep the confidence of sources of information, protect employes against unfounded charges, and make sure that loyalty cases are decided fairly.

Spy Ring Story Known By U. S. for Long Time

WASHINGTON, Aug. 4 (AP).—The startling story of the Communist-Russian war-time spy ring inside the government is new only to the public. It has been known a good while to government officials, Congressional committees and the Federal Bureau of Investigation. It is just breaking publicly now.

The F. B. I. has investigated most of the people, maybe all, whose names have been mentioned in testimony before the House Committee on Un-American Activities and a Senate investigating committee. The Un-American Activities Committee has questioned many of those people itself behind closed doors.

A number of those same people mentioned as taking part, knowingly or unknowingly, in the alleged spy ring have appeared before a New York Federal Grand Jury investigating the ring.

So far as the public is concerned, the story began to break only last week, when Miss Elizabeth T. Bentley, self-confessed Soviet spy and former Communist party member, appeared before the Senate committee.

Marshall Finds No Hiss Red Record

Washington, Aug. 4 (A. P.).—Secretary of State Marshall said today that as far as he knows there is nothing in State Department records to show that Alger Hiss ever was suspected of being a Communist.

Marshall made this reply to a news conference question after checking with press officer Michael J. McDermott. Hiss, a former State Department official, has been mentioned in the Communist spy hearings now under way but has denied being implicated.

SUICIDE, 'SPY PROBE LINKED

Note To 'E.T.B.' Found On Golden Gate Bridge

San Francisco, Aug. 4 (AP)—A strange and cryptic suicide note was found early today on the fog-bound walkway of Golden Gate Bridge—a note seemingly linking a woman's death leap to the Washington Communist "spy" quiz.

The note, unsigned, was addressed to "Dear E.T.B.," which highway patrol officers noted were the initials of Elizabeth T. Bentley, admitted ex-Communist courier and star witness in the congressional Communist inquiry.

The note was found with scattered outer clothing bearing labels of expensive Bay area women's shops, and newspaper clippings of Miss Bentley's testimony and of Alger Hiss, native of Baltimore and former State Department official.

May Be A "Hoax"

But tonight the swift-running waters of the Golden Gate had failed to yield a body—not unusual due to the vagaries of the tides.

In Washington, Miss Bentley was unable to recall anyone she might know in San Francisco.

Bridge police had not discarded the idea the entire matter may be a hoax, saying the scattered nature of the clothing might indicate it was thrown from a moving automobile.

If a woman did actually jump—to become the one hundred and first suicide from the bridge—her body might never be found because the tide was running fast into the Pacific.

The note, with its bitter references to "E.T.B." and "sensationalism," was found some 15 feet from a pair of suede pumps, a tired-looking handbag, and worn but once-expensive feminine apparel.

Paragraph Ripped Out

The accompanying note was typed. Authorities described it as the work of a well-educated person.

It was torn at one point. Officers theorized the author had ripped out a paragraph or more of the text as an afterthought.

The note bore no name, only the postscript: "Nobody would care about my name, except maybe Elizabeth."

The note said, in part:

"This little dump on the Pacific is not the best place to sit and contemplate the imponderables. It is drafty, and the janitor feels that June spells the beginning of summer and refuses to turn the heat on until the first of October, and the sun (if there is such a planet) is setting and my life is going out with it.

"You have done very well with it, haven't you, Elizabeth?

"I suppose you intend to go to Hollywood when you are quite through with them and they are quite through with you. That's fine. You and that colony should get along quite well together. You're two of a kind. Sensationalism is part of your very fiber and your beliefs—your secret beliefs, even yet—run parallel.

"Leon spelled it out for us, Elizabeth. He warned us of the turning point and he defined the differences between what it was in the beginning and the 'now.'"

Baby Is Mentioned

At this point the letter was torn. On a remaining piece of paper it continued:

"All right. Before you turn the next page of your diary, you will find the point of it quite gone. And so will I be.

"By the time someone reads this my troubles will be over, thank God. How I have suffered. I didn't want my little baby to suffer what I've been through so I'm taking it with me."

Miss Bentley said in Washington that "to the best of my knowledge I don't know anybody in San Francisco."

"I can't think of any woman with a baby out there that I know," she said.

Hiss's Name Underlined

Nor, she added, did the name "Leon" register with her.

A clipping from a San Francisco newspaper of yesterday related Miss Bentley's testimony in Washington.

Underlined in the clipping was the line: "Hiss now is president of the Carnegie Endowment for International Peace."

Gus Hall Gives Up, 12th Indicted Red

Party Chairman in Ohio Was Sought 2 Weeks

CLEVELAND, Aug. 4 (AP).—Gus Hall, thirty-seven-year-old Ohio chairman of the Communist party in the United States, surrendered to Federal authorities here today to face charges by a New York grand jury that he and eleven others sought to overthrow the United States government.

Hall's surrender completed the roundup of the twelve persons indicted July 20 by a special grand jury which sat for more than a year.

The 240-pound Hall, well suntanned, refused to say where he had been during the last two weeks Federal Bureau of Investigation agents were searching for him.

Assistant United States District Attorney John J. Kane said Hall came to his office this afternoon after first telephoning from the office of attorney Jerome Land.

The F. B. I. took Hall into custody and fingerprinted him. He then was placed under $5,000 bond to appear at 10 a. m. Friday for a hearing. At that time it is expected Federal Judge Robert N. Wilkin will issue an order for his removal to New York.

Of the twelve persons indicted, seven, including the party chairman, William Z. Foster, were taken into custody the day they were indicted and two others surrendered in the next two days.

Reds Aver Clark Abused Authority

New York, Aug. 4 (AP)—Claims by five alleged alien Communists that Attorney General Tom C. Clark "abused his discretion" in denying them bail have been referred to a Federal judge for review.

The court review was ordered yesterday by the United States Circuit Court of Appeals, on the plea of the five accused men who are awaiting deportation proceedings.

One of them is Gerhart Eisler, characterized by a House committee as the No. 1 Communist in this country.

Reverse Decision

The Circuit Court reversed a decision by Federal Judge William Bondy, who had declined to grant writs of habeas corpus calling for the men's release on bail.

Judge Bondy held the action of the Attorney General in denying bail was not reviewable. However, he admitted the defendants to $5,000 bail each pending an appeal from his decision to the Circuit Court.

The Circuit Court directed Judge Bondy to hold a hearing on whether Clark had acted arbitrarily and abused his discretion.

Ewing Demands Public Hearing

Washington, Aug. 4 (AP)—Federal Security Administrator Oscar Ewing tonight demanded a public hearing on an accusation that he had blockad efforts of the Office of Education to combat communism through the schools.

Ewing said he wants to expose "untruths and deliberately misleading statements."

The accusation was made Sunday by John W. Studebaker, former commissioner of education, in a letter to Ewing complaining of censorship applied by Ewing's office to public statements and speeches from the education office.

Ewing Writes Ferguson

Tonight Ewing made public the following letter, dated today, to Senator Ferguson (R., Mich.), head of a Senate investigating committee:

"John W. Studebaker, former commissioner of education, addressed a letter to me dated July 30, 1948, which contained a vicious attack upon me. The letter was not received in my office until Monday, August 2, but Studebaker had already released it to the press the day before.

"I was with my family on leave and the letter only reached me late yesterday evening in Maine. Early today, I took a plane for Washington and arrived here late this afternoon.

"I returned to Washington in the hope that your committee, which I understand is to investigate this matter for the Senate, will promptly grant me a public hearing. I request a public hearing in order that all the press and the American public can know the real facts rather than the untruths and deliberately misleading statements contained in Studebaker's letter."

REFUGEE FLOW TO U.S. 'UNDER' ESTIMATE SET

Fund Shortage Limits Number To 40,000 In 11 Months, Carusi Says

Washington, Aug. 4 (AP)—A shortage of funds will limit to about 40,000 the number of refugees to enter the United States in the next eleven months, Ugo Carusi, newly named displaced persons commissioner, said today.

This is less than half the amount of immigration contemplated for the period under the displaced persons law passed in June. A total of 205,000 was set as the quota for the two years to end June 30, 1950.

Carusi said his conclusion was based on a study of what could be done with the "inadequate" $2,000,000 budget appropriated by Congress to finance the immigration.

$2,000,000 More Needed

"We need at least $2,000,000 more for this fiscal year to get this program going on the scale Congress envisioned when it passed the displaced persons law," Carusi said in an interview.

President Truman already has asked the extra session of Congress to grant this money. He also wants the law changed to eliminate what he calls discrimination against Catholic and Jewish refugees. He proposes, in addition, that the bill be broadened to admit a total of 405,000 persons in the next four years.

Carusi, a former commissioner of immigration, said that even if Congress grants the extra money, 60,000 to 75,000 displaced persons is all that the American Government can hope to bring in the first year.

Delayed By Scarcity Of Funds

This is because the scarcity of funds has prevented the Administration from moving as quickly as it planned to hire personnel needed to start the immigration. A force of 300 to 400 "investigators and selectors" alone would be required overseas to screen the thousands of prospective immigrants, he disclosed.

In addition, a larger number than anticipated must be employed in the commission headquarters to make certain the "complicated system of priorities" specified by Congress is observed.

Carusi said the flow of immigrants could be stepped up enough in the second year to overcome the slow start if Congress provides sufficient funds. If not, he said, it would be necessary to reduce all present estimates.

Greenwich Club Hears Army Aide Predict New U.S.-Soviet Crisis

GREENWICH, Aug. 4—(AP) A high-ranking official of the American occupation in Germany predicted today another crisis in U. S.-Soviet relations in the next three months.

"If we had a lesser man than General Lucius D. Clay in Berlin we would have been at war with Russia today," the official, Fred E. Hartzsch, asserted.

Hartzsch, a former Greenwich banker, is chief of the Property Control and External Assets branch of the U. S. Military government in Germany. Now home for a two-week leave, he gave his views on the tense situation in Berlin in a speech before the Greenwich Rotary club.

Hartzsch told club members to expect the Russians to apply "extreme pressure within three months" in Germany. This would come, he said, as a counter-move to decisions made by American policy-makers to put their plans for Germany into effect immediately instead of awaiting the outcome of negotiations with the Russians.

Asked later by reporters to explain what he meant by "extreme pressure," Hartzsch declined to say whether it would be military or diplomatic.

Seek World Conquest

Hartzsch told the Rotary club his experience in Germany led him to this conclusion:

"I can only believe that the Russians, rather than trying to erect a defensive system of buffer states, or at most trying to achieve dominance in Europe, are trying to achieve a world conquest."

He described American military equipment in Germany as "pitifully inadequate," and added:

"It is my belief that the Russians have many times the number of jet planes in Germany that we do."

Hartzsch made no reference in his Rotary club talk to the current diplomatic negotiations in Moscow in which the American, British and French ambassadors recently called upon Joseph Stalin.

China And U.S. Set Up Rural Economic Unit

Washington, Aug. 4 (AP)—China and the United States agreed tonight to set up a joint five-man commission to better economic conditions in the rural areas of China.

American Ambassador J. Leighton Stuart, signing in Nanking the documents establishing the organization, issued a statement calling it a "milestone of progress toward sound improvement of conditions."

Three Chinese and two American members will be selected to sit on the commission and determine how the $27,500,000 in economic assistance provided by United States Congress shall be spent to help carry out health, education and nutritional projects.

Among the commission's duties will be consulting with the Chinese Government to devise a way to carry out land-reform measures.

Hungarian Minister Calls On President

Washington, Aug. 4 (AP)—Dr. Andor Sik, recently appointed Hungarian minister to the United States, called on President Truman today.

Leaving the White House, Dr. Sik said he was "very glad to find the President and myself have one characteristic in common—we were both born stubborn optimists."

"This is what is very important today," the minister added.

Asserting Hungary and the United States always have been good friends and business partners, Sik said it would be his purpose "to help further develop this friendship and business partnership."

Sik has been attached to the Hungarian legation here since March, 1946, but only recently was advanced to minister.

Canada Lifts Controls On Exports Of Sheep

Washington, Aug. 4 (AP)—The Agriculture Department has been notified that Canada lifted export controls on sheep, lamb, mutton and lamb carcasses today.

The controls, which halted shipment of these items to the United States, had been in effect since 1942 except for a portion of 1944 and 1945. They were designed to help Canada fill meat contracts with Great Britain.

Lifting of the controls is not expected to result in material increases in shipments to this country, because Canada's sheep numbers were said to be down 40 per cent from the 1944 level.

FOREIGN AID BY U. S. COST $18,200,000,000

WASHINGTON, Aug. 4 (AP)—President Truman today sent to Congress a report showing this country furnished $18,200,000,000 in post-war foreign aid up to Jan. 1, 1948.

The report was prepared by the national advisory council on international monetary and financial problems. It shows the gold and dollar assets of other countries dropped from $23,000,000,000 in 1945 to $17,800,000,000 at the end of 1947.

The report covers foreign financial operations prior to the European Recovery Program. It indicates that western European nations taking part in the Marshall Plan lost more than one-fourth of their total reserves between the war's end and the start of that program.

"The consequence of this decline in gold and dollar balances was that most countries of the world in 1948 had inadequate resources in gold and foreign exchange to maintain working balances * * * for their note issues," the council said.

It estimated the total gold and dollar resources of the Marshall Plan countries last year at $7,500,000,000, compared with $10,300,000,000 in July, 1945.

The council was created by the Bretton Woods Agreements Act to advise the Government on foreign lending. Its members are Secretary of Treasury Snyder, chairman; Secretary of State Marshall, Secretary of Commerce Sawyer, Chairman Thomas B. McCabe of the Federal Reserve Board, Chairman William M. Martin Jr., of the Export-Import Bank of Washington, and Economic Cooperation Administrator Paul G. Hoffman.

AIR FORCE SHIFTS OFFICERS

Eight Generals Are Concerned in Reassignment

WASHINGTON, Aug. 4 (AP) — The Air Force announced today the reassignment of eight of its generals.

Maj. Gen. Earle E. Partridge, now director of training in the office of the Deputy Chief of Staff for Operations, will go to Nagoya, Japan.

Maj. Gen. William E. Kepner will be commanding general of the air proving ground command at Valparaiso, Fla. Maj. Gen. Alvin C. Kincaid will be assigned to Guam. Maj. Gen. Leo A. Walton will become deupty director of the personnel council.

Brig. Gen. Carl A. Brandt will become chief of the requirements division in the office of the Deputy Chief of Staff for Operations here. Brig. Gen. William E. Farthing has been named chief of transportation. Brig. Gen. Warren R. Carter is returning to headquarters from Moscow. Brig. Gen. Thomas O. Hardin has been recalled to active duty and named chief of the air reserve division of the civilian components group.

Army Seeks Meat From South America

Chicago, Aug. 4 (A. P.).—The Army Quartermaster market center system said today negotiations are under way for procurement of some 2,500,000 pounds of meat from South American processors.

The Quartermaster's Office here said it was expected that successful South American bidders would be determined today. Meats sought by the Army include boneless beef, lamb and beef liver. It is intended for military personnel in the European command. The Quartermaster's Office said contracts were awarded Monday for 900,000 pounds of dressed turkeys from a South American processor.

FORRESTAL PLANS VISIT TO CANADA

Washington, Aug. 4 (A. P.).—Secretary of Defense Forrestal plans to visit Canada about August 15 at the invitation of the Canadian Minister of National Defense, Brooke Claxton.

The Department of Defense announcement said Forrestal is returning the visit by Claxton to Washington last January. The visit is to be informal. It will provide an opportunity for Forrestal to meet and discuss mutual problems with Canadian Cabinet Ministers and senior defense officers.

Afterward Forrestal and Claxton will go to Ogdensburg, N. Y., to take part in the Ogdensburg bicentennial. Ceremonies will commemorate the meeting here of the late President Franklin D. Roosevelt and Prime Minister Mackenzie King of Canada on August 17, 1940.

At that meeting the Canadian-United States permanent joint board on defense was established.

119 Teachers Sailing For ~~Jobs In Japan~~

Seattle, Aug. 4 (AP)—The Seattle port of embarkation claims the biggest single shipment of top-grade I. Q. from the United States to any foreign country.

"It" adds up to 119 schoolteachers, all bound for Japan to instruct children of army personnel.

They have gathered here from all sections of the country and will board the Army transport Republic tomorrow. Most of the teachers are on leave from jobs in United States schools. All signed for one year abroad, teaching everything from mathematics to modern dancing—the latter because girls in Tokyo were overweight.

BRANNAN WARNS '49 MEAT PRICES WILL BE HIGHER

AUG 1948

WASHINGTON, Aug. 4—(AP)—Secretary of Agriculture Brannan today painted a dreary meat picture for American housewives. He said supplies will be low and prices high until the closing months of 1949.

Meat prices are now at record levels, Brannan told the Senate Banking committee and "are likely to average higher next year than this year."

He warned of further increases in prices through this summer "unless some positive action is taken."

Brannan appeared before the committee to discuss President Truman's anti-inflation program.

Brannan urged that something be done immediately to "bring meat prices under control and to make meat available to all our people."

He said the voluntary conservation legislation passed by Congress last session is not working as far as meat is concerned.

"Efforts to negotiate voluntary agreements were uniformally unsuccessful; it was impossible to negotiate a single effective agreement," he told the committee. "That part of the legislation was unworkable."

Brannan said the committee has before it a bill introduced at the last session by Senator Barkley (D-Ky.), Democratic vice presidential candidate, which could be used as a "starting point" to halt further increases in meat prices.

The measure, he said, would apply mandatory price regulations at the wholesale level and project such prices "with reasonable mark-ups to the retail stage by an intensive public information campaign."

He said the department also has under consideration a ration stamp or "meat money" plan.

Crusade Against Meat Prices Gains As Hog Costs Hit Peak

Chicago, Aug. 4 (AP)—A telephone crusade against high meat prices mounted as hogs hit record price peaks today.

Housewives in scattered parts of the country phoned one another to stay out of butcher shops, but the phone calls did not reach the Chicago livestock market. It was there that the new all-time high hog peak—$31.50 a hundred pounds—was reached.

Hogs provided most of the sad news for consumers. However, meat was not only high, but even the implements to eat it with were going up. Three makers of sterling silver table service boosted flatware prices eight to ten per cent.

Corn Prices At New Low

Some long-distance cheer came from the grain markets. Corn prices sank to a new low for the year as the largest corn crop in history approached maturity. Traders estimated the crop might top 3,500,000,000 bushels.

Corn is the major livestock food, particularly for hogs. Traders said a big crop eventually will mean more hogs and lower pork prices—but not until next year.

The butcher boycott, spread by telephone calls, centered mainly in Texas. It began in Dallas, where the Dallas Federation of Women's Clubs urged housewives to buy no meat from August 9 to August 16. Women in several other Texas cities took up the plaintive cry.

Chain Phone Calls Used

Chain telephone calls also were being used to support the no-meat campaign in Miami, Fla., and Atlanta, Ga. Those who got the calls were supposed to phone five friends at Miami, urging them to join the crusade. A housewife spread the campaign at Atlanta calling her friends and acquaintances and then picking names from the phone book.

In Louisville, Ky., housewives also were reported waging a telephone campaign against high meat prices.

But in the Chicago livestock market, some choice hogs brought the equally choice price of $31.50. It was the third new record high in the last four trading days here. Hogs were higher at South St. Paul, just about the same at East St. Louis and lower in Indianapolis.

In Washington, Charles Brannan, Secretary of Agriculture, told the Senate Banking Committee, "we can expect little relief from the price pressures now current until the closing months of 1949." And in Chicago the Army Quartermaster Market Center said it was going to South America to get meat.

Chickens, Eggs To Stay High

The Agriculture Department added a dour note for consumers who might be thinking of meat substitutes. It said there was no prospect of lower chicken and egg prices before next year. Thanksgiving turkeys will cost more than last year, the department predicted.

Corn was the bright spot in the consumer's picture. Grain experts said mid-Western corn fields resembled a "small-sized forest." Prices for future delivery dropped ¼ to 2¼ cents a bushel on the Chicago Board of Trade. December corn at $1.45 a bushel reached a new low for any corn future since May, 1947.

C. M. Galvin, of James E. Bennett & Co., commission firm, estimated the corn crop at 3,501,000,000 bushels. This would top the 1946 record crop of 3,249,950,000 bushels. It was 172,000,000 bushels more than the Agriculture Department estimated July 10.

Silver Prices Raised

Sterling silver flatware prices were raised by Gorham Company, Towle Manufacturing Company and Reed & Barton. Two companies not raising prices were International Silver Company and R. Wallace & Sons Manufacturing Company.

Industrial companies joining the long list which have raised prices over recent weeks included Eastern Stainless Steel Corporation, which boosted stainless steel sheets and plates prices, and Revere Copper and Brass Company, which raised prices of its copper and brass products.

And, just in case you were thinking of getting away from it all by flying to some distant place, the Ryan Aeronautical Company increased the price of its Navion four-place personal plane from $8,990 to $9,985.

RUSSIAN BLOC BACKS SLAVS IN TRIESTE ROW

Soviet And Ukraine Show No Sign Of Rift In Stand At U.N.

F.W. CARPENTER

Lake Success, N.Y., Aug. 4 (AP)—Despite Cominform attacks on Marshal Tito, Russia and the Ukraine backed Yugoslavia today in a fight with the West over Trieste.

There was not the slightest sign in the United Nations Security Council of the rift in Communist circles caused by the blasts of the Communist Information Bureau against the head of the Yugoslav state.

It was the first clear-cut indication here that the party struggle had not dented the solid Slav front in conflicts with the outside world.

U.S. And Britain Accused

Yugoslavia brought up the Council fight by charging the United States and Britain with violating the Italian peace treaty. Dr. Joza Vilfan, Yugoslav delegate, declared the Western powers were trying to make their zone of the Trieste territory a province of Italy.

Dr. Philip C. Jessup, United States deputy, and Sir Alexander Cadogan, Britain, replied that Yugoslavia had no foundation for the charges.

Dr. Jessup called them "flimsy" and "utterly devoid of substance." He said the United States is proud of its record in Trieste.

France Asks For Report

He and Cadogan said they were surprised that such charges should come from a government which, in administering its zone of the Trieste territory, had paid no heed to international obligations and had not even made a report to the Security Council. They said the British-American administration had made complete reports.

Alexandre Parodi, France, called upon Yugoslavia to submit a report to the Council. That touched off Slav fireworks.

Dmitri Z. Manuilsky, Soviet Ukrainian Foreign Minister, said he was "astounded" at attempts to put the Yugoslav charges aside by all kinds of irrelevant and secondary considerations. He said it would be inappropriate to broaden the case to inquire into the Yugoslav occupation zone.

Malik Joins In

Jakob A. Malik, Soviet Deputy Foreign Minister, backed up Manuilsky and Vilfan. He said the United States and Britain were trying to divert attention from the Yugoslav charges. He said the Council must consider the case speedily.

Vilfan said no report was necessary from Yugoslavia but that the Council could request one if it so desired.

Cadogan asked why the tremendous hurry to speed the case now.

Reason Back Of Charges

There was no definite answer in the council chamber. Outside the meeting, however, a source thoroughly familiar with Communist party politics said that Yugoslavia evidently had brought the case to the United Nations so it could gain Russian support here and tell Yugoslavs that Russia still is behind the Government despite the Communist attacks on Tito.

Vilfan was forced to cancel a vacation in Yugoslavia by his Government's decision to lodge the complaint. He said he expected the case would be long. As the Council adjourned until Tuesday, Cadogan and Jessup made it clear they would give the Council full details on events in the Yugoslav zone even if Yugoslavia does not make a report.

The Big Four foreign ministers in 1946 asked the Security Council to take Trieste under its wing. Because of Russian and Western-power disagreements, the Council has not named a governor for Trieste. The Trieste situation was dormant here for months until Vilfan filed his complaint July 28.

Trieste Dispute Before U.N. Again

AUG 1948 (D)

Lake Success, Aug. 4 (AP)—The Security Council meets today to consider Yugoslav charges that the United States and Britain are plotting to give Trieste to Italy.

Yugoslav Representative Joza Vilxan was scheduled to begin the session with a lengthy attack on the two Western powers. He already has filed a memorandum accusing them of violating the Italian peace treaty in administering the free territory.

Replies Reported Ready

Both the United States and Britain are ready to give preliminary replies, at least, to the Yugoslav charges. Spokesmen for the two delegations indicated they would make strong countercharges, blaming Yugoslavia and the Communists for most of the trouble in Trieste.

The Western powers already have submitted several reports to the Council on difficulties allegedly caused by Communist infiltration and by Yugoslav political agitation. Another report on the Trieste situation is expected in the next day or two.

United States Representative Philip C. Jessup and British Delegate Sir Alexander Cadogan are understood to take the position that the developments in Trieste have made it impossible for the Council to administer the territory

as an international zone.

Based On 1946 Decision

The Trieste case first came before the United Nations as the result of treaty provisions agreed upon by the Council of Foreign Ministers late in 1946. The treaty provided that Trieste would be administered by a governor to be appointed by the Security Council and that the United Nations would guarantee the integrity of the territory.

Last spring during the Italian election campaign, the United States and Britain proposed to Russia that Trieste be given back to Italy. Russia refused. Informed quarters said Jessup probably would direct attention to this situation.

It is generally agreed no change could be made in the status of Trieste without the consent of the big powers who signed the Italian peace treaty.

Y THE ASSOCIATED PRESS

TIGHT SECRECY PREVAILED TODAY IN WASHINGTON, LONDON AND PARIS ABOUT THE POSSIBILITY OF A RAPPROACHEMENT WITH RUSSIA ON THE BASIS OF TALKS MONDAY WITH PRIME MINISTER STALIN.

A MOSCOW DISPATCH INDICATED THE AMBASSADORS OF THE WESTERN POWERS MAY REQUEST ANOTHER CONFERENCE WITH STALIN AND FOREIGN MINISTER MOLOTOV ON THE BASIS OF REACTIONS FROM THEIR CAPITALS. THIS IN TURN MAY LEAD TO AN AGREEMENT FOR A FOUR-POWER TALK ON GERMAN AND OTHER QUESTIONS SPLITTING THE WEST AND EAST IN A COLD WAR.

THE WESTERN POWERS HAVE SPECIFIED REPEATEDLY THERE WILL BE NO TALKS WHILE THE RUSSIANS CONTINUE THEIR BERLIN BLOCKADE.

FOR THE FIRST TIME SINCE THE LAND AND BARGE ROUTES TO BERLIN WERE CLOSED IN JUNE, THE RUSSIANS INDICATED A WILLINGNESS TO COMPROMISE ON THE CURRENCY ISSUE. THEIR COMMUNIST EASTERN ECONOMIC COMMISSION AND THE GERMAN CITY MAGISTRATE PROPOSED TO THE WESTERN POWERS THAT RUSSIAN-SPONSORED MONEY BE USED AS THE ONLY LEGAL TENDER FOR TAXES IN RETURN FOR RUSSIAN PERMISSION FOR WESTERN CURRENCY TO CIRCULATE IN THEIR ZONE.

THE COMMUNISTS IN EASTERN GERMANY STARTED DRAFTING A CONSTITUTION WHICH THEY ASSERTED WOULD INCLUDE ALL GERMANY. THE GERMANS OF THE THREE WESTERN OCCUPATION ZONES WILL ELECT A CONSTITUENT ASSEMBLY NEXT MONTH TO DRAFT A CHARTER FOR WESTERN GERMANY.

THE DISPUTE OVER RIVAL POLICE FORCES IN BERLIN CONTINUED. COMMUNIST POLICE WERE ACCUSED OF MORE KIDNAPINGS. ONLY 21,000 OF THE 2,075,000 GERMANS IN THE WESTERN ZONES OF BERLIN ACCEPTED THE RUSSIAN PROPAGANDA OFFER TO FEED ALL THE CITY.

BERLINERS EXPRESSED THE HOPE THE MOSCOW TALKS WITH STALIN

WOULD LEAD TO A LIFTING OF THE BLOCKADE. THE FEELING WAS GENERAL THERE THAT NO FINAL AGREEMENT WAS REACHED BUT THAT THE EXCHANGE OF VIEWS MAY ALLOW A COMPROMISE. WINTER IS APPROACHING, AND COAL IS DESPERATELY NEEDED, THOUGH PLANES HAVE BEEN ABLE TO TAKE IN ENOUGH FOOD.

RUSSIAN NEWSPAPERS IN BERLIN ASSERTED WITH NO AUTHORITY, AND APPARENTLY NO TRUTH, THAT THE U.S. IS ABOUT TO REPLACE GEN. LUCIUS D.CLAY AS MILITARY GOVERNOR.

FOREIGN MINISTER CARLO SFORZA, OF ITALY, SAID HIS COUNTRY IS READY TO SURRENDER NATIONAL SOVEREIGNTY TO BRING ABOUT A EUROPEAN UNION, IF OTHER NATIONS WILL DO LIKEWISE. YUGOSLAVIA PRESSED CHARGES IN THE UNITED NATIONS THAT THE U.S. AND BRITAIN ARE PLOTTING TO GIVE TRIESTE BACK TO ITALY IN VIOLATION OF THE PEACE TREATY.

RUSSIA SEEMED INTENT TO FORCE THROUGH PLANS AT THE BELGRADE DANUBE CONFERENCE TO CONTINUE THE COMMUNIST MONOPOLY OVER NAVIGATION ON THAT MAJOR WATERWAY OF EASTERN EUROPE.

BRITISH TROOPS FOUGHT MALAYAN COMMUNISTS IN OPEN BATTLE 80 MILES FROM THE SIAM BORDER. A COMMUNIST PLAN TO PROCLAIM A RED REPUBLICC OF MALAYA YESTERDAY WAS THWARTED BY MILITARY REVERSES.

OPEN BUT UNDECLARED WAR WAS WAGED IN THE PRINCELY STATE OF KASHMIR BY THE NEW BRITISH DOMINIONS OF INDIA AND PAKISTAN. BOTH WANT THE STATE, WHOSE RULER HAS ACCEDED TO INDIA.

JEWISH AND ARAB LEADERS WERE REPORTED TO HAVE AGREED IN PRINCIPLE TO DEMILITARIZATION OF JERUSALEM. THE U.N. AND RED CROSS TOOK STEPS TO PREVENT A THREATENED TYPHOID EPIDEMIC AMONG THE 300,000 PALESTINE ARABS FORCED FROM THEIR HOMES.

HE EXPLAINED WHY. AND THE LARGE GROUP OF CORRESPONDENTS, WHO ASSEMBLED IN THE THEATER-LIKE CONFERENCE ROOM AT THE STATE DEPARTMENT, DID NOT ATTEMPT TO PRESS HIM. SO NOTHING WAS SAID ON THE MATTER.

THE SECRETARY WAS VERY GRAVE, HOWEVER.

HIS MANNER REFLECTED NONE OF THAT CHEERFULNESS AND HIGH GOOD HUMOR THAT WAS REPORTED TO HAVE BEEN SHINING IN THE FACES OF THE THREE WESTERN DIPLOMATS WHO RECENTLY SAW PREMIER STALIN. IF ANYTHING, MR. MARSHALL APPEARED TO BE MORE SERIOUS--IN FACT, PREOCCUPIED--THAN HE HAS BEEN ON OTHER OCCASIONS WHEN THE RUSSIAN SITUATION WAS UNDER DISCUSSION WITH CORRESPONDENTS.

THE APPARENT ABSENCE OF OPTIMISM ON THE PART OF THE SECRETARY IF PRETTY GENERALLY EVIDENT THROUGHOUT WASHINGTON.

NEITHER IN DIPLOMATIC NOR MILITARY CIRCLES HAS THERE BEEN ANY MARKED CHANGE OF SENTIMENT, OR ATTITUDE ABOUT THE OUTLOOK, SINCE THE MEETING BETWEEN STALIN AND THE AMERICAN, BRITISH AND FRENCH REPRESENTATIVES. HE SHADINGS OF OPINION HAVE NOT CHANGED.

THAT IS, SOME OFFICIALS BELIEVE WAR CAN AND WILL BE AVOIDED, OTHERS THAT IT CAN BUT THAT THE ODDS ARE SOMEWHAT WEIGHTED AGAINST AVOIDANCE, AND STILL OTHERS WHO FEEL IT IS INEVITABLE.

WHERE THERE IS A CONSIDERABLE DEGREE OF AGREEMENT IS ON THIS POINT: THAT WE MAY, NOW, BE PASSING THROUGH THE PERIOD OF GREATEST DANGER. THE WHOLE ISSUE OF PEACE OR WAR MAY BE IN THE BALANCE.

THIS CONCLUSION IS BASED ON THE VIEW THAT RUSSIA SOONER OR LATER WOULD BE FORCED, BY TIME AND THE RIVER OF EVENTS, TO MAKE A SHARP AND DEFINITE DECISION. THE DECISION WOULD BE WHETHER, IN TERMS OF COMMUNIST OBJECTIVES, THE PRESENT POLICIES CAN BE CONTINUED, OR WHETHER NOTHING LESS THAN DIRECT ACTION COULD ADVANCE THEM.

SINCE LAST SPRING, THE SOVIETS HAVE RECEIVED A SERIES OF SETBACKS.

THEY WERE DEFEATED IN THE ITALIAN ELECTIONS. THEY FAILED TO OBTAIN CONCESSIONS FROM FINLAND. THEY WERE AGAIN REBUFFED IN FRANCE. THEY HAVE SEEN THE BEGINNINGS OF A WESTERN UNION. AND WITHIN THEIR OWN ORBIT, YUGOSLAVIA, A SERIOUS AND REMARKABLE DISSENSION HAS SURFACED.

AS THESE ACTIONS DEVELOPED, POLITICAL EXPERTS IN WASHINGTON BEGAN TO EXPECT A MOMENT OF DECISION. THEY BEGAN ASKING WHETHER THE SOVIETS COULD AFFORD TO PERMIT THIS PATTERN OF EVENTS TO CONTINUE. OR WOULD SOME NEW LINE BE NECESSARY?

MEANWHILE, IT IS AN ELECTION YEAR IN THE UNITED STATES.

THE POSSIBLE EFFECT OF THE COMING CAMPAIGNS ON AMERICAN INTERNAL UNITY CERTAINLY IS UNDER CLOSEST STUDY IN THE KREMLIN THESE DAYS. IN THE PAST, OTHER NATIONS HAVE MISJUDGED THE INTERNAL TURMOIL THAT BESETS AMERICA DURING A PRESIDENTIAL FIGHT.

THEY FOUND THAT THE FAMILY SQUABBLE COULD END QUICKLY, AND THE RANKS WOULD CLOSE AT ONCE, IN THE FACE OF A THREAT FROM OUTSIDE.

ABWX

BUT THIS YEAR, A NEW ELEMENT--THE WALLACE PROGRESSIVES--HAS ENTERED THE EQUATION. IT MAY VERY WELL ASSIST THE RUSSIANS IN MAKING THAT SAME MISJUDGMENT.

THE RUSSIANS COULD VERY EASILY OVERESTIMATE THE IMPORTANCE, ON THE AMERICAN SCENE AS A WHOLE, OF THE SHIBE PARK RALLY, IN PHILADELPHIA SEVERAL WEEKS AGO.

THERE, "WALL STREET IMPERIALISTS," AND "WAR MONGERS" WERE ATTACKED. IT WAS STATED, FLATLY, THAT "WE SHOULD GET OUT OF BERLIN." AND THE GOVERNMENT WAS ASSAILED FOR SPENDING MONEY ON RE-ARMAMENT AND THE MARSHALL PLAN.

THESE THINGS WERE SAID BY AMERICANS. MORE THAN 30,000 OTHER AMERICANS ROARED OUT APPLAUSE--AND EVEN DANCED WITH JOY ON THE FIELD--AT THE HEARING OF THEM.

A FOREIGN OBSERVER, ESPECIALLY IF HE WERE PRESENT TO FEEL THE TEMPER OF THE CROWD, MIGHT VERY WELL CONCLUDE THAT COMPLETE AMERICAN UNITY HAD CEASED TO EXIST. IF HE WERE A RUSSIAN OBSERVER AND HEARD AMERICAN FOREIGN POLICY COMPARED, UNFAVORABLY, TO RUSSIAN FOREIGN POLICY, THE INDUCEMENT COULD BE EVEN GREATER.

FOR THESE REASONS, WASHINGTON OFFICIAL CIRCLES ARE HOPEFUL, BUT NOT BRIMMING WITH OPTIMISM, ABOUT THE MOSCOW TALKS.

BY MAX HARRELSON

LAKE SUCCESS, AUG. 4-(AP)-MARSHAL TITO'S YUGOSLAV GOVERNMENT WON SOVIET SUPPORT TODAY IN ITS FIGHT WITH THE WESTERN POWERS OVER TRIESTE.

THE DEBATE IN THE SECURITY COUNCIL WAS THE FIRST TEST OF THE UNITY OF THE SOVIET BLOC IN THE UNITED NATIONS SINCE THE COMINFORM BEGAN ITS RECENT ATTACKS ON TITO.

SOVIET DEPUTY FOREIGN MINISTER JAKOB A.MALIK, THIS MONTH'S COUNCIL PRESIDENT, CHARGED THE UNITED STATES AND BRITAIN WERE TRYING TO DIVERT ATTENTION FROM YUGOSLAVIA'S COMPLAINT THAT THEY ARE VIOLATING THE ITALIAN PEACE TREATY.

DMITRI Z. MANUILSKY, FOREIGN MINISTER OF THE SOVIET UKRAINE, PROTESTED VIGOROUSLY AGAINST WHAT HE CALLED EFFORTS TO OBSCURE THE YUGOSLAV COMPLAINT IN IRRELEVANT COUNTER-COMPLAINTS. HE OBJECTED PARTICULARLY TO DEMANDS THAT YUGOSLAVIA REPORT TO THE COUNCIL ON THE ADMINISTRATION OF THE YUGOSLAV ZONE OF THE FREE TERRITORY.

"IT WOULD BE INCORRECT AND INAPPROPRIATE," MANUILSKY SAID, "TO BROADEN THE CASE TO INQUIRE INTO WHAT HAS BEEN TAKING PLACE IN THE YUGOSLAV ZONE.

YUGOSLAVIA OPENED THE DEBATE WITH A CHARGE THAT THE WESTERN POWERS, IN EFFECT, HAD ALREADY INCORPORATED THE BRITISH-AMERICAN ZONE OF TRIESTE INTO ITALY BY FINANCIAL AND ECONOMIC AGREEMENTS.

BRITAIN DEMANDED THAT THE DEBATE BE CONTINUED THIS AFTERNOON. MALIK, HOWEVER, ADJOURNED THE DISCUSSIONS UNTIL NEXT TUESDAY (10 A.M. EST) DESPITE HIS OWN INSISTENCE THAT THE

DR. JOZA VILFAN, THE YUGOSLAV REPRESENTATIVE, TOLD THE UNITED NATIONS SECURITY COUNCIL THE UNITED STATES AND BRITAIN ARE OPENLY VIOLATING THE ITALIAN PEACE TREATY IN AN EFFORT TO "BOLSTER THE REACTIONARY FORCES OF ITALY."

"THE ONLY DISTINCTION BETWEEN THE ANGLO-AMERICAN ZONE OF THE FREE TERRITORY OF TRIESTE AND THE REPUBLIC OF ITALY," VILFAN SAID, "IS THE OPEN OCCUPATION BY THE ANGLO-AMERICAN TROOPS."

VILFAN CALLED ON THE COUNCIL TO ACT QUICKLY TO PREVENT AN ALLEGED BRITISH-AMERICAN PLOT TO TURN OVER ALL OF TRIESTE TO ITALY.

U.S. DELEGATE PHILIP C.JESSUP REPLIED WITH A CHARGE THAT THE WHOLE YUGOSLAV ATTACK WAS DESIGNED FOR PROPAGANDA PURPOSES.

JESSUP SAID THE CHARGES WERE COMPLETEY WITHOUT FOUNDATION.

THE COUNCIL, HE ADDED, HAD BEEN FULLY INFORMED ON THE ADMINISTRATION OF THE WESTERN POWER ZONE, WHILE YUGOSLAVIA HAS KEPT ITS OPERATIONS IN THE YUGOSLAV ZONE SHROUDED IN SECRECY. HE SUGGESTED THAT THE COUNCIL MAY DESIRE TO INQUIRE INTO WHAT IS HAPPENING IN THE YUGOSLAV ZONE.

THE BRITISH DELEGATE, SIR ALEXANDER CADOGAN, SUPPORTED JESSUP'S DECLARATION.

CADOGAN SAID THE FACT YUGOSLAVIA HAD MADE NO REPORTS "DOES NOT MEAN WE ARE NOT AWARE OF WHAT IS GOING ON IN THE YUGOSLAV ZONE--FAR FROM IT."

"LATER," HE SAID, "I MAY HAVE OCCASION TO REFER TO SOME OF THE MORE UNPLEASANT FEATURES OF WHAT HAS BEEN GOING ON."

FRENCH DELEGATE ALEXANDRE PARODI SAID THE COUNCIL NEEDS INFORMATION ON TRIESTE AS A WHOLE. HE SUGGESTED THAT DISCUSSIONS BE POSTPONED UNTIL YUGOSLAVIA GIVES A DETAILED REPORT ON THE ADMINISTRATION OF THE YUGOSLAV ZONE.

VILFAN DEMANDED THAT THE COUNCIL GO AHEAD NOW WITH DISCUSSION OF YUGOSLAVIA'S COMPLAINT. HE SAID THE ONLY REASON YUGOSLAVIA HAD NOT SUBMITTED A REPORT WAS THAT IT HAD NOT EXPECTED A LONG MILITARY OCCUPATION.

YUGOSLAVIA, HE SAID, HAD EXPECTED TO MAKE A FINAL REPORT WHEN THE COUNCIL NOMINATED A GOVERNOR FOR THE FREE TERRITORY.

WEST GERMAN PLAN STANDS

Briton Reaffirms Intention To Create Government

A-GAVRON

London, Aug. 5 (AP)—A British Foreign Office spokesman reaffirmed today the Western powers' intention to go ahead quickly with plans for a West German government this fall.

His statement came amid mounting speculation in well-informed quarters that the Russians have set deferment of these plans as their price for a settlement in Berlin and the holding of a new four-power conference on ending the East-West cold war in Europe.

Several British newspapers reported that Stalin had told Western envoys those were his terms in talks last Monday night. At that time he received Walter B. Smith, United States Ambassador; Yves Chataigneau, French Ambassador, and Frank Roberts the British special envoy.

Spaak And Bevin To Confer

This speculation was heightened today when it was learned that Belgium's Premier, Paul-Henri Spaak, is coming to London tomorrow and will confer with Ernest Bevin, British Foreign Secretary.

Belgium, Britain, the United States, France, Netherlands and Luxembourg agreed several months ago to establish a west German government.

His impending arrival here caused the suggestion to be raised that the six-power agreement is a focal point in the talks now proceeding in Moscow.

A delay in forming the West German government would complicate plans for incorporating Germany into the European Recovery effort.

"Nothing To Add"

The Foreign Office spokesman said that he had "nothing to add" to the statement last week that the agreement is being "swiftly implemented." The statement at that time added, however, that the plans "will doubtless be reconsidered if a new situation arises."

His statement today was taken to mean that so far Russia has not yet offered anything which the Western powers feel they could accept in exchange for deferment of their plans.

Before the Moscow talks began, British officials had anticipated that Russia was almost certain to demand cold storage of the plans for a West German government as a prict for lifting the Berlin blockade.

The London *Evening Standard*, reporting that Stalin did make such a demand, quoted "some diplomats" here as predicting that the Western powers will accept it in return for a lifting of the blockade.

Share In Ruhr Involved

Repeatedly, British leaders have declared that lifting of the blockade is a condition for the opening of a four-power conference on ending East-West differences in Europe.

Russia already has showed that at such a conference she would demand a share in the future international control of the Ruhr.

Officials said they expect it will be early next week before the Moscow talks have gotten far enough to discover whether such a conference is likely to develop.

India 'Not Using' British Officers

London, Aug. 5 (AP)—British Army officers with the Indian forces are not being used in the Kashmir fighting, Krishna Menon, Indian high commissioner, said today.

Menon stressed that the dominion is under "no legal obligation not to use them," but has refrained. The commissioner said the officers, on one-year to three-year contracts, are mostly technicians.

Menon also denied that the Indian Government is blockading the central peninsula state of Hyderabad in an effort to solve the India-Hyderabad dispute over accession by stopping the entry of food, salt and chlorine into the land-locked area.

Can Move Freely

These commodities can move freely into Hyderabad subject to present Indian transport and supply difficulties, he said.

Menon declared "there is no question of compulsion" in India's quarrel with the nizam of Hyderabad over whether the state should be independent or accede to India. The majority of Hyderabadis are Hindus but the Government is predominantly Moslem.

"Our desire is to avoid violence, but that does not mean that in the future the Indian Government could not do one thing or another," Menon said.

Gun-Running Charged

He charged that armaments are being flown illegally from Pakistan airdromes over India into Hyderabad.

"A neighboring territory is being used as a base for hostile acts," he declared, expressing regret that "gun-running should be condoned."

Purge Of Communists In Britain Goes Slowly

London, Aug. 5 (AP)—Civil service trade union leaders said today fewer than 40 individuals have been investigated in the Government's purge of Communists and Fascists from British civil service.

They said the purge was moving slowly and some believed it had spent its force.

Prime Minister Attlee told Commons last March that the Government intended to weed out Communists and Fascists from Government departments handling state or security secrets.

Willie Gallacher, Communist member of Parliament, charged the purge was "instigated by American multi-millionaires."

Attlee replied that the possibility of war justified the purge of Communists from security posts. Attlee said Communists "do not accept the obligations of loyalty and of ordinary moral dealings which enable us to deal with one another in daily business."

Accord Hinted as Reds Relax Money Blockade (U)

BERLIN, Aug. 5—(AP) The Russians relaxed their financial blockade of Berlin today as this crisis-ridden city watched for results of four-power diplomatic maneuvering in Moscow. C. BRIA

The action indicated the Russians may be willing to work out a compromise of the east-west currency dispute here. Soviet authorities have given the money conflict as a reason for their imposition of the land blockade on the city.

Meanwhile, the first open break in Berlin Communist ranks over the blockade was reported during the day. A stormy meeting of the youth section of the Communist-controlled Socialist Unity Party (SED) in the American sector condemned the blockade as a "crime against humanity."

The meeting adopted a resolution which said German communists who condoned the blockade are "a criminal group who must be branded as a foreign legion." Only two voices opposed the resolution after several persons had left the meeting hall in protest. Communists walked out when a similar resolution was adopted by the Berlin city council last week.

These developments coincided with reports from Moscow that a second meeting of British, American and French diplomats with Soviet Prime Minister Stalin may be in the offing. INSERT

New Roadblocks Placed

There has been no relaxation of the blockade. Instead the Russians placed new road blocks near Lueneberg on the border between the Soviet and British occupation zones.

Meanwhile, German press dispatches reported economic difficulties in the Russian zone including industrial shortages and hunger demonstrations. The accounts attributed some of those troubles to a boomeranging of the Berlin blockade. INSERT

The American-licensed newspaper *Tagesspiegel* claimed many accidents "had occurred in recent weeks in power stations of the Russian zone" because the blockade has prevented the delivery of boiler repair parts from western Germany. Forty-nine workers were killed in two such accidents, the newspaper said. INSERT

For the third straight day Soviet-controlled newspapers refrained from making attacks on the western allies. Since it became known that western diplomats have conferred with Stalin, Russian-directed papers here have confined their editorials mostly to claims of increased industrial production in the Soviet zone.

The newspapers' attitude appeared to confirm the pattern of optimism also shown by unofficial Western sources that the current Moscow talks would result in a new Big Four conference and the lifting of the Berlin blockade.

Transport officials disclosed 26 barges had been loaded at Hamburg with 4,000 tons of coal ready to move as soon as a break comes. Plans also are ready for shooting supply trains to Berlin.

While the blockade remains, there is no slackening in the American-British airlift. The Royal Air Force piled up a new record, making 308 flights with an estimated 1,500 tons of food and fuel. The United States Air Force also carried a record haul bringing in 2,043 tons of supplies in 311 flights during the 24-hour period ending at 2 P.M.

Unless the blockade is lifted no trains from the American zone will be permitted to enter the Soviet zone to visit the Leipzig Fair August 29-September 5, a United States transport official predicted. The fair is the biggest trade exhibition in the Soviet zone, and is officially labeled as the "show window" of the zone's progress.

Demand City Vote In Fall

German non-Communists demanded that the Russians live up to their pledges and give them a chance to vote in a Berlin city election this fall. They charged the Russians are trying to delay the election to save the German Communists from defeat.

Socialists asked that an election be held in the American, British and French sectors at least if the Russians block city-wide balloting in October. An American spokesman said "very serious consideration" is being given to such a western Berlin election if the Russians should prevent a vote in their sector of the city.

SOVIET EASES BLOCKADE OF BERLIN FUNDS

CITY TO USE FROZEN MONEY

Briton Calls Plan for Paying Municipal and Business Workers Satisfactory.

Berlin, Aug. 5 (A. P.).—The Russians today relaxed their financial blockade of Berlin.

The Soviet action came on the third day after Western envoys had talked in the Kremlin with Premier Stalin. It indicated that the Russians might be willing to compromise on the East-West currency war, which the Russians assigned as a reason for imposing a land blockade on the city.

Charles Giffard, British finance officer, told a news conference that the anti-Communist city government of Berlin had reached an arrangement for the release of enough funds from blocked Russian mark accounts to meet its week end payments. Giffard said a similar arrangement was reached for Western Sector firms, which have been in a position of not being able to meet salaries and other debts because of the Russian squeeze on money.

New Road Blocks Set Up.

The Russians placed new road blocks near Lueneberg on the border between the Soviet and British zones.

Giffard said that as far as he knew, no strings were attached to the Russian release of funds.

The city government immediately drew 25,000,000 Russian sponsored Eastern marks from its 350,000,000-mark fund. A British financial expert said he understood that withdrawals could be made at limited rates under the agreement.

Offers Explanation.

"The present arrangement appears satisfactory to the Western Allies," Giffard said.

Asked why the Russians should suddenly swerve from their apparent aim of achieving a financial monopoly in Berlin, he replied:

"They apparently did not want to bring things to a head in Berlin while negotiations were going on elsewhere (in Moscow). The Russians appear to have agreed to the arrangement in order to permit the life of Berlin to go on for the time being." INSERT

AUG 1948

AUG 1948

A dispatch from Hamburg, reporting this development, said small roads crossing the border in the area are being closed. The Russians are digging ditches through the roads and felling trees across them, the police said.

The Russians said 43 trains would be made available for exhibitors and buyers from western Germany at the Leipzig Fair in their zone late this month. A United States transport official predicted no train would be permitted to leave the American zone for the fair unless the Berlin blockade is lifted. Train traffic to and from the Russian zone was cut off last month in retaliation for the Berlin blockade.

The United States and Britain stepped up their airlift yesterday.

Airlift Increased

The Americans smashed their own record again yesterday, carrying in 2,104 tons of supplies in 303 flights, United States Air Force headquarters said. The R.A.F. made 242 flights in the same 24-hour period, carrying an estimated 1,000 tons.

American Air Force officials in Berlin announced plans for speeding up their supply shuttle still further. They said hereafter planes will depart on cargo runs every three minutes, weather permitting, instead of at the present four-minute interval.

Eleven Skymasters

Eleven new C-54 Skymasters capable of carrying 7½ tons arrived at the Rhein-Main Airfield at Frankfurt yesterday. The Skymasters have replaced all the smaller C-47 transports at the field. The C-47's still are operating from Weisbaden, the American supply base for Berlin.

United States transport officers estimated freight trains used to bring in an average of 9,000 to 10,000 tons of supplies daily to Berlin. About three fourths of the load was coal.

British authorities charged last night that the Russians constantly violated "all the agreed rules of flight" during July by not notifying the four-power Berlin Air Safety Center of the departure of Russian planes from Berlin.

The British said records for July showed that 149 Russian planes arrived in Berlin, but only three were reported to have left the city. The British quoted the Russians as saying they did not consider it necessary to report departures because most of them took place at night.

Jets Reach Glasgow

Twelve American jet fighters bound for Germany, arrived at Glasgow, Scotland, yesterday aboard the United States army transport Barney Kirschbaum. The Navy's escort carrier Sicily is scheduled to arrive at Glasgow Saturday with 69 more jets. The 81 craft will be flown to the American base at Furstenfeldbruck, near Munich.

An official announcement at Glasgow said the planes and crews are being transferred from the Panama Canal Zone as "part of the United States Air Force normal training program under which combat units are rotated to occupied areas to accustom all crews with operations in any part of the world."

Sixteen jets which arrived in Germany two weeks ago are tentatively scheduled to return to the United States, August 9, Air Force officials said.

Red-Led Youth Party In Berlin Hits Blockade

Berlin, Aug. 5 (AP)—A youth section of the Communist-controlled Socialist Unity party condemned the Russian blockade of western Berlin today as "a crime against humanity."

This was the first open break in Communist-led ranks here over the blockade. It came in a stormy session in the American-occupied borough of Tempelhof. The resolution was passed with only two opposing votes after several left the meeting in protest. It condemned German Communists who condoned the Soviet blockade as "a criminal group who must be branded as a foreign legion."

The Socialist Unity party is a fusion of Socialists and Communists who are dominant in the Soviet zone.

Russ Free 3 GI's After 3 Days

Berlin, Aug. 5 (AP)—The United States Provost Marshal's office announced today the Russians have released three GI's they held for three days. The Americans were arrested when they entered the Soviet zone by mistake.

United States authorities also are negotiating with the Russians for the release of Rene K. Oshana, 36, of Chicago, believed to have been picked up by Soviet authorities Tuesday. Oshana is assistant supervisor for an army education center here.

The three United States soldiers were nabbed by the Russians at 3 A.M. Monday, when a German police car in which they were returning to their barracks made a wrong turn and encountered a Russian traffic-control barrier.

Taken Into Custody

The soldiers said the Russians took them into custody. The German police also were believed to have been arrested and their car confiscated.

Since the split in Berlin's police force between East and West factions, Soviet-controlled police have been arresting any police who pledge loyalty to the Western headquarters.

The three soldiers were: Sergt. Joseph A. Vincitorio, 19, of Waterbury, Conn.; Pfc. Jason E. Ambrose, 25, of Spreckelsville, Maui, Hawaii, and Pfc. Henry J. Belliveau, 21, of North Tarrytown, N.Y.

Ambrose said the Russians held the trio overnight at a local command post "where we were given black bread, potato soup and fish heads to eat."

Routine Questioning

Then they were taken to the Soviet central Kommandatura for further confinement until their release was arranged. Ambrose said the Russians subjected them to routine questions to establish their identity.

Oshana left McNair barracks in a jeep for Tempelhof Airdrome Tuesday to meet a friend. The latter said Oshana never reached the airdrome. Officials surmised he may have taken a wrong turn and wandered into the surrounding Soviet zone.

United States authorities said the Russians had disclaimed any knowledge of Oshana. The Americans added "this is the usual first answer the Russians give until information comes up from the lower command post."

BRUENING IS IN GERMANY

Ex-Chancellor Reaches Muenster on Visit to His Sister

HAMBURG, Germany, Aug. 5 (AP)—Dr. Heinrich Bruening, Chancellor of Germany from 1930 to 1932, has slipped back almost unnoticed into his native land.

He arrived in his home city of Muenster last night from the Netherlands.

City officials said the former Chancellor, who went to the United States in 1935 and who has been a professor at Harvard University since 1937, is visiting his sister.

Dr. Bruening declined to give any interviews, saying that his visit was strictly personal.

There have been unconfirmed reports mentioning Dr. Breuning as a possible leader in the new government of Western Germany now being set up by German leaders under the guidance of the American, British and French occupation authorities.

Muenster city officials said that since Dr. Bruening was a freeman of the city he would be tendered an official reception but that it would be held in private, with neither press nor public present.

A British officer at Muenster said Dr. Breuning had refused to attend an official reception offered by the city. The officer said: "His visit is purely private, and has been sponsored on compassionate grounds because his sister is ill. There will be no press interviews or official functions.

Dr. Breuning preceded Franz von Papen as German Chancellor. Papen was followed briefly by Kurt von Schleicher, and then came Adolf Hitler.

STEEL PRODUCTION UP IN WESTERN GERMANY

FRANKFURT, Germany, Aug. 5 (AP) Steel production in western Germany hit a new high in July, it was announced tonight.

Steel firms in the U. S. and British area boosted ingot steel production during the month to 457,623 tons—79,875 tons more than the previous record set in June.

Officials termed the output "remarkable" and attributed it to better coal deliveries from the Ruhr mines and the opening of new blast furnaces.

Deadline For German Allocations Is Fixed

Frankfurt, Germany, Aug. 5 (AP). Anglo-American authorities told German leaders today to pass legislation for allocation of materials to German industry within 30 days or the two military governments would do it themselves.

A letter from bizonal officials to the German Economic Council said the "exigencies of the situation are so grave the military governments cannot take the risk of irreparable damages to the German economy" that would result if the legislation is not passed.

On June 9 bizonal officials asked the Council to establish industry groups which would survey raw material needs of various industries and recommended allocations to eliminate the present scramble of individual plants for supplies.

Three Russians Attack Family In U.S. Zone

Stuttgart, Germany, Aug. 5 (AP)—Three Russians crossed into the American zone, wrecked a German household and attempted to rape one of the women, the United States constabulary reported tonight.

Five shots were fired during the disturbance and two Germans were struck over the head with rifles, the announcement said. Most of the furniture was wrecked.

Constabulary headquarters said the incident occurred at Welitsch, 300 yards inside the American zone, yesterday.

15 Czech Generals Flee Since Communist Coupe

Frankfurt, Germany, Aug. 5 (AP). Fifteen Czechoslovakian army and air force generals have fled into Germany since the Communist coup last February in their homeland, it was revealed tonight.

Czech refugee officials said the latest general to arrive was Miroslav Naumann, wartime commanding general of Czech troops in Britain.

The Czech officials said he was in "disfavor" with Czech Communists because of his wartime activities. He quit his post and escaped across the frontier into Germany last week, the officials said.

44 Killed In German Blast

Frankfurt, Germany, Aug. 5 (AP). Forty-four men in a Russian-zone power plant were killed in a coal-dust explosion, the newspaper *Frankfurter Neue Presse* said tonight. In a dispatch from Leipzig, the paper said a lack of repair equipment that normally is shipped in from the western zones led to the explosion in Troeglitz.

U.N. TO STUDY COCA HABIT

Experts to Investigate Chewing of Narcotic Plant in Peru

GENEVA, Aug. 5 (AP)—A United Nations commission of experts will investigate coca-leaf chewing in Peru under the terms of a resolution approved today by the Social Committee of the Economic and Social Council.

The resolution urged the sending of a commission to Peru "to investigate the effects of the chewing of coca leaf and the possibilities of limiting its production and controlling its distribution."

The vote in committee was 15 to 0, with Russia and White Russia abstaining. The two Communist nations abstained in protest against the deletion of a clause that would have authorized the commission to conduct its investigation not only in Peru, but also "in any other country which may request it."

At a meeting of the Social Committee in Lake Success last February, Juvenal Monge of Peru told delegates that his country had requested a United Nations study of the effects of coca-leaf chewing.

Norwegian King Inspects Army Camps

Oslo, Norway, Aug. 5 (AP)—King Haakon inspected military camps around Oslo today in connection with mobilization maneuvers.

The program is the most extensive undertaken by Norwegian armed forces since World War I. Regular troops will take part in an alarm practice which will include mobilization of the home guards. Civilian emergency preparations will be tested. During the week end air-raid sirens will be sounded in Oslo for a mobilization drill.

GREEK REBELS LOSING POSTS

Defense Collapses As Army Pushes Attack (N)

L.S. CHARALES

Athens, Aug. 5 (AP)—Defense positions of Markos Vafiades's Communist rebels, collapsed one after another today under the impetus of a heavy 48-hour Government attack.

Tonight the guerrillas were reported holding but four villages of any size in the entire Mount Grammos area, and the remnants of Markos's Guerrillas were reported fleeing in a disorganized retreat to Assimohori on the Albanian border.

A general staff spokesman said Kastaniani, Pyrosoyanni, Kantzikon and Langada were toppled by Government forces today and the whole area south of the Sarandaporos River cleared of guerrillas.

Western Front Collapse

The height of Ghiftissa was captured in the same area.

Markos's western front also collapsed. Vourbiani, and Steno on the slopes of Mount Kaemenic on the Albanian border were both reported in the hands of Greek troops.

The capture of Steno was considered especially significant. It was naturally fortified and had been fiercely defended for six weeks. It was the key to the Markos supply route from Albania. Assimohori, to which the rebels were fleeing, is directly to the north.

One Supply Route Open

The four villages still in rebel hands are Aetomilitisa, Lykorrachi, Assimohori and Grammos itself, barely a mile from the Albanian border. Aetomilitisa and Lykorrachi have served as headquarters of Markos's "provisional government." Assimohori, only 2 miles from captured Vourbiani, was believed already to be under attack.

The capture of Steno left but one principal supply route open to Markos into Albania. That route is along the Aliakmon River northwest of Nestorion and through Sliminitsa. It already is imperiled by the capture this week of Amouda ridge north of Restorion. Guerrillas are bitterly resisting on hill 1402 immediately west of Amouda.

Greek Guerrilla Area Reduced (D)

AUG 1948

Athens, Aug. 5 (AP)—Greek forces have compressed Communist-led guerrillas into a smaller area of the Grammos range, the army said today.

An army spokesman announced the capture of 5,500-foot Tambouri Mountain in expanded operations west of Konitsa. He said 128 guerrilla bodies were found on the slopes of Tambouri.

He said the army is driving toward Ghiftissa and Boliani heights. He predicted that army columns will cross the upper Sarandaporos River some time tomorrow, isolating the guerrillas still in Kataniani, Langadia and Kadiskon.

When these operations are concluded, he said, the guerrillas will be limited to an area about 14 miles long on the eastern and western sides, with a southern line less than 10 miles across.

U.S. DANUBIAN PLAN OFFERED (N)

Equal Rights For Western Powers In River Demanded

A.H. SINGLETON

Belgrade, Yugoslavia, Aug. 5 (AP). The United States demanded today that the Western powers be given an even break with Communist countries in the trading facilities of the Danube River.

This was the price tag put upon American approval of a new Danubian convention by Ambassador Cavendish Cannon. The chief of the United States delegation outlined the American proposal for administration of Europe's most important inland waterway after accusing Russia of seeking monopoly control and special privileges.

The United States plan obviously is designed for the record of the deliberations here. It has little chance of acceptance in view of the top heavy majority of Communist-bloc countries at the conference.

Broad Commission Asked

Cannon urged the creation of a Danubian commission far broader in scope than that sought by Russia. It should be made up, he said, of the Big Four powers and all Danubian states, including Austria immediately and Germany eventually.

Under the Russian plan, the commission would be strictly a Communist affair with membership barred to the Western powers. That plan left Germany unmentioned and would permit Austria's entrance only after an Austrian peace treaty had been granted.

In his first major speech of the conference, Cannon charged Russia with her Danubian neighbors had set up a monopolistic shipping, transportation and development system on the Danube which would be protected under the proposed Soviet pact.

Russian Proposal Assailed

Cannon said the Russian proposal would not meet the interest of the peoples of the Danube area or the requirements of world commerce. Moreover, there does not appear to be effective provision for the right of ships of all nations to operate on the 1,800-mile long waterway.

Instead Cannon proposed a plan under which international navigation of the Danube River system would be free and open to commercial vessels and persons of all countries on a footing of equality. The plan would contain an equal rights provision for the use of docks, loading facilities and warehouses.

It would establish the United Nations as the court of last resort to settle international differences on river administrative problems. The Soviet proposal would keep all such rows family affairs to be settled by the Danube countries among themselves.

France Backs U.S. Stand

Adrien Thierry, chief of the French delegation, said he was glad the United States offered a plan. He said international law requires agreement among all the signatories of the 1921 Danubian convention before that part can be declared void and replaced by a new convention.

He contended Soviet Deputy Foreign Minister Andrei Vishinsky had failed to prove a Russian charge that the Western powers already have voided the 1921 document by changing its terms without consulting other signatory nations.

A resolution presented by Britain would ask the International Court at The Hague to decide what international agreements on Danube navigation now are in force and which nations are parties to those agreements.

In a second resolution Britain asked that the same question be decided upon by a special international tribunal to be appointed in the United Nations.

U.S. Offers Own Danube Plan, Hits Reds' (D)

Belgrade, Aug. 5 (AP)—The United States demanded today a full share for the Western powers in control of Danube River shipping. She accused Russia of trying to impose a monopoly by the Communst states of eastern Europe.

United States Ambassador Cavendish Cannon placed before the eleven-nation Danube conference the American plan for the river. But first he denounced a Russian proposal, introduced previously, as giving Russia and all her neighbors "special privileges" in Europe's most important waterway.

The American plan would provide for a Danube commission of eleven nations: Austria, Bulgaria, Czechoslovakia, Hungary, Romania, the Ukraine, Russia, Yugoslavia, France, the United States and Britain.

Reds Would Limit Membership

Under the Soviet plan, the membership would be limited to the Danube countries, excluding Austria until a peace treaty is signed.

The American proposal would give Germany a seat when that country gets a peace treaty "or before that time" if agreement can be reached by other members of the commission.

Adrien Thierry, chief French delegate, said he was glad that the United States offered a plan. He defended in a speech the 1921 Danube convention of Paris, which the Russians are trying to void. He insisted that the undertaking still holds and that French rights must be protected.

Cannon, chief of the American delegation, told the conference that the Russian proposal "is inadequate to assure that freedom of navigation to which all of us are committed."

Wouldn't Respect Rights"

He contended that the Soviet proposal would place shipping on the 1,800-mile long waterway under the exclusive control of Communist eastern Europe and would not provide for "the right of ships of all nations" to operate on the Danube.

Cannon presented the American position at the opening of the fifth day of the conference and served notice that the United States intends to present a draft convention of its own to replace that reached in Paris in 1921.

Cannon expressed regret at the absence of United Nations observers at the conference, as a result of Russian objections, and said future disputes should be turned over to the international organization for settlement.

He said that any new Danubian convention "should include not only a necessary statement of free and open navigation, but the even more important provision for achieving this objective."

Stresses Equal Rights

This, he continued, should include equal rights for all powers of access to ports and facilities for commercial vessels of all nations and should not be crippled by qualifications which would limit the use of the river to ships of certain privileged nations or privileged companies.

The Russian plan, Cannon contended, would put into operation a system of transportation and development companies in Danubian states "with varying degrees and in most cases effective Soviet control."

The United States, he added "believes that any international regime established by the conference should take fully into account the interests of all nations," whether or not the Danube flows through those countries. In addition, there should be a representative of non-Danubian countries on the Danubian commission, he said.

Hungary Cabinet Is Reorganized

Budapest, Hungary, Aug. 5 (AP)—Laszlo Rajk, Hungary's Communist Minister of Interior, was named Foreign Minister today in a Cabinet reshuffle.

He succeeds Eric Molnar, also a Communist.

The changes followed closely on the election of a new President. Arpad Szakasits was elected President Tuesday, succeeding Zoltan Tildy, who resigned last Friday.

Kadar Gets Interior Post

Janos Kadar, deputy secretary of the party of Hungarian Workers and close collaborator of Communist Chief Matyas Rakosi, became Minister of the Interior.

Istvan Kosso, general secretary of the Council of Trade Unions, took over the Ministry of Industry. Szakasits had headed this Ministry.

These changes do not mean any shift in the representation of Government parties in the Cabinet. But political circles attach some significance to the fact that Rajk left his Interior post to take over Foreign Affairs.

Molnar has been named an ambassador. Hungary has only one Embassy—in Moscow.

Prague Halts Tourist Flow To Yugoslavia

Prague, Aug. 5 (AP)—Prague travel offices said today tourist travel to Yugoslavia by Czechoslovaks has been halted.

One agency said the Czech Interior Ministry imposed the ban. It said the order did not apply to business travelers.

The Yugoslav Embassy in Prague said it had not been notified officially of the order and was issuing visas normally to those who applied.

Cedok, official Czech travel agency, issued a circular, which said:

"In view of the fact that Putnik (Yugoslav travel agency) did not fulfill its duties in accordance with agreements with us; in view of the still growing number of complaints

by visitors against bad food and lodging and unkind treatment in Yugoslavia; in view of the fact that a continuing number of incidents indicates we are unwelcome guests there, we decided immediately to stop all trips to Yugoslavia."

INDONESIANS MEET AT HAGUE

5 Delegates Confer With Dutch Ministers On Proposals

The Hague, Aug. 5 (AP)—A five-man delegation representing the head of all Indonesian states except the Indonesian Republic conferred today with Premier Louis J. M. Beel and three other Dutch Cabinet members.

An authoritative source said a plan for an early interim government for Indonesia was discussed.

A recent conference in Bandoeng, Java, outlined a plan for an Indonesian government with a three-man directorate and cabinet which would have full powers of internal self-government.

Conflicts With Dutch Plan

This plan conflicts somewhat with a Dutch proposal slated for submission to Parliament. This would also establish an interim government but would permit Dutch ministers, omit the directorate and generally give the regime less powers than the Indonesians are seeking.

The Indonesian Republic has rejected the Bandoeng plan thus far, but a delegation spokesman said he had reason to hope the republic would alter its stand once the plan is put into being.

He added that he had not seen details of the Dutch plan, but a summary given him indicated it would be unacceptable to the Indonesians.

Arrives By Plane

The Indonesian delegation arrived last night by plane from Batavia. It was headed by Tenghu Bahrioen, of East Sumatra, and included Premier Anak Agoeng, of East Indonesia; Premier Adil Poeradiredja, of West Java; Sultan Hamid 2d, of West Borneo, and Abdoel Malaik, of South Sumatra. Ten advisers also came for the expected six-day stay.

The delegation leaders talked to Beel and Minister J. A. Jonkman, of overseas territories, W. Drees of Social Affairs, and L. Goetzen, minister without portfolio. The Netherlands Government was host to the Indonesians at a Government reception tonight. Tomorrow they will lunch with Princess Regent Juliana.

ISRAEL SEEKS PEACE TALKS WITH ARABS

First Direct Bid Placed Before Bernadotte At Tel Aviv Parley

C. L. DAVIDSON

Tel Aviv, Palestine, Aug. 5 (AP)—Israel's Government today made its first direct bid for peace negotiations with the Arab states.

The invitation followed hints by King Abdullah of Trans-Jordan, key figure on the Arab side, that he is ready to consider a compromise to end the eleven-week struggle.

The proposal was placed before Count Folke Bernadotte, United Nations mediator, by Moshe Shertok, Foreign Minister, at the end of a three-hour talk.

"I approach you as mediator officially in behalf of the provisional Government of Israel to transmit to the belligerent powers an invitation to meet the provisional Government for peace negotiations," Shertok said.

Feelers Rejected

The request will be transmitted to the Arabs through the United Nations.

Shertok previously had made public statements urging Arabs to come to peace talks, but this was his first official approach.

Always the Arabs have rejected these feelers on the grounds peace negotiations would be a recognition of the Jewish state, something they have refused to entertain.

Yesterday at his capital of Amman, however, King Abdullah told a news conference his "Arab nation does not exclude any possible compromise that secures justice and prevents unnecessary bloodshed."

No Outright Rejection

While declaring "we don't like that our country (any part of Palestine) should be taken from us," he said any new proposals for a settlement should be fully considered by the Arab states and not rejected outright as was Bernadotte's June plan, which proposed a modified partition, creating a Jewish state and giving the Arab part to Trans-Jordan.

During their three hour talk Bernadotte and Shertok also discussed the problem of Arab refugees, the status of Jerusalem and other problems of the current Holy Land truce.

Reliable sources said the count opposed Israel's position that the Jewish army is at liberty to retaliate for Arab truce violations by striking anywhere.

Could Concentrate Forces

The count was said to have contended that Jewish forces had only the right to repel an attack. Shertok's stand was that this policy would be "untenable" since it would enable the Arabs to concentrate superior forces at a single point for an attack with the knowledge that they would not be counterattacked elsewhere. INSERT

After the conference, Bernadotte left for his headquarters at Rhodes. He may return to Jerusalem Monday to reconsider the status of the city.

Most sources here agreed that the Jewish peace conference offer had "tossed the ball" to the mediator and the next step is up to him.

ISRAEL PROPOSES PEACE CONFERENCE

Tel Aviv, Aug. 5 (A. P.).—The Government of Israel asked Count Folke Bernadotte today to transmit its invitation to the Arab nations for peace talks. It was the first move by the new State to arrange a peace treaty conference.

Foreign Minister Moshe Shertok talked with Bernadotte, the United Nations mediator for Palestine, three hours and then told him:

"I approach you as mediator officially, on behalf of the Provisional Government of Israel, to transmit to the belligerent Powers an invitation to meet the Provisional Government for peace negotiations."

Shell Blasts Rock Jerusalem

Jerusalem, Aug. 5 (AP)—A series of shell explosions rocked Jerusalem early today following a night of gunfire.

A press statement issued by the Israeli ministries of Foreign Affairs and Defense said the Trans-Jordanian Arab Legion and the Egyptian army facing Jewish areas from points in northern, eastern and southern Jerusalem had directed automatic weapon and mortar fire at various forward Jewish positions. No casualties or damage were reported.

Nazareth Refugees Get Aid

CAIRO, Egypt, Aug. 5 (AP) — A Belgian priest said today that 1,000,000 francs [$22,800] had been collected in his country for the relief of war refugees in Nazareth, Palestine. Abbot Naveau said he visited shrines in Palestine last June, then launched an appeal for funds to all his countrymen through Belgian bishops. He is en route to Palestine to supervise the work.

Siamese Tanks Fight Communist Invasion

Singapore, Aug. 5 (AP)—The Siamese Defense Ministry has ordered tank units to southern Siam to prevent further infiltration of Chinese Communist insurgents from Malaya, the *Straits Times* reported from Bangkok today.

Premier Phibul Songgram also has ordered the destruction of two secret unlicensed radio stations in South Siam, which were believed to be aiding Malaya insurgents, the dispatch said.

Bangkok dispatches yesterday said 300 armed men had been sent to the border area to reinforce police guarding against Communists who might try to escape from Malaya.

British To Weigh Asian Problems

Singapore, Aug. 5 (AP)—Ranking British officials from Southeast Asian possessions are being called here for a conference Friday.

The revolt in Malaya is expected to be a major topic. A communiqué said the colonial leaders would discuss the "problems of Asia."

Attending will be Malcolm MacDonald, commissioner general for the United Kingdom in Southeast Asia; Sir Alexander Grantham, governor of Hong Kong; Sir Alec Newboult, acting high commissioner for Malaya; Sir Charles A. Clarke, governor of Sarawak; James Calder, senior administrator of North Borneo, and Sir Franklin Gimson, governor of Singapore.

China Tribesmen Revolt, Attack Garrisons

Nanking, Aug. 5 (AP)—An official source said today that several thousand tribesmen on the Szechwan-Sikiang border had revolted.

The spokesman said the Yi tribe, centered about 100 miles southwest of Chengtu, attacked National garrisons staffed by some 2,000 troops.

Government reinforcements were rushed to the scene. One report said a peacemaker for the Government forces was held hostage by the rebels.

Meanwhile steady pounding by Government planes was credited by pro-Government reports with saving the important coal town of Tangshan, 60 miles northeast of Tientsin, from Communist forces.

The reports, unconfirmed by any other source, said the Reds were massing for an attack on Tangshan, but that National warplanes drove them to the hills near the Great Wall.

Kept From Crossing River

A Nanking military spokesman said the personal orders of Red Chief Chu Teh had prevented Gen. Chen Yi's seven Communist armies from crossing the Yellow River northward, and they were forced to retire to the south into Anhwei province.

This retirement drove a deep wedge into Government territory, with some reports placing Communists units within 40 miles of the Yangtze.

The independent newspaper *Ta Kang Pao* reported National troops had engaged Communists units 60 miles north of the Yangtze.

The Shantung province capital of Tsinan continued to be the most critical civil-war point, with Government sources counting units of eight Red armies surrounding the city. As yet there has been no concerted Red attack on Tsinan.

U.S. Protests Travel Restriction In China

Nanking, Aug. 5 (AP)—The United States Embassy today formally protested a Chinese police order requiring Americans to obtain inland travel permits.

The protest specified that Chinese in the United States are not required to obtain such permits. The protest further charged the order was a violation of the Sino-American Treaty of Friendship.

Feng Seeking Chiang's Fall

New York, Aug. 5 (AP)—Marshal Feng Yu-hsiang, China's "Christian general," is on his way home to help plan the overthrow of Chiang Kai-shek's régime, the Committee for a Democratic Far Eastern Policy said today.

The committee released a letter from Marshal Feng to his "American friends," written when he departed for China July 31. Feng has been an outspoken critic of the Nanking Government since it sent him here in 1946.

U.S. Aid To Chiang Decried

Feng's letter charged the present United States administration and the Republican party with "betraying the Chinese people by supporting financially and militarily the most hated and corrupt Chiang Kai-shek régime."

"The sufferings of the Chinese people have been prolonged, the American taxpayers' money has been thrown down a rat-hole and the traditional friendship between China and the United States has been damaged", by American aid to the Generalissimo, Feng continued.

The marshal said he would participate in the new political consultative conference which will exclude the Chiang régime. He said the conference would be attended by the Chinese Communist party, the Revolutionary Committee of

the Kuomintang, the Democratic League, and "other Chinese democratic parties."

"New China" And U.S.

Feng expressed himself as "fully confident about the final victory of the Democratic movement" in China.

"The new China will not only maintain its friendship with the United States, but also improve it," he said.

Once closely associated with Chiang Kai-shek, Feng came to the United States in September, 1946, as head of a Chinese Government mission to study water conservation projects. He officially resigned from the Government in December, 1947, when he refused an order of the Generalissimo to return to China.

"If the same amount and effort spent on improving weapons were devoted to promoting and preserving peace, realization of the dream of world-wide peace would not be impossible at al."

Hamai earlier had written to mayors of various cities throughout the world, asking for information on city planning and declaring his people "harbor animosity towards no one; war is our one and only enemy."

Wainwright Absolves Tojo Of Responsibility

F. L. WHITE

Tokyo, Aug. 5 (AP)—Gen. Jonathan Wainwright, who surrendered Corregidor, has sent a message to wartime Premier Hideki Tojo absolving him of personal responsibility for mistreatment Wainwright received while a prisoner. Tojo's attorney said today.

"General Wainwright asked me to deliver this message to Tojo," said George Francis Blewett, Philadelphia attorney who is serving as American counsel for Tojo—now awaiting the verdict of the International War Crimes Court.

"One General To Another"

"Wainwright said: 'Tell Tojo that, as one general to another, I want him to know that I do not hold him personally responsible for treatment I received while a prisoner of war. I know that as Premier and War Minister, he could not be expected to know about such details.' "

Blewett recently returned from the Republican National Convention. He said he met Wainwright there and had a two-hour conversation with the General. He expects to deliver Wainwright's message to Tojo at Sugamo Prison next week, on his regular visit there.

230,000 Japs Ask World Peace On Anniversary of First A-Bomb

HIROSHIMA, Japan, (Friday), Aug. 6, (AP) The 250,000 residents of this first atom-bombed city joined today in a plea for world peace and a prayer that atomic energy will be used "for the benefit of mankind."

At 8:15 a.m., the moment the bomb burst over Hiroshima three years ago, Mayor Shinzo Hamai led his people in renewing "solemn vows to contribute our bit to the peace of the world."

Hamai recalled the bombing in these words:

"The whole city was razed to the ground. There was nothing left but ruin and disaster. No one can give a full account of the awful sufferings and grevious miseries this single bomb brought to the living as well as the dying, while more than 100,000 innocent people lost their lives on that occasion. The fear and trembling we experienced are

on the marked progress they are making in a reconstructive program."

On his own behalf, Roberson said, "for the past three years I have been able to observe for myself the recovery of the people and city of Hiroshima. Today the city lives again.

"This festival dedicated to peace is, I hope, evidence of determination to adopt constructive principles of peace and good will to all men instead of the destructive ways of war and aggression which

brought this disaster upon your city."

Also attending the commemoration were members of the Australian parliamentary delegation currently visiting in Japan.

U.S.-Korean Unit To Study Withdrawal

Seoul, Aug. 5 (AP)—Korean President Syngman Rhee said today he would seek the appointment of a joint American-Korean committee to work out a program for withdrawal of American forces from South Korea.

But, first, Dr. Rhee said, the new government, which takes over on August 15, will make a formal request that the liberation force remain here for a while longer.

Under terms of the United Nations General Assembly resolution, occupation troops could be asked to leave within 90 days or as soon as practicable. Since January, when it became apparent Russia would not permit North Korea to join in a United Nations-sponsored Korean government, it has been evident that South Korea would expect the Americans to stay until the new government is able to stand alone.

The Communist-controlled northern half of the country is still regarded by Dr. Rhee as a strong threat to the southern half.

3 Oil Firms Licensed For Japan Business

Tokyo, Aug. 5 (AP)—Two American and a British oil company have been licensed by Allied occupation headquarters to import and sell petroleum products to foreign concerns and commercial representatives authorized to engage in business in Japan.

Licensed were Caltex Oil, Ltd., of Japan, Standard-Vacuum Oil Company, both American-owned, and the Rising Sun Petroleum Company, a subsidiary of the British Shell Oil Company.

For the time being the companies will use Army petroleum facilities until they acquire terminal and storage facilities to receive their own products by tanker.

Headquarters also licensed for business in Japan today the Life Insurance Company of America and a shipping agency, A. P. Pattison & Co., an American concern.

BUDENZ AIRS 1939 COMMUNIST PLOT

Says Dennis Ordered Civil War If U.S. Joined Conflict

L. ERICKSON

Honolulu, Aug. 5 (AP)—American Communist party leaders were ordered to prepare for civil war in the United States in September of 1939 if the United States entered the war as Britain's ally, Louis Budenz testified today.

The former editor of the New York Communist *Daily Worker* said the order came from Eugene Dennis, now general secretary of the Communist party in the United States, at a time when Germany and Russia were allies.

Budenz was the first witness in the Hawaii School Board hearing on the suspension of two teachers accused of being members of the Communist party.

Cites Secret Meeting

Budenz said Dennis was delivering the "party line" instructions from Moscow at a secret Communist meeting in Chicago.

He quoted Dennis as telling the meeting "to be prepared, if the United States enters the war on the side of Great Britain, to turn the imperialist war into a civil war and to stand on the side of the Soviet Union."

The two teachers are Dr. and Mrs. John E. Reinecke. They were suspended last November and the current hearing is to decide whether they shall be ousted.

Robert H. Griffith, deputy territorial attorney general, had asked Budenz what would be expected of an American Communist in the event of war between the United States and Russia.

Quotes Foster Warning

Budenz, after reciting the purported instructions from Dennis, said the Communist leader, William Z. Foster, also advised the editorial board of the *Daily Worker* shortly thereafter:

"Be on your toes for a situation where you might have to take a decided stand on behalf of Soviet Russia if the United States is involved in war on the side of Great Britain."

Budenz said if he still were a Communist he would be required "to do anything to advance the victory of Soviet Russia over the United States in any conflict."

Budenz said that was the reason he left the Communist party in 1945.

Qualifications Challenged

Defense Attorney Richard Gladstein, of San Francisco, heatedly challenged Budenz's qualifications for describing Soviet policy three years after he left the Communist party.

"If there is danger of war between Russia and the United States," Gladstein said, "it is a terrible thing to allow this man to say we ought to go to war and start shooting first."

Board Chairman Edward N. Sylva replied angrily that "no one here is advocating war but, in case we ever have to go to war, let's find out where the Communists stand."

Budenz, now a member of the faculty of Fordham University, is here testifying about Communist infiltration in Hawaii. ADC

Japan To Test Language Knowledge

Tokyo, Aug. 5 (AP)—The Japanese Education Ministry is going to try to find out how much the Japanese themselves know about their complex language.

Written and oral tests will be given Tuesday in 280 cities, towns and villages on four islands. Some 21,000 men, women and children will be tested.

The survey is an outgrowth of a language controversy that has raged since the end of the war. The Japanese language is a combination of several tongues, written in several ways. It contains words derived from English, French, Portuguese and Chinese. They may be written in various types of characters.

The language tends to confuse many Japanese. Many educators insist this multiplicity of writing is an effective ban on education.

MUNDT. DECLINES TO REVEAL NAME OF 'MYSTERY MAN'

Hearings Halted Until Next Week to Permit Questioning of Witness

NEW CHARGES HURLED

A-Bomb Uranium Shipped to Russia During War, Rep. McDowell Asserts

WASHINGTON, Aug. 5 — (AP) House investigators said today they have located a witness who may "crack wide open the whole Soviet spy case."

Acting Chairman Mundt (R-SD) declined to say who or where this "mystery witness" is, but announced the House Unamerican Activities Committee is sending a subcommittee out of town to question the witness.

Mundt added "we believe the testimony we receive will result in breaking the case wide open at public hearings next week".

Mundt said the witness is a man. He said he does not know whether the man ever has been a Communist but that he is "a person in a very splendid position to tell the whole story."

This individual, he said, is not a government employe now, and so far as he knows, never has been.

Hearings Postponed

Mundt would not say who is on the subcommittee. But he said it is leaving tonight, and further hearings in Washington are off until sometime next week.

The decision to send out a subcommittee was reached when a committee investigator flew back to town late today with information about the witness.

The announcement capped a day which also put into the committee's records a story of uranium—raw material for atomic bombs—being shipped to Russia during the war.

Rep. McDowell (R-Pa) told about the alleged uranium shipments to his colleagues on the House Committee on Un-American activities. It is one of two congressional units now digging into charges that Communists infiltrated into high places in the U. S. government during the war.

McDowell said the uranium was shipped "after tremendous pressure on all phases of our government from known Russian agents and others who had worked themselves into positions of importance." He said the uranium was dispatched in two shipments from "a small obscure airfield in this country."

Truman Hits Probers

Meanwhile President Truman described the spy flurry on Capitol Hill as a "red herring" intended to veil congressional inaction on his anti-inflation program.

(Shortly after he spoke at a news conference, the House passed a Republican anti-inflation bill containing none of the price, rationing or wage controls Mr. Truman recommended).

The President issued a statement saying the public hearings on the communists are "serving no useful purpose" and are "doing irreparable harm" to certain persons. He also said they are "seriously impairing the morale of Federal employes and undermining public confidence in the government."

Undeterred by the criticism from the White House, both committees went ahead with the investigations they began last week, stemming from the testimony of Miss Elizabeth T. Bentley, self-described former Communist spy.

These were among the day's top developments:

1 Alger Hiss, former state department official, told the House committee under oath that "I am not and never have been a member of the Communist party." Hiss appeared at his own request after Whittaker Chambers, a previous witness, had testified that Hiss was a member of the "Red underground" here. Hiss now is head of the Carnegie Foundation for International Peace.

Rep. Mundt (R-S.D.) told reporters that in his opinion Hiss certainly "made a rather convincing case." Chambers issued a statement saying he has "no change whatever to make" in his testimony concerning Hiss.

2. A Senate investigating subcommittee headed by Senator Ferguson (R-Mich.) heard testimony that commerce department officials knew that William W. Remington was the subject of an "active investigation for espionage" when he was hired. Samuel Klaus, a state department lawyer, made the statement. Remington, now under suspension, was chairman of a committee which passed on the shipment of goods to Russia.

May Call Wallace

3. Rep. Rankin (D-Miss.), a member of the House un-American Activities committee, urged that Henry A. Wallace be called in for questioning. Rankin said it appeared that Communists achieved "key positions" in the commerce department when Wallace headed it.

Rep. Busbey (R-Ill.) suggested that the committee go back still further and check Wallace's administration as secretary of agriculture. Busbey said the Agricultural Adjustment Administration was the "spawning ground" for Communists in the government.

In a written statement on the Communist investigations, President Truman said that no information has been turned up which has not long since been presented to a Federal grand jury, or known to the FBI.

"The Federal grand jury found its information insufficient to justify indictment of the Federal employes involved," he stated.

"All but two of the employes involved have left the Federal government, and these two have been placed on involuntary leave."

(A Federal grand jury summoned more than a year ago in New York has indicted 12 persons on charges of conspiring to overthrow the government).

Mr. Truman made clear today he is not going to permit Congress to have access to Federal employes' loyalty files, or other investigative data of any type. Only routine papers relating to employment, promotions, and so on will be available to Congressmen, he said.

Such a stripped-down file was all that Ferguson's committee was able to get on Remington. Anything bearing on Remington's loyalty had been removed from them, a Commerce department lawyer said in turning the file over to the committee.

Rep. McDowell, who told about the uranium shipments to Russia, said it has been established "almost beyond question" that the Soviets also were shipped some heavy water, a substance that might be used in atomic research.

"This is only the beginning of the story," McDowell said. "The infiltration also was deep in the State Department, the Treasury Department, the War Production Board, and even into the Office of Strategic Service of the United States Army."

Hiss Denies Charges

The House committee heard Hiss deny emphatically that he ever was a Communist, a member of any Communist Front organization, or ever had followed the Communist party line.

Chambers, who accused Hiss, described himself as a former courier for the Communist underground. He is now a senior editor of Time Magazine.

Hiss acknowledged that he knew a few of the other persons Chambers said belonged to the underground. Otherwise, he declared, "the statements about me made by Mr. Chambers are complete fabrications."

Rep. Mundt (R-SD) wondered aloud "what possible motive a man who edits Time Magazine would have in coming here and giving testimony which you now completely deny," Hiss said he wondered to—.

"I have no understanding of what might have motivated him."

Hiss denied that he even knew Chambers.

After he left the stand, Mundt remarked to reporters:

"One of them lied. There's no question about that."

He said the committee will decide later whether to call Chambers back for further questioning, or whether to bring Hiss and Chambers together face to face before the committee.

House Group Adjourns

The House committee adjourned after hearing Hiss, reserving a decision whether to meet tomorrow. The Senate investigators remained in session, however, pressing the question of who was responsible for stripping some of the papers out of Remington's personnel file.

Matthew Hale, assistant solicitor of the Commerce department, finally testified that Clark Clifford, President Truman's legal adviser, instructed him to take out any data pertaining to Remington's loyalty. He said the file went to the White House Monday.

"Then your instructions to strip the file goes directly to the White House and to the President of the United States?" Ferguson asked.

"Yes, with one exception," Hale replied, explaining that the actual decision as to what loyalty data came out was left to the Commerce department.

Ferguson asked how much loyalty data was removed.

"I'm afraid I can't answer that," Hale said.

To do so, he explained, would violate the Presidential order to keep loyalty data confidential. The President, in issuing the order, said it was necessary to protect confidential sources of information and to safeguard the reputations of persons who might be the target of unsubstantiated charges.

URANIUM SENT RUSSIA IN '43, HEARING TOLD

1,300 Pounds Shipped At Height Of Atom Work, McDowell Says

Washington, Aug. 5 (AP)—A congressman declared today that 1,300 pounds of uranium compounds were shipped to Russia "at the very height of atomic research in 1943."

Uranium is a basic material for atomic bombs. The first atomic bomb in warfare was dropped on Hiroshima three years ago today.

Representative McDowell (R., Pa.) told about the alleged uranium shipments to his colleagues on the House Committee on Un-American Activities. It is one of two congressional units now digging into charges that Communists infiltrated into high places in the United States Government during the war.

"Tremendous Pressure"

McDowell said the uranium was shipped "after tremendous pressure on all phases of our Government from known Russian agents and others who had worked themselves into positions of importance." He said the uranium was dispatched in two shipments from "a small obscure airfield in this country."

McDowell said it has been established "almost beyond question" that the Soviets also were shipped some heavy water, a substance

AUG 1948 30.24- 19565

that might be used in atomic research.

"This is only the beginning of the story," McDowell said. "The infiltration also was deep in the State Department, the Treasury Department, the War Production Board and even into the Office of Strategic Service of the United States Army."

Hired While Suspected

Meanwhile, a Senate investigating subcommittee headed by Senator Ferguson (R., Mich.) heard testimony that officials of the Commerce Department knew that William W. Remington was the subject of an "active investigation for espionage" when he was hired.

Samuel Klaus, a State Department lawyer, made the statement. Remington, now under suspension, was chairman of a committee which passed on the shipment of goods to Russia.

Since President Truman made clear today that he is not going to permit Congress to have access to Federal employes loyalty files, or other investigative data of any type, a stripped-down file was all the Ferguson committee was able to get on Remington.

Anything bearing on Remington's loyalty had been removed from them, a Commerce Department lawyer said in turning the file over to the committee.

"Didn't Ship Uranium"

New York, Aug. 5 (AP)—Maj. Gen. Leslie R. Groves, wartime head of the atomic bomb project, said tonight he did not ship uranium to the Soviet Union.

Groves made his statement in an interview on the "News on The Human Side" radio program.

Asked about the purported shipment of 1,300 tons of A-bomb material to the Soviet Union in 1943, he said:

"I did not ship it. As a retired army officer it would not be proper for me to answer that question fully."

Asked whether, if such shipments were made, they were sent without his knowledge, Groves answered, "that would be a fairly good assumption."

He added, "I was not so simple as to think we were safe from infiltration by people who wanted to learn. We took every precaution."

Groves reiterated that he does not believe Russia has an atomic bomb and said, "no dictator will start a war he knows he is going to lose."

'Suicide-Spy' Note Believed Hoax

San Francisco, Aug. 5 (AP)—Golden Gate Bridge police today have a woman's discarded garments and an apparent suicide note with an echo of the Washington spy investigation but believe they may have been left as a hoax.

The shabby outer garments were found yesterday on the bridge that spans the Golden Gate. Near them was the note that hinted, in a vague way, the writer knew a key woman witness in the current Communist investigation in Washington.

No body has been found in the Golden Gate channel, but the tide might have moved one out to sea.

"Dear E.T.B."

The unsigned, typed note was addressed to "Dear E.T.B." These, by coincidence or otherwise, are the intitials of Elizabeth T. Bentley, who says she is a former Communist courier. She has been testifying in the Washington hearing.

The note said in part:

"You have done very well with it. Haven't you Elizabeth. I suppose you intend to go to Hollywood when you are quite through with them and they are quite through with you . . . you and that colony should get along quite well together. You're two of a kind. Sensationalism is part of your very fiber and your beliefs."

The note was found near some outer clothing. Bridge police said the whole business may be a hoax, since the clothing was scattered around, and this could mean it was thrown from a moving automobile.

Police said a check on one item—a coat—produced no identification of the owner. Clerks at East Bay stores where the garment would have been sold did not recall the buyer.

In Washington, Miss Bentley said she was unable to recall anyone she might know in San Francisco.

Truman Still Hopeful Over Atom Curbs

Washington, Aug. 5 (AP)—President Truman said today that he was hopeful for peace and hopeful that the atomic weapon eventually will be outlawed.

Mr. Truman declined to comment on diplomatic negotiations in Moscow. He said, however, when asked about the world outlook, that he was always hopeful for peace.

A reporter said it was three years ago that he gave an order for the release of the atomic bomb on Japanese cities and asked if he was still hopeful it would be outlawed as a weapon.

He replied in the affirmative.

His position has been that the atomic bomb should be outlawed after proper safeguards have been made by the United Nations.

Reds Seen Bowing To Nationalism

New York, Aug. 5 (AP)—Kent Cooper, executive director of the Associated Press, says he believes nationalism will prove stronger than communism in countries of eastern Europe.

Cooper arrived here yesterday aboard the Queen Elizabeth after a seven-week visit to Associated Press bureaus in the Scandinavian countries, Holland, Belgium, Germany and England.

He said he felt that "things will reach normalcy in eastern Europe because the Russians are going to find out that before people are Communists they are Poles and Czechs and nationals.

Tito A Slav First

The Russians discovered, Cooper added, that Tito "first wanted to be a Yugoslav rather than a Communist."

"Although he is friendly to the Russian communistic ideology, this spirit in each country is going to reign supreme. They are going to remain Yugoslav, Czechs, Poles, Hungarians and their own nationalities."

Gardner Cowles, newspaper and magazine publishers, who also returned aboard the Queen Elizabeth, said his five weeks spent in England and France "reminds me a good deal of 1939, before Munich."

"There Is No Real Peace"

"There is no real peace in Europe," he added.

Cowles said he doubted "there will be any real reconstruction in Europe so long as the fear of Soviet Russia hangs over the countries."

He stressed the need of strengthening our military establishment and aiding France, England and the low countries to give them a "sense of security."

"As long as they lack this sense of security," he said, "there'll be no reconstruction."

CONGRESS BACKS HOME LOAN TO U. N.

Washington, Aug. 5 (A. P.).—President Truman today was granted his first request from the special session of Congress—approval of a $65,000,000 loan to the United Nations for establishment of a permanent home in New York city.

House passage of a bill previously voted by the Senate completed congressional action. The standing vote was 164 to 27.

In debate, Representative Smith (R.-Ohio) argued that building a United Nations headquarters would "provide a permanent home in the United States for Stalin's agents." He added that the United Nations provides an opportunity for Communist agents to be sent into the United States at will.

Representative Eaton (R.-N. J.), chairman of the Foreign Affairs Committee, countered with a statement that if the loan proposal should be defeated the U. N. headquarters would move across the Atlantic and under control of the Communists.

The loan also was opposed as "purely inflationary" by Representative Buffett (R.-Neb.). He and several others argued that building the U. N. headquarters would "take away from veterans" building materials and labor that could be used for housing. Representative Ellis (R.-W. Va.) added that $65,000,000 could be used to finance 6,500 homes for veterans.

PLAN DRAFTED TO AID TRAVELING IN EUROPE

WASHINGTON, Aug. 5 (AP)—A plan to ease travel restrictions to lure dollar-bearing Americans to the Marshall Plan countries of Western Europe was revealed today.

The goal is to make it possible for visitors to move through Western Europe "almost as easily as they now may pass from one state to another in the United States."

A travel commission, made up of representatives of fourteen European countries, has been established. It was authorized at the recent meeting of the International Union of Official Travel Organizations at Oslo, Norway.

The commission will work with the Economic Cooperation Administration, which administers the European Recovery Program, and with the Commerce Department's Office of International Trade.

Experts To Aid Marshall Plan

Washington, Aug. 5 (AP)—The Marshall plan today acquired a seven-man team of efficiency experts.

The Economic Co-Operation Administration announced the creation of a special committee to assist in the improvement of program and authorization procedures."

It is headed by W. James Sears, Dobb's Ferry, N.Y., vice president of the rubber manufacturers association of New York.

The otner members are:

Bertram H. Wimer, Cheverly, Md., vice president of the California Fertilizer Company, and former chief investigator for the Senate small business committee.

John H. Berryhill, Oconomowoc, Wis., a business systems consultant and a former official of WPB.

E. D. Kelly, Silver Spring, Md., a representative of the American Machine and Foundry Company.

J. Donald Kershner, Baltimore, industrial relations manager of Crown Central Petroleum Corp.

Walton C. Groce, Silver Spring, Md., on loan from the munitions board.

Allan Hugh Smith, Eugene, Ore., professor of administration law at the University of Oregon.

To Aid Marshall Plan in Italy

WASHINGTON, Aug. 5 (AP).—Andrew H. Berding, co-author of the memoirs of Cordell Hull and former Associated Press bureau chief in Rome, was appointed information officer of the Marshall Plan mission to Italy today. Mr. Berding, a native of Cincinnati and graduate of Oxford, served with the Office of Strategic Services in Italy during the war.

Two to Join MacArthtur Staff

WASHINGTON, Aug. 5 (AP).—Eired H. Brandon, New York financial expert, and Paul Moddy Atkins, of Upper Montclair, N. J., consulting economist, will fly to Japan on Aug. 9 to serve as advisers on the staff of General of the Army Douglas MacArthur for three months, the Army said today.

U.S. Representatives To U.N. Assembly Named

Washington, Aug. 5 (AP)—President Truman today named Warren R. Austin and three associates as United States representatives to the third session of the United Nations General Assembly at Paris, September 21.

Former Senator Austin, United States representative to the United Nations, was nominated along with John Foster Dulles, foreign policy advisor to Gov. Thomas E. Dewey, Republican presidential nominee; Mrs. Franklin D. Roosevelt and

Philip C. Jessup, of New York.

Mr. Truman nominated the following alternates: Representatives; Benjamin V. Cohen, New York; Ray Atherton, Illinois; Willard L. Thorpe, Connecticut; Ernest A. Gross, New York, and Francis B. Sayre, of Washington, D.C.

OIL INDUSTRY IS SEEN CARING FOR SERVICES

WASHINGTON, Aug. 5 (AP)—The oil industry apparently is on the way toward filling all military orders—for the Berlin airlift as well as all other activities—the Armed Services Petroleum Purchasing Agency said today.

A spokesman for the agency told a reporter it is unlikely that Government regulation of the oil industry will be required.

Rear Admiral E. D. Foster, director of the agency, told the National Petroleum Council last Thursday that unless the industry within one week provided 1,700,000 barrels of motor gasoline and met other needs, the military organizations would be forced to recommend mandatory action.

Such action is provided for in the Draft Act, which authorized the armed services—if the situation became sufficiently critical—to seize petroleum supplies and direct manufacturing procedures.

The agency's spokesman said that by last Thursday night the motor gasoline deficiency had been reduced to 1,300,000 barrels. During the week an additional 500,000 barrels was available, he said, half of it by Standard-Vacuum Oil Company and the remainder by Standard Oil of California and Union Oil Company. He added that the industry has given every indication it will provide for remaining and future military needs.

30 FLYING FORTS TO GO TO ENGLAND

WASHINGTON, Aug. 5 — (AP) The Strategic Air Command's Second Bomb Group of 30 B-29 super fortresses will leave tomorrow for England from the Davis-Monthan Air Force Base, Tucson, Ariz.

The U.S. Air force in making the announcement today said the group was going over on routine training and would replace in Europe the 301st Bomb Group of B-29s which have been based in Germany.

The second bomb group, commanded by Col. William E. Eubank, will be divided among the three English bases—Scampton, Marham and Waddington—to which two other bomb groups, the 307th and 28th, went recently.

The air force said there was no present plan to send the second bomb group to Germany. When they get to Europe they will be under the command of Lt. Gen. Curtis Lemay, commanding General of U. S. Air forces in Europe, and he may order them where he pleases, the Air force added.

The 301st bomb group is due to return to its home base at Smoky Hill Air Force Base, Salina, Kansas. Commanded by Lt. Col. Frank W. Ellis, it went over in June.

It is expected that the 301st will leave for home about the time that the 2nd bomb group arrives overseas. This thus will not change the total number of B-29s now in Europe. That number is 90.

ENLISTMENT RISE SET FOR NATIONAL GUARD

WASHINGTON, Aug. 5 (AP)—The National Guard made room for more enlisted men today by lifting the ceiling on enrollment of commissioned and warrant officers and some veterans of World War II.

Maj.-Gen. Kenneth F. Cramer, chief of the Guard Bureau, said the new order was aimed primarily at building up the officer strength of the expanded state units. But since officers no longer would be charged against the unit quota, he noted that this would enable more qualified men to enlist.

The guard had set a 341,000 top figure for both officers and men by June 30, 1949. This ceiling was based on the amount of money Congress appropriated. However, a rush of volunteers in June to take advantage of the draft-free provision sent the current strength to about 325,000.

But the number of officers signing up did not keep pace with the new recruits. That total was only 25,249 on June 30, as contrasted with the 51,000 limit.

General Cramer said state units now could expand to full officer strength without losing any quota credits. On the same basis they could also enlist veterans who served at least ninety days, but less than twelve months between Sept. 16, 1940 and June 24, 1948.

The National Guard Bureau also revised the state quotas enlisted men. Those for New York are 18,755 for Army and 2,662 for Air Force; for New Jersey, 11,291 and 641, and for Connecticut, 6,656 and 118.

ARMY ACCEPTS BIDS ON ARGENTINE MEAT

Cover 3,021,000 Pounds and 904,725 of Turkeys for Use in European Theater

CHICAGO, Aug. 5 (AP)—The United States Army Quartermaster Market Center System today announced it had accepted bids for 3,021,000 pounds of meat and 904,725 pounds of turkey—all from Argentina.

The provisions will go to Army personnel in the European theater.

The quartermaster system said bids have been awarded to the following:

Manuel Rodriguez Trading Company, New York, 2,000,000 pounds of boneless beef at 26¼ cents per pound.

Corporacion Argentina De Productores De Carnes, Buenos Aires, 560,000 pounds of lamb at 19½ cents per pound.

The following five bidders were awarded contracts for the delivery of beef liver at 21.6 cents per pound:

H. J. Baker & Bros., Chicago, 60,000 pounds; Wilson & Co., Chicago, 52,000 pounds; Tuppman Thurlow Company, New York, 168,000 pounds; International Packers Commercial Company, Chicago, 95,000 pounds, and Armour & Co., Chicago, 86,000 pounds.

The successful bidder for delivery of 904,725 pounds of turkey was International Packers Commercial Company, Chicago, which bid 46 cents a pound on grade "A" and "B" hens and toms. All prices are F.O.B. Bremerhaven, Germany.

Col. W. E. Harper Jr., chief of the procurement division, said the turkeys will be used for feeding troops of the occupation forces on Thanksgiving and Christmas.

The American Meat Institute said the Argentine purchases will have "no effect whatever" on the domestic meat supply or price levels.

The reason it will not, an institute spokesman said, is that importation of fresh meat from Argentina for consumption in the United States is prohibited by statute. This law forbids bringing in meat from countries where the foot and mouth disease is prevalent.

Even if it were permitted, the institute said, it would have little if any effect on domestic prices because the 4,000,000 pounds of beef, lamb and turkey purchased is only a small fraction of domestic meat consumption.

DROP PREDICTED IN MEAT PRICES

Head of National Dealers Sees Buying Resistance Bringing Costs Down

CHICAGO, Aug. 5—(AP)—James Elliott, Minneapolis, president of the National Association of Retail Meat Dealers, today predicted a "sharp break" in retail meat prices.

Elliott, here for the Association's annual convention, said in an interview the beef price break would mount to "one to five cents a pound in the next ten days or two weeks."

Cites Buying Resistance

Elliott said livestock receipts are expected to increase during the period. This, along with consumer resistance to high prices, would bring the retail price down, he said.

"The drop really depends on how heavy receipts flow. The fall run of cattle that has been on pasture and fattened in spring and summer is due to hit the market now. There'll be a sharp break in retail prices then, mostly in beef, but eventually spreading to other meats. My prediction will come true," he said.

Elliott said he based his outlook on talks with meat packers, producers and retail dealers.

SAN FRANCISCO WOMEN JOIN MEAT BOYCOTT

SAN FRANCISCO, Aug. 5 (AP)—San Francisco housewives today projected a two-front battle against the soaring cost of meat and other foods.

Mrs. Peter Kavanaugh launched the first step in a telephone campaign to urge friends to boycott butchers. She was soon joined by other members of the San Francisco council of women shoppers.

The boycott, a council spokesman said, is slated to start next Monday to concide with similar drives in Texas and elsewhere.

A second weapon used by the council is the circulation of two sets of petitions addressed to President Truman and members of congress. One set is for the adults, the other for children, the council spokesmen said, explaining that children are regarded as the first victims of high food prices. The children must have permission of their parents to sign.

The childrens petition said:

"Hi diddle diddle, please work and
don't fiddle,
Prices are up to the moon,
Without milk, with no meat, we'll
have nothing to eat
If you don't do something real
soon."

stimulating our continuing efforts to increase participation in the pay roll savings and bond-a-month plans for buying United States savings bonds," Mr. Snyder said.

State Well Over Quota

Sales of all series of savings bonds in New York State during the security loan drive totaled $438,950,000, against a quota of $300,000,000, Philip M. Light, state director of the Treasury's savings bond division, said yesterday. The figure includes series F and G placements with institutional investors in the first half of July.

Mr. Light reported a "considerable increase" in the number of large industrial plants maintaining pay-roll plans for sales of savings bonds. Among the additions, he said, was a large food concern with 29,000 employees. Only preliminary figures are available on bond-a-month purchases through banks by persons with checking accounts, but here also a "healthy increase" is indicated, he added.

An outstanding feature of the drive, Mr. Light said, was the extraordinary response of New York State retailers and banks to appeals for sponsored advertising of the loan.

U.S. Bond Drive Nets 2.8 Billion; State Tops Goal by Big Margin

WASHINGTON, Aug. 5 (AP).—Sales of government savings bonds in the security loan drive totaled $2,798,183,000, John W. Snyder, Secretary of the Treasury, announced today.

"The country has good reason to be well satisfied with the accomplishments of the security loan," Mr. Snyder said in a statement.

Sales of series E bonds totaled $1,136,023,000 from April 1 through July 17. Redemption of series E bonds in April, May and June were $1,001,000,000, Treasury figures show.

Sales were swollen also by a special offering of series F and G bonds to banks; insurance companies and other institutional investors. These sales amounted to $1,126,027,000 in the first two weeks of July, in addition to campaign sales of the same type bonds totaling $536,133,000.

New Drive In Vet Home Cases Set

Washington, Aug. 5 (AP)—United States district attorneys and Federal housing expediters from all parts of the country met here today to map a new drive against chiseling in veterans' housing.

The Justice Department, which arranged the conference, said its aim is "an all-out campaign against those individuals who have violated

30.24- 19567

Federal laws in the construction, sale and financing of veterans' homes."

Attorney General Clark brought in 21 district attorneys from the nation's most populous areas. Housing Expediter Tighe E. Woods assembled the seven deputy housing expediters for veterans affairs from their offices in Boston, New York, Atlanta, Dallas, Cleveland, Chicago and San Francisco.

Legal Experts Invited

Members of the Veterans Administration legal staff were invited to join the two-day session.

The Justice Department said it has not compiled exact statistics on legal actions taken thus far on the thousands of GI complaints, but that hundreds of investigations have been and are being pursued by the FBI.

Scores of criminal and civil cases have been instituted, with indictments returned in Los Angeles, Dallas and Pittsburgh.

Penalties imposed in cases brought to trial over the last two years have included fines of from $500 to $5,000 plus jail sentences—usually suspended on the condition that restitution is made to the complaining veteran.

Housing and Justice officials say the most common complaints are for failure to follow specifications and for charges of exceeding the limit set by the Federal Housing Authority. There have been numerous complaints about demands for "side payments."

Trusteeship Unit Rejects Charges

Lake Success, N.Y., Aug. 5 (AP)—The United Nations Trusteeship Council today angrily rejected a Soviet charge that the Council is "an instrument of United States policy."

In one of the Trusteeship Council's stormiest sessions, the delegates voted to strike this and other "offensive" statements out of a minority declaration which Russia wanted to attach to the Council's report to the General Assembly.

Semen K. Tsarapkin, Soviet delegate, declared the Council "not only failed in its obligations laid upon it by the General Assembly, but also involved itself in the political game carried on in connection with the Palestine question."

The protests were touched off by Francis B. Sayre, United States delegate, who declared the Soviet charges were entirely without foundation.

Russia did not take part in the voting.

U.S. sources said that a main

point at issue is that

Britain, through the central buying agency, had offered $30 a ton.

U.S. buyers were prepared to offer only $26 a ton.

These sources said Gen. Clay had forced the withdrawal of one British firm's bid because it was felt the offered price was "unfair."

German officials estimated that 1,200,000 tons of scrap would become available for export in the year which began July 1.

AUG 1948

Allocation of this quantity has NOT yet been started, pending a decision between Britain and the U.S. on how much will go to each country, U.S. sources said.

American officials said the aim is to share the first 600,000 tons between the two western powers, with the remaining 600,000 tons to go to other nations in the European Recovery Program -- if they can pay the price.

Berlin, Aug. 5-(AP)-The [illegible] said today serious conditions would be given to a separate election in the western sectors of Berlin this fall if the reds block a citywide election for all sectors.

The spokesman was commenting on a socialist demand that the [illegible] live up to pledges to give non-communists a chance to vote this fall.

The socialists charged the russians were trying to delay the elections to prevent a communist defeat and said that if the city's buildings should be allowed to vote in the western sectors.

Under the city's temporary constitution, the municipal elections are scheduled Oct. 20 In the first postwar city election, Oct. 20, 1946, COMMUNISTS WON ONLY 19 PER CENT OF THE VOTE.

Night Lead Travel

Prague, Czechoslovakia, Aug. 5--(ap)--Cedok, official Czechoslovak travel agency, said today it had stopped all trips to Yugoslavia because of the "growing number of complaints by visitors against bad food and lodging and gunking treatment" there.

AUG 1948

A circular issued by the agency said that the "continuing number of

incidents indicates [redacted] we are unwelcome guests" in Yugoslavia. Cedok offered to do its best to substitute holiday trips to Poland, Hungary or Austria.

[redacted] Prague travel offices said all tourist travel to Yugoslavia by Czechoslovaks had been halted. One agency said the Czechoslovak Interior Ministry had issued an order banning travel [redacted] by individuals and groups seeking to visit the [redacted] Balkan country for holidays. The ministry's order, the agency said, did not apply to travellers going on [redacted] business to Yugoslavia.

The Yugoslav Embassy in Prague said it had not been notified officially of the order and was issuing visas normally to those who applied.

Night Lead Hungarian

Budapest, Hungary, Aug. 5--(AP)---Laszlo Rajk, whose police had a key role in engineering the communist coup last year against premier Ferenc Nagy and the smallholders party, became Hungary's foreign minister today.

AUG 1948

Eric Molnar, also a communist, who had been in the cabinet since the liberation from the Germans, was eased out and will become an ambassador, presumably to Moscow.

The cabinet reshuffle, which follows the resignation of President Zoltan Tildy and the election of the pro-communist Arpad Szakasits as president, involved two other changes.

Janos Kadar, deputy secretary of the Hungarian workers [illegible] (communist) party and a close associate with communist chief Matyas Rakosi became successis Rajk as minister of the interior. Istvan Kosse,

AUG 1948

general secretary of the council of trade unions, takes over the ministry of industry formerly headed by Szakasits.

The [illegible] did not mention any change in the representation of government parties in the cabinet, but the elevation of Rajk to the foreign ministry was considered significant.

Molnar, who has been foreign minister since September, 1947, was called home from the Danubian conference at Belgrade, Yugoslavia where he was the chief Hungarian delegate for the inauguration of Szakasits. He was named an ambassador, and since Hungary has only one embassy, and that in Moscow , it was assumed he will be sent to the soviet capital.

Rajk replaced another communist, Imre Nagy, as minister of the interior on March 15, 1946. Rajk was the ministry controls the police.

professor and extreme left-wing communist although not a member of the so- called "moscow group" of Hungarian communists who had been trained in soviet russia.

— DAZH —

The movement to whittle down and unseat the conservative Smallholders majority party began in January last year when Rajk announded the arrest of 55 persons, many of them smallholders, on charges of plotting to overthrow the government and bring back the former regent, Adm. Nicholas Horthy.

AUG 1948

After Nagy had resigned as premier , Rajk was mentioned by opposition leaders in parliament who charged that Hungary was a communist police state. and was under a political reign of terror.

Rajk wrote the new election law for Hungary under which communists won the most votes of any single party in the elections of Aug. 31, 1947. Opposition politicians charged there were many irregularities

in the elections and protested to rajk.

GENEVA, JULY 5-(AP)-EAST AND WEST WERE UNANIMOUSLY AGREED TODAY THAT REVIVAL OF ECONOMIC CONTACTS BETWEEN THEM IS ESSENTIAL TO EUROPEAN RECOVERY.

THE UNITED NATIONS ECONOMIC AND SOCIAL COUNCIL APPROVED A REPORT OF THE ECONOMIC COMMISSION FOR EUROPE AND URGED THE COMMISSION TO CONTINUE ITS EFFORTS TO "FOSTER THE DEVELOPMENT OF INTRA-EUROPEAN TRADE."

AUG 1948

THE COUNCIL'S RESOLUTION STRONGLY ENDORSED THE CONFERENCE ON INTRA-EUROPEAN TRADE AND INDUSTRIAL DEVELOPMENT TO BE CONVENED HERE BY THE ECONOMIC COMMISSION FOR EUROPE ON SEPT.27.

THE COUNCIL ASKED THE COMMISSION TO PREPARE AN ANALYSIS OF THE POSSIBILITIES OF EUROPEAN RECONSTRUCTION THROUGH (1) DEVELOPMENT OF UNDER-INDUSTRIALIZED COUNTRIES AND (2) EXPANSION OF TRADE BETWEEN EUROPEAN COUNTRIES.

OFFICIALS OF THE ECONOMIC COMMISSION SAW IN THE RESOLUTION A HOPEFUL SIGN THAT GOVERNMENTS OF EAST AND WEST EUROPE ARE EMPHASIZING A REVIVAL OF EAST-WEST TRADE.

GENEVA, AUG 5-(AP)-THE UNITED NATIONS ECONOMIC AND SOCIAL COUNCIL TODAY CONDEMNED ALL LEGAL MEASURES AGAINST MIXED MARRIAGES.

THE COUNCIL'S COMMITTEE ON HUMAN RIGHTS APPROVED, 12 TO 0, WITH SIX ABSTENTIONS, A CANADIAN COMPROMISE BETWEEN CONFLICTING CHILEAN AND SOVIET PROPOSALS.

SINCE THE COMMITTEE HAS THE SAME MEMBERSHIP AS THE COUNCIL, LATER APPROVAL OF THE CANADIAN RESOLUTION BY THE COUNCIL IS CONSIDERED CERTAIN.

THE RESOLUTION SAID THE COUNCIL "DEPLORED ALL LEGISLATIVE MEASURES TO PREVENT MIXED MARRIAGES BETWEEN PERSONS OF DIFFERENT COLOR, NATIONALITY, RACE OR RELIGION."

CHILE ORIGINALLY URGED CONDEMNATION OF LEGAL MEASURES AGAINST MIXED MARRIAGES BETWEEN PERSONS OF DIFFERENT NATIONALITY. THE RESOLUTION OSTENSIBLY WAS AIMED AT RUSSIA. THE SOVIET UNION SUBMITTED A COUNTER-PROPOSAL OSTENSIBLY DIRECTED AT SOME STATE LAWS WITHIN THE UNITED STATES. IT CONDEMNED LAWS AGAINST MIXED MARRIAGES BETWEEN PERSONS OF DIFFERENT COLOR.

BELGRADE, YUGOSLAVIA, AUG.5-(AP)-PREMIER MARSHAL TITO YESTERDAY RECEIVED FOUR MEMBERS OF THE AMERICAN CIO INTERNATIONAL UNION OF LONGSHOREMEN AND WAREHOUSE WORKERS AT HIS VACATION HOME IN BLED, MORNING NEWSPAPERS ANNOUNCED.

THE FOUR AMERICANS WERE LISTED AS JULIAN NAPUNO, DESCRIBED AS A HAWAIIAN; HERMAN STIVERLER, OF THE MARITIME COMMISSION IN SAN FRANCISCO; JOVAN ZUBER OF OAKLAND, CALIF., WHO WAS BORN IN MONTENEGRO; AND DONALD BROWN OF OREGON.

THESE FOUR LABOR REPRESENTATIVES HAD NOT BEEN SEEN IN BELGRADE, THEIR REPORTED VISIT WITH THE MARSHAL WAS A SURPRISE TO DIPLOMATS HERE.

THE NEWSPAPER ACCOUNT SAID THE AMERICANS HAD BEEN TO FRANCE AND ITALY BEFORE COMING TO YUGOSLAVIA. IT SAID THAT THEY WERE ATTEMPTING TO ACQUAINT THEMSELVES AND INFORM THE MEMBERS OF THEIR ORGANIZATIONS "ABOUT THE SITUATION IN EUROPEAN STATES AND PARTICULARLY IN THE STATES OF THE PEOPLES DEMOCRACIES AND OF THE SOVIET UNION."

THE LABOR DELEGATION SAID THAT THEY WERE FOR "THE SUPPRESSION OF FALSE AND TENDENTIOUS INFORMATION BY AMERICAN AND OTHER INTERNATIONAL REACTIONARIES ABOUT THE COUNTRIES OF THE PEOPLES DEMOCRACIES" ACCORDING TO THE NEWSPAPER. IT ADDED THEY WERE TRAVELLING THROUGH EUROPE TO "ESTABLISH CLOSER RELATIONS BETWEEN AMERICAN WORKERS AND EUROPEAN WORKERS."

SECOND NIGHT LEAD RUSSIAN

BY EDDY GILMORE

MOSCOW, AUG. 5-(AP)-U.S., BRITISH AND FRENCH ENVOYS CONFERRED TODAY ON THEIR NEXT STEPS IN THE VITAL EAST-WEST CONTROVERSY, BUT AN APPARENTLY HOPED-FOR MEETING WITH PRIME MINISTER STALIN TONIGHT FAILED TO MATERIALIZE.

IT WAS LEARNED AUTHORITATIVELY THAT THE WESTERN POWER DIPLOMATS WOULD NOT VISIT THE KREMLIN FOLLOWING THEIR ROUND OF THREE-WAY TALKS DURING THE DAY. AFTER THESE TALKS, INFORMED SOURCES SAID THE WESTERN ENVOYS HAD BEEN STANDING BY UP TO MIDNIGHT AND THERE WERE STRONG INDICATIONS THERE MIGHT BE A SECOND MEETING WITH THE SOVIET LEADER.

THIS AFTERNOON, FRANK ROBERTS, THE SPECIAL BRITISH ENVOY, AND FRENCH AMBASSADOR YVES CHATAIGNEAU CONFERRED WITH U.S. AMBASSADOR WALTER BEDELL SMITH IN THE LATTER'S OFFICE. THE MEETING FOLLOWED AN EARLIER SERIES OF THREE POWER CONFERENCES TODAY AND LAST NIGHT.

ALL THREE EMBASSIES HAD RECEIVED THE FIRST REACTIONS FROM THEIR HOME GOVERNMENTS ON THE MONDAY NIGHT CONVERSATIONS WITH STALIN AND WERE BELIEVED NOW IN A POSITION TO FORMULATE THEIR NEXT STEPS.

THE GIST OF THE REPLIES FROM WASHINGTON, LONDON AND PARIS TO THEIR ENVOYS' REPORTS OF THE FIRST CONVERSATIONS WERE CAREFULLY GUARDED SECRETS. IT WAS NOT KNOWN WHETHER ANOTHER MEETING WITH STALIN WOULD BE FOR THE PURPOSE OF GIVING THE REPLIES OF THE WESTERN POWERS TO SOVIET PROPOSALS.

IT WAS SAID ON GOOD AUTHORITY, HOWEVER, THAT THE TWO HOUR MONDAY NIGHT MEETING GOT DOWN TO THE BASIC ISSUES INVOLVED. THESE ISSUES ARE BELIEVED TO INCLUDE THE TRAFFIC SITUATION AT BERLIN AND EAST-WEST DIFFERENCES IN GERMANY GENERALLY.

IT SEEMED LIKELY, THEREFORE, THAT STALIN AT THE MONDAY MEETING HAD GIVEN THE WESTERN DIPLOMATS CONCRETE PROPOSALS FOR THEIR STUDY.

FRANCOIS SEYDOUX, POLITICAL AND DIPLOMATIC ADVISOR TO THE FRENCH MILITARY GOVERNOR IN GERMANY, HAS JOINED THE THREE-POWER DISCUSSIONS HERE, GIVING FURTHER EVIDENCE THAT BERLIN FIGURES IMPORTANTLY IN THE NEGOTIATIONS.

SEYDOUX TALKED WITH AMBASSADOR SMITH AND ROBERTS LATE YESTERDAY AND WENT INTO CONFERENCE WITH CHATAIGNEAU EARLY TODAY.

SMITH AND ROBERTS CONFERRED LATER AND IN THE AFTERNOON CHATAIGNEAU WENT TO SEE SMITH. AFTER THEY HAD BEEN TALKING ABOUT AN HOUR THEY WERE JOINED BY ROBERTS.

FIRST LEAD DAY RUSSIAN

BY EDDY GILMORE

MOSCOW, AUG. 5-(AP)-AMERICAN, BRITISH AND FRENCH ENVOYS IN THE RUSSIAN CAPITAL WERE STANDING BY TONIGHT AFTER LENGTHY TALKS THIS AFTERNOON AT THE U.S. EMBASSY.

THERE WAS NO OFFICIAL NEWS OF ANY DEVELOPMENT THUS FAR TONIGHT, BUT IT WAS SAID IN INFORMED QUARTERS THAT "DEVELOPMENTS WERE POSSIBLE."

[redacted]-A NEW APPROACH BY THE WESTERN POWERS--PROBABLY IN THE FORM OF A REQUEST FOR A NEW MEETING WITH PRIME MINISTER STALIN--MAY BE MADE SOON, A QUALIFIED SOURCE SAID TODAY.

THE AMERICAN, BRITISH AND FRENCH ENVOYS NEGOTIATING WITH THE RUSSIANS ON THE GERMAN SITUATION HAVE RECEIVED FIRST REACTIONS FROM THEIR CAPITALS TO MONDAY NIGHT'S TALKS WITH STALIN. THE REACTIONS ARE A SECRET. A HIGH AUTHORITY SAID THE REACTIONS WERE REVIEWED LAST NIGHT AT A THREE-POWER MEETING HERE.

IT IS NOT KNOWN WHETHER THE WESTERNERS INTEND TO ASK THE NEW MEETING WITH STALIN FOR THE PURPOSE OF GIVING THEIR ANSWER TO QUESTIONS DISCUSSED MONDAY NIGHT, OR TO NEGOTIATE FURTHER. IT IS BELIEVED LIKELY THAT THEY WANT TO GIVE THEIR ANSWER.

A GOOD AUTHORITY SAID THE THREE-POWER MEETING LAST NIGHT GOT DOWN TO BASIC ISSUES AND FINAL TERMS.

IT SEEMS PROBABLE THAT IN DISCUSSING THE ISSUES STALIN GAVE THE WESTERN ENVOYS HIS TERMS AND THAT THE RUSSIANS MIGHT CONSIDER FURTHER TALKS WITH THE PRIME MINISTER UNNECESSARY.

THE THREE ENVOYS MET AGAIN THIS AFTERNOON IN U.S. AMBASSADOR WALTER BEDELL SMITH'S OFFICE. SMITH AND THE FRENCH AMBASSADOR, YVES CHATAIGNEAU, HAD BEEN CONFERRING FOR ABOUT AN HOUR PREVIOUS TO THE ARRIVAL OF THE BRITISH EMISSARY, FRANK ROBERTS. EARLIER SMITH ALSO HAD A SEPARATE MEETING WITH ROBERTS.

U.S. AMBASSADOR WALTER BEDELL SMITH AND FRENCH AMBASSADOR YVES CHATAIGNEAU CONFERRED AT THE BRITISH EMBASSY WITH FRANK ROBERTS, THE SPECIAL BRITISH ENVOY.

ROBERTS, ACCOMPANIED BY BRITISH CHARGE D'AFFAIRES GOEFFREY HARRISON, WENT INTO ANOTHER CONFERENCE WITH SMITH AT THE AMERICAN EMBASSY AT NOON TODAY.

THE IMPORTANCE WITH WHICH BERLIN FIGURES IN THE TALKS WAS UNDERSCORED BY THE PRESENCE HERE OF FRANCOIS SEYDOUX, POLITICAL AND DIPLOMATIC ADVISER TO THE FRENCH MILITARY GOVERNMENT IN GERMANY.

SEYDOUX TALKED WITH SMITH AND ROBERTS AT THE BRITISH EMBASSY LATE YESTERDAY. TODAY HE CONFERRED WITH CHATAIGNEAU.

UP TO A LATE HOUR LAST NIGHT THERE WAS NO INDICATION THAT THE WESTERN DIPLOMATS HAD TRIED TO OBTAIN A SECOND APPOINTMENT WITH EITHER STALIN OR FOREIGN MINISTER V. M. MOLOTOV.

AT THEIR MEETING LAST NIGHT THEY POSSIBLY DISCUSSED WHETHER TO SEEK SUCH A MEETING IN ORDER TO PASS ON TO STALIN THE VIEWS OF THEIR HOME GOVERNMENTS.

RELIABLE SOURCES HERE SAID THERE IS A GOOD CHANCE FOR "AN AGREEMENT" BETWEEN THE WESTERN POWERS AND THE SOVIET UNION. THEY DID NOT SPECIFY ITS NATURE.

NIGHT LEAD UNDATED INTERNATIONAL
BY THE ASSOCIATED PRESS
--

THE RUSSIANS EASED SLIGHTLY THEIR FINANCIAL SQUEEZE ON BERLIN YESTERDAY (THURSDAY) AND SOVIET-CONTROLLED GERMAN NEWSPAPERS REFRAINED FROM MAKING ATTACKS ON THE WESTERN ALLIES. APPARENTLY THE RUSSIANS ARE AWAITING THE OUTCOME OF FOUR-POWER DIPLOMATIC MANEUVERING IN MOSCOW.

A BRITISH FOREIGN OFFICE SPOKESMAN IN LONDON REAFFIRMED THE WESTERN POWERS' INTENTION TO GO AHEAD SWIFTLY WITH PLANS FOR A WEST GERMAN GOVERNMENT THIS FALL.

THERE HAS BEEN MOUNTING SPECULATION THAT THE RUSSIANS HAVE SET DEFERMENT OF THOSE PLANS AS THEIR PRICE FOR A SETTLEMENT IN BERLIN AND THE HOLDING OF NEW FOUR-POWER TALKS ON EAST-WEST DIFFERENCES IN EUROPE.

IN MOSCOW, AMERICAN, BRITISH AND FRENCH DIPLOMATS CONFERRED AT THE U.S. EMBASSY. THEY WERE BELIEVED FORMULATING PLANS FOR ANOTHER MEETING WITH SOVIET PRIME MINISTER STALIN. THE ENVOYS FROM ALL THREE COUNTRIES HAVE RECEIVED THE FIRST REACTIONS FROM THEIR HOME GOVERNMENTS ON THE CONVERSATIONS THEY HAD MONDAY NIGHT WITH STALIN. THE GIST OF THE REPLIES FROM WASHINGTON, LONDON AND PARIS WAS SECRET.

BY EASING THEIR FINANCIAL RESTRICTIONS IN BERLIN THE RUSSIANS INDICATED THEY MAY BE WILLING TO WORK OUT A COMPROMISE OF THE EAST-WEST CURRENCY DISPUTE THERE.

CHARLES GIFFARD, BRITISH FINANCE OFFICER, TOLD REPORTERS THE ANTI-COMMUNIST BERLIN CITY GOVERNMENT HAD REACHED AN AGREEMENT WITH THE RUSSIANS FOR THE RELEASE OF ENOUGH FUNDS FROM BLOCKED RUSSIAN MARK ACCOUNTS TO MEET ITS WEEKEND PAYMENTS. A SIMILAR AGREEMENT WAS REACHED FOR BUSINESS FIRMS IN THE WESTERN SECTORS OF THE CITY, HE SAID. AUG

ASKED WHY THE RUSSIANS SHOULD SUDDENLY SWERVE FROM THEIR APPARENT AIM OF ACHIEVING A FINANCIAL MONOPOLY IN THE CITY, HE SAID:

"THEY APPARENTLY DID NOT WANT TO BRING THINGS TO A HEAD IN BERLIN WHILE NEGOTIATIONS WERE GOING ON ELSEWHERE (IN MOSCOW)."

THE FIRST OPEN BREAK IN BERLIN COMMUNIST RANKS OVER THE LAND BLOCKADE WAS REPORTED. THE YOUTH SECTION OF THE COMMUNIST-CONTROLLED SOCIALIST UNITY PARTY (SED) HELD A STORMY MEETING IN THE AMERICAN SECTOR OF THE CITY AND CONDEMNED THE BLOCKADE AS A "CRIME AGAINST HUMANITY."

SOME GERMAN NEWSPAPERS SAID THE BLOCKADE WAS BOOMERANGING, CAUSING INDUSTRIAL SHORTAGES AND HUNGER DEMONSTRATIONS IN THE SOVIET OCCUPATION ZONE.

THE DANUBE CONFERENCE IN BELGRADE HEARD A UNITED STATES DEMAND THAT THE WESTERN POWERS BE GIVEN AN EVEN BREAK WITH COMMUNIST COUNTRIES IN THE TRADING FACILITIES OF EUROPE'S MOST IMPORTANT INLAND WATERWAY. THE AMERICAN PLAN HAS LITTLE CHANCE OF ACCEPTANCE IN VIEW OF THE TOP HEAVY MAJORITY OF COMMUNIST-BLOC COUNTRIES AT THE CONFERENCE.

THERE WERE FRESH DIPLOMATIC DEVELOPMENTS IN THE MIDDLE EAST. ISRAEL'S GOVERNMENT MADE ITS FIRST DIRECT BID FOR PEACE NEGOTIATIONS WITH THE ARAB STATES. THE PROPOSAL WAS PLACED BEFORE COUNT FOLKE BERNADOTTE, UNITED NATIONS MEDIATOR, BY FOREIGN MINISTER MOSHE SHERTOK. THE JEWISH MOVED FOLLOWED HINTS BY TRANS-JORDAN'S KING ABDULLAH, KEY FIGURE ON THE ARAB SIDE, THAT HE IS READY TO CONSIDER A COMPROMISE. AUG 1948

WESTERN POWER DIPLOMATS TALKED TOGETHER AGAIN IN MOSCOW TODAY BUT GUARDED CLOSELY THE SECRET OF WHAT PRIME MINISTER STALIN TOLD THEM MONDAY. COMMUNISTS-REMINGTON

WASHINGTON,AUG.5-(AP)-SAMUEL KLAUS, A GOVERNMENT LAWYER, SAID TODAY HE TOLD THE COMMERCE DEPARTMENT OFFICIALS WILLIAM W.REMINGTON WAS THE SUBJECT OF "AN ACTIVE INVESTIGATION FOR ESPIONAGE" WHEN THEY HIRED HIM.

KLAUS IS NOW WITH THE STATE DEPARTMENT. AT THE TIME OF REMINGTON'S EMPLOYMENT HE WAS ON LOAN TO THE COMMERCE DEPARTMENT.

KLAUS SAID HE TOLD DAVID BRUCE, THEN ASSISTANT SECRETARY OF COMMERCE, THAT HE HAD DOUBTS ABOUT WHETHER REMINGTON SHOULD BE PLACED IN A CONFIDENTIAL POSITION. HE SAID BRUCE PROMISED TO INVESTIGATE.

REMINGTON, NOW ON SUSPENSION, WAS NAMED BY ELIZABETH T.BENTLEY AS ONE OF THE GOVERNMENT WORKERS WHO IN WARTIME GAVE HER SECRET INFORMATION TO CARRY TO A COMMUNIST SPY RING.

AUG 1948

KLAUS TOLD HIS STORY TO A SENATE INVESTIGATING COMMITTEE HEADED BY SENATOR FERGUSON (R-MICH), WHICH AFTER A WEEK'S EFFORT OBTAINED FROM THE COMMERCE DEPARTMENT REMINGTON'S PERSONNEL RECORDS.

MATTHEW HALE, ASSISTANT SOLICITOR OF THE DEPARTMENT, WHO TURNED THE RECORDS OVER, SAID HE HAD REMOVED FROM THEM ANYTHING BEARING ON REMINGTON'S LOYALTY.

KLAUS TOLD THE COMMITTEE HE HAD BEEN LOANED TO THE COMMERCE DEPARTMENT TO HELP SET UP THE EXPORT LICENSING PROGRAM. HE SAID HE WAS CONCERNED PRINCIPALLY WITH ITS OPERATION AND INCIDENTALLY WITH THE LOYALTY OF PERSONNEL.

HALE WAS PUT ON THE STAND AFTER KLAUS AND TESTIFIED THAT "LOYALTY DATA" WAS STRIPPED FROM REMINGTON'S FILE ON WHITE HOUSE ORDERS. PRESIDENT TRUMAN HAS DECLINED TO LET CONGRESSIONAL COMMITTEES HAVE SUCH DATA.

HALE SAID HE STRIPPED THE FILE ON INSTRUCTIONS FROM CLARK CLIFFORD, ONE OF MR.TRUMAN'S ADVISORS.

"WAS THIS FILE IN THE WHITE HOUSE BEFORE IT WAS STRIPPED?" DEMANDED FERGUSON.

"I PREFER NOT TO ANSWER THAT," HALE REPLIED SLOWLY.

FERGUSON AND SENATOR MCCLELLAN (D-ARK) REPEATED THE QUESTION NUMEROUS TIMES, AND ASKED WHY HALE COULD NOT REPLY.

"THAT'S A CONFIDENTIAL MATTER BETWEEN THE SECRETARY OF COMMERCE AND THE PRESIDENT," HALE FINALLY SAID.

Reds Hint Allied Planes May Be Forced Down

BERLIN, Aug. 6—(AP) The official Soviet news agency charged tonight that British and American airplanes violated flight regulations 62 times in five days and hinted that planes committing violations can be forced to land.

This was the first time since the start of the big Anglo-American aerial supply operation into Soviet-blockaded Berlin that the Russians have mentioned the possibility of forcing planes down.

Previously, the Russian-controlled press had talked of declaring closed one or two of the three air corridors to Berlin from western Germany.

The official Russian agency ANB said there are specific regulations for forcing down planes which fly over unauthorized areas.

The agency said the 62 violations occurred between July 31 and Aug. 4, and consisted of low-level flights over Soviet airports and towns.

On the currency front, western occupation authorities announced that attempts to reach satisfactory arrangements for the release of blocked east-mark accounts "have now be brought to nothing because of the insistence of the bank of issue (in the Russian sector) upon clearly unacceptable conditions.

Consequently, the three western powers authorized loans in west-marks for western sector firms whose east-marks have been blocked so they could pay wages.

The British said yesterday the Russians had relaxed the money blockade to the extent of releasing enough funds for the city government to meet its week-end payments. However, it was reported tonight that the city had only been able to get a trickle of its estimated needs.

The official Soviet news agency reported tonight that the Russians handed a note to the British yesterday protesting against "organized currency speculation" in the British sector.

According to the agency, the Russians demanded the immediate closing of German-operated currency exchange offices which recently were opened in the western sectors. The agency described Berlin as "lying within the Soviet zone and economically part of it."

Evening newspapers said one west-mark brought two marks, 40 pfennings of Soviet-issued currency, while it took two marks, 70 pfennings of Russian money to buy one west-mark.

Supply difficulties resulting from the Soviet blockade of Berlin prompted French authorities to announce today they were evacuating "as many French families as possible" from the city. INSERT

An official statement denied reports that French occupation troops or military government officials also were being withdrawn. The statement said:

"No member of the French garrison has left his post. The strength of the garrison remains the same as it was a year ago."

The statement was issued in reply to published reports which claimed 90 per cent of French military government officers had left Berlin. Russian-controlled newspapers have repeatedly reported large-scale evacuations and even claimed the French were going to give up their occupation sector in the city. That has been officially denied.

The Russian Zone of Germany, which reportedly is suffering extensive food shortages, today received a promise of increased rations if the new harvest comes up to expectations.

The Soviet-licensed news agency ADN quoted Heinrich Rau, chairman of the Communist-controlled German Economic Commission, as saying rations might be raised 150 or 200 calories daily for the zone's 17,000,000 Germans if the harvest is good.

American officials estimate the basic ration in Russian zone cities is between 1,300 and 1,400 calories daily, or about 40 per cent below that in the U. S. and British zones.

Western-licensed newspapers recently have reported hunger demonstrations in the Soviet zone which required police intervention. The reports have not been denied by the Russian-controlled press.

9 In 10 Berliners Think U.S. Exodus Would Affect Lives

G. BRIA

Berlin, Aug. 6 (AP)—Nine out of ten Berliners in the American zone believe their own lives could be affected if the Americans left the city, a United States Military Government public opinion survey said tonight.

About half of those interviewed expressed a personal fear of the Russians.

Fifty-one per cent of the women and 41 per cent of the men interviewed, the survey said, replied with such statements as "life would be intolerable under the Russians" and "it would be impossible for me to remain here. I know the Russian methods."

Fear Of Material Loss

Their fear seemed to increase with the educational level of the person questioned. Fifty-two per cent of those having more than nine years' schooling expressed a personal fear—as compared with 45 per cent among those who had eight years or less of schooling.

Ideological reasons for wanting the Americans to stay in Berlin were higher among men than women, the poll showed. Twenty-six per cent of the men and twelve per cent of the women mentioned their dislike of communism. Nineteen per cent of the men and seventeen per cent of the women expressed a fear of material losses if the Americans left the city.

The more educated group was less fearful of such losses than those with little schooling.

Suspicious Of Soviet Offer

One fourth of those questioned believed Berliners could stand the Russian blockade restrictions "for a long time or unlimitedly" without morale being lessened. More than one half of them calculated their morale would remain high until winter. Less than one fourth estimated they could hold out a month without their morale being affected.

Typical comments of those who felt they could stand it indefinitely were:

"We'll hold out as long as we must."

"As long as the Western Allies stay in Berlin."

"As long as the West gives Berliners a belief that there is some point in holding out."

The poll showed a large majority were in favor of continuing the Allied air-lift operation. An even larger group was suspicious of the Russian offer to feed the whole city.

Berlin Sends Flowers To Widows Of Flyers

Frankfurt, Germany, Aug. 6 (AP). One of the planes ferrying food and supplies to Soviet-blockaded western Berlin carried a return cargo today—boxes of flowers.

The flowers were gifts from Berlin citizens to the widows of two American air lift flyers who were killed in a crash here July 25. They were Lieut. Charles H. King, Britton, S.D., and Lieut. Robert W. Stuber, Arlington, Cal. The flowers were presented to the widows at Wiesbaden.

The bouquets bore notes of sympathy. One said: "In bringing us life, you gave yours."

New Conference With Molotov Called 'Very Thorough'

E. GILMORE 4

Moscow, Aug. 6 (AP)—British and French envoys will hold more meetings with Russian officials before any final agreements materialize as a result of the current four-power talks, it was learned tonight.

A highly informed source said there may be another conference with the Russians tomorrow, but this is unlikely. A meeting Sunday seems more probable, the source said. D. P. WHITNEY

Today's conference with Vyacheslav M. Molotov, Foreign Minister, was described as "very thorough." It lasted three hours. Prime Minister Stalin was not present.

At the meeting Walter Bedell Smith, United States Ambassador; Yves Chataigneau, French Ambassador, and Frank Roberts, special British envoy, visited the Kremlin for another try at solving East-West differences.

No Need For Pessimism

It appeared tonight that several more meetings may be in order before the current conversations come to an end. It was almost a certainty they would continue into next week.

Although the going may seem slow, it was learned on excellent authority that there is no need for pessimism. In fact, the opposite is true. It was learned that the Western power negotiations with Molotov are proceeding smoothly.

The Western envoys' conference with the Soviet Foreign Minister today lasted an hour longer than their meeting last Monday with Stalin. They emerged from it smiling but noncommittal.

"We met with Molotov. No comment," Smith said.

Obviously in a hurry to confer with his colleagues, he shifted his bulging brief case from hand to hand.

Notes And Ideas Compared

Roberts, right behind Smith, replied to questions:

"You heard what he said, didn't you—no comment."

Chataigneau was all smiles and said nothing.

All three went directly to the American Embassy where they compared notes and ideas.

(London dispatches said diplomatic circles there believed the three western powers had submitted specific questions which they believed should be discussed at a new four-power conference on Berlin, Germany and perhaps Europe.

(The dispatches said an announcement may be made this weekend of the time, place and scope of a new meeting of the foreign ministers council. State Department spokesmen in Washington said no agreement on such a meeting has yet been reached.

(A meeting of Secretary of State George Marshall, Soviet Foreign Minister V. M. Molotov, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman might be preceded by a get-together of their deputies to lay the groundwork.

(The last two meetings of the foreign ministers council—in Moscow, March 10 to April 25, 1947, and in London, Nov. 25 to Dec. 15, 1947—ended in a deadlock on peace treaties for Germany and Austria.)

A battery of code clerks was standing by at the American Embassy along with the secretarial staff.

Immediately after the three diplomats had reviewed what was said and agreed upon—if anything—at the Kremlin conference it was expected messages would start flying back to Washington.

Clerks and secretaries also were standing by at the British and French embassies.

In Smith's office as the session started was Foy Kohler, the embassy's minister counsellor, and Geoffrey Harrison, British *chargé d'affaires*.

Embassy Works At Top Speed

Ambassador Smith called on Molotov at the Kremlin at 5 P.M. He went alone.

Roberts and Chataigneau entered the Kremlin gates immediately behind him. Roberts and Chataigneau were accompanied by their interpreters.

It was not until after 8 P.M. that they came out.

Since the three envoys saw Stalin for two hours and fifteen minutes Monday night they had reported the results to Washington, London and Paris and received new instructions on the basis of their reports.

Wednesday evening, all day yesterday and this morning were spent in repeated conferences among themselves while messages passed back and forth among the three powers and their representatives here in an effort to get together on an answer to the Russians.

During this period the American Embassy worked at top speed handling the volume of urgent messages to keep Washington informed of latest developments.

Roberts Calls On Smith

But as yet absolutely nothing had been disclosed as to the essential features of any possible agreement between the Western powers and Russia as to the holding of a Big Four conference or anything else.

The last of these conferences was this morning when Roberts called on Ambassador Smith at the unusual early hour of 10.30. Roberts, private secretary to Ernest Bevin, British Foreign Secretary, came here especially for the conversations. He was carrying a heavy brief case as he went in to see Smith and looked tired and harassed. He was with Smith half an hour.

Up to a late hour last night the Western diplomats apparently

expected to have various minor matters ironed out among themselves. The necessary word from the home capitals did not come through, however, and any thought of an appointment with Molotov had to be abandoned until today.

MOLOTOV GETS ALLIES' REPLY ON BERLIN ROW

Western Envoys Refuse to Comment After 3-Hour Kremlin Session.

BIG 4 TALK HAS BEEN HINTED

Washington Discounts Reports Meeting Is Set but Won't Deny Its Likelihood. (U)

Moscow, Aug. 6 (A. P.).—The United States, Britain and France gave their reply to the Soviet Union on the Berlin and other questions in a three-hour discussion with Soviet Foreign Minister Molotov last night.

The three Western representatives went at once to the American Embassy after the meeting.

"We met with Molotov," said United States Ambassador Walter Bedell Smith. "No comment."

He juggled his briefcase from one hand to the other, obviously anxious to get to work with his colleagues.

[The Russian-licensed newspaper National Zeitung had said earlier that the Western envoys were seeing Molotov to "fix the time and place for a new Four-Power conference."]

All three envoys—Smith, Frank Roberts of Britain and Ambassador Yves Chataigneau of France—were non-committal as they left the Kremlin.

Session Hour Longer.

The Kremlin session was about an hour longer than the envoys' Monday night conference with Prime Minister Stalin.

Smith had arrived at the Kremlin first, followed by Roberts, who is secretary to British Foreign Secretary Bevin, and Chattaigneau. The envoys had conferred ending the Soviet blockade of Berlin and resolving other East-West differences.

The three Western representatives were smiling and in good spirits, as they were after the Monday night session. They met again in Smith's offices.

The Kremlin conference started at 5 P.M. (9 A.M. E.S.T.).

Stalin Believed Absent

Stalin was not believed present at this meeting, which the Western diplomats had sought with the Foreign Ministers.

Meanwhile informed quarters report the three Western powers may make a new approach for the settlement of East-West problems.

Nothing has been officially announced about the new approach, but it is felt it may be to Molotov before the envoys of the United States, Britain and France go on to see Prime Minister Stalin again.

British Diplomat Sees Smith

Informed quarters said it was hoped that the last small differences among the United States, Britain and France over an agreement to be presented the Russians would be ironed out this morning.

Britain's special representative, armed with a stuffed briefcase, called on Ambassador Smith early today.

The Western envoys had stood by until after midnight today, apparently awaiting a second conference with Stalin, but it failed to materialize.

Observers noted that Roberts had chosen an unusually early diplomatic hour—10.30 A.M.—to call on Smith. The later arrived at his desk at 9.30 this morning. Roberts, who came direct from the British Embassy, looked tired, but said he had slept well.

The three diplomats conferred at length yesterday on their next steps in the East-West crisis. Their respective embassies all have received the first reactions from their home governments on the Monday night conversations with Stalin, and are believed in position to plot their next moves.

In London, a British Foreign Office spokesman reaffirmed last night the West's intention to proceed with plans for a western German Government this fall.

Context Kept Secret

[There has been mounting speculation in the British capital that the Russians have demanded deferment of these plans in return for a settlement of the Berlin deadlock.]

Roberts and Chataigneau conferred with Smith last night in the latter's office. The meeting followed an earlier series of conferences yesterday.

The context of the replies from Washington, London and Paris to their envoys' reports of the Stalin talks were kept secret and it was not known whether another meeting with the Soviet Prime Minister would be for the purpose of giving the replies of the Western powers to Soviet proposals.

French Advisor Joins Talks

It has been reliably reported, however, that Monday's meeting dealt with the Berlin situation and East-West differences in Germany generally.

Francois Seydoux, political and diplomatic advisor to the French military governor in Germany, had joined the three-power talks here. This would indicate that Berlin figures prominently in the negotiations.

Spaak Going To London

Announcement that Belgian Premier Paul-Henri Spaak is going to London today to confer with British Foreign Secretary Ernest Bevin strengthened belief in British circles that the six-power agreement on western Germany is a focal point in the Moscow talks.

Belgium is one of the six countries which agreed with Britain, the United States, France, the Netherlands and Luxembourg several months ago to establish a West German government.

Delay in forming such a government would complicate plans for incorporating Germany into the European Recovery Program.

Reaction In London To Talks (N)

London, Aug. 6 (AP)—Diplomatic observers said tonight they believed the Western powers delivered concrete proposals to the Kremlin tonight concerning topics to be discussed at a projected Big Four meeting.

The informants said they thought this was the main purpose of the talks the United States and French ambassadors and the special British envoy to Moscow had with Vyacheslav M. Molotov, Soviet Foreign Minister. The three Western envoys conferred with Prime Minister Stalin Monday night.

Cloak Of Strict Secrecy

It was assumed here that Stalin had asked the Western diplomats what precisely they had in mind in suggesting new talks about outstanding East-West differences. Thus today's Kremlin meeting was a crucial one in the Western powers' bid to settle the Berlin impasse, the informants said.

The Moscow negotiations have been placed under a cloak of strict secrecy by the four powers. A British source, expressing his personal opinion, advised newsmen to remain in London tomorrow and Sunday.

Belgian Premier In London

Diplomats said they expect a Big Four communiqué this week end announcing a new meeting of the Foreign Ministers Council. However, a United States State Department official in Washington said "no arrangements have been made."

The last two council meetings, in Moscow and London, ended in disagreement. One British source said the deputy Foreign Ministers probably would meet before their chiefs to lay the groundwork for the conference of Gen. George C. Marshall, Secretary of State; Molotov, Ernest Bevin, British Foreign Secretary, and Robert Schuman, French Foreign Minister.

British newspapers again reported that Russia has asked the West to halt or slow down plans to set up a west German government as the Soviet price for a Berlin settlement and a new Big Four meeting.

The Foreign Office refused to confirm or deny that report. British informants said, however, that even if the Moscow negotiations have not gone that far yet, the British definitely expect such a request to be made.

Some observers said that is why Paul-Henri Spaak, Belgian Premier, is in London. Spaak is a central figure in the Benelux alliance which in turn is a party to the West German plan.

Other Pressing Problems

The British have reported that the approach to Russia will be broad enough to take in discussions of European as well as exclusively German issues. The most pressing non-German problems have to do with a peace settlement with Austria and a decision about the future of Italy's prewar empire.

If the Big Four does not reach a decision on the Italian colonies by September 13 the United Nations General Assembly will inherit the headache.

If agreement is reached on holding new Big Four talks a quick and maybe complete easement of the Berlin situation is expected. It was predicted that road, rail and canal links between Berlin and western Germany would be restored, since the Western powers have made the lifting of the Soviet blockade a prerequisite to any four-power conference on Germany.

New Big 4 Talks Forecast (N)

London, Aug. 6 (AP)—Diplomats said today they expect a big-four communiqué this week end announcing a new meeting of the Foreign Ministers' Council.

They predicted the announcement would set the time, place and scope of a meeting of Secretary of State Marshall, British Foreign Secretary Bevin, Russian Foreign Minister Molotov and French Foreign Minister Schuman.

Meanwhile, at Berlin, the Russian-licensed newspaper *National Zeitung* said today the diplomatic representatives of the three Western allies intend to see Molotov today to "fix the time and place for a new four-power conference."

End Of Blockade Demanded

The Western powers have said repeatedly no such conference would take place unless the Russians lift their land blockade of Berlin. The squeeze has been on there since late June.

The British Foreign Office maintained official secrecy on diplomatic work in Moscow, where Western power envoys talked with Premier Stalin Monday.

An informed British source, however, said his personal opinion was that a Foreign Ministers' Council meeting would be announced. If normal procedure is followed, such an announcement would be made simultaneously in Washington, London, Moscow and Paris.

Last Two Broke Up

The last two council meetings, in Moscow and London, ended in disagreement.

The West-East deadlock over Berlin and the future of Germany is believed certain to be the main topic, but other business is expected to come up.

A British informant said the Deputy Foreign Ministers probably would meet before their chiefs to lay groundwork for the council talks.

Big Four Reports Discounted.

Washington, Aug. 6 (A. P.).—Michael J. McDermott, State Department press officer sharply discounted today reports that the Western Powers and Russia have agreed to announce plans this week end for a Big Four Foreign Ministers meeting on Germany and other problems.

McDermott said "No arrangements have been made."

He did not rule out the possibility of such a joint statement or make any denial that a Big Four Foreign Ministers meeting might be held soon.

McDermott told a news conference he had noted that a new meeting of Western Ambassadors with Soviet Foreign Minister Molotov was reported in press dispatches from Moscow, but said he had no official confirmation of it.

The implication of what McDermott said fitted into information obtained privately from responsible diplomatic informants here. This is that the probability of an agreement between Russia and the West to end the Berlin stalemate and hold a meeting of the Council of Foreign Ministers very soon is highly rated in Washington. However, prior to today's session in Moscow there was no signed agreement to that effect, and Western diplomats feel they cannot count on any arrangement for a Foreign Ministers meeting as definite until the time, place and other details are worked out and either Molotov or Stalin has said definitely that the Russians will participate.

Air Force Unit in Britain

105 Are First to Arrive by Ship From U. S. Since War

SOUTHAMPTON, Eng., Aug. 6 (AP).—Five officers and 100 men of the United States Air Force disembarked here today for special duty in Britain.

They were the first Air Force men to come to Britain by sea since the war. They left the United States thinking they were going to Bremerhaven, Germany, but their transport, the General Stuart Heintzelman, was diverted to Southampton.

The men, under command of Captain Ira E. Bishop, of Dyersburg, Tenn., are trained in administration and supply of transport planes. They will be stationed at a B-29 base at Warrington, Lancashire.

NEW FINANCIAL POWER ASKED FROM FRANCE

Marie Seeks Authority To Cope With Current National Problem (N)

Paris, Aug. 6 (AP)—André Marie's new Government today sought emergency powers from the National Assembly to cope with France's financial problems.

Coupled with an economic reform bill presented to the Finance Committee of the Assembly was the admission that to all practical effect France is broke.

The measure is politically explosive and the chances are that Premier Marie may be forced to demand a vote of confidence in his 10-day-old Government before Assembly debate is concluded.

Bureaucracy Reduction

The bill proposed in general terms:

1. Reductions in France's sprawling bureaucracy, civil as well as military.

2. Tax reform, including possible increases in levies on business.

3. Reorganization of many nationalized and semi-nationalized agencies and industries, such as the railroads, banks, automobile and airplane factories.

4. Authority for the Government to order its reforms by decree without specific legislative action.

Assailed In Communist Press

The latter point was expected to touch off a furious debate. Already the Communist press has had that point under fire.

The bill carefully avoided being specific as to what reforms the Government intends to carry out. It was largely formluated by Paul Reynaud, Finance Minister.

Under the bill the Cabinet would have sweeping control over "the use of energy and distribution of raw materials" and the fixing of prices.

Reynaud told the Finance Committee his main targets were to step up agricultural and industrial production, restore confidence so Frenchmen would invest in Government securities, increase exports by reducing prices and develop tourist trade.

Scores Of Farben (N) Plants To Be Sold

O'LEGAN

Frankfurt, Germany, Aug. 6 (AP). American and British authorities announced today that scores of plants of the huge I. G. Farben chemical combine will be offered for sale soon.

One United States officer estimated the number of properties involved at "about 50."

An announcement said the sale is designed to keep the billion-dollar trust from being reconstituted and added:

"The independent units that are to be established will be required to operate independently and in competition with each other."

German authorities will carry out the sale. For the time being only the properties in the American and British occupation zones will be affected. However, French authorities have been notified of the plan and are expected to follow suit.

The action was taken by the Americans and British independently of the Russians. It represents a break in the former four-power control of the vast Farben industrial empire.

"A similar procedure can be followed in the Soviet zone by parallel action if Soviet authorities so desire," the announcement said.

Allies to Cut Up Farben Cartel

Scores of Plants in Bizonia Will Go on Sale— (D) Germans to Conduct Dispersal

Frankfurt, Aug. 6 (A. P.)—British and American authorities set out today to chop the giant I. G. Farben chemical cartel into small pieces. Their plans are intended not only to break up the billion-dollar trust, but to keep it that way.

"One of the objectives of military government in the combined economic area (Bizonia) is that the I. G. Farben empire shall not be reconstituted," an Allied announcement said.

"The independent units that are to be established will be required to operate independently and in competition with each other in accordance with the requirements and as part of the overall economic German industrial program."

Scores of Farben plants soon are to be offered for sale. One United States officer estimated the number at "about fifty," but said he did not have the exact figure.

Sales by Germans.

Sales of the properties—now split into independent units by four-Power order—will be carried out by German authorities. For the time being, the sales will affect only properties in the British and American zones, but French authorities have been notified and are expected to follow suit.

The action was taken by the British and Americans independently of the Russians. It represents a break in the former quadripartite control of the vast Farben cartel. American quarters said the action was taken because four-Power rule of Germany has collapsed by reason of Soviet actions.

The new plan for control of Farben, thirteen directors of which were convicted and sentenced for war crimes last week at Nuernberg, calls for:

1. Establishment of a British-American control board.

2. Creation of a six to eight-man German I. G. Farben dispersion panel.

Since United States and British military governments consider "dispersal" of the trust to be basically a German job, decisions will be left to them "wherever possible."

The German panel will have several major tasks.

First, it will be ordered to divide up the operating elements of Farben properties where this has not already been done. These properties will be split "into separate independent and competitive operating units where properties can be economically and logically so established." A group of German trustees will be appointed for each unit, and are to organize each unit into a corporation.

Must Get Approval

Second, the German panel will carry through steps for disposal of stock in new corporation. All steps, however, have to be approved by the British-American Control Board.

Another German group will be set up "to represent the interest of creditors and stockholders of I. G. Farben and its controlled companies." This group will make recommendations on how creditors should be paid, and whether old stockholders can obtain shares in the new corporations.

The Allied announcement stressed that the British-American control board "will retain over-all responsibility for administration of Farben assets." It said the board will have veto power over the German dispersal panel to insure accomplishment of the board's plans.

Wiesbaden, Germany, Aug. 5 (AP). Three United States B-29's took off here last night on a non-stop flight to the Smoky Hill Air Base in Kansas. The planes carried extra fuel tanks for the hop. They had been on temporary duty here and are returning to their home base.

Bomb Failed In '43 Hitler Plot, German Says

Frankfurt, Germany, Aug. 6 (AP). *Stars and Stripes*, Army newspaper, tonight quoted a German as saying Adolf Hitler escaped death in 1943 when bombs failed to explode in Hitler's plane.

The German, Joseph Muller, deputy minister president (governor) of Bavaria, gave no other details. He told a news conference, the newspaper said, that failure of the bombs to explode ended efforts of the German underground to effect a peace through the Vatican.

Muller, who had an audience with Pope Pius on a recent trip to Rome, said underground efforts for peace had been made as early as 1939.

He said the Pope had authorized him to say that the Pontiff extended his blessings to Germany and her people.

Army Lifts Ban on Women In Quarters in Germany

FRANKFURT, Aug. 6 (AP).—American soldiers in Germany henceforth may entertain women in bachelor quarters.

A European Command directive today rescinded a previous ban in force since January, 1947, with the exception that guests of the opposite sex still cannot be entertained in Army barracks.

The new directive said: "Since military and civilian personnel in the European Command are representative of the United States, good taste and the requirements of the mission place on all personnel a responsibility to conduct themselves in a manner reflecting favor upon the United States. Consequently, two or more guests should be present when members of the opposite sex are entertained."

Protest in French Zone

Government Resigns in State of Wuerttemberg-Hohenzollern

TUEBINGEN, Germany, Aug. 6 (AP).—The German government in the French-zone state of Wuerttemberg-Hohenzollern resigned today. The action was in protest, officials said, against reparations and other demands of the French Military Government.

The German government, headed by Professor Karlo Schmid, acting state president, said it would continue in oce until its successor was chosen by the state Parliament.

Government speakers told Parliament today that the French demands were excessive to a point that it was impossible to fulfill them. The state's trade unions said they had called a one-day strike for Monday in protest against the reparations.

German Money Makers

Jailed Ring Turned Out $5 Notes Able "to Fool Americans"

FRANKFURT, Aug. 6 (AP).—A German counterfeiting ring was jailed today. It had turned out fake American $5 bills which a military government official described as "good enough to fool many Americans."

The ring produced about 700 notes, and sold most of them after the recent currency reform for twelve new deutschemarks each (about $3.50).

Prosecutors told a Military Government Cour that Helmut Enders had manufactured the imitations after only a year's experience in a photo laboratory and print shop. He was sentenced to twelve years in prison. The other defendants drew sentences ranging down to six months.

REBEL REGIME FLEES GREECE, ATHENS HEARS

Markos's 'Provisional Government' Reported Gone To Albania

Athens, Aug. 6 (AP)—The "provisional government" of Markos Vafiades was reported to have fled into Albania today as Greek troops laid a 30-mile semi-circle of fire around the last bit of territory held by Communist rebels.

Press dispatches said the guerrillas mounted seven fierce counter-attacks on the east side of the perimeter to hold open their last remaining supply route to Albania along the Aliakmon River through Sliminitsa. The counterattacks against Government positions on captured Amoida ridge east of the route were repulsed, a Government communique said. Press reports said the guerrilla "government" then crossed the border at Sliminitsa.

Machine-Gunned From Air

Reports from the front said National forces were relentlessly pursuing the rebels, whose retreating columns were being machine-gunned from the air as the American-advised troops drove to finish the two-year civil war.

The Greek general staff reported 45 guerrilla dead were counted at Steno where 110 rebels surrendered. The army captured enough armament and weapons to equip two battalions. It also took 200,000 rounds of ammunition.

A reliable military source said Government troops crossed the Sarandaporos River at two points after the capture of Assimohori, a vital supply point.

This source said the guerrillas were believed to be trying to bring in reinforcements from Albania.

Markos Flees To Albania

Athens, Aug. 6 (AP)—Communist Leader Markos Vafiades and his rebel government were reported in press dispatches to have fled into Albania before the surging Greek offensive in the Grammos Mountains.

Greek divisions have compressed his insurgent territory adjoining Albania to an area containing only four villages of any size. The rebels started seven counter-attacks, but all were beaten down.

A communique said Markos's forces mounted their attacks in the Nestorian area in an effort to hold the vital Aliakmon River valley following the loss of Steno yesterday. Steno was the key to Markos's supply route from Albania.

National forces followed up their most successful week of the two-year war with advances so swift they were unable to tabulate enemy dead and captured war booty, the communique said.

Reported In Flight

Earlier, remnants of Markos's men were reported fleeing toward Albania after a 48-hour hammering by Greek Army forces.

Front-line dispatches today said the army is pushing forward supplies and equipment quickly in an effort to prevent Markos from regrouping.

The spokesman said Government forces seized Kastaniani, Pyrosoyanni, Kantzikon and Langada yesterday, clearing the whole area south of the Sarandaporos River of guerrillas.

The four villages still reported rebel bands are at Aetomilitsa, Lykorrachi, Assimohori and Grammos itself, barely a mile from the Albanian border.

Ignore U.S. Danube Plan, Soviet Says

Belgrade, Yugoslavia, Aug. 6 (AP). Russia asked the Danube conference today to brush aside American proposals and concentrate instead on a Soviet plan to place the river under the exclusive domination of eastern Europe's Communist states.

In making this move Andrei Y. Vishinsky, Soviet Deputy Foreign Minister, also rejected a British proposal that the International Court at The Hague be asked to determine the present validity of previous Danube agreements.

With the Communist states in the majority and voting as a bloc, the acceptance of the Russian plan was regarded as certain. The test will come tomorrow on the question of adopting a working draft for a new Danube convention to replace the 1921 Paris accord.

11-Member Board

The United States, with British and French support, is advocating the creation of an eleven-member Danube control board which would include representatives of the three major Western powers, Austria and eventually Germany. Under the Soviet plan the Western powers would be excluded from the board. The American plan also would make navigation of the Danube free and open to the commercial vessels and persons of all nations on a footing of equality.

Vishinsky said the American plan would violate the sovereign rights of the Danube countries to keep control of waters along their own shores. He scoffed at a Western proposal that the control board should work closely with the United Nations.

Dollar Diplomacy Asked

Disagreeing with a Western contention that the United Nations should have been permitted to send observers to the conference, Vishinsky said:

"We don't need a supervisor or governess here to see that the little boys are not naughty."

Ana Pauker, Romanian Foreign Minister, accused the United States of trying to use "dollar diplomacy" to obtain a strong position in the Danubian basin.

Romania Hits U.S. Plan On Danube

Belgrade, Aug. 6 (AP)—Foreign Minister Ana Pauker, of Romania, accused the United States today of trying to use "dollar diplomacy" to obtain a strong position in the Danubian basin.

"We know what has happened in Greece, in China, in Italy and in France," she told an eleven-nation conference on the control of Danubian shipping.

"We do not desire and we will not permit dollar diplomacy to lead to similar conditions in our countries."

Cites Protest By U.S.

She cited a protest lodged yesterday by Cavendish Cannon, American Ambassador, against the formation of joint shipping companies which Russia has set up with several neighboring states. She claimed this protest constituted an American effort to interfere in the internal affairs of the Danubian states.

Romania wholeheartedly indorsed the Russian plan for a new international regime over the Danube which would be under the exclusive control of eastern Europe's Communist-dominated states.

By contrast, the United States, with British and French support, is advocating an eleven-member board to include representatives of the three major Western powers, Austria and eventually Germany.

Cites Earlier Interest

Pauker claimed the Western powers' interest in improving navigation on the Danube in the past has been in direct proportion to the amount of goods they wanted to "exact" from the Danubian countries. She said that as their desire for goods decreased so did their interest in the river's navigation.

Cannon claimed yesterday that Russia, with her Danubian neighbors, has set up a monopolistic shipping, transportation and development system on the Danube which would be protected under the proposed Soviet pact.

Cannon proposed a plan under which international navigation of the Danube would be free and open to commercial vessels and persons of all nations on a footing of equality.

Briton Presents Views

Today, Sir Charles Peake, British Ambassador, presented a set of principles which he said must be included in the new Danubian convention to make it workable. They paralleled closely the proposed United States draft.

Sir Charles said he was astonished that the Soviet plan contained no machinery for guaranteeing international co-operation on the Danube.

He said that Cannon has "not handed it (the American plan) to a conference of lesser states with instructions to sign it on the dotted line."

Addresses Vishinsky

That remark came after Sir Charles noted that the Soviet document had received "almost unanimous praise" of the eastern European countries. He turned to Andrei Y. Vishinsky, Soviet Deputy Foreign Minister, and said:

"I know he will not except me to join that chorus."

Dress Heads New Cabinet At Hague

The Hague, Aug. 6 (AP)—Formation of a new Dutch Cabinet headed by William Dress as Premier was announced tonight.

J. R. H. van Schaik, of the Catholic People's party, was instructed last week to try to form a Cabinet after former Prime Minister L. J. Beel failed to do so. Beel's former Cabinet, which came into power in May, 1946, was dissolved a month ago when general elections were held.

The new Cabinet, with six Catholic party members, five Labor party members and two Center party representatives, shows a definite shift to the right as compared with the former Catholic-Labor coalition Cabinet.

This widening of the Cabinet was expected to assure the two-thirds majority needed to ratify four pending constitutional amendments, one of which gives authority for the reconstruction of the Netherlands kingdom.

JEWISH PEACE TALK BID SENT TO ARABS

Bernadotte Transmits Tel Aviv Message; He's Optimistic

Cairo, Aug. 6 (AP)—Count Folke Bernadotte said tonight he had transmitted the Israeli Government's bid for direct peace negotiations to the Arabs.

Returning to his Rhodes headquarters from a six-day tri pto Trans-Jordan, Jerusalem, Egypt and Israel, the United Nations mediator told a news conference:

"I stil lam optimistic. I think the (Palestine) truce will be kept and we will finally get a solution."

Correspondents in Amman asked Trans-Jordan's King Abdullah for comment on the Jewish request for a peace conference.

Concerned With Refugees

Abdullah said he was concerned now with the problem of the estimated 300,000 Arabs who have been driven from their homes in Palestine. He added:

"No doubt we should, as we have said several times, try to find a satisfactory solution. . . . Our views that we have declared before are known—peace is best."

The Israeli bid for peace talks followed hints by Abdullah, key figure on the Arab side, that he is ready to consider a compromise to end the Palestine struggle.

U.N. Would Pump Water

A United Nations observer in Tel Aviv said the United Nations will start pumping water to Jerusalem if Trans-Jordan's Arab Legion promises it will not shoot United Nations personnel or sabotage the pipeline.

Reports reached Tel Aviv of renewed violence in Jerusalem and on Palestine's southern front. An Israeli pilot who fle wover the Egyptian lines on the southern front said: "Flares and tracers were coming up on all sides. There seemed to be a real battle going on."

In Jerusalem, Arab and Jewish positions engaged in a mortar duel.

Conditions "Appalling"

Rhodes, Aug. 6 (AP)—Count Folke Bernadotte said tonight conditions for some of the Arab refugees in Palestine are "appling."

"I visited Ramallan," the United Nations mediator said. "The situation of these poor people is appalling. Now we will do whatever we can to help them."

Ramallah is a Christian Arab village near Jerusalem.

Bernadotte was accompanied on his trip by Sir Raphael Cilento, of Australia. Cilento is director of refugee work in the social affairs department of the United Nations.

The mediator said Cilento visited many refugee centers which were set up for Arabs who fled from the Holy Land war.

Epidemic Danger

Cilento termed sanitary conditions "very bad" and added there was danger of epidemics unless some immediate relief measures are taken. He said there also is a great need for more food for the children.

Bernadotte said there was "quite a lot of shooting in the Negeb (southern Palestinian desert) along the Egyptian-Jewish front." He said truce observers and his Cairo representative were sent there to "clean it up."

The mediator reiterated that he lacks sufficient men and material to supervise the truce. GOOD

New Israeli Currency

TEL AVIV, Aug. 6 (AP).—An official source said today that new Israeli currency replacing Palestine's old money is due to appear this week end.

The source said the new money will be in the same denominations as the old but has officially been pegged in Israel at $3 to the pound, as compared to $4 under the British mandate regime.

The new money is intended as a means of more effective control and to halt counterfeiting, since Palestine currency still is in use throughout Arab Palestine and Trans-Jordan.

Jinnah Bids Moslems Forge World Front

Karachi, Pakistan, Aug. 6 (AP)—Mahommed Ali Jinnah, governor-general of Pakistan, has sent a message to Moslems all over the world asking the Moslem states to unite.

"It is only by putting up a united front," he said, "that we can make our voice felt in in the counsels of the world."

Jinnah warned Moslems, "We are passing through perilous times." Then he added: "The drama of power politics that is being staged in Palestine, Indonesia and Kashmir should serve as an eyeopener to us."

CHINESE LEADERS CALL FOR REFORM OF KUOMINTANG

F. HARRISON

SHANGHAI, Aug. 6 (AP) China's political pot has come to a fast boil again.

The ruling Kuomintang (Chiang Kai-Shek's national party) is making another effort to reform itself—with as yet no visible results—while its enemies are moving ominously.

An unofficial two-day caucus of 450 Kuomintang leaders closed Wednesday in Nanking with a call for reorganization and reform of the party.

Those present at the secret meeting said the most important suggestion was for abolition of the "Taungtsai" or party leader system, by which Generalissimo Chiang Kai-Shek is able to make final decisions on policy.

Press Urges Purge

The Kuomintang press since has urged a party purge and elimination of corruption. Nothing much is expected to come of any of it.

Meanwhile the Communist radio broadcast the Chinese Reds and dissidents in Hong Kong have agreed in principle to form an anti-Chiang coalition government.

The British colony of Hong Kong long has contained a nest of foes of Nationalist China. Some are Communists but most claim to be non-Communists.

The biggest figure in this group is Marshal Li Chi-Shen, once Chiang's army chief of staff.

On the heels of the Communist announcement came confirmation that Marshal Feng Wu-Hsiang had left New York en route home to China "to help plan the overthrow of Chiang's regime."

Will Meet In Hong Kong

Sources close to Li said Feng was going to Hong Kong and the two would get together. Hong Kong is Feng's obvious destination in any case, since it is doubtful if he would be very safe in Chinese government territory.

Feng was quoted as saying he intended to attend a new political conference excluding the Nanking government but including the Communists, a Kuomintang "revolutionary committee," the outlawed Democratic League, and "other Chinese democratic parties."

Political dopesters think Feng and the Communist radio were talking about the same thing and that its first result may well be a headache for the British in Hong Kong. Such a meeting could be held in Communist territory but this is unlikely: The non-Communist such as Li and Feng would not want too reddish a tinge.

The government of Hong Kong already has told Li to go easy on his criticism of Chiang. Nanking has been putting some pressure on the British colony to do something about the anti-Kuomintang refugees issue a stream of propaganda.

They send it by mail to China, where it is dutifully delivered by the Chinese government postmen.

SHANGHAI, Saturday, Aug. 7 (AP)—Government troops have cleared the Communists from most of the Han River valley front of central China northwest of the big base of Hankow, press reports said today.

Dispatches said Government forces had crossed the river and recaptured Fancheng, the third city in the area to be retaken in the last few days.

Red? Writes Wrong

Shanghai, Aug. 6 (AP)—Regularly Constable Wong Su-yuen dropped around to woo pretty Miss Hsu Su-chi, a working girl.

Finally, she grew tired of it and decided to get rid of him.

She wrote him a letter saying she was a Communist and that it would ruin his career to associate with her. That, she thought, would rid her of the constable for good.

In tears today Miss Hsu denied to a judge that she was a Communist.

But the judge was firm. He ruled the letter a confession and sentenced her to a year in jail.

Japs May Defy Ban On Strikes

Tokyo, Aug. 6 (AP)—A series of strikes by Japanese Government workers in defiance of General MacArthur's wishes and a Cabinet ban appeared likely today.

Two Leftist labor leaders said this morning they "thought" Government workers might strike some time after tomorrow and indicated the first work stoppage might begin at Osaka.

If the strikes are called they probably will be of a regional variety in which the workers at one plant lay off one day and workers in a neighboring plant lay off the next.

Workers Are Warned

Japanese Government officials were reported preparing a no-strike order for Monday. Such an order apparently would reinforce the Cabinet strike ban issued on July 31.

An official of the Communications Ministry warned Government workers any work stoppage by them would subject them to punishment.

Prime Minister Hitoshi Ashida made what might be interpreted as a tentative peace gesture to the unions.

Speaking at Hachinoe in northern Honshu, Ashida said the Government would not necessarily keep its workers' basic wage level at 3,700 yen ($13.65 United States) monthly. A demand for wage increases to 5,200 yen ($19.20 United States. monthly precipitated the current labor unrest.

Colonel Keeley had served in the infantry since he was graduated from the military academy in 1911. His wife was here with him.

Hiroshima Holds Peace Festival

Hiroshima, Aug. 6 (AP)—Hiroshima, the first atom-bombed city in the history of the world, held its second peace festival today and its citizens prayed there would be "no more Hiroshimas."

At 8.15 A.M., the exact moment when the atom bomb fell three years ago today, the citizens of this scarred city prayed for world peace and the repose of the thousands of victims of the atom bomb used against man.

Mayor Shinzo Hamai led his 230,000 fellow citizens in the prayer and the renewal of "solemn vows to contribute our bit to the peace of the world."

Bombing Recalled

Hamai recalled the bombing in these words:

"The whole city was razed to the ground. There was nothing left but ruin and disaster. No one can give a full account of the awful sufferings and grievous miseries this single bomb brought to the living as well as the dying. More than 100,000 innocent people lost their lives on that occasion. The fear and trembling we experienced are indeed quite beyond description."

The city was silent except for the tolling of a bell in the peace tower erected at the spot over which the bomb burst.

At the conclusion of the prayers a girl released a covey of doves which wheeled over the rebuilding city.

BUDENZ DESCRIBES AID TO RUSS SPIES (N)

Testifies At Hearing For Two Hawaiian Teachers

L. ERICKSON

Honolulu, Aug. 6 (AP)—Louis Budenz, former Communist, testified today he worked for three years with Soviet secret police in the United States and helped establish a "connection" for Russian espionage on the American military potential in 1943.

Budenz told the Hawaii School Board he worked with Soviet secret police in the assassination of Leon Trotsky in Mexico in 1940.

Budenz, now a faculty member of Fordham University, New York, but formerly managing editor of the Communist *Daily Worker*, is a witness under oath in a hearing on suspension of two Hawaiian educators accused of being Communists.

He testified for four hours yesterday on asserted inner workings of the Communist party without referring to the two teachers, Dr. and Mrs. John E. Reinecke. The hearing is to determine whether their suspension last November shall be made permanent.

Admits Crime Against U.S.

His statements on espionage came today on crossexamination by Richard Gladstein, counsel for the Reineckes. Budenz said he made his espionage connections in the United States on instructions from the late Jacob Golos, whom he identified as chairman of the American Communist party's Con-

trol Committee.

His statements were in answers to Gladstein's question whether Budenz ever had committed a crime against the United States Government.

"I have," said Budenz. He added, however, he never had committed any act of violence or sabotage against the United States Government and did not know of any Communist who had.

Gladstein did not pursue the reference to the Trotsky assassination but asked, "Did you reach the conclusion the Communist party advocated the overthrow by violence of the United States Government?"

Overthrow Of U.S. Called Aim

"Yes," Budenz replied, adding that the primary aim of the party was "overthrow of the United States Government by force and violence when it suits the purpose and convenience of the Moscow dictatorship."

"And with that conclusion you consciously and deliberately went into the organization?" Gladstein asked.

"That is correct," said Budenz.

The witness said he felt the Communist party should be directed by Americans and that growing realization that it was completely in the hands of Moscow caused him to leave it.

Denies Immunity Promise

"I don't hate it," Budenz said. "I know the Communists are deluded as individuals. That is why I have no animus against them. But I know the Communist party is dangerous to the United States, my native land."

Gladstein then asked if Budenz was making these admissions because he had been assured by the Federal Bureau of Investigation that he would not be prosecuted.

Budenz denied having such assurance or any evidence on which to base a belief he would not be prosecuted, insisting, "It is time now to tell the truth, I feel. This is a matter where the country's welfare is involved."

He said he had given the FBI "all the information I could" in 1946.

Reds Plotted '39 Revolt In U.S., Budenz Says

Honolulu, Aug. 6 (AP)—If the United States had joined Britain in the last war before the German invasion of Russia, American Communists would have tried to promote civil war, says Louis Budenz.

The former editor of the New York Communist *Daily Worker*, who deserted the party in 1945, testified yesterday at a hearing for two veteran Hawaiian teachers, accused of being Communists. Budenz will be crossexamined today.

He testified that in 1939, before violation of the German-Russian nonaggression pact, United States Reds were ordered to stand on the side of Russia in case of American entry into the war against Germany.

Bares Party Workings

For four hours Budenz told of the inside workings of the Communist party. Never once did he mention the names of the two accused teachers, Doctor and Mrs. John E. Reinecke, who were suspended last November by the Hawaii School Board. The current hearing is to decide whether they shall be permanently ousted.

Budenz said an expanded and intensified Communist infiltration of Hawaii was ordered in June, 1945. The 1938 order for American Communists to be prepared to start a civil war in the United States came from Communist Leader Eugene Dennis, Budenz said. Dennis is now general secretary of the Communist party in the United States.

Ordered "New Line"

In June, 1945, Budenz testified, he heard a discussion of the Hawaiian infiltration plans at a session of the party's national political committee.

He said the committee, which was the policy-making organ of the Communist party, ordered the infiltration along a "new party line." Budenz explained that the "party line" changed at that time from the policy in vogue at the Tehran conference, when the Communists talked of lasting peace with the Western countries, to one of "cold war tactics and attacks on American policy as imperialistic."

MORE URANIUM SENT TO RUSSIA, HOUSE IS TOLD

Significant Amount Was Shipped As Late As 1945, McDowell Asserts

Washington, Aug. 6 (AP)—The United States shipped Russia a "significant" amount of uranium metal—the base stuff of atomic bombs—as late as 1945, Representative McDowell (R., Pa.) told the House today.

He said it followed up shipments of 2,720 pounds of uranium compounds in 1943, when Russia was asking for the rare material by the ton.

McDowell is a member of the House Committee on Un-American Activities which has been conducting a series of sensational hearings into tales of Communist spying in wartime Washington.

The committee was in recess today. Acting Chairman Mundt (R., S.D.) said a picked group from the committee had been dispatched to a secret rendezvous with a mystery witness. The point of contact was not disclosed.

More Than Doubles Figures

McDowell first told the Un-American Activities Committee about uranium shipments yesterday, saying 1,300 pounds of compounds of the radio-active element had been shipped to the Soviets in 1943.

He more than doubled those figures today in his speech to the House.

In addition to the 1,300 pounds, he said 200 pounds of uranium oxide and 220 pounds of uranium nitrate, furnished by the S. W. Shattuck Chemical Company, of Denver, were shipped by air from Great Falls, Mont., to Moscow. Also, McDowell reported, 500 pounds of uranium nitrate and 500 pounds of black uranium oxide were furnished by the Canadian Radium and Uranium Corporation, transported to Great Falls, and sent from there to Moscow.

Sent To "Appease" Them

McDowell said those shipments, made in 1943, were sent to Col. A. N. Kotikov, of the Soviet Government Purchasing Commission.

The actual uranium metal went in 1945, he said, declaring it was sent to the Soviets "to appease them." He asserted he "understands" the amount was 25 pounds.

McDowell later said Russia had asked for the uranium compounds to use for medical purposes and experiments in physics. While Russia was suffering heavy war casualties at the time, McDowell said, he thought the Soviets really wanted the material for atomic research and to get a line on what this country was doing.

The Pennsylvania Congressman said that after Russia succeeded in getting the 1943 shipments, it came back and wanted fifteen tons."

"Somebody Woke Up"

"But by that time somebody woke up," he said, "and so far as I know this order was not permitted to be filled."

He asserted that Russia obtained uranium "as a result of pressure of the highest kind." He added that his information was based on the testimony of more than 30 persons, presumably heard in secret sessions.

McDowell heads a subcommittee which is centering its inquiry into Russian efforts to obtain atomic information from the United States.

Cites "Communist Spy Ring"

A great show of secrecy was made about the committee's mystery witness. Mundt would say only that the person's testimony, added to some already on the record, "will prove the existence of a Communist spy ring which reached high into the Government during the war."

Even the membership of the subcommittee which was to interview the witness was withheld. However, Mundt and Representatives Nixon (R., Cal.) and Hebert (D., La.), all members of the committee, were reported by their offices to have left town to be gone over Sunday. There were strong indications that the subcommittee had headed for New York.

Senators Stop Open-Session Spy Probe

AUG 1948

Washington, Aug. 6 (AP)—Senators investigating Communist spy-ring charges today suspended public hearings because they said the Truman Administration refuses to give them necessary facts.

Senator Ferguson (R., Mich.), chairman of the Senate Investigating subcommittee, announced the decision. He made public also a refusal by Attorney General Tom Clark to supply official FBI records on William W. Remington.

Meantime the House Un-American Activities Committee went underground for a secret meeting with a mystery witness in its own similar investigation.

Probers Is Out Of Town

A subcommittee was sent out-of-town to interview this witness at an undisclosed place. Representative Mundt (R., S.D.), acting chairman of the full committee, said this man's testimony, together with other testimony already gathered, "will prove the existence of a Communist spy ring which reached high into the Government during the war."

Clark's refusal to turn over the FBI records on Remington was in line with an order from President Truman, who denounced the congressional hearings yesterday as a "red herring" intended to divert public attention from what he calls the refusal of the Republican-controlled Congress to enact adequate anti-inflation legislation.

Named By Miss Bentley

Remington, 30-year-old suspended Commerce Department official, was identified by Elizabeth T. Bentley as one of several Government workers she says passed wartime information to her for a Communist-espionage ring.

Miss Bentley testified she was a courier, traveling between New York and Washington, for the ring.

Although public hearings are being suspended, Ferguson said the Senate group will continue to dig for facts on Remington and the entire Government loyalty program at closed hearings and "by any legal means."

The House subcommittee went to unusual efforts to keep its activities from being known.

Cloaked In Secrecy

A heavy curtain of secrecy was drawn around movements of the subcommittee. The names and number of members were a deep secret for some reason that nobody would explain.

The subcommittee was supposed to leave last night, arrive at its destination by noon today, start questioning the mystery man this afternoon, and get back to Washington by Monday.

The special hearing group was set up late yesterday when an investigator hurried into a locked-door committee meeting with word that another key witness had been uncovered.

Hearings End For Week

Mundt said that, as a result, the spy-ring case ought to be cracked "wide open" in public hearings next week. Hearings for the rest of this week were canceled.

Mundt left the impression that the mystery witness turned up by the House group has had some sort of dealings with the Communist underground or spy network, but he wouldn't say so definitely.

He described the man as "a person in a very splendid position to tell the whole story."

To Probe Varying Stories

At yesterday's committee meeting, the investigative staff was ordered to go to the bottom of testimony by Whittaker Chambers and Alger Hiss, who gave the committee completely contradictory testimony under oath.

Chambers had said Hiss was part of the prewar Red uudergrounnd in Washington, but Hiss put in a blanket denial yesterday, and Mundt himself called his testimony "rather convincing." But, he said, some members thought Chambers was just as convincing.

So eventually the committee expects to question the two again.

Mundt said there could be a case of mistaken identity or misuse of names but if there is any proof of perjury, the committee will carry the case to the Justice Department.

The acting chairman also snapped at President Truman's "red-herring" crack at the spy hearings. The Chief Executive told a news conference yesterday the hearings are intended to cover up congressional failure to act on his anti-inflation program.

"It seems to me," Mundt said, "that if the President wants the country to believe the committee is engaged in dragging a red herring over the trail the thing for him to do is to give the committee access to the employment files so the country can judge for itself."

Calls It "A Freeze"

He said Mr. Truman has placed a "freeze" on both employment and loyalty records of Government employés the committee wants to question.

"A freeze order that goes that far," Mundt said, "is an effort to prevent a committee of Congress from getting the facts."

That's what Senator Ferguson has been saying all along.

As for Mr. Truman's rap at the

AUG 1948 30.24-19589

hearings, Ferguson said he wouldn't have any comment now because his committee "has further work to do on this case."

Ferguson's group has been trying to get its hands on the personnel file of Remington, who until his suspension in June headed a Commerce Department committee which passed on shipments of goods to Russia.

The committee got some papers, but all data bearing on loyalty had been removed.

File At White House

Matthew Hale, assistant solicitor of the Commerce Department, was asked for an explanation and said the Remington file went to the White House on Monday.

Under repeated questioning, he finally said that Clark Clifford, Mr. Truman's legal adviser, instructed him to take out any data bearing on the loyalty investigation.

"Then your instructions to strip the file goes directly to the White House and to the President of the United States?" Ferguson demanded.

"Yes, with one exception," Hale replied. He said the decision as to just what loyalty data came out was left to the Commerce Department.

Sawyer has announced that Remington, who was in the office of international trade, had been placed on "indefinite leave" until the question of his associations has been cleared up.

Denies Remington Fired

A spokesman for the department said tonight that was still the situation, that Remington had not been "fired."

Mundt is acting chairman of the House Un-American Activities committee, which has been conducting one phase of the spy inquiry. Remington has been a major witness before a Senate subcommittee headed by Senator Ferguson (R-Mich.) which is concerned with government loyalty checks.

Last Monday night Secretary of Commerce Charles Sawyer said that Remington had been placed on "indefinite leave" back in June and had been relieved of his duties.

A spokesman for the department said tonight that was still the situation—that Remington had not been fired.

On a mutual's "meet the press" program with a group of reporters, Mundt was told that Robert E. Stripling, chief investigator for the House committee, said today a new deal cabinet member was involved in getting atomic bomb materials

W. W. Remington Ousted From Job, Rep. Mundt Says

Commerce Dept. Employe Was Accused of Giving Data on Red Spies

WASHINGTON, Aug. 6. — (AP) Rep. Mundt (R-SD) said tonight that William W. Remington, of the Commerce Department, who has been accused of supplying information to a Russian spy network, "has been removed from his job."

Mundt said on a radio program (Mutual) that this is one useful result that has come from congressional investigation of Soviet espionage activities. He said that previously Remington had been on vacation and on leave from his Commerce Department position but has been removed from the job since the hearings began.

Secretary of Commerce Charles

sent to Russia. He was asked to name the cabinet officer.

Mundt ducked that one, saying it involved another angle in charge of Rep. McDowell (R-Pa.), who is investigating the atom bomb situation.

Lawrence Spivak of the American Mercury magazine suggested that it was "a mistake" to say what Stripling says. He said it means that all former new deal cabinet members stand accused, which is something the Bill of Rights seeks to avoid.

Loyalty Records Withheld

Mundt replied that ordinarily that argument could be pressed. But he said that when an administration refuses not only loyalty records but even employment records of a government worker to a congressional committee it "is sometimes necessary to needle."

At a separate meeting tonight, James F. O'Neil, national commander of the American Legion, urged that Congress continue its investigation of communist activities "without fear or favor."

O'Neil told a convention of the District of Columbia Legion that Grand jury indictment in New York of 12 key communists "is significant x x x but it does not in itself guarantee conclusive action."

"Too often in the past," he said, "Communist big-wigs have been hauled on the carpet with appropriate pomp and ceremony only to be quietly dismissed later."

O'Neil said efforts to discredit the congressional hearings are indications that they "must be touching sensitive and delicate spots."

Army, Navy Notified, Firm's Manager Says

Denver, Aug. 6 (AP)—The manager of a Denver firm today said the Army and Navy knew it shipped uranium nitrate and uranium oxide to Russia five years ago and made no attempt to halt it.

Representative McDowell (R., Pa.) told the House of Representatives at Washington the S. W. Shattuck Company had furnished 420 pounds of the materials to Col. A. N. Kotikov, of the Soviet Government Purchasing Commission, March 23, 1943.

Seward Potter, company general manager, said he informed both the Army and the Navy of the Russian order as soon as it was received. No attempt was made to halt it, he said.

"The Government knew nothing of the order until we informed them of it," Potter said, "and when they were informed, the proper agencies immediately cleared the shipment for export.

"The Russians wanted all the material they could get."

Potter reported the purchases were ordered by the Chemitar Corporation of New York by mail. No agents called on the Denver firm.

He said the company was the only agent, "outside of the Atomic Energy Commission," which manufactures the material and has been doing it for 30 years. The commission now checks all sales.

URANIUM STORY DENIED

Spokesmen Say Canada Shipped No Metals to Russians

OTTAWA, Aug. 6 (AP)—Canadian Trade Department representatives denied tonight that any uranium metal was sent to Russia from Canada either during or after the war.

Representative John McDowell, Republican, of Pennsylvania told the House in Washington today that 500 pounds of uranium nitrate and 500 pounds of black uranium oxide were furnished by the Canadian Radium and Uranium Corporation and sent to Moscow.

"Canada has sent neither uranium nitrate nor uranium oxide nor any other uranium compound to Russia," a Trade Department spokesman said.

Golden Gate 'Death' Note Called Hoax

San Francisco, Aug. 6 (AP)—A "suicide note" and women's clothing found on the Golden Gate Bridge were written off by police today as a Communist device to discredit a witness at the Washington espionage hearing.

This conclusion was reported by Police Inspector Thomas Fitzpatrick, who specializes in Communist investigations for the local department.

The clothing and typed note were found early Wednesday on the bridge. The unsigned note was addressed to "E. T. B.," which are the initials of Elizabeth T. Bentley, important Government's witness at the hearing. The unsigned note seemed to indicate the writer had jumped from the bridge with her baby because of Miss Bentley's testimony.

Fitzpatrick's conclusion was supported by a motorist who reported he saw a bundle of what appeared to be clothing thrown from a car on the span in the early, foggy hours before dawn on Wednesday.

FSA Head Denies Suppressing Attacks Against Communism

WASHINGTON, Aug. 6 — (AP) Federal Security Administrator Oscar R. Ewing, on the griddle for his dealings with a cook and a commissioner, today:

1. Said former commissioner of education John W. Studebaker used such poor judgment he had planned to fire him. But, said Ewing, he "beat me to the gun" by resigning.

2. Flatly denied Studebaker's charges accusing Ewing of poor administration and of suppressing Office of Education attacks against Communism.

3. Acknowledged that he had used a government hospital cook to prepare meals at the FSA. But, he explained, the budget bureau had assured him the procedure was proper and added it will continue.

His blast against Studebaker followed a letter from Studebaker released to newspapers last Sunday, accusing Ewing of interfering with the Office of Education program for promoting Democracy in schools.

Charges "Politics"

Ewing told a news conference that this was all "pure poppycock and irrelevant and irresponsible innuendo." He said it doesn't require a sensitive nose to detect "an aroma of politics and pique."

Studebaker said one of his staff member's speeches criticizing Communism had been censored. Ewing said today that Studebaker had failed to mention that another part of the speech had been deleted which called congressmen "miserable objects" and worse.

"Where would we be if a thing like that got out?" he asked.

As to Studebaker, Ewing said he had planned to discharge him because he was absent from his post so often on personal business. He said Studebaker was in San Diego and Los Angeles for 121 days during the year April 1947 to April 1948.

Ewing said the Federal Communications Commission granted a license Aug. 1, 1947 to Studebaker, his son and another person for a radio station in San Diego.

He said Studebaker was very resentful when questioned about his absence from his office.

In San Diego, where he is now visiting his son, Studebaker said her was unaware when he resigned as U. C. Commissioner of Education July 15 that Ewing was planning to fire him.

Says Ewing OK'd Trips

Studebaker said he made four trips to the west coast in the 1947-48 period referred to by Ewing to attend meetings connected with education. He said: "Ewing himself approved the last two trips with full knowledge that the first two had been approved by his predecessor."

None was on personal business, Studebaker added. He said the 121 days mentioned by Ewing included some leave and annual leave time.

"It would be better for him," Studebaker stated, "to discuss the issues I raised in my letter than to drag in such irrelevant matter."

Ewing said he had delayed firing Studebaker until he heard from another man he sought for the job.

Ultimately, Studebaker "beat me to the gun" by resigning, he said.

The news conference was called today primarily to answer charges about the government-paid cook fixing meals for guests at Ewing's FSA offices. A Senate appropriations subcommittee was told yesterday that Neazer J. Kelly, head cook at St. Elizabeth's hospital, a District of Columbia mental institution, spent much of his time working for Ewing and his guests.

Kelly testified that on the days he worked in Ewing's office he spent about five hours there.

Ewing said today that the Budget Bureau had approved; that he, personally paid for the food served; that the luncheons greatly improved efficiency by permitting uninterrupted staff discussions; and that the practice will continue.

In a postscript tonight to the dispute over his eating arrangements, Ewing released a letter to Senator Knowland (R-Calif.) protesting against the manner in which two Senate appropriations committee investigators hustled the cook off to the Capitol to testify yesterday.

Ewing told Knowland, a member of the committee, that the investigators forced their way into the kitchen where Kelly was preparing Ewing's lunch, and took him away hatless in his kitchen garb.

"This action represents an outrageous use of totalitarian police methods against an unoffending government employe," Ewing wrote.

World Fund Discloses Further Purchase by Norway in July

WASHINGTON, Aug. 6.—A further purchase by Norway of 100,000,000 in Belgian francs from the International Monetary Fund was made in July, a spokesman for the fund disclosed here today. Payment for the francs by the Norwegian government was 11,323,455.01 kroner, which is equivalent to official parity rates for Belgian currency.

This was the third purchase of Belgian francs made from the fund in successive months. In May The Netherlands bought 300,000,000, and Norway acquired 100,000,000 in June.

PEPPER FOR AID TO ISRAEL

He Also Backs U. N. Membership —Brewster Suggests Loan

WASHINGTON, Aug. 6 (AP) — Senator Claude Pepper, Democrat of Florida, told the Senate today he hoped this country soon would give economic aid to the new state of Israel.

Senator Pepper said he hoped the United Nations would admit Israel to membership at the General Assembly's forthcoming meeting in Paris.

Senator Owen Brewster, Republican of Maine, said the United States "prudently" could consider a loan to Israel. He joined Senator Pepper in urging permanent recognition of the new state.

PROFIT SWINDLE CHARGED IN SALE OF GIFT PARCELS

NEW YORK, Aug. 6—(AP) The $250,000,000 that Americans spent for gift packages to Germany last year was 50 per cent more than what the packages were worth, a former military government official charges.

The charge that Americans are "being taken for a ride" on the gift parcels was made by Earl Reinsel of Hamburg, Pa., former chief of property control in Germany.

He referred to a "large New York department store" among sellers who allegedly had jacked up prices on the parcels, but gave no names of stores or agencies.

Stores Deny Charge

However, large stores here promptly issued statements defending themselves against the profiteering charge.

Macy's said Reinsel "obviously does not know the facts, if he did, he would not have made such an irresponsible and sweeping statement."

Bloomingdale's said those who bought gift parcels picked the contents from the shelves themselves at regular prices. Fraser-Moris, a large overseas package seller, said "nobody can turn out parcels similar to ours for any less."

Reinsel, who returned here six weeks ago after retiring from his military government job, said "unbelievable profits" on packages ranged up to more than 100 per cent.

Exclude Charities

Carefully excluding charitable agencies such as Care (Cooperative for American Remittances to Europe) from his charges Reinsel accused profit-making stores of playing on the heartstrings of emotion."

The food and other articles, he added, often were poor in quality, "with the coffee undrinkable and soap unusable."

The unnamed New York store, he said, sold a package for $10.95 that had a $5.32 retail value. The giver, he added, could buy the items and mail them himself for $7.85 including postage.

The Macy statement said department stores have met a demand for packages containing higher quality foods and greater variety than those sent by Care.

The stores, a Macy spokesman added, "must charge substantially more than Care for transportation, packing and insurance," because the charitable agency has a government subsidy on transportation.

U.S. Promises 'More Action' On G.I. Housing Protests

WASHINGTON, Aug. 6 — (AP) The Justice Department today promised "more action" on G.I. complaints of irregularities in the construction, sale and financing of veterans' housing.

As of a month ago, the department said, there was a backlog of 30,000 such complaints on file with the Housing Expediter, the Veterans Administration and justice officials.

A report on a two-day closed conference of U. S. district attorneys and public housing officials said, however, that 300 additional investigators will shortly be in the field as a result of new funds made available to the housing expediter by Congress.

Attorney General Clark was quoted as telling the prosecutors, who represented most of the populous areas of the country, to push pending veterans' housing cases to prompt conclusion "to accommodate the numerous new cases which are anticipated."

"He urged them to bring all such criminal cases now pending to the attention of grand juries at the earliest possible moment, and suggested that efforts be made to advance the civil cases for early hearing," the department said.

It added that it had not tabulated the prosecutions undertaken during the last two years in the new G.I. home field, but that numerous actions were taken against persons accused of skimping on construction specifications or overcharging for veterans housing.

Food Prices Expected To Push Higher

WASHINGTON, Aug. 6—(AP)—Retail food prices are likely to go still higher during the next few months, the Agriculture department said today.

Meats and other livestock products will lead the advance.

A department report on the national food situation said two factors appear likely to push prices higher:

(1) Record consumer buying power, and (2) a decline in the output of meats and other livestock products.

Because of the rising prices and relative scarcity of some items, the amount of food consumed by the average person during the remainder of the year is expected to be slightly below levels of the past two years. Nevertheless, the amount will be high compared with pre-war averages, when there was less buying power.

The department said the late summer and fall should bring, in comparison with recent months, larger supplies of chicken, turkey, fresh fruits and vegetables, sweet potatoes, dry beans and peas, and rice.

But supplies of meat (until October), eggs, and dairy products are expected to be somewhat smaller. Meats should become a little more plentiful in October. Marketings of livestock begin to increase at that time of year.

The department said recently brightened prospects for 1948 production of crops will not materially affect the level of food consumption this year, But the outlook for next year is improved.

Truman Makes Navy And Army Promotions

Washington, Aug. 6 (AP)—President Truman today sent to the Senate nominations for the promotion of three naval officers to the rank of vice admiral and thirteen to the permanent grade of rear admiral.

Those nominated for vice admiral are George D. Murray, Gerald F. Bogan and Russell S. Berkey.

Named for promotion to rear admiral were Theodore C. Lonnquest, Louis Dreller, David H. Clark, John E. Gingrich, Austin K. Doyle, Thomas H. Robbins, Jr., William G. Tomlinson, Richard F. Whitehead, Charles Wellborn, Jr., Daniel V. Gallery, Jr., Walter F. Boone, Joseph F. Bolger and Oswald S. Colclough.

Franklin A. Hart was nominated for appointment to the permanent grade of major general and John T. Walker for appointment to the temporary rank of major general in the Marine Corps.

Army Allots Money For Expansion

Washington, Aug. 6 (AP)—The Army gave its engineers $3,525,100 today for special military construction at the secret guided missile center at White Sands.

It also allotted $40,907,085 to bolster the nation's ramparts in Alaska, where a lack of housing has forced a delay in plans to increase ground force strength.

Funds for the New Mexico and Alaska projects were among top items in a $612,700,000 expansion program announced by Secretary of the Army Royall. Of this total, $151,000,000 was earmarked for Army and Air Force construction in 27 states and ten overseas areas.

Funds For Housing

The army engineers also will spend $429,000,000 during the fiscal year ending next June 30 for such things as equipment, maps, research and maintenance operations. In addition, Congress gave them $32,700,000 extra to continue work under way in Guam, Okinawa and Alaska—mostly housing.

The major item in the White Sands allotment is a dustproof assembly plant for guided missiles. Army, Air Force and navy ordnance experts have been testing captured V-2 rockets at the desert proving ground for some time. Plans for an assembly plant indicated progress in producing similar missiles of American design.

Money For Meade

The Army also set aside $1,228,800 for an experimental hydroelectric pilot plant and a mixing building at the Picatinny arsenal in New Jersey.

Fort George G. Meade, Maryland, gets $710,440 for family housing units.

Most of the construction funds are earmarked for housing, with a $3,432,672 allotment for Camp Hood, Texas, topping the list. Fort Lewis, Wash., received $2,131,632, and West Point, N.Y., $2,337,000.

N. J. RESERVE OFFICERS HEAR ATOM TEST DATA

PINE CAMP, N. Y., Aug. 6 (AP)—New Jersey's 300 reserve officers, back on active duty here for their first field training since World War II, were briefed today on atomic defense. Results of fission tests in the Pacific were shown at a conference attended by the group. Later, chemical warfare officers demonstrated methods of detecting radio-activity resulting from atomic blasts.

The officers are part of the Seventy-eighth Infantry Division, the famed Lightning Division of both the World Wars, assigned now in New Jersey on a training basis. It consists only of key officer personnel and a few enlisted men.

Today's session ended the fifth day of training for the division. Tomorrow's schedule calls for a demonstration of latest engineer methods developed for combat use since the end of the war.

Brig. Gen. Ernest H. Hawkwood, division commander, announced the promotion of his chief of staff, Henry G. Nulton of Elizabeth, N. J., to the rank of full colonel.

At the same time, the Twenty-seventh Infantry Division, National Guard, and other New York units, both Guard and Reserve, continued their regular training.

About 11,000 troops are in training here for two weeks.

And mothers whose sons have gone off to camp with the Twenty-seventh need have no worries, according to Maj. Anthony R. Sidoti of Albany, chaplain. He said he had received numerous queries from the mothers of recruits, and had assured them that all was well here. The food was good, morale high and there were no serious illnesses, the chaplain reported.

-- Preston Grover

Paris, Aug. 6--(AP)--Andre Marie and his new cabinet asked the national assembly today for powers "within the constitution" to restore France to her feet before the American aid program expires.

At the base of the program was a new attack on mounting

costs of living. Fiscal reform, division of Civil and Military services and reorganization of the many nationalized and semi-nationalized agencies such as railroads, banks and automobile manufacturing were proposed.

In the topsy turvy postwar Europe, the economy of France is in peril, the government said. It reported that from 1945 to 1947 trade imports from abroad have been paid for from American credits, while the rest has come by "exhausting our reserves."

The financial program, keystone of the new government, was presented to the assembly finance committee. The assembly is expected to start debate tomorrow and continue it through Sunday.

Finance Minister Paul Reynaud was believed the author of the program. It was signed and backed also by representatives of major party elements in the new government, including Premier Marie. Other signers

were Socialist Vice Premier Leon Blum; Vice Premier Pierre Teitgen, of the
catholic republican movement; Socialist Minister of State Paul Ramadier;
and Radical Socialist Minister of State Henri Queuille. AUG 1948

an american officer. he happened to be in the army's police department.
the officer said it was believed that the car formerly belonged
to ernst heinkel, bomber-builder, and that it cost $20,000 before
the war. heinkel had no connection with the attempted sale.
the four men offered the car to the officer for 18,000
deutschemarks or $1,850 or 380 cartons of cigaretts. they
were charged with buying the car illegally after the army had
turned it back to german authorities.

FRANKFURT, GERMANY, AUG 6-(AP)-THE EMIGRATION OF DISPLACED PERSONS TO THE UNITED STATES HAS HALTED COMPLETELY, THE U.S. COUNCIL OF VOLUNTARY AGENCIES REPORTS.

COUNCIL REPRESENTATIVES TOLD A NEWS CONFERENCE HERE THIS WEEK IT WAS IRONIC THAT THE HALT CAME WITH THE PASSAGE OF LEGISLATION AUTHORIZING 205,000 DPS TO ENTER THE UNITED STATES.

THIS IS BECAUSE THE BILL, WHILE ENDING A PRESIDENTIAL DIRECTIVE AUTHORIZING DPS TO ENTER, HAS NOT BEEN SUFFICIENTLY IMPLEMENTED TO ALLOW THE RESUMPTION OF IMMIGRATION.

THE COUNCIL ANNOUNCED IT HAS SENT CABLES URGING SPEEDY CONFIRMATION OF A DISPLACED PERSONS COMMISSION APPOINTED BY PRESIDENT TRUMAN TO ADMINISTER THE BILL.

MAX NEWMAN OF SYRACUSE, N.Y., CHAIRMAN OF THE COUNCIL'S COMMITTEE ON RESETTLEMENT AND IMMIGRATION, SAID ACTION WAS URGENT FOR TWO CHIEF REASONS:

1. TIME LOST CANNOT BE REGAINED. THE BILL SET A TWO-YEAR DEADLINE, AND THOSE WHO HAVE NOT EMIGRATED BY THAT TIME WILL HAVE LOST THEIR CHANCE.

"THE BILL BECAME EFFECTIVE JULY 1," HE SAID. "NONE HAS SAILED SINCE THAT TIME, AND THE NEXT SHIP ISN'T SCHEDULED TO SAIL UNTIL SEPT. 7."

2. THE WAITING IS PLACING A MENTAL STRAIN ON THE DPS.

BERLIN, AUG 6-(AP)-TWO GERMANS WHO ADMITTED BEING AGENTS FOR THE RUSSIANS WERE SENTENCED TO SEVEN YEARS IMPRISONMENT BY A U.S. MILITARY GOVERNMENT COURT TODAY FOR AN ATTEMPTED KIDNAPING IN THE AMERICAN SECTOR OF BERLIN.

HILDEGARD STARK, 35, AND WALTER ROTHE, 56, WERE CONVICTED ON CHARGES THEY SOUGHT TO LURE DR. WILHELM DUISBERG, A GERMAN JOURNALIST, INTO THE SOVIET SECTOR OF BERLIN ON ORDERS FROM A RUSSIAN MAJOR.

DUISBERG SAID HE BELIEVED THE RUSSIANS WANTED HIM BECAUSE HE HAD PARTICIPATED IN DISCUSSIONS WITH SOVIET OFFICIALS WHILE HE WAS AN INTERPRETER FOR THE AMERICAN COUNTER-INTELLIGENCE CORPS.

MISS STARK, WHO SAID SHE WAS PAID 500 MARKS ($150) AND HER FOOD BY THE RUSSIANS, AND ROTHE, A TAXICAB OWNER HIRED BY THE RUSSIANS, WERE CAUGHT IN A POLICE TRAP AT DUISBERG'S HOME.

THE WESTERN-LICENSED GERMAN PRESS REPEATEDLY HAS CHARGED THE RUSSIANS AND THE COMMUNIST-DOMINATED SOCIALIST UNITY PARTY (SED) WITH POLITICAL KIDNAPINGS IN THE WESTERN SECTOR OF BERLIN.

JUDGE JOHN A.SABO OF GARY, IND., SAID IN PASSING SENTENCE THAT, "LIKE ALL THE OTHER CASES PRECEDING IT, THIS ATTEMPTED ABDUCTION HAD THE FULL BACKING OF THE RUSSIAN AUTHORITIES."

SECOND LEAD OSHANA (TSO)

BY RICHARD KASISCHKE

BERLIN, AUG 6-(AP)-RENE K.OSHANA, AN AMERICAN CIVILIAN, WAS RELEASED TODAY BY THE RUSSIANS AFTER FOUR DAYS WHICH HE SAID HE SPENT "IN A STINKING JAIL CELL FILLED WITH CRIMINALS" BECAUSE HE DROVE INTO THE SOVIET SECTOR BY MISTAKE.

OSHANA, 36, OF 1352 ASTOR ST., CHICAGO, IS ASSISTANT SUPERVISOR FOR AN ARMY EDUCATION CENTER HERE. HE WAS PICKED UP BY THE RUSSIANS TUESDAY. HE TOLD NEWSMEN THE RUSSIANS STOPPED HIM WHEN HE LOST HIS WAY WHILE DRIVING TO THE U.S. ARMY'S TEMPELHOF AIRPORT TO MEET A FRIEND. HE HAD MADE A WRONG TURN IN A BERLIN STREET, HE SAID, AND BEFORE HE COULD TURN HIS JEEP AROUND, FOUR RUSSIAN SOLDIERS ARRESTED HIM.

WHILE IN JAIL, HE SAID, HE WAS AWAKENED EACH MORNING AT 5:30 A.M., AND WAS NOT ALLOWED TO LIE ON HIS BUNK AGAIN UNTIL NIGHT.

"THE FOOD THEY GAVE ME WAS SO HORRIBLE I COULDN'T EAT IT," SAID OSHANA, WHO HAD A FOUR-DAY GROWTH OF BEARD. HE REFUSED EVERYTHING EXCEPT TEA.

"I WOULDN'T WANT ANY OTHER AMERICAN TO GO THROUGH SUCH AN EXPERIENCE."

HE ADDED THAT MEN AND WOMEN WERE CONFINED IN THE SAME JAIL AND DID NOT HAVE SEPARATE TOILET FACILITIES.

OSHANA SAID THAT, EXCEPT FOR THE POOR FOOD AND THE CONDITION OF THE JAIL, HE WAS NOT MISTREATED. HE SAID THE RUSSIANS QUESTIONED HIM ABOUT THE U.S. ARMY SCHOOL AT MCNAIR BARRACKS, WHERE HE TEACHES, AND ABOUT A BOOK HE HAD IN HIS POSSESSION: "WATCHWORDS OF HISTORY," WHICH DEALT WITH U.S. HISTORY AND TRADITIONS.

THE RUSSIANS HAD OFFERED LAST NIGHT TO RELEASE OSHANA, BUT WHEN A LIAISON OFFICER WAS SENT FOR HIM, THEY CHANGED THEIR MINDS AND THE RUSSIAN IN CHARGE SAID HE KNEW NOTHING OF THE CASE. THE AMERICAN OFFICER GAVE UP AND TRIED AGAIN THIS AFTERNOON.

JAFFA, PALESTINE, AUG. 6-(AP)-THE ISRAELI MILITARY GOVERNOR SAID TODAY AT LEAST HALF OF THIS ONCE-THRIVING ARAB SEAPORT WILL BE VIRTUALLY ANNEXED TO ISRAEL WITHIN A WEEK AS A HOME FOR JEWISH REFUGEES.

THE UNITED NATIONS PARTITION PLAN WAS TO MAKE JAFFA AN ARAB ENCLAVE INSIDE ISRAELI BORDERS. BUT THE ARABS USED JAFFA AS A MAIN BASE FOR STRIKING ADJOINING TEL AVIV, THE JEWISH CENTER, AND JEWISH FORCES CONQUERED IT AFTER A SHARP FIGHTING IN APRIL AND EARLY MAY. SOME 80,000 ARABS FLED BY LAND AND SEA.

SINCE THEN, ISRAELI TROOPS HAVE OCCUPIED THE TOWN AND WATCHED OVER THE 4,300 ARABS WHO STAYED BEHIND.

THE MILITARY GOVERNOR IS MEIR LANIADO, JERUSALEM-BORN LAWYER WHOSE MOTHER TONGUE IS ARABIC INSTEAD OF HEBREW. HE SAID THE ACTUAL STATUS OF THE NORTH HALF OF JAFFA IS STILL BEING DEBATED BY THE ISRAELI GOVERNMENT. HE SAID THE GOVERNMENT WAS PONDERING WHETHER ANNEXATION WOULD BE OUTRIGHT OR JUST A REQUISITION FOR EMERGENCY PURPOSES.

SOME 5,000 WOMEN AND CHILDREN WHO HAD TO LEAVE SETTLEMENTS AS FAR SOUTH AS THE NEGEB (SOUTHERN DESERT) WILL BE AMONG THE FIRST TO OCCUPY JAFFA HOMES. OTHERS WILL BE JEWS WHOSE HOMES WERE DESTROYED IN THE FIGHTING ON THE JAFFA-TEL AVIV BORDER. THE REST OF THE SPACE WILL GO TO NEW EMIGRANTS FROM CYPRUS CAMPS AND FROM EUROPE.

AUG 1948

ARABS STILL LIVING IN JAFFA, MOSTLY POOR PERSONS WHO JUST MISSED THE BOAT IN THE EXODUS, APPEAR RESIGNED--AND EVEN HAPPY---ABOUT LIVING UNDER JEWISH OCCUPATION. I CHATTED WITH A DOZEN OF THEM. THE ONLY FEAR GENERALLY EXPRESSED WAS THAT THEIR TALK WITH A SAHAFEY (NEWSMAN) MIGHT CAUSE TROUBLE FOR RELATIVES WHO ARE AMONG THE 300,000 ARAB REFUGEES IN ARAB COUNTRIES.

NIGHT LEAD UNDATED INTERNATIONAL (400)

BY THE ASSOCIATED PRESS

AMERICAN, BRITISH AND FRENCH DIPLOMATS IN MOSCOW MET FOR THREE HOURS LAST (FRIDAY) NIGHT WITH SOVIET FOREIGN MINISTER V.M.MOLOTOV. THEY LEFT THE KREMLIN IN A SMILING BUT NON-COMMITTAL MOOD.

LONDON INFORMANTS EXPRESSED THE BELIEF THE WESTERN ENVOYS DELIVERED CONCRETE PROPOSALS TO THE RUSSIANS CONCERNING TOPICS TO BE DISCUSSED AT A PROJECTED BIG FOUR MEETING.

THE DIPLOMATS HAD MET WITH STALIN MONDAY NIGHT. IT WAS ASSUMED BY BRITISH SOURCES THAT THE RUSSIAN LEADER HAD ASKED THE ENVOYS WHAT PRECISELY THEY HAD IN MIND IN SUGGESTING NEW TALKS ABOUT OUTSTANDING EAST-WEST DIFFERENCES.

THERE ALSO WERE REPORTS IN THE BRITISH CAPITAL THAT A BIG FOUR COMMUNIQUE WOULD BE ISSUED THIS WEEKEND ANNOUNCING A NEW MEETING OF THE FOREIGN MINISTERS COUNCIL. HOWEVER, A U.S. STATE DEPARTMENT OFFICIAL IN WASHINGTON SAID "NO ARRANGEMENTS HAVE BEEN MADE."

IN BERLIN THE OFFICIAL SOVIET NEWS AGENCY CHARGED THAT BRITISH AND AMERICAN PLANES VIOLATED FLIGHT REGULATIONS 62 TIMES IN FIVE DAYS. THE AGENCY HINTED THAT PLANES COMMITTING VIOLATIONS CAN BE FORCED TO LAND.

THIS WAS THE FIRST TIME SINCE THE START OF THE BIG ANGLO-AMERICAN AERIAL SUPPLY OPERATION INTO SOVIET-BLOCKADED BERLIN THAT THE RUSSIANS HAVE MENTIONED THE POSSIBILITY OF FORCING PLANES DOWN.

FRENCH AUTHORITIES IN BERLIN SAID THEY WERE EVACUATING "AS MANY FRENCH FAMILIES AS POSSIBLE" FROM THE GERMAN CITY BECAUSE OF SUPPLY DIFFICULTIES CAUSED BY THE BLOCKADE. THE FRENCH DENIED THEIR OCCUPATION TROOPS OR MILITARY GOVERNMENT OFFICIALS ALSO WERE BEING WITHDRAWN.

RUSSIA MADE IT CLEAR SHE WANTED HER PLAN FOR THE DANUBE RIVER ADOPTED. SOVIET DEPUTY FOREIGN MINISTER ANDREI VISHINSKY ASKED A CONFERENCE TO BRUSH ASIDE AMERICAN PROPOSALS AND CONCENTRATE INSTEAD ON THE RUSSIAN PLAN. THE SOVIET PLAN WOULD PLACE THE WATERWAY UNDER THE EXCLUSIVE DOMINATION OF EASTERN EUROPE'S COMMUNIST STATES.

WITH THE COMMUNIST STATES IN THE MAJORITY AND VOTING AS A BLOC, THE ACCEPTANCE OF THE RUSSIAN PLAN WAS REGARDED AS CERTAIN.

PREMIER ANDRE MARIE'S NEW CABINET SOUGHT EMERGENCY POWERS FROM THE NATIONAL ASSEMBLY TO COPE WITH FRANCE'S FINANCIAL PROBLEMS.

IT INTRODUCED A BILL TO REDUCE FRANCE'S SPRAWLING BUREAUCRACY, MAKE CHANGES IN THE TAX SYSTEM INCLUDING POSSIBLE INCREASES IN LEVIES ON BUSINESS AND REORGANIZE MANY NATIONALIZED AND SEMI-NATIONALIZED AGENCIES AND INDUSTRIES.

COUPLED WITH THE PRESENTATION OF THE BILL WAS AN ADMISSION THAT TO ALL PRACTICAL EFFECT FRANCE IS BROKE.

CANADA'S RETIRING PRIME MINISTER, W.L.MACKENZIE KING, TOLD A LIBERAL PARTY CONVENTION IN OTTAWA THAT HE WOULD NOT BE DRAFTED. HIS SPEECH, HE SAID, WAS HIS VALEDICTORY AS PARTY LEADER AND AS PRIME MINISTER.

AMERICAN, BRITISH AND FRENCH ENVOYS TALKED FOR THREE HOURS TONIGHT WITH FOREIGN MINISTER MOLOTOV OF RUSSIA, GIVING THEIR GOVERNMENTS' VIEW ON THE BERLIN CRISIS AND OTHER ISSUES IN THE COLD WAR.

AS ON MONDAY WHEN THEY TALKED WITH PRIME MINISTER STALIN AND MOLOTOV, THE DIPLOMATS EMERGED FROM THE KREMLIN SMILING. THEY HASTENED TO THE AMERICAN EMBASSY FOR FURTHER TALKS.

LONDON, BERLIN AND MOSCOW DISPATCHES ALL SUGGESTED THAT A WEEKEND ANNOUNCEMENT MIGHT BE FORTHCOMING ON ANOTHER FOREIGN MINISTERS MEETING. THE STATE DEPARTMENT PRESS OFFICER IN WASHINGTON SHARPLY DISCOUNTED THESE REPORTS. HE DID NOT RULE OUT SUCH A POSSIBILITY, BUT SAID "NO ARRANGEMENTS HAVE BEEN MADE."

THE WESTERN POWER REPRESENTATIVES GAVE NO HINT OF SUCH A MEETING AFTER THEY LEFT MOLOTOV. NOR DID THEY SAY ANYTHING OF MOMENT. IT WAS HIGH DIPLOMACY OF A CALIBER THAT WOULD BE ENDANGERED BY PREMATURE TALK.

THE FRENCH SAID THEY WERE EVACUATING AS MANY FAMILIES AS POSSIBLE FROM BERLIN BECAUSE OF SUPPLY DIFFICULTIES. THEY DENIED THEY WERE WITHDRAWING ANY OCCUPATION TROOPS OR MILITARY GOVERNMENT OFFICIALS.

IN LONDON, DIPLOMATIC CIRCLES PREDICTED A WEEKEND ANNOUNCEMENT OF A FOREIGN MINISTERS' COUNCIL SESSION ON BERLIN, GERMANY AND OTHER EAST-WEST PROBLEMS.

THAT APPARENTLY WOULD MEAN AN END TO THE BERLIN BLOCKADE, IN WHICH RUSSIA SINCE LATE JUNE HAS BEEN TRYING TO FORCE THE WESTERN POWERS FROM THE FOUR-POWER CITY. SECRETARY OF STATE MARSHALL, FOREIGN SECRETARY BEVIN OF BRITAIN AND OTHER WESTERN SPOKESMEN HAVE SAID THERE WILL BE NO TALKS WHILE THE BLOCKADE EXISTS.

THE RUSSIANS FOR THE FIRST TIME EASED THE BLOCKADE A TRIFLE YESTERDAY IN ALLOWING THE ANTI-COMMUNIST CITY GOVERNMENT AND FIRMS IN THE WESTERN SECTORS TO DRAW OUT MONEY BLOCKADED IN RUSSIAN ZONE BANKS.

THE WHOLE GERMAN PROBLEM WAS EXPECTED TO BE AT THE TOP OF THE FOREIGN COUNCIL AGENDA, BUT OTHER DIFFERENCES BETWEEN RUSSIA AND THE

WEST LIKELY WILL BE AIRED.

THE NATIONAL ZEITUNG OF BERLIN, A RUSSIAN LICENSED NEWSPAPER, SAID WESTERN DIPLOMATS IN MOSCOW WOULD SEE FOREIGN MINISTER MOLOTOV TODAY AND FIX THE TIME AND PLACE OF A FOUR-POWER CONFERENCE.

INFORMED QUARTERS IN MOSCOW SAID THE WESTERN POWERS MIGHT MAKE A NEW APPROACH DURING THE DAY FOR SETTLEMENT OF WEST-EAST DIFFERENCES.

THE AMERICAN, BRITISH AND FRENCH ENVOYS TO MOSCOW STOOD BY UNTIL AFTER MIDNIGHT AS IF THEY WERE EXPECTING A CALL TO THE KREMLIN FOR A SECOND TALK WITH PRIME MINISTER STALIN. IT DIDN'T COME. THEY CONFERRED AGAIN TODAY BUT--AS THROUGHOUT THE WEEK--KEPT DISCREET SILENCE.

A BRITISH FOREIGN OFFICE SPOKESMAN SAID THE WESTERN POWERS INTEND TO PROCEED WITH PLANS FOR A GOVERNMENT IN WESTERN GERMANY. SPECULATION INCREASED IN LONDON THAT THE RUSSIANS DEMANDED THAT THESE PLANS BE DELAYED AS A PRICE FOR LIFTING THEIR LAND BLOCKADE OF BERLIN. THE PLAN OF BELGIAN PREMIER PAUL-HENRI SPAAK TO VISIT BRITISH FOREIGN SECRETARY BEVIN TODAY STRENGTHENED CONJECTURES THAT THE WESTERN GERMANY GOVERNMENT PLAN IS A FOCAL POINT OF THE MOSCOW MANEUVERS. BELGIUM IS ONE OF THE SIX NATIONS WHICH AGREED TO THE WEST GERMAN REGIME.

AMERICAN AND BRITISH AUTHORITIES SAID THEY PLAN TO SELL ABOUT 50 I. G. FARBENINDUSTRIE PLANTS TO INDEPENDENT FIRMS AS COMPETITORS. IT WAS THEIR HOPE TO BREAK THE CHEMICAL TRUST FOR ALL TIME. IT HAD 400 OR MORE PLANTS AROUND THE WORLD BEFORE THE WAR.

ANA PAUKER, THE COMMUNIST FOREIGN MINISTER OF ROMANIA, ACCUSED THE UNITED STATES OF USING "DOLLAR DIPLOMACY" IN TRYING TO GET A STRONG POSITION IN THE DANUBE BASIN. HER CHARGES WERE BEFORE THE DANUBE CONFERENCE AT BELGRADE WHERE THE COMMUNIST OUTVOTE THE WEST 7 TO 3.

GREEK DIVISIONS COMPRESSED GREEK COMMUNISTS INTO A SHRINKING SECTOR IN THE GRAMMOS MOUNTAINS NEAR ALBANIA AND BEAT BACK SEVEN COUNTERATTACKS.

COUNT FOLKE BERNADOTTE, U.N. MEDIATOR FOR PALESTINE, ASKED THE SECURITY COUNCIL TO AFFIRM THE RIGHT OF 300,000 OR MORE PALESTINE ARABS TO RETURN TO THEIR HOMES. THE JEWS OBJECT.

FENTON ALSO HAD THIS TO SAY: J. FRANK TRAGLE

THE SUCCESSFUL SUPPLYING OF BERLIN BY AMERICAN AND BRITISH PLANES HAS RAISED CONSIDERABLY THE MORALE OF THE GERMANS THROUGHOUT GERMANY.

FENTON, A REPUBLICAN, IS A MEMBER OF THE HOUSE APPROPRIATIONS COMMITTEE. BECAUSE HE IS A PHYSICIAN HE WAS APPOINTED CONGRESSIONAL ADVISER AT THE WORLD HEALTH ORGANIZATION'S FIRST MEETING IN GENEVA, SWITZERLAND.

HE CROSSED THE OCEAN BOTH WAYS ON THE QUEEN ELIZABETH. HE LEFT JUNE 30. THE CALL-BACK OF CONGRESS CUT SHORT HIS TRIP BY A NUMBER OF WEEKS. HE CAME TO WASHINGTON DIRECTLY FROM THE NEW YORK PIER WHERE THE SHIP DOCKED.

FENTON SAID IN AN INTERVIEW THAT HE WAS DEEPLY IMPRESSED BY THE HEALTH CONFERENCE, WHICH WAS CALLED TO MOBILIZE THE 54 PARTICIPATING NATIONS IN A COOPERATIVE, WORLD-WIDE ATTACK ON DISEASE.

IF THE PROGRAM IS CARRIED OUT AND SUPPORTED, HE SAID, A BIG STEP WILL HAVE BEEN TAKEN IN THE DIRECTION OF WORLD PEACE. WELL PEOPLE ARE HAPPIER PEOPLE AND HAPPIER PEOPLE ARE PEACEFUL PEOPLE, IS THE WAY HE LOOKS AT IT.

HE ALSO HAD HIGH PRAISE FOR THE UNITED STATES DELEGATION TO THE CONFERENCE. HE SAID HE WAS IMPRESSED BY THEIR ABILITY AND SINCERITY. HE NAMED, AMONG OTHERS, DR.THOMAS PARRAN, DR.MARTHA M.ELIOT AND DR. HENRY VAN ZYLE HYDE, WHO ARE CONNECTED WITH THE GOVERNMENT, AND DR. JAMES R.MILLER, A TRUSTEE OF THE AMERICAN MEDICAL ASSOCIATION.

THE CONFERENCE ENDED JULY 24. AFTER THAT FENTON VISITED FRANKFURT, HEIDELBERG AND MUNICH, GERMANY, WHERE HE INSPECTED DISPLACED PERSONS CAMPS AND HOSPITALS AND CONFERRED WITH U.S. MILITARY AUTHORITIES.

HE SAID THE CROPS LOOKED FINE WHEREVER HE VISITED AND THAT FRANCE AND BELGIUM GAVE ENCOURAGING SIGNS OF RECOVERY.

FENTON WILL MAKE REPORTS LATER TO THE HOUSE FOREIGN AFFAIRS COMMITTEE AND THE STATE DEPARTMENT.

UNDER NEGOTIATION FOR 15 YEARS, THE AGREEMENT WAS SIGNED AND SUBMITTED TO THE SENATE IN APRIL.

AT THAT TIME, IT INCLUDED 11 NATIONS BESIDES THE UNITED STATE. THE UNITED KINGDOM, AUSTRALIA, NEW ZEALAND, IRELAND AND DENMARK LATER WITHDREW. THIS LEFT AUSTRIA, CANADA, THE DOMINICAN REPUBLIC, EGYPT, INDIA AND SWEDEN AS SIGNATORIES.

SECRETARY OF AGRICULTURE BRANNAN SAID HE DEEPLY REGRETTED ACTION OF THE SENATE COMMITTEE IN RECOMMENDING DEFERRED RATIFICATION OF THE INTERNATIONAL WHEAT AGREEMENT.

"SEVERAL THINGS ARE NOW OBVIOUS," HE SAID IN A STATEMENT.

"FIRST, THERE WILL BE NO WHEAT AGREEMENT FOR THIS YEAR'S LARGE CROP. SECOND, THE PROPOSAL WILL HAVE TO BE RENEGOTIATED. THIRD, FURTHER NEGOTIATIONS WILL NECESSARILY HAVE TO BE CONDUCTED WITH THE U.S.BEING IN A MUCH LESS ADVANTAGEOUS POSITION THAN WHEN THE PROPOSED AGREEMENT WAS SIGNED."

BRANNAN ADDED THAT THE PROBABILITY OF A WHEAT AGREEMENT OF "APPRECIABLE VALUE" TO FARMERS IS GREATLY DIMINISHED.

AUG 1948

A.S.GOSS MASTER OF THE NATIONAL GRANGE, SAID IN A STATEMENT:

"OF COURSE WE ARE BADLY DISAPPOINTED THAT THE INTERNATIONAL WHEAT AGREEMENT FAILED. THERE WAS NEVER A MORE PROPITIOUS TIME FOR PASSAGE. ITS LOSS WILL PROBABLY COST FARMERS SOME HUNDREDS OF MILLIONS OF DOLLARS AND MAY END FURTHER NEGOTIATIONS. IN FAIRNESS TO THE SENATE COMMITTEE ON FOREIGN RELATIONS, IT WAS GIVEN A MOST DIFFICULT TASK IN SO SHORT A TIME. THE BLAME MUST REST CHIEFLY ON THE SHOULDERS OF THE SUBCOMMITTEE UNDER SENATOR LODGE TO WHOM THE AGREEMENT WAS REFERRED, WHO REFUSED TO TAKE ANY ACTION ON IT DURING THE REGULAR SESSION."

THERE WAS NO IMMEDIATE COMMENT FROM SENATOR LODGE.

DEMOCRATIC LEADER BARKLEY OF KENTUCKY LATER TOLD HIS COLLEAGUES HE THINKS IT IS UNFORTUNATE THE WHEAT AGREEMENT WAS NOT RATIFIED BECAUSE IT IS "AN ADVANTAGEOUS AGREEMENT" IN THAT IT ASSURES A FOREIGN MARKET FOR SURPLUS WHEAT.

SENATOR YOUNG (R-ND) AGREED.

"I AM KEENLY DISAPPOINTED THAT THE AGREEMENT WAS NOT RATIFIED," YOUNG SAID. "FAILURE TO APPROVE IT WILL PROVE A DISASTROUS BLOW TO THE AMERICAN FARMER."

Big 3 Envoys Await Molotov's Call

NEW MOSCOW TALKS IN TWO DAYS LIKELY

Envoys Of Three Western Powers Expecting Call From Molotov

By EDDY GILMORE

Moscow, Aug. 7 (AP)—Envoys of the three Western powers expect a call from Vyacheslav M. Molotov, Soviet Foreign Minister, tomorrow or Monday to resume negotiations to solve the East-West deadlock in Germany and perhaps all Europe.

After two lengthy meetings with the Russians—one Monday night with Prime Minister Stalin and another last night with Molotov—all or most of the issues between the four powers have been brought into the open and laid on the conference table.

The present stage was described by an authoritative source here as a "negotiations period."

The negotiations period as such may continue for some time. In other words, there may be several more meetings with Molotov before all four negotiators are ready to report back to Stalin.

Frank Exchanges

At this point things are believed to be proceeding all right. There have been a lot of frank exchanges over the Berlin question and Germany. The three Western envoys have been talking pretty bluntly about the Berlin blockade and the Soviet has been just as frank about Allied plans for a western German government, it was said.

The *Literary Gazette* said today that "only a realization of Soviet proposals on the future of Germany" would lead to settlement of the Berlin crisis and create conditions for a firm peace in Europe.

Victor Mekrasov, the *Gazette's* special Berlin correspondent, wrote:

"A favorable and real solution to the 'crisis' created in Berlin as a result of the impermissible one-sided action of the Western powers is closely bound up with a decision on the all-German problem as a whole, in the spirit of Potsdam, which found its further expression in the Warsaw declaration and in the answer of the Soviet Union to notes of America, England and France."

Optimism Apparent

[The Warsaw declaration by the Soviet Union and seven other eastern European countries urged a provisional government for all Germany. The Western powers have announced plans for a separate western German Government.

[The Soviet reply to notes of protest from the Western powers on the Berlin blockade said the Russians would not object to negotiating differences in Berlin, but the talks must be without preliminary conditions and must concern the administration of Germany as a whole.]

A certain amount of optimism is apparent in foreign circles in Moscow due to the fact the four powers are meeting, and the meetings are said to be amicable.

An Exhausting Pace

This optimism is not shared by everyone, of course, but the opinion of the majority of foreign observers is that solid agreements are going to result from the four-power talks on Berlin and German currency control.

All three Western envoys were at work today, looking a little tired, for they have been going at an exhausting pace. There were no meetings of the three today.

U. S. Ambassador Walter Bedell Smith planned to work in his garden and then get to bed early. Britain's special envoy, Frank Roberts, and French Ambassador Yves Chataigneau planned social evenings.

All-Reich Talks Demanded By Russ Paper

Moscow, Aug. 7 (AP)—The *Literary Gazette* declared today that "only a realization of Soviet proposals on the future of Germany" will lead to settlement of the Berlin crisis and create conditions for a firm peace in all Europe.

[This may indicate that the Soviets are standing on their previous proposal that any major power talks on East-West differences take in the problem of Germany as a whole, without preliminary conditions. The Western Allies have called for lifting of the Soviet blockade of Berlin as a condition for talks.]

DAY

Victor Nekrasov, the *Gazette's* special Berlin correspondent, wrote the article at a time when representatives of the Soviet Union, the United States, Britain and France were negotiating the East-West deadlock.

One-Sided Move Alleged

He said "a favorable and real solution to the 'crisis' created in Berlin as a result of the impermissible one-sided action of the Western Powers is closely bound up with a decision on the all-German problem as a whole, in the spirit of Potsdam, which found its further expression in the Warsaw Declaration and in the answer of the Soviet Union to notes of America, England and France."

[The Warsaw Declaration by the Soviet Union and seven other Eastern European countries urged a provisional all-German Government. The Western powers have announced plans for going ahead with a government for Western Germany.

[The Soviet reply to British-French-American notes of protest on the Berlin situation said the Soviets would not object to negotiating differences in Berlin, but the talks must be without preliminary conditions and must concern the administration of all Germany as a whole.]

No Meetings Today

The three Western envoys again are waiting reports from their home capitals on the latest of their talks with Soviet Foreign Minister V. M. Molotov. No more meetings are expected today.

Informed persons believe the next get-together will be tomorrow, Monday or perhaps even later. One highly informed source said last night that there must be new meetings before any final agreements materialize.

"Up to mid-afternoon, there had been no further meetings among the three Western envoys, and none had been scheduled.

The three envoys conferred with Molotov yesterday for three hours. Prime Minister Stalin was not present.

The United States, British and French envoys conferred with Foreign Minister V. M. Molotov yesterday for three hours. Prime Minister Stalin was not present.

Talks Going Smoothly

At this meeting, United States Ambassador Walter Bedell Smith, French Ambassador Yves Chataigneau, and Frank Roberts, special British envoy, gave Molotov their reply on Berlin and other questions.

It was learned on excellent authority that the talks with Molotov are proceeding smoothly.

The Western envoys emerged smiling from their conference with the Soviet Foreign Minister. They drove to the American Embassy where they compared notes and ideas.

[London diplomatic circles expressed a belief that the three Western powers had submitted specific questions to Molotov which they believed should be discussed at a new four-power conference on Berlin, Germany and perhaps Europe.

Parley Report Questioned

[London dispatches said the time, place and agenda of a new meeting of the Foreign Ministers Council may be announced this week end. But a State Department spokesman in Washington said no agreement on such a meeting has been made.

[A meeting of Secretary of State Marshall, Molotov, British Foreign Secretary Bevin and French Foreign Minister Robert Schuman might be preceded by a conference of their deputies to lay the groundwork.]

DIPLOMAT SEES MOSCOW GAINS

British Informant Says Russia Makes Some Objections

A. Carshon

London, Aug. 7 (AP)—A British diplomatic source said today some progress has been made in the current Moscow negotiations but the Western powers thus far have failed to reach agreement with the Soviet Union on a broad basis for four-power talks on Germany.

The informant said Russia had raised objections to "certain concrete proposals" made to Vyacheslav M. Molotov, Soviet Foreign Minister, last night by representatives of Britain, France and the United States.

NIGHT

The Talks Getting Bluntly

A Moscow dispatch said the three Western envoys have been talking pretty bluntly about the Berlin blockade and the Russians have been just as frank about Western Allies' plans for a western German government.

The informant said there is no question of the talks having broken down. He expressed the opinion that Molotov, and possibly Prime Minster Stalin, would receive the envoys again after they had received further instructions from their governments.

A Foreign Office spokesman said a report on the latest meeting with Molotov was received here today and was being studied. The report was the subject of a talk between Lewis W. Douglas, United States Ambassador, and Sir William Strang, the Foreign Office's top German expert.

Stalin Asks For Agenda

One British source indicated the Western powers had delivered to Molotov what amounted to a tentative basic agenda for a meeting of the Council of Foreign Ministers. Stalin had asked for an agenda, the informant said.

He added that the Western powers' formula for settling the Berlin deadlock probably was discussed. The formula probably would cover the currency tangle, the Russian land blockade and the breakdown of four-power administrative machinery in the German city.

Moscow Talk

London, Aug. 7 (AP)—An informed British diplomatic source said today that the Western powers thus far have failed to agree with the Soviet Union on a broad basis for four-power talks on Germany.

The informant said that, while it is apparent some progress is being made in the Moscow negotiations, Russia has raised objections to "certain concrete proposals" made to Soviet Foreign Minister V. M. Molotov yesterday by representatives of the United States, Britain and France.

The nature of the proposals remained concealed by the blackout which has shrouded the Kremlin conversations since they began nine days ago.

DAY

Instructions Awaited

There still is no question of the talks having broken down, the informant said. He expressed the opinion that Molotov—and possibly Prime Minister Stalin—will receive the western emissaries again after the westerners receive new instructions from their Governments.

A spokesman for the British Foreign Office said it is unlikely now that a four-power communiqué will be issued this week end on the talks. Some sort of announcement during the week end—possibly settin gthe place, date and scope of a new four-power Foreign Ministers Council meeting—had been widely anticipated.

Another British diplomatic source indicated that the Western powers delivered to Molotov yesterday a tentative agenda for a Foreign Ministers Council discussion. He said Stalin had asked for a basic agenda.

London Gets Report

Only after further talks with Molotov and possibly Stalin, one informant said, will it be shown whether the East and West can profitably discuss German and other European problems at a Big Four conference.

The Foreign Office said a report on the meeting with Molotov has been received from Frank Roberts, special British envoy in Moscow. Foreign Secretary Ernest Bevin is studying it.

Lewis W. Douglas, the American Ambassador, called at the Foreign Office this morning to discuss the report with Sir William Strang, Bevin's chief adviser on Germany.

Ideas Believed Presented

Diplomatic observers said they believed the Western powers have delivered concrete proposals to the Kremlin concerning topics to be discussed at a projected Big Four meeting.

Representative of the restrained optimism here is the opinion of Vernon Bartlett, a member of Parliament, who wrote in the London *News Chronicle:*

"Previous interviews with Stalin, Molotov and Zorin (Soviet Deputy Foreign Minister) were explanatory and designed to discover whether there is any possible basis for an agreement between the East and West.

Second Stage Beginning

"Yesterday's interview was proof that the answer was judged to be

AUG 1948

30.24- 19599

an affirmative one. The second stage now beginning is the removal of obstacles to discussion."

Spirits here have risen since the Western envoys met Stalin and Molotov Monday night in a seemingly favorable atmosphere.

The British press suggested that the Kremlin discussions have dealt with the Berlin blockade, German currency, the proposed West German government, and perhaps the Ruhr and possible withdrawal of occupation troops.

Russia long has sought a voice in control of the industry-rich German Ruhr.

Precise Ideas Requested

It was assumed here that Stalin had asked the Western diplomats what precisely they had in mind in suggesting new talks about outstanding East-West differences.

Some newspapers speculated that the Ruhr may be one of the chief points under discussion in Moscow. The *Times* said:

"There can be no progress if the Soviet demand for a share in controlling the Ruhr is not accompanied by guarantees of full economic freedom throughout Germany with the right of four-power inspection."

Socialist Otto Suhr, chairman of the Berlin City Council, told a rally of Berliners in the French sector that a "poor compromise must not be decided upon at the cost of us Berlin cellar-dwellers."

The Moscow talks have been wrapped in secrecy.

The *Telegraf* and *Suhr* may have based their remarks on a Russian-licensed news agency dispatch quoting "informed Washington circles" to the effect President Truman and Gen. George C. Marshall, Secretary of State, had agreed in principle to withdrawal of Western-sponsored currency from Berlin.

Actually, the Western powers are issuing more of their money. They arranged for credits to firms whose bank accounts in the Russian sector have been blocked by a Russian order.

AUG 1948

Transport Fleets Set Record

The *Telegraf* said also that the "natural right of the Berlin population to have access to all parts of Germany dare not be traded away in negotiations against some other point."

Despite rainy skies today, the British and American transport fleets set a new record of 666 flights into Berlin with supplies for the blockaded city.

The Soviet-controlled press continued to belittle the Allied air effort. The newspapers blossomed with counterpropaganda stories of Russian-imported grain pouring into the city and attempted to depict an easier life in the eastern sector with a story of the arrival of 7,000,000 marks' worth of clothing.

The official Soviet news agency said the Russians protested today that American and British flyers had committed 750 violations of air-corridor regulations during July.

Protest To Americans, British

The protest was handed to American and British officers at the Berlin air safety center, the agency said.

The Russians have claimed the Americans made provisions for forcing down planes which departed from prescribed routes over the United States occupation zone and implied they could do the same thing over routes to Berlin through their zone.

An American official said it could not be determined immediately whether the Russians were "just talking" or really intended to take forceful action.

One American air expert conceded that, "technically speaking," a plane which violated flight rules could be forced down. "However," he added, "once this starts, things are going to be pretty rough around here. It would require some pretty high-level action, to say the least."

Russ Area Police Make Raids

More than 1,000 Germans packed a western Berlin auditorium today to protest against what they termed "police state and concentration camp terror" in the Communist-ruled Russian occupation zone of Germany.

Several former inmates of Russian zone camps said they estimated the total of those confined runs into "hundreds of thousands." They claimed conditions in some of the camps are as bad as those which the Nazis had run.

The meeting was sponsored by the Democratic Youth Union of Berlin and had as its theme "silence is suicide." Its sponsors said they called on "the conscience of the world to help us resist totalitarian terror."

Police in the Russian sector of Berlin conducted raids on black market centers and arrested Germans found in posession of western currency. This was part of a campaign of "combatting reactionary elements" proclaimed by Moscow-trained Paul Markgraf, chief of the Soviet-controlled faction of the city's police.

American authorities warned Markgraf to steer clear of western sectors of the city in his operations.

West Berliners Concerned Over Possible 'New Munich'

G BYLA

Berlin, Aug. 7 (AP)—Concern was reported growing among western Berliners tonight that a "new Munich" may be in the making in four-power negotiations on Germany taking place in Moscow.

Calling for a firm Western stand against new demands by the Russians, the Socialist newspaper *Telegraf* said the "brave attitude displayed by Berlin" under the Soviet blockade had "earned this city assurances of a free democratic life."

"Unfortunately," the newspaper said, "there is evidence today that, despite their sorry experiences since 1945, the democracies again are inclined to trust the promises of a totalitarian power. Anyone who believes that the differences between the democracies and Russian totalitarianism can be resolved merely on the German problem or the Berlin question is on the road to a new Munich."

NIGHT

Talks Wrapped In Secrecy

Berlin Talk

B/G 2

Berlin, Aug. 7 (AP)—An American Air Force official said today that "things are going to be pretty rough around here" if the Russians try to force down United States and British planes flying supplies to blockaded Berlin.

DAY

The official Soviet news agency ANB hinted last night that Allied planes could be forced down for flying over unauthorized areas. It charged British and American aircraft with 62 such violations between July 31 and August 4.

The American official conceded that "technically speaking" planes which violated flight violations could be forced down.

"However," he added, "once this starts things are going to be pretty rough around here. It would require some pretty high level action, to say the least."

Implication Is Made

The Soviet agency contended Americans had provisions for forcing down planes which departed from prescribed routes over the United States occupation zone. They implied that the same could be applied over the Soviet zone. routes to Berlin.

The American official said it could not be immediately determined whether the Russians were "just talking" or really intended forceful action.

Nor was it known whether the statement distributed by ANB had been forwarded to United States and British authorities as a formal letter of protest.

The Russians have made frequent allegations of flight-rule breaches since the gigantic night-and-day airlift to supply western Berlin was instituted almost two months ago. Most of them have been rejected as unfounded. American authorities have expressed the belief they were chifly intended as harassing tactics.

To Double Airlift

Western Allied authorities have said the airlift will not only continue as long as needed but will be doubled.

On the diplomatic front, Russian-controlled newspapers carried on their front pages a dispatch from Washington contending that President Truman and Secretary of State Marshall had "agreed in principle" that the Western-sponsored currency should be withdrawn from Berlin and only Soviet sponsored money circulate throughout the city.

The dispatch, carried by ANB, said this information was learned from "informed Washington circles."

It said the currency problem here has to be negotiated by the four Allied commanders in chief and indicated that the issue was connected with the Moscow discussion of the Berlin crisis.

More Currency Issued

On the contrary, the Western powers are issuing more of their money here.

Western authorities said last night that attempts to reach satisfactory arrangements for the release of blocked East-mark accounts "have now been brought to nothing because of the insistence of the bank of issue (in the Soviet sector) upon clearly unacceptable conditions."

As a result, the three Western powers authorized loans in West-marks for Western sector firms whose East-marks have been blocked so they can pay wages.

The British said Thursday that the Russians had released enough funds for the city government to meet its week-end payments. Last night, however, it was reported that the city had only been able to get a small per cent of its estimated needs.

ANB reported that the Russians had protested to the British Thursday against "organized currency speculation" in the British sector.

The agency said the Russians demanded the immediate closing of German-operated currency exchange offices which recently were opened in the Western sectors. ANB described Berlin as "lying in the Soviet zone and economically part of it."

Last night's papers said one West-mark brought two marks, 40 pfennings of Soviet-sponsored currency, while it required two marks, 70 pfennings of Russian money to buy one West-mark.

The West-mark has been pegged at 30 cents for the purpose of foreign trade. The new Russian mark has been given no set value, although the Russians contend that it should be exchanged equally with the West-mark.

West-Mark Favored

However, since the introduction of the two currencies, the West-mark has been favored in all sectors of Berlin and has been exchanged at a premium because of its sounder basis.

An American Military Government public opinion survey said last night that nine out of ten Berliners believe their own lives woudld be affected if the Americans left the city. About half those interviewed expressed a personal fear of the Russians.

Earlier yesterday French authorities announced that they were evacuating "as many French families as possible" from Berlin because of supply difficulties caused by the Soviet blockade.

An official statement denied reports, however, that French occupation troops or Military Government officials also were being withdrawn.

German officials in Tubingen said last night that the German government in the French Zone state of Wuerttemberg-Hohenzollern resigned yesterday. The officials said the action was in protest against reparations and other demands of the French Military Government.

The German government, headed by Prof. Karlo Schmid, acting state president, said it would continue in office until its successor was chosen by the State Parliament.

French Policy On Food Delays German Merger

U. S., Britain Call for End of Feeding Occupation Force From Zone Supply

R. Gilligan

FRANKFURT, Aug. 7 (AP).—France's policy of feeding her occupation army partly off the land has raised a new obstacle to the projected trizonal organization of Western Germany.

Reliable sources say the American and British authorities have refused to do anything to help increase German rations in the French zone unless the French agree to stop feeding their troops with German supplies.

The informants add that the French notified Great Britain and the United States that they cannot stop using German food before Jan. 1. American authorities express hope the French will reconsider.

The German government in the French-zone state of Wuerttemberg-Hohenzollern resigned yesterday, protesting against reparation and other demands of the French Military Government, a Tuebingen dispatch said. Government speakers told the State Landtag (Parliament) that the French demands are excessive to the point of being impossible of fulfillment.

Hesitation Delays Merger

The new differences between the French and the American and British came after French hesitation caused delays in the economic integration of the French zone with Bizonia.

American and British officials had met with French authorities at Baden-Baden to attempt to equalize the official German ration for the three zones. In the American and British areas, the Germans get 1,990 calories a day, as compared with a reported daily ration of less than 1,500 calories in the French zone.

The French are reported to have conceded that they have taken thousands of tons of meat, cheese and butter from the German economy to help feed about 100,000 Frenchmen in their occupation area. The French said they would

AUG 1948

either have to get more cash from Paris for food imports or cut the already low German ration by 125 calories a person.

Had Planned Oct. 1 Start

Informants said the American and British negotiators explained that under the circumstances they could not agree to send food into the French zone, although they had been prepared to start doing so by Oct. 1.

"The United States alone imports 400,000 tons of food a month to keep the Germans alive," one American official said. "We can't send this food—which is paid for by the American taxpayer—from our zones to the French, only for it to be eaten, in effect, by French troops."

Allied officials said that shipping in food to increase the ration for the 6,000,000 Germans in the French zone might cause a temporary reduction in rations for the 39,000,000 in the American and British zones.

ACT, BIG 4 TOLD BY TRYGVE LIE

Settle German Issue, In Or Out Of U.N., He Demands

D. Harrison

Lake Success, N.Y., Aug. 7 (AP)—Secretary-General Trygve Lie called on the big powers today to settle the German problem either inside or outside the United Nations.

Lie said in his annual report to the General Assembly he didn't care how the four interested nations tackled the problem so long as they reached a solution.

He told them, however, not to bring their dispute to the United Nations unless they come "in the spirit of a genuine attempt to find a solution."

"Nothing," Lie said, would contribute more to the effectiveness of the United Nations than a settlement of this problem."

Co[illegible] Issues

The Secretary General, while emphasizing the importance of Germany as the No. 1 problem, expressed concern over several other issues, including what he called a race for the production of bacteriological and chemical weapons.

He also warned the great powers the world never would submit to the rule of any one ideology whether it is communism or extreme capitalism.

One of the most disappointing developments during the past year, Lie said, was failure of the United Nations to make any progress on atomic control, arms reduction or creation of a world police force.

He asserted he was so alarmed over the present race in bacteriological and chemical weapons that he would ask the General Assembly to take this problem up at its Paris session beginning September 21.

Not a single proposal has been made by any nation for the control of such weapons, he said, although "stocks of these weapons are undoubtedly piling up."

Ideological Conflict Noted

Speaking of the ideological conflict between the East and West, Lie said:

"It would be a grave mistake to believe that most of the world has any intention of accepting any single economic system, whether based on the Communist doctrine of the classless society or the most extreme American capitalist version of a free enterprise system."

One of the functions of the United Nations, Lie said, was to bring about change in the world peacefully instead of by force.

Lie did not minimize the importance of the conflict between Russia and the Western powers.

"The conflict between East and West has been the cause, direct or indirect, of many setbacks and disappointments in the work of the United Nations during the past year," he declared. "Yet it is equally true, though far less often admitted, that the United Nations in its turn has acted as a restraining and conciliating influence upon the parties to this conflict."

U.N. "Only Road" To Peace

He added:

"I submit that all that has happened during the past year has shown more conclusively than ever that the road laid out by the United Nations Charter is not only the right road, but the only road now available to a permanently peaceful world."

Other main points:

Lie said the European Recovery Program "can have lasting results only if present political divisions are not permitted to block co-ordinated action within europe as a whole and an increase of trade between eastern and western Europe."

United Nations budget estimates for 1949 amount to $33,469,587 as compared to $34,825,195 for 1948.

Big Powers Get Plea From Lie On Germany

D. Harrison

Lake Success, Aug. 7 (AP)—Trygve Lie appealed to the big powers today to end their quarrel over Germany.

The United Nations Secretary General also called for urgent action to stop what he called a race among the great powers to develop and stock pile lethal bacteriological and chemical weapons.

In his third annual report to the General Assembly, Lie placed the German problem at the top of a list of issues standing in the way of world peace.

"Nothing would contribute more to the effectiveness of the United Nations," he said, "than a settlement of this problem."

Wide Field

Lie ranged over the entire field of political, economic and soeial problems before the United Nations, painting a grim picture of strife and conflict between Russia and the Western powers. He spared neither the United States nor the Soviet Union in his analysis of the United Nations activities during the past year.

He said the United States supported the Palestine partition plan but refused to use force to carry it out. Russia boycotted several United Nations bodies, including the Korean and Balkan commissions, he said.

"Both cases," he said, "involve areas where the immediate interests of the two greatest powers have reacted sharply upon each other."

"A Grave Mistake"

Then Lie said:

"It would be a grave mistake to believe that most of the world has any intention of accepting any single economic system, whether based on the Communist doctrine of the classless society or the most extreme American capitalist version of a free enterprise system.

"It is equally unthinkable that any one nation or group of nations could establish and maintain in such a world a new empire resting on either economic power or military might."

Lie made no specific recommendations on the German problem beyond urging the big powers to resume negotiations. He spoke of the future status of Germany as a whole and not merely of the Berlin crisis.

Left Up To Powers

He left it up to the interested powers to decide whether they would turn the German problem over to the United Nations, but told them if they decided to do that he wanted it done "only in the spirit of a genuine attempt to reach a settlement."

Lie expressed grave concern over failure of the United Nations to make any progress on such vital problems as atomic control, reduction of armaments and creation of an international police force.

He said the prolonged debate over atomic control has distracted attention from other weapons of mass destruction such as bacteriological and chemical weapons.

"Stocks of these weapons are undoubtedly piling up," he said, and "new discoveries are constantly being made to render them more deadly," but "not a single proposal has been made by any of the member nations for preventing or controlling their manufacture."

Before Next Session

For this reason, Lie said, he intends to place this problem before the next session of the Assembly which begins in Paris September 21.

Lie had these things to say about other questions:

EUROPEAN RECOVERY PROGRAM—"This program holds great promise for the restoration of western Europe to economic and political stability, but it can have lasting results only if present political divisions are not permitted to block co-ordinated action within Europe as a whole and an increase of trade between eastern and western Europe."

INTER-AMERICAN AGREEMENTS—"Regional arrangements can never be a substitute for world organization, but if they are kept carefully within the framework of the United Nations and subordinate to it, as the Charter provides, they can play a most important role in the gradual strengthening of the structure of peace."

Influence Of U.N.

In assessing the part played by the United Nations in recent world developments, Lie declared the seriousness of the East-West conflict might have been greater without the restraining influence of the United Nations.

"I believe," he said, "that we should start by recognizing that the United Nations has become the chief force that holds the world together against all the conflicting strains and stresses that are pulling it apart."

At another point he said:

"I submit that all that has happened during the past year has shown more conclusively than ever that the road laid out by the United Nations Charter is not only the right road but the only road now available to a permanently peaceful world."

Special to THE NEW YORK TIMES.

LAKE SUCCESS, N. Y., Aug. 7—Following is the text of the introduction to Secretary General Trygve Lie's annual report to the United Nations General Assembly:

This is my third report as Secretary General of the United Nations.

That historic day, 26 June 1945, when representatives of fifty nations signed the Charter at San Francisco, came not a moment too soon.

The wartime alliance from which the United Nations was born started to pull apart all too quickly and, had the establishment of the United Nations been delayed even a few months, the Organization might never have been created. But today, the peoples of the world possess a world law—the Charter, machinery for constructive cooperation—the Organization, and a flag—the United Nations flag—under which they have a good chance to maintain a lasting peace and build a world that is fit for all men to live in.

UNITED NATIONS CHIEF FORCE HOLDING WORLD TOGETHER

A great deal has been said to the effect that the United Nations was based on the assumption of agreement among the great Powers, that it was not created to make peace but to keep it after it was made, and that in general the Organization has been submitted to strains it was not equipped to bear.

However true this may be, I believe it is time to think of the United Nations in other terms than of an infant which must be protected from the harsh realities of world politics. It is time to stop justifying the setbacks experienced in the work of the United Nations. I believe that we should start by recognizing that the United Nations has become the chief force that holds the world together against all the conflicting strains and stresses that are pulling it apart.

The United Nations has interposed law and human decency and the processes of conciliation and cooperation between the world's peoples and the naked, lawless use of power. The United Nations has continued to stand for brotherhood in the midst of all the voices that talk of national policy in terms of military strategy and tactics—as if the building of peace were a matter of offensives and counter-offensives, of break-throughs and infiltrations, of blockades and ideological Maginot Lines.

Indeed, the organs of the United Nations are now virtually the only places where regular contact and discussion have been maintained on a continuous basis between the Western Powers and the Union of Soviet Socialist Republics. The Council of Foreign Ministers has not met since December, 1947, and negotiations for a peace treaty with Germany have been in a state of suspense since then.

The conflict between East and West has been the cause, direct or indirect, of many setbacks and disappointments in the work of the United Nations during the past year; yet it is equally true, though far less often admitted, that the United Nations in its turn has acted as a restraining and conciliating influence upon the parties to this conflict.

Before the General Assembly and the Councils of the United Nations every nation must justify its policies in the light of the Charter and for the judgment of world opinion. Around the tables of council chamber and committee room the pressure is always in the direction of agreement and the peaceful processes of settlement, even when agreement is not reached. The United Nations does not provide a favorable atmosphere for ultimatums or conspiracy. Its growing influence is unceasingly in the direction of peace and away from war.

WORLD IN MIDST OF PROFOUND SOCIAL AND POLITICAL CHANGE

Many things have happened both inside and outside the United Nations during the past year that should remind us not to oversimplify the world picture. The present tension between the two mightiest nations—the United States of America and the Union of Soviet Socialist Republics—is not the only factor likely to have a powerful influence on history.

The position of the other three

permanent members of the Security Council, which, under the Charter, are on a basis of equality with the two already mentioned, symbolizes some of the other forces at work. Of these three Powers, the United Kingdom and France represent Europe, which was the main battlefield of the last war. Europe was deeply shaken politically and spiritually and its peoples suffered immense material losses. In the struggle for economic recovery and political stability a new European pattern is emerging. Its outlines are not yet clearly and definitely fixed, but it is already evident that the new forces at work among the four hundred million people in Europe give promise of restoring their political and economic influence.

The remaining permanent member is China, the largest country in Asia. The war began earlier in Asia than in Europe and ended later. It brought about severe disturbances in Asia's basic food production and this had catastrophic results for the peoples, from which recovery has not yet been made. Politically, the war left many parts of Asia in turmoil and ferment, but it has greatly hastened the process of emancipation of the Asiatic peoples from positions of dependence and inferior status. Their position as equal partners in world affairs is now being recognized as a matter of principle and, step by step, is being put into practice.

When the United Nations Charter was signed, China was the only fully independent nation of Eastern Asia among the signatories. Within three years Burma, India, Pakistan and the Philippines have become fully independent and all are now members of the United Nations, India and the Philippines being original members. Siam has also been admitted and Ceylon has applied for admission to the United Nations. The emerging United States of Indonesia is a potential applicant for membership.

Further north in Asia, the Mongolian People's Republic has sent in its application. In the United Nations Economic Commission for Asia and the Far East representatives of Cambodia, Ceylon, Hong Kong, Laos and the group of territories comprising the Malayan Union, Singapore, North Borneo, Brunei and Sarawak sit as associate members. Of the countries of Western Asia, Afghanistan and Yemen are already members of the United Nations, and Trans-Jordan has applied for membership.

Thus, in three years some twelve or more of the rising nations in Asia, which altogether has a population greater than that of Europe and the Western Hemisphere combined, have in varying degree begun to make their influence felt in the work of the United Nations.

The American continents, with their rich resources, and, in their northern part, highly developed economy, have proved to be in peace as well as in war a vast reservoir of material assistance for less fortunate lands. Nevertheless, the wealth of the Americas is very unevenly distributed among their countries, and economic development which will raise the standard of living is a necessity for most of the American republics if their peoples are to gain equal opportunities for social and economic advancement. Politically, the inter-American system of consultation and pacific settlement of disputes has been further developed during the past year as a result of the conferences of Rio de Janeiro and Bogota.

Regional arrangements can never be a substitute for world organization, but if they are kept carefully within the framework of the United Nations, and subordinate to it, as the Charter provides, they can play a most important role in the gradual strengthening of the structure of peace.

The peoples of Africa are but sparsely represented in the United Nations and many of them have a long road to travel in the development of the great natural resources of their continent and toward political and economic independence. In these regions, the provisions of the Charter relating to non-self-governing peoples and to the trusteeship system have potentially their greatest significance. Through this machinery the people of Africa can bring their case to the attention of the world with better hopes of help and justice and genuine respect for their equal rights as human beings than ever before.

During the past year, for example, the Trusteeship Council has heard the petition of representatives of the Ewe people of West Africa for the unification of their land, now divided among the British Gold Coast Colony and the British and French trust territories of Togoland. The Council is also sending this summer its first regular visiting mission to East Africa, where it will inspect conditions in Tanganyika under British administration and Ruanda-Urundi under Belgian administration.

It would be a grave mistake to believe that most of the world has any intention of accepting any single economic system, whether based on the Communist doctrine of the classless society or the most extreme American capitalist version of a free enterprise system. In a world where so many forces are at work and so many different civilizations and cultural traditions are stirring and intermingling, domination by any single ideology, whether it be religious, or political, or economic, is unthinkable and impossible. It is equally unthinkable that any one nation or group of nations could establish and maintain in such a world a new empire resting on either economic power or military might.

UNITED NATIONS ADAPTED TO CHANGING WORLD

It is for this new world that is gradually rising from the ruins and bitter memories of the war that the United Nations was conceived. The United Nations has been constructed to embrace the whole world, because anything less would destroy the hope of preventing war by dividing the world into rival military alliances. Because the United Nations must embrace the whole world—a world of nations differing profoundly in culture and interests, each sensitive of its sovereignty—its possibilities of action have been subjected to important limitations, such as the unanimity rule for the permanent members of the Security Council and the fact that decisions of the General Assembly are in the form of recommendations only.

The world has been made physically one by modern technology, but its peoples must be given time and freedom to search out the common ground afforded to them by the closely knit United Nations of today in order to develop the stronger unity that the United Nations of tomorrow can achieve.

Finally, the United Nations has been designed above all for a changing world. It has been so framed and so constructed that change can be brought about peacefully instead of by force of arms. It has been so built that the old nationalisms of the Western world and the rising new nationalisms of Asia and the Far East can adjust themselves peacefully to each other. It has been built to contain within peaceful bounds any kind of ideological competition, among capitalists, Communists, Socialists, Social Democrats, or adherents to any other economic or political faith, provided that one group does not attempt to impose its will upon the others by the threat or use of force.

I can understand that the procedures required of member states in the United Nations may sometimes seem irksome and limiting compared with the greater freedom of traditional methods of diplomacy. But this discipline, which the member states have imposed upon themselves by their adherence to the Charter, and this submission to the processes of open debate and public criticism and the vote, even by the greatest and most powerful of nations, constitute the essential minimum if change is to be kept within peaceful channels and if all manner of men and nations are to learn to live together without destroying each other. Constant use of the machinery of the United Nations by the member states, and a growing tradition among them of respect for and observance of its decisions and recommendations, is the way to strengthen the Organization and to develop its powers.

I submit that all that has happened during the past year has shown more conclusively than ever that the road laid out by the United Nations Charter is not only the right road, but the only road now available to a permanently peaceful world.

The record of the United Nations, generally speaking, has been more encouraging than might have been expected in a year of adverse political circumstances.

Let us look for a moment at that record.

Palestine

This was a problem that had defied all efforts to solve it extending over the past thirty years. It was brought to the United Nations for settlement by the mandatory power, the United Kingdom, which announced its intention of giving up the mandate. Last November the General Assembly, at its second regular session, adopted, by the necessary two-thirds majority, a recommendation for the partition of Palestine between Arab and Jewish States, with an economic union, and for the internationalization of the city of Jerusalem under the United Nations.

A commission was established by the Assembly to supervise the implementation of the plan. The Arab States refused to accept the recommendation and declared that they would oppose by force any attempt to impose its terms. The United Kingdom would accept no responsibility for the implementation of the recommendation against the will of either party. Finally, the United States of America, which had supported the partition plan, opposed the use of force to carry it out and asked for the appointment of a Truce Commission and for a special session of the General Assembly to consider the question of establishing instead a temporary trusteeship, without prejudice to the ultimate solution.

The special session met from 16 April to 14 May 1948. The trusteeship proposal was dropped, but the Assembly decided that a Mediator for Palestine should be appointed. Count Folke Bernadotte of Sweden was subsequently chosen to act in that capacity. Meanwhile, the mandate came to an end on 15 May in accordance with the decision of the mandatory power.

The Jews, at that moment, proclaimed the State of Israel within the limits of the boundaries recommended by the General Assembly. Armed forces of the Arab League states then moved across the borders of Palestine. There was widespread fighting between Arab and Israeli forces, particularly in Jerusalem. Two truce appeals by the Security Council failed and only five votes were cast in favor of action under Chapter VII of the Charter, which would have had the force of a command but might have required the sending of armed forces which the Security Council did not possess.

Finally, both sides agreed to a four weeks' truce under terms worked out by the Mediator in accordance with a third Security Council resolution.

The members of the Security Council's Truce Commission—Belgium, France and the United States of America—supplied ninety-three military observers and military and naval equipment and personnel for use in the supervision of the truce. A unit of fifty men, members of the United Nations Security Guard, reinforced by other Secretariat members, volunteered for service in Palestine. Forty other members of the Secretariat were dispatched to assist the Mediator in various capacities and at key points. Meanwhile the Mediator started negotiations for an extension of the truce and for a lasting settlement of the problem.

At the time of writing, the final outcome cannot be foreseen, but these facts stand out. The General Assembly recommended the creation of a Jewish State in Palestine, as well as of an Arab State. The Jewish State, Israel, has been proclaimed. The carrying out of the Assembly recommendation was resisted by force by some member states. Some other member states, when faced with force, sought to change the recommendation rather than use force themselves to implement it.

Indonesia and Kashmir

The Security Council has not yet been able to act as an agency for the enforcement of peace, but it is achieving increasing success as a mediator and conciliator. The two outstanding cases of this kind, apart from Palestine, have been those of Indonesia and Kashmir.

In Indonesia the Committee of Good Offices established by the Security Council, after five months of persistent efforts to secure full observance of a "cease-fire," brought about a truce last January which, since then, has prevented the renewal of a major civil war between forces of the Netherlands and of the Republic of Indonesia that threatened to involve seventy million people.

It secured agreement at the same time on political principles as the basis for a final settlement. These principles provided, among other things, for the establishment of a sovereign federal United States of Indonesia linked with other parts of the Kingdom of the Netherlands.

Negotiations for a final settlement on the basis of these principles have continued unremittingly since January through the Committee of Good Offices. Many difficulties remain to be overcome, but the work of conciliation goes on while men and women work at the tasks of peaceful reconstruction instead of killing and being killed.

In the case of Kashmir, a dispute that might otherwise have plunged the sub-continent of India, with its four hundred million people, into all the horrors of communal warfare has been, up to now, successfully diverted to the peaceful channels of Security Council debate. A commission has now been dispatched by the Council in the hope that it may be able to promote a final settlement of the disputes between India and Pakistan by negotiation and mediation on the spot.

Greece and Korea

The cases of Greece and Korea are in a somewhat different but related category. Here the United Nations, partly by the mere fact

AUG 1948

AUG 1948 30.24- 19603

of its watchful presence on the spot, is a constant influence on the side of peace. For the second year a United Nations group is watching the borders between Greece and her three northern neighbors.

Last year the Security Council sent a commission, whose recommendations were not accepted by the Security Council due to the adverse vote of the Soviet Union. The case was then passed to the General Assembly, which in its turn appointed, at its second regular session, a special committee on the Balkans.

This committee is now in Greece, watching for border violations and at the same time seeking to improve relations between Greece on the one hand and, on the other, Bulgaria, Yugoslavia and Albania, all of which have been accused of aiding the guerrilla forces which are engaged against the Greek Government.

In Korea the United Nations Temporary Commission established by the Assembly has successfully supervised an election in the southern occupation zone, although it has not been granted permission by the occupying authority to enter the northern zone.

Both these cases, like that of Palestine, have involved a refusal or failure to accept or carry out a recommendation of the Assembly. In both cases the refusal by certain member states has taken the form of a boycott or non-cooperation. Both cases involve areas where the immediate interests and mutual fears of the two greatest powers have reacted sharply upon each other.

Interim Committee

The Interim Committee of the General Assembly (in which the Byelorussian Soviet Socialist Republic, Czechoslovakia, Poland, Ukrainian Socialist Soviet Republic, Union of Soviet Socialist Republics and Yugoslavia have not participated on the ground that the Committee was, in effect, an illegal rival of the Security Council) has concentrated its attention on problems of voting in the Security Council and on proposals for new machinery for mediation and conciliation of disputes.

It has adopted recommendations aimed at restricting the application of the veto in the field of pacific settlement of disputes, this restriction to be achieved by agreement among the great powers on procedures and not by amendment of the Charter. Other recommendations on this matter have emphasized the importance of advance consultations among the great powers before votes are taken in the Security Council, in order to avoid, wherever possible, the use of the veto.

Atomic Energy and Regulation of Armaments

One of the most discouraging aspects of United Nations work during the year under review has been the failure of the Atomic Energy Commission, the Commission for Conventional Armaments and the Military Staff Committee to make any real progress.

The Atomic Energy Commission reported to the Security Council in May last that it was useless to continue its work until a political accord had been reached between the Western powers and the Union of Soviet Socialist Republics. The Commission, therefore, proposed to suspend its sessions. This resolution was opposed and vetoed by the Soviet Union in the Security Council, but the whole matter was then referred without objection to the coming session of the General Assembly, which will have an opportunity of reviewing the lack of progress in dealing with this urgent problem.

The Commission for Conventional Armaments has not yet formally suspended its work, but it has held few meetings and has never got beyond discussion of a few general principles and the definition of weapons of mass destruction, which are the responsibility of the Atomic Energy Commission. In the meantime, the armaments race among the great powers continues and the United Nations has taken no practical step to halt it.

The prolonged debate on the control of atomic energy and the demonstrations of the tremendously destructive power of atomic weapons that the United States has given to the world have distracted attention from developments in the field of bacteriological and lethal-chemical weapons. Whatever the situation regarding atomic weapons may have been or still may be, there has never been any effective monopoly of bacteriological and chemical weapons.

Some of these weapons are probably potentially as destructive of human life as atomic weapons but not a single proposal has been made by any of the member nations for any system of preventing or controlling their manufacture, nor has there been any discussion or study of the problem in the United Nations. Meanwhile, it is not too much to assume that, as in the case of atomic bombs, stocks of these weapons are piling up and that new discoveries are constantly being made that render them more deadly.

Nevertheless, all members of the United Nations, including the great powers, remain bound by their solemn pledge, made at the first session of the General Assembly almost two years ago, to eliminate all weapons of mass destruction and to reduce and regulate other armaments and, as an essential step to this end, to establish effective systems of international control, which will provide practical and effective safeguards, by way of inspection and other means, against the hazards of violations and evasions.

International Court of Justice

It is encouraging for the development of world law that the International Court of Justice now has its first case and has also rendered its first advisory opinion.

The case is that of the Corfu Channel, first brought against Albania by the United Kingdom in the Security Council last year. The Security Council recommended that the parties refer the case to the Court. Albania objected to the admission by the Court of the United Kingdom's application, but the Court ruled against this objection on the ground that its jurisdiction had been accepted by Albania when replying to the application. The Court's judgment was rendered with the unanimous agreement of all fifteen of its regular judges. Albania and the United Kingdom concluded a special agreement which now forms the basis of further proceedings before the Court. The case will be argued this autumn on its merits.

The first advisory opinion of the Court, requested by the General Assembly, concerned the question of membership in the United Nations. By nine votes to six the Court declared its opinion that a member of the United Nations is not juridically entitled to make its consent to the admission of a state dependent on conditions not expressly provided for in Article 4 of the Charter, which states that "Membership in the United Nations is open to all other peace-loving states which accept the obligations contained in the present Charter, and, in the judgment of the organization, are able and willing to carry out these obligations," and that, in particular, no member state can, while it recognizes the conditions set forth in Article 4 as fulfilled, subject its affirmative vote to the additional condition that another state be admitted.

In addition to the General Assembly and the Security Council, which are authoried by the Charter to ask the Court for advisory opinions, the Economic and Social Council, the Trusteeship Council and certain specialized agencies have now alho been authorized by the General Assembly to ask the Court for advisory opinions. I therefore hope that increasing use may be made of the principal judicial organ of the United Nations.

In the course of last year, six states (Brazil, Honduras, Mexico, Pakistan, Philippines and Belgium) accepted the compulsory jurisdiction of the Court, bringing the total number of states accepting the compulsory jurisdiction of the Court, either by declaration made since the establishment of the International Court of Justice or by application of paragraph 5 of Article 36 of the Statute of the International Court to thirty-two, namely, Australia, Belgium, Brazil, Canada, China, Colombia, Denmark, Dominican Republic, El Salvador, France, Guatemala, Haiti, Honduras, India, Iran, Luxembourg, Mexico, Netherlands, New Zealand, Nicaragua, Norway, Pakistan, Panama, Paraguay, Philippines, Siam, Sweden, Turkey, Union of South Africa, United Kingdom, United States of America and Uruguay. Many other Member States have not yet taken action in the matter. This is another example of the slow but steady pace of progress in developing the authority of the United Nations and of the need both for patience and for persistent and repeated effort in this direction.

General Convention on the Privileges and Immunities of the United Nations

The accession to the Convention on the Privileges and Immunities of the United Nations by the Governments of the United Kingdom, the Dominican Republic, Liberia, Iran and Panama, reported previously to the General Assembly, has been followed by the accessions of Honduras, El Salvador, Guatemala, Ethiopia, Haiti, France, Norway, Sweden, Afghanistan, Philippines, Nicaragua, New Zealand, Greece, Poland, Canada, Iceland, Netherlands, India and Denmark. It is hoped that the instruments of accession of the other members of the organization will be deposited at as early a date as possible.

However, only by the accession of the United States of America will the arrangements relating to the status of the organization at its headquarters produce their full effects. The General Assembly itself has repeatedly stressed the importance, for the effective functioning of the organization, of the acceptance of the Convention, which was unanimously adopted by the General Assembly and by the host state, as well as by all the other Members of the United Nations.

International Law

The General Assembly will, at its third session, elect the fifteen members of the International Law Commission which was created at its last regular session. It is important that this Commission should begin its work on the development and codification of international law. To this end preliminary studies have been prepared by the Secretariat on the draft declaration on the rights and duties of states, and on the formulation of the principles of the Charter of the Nuremberg Tribunal. A draft convention on genocide has also been completed by an ad hoc committee of the Economic and Social Council. The object in view is to make international law apply to individuals as well as to states.

In the meantime the fact that multilateral conventions are among the most effective means for extending the scope of international law should not be overlooked. Outstanding examples of such conventions concluded during the past year are given later.

Non-Self-Governing Peoples

This year the new machinery, established by the second session of the General Assembly for the implementation of Chapter XI of the Charter, is being brought into operation. A standard form for the preparation of information on conditions in all non-self-governing territories outside the trusteeship system has been established.

The Secretary General will summarize and analyze for the General Assembly the information received from member governments. In addition, a Special Committee of the General Assembly will meet before the third session to examine this information. The Special Committee is authorized to make procedural recommendations and also substantive recommendations to the General Assembly relating to functional fields generally, but not to individual territories.

The decision of the Soviet Union to take its seat in the Trusteeship Council has been an encouraging development and will strengthen the Council, since all five of the permanent members are now, for the first time, actively participating in its work, as the Charter intended them to do.

I have already referred to the oral petition of the Ewe peoples and to the first regular visiting mission which the Trusteeship Council is sending out this summer to Tanganyika and Ruanda-Urundi. Last summer the Council sent a special mission to Western Samoa whose people had petitioned for a greater measure of self-government. As a result of that mission, and with the full sympathetic cooperation of New Zealand, the administering authority, reforms are being made which will result in more rapid progress in the development of institutions of self-government for the people of Western Samoa.

The administering authorities responsible for the administration of the Trust Territories of New Guinea, Western Samoa, Ruanda-Urundi, Tanganyika, Cameroons under British administration and Togoland under British administration, have submitted annual reports on the administration of those territories. The Trusteeship Council has examined the reports on New Guinea and Western Samoa, and, at the present time, is examining the reports on Ruanda-Urundi and Tanganyika.

Economic Reconstruction and Recovery

The economic recovery of the world from the great devastation and dislocations of the war has been slow and painful. Yet, some remarkable results have been achieved by courageous national effort and by international cooperation (through UNRRA, through bilateral loans and trade agreements, etc.). Since the abandonment of the internationally administered relief and rehabilitation program carried on by UNRRA, no comparable world-wide effort for recovery has been made. However, this year, the European Recovery Program, under which sixteen nations of Western Europe have joined hands in a common program financed by the United States of America, has been set up.

This program holds great promise for the restoration of Western Europe to economic and political stability, but it can have lasting results only if present political divisions are not permitted to block coordinated action within Europe as a whole and an increase of trade between Eastern and Western Europe.

World-Wide and Regional Economic Cooperation

A very useful contribution to the economic reconstruction and rehabilitation of Europe as a whole is made by the Economic Commission for Europe, the first of the regional commissions to be set up. Within its framework, all European states—whether participants or not in the European Recovery Program—work jointly and in a practical way toward the solution of the numerous economic problems with which the continent is beset.

The Commission has made good

progress during the past year. It is helping to break such bottlenecks in production as the coal, steel and transport shortages and is facilitating, through its research work, a continental attack upon the problems of inflation and balance of payments.

The Economic Commission for Asia and the Far East was established last year and is now passing from the planning stage to the stage of positive programs.

The Economic Commission for Latin America, established this year, will be concerned mainly with raising the level of economic activity within that region. A recommendation for the establishment of a similar economic commission for the Middle East will be before the Economic and Social Council at its seventh session to be held in Geneva in July.

These regional bodies, as well as the other economic commissions of the Council, have encountered vast gaps in the knowledge of economic conditions in many parts of the world. Without reliable data, reliable planning is, of course, impossible, whether it be national, regional or world planning.

The Secretariat has played an important part in the resumption of world statistical services after an interruption of nearly ten years. Its efforts toward the development of common statistical standards are providing a basis for notable advances in the near future. One project which should greatly contribute to all economic work depending upon a sound knowledge of facts, consists in the censuses of population and agriculture which are to be made throughout the whole world, if possible, in or about 1950. The Secretariat, the interested specialized agencies and other intergovernmental organizations are collaborating to encourage and assist this important undertaking.

Another outstanding achievement of the Secretariat has been the publication of a series of studies on economic conditions that have already proved to be extremely useful. These studies include: "Economic Report—Salient Features of the World Economic Situation 1945-47," a best-seller, "Survey of Current Inflationary and Deflationary Tendencies," "Economic Development in Selected Countries" and "Survey of the Economic Situation and Prospects of Europe," as well as others.

The Havana Charter on Trade and Employment, completed under the auspices of the United Nations after more than two years of work, constitutes an important landmark in the long struggle toward promoting international trade and has opened the way for the establishment of an international trade organization. Meanwhile, under the General Agreement on Tariffs and Trade, extensive tariff concessions have been made among countries having more than two-thirds of the world's trade.

Similarly, a conference called by the United Nations has adopted a convention for the establishment of an Inter-Governmental Maritime Consultative Organization which will concern itself with the technical aspects of maritime navigation and with the removal of discriminatory action and unnecessary restrictions affecting shipping engaged in international trade.

The Economic and Employment Commission has recommended the organization of international teams of experts drawn from the United Nations and the specialized agencies who would be made available to the less-developed countries for technical assistance in developing their production and resources; action is being undertaken to implement this recommendation.

It is by unspectacular means such as these that the United Nations, its commissions and the specialized agencies are doing some of their most constructive long-range work, the object of which is to remove the underlying causes of war and to improve the living conditions of the vast masses of the human race. Many new tools of international co-operation are slowly being fashioned and these are adding greatly to the ability of mankind to improve the lot of all its members.

Human Rights

After two years of labor, the Commission on Human Rights has completed a draft declaration on human rights for submission to the Economic and Social Council and later to the General Assembly. This declaration, the first attempt in history to write a "Bill of Rights" for the whole world, is an important first step in the direction of implementing the general pledges of the Charter concerning human rights.

A covenant on human rights, which would be in the form of a multilateral treaty, is also in the drafting stage. Finally, active study continues on the question of establishing international machinery for the implementation and supervision of provisions on human rights.

In the field of freedom of information—a specific aspect of the human rights program — definite progress has been made. The Conference on Freedom of Information, held in Geneva this spring, in addition to framing some forty resolutions, adopted three draft conventions for submission to the Economic and Social Council and to the members of the United Nations—one on the gathering and international transmission of news, one establishing an international right of correction of false news and a third affirming fundamental principles and rights in the field of freedom of information.

Full and free discussion among the member states at this Conference has by no means produced a synthesis but will in the long run, I believe, serve to promote greater mutual understanding of different concepts and customs.

Improving Social Conditions

The United Nations, with certain of the specialized agencies, has assumed leadership in many phases of the world movement towards better social conditions. The matters with which the United Nations itself is primarily concerned relate to social welfare (including child and family welfare), emergency child relief, social defense (including prevention of crime and treatment of offenders, and the suppression of traffic in women and children), the international control of narcotics, the securing of equal rights for women, standards of living and housing, migration and population problems. In each of these fields, useful and encouraging results have been recorded in the past year and in certain fields in which international control machinery already operates, as in the case of narcotics, steps have been taken to strengthen it and widen its scope.

Special mention should be made of the operational programs, which comprise the International Children's Emergency Fund, the United Nations Appeal for Children and the provision of social welfare advisory services to Governments.

The International Children's Emergency Fund, which is very largely financed by government contributions, was designed to continue a minimum of help to those who were most affected by the cessation of UNRRA aid, namely, the needy children in war-devastated countries. Contributions so far received, or promised, from twenty-one Governments are enabling the Fund to provide, in addition to certain other supplies, a daily supplementary meal of protective foods for more than four million children in Europe and the Far East, while in Europe alone some fifteen million children exposed to tuberculosis infection are being immunized by BCG serum.

Under the United Nations Appeal for Children—the world-wide appeal for contributions from private individuals in favor of the International Children's Emergency Fund and other important child relief efforts—national campaigns have been launched in no less than forty-five countries, together with a number of colonial territories. This in itself is a remarkable achievement; its effect on the general understanding of United Nations work throughout the world and on the general awareness of the problems of child welfare should not be underestimated.

Under the program of social welfare advisory services, thirty-two countries asked for and received assistance during 1947; in the current year this number has already been exceeded and is likely to reach forty-nine. These services include the provision of expert consultants in various fields of social welfare, arrangements for fellowships for field observations abroad, the loan of demonstration equipment for physically handicapped persons and the organization of regional seminars for key social welfare personnel.

While the primary responsibility in regard to refugees and displaced persons lies with the Preparatory Commission for the International Refugee Organization, the General Assembly entrusted to me, in collaboration with the Executive Secretary of that commission, a special task in this field, namely, to submit a report on the progress and prospects of repatriation, resettlement and immigration of the refugees and displaced persons. As the report which I am submitting to the seventh session of the Economic and Social Council makes clear, unless Governments do far more than they have so far done in opening their doors to displaced persons and refugees, the existence of the International Refugee Organization will not prevent the perpetuation of a very serious problem.

Specialized Agencies and the Question of Co-ordination

The specialized agencies, membership in which is not compulsory and varies from one agency to another, carry on a very important part of the work of the United Nations in the economic and social fields.

Thirteen organizations already exist in either a preparatory or final form and most of them have been established since the San Francisco Conference.

They are as follows:

International Labor Organization (ILO).
Food and Agriculture Organization (FAO).
United Nations Educational, Scientific and Cultural Organization (UNESCO).
International Civil Aviation Organization (ICAO).
International Bank for Reconstruction and Development.
International Monetary Fund.
World Health Organization (WHO).
Universal Postal Union (UPU).
International Telecommunications Union (ITU).
International Refugee Organization (IRO).
International Trade Organization (ITO).
Inter-Governmental Maritime Consultative Organization.
World Meteorological Organization.

The existence of so many agencies covering such varied fields inevitably calls for effective coordination of their work with that of the organs of the United Nations itself. The Coordination Committee, which was set up under direction of the Economic and Social Council and which is composed of myself and the chief administrative officers of each of the agencies, has been meeting regularly. It has made considerable progress not only in administrative coordination but also in assisting the Economic and Social Council in carrying out the responsibilities for coordination entrusted to it under the Charter. It has not only contributed—through its meetings and through those of its several technical subsidiary bodies—to the prevention of unnecessary duplication of work, but also to a spirit of mutual assistance among the various organizations within the United Nations family. Such efforts are helping to promote the best and most efficient use of the resources of the United Nations and the specialized agencies.

PROPOSALS FOR FURTHER STRENGTHENING OF THE UNITED NATIONS

In the face of the continuing political tension between the East and the West, the first concern of all the member states at this time should be to find ways and means by which the United Nations can continue to gather strength during the coming months and be able to exert that strength with greater authority on the side of peace.

First of all, if there is the slightest prospect that progress can be made I would urge a resumption of negotiations between the United States of America, the United Kingdom, the Union of Soviet Socialist Republics and France on the future of Germany. Nothing would contribute more to the effectiveness of the United Nations than a settlement of this problem. It is difficult for me to judge whether any of the machinery for mediation and conciliation possessed by the Security Council and the General Assembly would be helpful or not in the settlement of these differences. If consideration is given to bringing the whole problem of Germany before the United Nations, I can only urge in the strongest terms that it be done only in the spirit of a genuine attempt to reach a settlement.

I would also urge upon the members fuller use of the existing powers of the Security Council for the settlement of international disputes and for the preservation of peace. Much has been said about the alleged helplessness of the United Nations, and particularly of the Security Council. I respectfully submit, however, that the powers contained in the Charter would have been more than sufficient to deal with every situation which has come before the Security Council to date, had they been invoked.

One act which would strengthen the authority of the Security Council would be the provision of the armed forces called for by Article 43 of the Charter. I hope that the great powers will make renewed efforts to break the deadlocks which have blocked all progress in the Military Staff Committee during the past year, although I realize that the political differences between the powers are the real cause of the delay.

I have under study proposals for the creation of a small United Nations Guard Force which could be recruited by the Secretary-General and placed at the disposal of the Security Council and the General Assembly. Such a force would not be used as a substitute for the forces contemplated in Articles 42 and 43. It would not be a striking force, but purely a guard force. It could be used for guard duty with United Nations missions, in the conduct of plebiscites under the supervision of the United Nations and in the administration of truce terms. It could be used as a constabulary under the Security Council or the Trusteeship Council in cities like

AUG 1948

30.24- 19605

Jerusalem and Trieste during the establishment of international regimes. It might also be called upon by the Security Council under Article 40 of the Charter, which provides for provisional measures to prevent the aggravation of a situation threatening the peace.

There are many uses for such a force. If it had existed during the past year, it would, I believe, have greatly increased the effectiveness of the work of the Security Council, and have saved many lives, particularly in Indonesia and Palestine. It should not be a large force—from one thousand to five thousand men would be sufficient—because it would have behind it all the authority of the United Nations.

The General Assembly will have before it reports of lack of progress toward the control of atomic energy and the control of conventional armaments. In considering these reports, I believe that the Assembly should give special attention to the problem of the control of other weapons of mass destruction. As I have pointed out, nothing whatever has even been proposed regarding those other weapons. Pending a break in the present deadlock between the majority and the minority over methods of control of atomic energy, it might be fruitful to begin a study of some of the problems involved in the control of bacteriological and lethal-chemical weapons.

I believe that the United Nations should continue to move as rapidly as possible toward universality of membership. Eight states have been admitted since the San Francisco Conference, but there are now eleven states whose applications for admission have not been the subject of any recommendation by the Security Council. These eleven are: Albania, Austria, Bulgaria, Finland, Hungary, Ireland, Italy, Mongolian People's Republic, Portugal, Rumania and TransJordan. As will be seen, nine of these are European States whose absence leaves that continent under-represented. I hope that the permanent members on the Council will be able to come to an agreement so that all applicants can be admitted at the coming session of the General Assembly.

Finally, I would urge once again upon Member Governments the importance to the future of the United Nations and to the more rapid development of world law, and respect for law, of giving all possible weight and support to the decisions of the General Assembly and of the Councils, even though they be in the form of recommendations to the member states.

The growth in effectiveness of the organization will be measured by the extent to which it draws upon and adapts to new uses the rich reservoir of historical experience in parliamentary institutions and the other institutions of democratic government. It is necessary that the practice of observing the will of the General Assembly should be extended and more firmly established year by year. Only in this way can we advance toward that world rule of law, which is the ultimate objective of us all.

TRYGVE LIE,
Secretary General.

Ex-GI Arrives To Wed German Picture Bride

Southampton, England, Aug. 7 (AP)—Joseph Conti, former GI from Richmond, Ind., arrived today en route to London to meet his bride-to-be, a German girl he has seen only in pictures exchanged in a mail courtship.

Conti, 33, a carpenter and former sergeant who served in the Philippines, says he and Ingeborg Schlueter plan to marry in London as soon as possible. Then he plans to take her to his home in Richmond.

"Our romance started more than a year ago," he said when he stepped ashore from the Marine Falcon. "I had just been discharged from the army after serving in the Philippines when my brother sent home a group photograph of his German wife and a lovely girl I liked right away.

"We started to write to one another and exchange photos. I proposed marriage by mail and was accepted."

69 JETS FOR REICH REACH SCOTLAND

Glasgow, Aug. 7 (A. P.).—The United States escort carrier Sicily sailed up the Clyde River today, bearing sixty-nine Shooting Star jet fighter planes which will join American Air Forces in Germany.

The plane, of the Thirty-sixth Fighter Wing, United States Air Force, will be assembled here and flown to their new base at Fuerstenfeldbruck, near Munich. The group, with 378 officers and men, is the third to stop in Britain en route to Germany.

The first sixteen of the new consignment of fighters arrived in southern England less than a month ago after an Atlantic flight, and then went on to Germany. Earlier this week a group of twelve landed here from a United States Army transport.

The British Air Ministry announced that the first of a force of United States B-29 bombers now crossing the Atlantic to relieve the 301st group in Germany is expected to arrive at Akenheath Airfield, Suffolk, tomorrow. (AP)

French Reds Lose In Fiscal Battle

PARIS, Aug. 8 (Sunday) (AP).—The Finance Committee of the French National Assembly today voted approval of Premier Andre Marie's Cabinet's request for emergency powers to cope with the nation's financial crisis.

The vote was 22 to 15 with the Communists heading the opposition.

The comittee indorsed a major amendment to the bill which gives the Cabinet powers to decree economic and financial reforms. The amendment cut out the Cabinet's proposed bid for the right to levy taxes. This power was retained for the Legislature alone.

ASSEMBLY DEBATE DUE

The committee's vote prepared the way for a full-dress Assembly debate which was expected to last throughout the day.

The government's financial reform plan cleared its first obstacle yesterday when the committee rejected a Communist motion to refuse to study the scheme.

The objective of the seven-point plan to cut Government spending, collect more taxes, increase production and expand exports, is to provide a balanced budget and balanced foreign trade by 1952 when the European Recovery Program is scheduled to end.

France Practically Broke

The bill was prepared by Paul Reynaud, Finance Minister, who told the finance committee that France was practically broke. From 1945 to 1947, he said, 50 per cent of France's imports were paid for by American loans and 50 per cent by spending French dollar and gold resources.

This year all purchases in dollar countries will be covered by interim aid and European Recovery Program dollars.

The Communists' most violent denunciation of the measure was contained in the party newspaper *L'Humanite*, which devoted its entire back page to a poster urging Frenchmen to "unite and act" against the bill. It charged the bill was inspired by the United States and was "preparation for war."

Urges Posting Over Nation

The newspaper urged its readers to buy a 6-franc stamp and post the page all over the nation. (The stamp is a technical guarantee that the poster cannot legally be torn down.)

The Communist opposition—and the hesitation of many moderates—spring mainly from the bill's provision that the Cabinet be empowered to push through its reforms by decree. Legislative control over taxes and allied matters has been a French tradition since 1789, various newspapers pointed out.

The parties which make up Premier André Marie's uneasy coalition Cabinet also have other and often contradictory reasons for hesitation about the measure and what they guess Reynaud has in mind.

Fear Slash Of Jobs

The Socialists fear Reynaud will slash too many civil servants—the backbone of the Socialist party—from the public pay roll and perhaps try to increase the work week from 40 to 48 hours.

The Rightists are frightened by the possibility Reynaud may raise taxes on business one third.

Some Popular Republicans think there is a mortal danger in passing the power of taxation from the legislative to the executive branch of the Government.

One thing is clear. Unless the finance committee and the legislature accept the bill without too many changes, Reynaud will resign, and Marie's ten-day-old government probably would go with him.

Return 2 Soldiers, British Ask Reds

BERLIN, Aug. 7 (AP).—The British asked the Russians today to hand over two British soldiers whom they used as prosecution witnesses in the trial of two Germans accused of armed robbery.

A British announcement said the Russians "have not stated when they will be willing to hand the soldiers back. They plead absence from Berlin of the Soviet commandant as their reason for failing to do so."

Head of Shell School, Chicago, to Review Catholic Problems

BERLIN, Aug. 7 (AP).—The Rev. Edward V. Cardinal, head of the Shell School of Social Study at Chicago, arrived here today to confer with Dr. Alonzo G. Grace, director of the education and cultural relations division of the American Military Government. He will study Catholic problems for three months.

John A. Taylor, president of the University of Louisville, arrived to take over his duties as expert consultant to the education division. He will stay in Berlin a few days, then tour the American zone of Germany inspecting universities.

10 in Reich Quizzed In Army Black Mart

FRANKFURT, Germany, Aug. 7 (AP).—The U. S. Army announced today 10 persons were being questioned in connection with alleged illegal sales of "large quantities" of Army post exchange supplies.

The announcement, following earlier reports of what had been described unofficially as a "huge black market scandal," said one person was found in possession of more than $30,000

The Army said the 10 were employed in the Frankfurt area of the Army's European Exchange Service. This organization sells millions of dollars worth of cigarets, candy and supplies to American troops in Germany annually. The names were withheld.

C-47 Missing 8 Months Located in Italian Alps

FRANKFURT, Aug. 7 (AP).—Wreckage of an American C-47 transport plane missing for eight months was found yesterday in the Italian Alps, at an altitude of 9,080 feet, the United States Air Force said tonight. The two-motored plane, which was carrying twenty-two persons, disappeared Nov. 28, 1947.

An Air Force announcement said two bodies were discovered near the wreckage, which was found at a point fifty-five miles from Turin.

The plane disappeared while on a flight from Pisa, Italy, to Frankfurt. It was the object of an intensive search last winter.

At the time, Air Force headquarters at Wiesbaden said the crewmen and passengers on board included seventeen enlisted men, three officers and a War Department civilian. Tonight's announcement said there were twenty-two on board the plane, one of them a woman employee of the War Department.

Big 3 Retaliate Against Soviet News Position

Redraft Geneva Clause to Curb Correspondents of Non-Ratifying Nations

GENEVA, Aug. 7 (AP).—The United States, Great Britain and France moved today to exclude from the benefits of a recently drafted convention on freedom of information the correspondents of nations which refuse to ratify the pact.

The Western powers submitted to the United Nations Economic and Social Council a redraft of one of three major conventions previously adopted here by a 54-nation conference. The redraft would change the words "foreign correspondent" to "correspondent of a contracting state" throughout.

The redraft apparently is directed against the Communist bloc nations which opposed the convention in its original form. The previously expressed attitude of these countries ruled out any likelihood that they would ratify the convention.

NIGHT

Same Access to News Sources

In its original form, the convention assures foreign correspondents freedom from discriminatory restrictions and establishes their right of entry and residence in contracting states.

It guarantees foreign correspondents the same access to news sources and transmission facilities as those enjoyed by local correspondents. It declares that correspondents shall be permitted to transmit news abroad "without censorship, editing or delay," except where national military security requires peacetime censorship. Where censorship is imposed, correspondents would be fully informed of the nature of the cuts and the reasons for which they were made.

The original convention also declares that foreign correspondents "shall not be expelled on account of the lawful exercise of their right to seek, receive or impart information."

Soviet Bloc In Solid Opposition

The original convention was adopted at the freedom of information conference by a vote of 28 to 6, with the Soviet bloc in solid opposition. Several Communist-proposed amendments which would have imposed penalites for "warmongering and the incitement to national hatred" were rejected.

The Western redraft would permit colonial powers to suspend the convention for any particular colony or dependent territory after six months' notice.

The redraft will be discussed next week by the Human Rights Committee of the Economic and Social Council.

The council itself is expected to approve the convention by majority vote. Professor A. P. Pavlov, Soviet delegate, told the Human Rights Committee today that Russia will maintain her negative attitude.

GREEK REBELS SHOVED BACK

Many Villages Being Deserted By Guerrillas

L. Chakales

Athens, Aug. 7 (AP)—Greek Army troops hammered both flanks of a 30-mile semi-circular front in the Grammos Mountains today pushing the Communist guerrillas closer to the Albanian border, a communiqué said.

NIGHT

Front dispatches said Greek units are finding many villages deserted. The rebels were reported carrying off the population to work for them.

A general staff spokesman confirmed an earlier report that Markos Vafiades, rebel chieftain, had moved his headquarters and most of his "provisional government" to Nikolitsa in Albania.

Many Rebels In Mountains

Observers in Athens said the successes of the American-directed Greek Army were dissipating Vafiades's hopes for a winter stalemate which would force a compromise on the Government of Premier Themistokles Sophoulis.

In making a series of peace overtures recently, Vafiades apparently was operating on the assumption his guerrillas would be able to hold the Grammos region until winter snows blocked the passes and the army's offensive.

Greek troops faced the prospect of considerable fighting before they can claim a complete victory in the area. The general staff spokesman estimated Vafiades still had between 8,000 to 10,000 men in the mountains. It will take at least another six weeks to drive the rebels from all the ravines and lofty peaks, he said.

Offensive In Spring

Nor will an army triumph in the Grammos end the civil war which has gripped Greece for more than two years. Thousands of rebels are scattered throughout the country.

Military experts estimated there are 6,000 to 8,000 rebels operating along the Bulgarian border in Thrace and central Macedonia with scattered units immediately south of Yugoslavia in western Macedonia.

Guerrillas still are operating in mountainous central Greece. An estimated 3,000 rebels remain in the Peloponnesus where the army expects to conduct a campaign during the winter months. An offensive against the guerrillas in Thrace and central Macedonia is not scheduled until next spring, it was said.

Mopping Up Continues

Greek units operating today on the northeastern flank of the Grammos front moved closer to the guerrillas' last major supply line from Albania. That line runs along the Aliakmon River through Sliminitsa. The communiqué said the Greek forces captured Heights 1402, 1380 and Steinska in that area.

On the western end of the front the army took Heights 1023 and Reveni and beat down a series of rebel counterattacks. Mopping up continued at Steno.

Press dispatches quoted a captured rebel captain as saying the guerrillas had abandoned several hundred dead in recent fighting in the Grammos region. He said about 2,000 rebels were wounded and many of them will die because of a lack of medical supplies.

Tsung Yao Quei, Chinese military observer with the United Nations special commission on the Balkans, was wounded yesterday by guerrilla gunfire during a rebel counterattack on Greek Army units in the Nestorion area of Macedonia, near Nikoleri. He was flown to Athens today for treatment of wounds of both hands and arms.

Griswold In Berlin

Berlin, Aug. 7 (AP)—Dwight P. Griswold, former chief of the United States aid program for Greece, arrived here today en route to the United States. Griswold's assignment in Athens ended June 30. He said he believes the main Greek guerrilla forces of Markos Vafiades, Communist leader, will be largely destroyed within seven weeks.

Greek Guerrillas' Lines Imperiled

Athens, Aug. 7 (AP)—The Greek Army pressed forward today on the northeastern flank of the Grammos front in a drive to sever the Communist guerrillas' last major supply line from Albania.

This line runs along the Aliakmon River through Sliminitsa.

A general staff spokesman confirmed an earlier report that Markos Vafiades, rebel chieftain, has moved his headquarters and most of his "provisional government" to Nikolitsa in Albania.

DA

Dead Abandoned

The spokesman estimated that Markos still has from 8,000 to 10,000 guerrillas in the mountains. He predicted that another six weeks will be needed to clean them out.

Press dispatches quoted a captured rebel battalion captain as saying the guerrillas abandoned several hundred dead. He was quoted as saying about 2,000 guerrillas were wounded in recent fighting in the Grammos area. Many will die because of a lack of medical supplies, he said.

Frontline dispatches said Government troops are finding many villages deserted. The guerrillas were reported carrying off the population to work for them.

U.N. Aide Wounded

Athens, Aug. 7 (AP)—Tsung Yao Kuei, Chinese military observer with the United Nations' special commission on the Balkans, was wounded yesterday by guerrilla gunfire during a rebel counterattack on Greek Army units in the Nestorion area of Macedonia, near Nikoleri. He was flown to Athens today for treatment of wounds of both hands and arms.

Italian Labor Bloc Ousts Catholics

Rome, Aug. 7 (AP)—The split in the Communist-dominated General Confederation of Labor widened today. A CGIL communiqué said the executive committee read dissenting Catholic labor leaders out of the organization after a two-day session.

DAY

The committee took similar action against the Christian Democrat members eleven days ago.

The 7,000,000-member confederation began coming apart in July after the executive committee called a disastrous general strike following the attempted assassination of Communist Leader Palmiro Togliatti.

Form New Bloc

Christian Democratic members decided then, with Catholic worker's support, to form an anti-Communist nonpolitical union. They said the strike had violated the terms of labor's unity pact.

The pro-Government anti-Communist Socialists and Republicans have stayed in the confederation, which until recently was nationally and politically all-inclusive.

The communiqué said a CGIL congress would be called soon.

Dress Organizes New Dutch Cabinet

The Hague, the Netherlands, Aug. 7 (A. P.).—William Dress, a Labor party member, is Holland's new Premier. He formed a new Cabinet last night. The Cabinet of L. J. Beel was dissolved a month ago when general elections were held.

The new Cabinet has six Catholic party members, five Labor party members and two Center party representatives. It shows a definite shift to the right as compared with Beel's Catholic-Labor coalition Cabinet.

Soviet Bloc Warned By U.S. Against Monopoly On Danube

9. SINGLETON

Belgrade, Yugoslavia, Aug. 7 (AP). Ambassador Cavendish Cannon told Russia and the Soviet satellites today that the United States intends to reject any Communist monopoly over Danube River shipping.

Europe's most important inland waterway will remain cut in two, the American diplomat said, unless the Communist bloc goes part way toward meeting the demands of the Western powers.

His warning touched off speculation as to whether the Western powers will abandon compromise attempts and take a walk from the Danube conference here. Responsible diplomatic sources said such a move had been discussed privately by members of the United States, British and French delegations but that no decision had been taken.

NIGHT

Demand Major Changes

This much appears certain—no one of the three Western powers will sign a pact establishing a new regime over the 1,800-mile trade artery unless major changes are made in the Russian plan for the river's control.

For the time being, at least, the Western delegations are sitting out the one-sided negotiations to get their position on record for future use.

There is one important trump card in American hands—control over some 700 river barges in the United States zones of Germany and Austria and control of the river above Linz, Austria.

Cannon Opens Session

Cannon, opening today's session, declared:

"Let us be realistic about Austria. If the views of this important riparian state are not taken into consideration in drafting the convention and Austria doesn't become a party of it, and does not immediately become a member of the commission, the river will remain cut in two."

At present, the river is cut in two at Linz, Austria, where the Russians have blocked non-Soviet shipping from moving down the river since shortly after the war ended.

U.S. Responsibility Seen

Cannon declared that as long as the Americans occupy part of Germany, the United States will have a responsibility to represent German interests in Danubian affairs. He added: "The German sector of the Danube and the German fleet are inseparably connected with the problems of this river."

Under the Russian plan, Austria would be barred from membership on the Danube Control Commission until she received a peace treaty.

The conference accepted the Soviet draft plan as the basis for committee discussion in working out terms for a new Danubian pact. The vote was seven to one with France opposing and Britain and the United States not voting.

What Russian Plan Provides

Chief features of the Russian plan include the creation of a control commission, with membership limited to Eastern Europe's Communist countries, and a clause giving Danubian states home-rule powers over the Danube along their own territories and over their own docking, loading and warehouse charges.

Under a plan brought in by the United States, the Western powers and Austria would be included in the membership of an eleven-nation commission. The Americans also asked a clause guaranteeing free and open navigation of the Danube to vessels of all nations, without discrimination.

By a 7-to-3 vote the conference rejected a British resolution demanding that the International Court of Justice at The Hague decide the validity of previous Danubian agreements.

AUG 1948

Belgrade Talk

Belgrade, Yugoslavia, Aug. 7 (AP). The United States bluntly warned today that the Danube River will remain cut in two for traffic if eastern Europe's Communist states deny Austria a seat on the Danube Control Board.

Its position was laid down by American Ambassador Cavendish Cannon shortly before the Danubian conference voted, 7 to 1, to make the proposed Soviet plan for a new Danube pact the basis for its discussion.

Under the Soviet plan, control of the Danube would be vested exclusively with the seven Communist-dominated states of eastern Europe.

Amendments Possible

Adoption of this working operation means that the United States, Britain and France can offer their terms for the pact only in the form of amendments to the Soviet draft.

France voted against this procedure. The United States and Britain abstained from voting.

Cannon, opening today's session, declared:

"Let us be realistic about Austria. If the views of this important riparian state are not taken into consideration in drafting the convention and Austria doesn't become a party of it, and does not immediately become a member of the commission, the river will remain cut in two."

River Is "Cut"

At present, the river is cut in two at Linz, Austria, where the Russians have blocked non-Soviet shipping from moving down the river since shortly after the war ended. This has kept nearly 700 Danubian vessels—mostly barges—empty and idle in the American occupation zones of Austria and Germany.

Cannon also declared that as long as the United States occupies part of Germany it will have a responsibility to represent German interests in Danubian affairs.

"Let us not forget the direct interest of the United States, which occupies a riparian position on the Danube," he said. "The German sector of the Danube and the German Danube fleet are inseparably connected with the problems of this river.

American Responsibility

"A Danube convention cannot ignore this important sector of the river. Until a sovereign German government is established and is granted full participation in a Danube regime, the United States will be responsible for representing German riparian interests."

Cannon quoted Soviet Deputy Foreign Minister Andrei Vishinsky as rejecting a large part of the American proposals not only for Russia but for the other six Communist states represented at the conference.

"If that is the firm position," Cannon said, "it would mean that it is almost useless for the conference to go through the motion of committee discussions. I feel sure that Mr. Vishinsky did not mean just that. I am indeed ready to go into committee and I truly hope that all of us will in fact be willing to hear each other and to seek some area of agreement."

Yesterday Vishinsky had asked the conference to brush aside American proposals and concentrate instead on the Soviet plan. He also rejected a British proposal that the International Court at the Hague be asked to determine the present validity of previous Danube agreements.

Communist Feud Fails To Snarl Danube Talks

Belgrade, Yugoslavia, Aug. 7 (AP). The Cominform's bitter feud with Premier Marshal Tito has not been permitted to cause a ripple in the glassy smoothness of Communist-bloc co-operation at the Danube conference here.

No one in Belgrade, however, doubts that the rift is being made wider and deeper by hatchet blows and subtle needle jabs from Russia and other Cominform countries.

But Yugoslavia's Communists are determined to give the impression that all is well in a happy Eastern family of nations and that the feud is only within the Communist party and has nothing to do with international relations.

Vishinsky Runs Show

Russia's Deputy Foreign Minister Andrei Vishinsky runs the show at the conference with brilliantly-quotable speeches and in the background he sends a barrage of notes to the secretary general and to the six Eastern delegations who have followed him without reservation.

Vishinsky has complimented the chief of the Yugoslav delegation, Deputy Foreign Minister Ales Bebler, and Bebler has, of course, complimented Vishinsky. But between conference sessions the two men rarely have been seen talking together. The heads of other Eastern delegations have been even more rarely seen talking to Bebler.

Romanian Foreign Minister Anna Pauker, who has been one of Tito's sharpest critics since the Cominform criticized the way he ran Yugoslavia's Communist party, was snubbed at the airport when she arrived.

Return Snub Administered

The Yugoslavs sent only the chief of protocol of their Foreign Office to greet her. She has retaliated by not following the usual routine of paying a visit to Foreign Minister Stanoje Simic.

Outside the conference hall the Yugoslavs have not been so pleasantly treated. During this week a series of incidents and events have showed Tito's followers that there has been no letup in the campaign against them.

First of all, there appeared in Belgrade copies of a pamphlet containing what is said to be the full contents of letters from the Central Committee of the Russian Communist party to the Central Committee of the Yugoslav party.

All Charges Listed

Tito has been charged by the Cominform with not making those letters of criticism public. He replied that the letters were not made public because they were marked confidential.

The pamphlets, which appeared in various places around Belgrade in limited numbers, contain all the charges made against Tito in the Cominform resolution. In addition, they attack Milovan Djilas, top Yugoslav Communist propagandist, for making improper remarks about the morals of Soviet Army officers in Yugoslavia.

(Palestine) truce will be kept and we will finally get a solution."

"Renewed Violence"

Reports reached Tel Aviv yesterday of renewed violence in Jerusalem and on Palestine's southern front. An Israeli pilot who flew over the Egyptian lines on the southern front, said:

"Flares and tracers were coming up on all sides. There seemed to be a real battle going on."

In Jerusalem, Arab and Jewish positions engaged in a mortar duel.

Israeli Sniper Wounds U. S. Aid

Washington, Aug. 7 (A. P.).—An American consul employee at Jerusalem was wounded slightly by an Israeli sniper today as he crossed to Arab lines in an official car, the State Department was advised. The victim, Joseph M. Pizywitowski of Chester, Pa., is a civilian guide of the American consulate-general.

The consul-general sent a preliminary report thta four shots were fired at the car "by a Jewish sniper apparently located in Notre Dame or the Italian hospice" just as it crossed into the Arab lines. Two shots penetrated the car, one hitting the guide in the left arm, the report said. It termed the injury "not serious."

Asks U. S. Loan To State of Israel

Washington, Aug. 7 A. P.).—A resolution urging President Truman to arrange for a $150,000,000 loan to the new state of Israel was introduced today by Representative Andrew L. Somers (D.-N. Y.). No arrangements have been made for its consideration by the Congress.

Israel Sets 100,000 As Annual Quota

LAKE SUCCESS, Aug. 7 (AP).—The Israeli Government said today it was prepared to admit Jewish immigrants at the rate of 100,000 annually.

This statement appeared in a report from Moshe Shapira, Israeli Minister of Immigration, which was circulated among United Nations delegations.

Shapira reported 25,000 Jewish immigrants had entered Israel in the first nine weeks after the Provisional Government came into existence May 15.

The Israeli immigration program, Shapira said, will give priority to Jews detained by the British on Cyprus and to displaced persons, still in camps in Europe.

CHINA'S MONEY DIVES WILDLY

U.S. Cent Worth 100,000 Dollars In Shanghai

Shanghai, Aug. 7 (AP) — One United States cent was worth 100,000 Chinese dollars in Shanghai today as this country's currency took a new wild dive.

The black market rate, comparatively quiet at about 8,500,000 to $1 United States for the past fortnight, hit 10,000,000 to $1 here and 10,500,000 to $1 in Peiping.

The decline came as reliable Chinese sources said the Government planned to announce drastic new reform measures next week.

All Prices Climb

Among other steps, the Government was reported considering plans to forbid banks to clear checks on the day of issue.

Prices, both legal and black market, climbed in an effort to keep pace with the plunging currency. The legal rate for gasoline went to $3,335,000 a gallon, but this was still about 35 cents United States. Railway fares were raised 200 per cent, but the 180-mile trip between Shanghai and Nanking still cost less than $2 United States. A lower berth could be had for the equivalent of 50 cents.

Adding to the financial woes, the economic police corps checked reports that large amounts of counterfeit United States currency were circulating in Shanghai.

MONEY IN CHINA DROPS SOME MORE

Shanghai, Aug. 7 (A. P.).—China's wild money market broke loose again today with the Chinese dollar dipping to a new low on the Peiping black market of 10,500,000 to $1 United States. It was 10,000,000 to $1 in Shanghai.

The sudden drop came as a surprise. Lately the money had been stable at around 8,000,000 to $1.

Meanwhile, usually reliable Chinese sources said Premier Wong Wen Hao's drastic economic reform measures would be announced early next week.

Prices continued to climb—both legally and illegally. Gasoline went up 60 per cent to 3,500,000 Chinese dollars a gallon. Railroad fares were increased 200 per cent.

The Economic Police Corps probed reports that large amounts of counterfeit United States currency is circulating in Shanghai. The United States Consulate-General's office said the reports had been heard but Americans had found no evidence to substantiate them.

China Reds Besiege Shantung Capital

NANKING, Aug. 7 (AP).—Military dispatches said today 10,000 Communists had besieged Isinan, Shantung province capital, with the storming of Shengfou station five miles southwest of the city.

Fierce fighting was reported under way.

Chinese Paper Objects To Ban

Nanking, Aug. 7 (AP)—The independent newspaper *Hsin Min Pao*, banned a month ago for publishing military reports allegedly harmful to the National Government, appealed to the Ministry of Interior today to lift the order of permanent suspension.

In a 10,000-word letter drafted by six of China's foremost jurists, the newspaper asserted the law under which the newspaper was banned was unconstitutional.

Consul Leaves Red-Held Dairen

Shanghai, Aug. 7 (AP)—Isaac G. Patch, United States Consul in Soviet-held Dairen, arrived here today on a Russian ship with his wife and two daughters.

Patch had been stranded in the Manchurian city for eighteen months because the Russians refused to grant entrance to his successor, Paul E. Paddock, of Des Moines, Iowa.

In May, permission was granted Paddock to enter the Russian-held city, which is near Port Arthur, naval base awarded to Russia at Yalta.

Cease-Fire Proposal Offered For Kashmir

Karachi, Pakistan, Aug. 7 (AP)—The United Nations Commission on Kashmir has prepared a tentative draft of a proposal for a cease-fire in that state, an official announcement said today.

United Nations officials said they plan to discuss the military situation in Kashmir with Pakistan army officers again Monday.

Meanwhile, the commission cabled Trygve Lie, United Nations Secretary-General, at Lake Success to send English-speaking military observers as soon as a cease-fire agreement is reached.

Hiroshima Told Atomic Bomb Its Own Fault

Hiroshima, Japan, Aug. 7 (AP)—A high Allied officer told Japanese holding a peace festival in this atom-bombed city that "you caused this disaster yourself."

The ceremony yesterday began at the very moment when the bomb burst three years ago. Hiroshima residents in a mass prayer pledged to work for peace throughout the world.

DAY

Lieut. Gen. H. C. H. Robertson, an Australian who commands the British Commonwealth occupation forces in Japan, watched the parade of young men and women through a rebuilding city which still shows traces of the bomb's awful fury.

First, Robertson said in his address, he wanted to praise the people of Hiroshima for their sentiments for peace. Then:

"I must remind you that you caused this disaster yourselves . . . that the destructive ways of war and aggression . . . brought this disaster upon your city.

"The punishment given Hiroshima was only part of the retribution of the Japanese people as a whole for pursuing the doctrines of war.

"If you adhere to the doctrine of peace in the future, then the world as a whole will be safer from such tragedies."

New Republic To Take Over In South Korea From U.S.

W. Poore

Seoul, Korea, Sunday, Aug. 8 (AP)—The American-sponsored Republic of Korea, with a hopeful name that ignores the threats and rival pretensions of the Russian-occupied North, is to be born in South Korea one week from today.

Communist violence may mark the occasion.

The new republic is to take from the American hands that intangible thing called sovereignty over half of the territory and two thirds of the population of this sharply divided country.

It starts life with an unhealthy economy and a shaky defense. It expects Uncle Sam's help in bolstering both.

Anniversary Of Liberation

The date is the third anniversary of the liberation from Japan, whereupon the United States and Russia arbitrarily divided the country for occupation purposes along the thirty-eighth parallel of north latitude. That supposedly temporary division has hardened with the years.

LIGHT

Throughout the occupation, Russia has refused to join in any unification plan that would not have the effect of assuring a Communist regime for all Korea.

Both the security and economic problems of South Korea are blamed in large part by the Americans and by most South Koreans on the fact that Russia is setting up a Communist State in North Korea.

To Request That Troops Stay

President Syngman Rhee, who will head the new Southern state, plans some time this week to request formally that United States occupation troops remain until his republic is safe from the Northern threat.

With growing vituperation, the North Korean radio has attacked the southern republic as a puppet of "American imperialism" and has demanded that it be "destroyed."

The radio hints of invasion by the North Korean Red Army, but there has been none. President Rhee is proceeding on the theory that there will not be, as long as American troops remain.

The North-South conflict is made acute by the intentions of both the republic and the Northern Communist regime to represent the entire nation.

U.N. Assembly Vote

The republic was organized after a recommendation of the United Nations General Assembly. It has taken the stand that it speaks for all Korea and would include Northern representatives if the Soviets had permitted their election.

The North is appealing to South Korea to join in an election August 25 for creation of a "supreme" people's government for all Korea.

The North Korean radio has asked the South Koreans to sign so-called secret ballots which contain no names of candidates.

Confiscated Communist instructions say these ballots will be returned to the North, where party chiefs will fill in the names of South Koreans for membership in a nation-wide assembly. This assembly then will name a supreme council claiming to rule all Korea.

North Ballots Seized In South

Rhee has said his Government regards this as subversive activity and will "certainly punish" anyone caught "voting" in this strange election.

Southern police already have seized some ballots and have accused five South Korean Communists of attempting to force Koreans to sign them.

With more than two third of Korea's 30,000,000 population, South Korea contains relatively few Communists. Those it does have, however, are fanatics who follow orders from the North to murder and sabotage.

Outbursts by this minority may come with the republic's birthday, unless the Communists get word from higher authority in the North to lay off.

The Communist line is typified by the speech of a North Korean radio orator heard three days ago.

Accusing the United States of "colonizing" South Korea, he said America, "with a national superiority complex, thoroughly despises other nations, particularly small nations of colored races who are not Caucasians, and bends every effort to dominate the whole world with the might of the dollar and the atomic bomb."

He continued:

"In North Korea the Soviet Union has turned over governmental power to Koreans and is kindly assisting them in attaining the qualifications for sovereign independence.

Soviet Aims Praised

"It is not that the Soviet Union wants the ice-free ports of the Korean people, nor is it that the Soviet Union asks the Korean people to lend it strategic bases, nor that it wants the Korean people to enforce a Communist system patterned after the Soviet Union.

"It only wants that we establish a people's democratic government most becoming to us."

Lieut. Gen. John R. Hodge, who has commanded the American occupation from its outset, holds that the infant republic in the South should walk alone as soon as possible, but that safety and aid must be given it while it is learning.

Takeover Likely To Be Gradual

The threat from the North has forced establishment of a large and costly southern police force.

Rhee has announced that a joint American-Korean committee will work out a program of reducing the American occupation forces. Under the circumstances, this is likely to be a long-term proposition.

Word is being passed among the thousands of Americans here that August 15 will bring no great change in their status. Transfer of functions of the military government, in which many Americans serve as advisers and technicians, may require months.

Assembly Elected May 10

The assembly, which was elected on May 10 and which chose the 74-year-old Rhee as president of the republic, has directed that all military government ordinances will become laws of the land until it amends them.

On the economic side, Korea has never been prosperous in the western sense, but the hydroelectric power and natural resources of the north balancing the agriculture of the south would give a unified country a chance for self-sufficiency.

That chance is missing as long as the country remains divided. South Korea is troubled by commodity shortages and currency inflation.

NEW YORK MAN MAY BE 'KEY' TO SPY GROUP

Mystery Witness Expected To Help Crack Story Of Soviet Network

Washington, Aug. 7 (AP)—The House Un-American Activities Committee revealed today that Alexander Koral is the mystery witness supposed to help crack the real story of a Soviet spy network. But the committee was as mysterious as ever about who Koral is.

A subcommittee which hurried to New York yesterday to see the key witness questioned Koral last night. In Washington today, Representative Mundt (R., S.D.), acting committee chairman, said:

"The fellow they went up specifically to see was Koral. He was supposed to lead to another witness not yet mentioned."

NIGHT

May Be Next Week

Mundt did not say whether that key witness is now available but he indicated the current phase of the committee's inquiry into reports of a wartime Communist spy ring in Washington may be concluded next week.

That would open the way for another set of hearings, on how Russia got from this country some of the raw materials used to develop the atomic bomb. For that phase Representative Rankin (D-Miss.), a committee member, said he will "insist" that the committee subpoena Henry A. Wallace, former Secretary of Commerce, now a third party presidential candidate, and invite Lieut. Gen. Leslie R. Groves, retired, who headed the A-bomb project, to testify.

In New York, the subcommittee fired questions today at:

Earl Browder, deposed head of the Communist party; Victor Perlo, accused of being leader of one group of Government officials alleged to have slipped wartime secrets to Russian agents; Whittaker Chambers, who has testified already that he was courier for a prewar Communist underground in Washington of which, he said, Perlo was a member.

Spy-Probe Mystery Witness Identified As N.Y. Man

New York, Aug. 7 (AP)—Representative Richard M. Nixon (R., Cal.) said today that a three-man subcommittee of the House Un-American Activities Committee questioned Alexander Koral here last night as part of its probe of alleged Communist spy rings operating in this country.

Nixon made his statement as the subcommittee reconvenedy its session at 10.20 A.M. in the Federal Building.

"Is Koral the mystery witness who is to crack open the spy case?" Nixon was asked by reporters.

Nixon declined comment, but another member of the committee, Representative F. Edward Hebert (D., La.) said: "We have no mystery witnesses. All witnesses are important."

Will Testify Monday

Koral was identified by members of the committee only as a "New Yorker." Nixon said Koral would testify Monday at a public hearing before the full House committee in Washington.

* The "mystery witness" reference appeared in a statement made in Washington yesterday by Representative Karl E. Mundt (R., S.D.), acting chairman of the full committee. He said then that a secret witness had been uncovered who would "crack the whole Soviet spy case wide open."

Nixon said the subcommittee planned to question at least three more witnesses today. He identified them as Earl Browder, ousted national head of the Communist party; Whittaker Chambers, a senior editor of *Time* magazine and avowed former Communist, and Victor Perlo.

Formerly With WPB

Perlo, a former member of the War Production Board, was named in Washington testimony last week as the leader of one of several espionage groups. The charge was made by Chambers, who told the House committee he had served as a courier for the group.

Browder reached the Federal building at 10.55 A.M. Before going before the subcommittee he told reporters: "See me afterward and I may tell you what's on my mind."

Although declining to disclose Koral's connection with the New York phase of the investigation, Nixon said the new witness is "as important a witness as any questioned by the committee."

Last night the Washington *Times-Herald* said in a New York dispatch that Mundt's "mystery witness" was the successor of Elizabeth T. Bentley, self-described one-time leader of an espionage ring.

Dispatch Quoted

The *Times-Herald* said:

"Of great importance, it was learned, was the fact that the man only recently chose to renounce communism and thus was in a position to give the FBI and congressional investigators up-to-the-minute information concerning present leaders of the 'apparatus' run by the Red espionage ring in this country."

The paper said the witness reportedly turned over to the subcommittee secret documents picked up from an ex-Soviet spy.

As a result of the testimony the witness offered last night, the paper said, a number of other persons were interviewed—including Browder.

Data Reported Turned Over

The mystery witness "personally participated in transactions involving the transfer of documents which pertained to this country's war secrets and retained some of the documents," the dispatch said. "These he is understood to have turned over to investigators."

The subcommittee was accompanied by four investigators, headed by Robert Stripling.

Identity Revelation Predicted

The New York *Daily News* said the identity of the "mystery witness" would be made public when he is called to testify before the full House Un-American Activities Committee next week.

The *News* said it had learned the man never was a Government employé, that he had come forward voluntarily with his information to the FBI, and that he had left the Communist party only recently. The paper added:

"Frightened by the Bentley disclosures, he went to the FBI here and told his story. The FBI promptly got in touch with the Un-American Activities Committee."

Refused To Answer, Star Says

Contrary to other reports, the New York *Star* said the "mystery witness" refused to answer questions of the subcommittee, on grounds that "I might thereby incriminate myself."

The *Star* added that "so carefully was the cloak of mystery drawn about the newest phase of Washington's probe of the so-called spy apparatus that the witness made a surreptitious exit from the Federal Building through a connecting subway tunnel, emerged on Foley square and drove off in a black sedan."

The *Star* said it was indicated that some way of forcing the witness to talk would be sought at a public hearing.

Reported Put Out

The subcommittee arrived at the Federal Building by cab, the *Star* said, and added:

"They went immediately into session in Room 109, a petit jurors room, on the main floor. A *Star* reporter who sought to question them shortly before they shut themselves away was shoved out of the room by Nixon. . . .

"Neither the congressmen nor the investigators would grant more than a grudging 'no comment' either before or after the session, which lasted 40 minutes. One of the investigators smiled, however, and permitted himself a brief chuckle. Said he: 'Wait'll you hear what comes out of Washington next week.'"

Arrangements were underway to question both Koral and Perlo in public hearings here Monday. The plans will be worked out tomorrow at a special Sunday session of the committee. The subcommittee is supposed to report then on its New York trip.

It was Mundt who had announced originally a mystery witness had been located. He said this witness' testimony, added to that of Chambers and Miss Elizabeth T. Bentley, would crack the spy case "wide open." Miss Bentley like Chambers has described herself as a former Communist who broke with communism. She said she was once the Washington-New York link in a wartime espionage system.

Data Expected

Mundt said the mystery man, who could confirm existence of this spy ring, was "obscure" in the public mind. That description certainly fitted Koral.

Nobody on the committee would identify him.

Mundt declared:

"It is believed Alexander Koral is in a position to give the committee valuable and direct information concerning a contact man for the Communist spy ring who met with key people.

"We have reason to believe this contact man operated within the ring and that he was one of the people who made contacts within the ring. I can't say whether this contact man is still operating now."

Speaking for the subcommittee in New York, Representative Nixon (R., Cal.) would say only that Koral is a New Yorker. He listed the man as "important a witness as any questioned by the committee."

Browder Status Obscure

Just how Browder fitted in was obscure, too. The man the Communists ousted as the national head of their party spent 50 minutes with the subcommittee behind closed doors.

All he would say afterward was that he had no intention of cooperating "in any fashion with the purposes that this committee has displayed." He wouldn't say whether he knows Koral or Perlo.

Nixon said Browder had not been ordered to appear in Washington, but he is remaining under subpoena. Perlo was instructed to show up before the full committee Monday.

"Our trip here (to New York) was satisfactory and productive," Nixon said. "We obtained material which will be of assistance in the inquiry."

Rankin Wants To Call Wallace In Red Inquiry

Also Urges Testimony by Gen. Groves on Atomic Ores Shipped to Russia

WASHINGTON, Aug. 7 (AP).—Representative John E. Rankin, Democrat, of Mississippi, said today he will insist that the House Committee on Un-American Activities subpoena Henry A. Wallace for testimony regarding "the shipment of atomic materials to Russia" and that he also wants the committee to invite Lieutenant General Leslie Groves (retired) to testify.

Mr. Wallace, the Progressive party Presidential candidate, is a former Secretary of Commerce and former war-time head of the Board of Economic Warfare. General Groves was in charge of the atomic bomb project during the war.

Acting committee chairman Karl E. Mundt, Republican, of South Dakota, at the same time told reporters that the committee will hold an unusual Sunday afternoon session to determine what witnesses will be called to testify Monday when hearings are resumed into the stories of war-time spy rings in Washington.

By the middle or latter part of next week the committee hopes to wind up the phase of its hearings dealing with testimony that a Russian spy ring has operated in this country, Mr. Mundt said. Some phases of the case may have to be delayed for later hearings, he added.

If hearings are held next on charges that Russia received atomic bomb material from this country, Representative Mundt said, a subcommittee headed by Representative John McDowell, Republican, of Pennsylvania, will be in charge.

Reports Denied

Representative Mundt said he had talked to Representative McDowell and Robert E. Stripling, the committee's chief investigator in New York, about reports quoting Mr. Stripling as saying a New Deal Cabinet officer was involved in getting shipments of atomic materials to Russia. Mr. Mundt quoted Mr. Stripling as telling him: "I did not make any such statement," and said Representative McDowell told him the same thing holds good for the Pennsylvanian.

That means, Mr. Mundt told questioners, it would be an "unsafe deduction" that a Cabinet officer was or was not involved.

In a previous, separate meeting with reporters, Representative McDowell had said that a "highly important man" in the government "pushed" war-time shipments of atomic bomb material to Russia. A second official, he said, approved the shipments. He withheld both names, but said the two men will be asked for explanations soon in special public hearings.

Seward Potter, general manager of the S. W. Shattuck Company at Denver, said today his company had sent shipments of uranium metals to the Soviet Union five years ago and that the Army and Navy knew all about it.

Export Was Approved

"It is absurd for anyone to get excited about such a small shipment," he said. "Even when processed into uranium, the extent of the shipment would provide a negligible amount of the metal. To be made into the component of the atomic bomb, U-235 or plutonium, would require further processing and more shrinkage."

Mr. Potter reported the purchases were ordered by the Chemitar Corporation of New York by mail. "The government knew nothing of the order until we informed them of it and when they were informed, the proper agencies immediately cleared the shipment for export."

In New York, the Chemitar Corporation said in a statement issued by its general counsel, Manfred Wolkiser, that the purchase was made "with the full knowledge and approval of the appropriate goverment agencies." The statement added:

"At that time—two years before Hiroshima—neither the strategic importance of the materials was known, nor had restrictions of any kind been placed on the manufacture or export of the material. There was nothing conspicuous then about this particular Russian order for a small amount of uranium."

The company said the order was "covered by export licenses," that "lend-lease approval was obtained by the Russians," and that the order was handled as part of the firm's "war purchase program on behalf of many Allied governments."

In Washington, reporting on his one-man investigation trip to Europe, Representative Karl Stefan, Republican, of Nebraska, said today the Russians "are robbing the uranium mines of Jackymov, Czechoslovakia, in their desperate effort to develop an atomic bomb."

And, he added in a prepared staatement, the Russians are using live ammunition and bombs in their Austrian military maneuvers "much to the discomfort of the Austrian civilians."

Soviet exploitation of the Czech uranium mines, Representative Stefan claimed, is being conducted "with wanton disregard for the lives of the slave laborers being used in the mines."

PRESIDENT ASSAILED BY FERGUSON

Accused Of 'Iron Curtain' Tactics In Loyalty Investigation

Washington, Aug. 7 (AP)—Senator Ferguson spoke sternly of "impeachment" today in accusing President Truman of lowering "an iron curtain between Congress and the public business".

His complaint was against the Executive's refusal to let the lawmakers have "loyalty" investigation records of government workers.

There was no comment forthcoming from the White House.

"Intolerable Position" Seen

In a speech in the Senate, Ferguson declared:

"Congress is rapidly being pushed into the intolerable position of having either to legislate through a blind spot or compel the President to answer for his conduct in an impeachment proceeding.

"We do not want representative government reduced to such a ridiculous position."

[Editor's note — Some Washington sources interpreted Ferguson's speech as a possible GOP move to discourage any notion Truman might have of calling another special session of Congress.]

Truman Is Blamed

Ferguson is chairman of the Senate investigating subcommittee which closed its public hearings on the case of William W. Remington this week because, the committee said, Mr. Truman refused to turn over necessary records and information on Remington.

Remington, 30, is a Commerce Department official. He has been suspended while inquiries are being made into charges by Elizabeth T. Bentley that he gave her wartime information for a Soviet spy ring.

Ferguson said that, as a senator, President Truman "had been intensely critical of this secrecy," built up under President Roosevelt.

Cites "Power Clique"

"But when he became President," Ferguson continued, "he became the willing prisoner and mouthpiece of this power clique."

Ferguson noted that Congress has the "final word" under the Constitution and added that if a President "carried the powers of his office to unconscionable extremes, the Congress can dispose of him by impeachment proceedings."

"The President, on the other hand, has no powers vested in him that would permit him to dispose of Congress," he said.

Notes "Trend To Arrogance"

Ferguson told the Senate that some day Congress "shall have to meet the issue headon because the trend to presidential arrogance is becoming intolerable."

The Senator said the "Communist menace today is not that governments will be raised by forcible means.

"It is that they will be undermined and taken over by the insidious infiltration of Communists into high Government offices."

He concluded this way:

"Unless we find a way to reinvigorate Congress' power to secure all the information it needs to legislate properly and intelligently—unless we keep the President within bounds in his attempt to put an iron curtain between Congress and the public business—unless we succeed in that endeavor, constitutional and representative government will be transformed before our very eyes into a centralized executive dictatorship."

Ferguson said refusal to turn over the Remington papers "is only the most recent and immediate of a long series of deliberate blockages" that kept information from Congress.

Expanded Under New Deal

Ferguson said this trend expanded under the New Deal because the "New Dealers were going to accomplish a peaceful revolution and they didn't want to answer any more questions than they had to—either to Congress or anybody else."

The Senator said his information is that "the Communists got their first foothold in the Department of Agriculture and spread from there to other agencies."

"Power was accumulating fast, and Communists were eager to get their hands on some of it, not overlooking the advantages of a Federal meal ticket also," he said. "I don't want to imply that the Communists are the only problem.

Greater Problem, He Says

"Somehow or other, we shall find a way to get the Communists and the fellow travelers out of Government, but a much greater problem is that of the concentration of power in the executive."

The Senator said the opposition to some policies of the late President Roosevelt "was to intense he adopted a devious course in carrying out his objectives in his foreign policy."

Ferguson said a "sort of political-military heirarchy was built up" centered in the White House with the late Harry Hopkins as the chief.

In Secrecy, Says Senator

"What these people said and did was secret," he continued, "to be revealed to Congress, the press and the people only if it seemed expedient."

Ferguson said an example of the censorship and secrecy was exposed by the congressional investigation of Pearl Harbor after the war. He served on that committee.

"From beginning to end vital documents were withheld, crucial witnesses declined to appear and, under pressure, other witnesses altered their testimony," he said.

Charges "Elaborate Secrecy"

Next Ferguson charged an interagency governmental "Security Advisory Board" was set up and attempted to "impose the most elaborate rules of secrecy this Government has ever known."

Officials Pushed Uranium Export, McDowell Says

Washington, Aug. 7 (AP)—Representative McDowell (R., Pa.), declared today a "highly important man" in the Government "pushed" wartime shipments of atomic-bomb material to Russia.

A second official, he said, okayed the shipments.

McDowell withheld both names, but he said the two men will be asked for explanations soon in special public hearings to follow the House Un-American Activities Committee investigation of alleged Russian spy operations in the United States.

McDowell said that in 1943 Russia got 2,720 pounds of uranium compounds, and in 1945 about 25 pounds of uranium metal—all before the first A-bomb was dropped on Japan.

No Longer In Federal Job

"One highly important man," he told reporters, "was pushing and shoving this thing and was finally successful in getting the Russians the stuff they wanted. This man no longer is in the Government."

McDowell said he is not sure whether the second man still works for the Government.

The Government job of another controversial figure popped up meanwhile on the other half of the House committee's atomic bomb-Russian spy double feature.

Says Remington Is Fired

Representative Mundt (R., S.D.), acting chairman of the group, told a radio audience last night that William W. Remington, accused of feeding war secrets into a Soviet espionage pipeline, had been fired from his Commerce Department job.

A Commerce Department spokesman promptly denied it.

Remington, placed on "indefinite leave" by Secretary Sawyer last June pending an investigation of his loyalty, was charged last week by Elizabeth T. Bentley, an admitted former Russian spy, with giving her wartime military information.

The young Government official said it wasn't so, although he acknowledged that he had done things during the war, when he was only 24, that he wouldn't do now.

Worked In Two Probes

McDowell, as chairman of two Un-American Activities subcommittees, has taken part in both the atomic probes and the Soviet spy investigations.

One of his subcommittees left town yesterday to track down a pair of mystery witnesses who are supposed to have information that will crack a Communist spy ring "wide open" next week.

McDowell's statements about atomic shipments to Russia were made before he left Washington.

Among the sources he mentioned for the uranium sent to the Soviets were the S. W. Shattuck Company in Denver and the Canadian Radium and Uranium Corporation. He drew an affirmation from one and a denial from the other.

Canadian Denial

"Canada has sent neither uranium nitrate nor uranium oxide or any other uranium compound to Russia," declared a spokesman of the Canadian Trade Department in Ottawa.

But Seward Potter, manager of the Denver firm, said his company had sent shipments of both uranium metals to the Soviet Union five years ago—and that the Army and Navy knew all about it.

Lieut. Gen. Leslie R. Groves (retired) has said that so far as he knows Russia got no atomic-bomb materials from this country. Groves headed the Manhattan A-bomb project.

Higher Officials, He Hints

But McDowell indicated that it was officials higher in the Government than Groves who were responsible for shipments to Russia.

He told the House yesterday that "vital atomic-research material got out of the country before even the Manhattan project knew it." Even American intelligence officers did not know it had been flown out of the United States, he said.

Soviets 'Save' Woman In U.S. From White Russian Retreat

Valley Cottage, N.Y., Aug. 7 (AP). Soviet officials today descended upon a lavish farm retreat for White Russians here to "rescue" a woman they said had been drugged and carried away to the farm to keep her from returning to the Soviet Union.

They said the woman, a 52-year-old chemistry teacher at a school maintained by the Soviet Government for children of its United Nations delegates, was drugged and forcibly taken by White Russians from her New York apartment on July 31 to keep her from sailing aboard the vessel Pobeda.

The woman, identified as Kosenkina Oksana Stepanovna, then was taken to Reed Farm, the White Russian retreat established by Countess Tolstoy, youngest daughter of the Russian novelist, officials of the Soviet consulate said.

Report Withdrawn

Earlier, Clarkstown police said they had received a report from Reed Farm officials that the woman had been forcibly taken from the farm.

Shortly afterward, however, Clarkstown Police Lieut. Ernest Wiebecke said, Reed Farm officials withdrew the report after a station wagon licensed to Jacob Lomatkin, Soviet consul general in New York, visited the farm.

Clarkstown police said they had received a call from Reed Farm shortly after 1 P.M. stating that the woman was taken away by an unidentified man in a large auto.

About five minutes later, Wiebecke said, a second call was received. The caller said a station wagon carrying a U.S.S.R. license plate had driven up to the farm with three men. The men demanded to see Mrs. Stepanovna, the caller said.

Diplomatic Cards Shown

The station wagon left the 200-acre estate after the men were informed that the schoolteacher had just been taken away in a car.

Later, police in Orangetown, N.Y., said they had stopped the station wagon and found it registered in the name of Lomatkin.

They released the car, police said, when all its occupants showed diplomatic cards.

Shortly afterward, Clarkstown police said, Reed Farm officials said they no longer believed that the woman had been forcibly taken, and a police alarm for the "get-away car" was cancelled.

Later, Countess Tolstoy denied the woman was kidnapped by White Russians, and claimed she had come to the Reed Farm colony because "she believed she was going to be shot."

"She Turned White"

"She wanted to be safe," the Countess said in a statement.

The Countess said she was stand-

30.24- 19611

ing near Mrs. Stepanovna today when the Soviet officials arrived at Reed Farm.

"She turned white," the Countess said.

Then Mrs. Stepanovna said, according to Countess Tolstoy, "never mind. They have found me. I will be shot. I'd better go of my own accord. If they shoot me, maybe it is the best may out. I have no other way."

The Countess said Mrs. Stepanovna arrived at the valley cottage retreat by bus "a week ago Friday in the company of Vladimir Zenzinoff," whom she said was a Russian writer.

Reported To FBI

"She was scared to the extent that she believed she was going to be shot," the Countess said.

"I reported the whole matter to the FBI," Countess Tolstoy said. "They investigated and ordered me to prepare papers and turn the report over to immigration authorities.

"The papers were completed today," she added, "and are on my desk for submission to the immigration authorities Monday morning."

Countless Tolstoy said Mrs. Stepanovna was in the United States on a visa that was to expire September 12.

The Countess said she had reported today's incident "immediately" to the FBI and local police.

The Soviet account of the expedition to Reed Farm was given at a news conference at the Soviet Consultate in New York by Vice-Consul Zot I. Chepurnykh. A woman, he said was Mrs. Stepanova, was present during the conference.

Chepurnykh told the conference that he and several other men went to the farm. He said that over the resistance of another man in the room and of Countess Tolstoy they took Mrs. Stepanovna from the farm.

Resistance Reported

He said a number of men attempted to prevent them from leaving the colony, approximately 30 miles from New York city. He said they tried to throttle the driver of the car in which they went to the farm, tried to open the door of the auto as it started up, and then threw stones at it.

Chepurnykh said Mrs. Stepanovna had told him she was accosted July 30, the day before the sailing of the Pobeda, by a man in New York city who told her: "You shouldn't go to Russia. They will send you to Siberia. If you stay here you will be killed here. You are a spy."

Continuing, Chepurnykh said the man asked Mrs. Stepanovna to remain with him to be safe, but that she refused and left him. She then was followed by some other men, one of whom seized her right arm and injected her with a hypodermic needle.

U.S. To Ask Sweden To End Import Ban

Washington, Aug. 7 (AP)—The Commerce Department is preparing to ask the Swedish Government to relax its ban on imports from the United States, Representative Jack Z. Anderson (R., Cal.) said today.

The Californian said he was informed of the forthcoming discussions by Charles E. Bohlen, State Department counselor, in reply to his appeal for efforts to induce Sweden to permit at least "token" imports of United States fresh fruits.

Sweden stopped imports of fruits and other commodities on a temporary basis to conserve dollar credits.

Bohlen told Anderson in a letter that while the United States agreed to the import embargo, Sweden was not committed to an import ban on any one commodity.

Says Soviet Robs Czech Uranium Mines

Washington, Aug. 7 (A. P.).—Reporting on a one-man investigation trip to Europe, Representative Stefan (R.-Neb.) said today that the Russians "are robbing the uranium mines of Jackymov, Czechoslovakia, in their desperate effort to develop an atomic bomb." And, he added in a prepared statement, the Russians are using live ammunition and bombs in their Austrian military maneuvers "much to the discomfort of the Austrian civilians."

Soviet exploitation of the Czech uranium mines, Stefan contended, is being conducted "with wanton disregard for the lives of the slave laborers being used in the mines." Stefan is a member of the House Appropriations Committee.

WESTCHESTER AIR UNIT RECOGNIZED

Washington, Aug. 7 (A. P.).—The 137th Fighter Squadron, organized at White Plains last week, became the sixty-first National Guard fighter outfit to attain Federal recognition.

Major-Gen. Kenneth F. Cramer, chief of the Army's National Guard Bureau, said today the sixty-one National Guard fighter squadrons and ten light bomber squadrons "constitute an active protective air umbrella over the United States."

The 137th Fighter Squadron was one of four air units and nine Army units of the National Guard recognized during the week ended August 1.

The other air units recognized were the 137th Utility Flight, 137th Weather Station and 207th Air Service group, all at White Plains.

Shugg Gets New Atomic Post

Washington, Aug. 7 (AP)—Carleton Shugg, now managing the Hanford (Wash.) atomic plant, will become deputy general manager for the Atomic Energy Commission, it was announced today.

Meat Boycott Drive Spreads Across Nation

Camden Unionists Scheduled to Start 3-Week Campaign

CHICAGO, Aug. 7 (AP).—Budget-harried housewives increased their buy-no-meat campaign over telephone wires today in the face of a Government prediction that meat prices will go higher.

The boycott plan, originating in Dallas, Tex., spread to such cities as Louisville, Ky.; Boise, Idaho; Kansas City, Mo.; San Francisco, Calif.; Fort Wayne, Ind.; Indianapolis, Ind.; 16 cities in Texas and half a dozen in Wisconsin.

The housewives' crusade was aimed directly at one of two causes given by the Department of Agriculture: Record consumer buying power and a decline in the output of meats and other livestock products.

PRICES GOING UP

Meanwhile, the Department predicted that meat and other livestock prices will lead a retail food price advance in the next few months.

In Indianapolis, however, an official of Kingan & Co., meat packers, discounted the Government prediction and said beef and pork prices would fall in September or October as farmers bring in stock.

And in Chicago, a spokesman for the major packers said that "although we have no crystal ball capable of forecasting future prices, more adequate meat supplies are expected this fall and winter, due to seasonally increased marketings of livestock. Prices then, as always, will be established by the overall demand of consumers."

WOMEN TAKE LEAD

But the women who pay the grocery bills teamed for action.

Ten thousand Dallas women promised to support the boycott idea, which started when 71-year-old Mrs. R. D. Vaughn, president of the Dallas Women's Chamber of Commerce, took to the telephone.

The idea spread across Texas, where in 16 cities women agreed to stop buying meat on Aug. 9. Some sales already have fallen off, but there has been no general reflection in prices to date.

Otis Bryant, president of the Dallas Independent Grocers, told the women that poultry and produce prices may shoot up as a result of their drive.

SOUTH JERSEY BOYCOTT

Officers of Local 1 of the Industrial Union of Marine and Shipbuilding Workers (CIO) reminded members in Camden and South Jersey that the union's three - week boycott against meat-buying goes into effect Monday.

During the first week, members and their families are being urged not to buy any pork; in the second week, no veal, and in the third week, no beef. Grocers and butchers in the area have been urged to take these items off their counters during the weeks in question.

NOT AGAINST STORES

James C. McKissock, president of the union, emphasized that the boycott was not being directed against retail meat dealers but was instituted in the hope that the piling up of meat would be felt eventually by the packers and distributors, whom the union blames for current high prices.

The same union in the late summer and early fall of 1946, when OPA controls were removed, organized a sticker campaign, during which seals of approval were given to those grocers and butchers who maintained their prices at the old OPA level. Those who boosted prices were picketed and boycotted.

PHONE CAMPAIGN

In Indianapolis, several housewives began a phone campaign and their leader, Mrs. Velma Perk, advised callers to write Congress for price controls on meat.

In Kansas City, Mrs. Edward S. Muuneke, 25-year-old former Wave, sparked a chain-telephone drive to get her colleagues to quit buying meat all next week and observe three meatless days weekly until prices fall.

In the same city, James Browne, president of the City and State Independent Retail Grocers Association, said "if people would quit eating meat for a week, the country would be flooded with meat, and prices would break sharply."

A Boise, Idaho, women's club of 50 members appealed to all women in its area to keep away from meat counters. Chain phone calls also spread across Louisville, where several women's organizations were expected to join the drive.

In San Francisco, a council of women shoppers was formed to intensify the campaign which started there Monday. No change was evident in retail prices, but there were some declines in the wholesale markets. A butchers' union spokesman, blaming stockmen for the price levels, said the boycott may force small shopowners out of business.

CALLS IN WISCONSIN

Phones rang in half a dozen Wisconsin cities as women were asked to call five of their friends and urge a five-day boycott.

Oregon's first resistance groups were organized yesterday in three cities. Forty-five Portland women pledged to buy no more beef until prices fell one-third, to pay no more than 60 cents a pound for any meat, and to spread the word to 20 friends. Klamath Falls supported the move.

WALLACE FANS IRE OF GEORGIA JURIST

Stand On Russia Makes Nuernberg Judge's 'Blood Boil'

Montgomery, Ala., Aug. 7 (AP)—A Georgia Supreme Court justice suggested today that Communists in the United States be loaded on a ship, with Henry A. Wallace as pilot, and pushed off toward Russia.

"If I had my way about Wallace," Justice Lee B. Wyatt said, "I would say 'get the hell out and go back to Russia.'"

The Georgia jurist, addressing the annual meeting of the Alabama Bar Association, denounced what he termed Russia's obstructionist tactics.

"It makes my blood boil," he said, "to hear Wallace and his Progressive party presidential running mate say that we are provoking war with Russia."

Presided At Nuernberg Trials

Justice Wyatt served as presiding judge of the Nuernberg war-crime trials in Germany. He said Russians stoned an American train on which he was riding through the Russian corridor into Berlin and charged that Russians shot down and killed American soldiers on the streets of European cities.

Russia, he said, has violated all agreements made at Yalta and Potsdam, adding:

"If we are to preserve freedom and democracy here, we have to get rid of the Communists."

Company Calls Uranium Shipments Negligible

AUG 1948

Denver, Aug. 7 (AP)—"It is absurd for anyone to get excited about such a small shipment," a chemical company manager said here today regarding his firm's shipment of uranium nitrate and uranium oxide to Russia five years ago.

"Both the Army and Navy were informed of the Russian order," Seward Potter, general manager of the S. W. Shattuck Company said yesterday, "and they made no attempt to halt it."

"Even when processed into pure uranium, the extent of the shipment would provide a negligible amount of the metal," Potter said. "To be made into the component of the atomic bomb, U 235 or plutonium, would require further processing and more shrinkage."

McDowell Report

His statement was made in connection with the report of Representative McDowell (R., Pa.) to the House about uranium shipments to the Soviet. The company furnished 420 pounds of the materials to the Soviet Government Purchasing Commission March 23, 1943, McDowell said.

Potter reported the purchases were ordered by the Chemitar Corporation of New York by mail.

"The Russians wanted all the material they could get," Potter said. "The Government knew nothing of the order until we informed them of it, and when they were informed, the proper agencies immediately cleared the shipment for export."

No Restrictions Then, Firm Says

In New York, the Chemitar Corporation said in a statement issued by its general counsel, Manfred Wolkiser, that the purchase was made "with the full knowledge and approval of the appropriate Government agencies." The statement added:

"At that time—two years before Hiroshima — neither the strategic importance of the materials was known nor had restrictions of any kind been placed on the manufacture or export of the material which was then used for many commercial and nonatomic purposes. . . .

"There was nothing conspicuous then about this particular Russian order for a small amount of uranium—at a time when we were rushing all available guns, tanks and planes to our ally."

The company said the order was "covered by export licenses," that "Lend-Lease approval was obtained by the Russians," and that the order was handled as part of the firm's "comprehensive war purchase program on behalf of many Allied governments."

FORRESTAL TAKES UP G. I.'S THREAT

Portsmouth, N. H., Aug. 7 (A. P.).—Secretary of Defense Forrestal today promised an immediate investigation of an Air Force sergeants reported "shoot to kill" threat to two news photographers which was protested by the publisher of the Portsmouth Herald.

J. D. Hartford, publisher, said Forrestal wired him: "I shall have the matter investigated immediately."

Hartford sent his protest yesterday after reporting the threat which he said came when one of his cameramen and a free-lance photographer attempted to make pictures of a crashed fighter plane in Wells, Me. When the pair, Jack Isenberg, 28, of the Herald, and Edward Whipple, 31, of Ogunquit, Me., approached the wreckage, Hartford said, a sergeant on guard told them:

"If you pass this spot I'll shoot to kill."

Air Force Capt. Amos L. Salisbury, Hartford added, later permitted the men to make pictures but then tore up the film.

Hartford said he also wrote the commandant of Grenier Air Force Base that such treatment was "highhanded."

28th Seeks Place In Striking Force

HARRISBURG, Aug. 7 (AP).—Pennsylvania's own 28th Infantry Division is out today to justify its selection as an integral part of a new continental defense mobile striking force.

Maj. Gen. Daniel B. Strickler, of Lancaster, said today he was outlining plans for training the guardsmen to peak proficiency during a two-week encampment at Indiantown Gap Military Reservation beginning Aug. 14-28.

Some 10,000 officers and men representing 129 units from all parts of the State will participate in division maneuvers, in addition to other separate components of the Pennsylvania National Guard.

TO VARY TRAINING

Strickler's schedule will stress more varied and advanced training, in comparison to last year's first postwar encampment. All outfits will be self-sustaining in the field, including operation of individual mess.

Eighty-eight hours' instruction are scheduled, including 44 hours of basic and general subjects, 24 hours technical, and 20 hours tactical. A two-and-a-half-day march and bivouac will be held by all organizations at the time they are in the firing ranges.

All enlisted men also will take eight hours of individual type proficiency tests on basic subjects.

The committee system of instruction again will be followed this year with each regiment responsible for specific subjects.

The 110th Infantry, Washington, will handle all field instruction in combat formations; the 12th, Erie, chemical warfare; the 11th, Philadelphia, defense against air and mechanized attack, domestic disturbances and martial law; the 109th, Scranton, interior guard and combat sentry duty, military sanitation, first aid and hygiene.

A rookie school covering 16 hours' training in military fundamentals also will be conducted for all recruits without previous military experience. The course includes six hours of drill and the manual of arms, and three hours' guard duty.

A demonstration team from the Second Army will handle instruction in new types of Army weapons.

Wainwright Denies Absolving Tojo

SAN ANTONIO, Tex., Aug. 7 (AP). — Gen. Jonathan M. Wainwright today denied he had ever made a statement absolving Premier Hideki Tojo of the treatment he received from the Japanese while a prisoner of war.

In a press dispatch from Tokyo, George Francis Blewett, a Philadelphia attorney serving as American counsel for Tojo, said Thursday that Wainwright asked him to tell Tojo "as one general to another" he did not hold him responsible.

The Bataan hero said:

"To the best of my recollection I have sent no message to Tojo. In fact I hold him responsible for the sneak attacks on us at Pearl Harbor and in the Philippines."

Tourist Visits To Kobe Seen Step Nearer

San Francisco, Aug. 7 (AP)—Tourist travel to Japan moved a step closer today.

The Japanese port of Kobe was added as a port of call by the American President Lines for its world-cruise ships, the President Monroe and the President Polk.

Addition of Kobe as a port of call was made coincident with the reopening of Japan to limited tourist travel by the American occupation.

Since the war, cruise ships have called only at Yokohama.

Inclusion of Kobe on the itinerary makes possible overland sightseeing tours of two-day duration between Kobe and Yokohama, port city for Tokyo.

ADVANCE) LONDON, AUG. 7-(AP)-BRITAIN IS WITHIN SIGHT OF HER TARGET
OF 750,000 HOMES IN THE IMMEDIATE POSTWAR HOUSING PROGRAM. THE PROGRAM
WAS 21,223 UNITS TO GO, BUT OFFICIALS EXPECT TO REACH AND EVEN
EXCEED THIS IN SEPTEMBER.
JUNE FIGURES JUST RELEASED SET A RECORD. A TOTAL OF 21,159
PERMANENT HOUSES WERE BUILT THAT MONTH, EXCEEDING THE RECORD OF
MAY BY 787. THE GRAND TOTAL FOR JUNE WAS 23,466 HOUSES BECAUSE 2,307
TEMPORARY STRUCTURES ALSO WERE BUILT. THE COMPLETE TOTAL FOR MAY WAS
22,496.
THE TOTAL OF COMPLETE HOUSES, PERMANENT AND TEMPORARY, SINCE APRIL
1, 1945 IS 463,701.
(BRITAIN'S POPULATION IS ROUGHLY ONE-THIRD THAT OF THE UNITED STATES.
U.S. HOUSING AND HOME FINANCE AGENCIES SAID THAT DURING THE SAME PERIOD
IN THE UNITED STATES, 2,153,000 NEW HOUSES AND APARTMENT UNITS WERE
BUILT, OF WHICH 2,137,000 WERE FINANCED PRIVATELY. THE ESTIMATE
EXCLUDED PUBLIC TEMPORARY HOUSES, TRAILERS AND REMODELLING JOBS).
HOES PROVIDED ALTOGETHER BY NEW BUILDING, REPAIR OF UNINHABITABLE
HOUSES, CONVERSION AND REQUISITIONING BRING THE TOTAL NUMBER OF
FAMILIES REHOUSED UNDER THE POSTWAR PROGRAM TO 728,777.
THE WARTIME COALITION GOVERNMENT HAD SET THE TARGET OF 750,000.
NOW, DESPITE SHORTAGE OF MATERIALS AND CRITICISM, WHICH IS WAMING,
THE LABOR GOVERNMENT APPARENTLY WILL MAKE THE GRADE EASILY.
SOFTWOOD TIMBER IS THE KEY TO THE BUILDING PROGRAM. A SHORTAGE OF
SUCH TIMBER AIRDAY HAS SLOWED DOWN THE PLANNED RATE OF BUILDING, AS
THE BALTIC COUNTRIES WHICH SUPPLIED THE GREATER PART OF BRITAIN'S
REDS ARE NOW UNDER RUSSIAN CONTROL.
MOST OF THE VITAL TIMBER HAS COME FROM HARD CURRENCY AREAS AND

HE GOVERNMENT, STEPPING UP ITS EXPORT DRIVE, HAS SAID: "MORE EXPORTS MEAN MORE TIMBER, MORE TIMBER MEANS MORE HOUSES."

THUS IF HOUSING IS NEEDED IN A MINING AREA WHERE COAL PRODUCTION E PARAMOUNT, TIMBER IS ALLOCATED TO THAT AREA NOT ONLY FOR PIT PROPS-BUT FOR HOUSING CONSTRUCTION AS WELL. LIKEWISE HOUSING IS GIVEN PRIORITY IN AN AGRICULTURAL SECTION WHERE THE PRODUCTION OF FOOD E OF GREAT IMPORTANCE.

BRITISH PRODUCTION OF BUILDING MATERIALS, INCLUDING CEMENT, PIPES AND CONDUITS, BRICKS AND PLASTER, INCREASED IN JUNE OVER THE MAY GURES, THUS AIDING THE BUILDING PROGRAM.

A SPOKESMAN FOR THE MINISTRY OF HEALTH, WHICH HAS JURISDICTION OVER OME BUILDING, SAYS ENOUGH MATERIAL HAS BEEN USED IN REPAIRS TO BOMBED AND UNINHABITABLE HOUSES TO HAVE BUILT 100,000 PERMANENT HOMES.

DURING THE WAR 200,000 HOUSES WERE TOTALLY DESTROYED, 250,000 ERE MADE UNLIVEABLE. OF 4,000,000 SLIGHTLY DAMAGED, MOST OF THEM AD BEEN REPAIRED BEFORE THE END OF THE WAR. MORE THAN 133,000 OF HE UNLIVEABLE HOUSES HAVE BEEN REPAIRED.

THE BRITISH TREASURY SUBSIDIES AND CONTRIBUTIONS FOR NEW HOUSING Y LOCAL AUTHORITIES WILL REMAIN UNCHANGED FOR AT LEAST ANOTHER YEAR, PAYABLE ON NEW HOUSES COMPLETED BEFORE JUNE 30, 1949. THEY WERE FIRST FIXED IN A 1946 ACT.

UNDER THIS ACT THE EXCHEQUER PAYS £16, TEN SHILLINGS ($66) PER HOUSE PER YEAR FOR 60 YEARS. THE LOCAL AUTHORITY CONTRIBUTES £5, TEN SHILLINGS ($22) PER HOUSE PER YEAR FOR 60 YEARS. UNDER A SPECIAL SUBSIDY FOR HOUSES FOR AGRICULTURAL WORKERS, THE EXCHEQUER PAYS £25, EN SHILLINGS ($102) AND THE CONTRIBUTION OF THE LOCAL AUTHORITY IS £3 (DOWL PER HOUSE PER YEAR FOR 60 YEARS.

THE PRIVATE BUILDER MUST GO TO A BUILDING SOCIETY OR SOME OTHER OURCE FOR LOANS FOR HOUSING. HE HAS NO ACCESS TO GOVERNMENT SUBSIDIES.

TENANTS MAY NOT BUY HOUSES FROM LOCAL AUTHORITIES. THE GOVERNMENT CONTENDS THAT THE GREATEST NEED NOW IS TO PROVIDE HOUSES FOR RENT BECAUSE THE AVERAGE PERSON IS NOT IN A POSITION ECONOMICALLY TO BUY A HOME.

THE FEW WHO ARE ABLE TO BUY PROPERTY ARE GIVEN THE OPPORTUNITY TO D SO FROM PRIVATE BUILDERS.

LOCAL AUTHORITIES HAVE AN ALLOCATION IN THE NUMBER OF HOUSES THAT AN BE BUILT IN THEIR AREAS. FOR EVERY FOUR HOUSES THE LOCAL UTHORITY BUILDS, ONE MAY BE ALLOCATED TO A PRIVATE BUILDER, BUT THIS IS REGULATED ACCORDING TO NEED, THE GOVERNMENT EXPLAINS, TO PREVENT RIVATE BUILDERS FROM SPECULATING AND TO ASSURE THAT HOUSES GO TO THE FAMILIES WHO MOST NEED THEM.

A12

THE WORK WEEK FOR BUILDING CRAFTSMEN AND LABORERS IS 46 HOURS.

IN LONDON CRAFTSMEN, INCLUDING BRICKLAYERS, CARPENTERS, ELECTRICIANS AND PLUMBERS, ARE PAID TWO SHILLINGS, ELEVEN PENCE (58 3/4 CENTS) AN HOUR. IN THE PROVINCES THE RATE IS TWO SHILLINGS, NINE AND ONE-HALF PENCE (56 3/4 CENTS).

LABORERS ARE PAID TWO SHILLINGS, FOUR PENCE (47 CENTS) IN LONDON AND TWO SHILLINGS, THREE PENCE (45 1/3 CENTS) IN THE PROVINCES.

OVERTIME, STARTING AFTER 46 HOURS, IS TIME AND A QUARTER DURING HE FIRST TWO HOURS, TIME AND A HALF FOR THE SECOND TWO HOURS. ANY OVERTIME BEYOND FOUR HOURS IS DOUBLE TIME.

THE TOTAL LABOR FORCE EMPLOYED ON HOUSING IN JUNE WAS 532,100 WORKERS.

POLITICAL OPPOSITION TO THE HOUSING PROGRAM FROM THE CONSERVATIVE SIDE, WHICH AT TIMES WAS HEATED, IS DYING OUT. IT HAD CENTERED ON DLAYS AS THE RESULT OF GOVERNMENT REQUIREMENTS FOR VOLUMINOUS FORMS TO OBTAIN MATERIALS AND BUILDING PERMITS. THE CRITICISM CAME FROM RIVATE BUILDERS AS WELL AS CONSERVATIVES IN PARLIAMENT.

THERE IS STILL SOME OPPOSITION BY THOSE WHO FEEL THE GOVERNMENT HAD ISCRIMINATED AGAINST PRIVATE BUILDERS.

BEYOND THAT AND IN SPITE OF THE PROGRESS, EVEN THE MINISTRY OF EALTH SAYS THAT, WITH AN INCREASE IN MARRIAGES AND THE BIRTH RATE, "THERE IS NO SPEEDY END TO THE HOUSING PROBLEM IN BRITAIN."

IT SERVED AS CONFIRMATION FOR A CHINESE COMMUNIST BROADCAST AUG.4 THAT THE COMMUNISTS OF THE NORTH HAD EXCHANGED MESSAGES WITH CHINESE DISSIDENTS HERE ON A PLAN TO SET UP A RIVAL REGION.

TOKYO, SUNDAY, AUG.8-(AP)-JAPANESE GENERALLY HAD LITTLE IDEA TODAY THAT ATOM-BOMBED HIROSHIMA'S "PEACE FESTIVAL" HAD INCLUDED A POINTED REMINDER AUSTRALIANS HAVE NOT FORGOTTEN THE WAR.

A WITNESS BACK FROM FRIDAY'S CEREMONY SAID EVEN THOSE ATTENDING SEEMED HARDLY AWARE THAT LT. GEN. H. C. H. ROBERTSON, COMMANDER OF BRITISH COMMONWEALTH OCCUPATION FORCES, HAD TOLD HIROSHIMANS: "I MUST REMIND YOU THAT YOU CAUSED THIS DISASTER YOURSELVES."

COL. RUSSELL C. SNYDER, ATTLEBORO, MASS., WHO ATTENDED, SAID A POOR MICROPHONE AND A POOR INTERPRETER SO MUFFLED ROBERTSON'S REMARKS THEY WERE HARD TO HEAR EVEN 50 FEET FROM THE SPEAKER'S STAND.

SNYDER SAID THAT PROBABLY EXPLAINED THE SEEMING UNINTEREST AND LACK OF REACTION FROM THE CROWD OF 2,000 OR MORE PERSONS.

IN TURN ONLY ONE OF FOUR TOKYO NEWSPAPERS REPORTED THE HIROSHIMA FESTIVITIES BEYOND GENERAL MACARTHUR'S "CORDIAL GREETINGS" TO HIROSHIMA AS RELAYED BY ROBERTSON.

THE ONE NEWSPAPER PRINTED A STORY OF TWO PARAGRAPHS ON THE BACK PAGE. ONE PARAGRAPH REPORTED ROBERTSON'S REMARK THAT "THE PUNISHMENT GIVEN HIROSHIMA WAS ONLY PART OF THE RETRIBUTION OF THE JAPANESE PEOPLE AS A WHOLE FOR PURSUING THE DOCTRINES OF WAR."

AMBASSADOR CAVENDISH CANNON ALSO DECLARED THAT AS LONG AS AMERICANS OCCUPY PART OF GERMANY THE UNITED STATES WILL HAVE A RESPONSIBILITY TO REPRESENT GERMAN INTERESTS IN DANUBIAN AFFAIRS.

CANNON OUTLINED THE AMERICAN POSITION SHORTLY BEFORE THE CONFERENCE VOTED 7 TO 1 TO MAKE THE PROPOSED RUSSIAN PLAN FOR A NEW DANUBE PACT THE BASIS FOR ITS DISCUSSIONS. UNDER THAT PLAN THE COMMUNIST BLOC OF STATES WOULD HAVE EXCLUSIVE CONTROL OF EUROPE'S MOST IMPORTANT INLAND WATERWAY.

THE DANUBE AT PRESENT IS CUT IN TWO AT LINZ, AUSTRIA, WHERE THE RUSSIANS HAVE BLOCKED NON-SOVIET SHIPPING FROM MOVING DOWN THE RIVER SINCE SHORTLY AFTER THE WAR ENDED. THIS HAS KEPT NEARLY 700 DANUBIAN VESSELS--MOSTLY BARGES--EMPTY AND IDLE IN THE AMERICAN OCCUPATION ZONES OF AUSTRIA AND GERMANY.

EAST-WEST RELATIONS IN BERLIN RECEIVED A NEW STRAIN WHEN THE OFFICIAL SOVIET NEWS AGENCY ANB SAID BRITISH AND AMERICAN PLANES BRINGING SUPPLIES TO THE RUSSIAN-BLOCKADED CITY COULD BE FORCED DOWN FOR FLIGHT VIOLATIONS.

AN AMERICAN AIR FORCE OFFICIAL CONCEDED THAT, "TECHNICALLY SPEAKING," PLANES WHICH VIOLATED FLIGHT RULES COULD BE FORCED DOWN. "HOWEVER, ONCE THIS STARTS, THINGS ARE GOING TO BE PRETTY ROUGH AROUND HERE," HE ADDED. "IT WOULD REQUIRE SOME PRETTY HIGH LEVEL ACTION."

DIPLOMATIC MANEUVERING CONTINUED IN MOSCOW. IT SEEMED LIKELY THE TALKS AMERICAN, BRITISH AND FRENCH ENVOYS HAVE HAD WITH SOVIET OFFICIALS WILL CONTINUE INTO NEXT WEEK.

DIPLOMATIC OBSERVERS IN LONDON SAID THE WESTERN ENVOYS PROBABLY WILL SEE PRIME MINISTER STALIN AGAIN IN THE NEXT DAY OR TWO TO DISCUSS THE POSSIBILITY OF SETTLING EAST-WEST DIFFERENCES.

THE BRITISH PRESS SUGGESTED THE DISCUSSIONS IN THE KREMLIN THUS FAR HAVE DEALT WITH THE BERLIN BLOCKADE, GERMAN CURRENCY, THE PROPOSED WEST GERMAN GOVERNMENT AND POSSIBLY THE RUHR AND THE WITHDRAWAL OF OCCUPATION TROOPS. RUSSIA LONG HAS SOUGHT A VOICE IN THE CONTROL OF RUHR INDUSTRIES.

TRYGVE LIE, SECRETARY-GENERAL OF THE UNITED NATIONS, APPEALED TO THE MAJOR POWERS TO END THEIR QUARREL OVER GERMANY. HIS THIRD ANNUAL REPORT TO THE GENERAL ASSEMBLY, MADE PUBLIC AT LAKE SUCCESS, N.Y., PLACED THE GERMAN PROBLEM AT THE TOP OF A LIST OF ISSUES STANDING IN THE WAY OF WORLD PEACE.

ARAB GOVERNMENTS NOW HAVE AN ISRAELI REQUEST FOR PEACE TALKS. THE BID WAS TRANSMITTED BY COUNT FOLKE BERNADOTTE, THE U.N. MEDIATOR. RETURNING TO HIS RHODES HEADQUARTERS AFTER A SWING AROUND THE MIDDLE EAST, BERNADOTTE SAID HE IS OPTIMISTIC THAT A FINAL SOLUTION OF THE PALESTINE PROBLEM WILL BE ACHIEVED.

VICTORIOUS GREEK ARMY UNITS CONTINUED THEIR PRESSURE ON THE COMMUNIST-LED GUERRILLAS. PRESSING FORWARD ON THE NORTHEASTERN FLANK OF THE GRAMMOS FRONT, GREEK TROOPS SOUGHT TO SEVER THE REBELS' LAST MAJOR SUPPLY LINE FROM ALBANIA. FRONT DISPATCHES SAID GOVERNMENT TROOPS ARE FINDING MANY VILLAGES DESERTED. THE GUERRILLAS WERE REPORTED CARRYING OFF THE POPULATION TO WORK FOR THEM. #

BERLIN INTERPRETIVE

BY JOHN M. NIGHTOWER

AUG 1948

WASHINGTON, AUG 7-(AP)-TALKS BETWEEN THE WESTERN POWERS AND THE SOVIET GOVERNMENT ON THE BIG-FOUR STALEMATE OVER GERMANY APPEARED TODAY TO HAVE REACHED A CRITICAL POINT.

AT THIS TIME IT CANNOT BE SAID DEFINITELY THAT THE MOSCOW TALKS WILL PRODUCE AGREEMENT OR ACTUAL NEGOTIATIONS IN THE COUNCIL OF FOREIGN MINISTERS ON GERMAN OR ANY OTHER EUROPEAN PROBLEMS.

SECRETARY OF STATE MARSHALL BROKE A WELL-ESTABLISHED WORK PATTERN TODAY TO LEAVE HIS COUNTRY HOME NEAR WASHINGTON AND GO TO HIS STATE DEPARTMENT OFFICE TO REVIEW THE LATEST DEVELOPMENTS. PRESUMABLY, HE DRAFTED NEW INSTRUCTIONS TO AMERICAN AMBASSADOR WALTER BEDELL SMITH IN THE SOVIET CAPITAL.

THE SOVIETS, NOTORIOUSLY TOUGH BARGAINERS, PRESUMABLY ARE TRYING TO FIND OUT HOW HIGH A PRICE THE WESTERN NATIONS ARE WILLING TO PAY TO GET THE BLOCKADE OF BERLIN LIFTED.

THE WESTERN POWERS WOULD LIKE TO DISCOVER EXACTLY WHAT THE KREMLIN WANTS TO ACCOMPLISH WITH THE BLOCKADE. THEY WANT TO KNOW WHETHER THERE IS ANY BASIS NOW FOR GETTING IT LIFTED AND, BEYOND THAT, FOR NEGOTIATING A TRUCE IN THE COLD WAR.

ALL THIS IS OCCURING BEHIND A WALL OF SECRECY. PRESIDENT TRUMAN, SECRETARY OF STATE MARSHALL, AND THE FOREIGN OFFICES OF LONDON, PARIS AND MOSCOW ARE COOPERATING IN A TIGHT CONTROL OF NEWS AT THE SOURCE.

STATE DEPARTMENT OFFICIALS HAVE SAID PRIVATELY THAT THIS RESORT TO OLD-FASHIONED SECRET DIPLOMACY IS ESSENTIAL TO AVOID FREEZING POSITIONS, PERMIT BARGAINING AND PREVENT A DISPLAY OF ROUTINE PROPAGANDA ATTACKS.

AUG 1948

DESPITE THE "BLOCKADE" OF PUBLIC INFORMATION, HOWEVER, SEVERAL POINTS ARE APPARENT ON THE BASIS OF THE KNOWN RECORD. THESE ADD UP TO THE FACT THAT THE TALKS HAVE NOW REACHED THE CRITICAL POINT WHERE THEY COULD PRODUCE EITHER A PERIOD OF MORE FRIENDLY DIPLOMACY AMONG THE GREAT POWERS OR AN INTENSIFICATION OF THE COLD WAR;

1. THE TALKS ARE PROCEEDING MORE IN THE MANNER EXPECTED BY AMERICAN THAN BY BRITISH OFFICIALS. DEALING WITH THE RUSSIANS STILL IS PROVING TO BE PAINFULLY SLOW, TEDIOUS AND UNCERTAIN, WITH THE CHANCES OF SUCCESS UNKNOWN UP TO THE LAST MINUTE. BRITISH SPOKESMEN IN LONDON GENERALLY HAD INDICATED OPTIMISM ABOUT REACHING EARLY AGREEMENT ON A NEW MEETING OF THE COUNCIL OF FOREIGN MINISTERS; AMERICAN OFFICIALS HAVE CAUTIOUSLY AVOIDED ANY SIGNS OF OPTIMISM.

A23WX

2. THE DIFFERENCES BETWEEN THE SOVIET UNION AND THE WESTERN POWERS OVER EUROPE ARE STILL SO GREAT THAT NO EASILY CONTROVED FORMULA CAN OPEN THE WAY FOR NEGOTIATING ABOUT THEM. THE FIRST OF THE CURRENT MOSCOW TALKS WAS HELD BY WESTERN ENVOYS WITH DEPUTY FOREIGN MINISTER VALERIAN A. ZORIN ON JULY 31. THE AMBASSADORS SAW SOVIET

FOREIGN MINISTER MOLOTOV NEXT DAY - EXACTLY A WEEK AGO - AND ON AUGUST 2 THEY MET WITH PREMIER STALIN AND MOLOTOV. YESTERDAY THEY SAW MOLOTOV AGAIN FOR THREE HOURS. MOSCOW DISPATCHES SPOKE TODAY OF THE NEED FOR MORE CONFERENCES - EVIDENTLY MEANING NEW INSTRUCTIONS MUST BE SENT TO THEIR AMBASSADORS BY WASHINGTON, LONDON, AND PARIS.

3. PRESS DISPATCHES FROM LONDON AND MOSCOW YESTERDAY FORECAST A JOINT BIG FOUR ANNOUNCEMENT THIS WEEK-END THAT RUSSIA AND THE WESTERN POWERS HAD AGREED TO HOLD A MEETING OF THE COUNCIL OF FOREIGN MINISTERS SOON. NOW THE ESTIMATES, PARTICULARLY IN LONDON, HAVE BEEN REVISED. THE AGREEMENT WHICH INFORMED DIPLOMATS HAD CONSIDERED AT HAND HAS BEEN STALLED EITHER BY NEW RUSSIAN DEMANDS OR BY WESTERN REFUSAL TO AGREE ON SOVIET REQUIREMENTS ALREADY MADE. AUG 1948

4. THE MERE WILLINGNESS OF THE WESTERN POWERS TO RESUME NEGOTIATIONS WITH THE RUSSIANS IN THE COUNCIL OF FOREIGN MINISTERS APPARENTLY IS INSUFFICIENT TO OBTAIN A LIFTING OF THE BERLIN BLOCKADE. PROBABLY THE SOVIETS WANT SOME ASSURANCE OF WHAT THEY MIGHT GET OUT OF SUCH NEGOTIATIONS, ESPECIALLY IN GERMANY. ALONG THE SAME LINE THE WESTERN POWERS HAVE WANTED TO FIND OUT ALL ALONG WHETHER THERE WAS ANYTHING AT THIS TIME WORTH NEGOTIATING ABOUT. MARSHALL HAS BEEN REPRESENTED AS OPPOSED TO A NEW MEETING OF THE CFM WHICH WOULD SIMPLY REVIVE PROPAGANDA BATTLES.

AT THE SAME TIME IT IS BECOMING INCREASINGLY DIFFICULT TO DISCERN POINTS ON WHICH NEGOTIATION FOR A COMPROMISE MIGHT OCCUR. FOR EXAMPLE, BOTH WASHINGTON AND LONDON HAVE CONSISTENTLY REAFFIRMED THEIR INTENTION TO CREATE A SEPARATE GOVERNMENT IN WESTERN GERMANY. THIS IS ONE OF THE WESTERN POLICIES TO WHICH THE RUSSIANS HAVE MOST BITTERLY OBJECTED. IF NEITHER SIDE WAS WILLING TO YIELD ON THIS AND SIMILAR ISSUES THE CHANCES FOR ANY REAL AGREEMENT BETWEEN EAST AND WEST AT THIS TIME WOULD BE VERY SLENDER INDEED.

PF525PED

(ADVANCE)-WASHINGTON,AUG.7-(AP)-SENATOR O'CONOR (D-MD) SAID TODAY CONGRESSIONAL APPROVAL OF A $65,000,000 (M) LOAN FOR THE UNITED NATIONS HEADQUARTERS IN NEW YORK CITY WILL HAVE A "FAR-REACHING EFFECT ON OUR RELATIONS WITH DEMOCRATIC NATIONS."

THIS, HE SAID, "IS A FORWARD STEP, INDICATIVE OF AMERICA'S SINCERE SUPPORT OF THE UNITED NATIONS." AUG 1948

IN A STATEMENT, HE ADDED: "APPROVAL BY THE CONGRESS OF LEGISLATION AUTHORIZING THE LOAN FOR CONSTRUCTION OF THE UNITED NATIONS HEADQUARTERS IN NEW YORK WILL OFFER REASSURANCE TO THE MANY FRIENDLY NATIONS IN THE UNITED NATIONS WHO WERE SEVERELY DISAPPOINTED WHEN THE MEASURE FAILED OF PASSAGE DURING THE SECOND REGULAR SESSION.

"IT IS PARTICULARLY IMPORTANT, HOWEVER, BECAUSE OF THE FACT THAT THE USSR AND ITS SATELLITE NATIONS, WHO CONSISTENTLY OPPOSED ALL EFFORTS OF THE UNITED STATES WITHIN THE WORLD ORGANIZATION, AND WHO OBJECTED TO LOCATION OF THE HEADQUARTERS IN THIS COUNTRY, HAVE BEEN SPREADING PROPAGANDA THAT AMERICA WOULD NOT FULFILL ITS OFFICIAL COMMITMENTS IN THIS DIRECTION. NOW THAT THE MONEY WILL BE FORTHCOMING TO PERMIT BEGINNING CONSTRUCTION IN THE VERY NEAR FUTURE, THESE UNFRIENDLY PROPAGANDA EFFORTS WILL OF NECESSITY BE ENDED."

SECOND DEAD COMMUNISTS

BY DOUGLAS B.CORNELL

WASHINGTON,AUG.7-DAY NEW YORKER IDENTIFIED ONLY AS ALEXANDER KORAL APPARENTLY IS THE "MYSTERY WITNESS" WHO IS SUPPOSED TO LEAD TO CRACKING "WIDE OPEN" THE CASE OF AN ALLEGED RED SPY RING IN AMERICA.

A HOUSE UNAMERICAN ACTIVITIES SUBCOMMITTEE HUSTLED TO NEW YORK YESTERDAY TO QUESTION A MYSTERY MAN. THEY TALKED SECRETLY TO KORAL LAST NIGHT.

REP.MUNDT (R-SD), ACTING CHAIRMAN OF THE FULL COMMITTEE, TOLD REPORTERS TODAY:

"THE FELLOW THEY WENT UP SPECIFICALLY TO SEE WAS KORAL. HE WAS SUPPOSED TO LEAD TO ANOTHER WITNESS NOT YET MENTIONED."

AUG 1948

MUNDT SAID HE DID NOT KNOW WHETHER THE SUBCOMMITTEE HAD BEEN IN TOUCH WITH THIS SECOND WITNESS.

THE CHAIRMAN SAID YESTERDAY THAT A SECRET WITNESS HAD BEEN FOUND WHO WOULD "CRACK THE WHOLE SOVIET SPY CASE WIDE OPEN."

IN ANOTHER PHASE OF THE COMMITTEE'S WORK, REP.RANKIN (D-MISS) SAID HE WILL INSIST THAT IT SUBPOENA HENRY A.WALLACE FOR TESTIMONY REGARDING "THE SHIPMENT OF ATOMIC MATERIALS TO RUSSIA."

RANKIN SAID IN A STATEMENT HE ALSO WANTS THE COMMITTEE TO INVITE LT.GEN.LESLIE GROVES, RETIRED, TO TESTIFY.

WALLACE, THE PROGRESSIVE PARTY PRESIDENTIAL CANDIDATE, IS A FORMER SECRETARY OF COMMERCE AND FORMER WARTIME HEAD OF THE BOARD OF ECONOMIC WARFARE.

GROVES WAS IN CHARGE OF THE ATOMIC BOMB PROJECT.

"THE AMERICAN PEOPLE," RANKIN SAID, "HAVE A RIGHT TO KNOW WHAT HAS BEEN GOING ON, AND WHAT IS GOING ON NOW RELATIVE TO THE SECRETS OF THE ATOMIC BOMB AND THE MATERIAL WITH WHICH IT IS MADE. X X X

"THERE IS SOMETHING EXTREMELY SINISTER ABOUT THIS SPY RING OPERATING IN THIS COUNTRY FOR THE PURPOSE OF SECURING THE SECRET OF THE ATOMIC BOMB AS WELL AS THE MATERIALS WITH WHICH IT IS MADE AND TRANSMITTING THEM TO A POTENTIAL ENEMY."

ACTING CHAIRMAN MUNDT (R-SD) TOLD REPORTERS THAT THE COMMITTEE WILL HOLD AN UNUSUAL SUNDAY AFTERNOON SESSION TO DETERMINE WHAT WITNESSES WILL BE CALLED TO TESTIFY MONDAY WHEN HEARINGS ARE RESUMED INTO THE STORIES OF WARTIME SPY RINGS IN WASHINGTON.

IN NEW YORK, REP. NIXON (R-CALIF) SAID ONE OF THE WITNESSES WILL BE ALEXANDER KORAL, NOT OTHERWISE IDENTIFIED. COMMITTEE MEMBERS SAID HE IS A NEW YORKER.

KORAL WAS QUESTIONED IN NEW YORK LAST NIGHT BY A SUB-COMMITTEE WHICH RUSHED OUT OF TOWN ON THE TRAIL OF A SO-CALLED MYSTERY WITNESS DESCRIBED BY MUNDT AS ABLE TO "CRACK WIDE OPEN" THE STORY OF SOVIET SPYING IN THIS COUNTRY.

BUT BOTH IN NEW YORK AND HERE, COMMITTEE MEMBERS WERE ABOUT AS MYSTERIOUS AS THEIR WITNESS. THEY REFUSED TO SAY WHETHER KORAL IS THE MYSTERY WITNESS TO WHOM MUNDT REFERRED OR EVEN TO IDENTIFY HIM COMPLETELY.

ONE, REP. HEBERT (D-LA) SAID "WE HAVE NO MYSTERY WITNESSES."

AUG 1948

THE SUBCOMMITTEE IN NEW YORK EXPECTED TO QUESTION THREE OR MORE ADDITIONAL WITNESSES TODAY. THEN, MUNDT SAID, IT WILL REPORT ON THE TRIP AT A CLOSED COMMITTEE MEETING AT 1 P.M. EST TOMORROW.

BY THE MIDDLE OR LATTER PART OF NEXT WEEK, MUNDT SAID, THE COMMITTEE HOPES TO WIND UP THE PHASE OF ITS HEARINGS DEALING WITH TESTIMONY THAT A RUSSIAN SPY RING HAS OPERATED IN THIS COUNTRY.

SOME PHASES OF THE CASE MAY HAVE TO BE DELAYED FOR LATER HEARINGS, HE SAID.

IF HEARINGS ARE HELD NEXT ON CHARGES THAT RUSSIA RECEIVED ATOMIC BOMB MATERIAL FROM THIS COUNTRY, MUNDT SAID, A SUBCOMMITTEE HEADED BY REPRESENTATIVE MCDOWELL (R-PA) WILL BE IN CHARGE.

MUNDT SAID HE HAD TALKED TO MCDOWELL AND ROBERT E. STRIPLING, THE COMMITTEE'S CHIEF INVESTIGATOR IN NEW YORK ABOUT REPORTS QUOTING STRIPLING AS SAYING A NEW DEAL CABINET OFFICER WAS INVOLVED IN GETTING SHIPMENTS OF ATOMIC MATERIALS TO RUSSIA.

MUNDT QUOTED STRIPLING AS TELLING HIM: "I DID NOT MAKE ANY SUCH STATEMENT."

HE SAID MCDOWELL TOLD HIM THE SAME THING HOLDS GOOD FOR THE PENNSYLVANIAN.

THAT MEANS, MUNDT TOLD QUESTIONERS, IT WOULD BE AN "UNSAFE DEDUCTION" THAT A CABINET OFFICER WAS OR WAS NOT INVOLVED.

MEANWHILE, IN A PREVIOUS, SEPARATE MEETING WITH REPORTERS, MCDOWELL SAID THAT A "HIGHLY IMPORTANT MAN" IN THE GOVERNMENT "PUSHED" WARTIME SHIPMENTS OF ATOMIC BOMB MATERIAL TO RUSSIA.

A SECOND OFFICIAL, HE SAID, OKAYED THE SHIPMENTS.

MCDOWELL WITHHELD BOTH NAMES, BUT HE SAID THE TWO MEN WILL BE ASKED FOR EXPLANATIONS SOON IN SPECIAL PUBLIC HEARINGS TO FOLLOW THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE'S INVESTIGATION OF ALLEGED RUSSIAN SPY OPERATIONS IN THE UNITED STATES.

MCDOWELL SAID THAT IN 1943 RUSSIA GOT 2,720 POUNDS OF URANIUM COMPOUNDS, AND IN 1945 ABOUT 25 POUNDS OF URANIUM METAL--ALL BEFORE THE FIRST A-BOMB WAS DROPPED ON JAPAN.

"ONE HIGHLY IMPORTANT MAN," HE TOLD REPORTERS, "WAS PUSHING AMD SHOVING THIS THING AND WAS FINALLY SUCCESSFUL IN GETTING THE RUSSIANS THE STUFF THEY WANTED. THIS MAN NO LONGER IS IN THE GOVERNMENT."

MCDOWELL SAID HE IS NOT SURE WHETHER THE SECOND MAN STILL WORKS FOR THE GOVERNMENT.

THE GOVERNMENT JOB OF ANOTHER CONTROVERSIAL FIGURE POPPED UP MEANWHILE ON THE OTHER HALF OF THE HOUSE COMMITTEE'S ATOMIC BOMB-RUSSIAN SPY DOUBLE FEATURE.

REP.MUNDT (R-SD), ACTING CHAIRMAN OF THE GROUP, TOLD A RADIO AUDIENCE LAST NIGHT-(MEET THE PRESS, MUTUAL)-THAT WILLIAM W. REMINGTON, ACCUSED OF FEEDING WAR SECRETS INTO A SOVIET ESPIONAGE PIPELINE, HAD BEEN FIRED FROM HIS COMMERCE DEPARTMENT JOB.

A COMMERCE DEPARTMENT SPOKESMAN PROMPTLY DENIED IT.

REMINGTON, PLACED ON "INDEFINITE LEAVE" BY SECRETARY SAWYER LAST JUNE PENDING AN INVESTIGATION OF HIS LOYALTY, WAS CHARGED LAST WEEK BY ELIZABETH T.BENTLEY, AN ADMITTED FORMER RUSSIAN SPY, WITH GIVING HER WARTIME MILITARY INFORMATION.

THE YOUNG GOVERNMENT OFFICIAL SAID IT WASN'T SO, ALTHOUGH HE ACKNOWLEDGED THAT HE HAD DONE THINGS DURING THE WAR, WHEN HE WAS ONLY 24, THAT HE WOULDN'T DO NOW.

MCDOWELL, AS CHAIRMAN OF TWO UN-AMERICAN ACTIVITIES SUBCOMMITTEES, HAS TAKEN PART IN BOTH THE ATOMIC PROBES AND THE SOVIET SPY INVESTIGATIONS.

ONE OF HIS SUBCOMMITTEES LEFT TOWN YESTERDAY TO TRACK DOWN A PAIR OF MYSTERY WITNESSES WHO ARE SUPPOSED TO HAVE INFORMATION THAT WILL CRACK A COMMUNIST SPY RING "WIDE OPEN" NEXT WEEK.

MCDOWELL'S STATEMENTS ABOUT ATOMIC SHIPMENTS TO RUSSIA WERE MADE

THIRD LEAD HOUSE PROBERS (250

NEW YORK, AUG. 7-(AP)-A HOUSE UN-AMERICAN ACTIVITIES SUB-COMMITTEE COMPLETED A SERIES OF CLOSED HEARINGS INTO ALLEGED WARTIME SPY RINGS HERE TODAY DURING WHICH IT REVEALED THE NAME OF A MAN QUESTIONED AT A SECRET MEETING LAST NIGHT.

REP.RICHARD M.NIXON (R-CALIF) SAID THE MAN WAS ALEXANDER KORAL.

NIXON WOULD IDENTIFY HIM ONLY AS A "NEW YORKER." TO SAY MORE, HE SAID, "WOULD BE TO REVEAL WHAT WENT ON AT TODAY'S SESSION."

ASKED IF KORAL WAS THE MYSTERY WITNESS WHO REPORTEDLY WILL "CRACK OPEN" THE SPY CASE, NIXON DECLINED COMMENT BUT REP.F.EDWARD HEBERT (D-LA) SAID "WE HAVE NO MYSTERY WITNESSES. ALL WITNESSES ARE IMPORTANT."

REP.KARL E.MUNDT (R-SD), ACTING CHAIRMAN OF THE FULL COMMITTEE, SAID IN WASHINGTON YESTERDAY A SECRET WITNESS HAD BEEN UNCOVERED WHO WOULD "CRACK THE WHOLE SOVIET SPY CASE WIDE OPEN."

EARL BROWDER, DEPOSED HEAD OF THE COMMUNIST PARTY, WHITTAKER CHAMBERS, TIME MAGAZINE EDITOR AND AVOWED FORMER COMMU

AUG 1948

NIST, AND VICTOR PERLO, FORMER WAR PRODUCTION BOARD MEMBER, APPEARED BEFORE THE SUB COMMITTEE THIS MORNING.

PERLO WAS NAMED IN TESTIMONY IN WASHINGTON LAST WEEK BY CHAMBERS AS A MEMBER OF THE "RED UNDERGROUND." HE WAS ORDERED TO APPEAR BEFORE THE FULL COMMITTEE IN WASHINGTON NEXT MONDAY. KORAL ALSO WILL APPEAR THEN.

NIXON SAID CHAMBERS WAS NOT DIRECTED TO CONTINUE HIS TESTIMONY BEFORE THE FULL COMMITTEE.

"BROWDER WAS NOT SUBPOENAED TO APPEAR IN WASHINGTON YET, BUT HE IS STILL UNDER SUBPOENA," NIXON SAID.

NIXON SAID "OUR TRIP HERE WAS SATISFACTORY AND PRODUCTIVE. WE OBTAINED MATERIAL WHICH WILL BE OF ASSISTANCE IN THE INQUIRY."

BROWDER REACHED THE FEDERAL BUILDING AT 10:55 A.M. BEFORE GOING BEFORE THE SUBCOMMITTEE HE TOLD REPORTERS, "SEE ME AFTERWARD AND I MAY TELL YOU WHAT'S ON MY MIND."

ALTHOUGH DECLINING TO DISCLOSE KORAL'S CONNECTION WITH THE NEW YORK PHASE OF THE INVESTIGATION, NIXON SAID THE NEW WITNESS IS "AS IMPORTANT A WITNESS AS ANY QUESTIONED BY THE COMMITTEE."

LAST NIGHT THE WASHINGTON TIMES-HERALD SAID IN A STORY FROM NEW YORK THAT MUNDT'S "MYSTERY WITNESS" WAS THE SUCCESSOR OF ELIZABETH T.BENTLEY, SELF-DESCRIBED ONE-TIME LEADER OF AN ESPIONAGE RING.

NEW YORK, AUG 7-(AP)-THE FREEDOM TRAIN HAS BEEN ON THE ROAD ALMOST ELEVEN MONTHS--AT A COST OF ABOUT $1,000,000 (M), A SPOKESMAN FOR THE AMERICAN HERITAGE FOUNDATION SAID TODAY.

HE ESTIMATED AN ADDITIONAL $255,000 WILL BE SPENT IN FINANCING THE REMAINDER OF THE TRAIN'S 13-MONTH TOUR.

AUG

BEARING 127 OF THE NATION'S MOST PRICELESS DOCUMENTS, THE TRAIN SO FAR HAS TRAVELED 28,886 MILES ACROSS THE CONTINENT AND BEEN VISITED BY AN ESTIMATED 2,380,000 (M) PERSONS IN 247 CITIES.

BY THE END OF ITS NATIONWIDE JOURNEY, THE TRAIN WILL HAVE STOPPED IN 310 CITIES AND BEEN VISITED BY AN ESTIMATED 4,000,000 (M), THE SPOKESMAN SAID.

THE FOUNDATION, SPONSORS OF THE NATIONAL REDEDICATION PROGRAM OF WHICH THE TRAIN IS THE PRINCIPAL FEATURE, SAID THAT TO DATE AT LEAST 38,000,000 (M) PERSONS HAVE TAKEN PART IN WEEK-LONG CEREMONIES PRECEDING VISITS OF THE TRAINS TO THE NATION'S CITIES.

THE TRAIN STARTED ON ITS ITINERARY FROM PHILADELPHIA LAST SEPTEMBER. NOW AT PORTSMOUTH, OHIO, IT IS SCHEDULED TO WIND UP ITS TOUR AT CAMDEN, N.J., OCTOBER 18.

UP TO THE PRESENT, AS THE TRAIN CRISS-CROSSED 40 STATES FROM MAINE TO CALIFORNIA, THE BULK OF THE FOUNDATION'S FUNDS WERE PROVIDED BY CORPORATIONS, LABOR UNIONS AND SOME INDIVIDUALS.

BUT, BEGINNING LAST DECEMBER IN COLUMBIA, S.C., THE FOUNDATION ASKED CITIES ALONG THE ROUTE TO CONTRIBUTE FUNDS TO PLUG ANY POSSIBLE FISCAL HOLE.

J. EDWARD SHUGRUE, NATIONAL DIRECTOR, SAID THE QUOTAS ASSIGNED STOP-OVER POINTS ARE ON A PER CAPITA POPULATION BASIS. THESE COMMUNITIES, HE SAID, HAVE PUT UP ABOUT $400,000 OR 67 PER CENT OF THEIR SUGGESTED QUOTAS.

AUG 1948

HOWEVER, HE ADDS, NO CITY IS LEFT OFF THE ANNOUNCED ITINERARY OF THE FREEDOM TRAIN BECAUSE IT FAILS TO CONTRIBUTE ITS QUOTA.

"AT NO TIME HAVE WE SAID OR DO WE INTEND TO SAY, 'NO DOUGH--NOW SHOW,'" SHUGRUE SAID.

FUTURE PLANS FOR THE PROGRAM, HE SAID, WOULD COME BEFORE THE BOARD OF TRUSTEES AT THEIR SEPTEMBER MEETING.

WIRE HEAD DAVIS

BALTIMORE,AUG 7-(AP)-THE SISTER OF A WARTIME FLYER WHO SURRENDERED HIS UNITED STATES CITIZENSHIP TO WORK FOR WORLD PEACE WAS ON HER WAY TO FRANCE TODAY TO TRY TO PERSUADE HIM TO AT LEAST COME BACK TO HIS NATIVE AMERICA.

VIRGINIA DAVIS, A 25-YEAR-OLD COMELY BRUNETTE, SAILED AT DAWN FROM HERE ABOARD A GREEK COAL SHIP. SHE SAID SHE HOPED SHE CAN CONVINCE HER BROTHER, GARRY, THAT HE "CAN DO AS MUCH GOOD HERE AS ANYWHERE ELSE."

THE 26-YEAR-OLD GARRY GAVE UP HIS CITIZENSHIP IN PARIS LAST APRIL. HE FELT HE COULD DO MORE TOWARD HELPING WORLD PEACE AS A CITIZEN OF THE WORLD.

MISS DAVIS, A SOPRANO WHO SANG THE OPENING AND CLOSING SONGS OF THE RECENT REPUBLICAN CONVENTION, SAID "GARRY FELT THAT SOMETHING DRASTIC HAD TO BE DONE TO FOCUS LIGHT ON THE WORLD-GOVERNMENT IDEA."

MISS DAVIS SAID SHE FIRST WILL TALK TO GARRY IN PARIS. "I DON'T EXPECT I CAN GET HIM TO TAKE BACK HIS CITIZENSHIP," SHE SAID, BUT HOPED SHE COULD CONVINCE HIM TO RETURN HOME.

AS SHE STOOD ON THE DECK OF THE FREIGHTER WAITING FOR IT TO SAIL FROM NEAR FORT MCHENRY, HOME OF THE STAR SPANGLED BANNER, SHE COMMENTED:

"I'M SURE THAT IF GARRY WERE HERE AND COULD THRILL AT THIS WONDERFUL SIGHT THAT HE WOULD RETURN TO OUR COUNTRY."

Russia Jails Food Hoarders As Supply Crisis Develops In Soviet Occupation Zone

AUG 1948

Germans Told 'Produce More' To Meet Needs

R. RASISCHKE

Attempt To Feed All Berlin Blamed For Shortages.

Berlin, Aug. 8—(AP)—The Russian-controlled press reported strong punitive measures against food hoarders in the Russian occupation zone of Germany today.

Prison sentences are being dealt to farmers and distributors who conceal their stocks or divert them into the black market.

A food crisis in the Soviet zone was indicated.

Dispatches in western-licensed newspapers — which the Russians have not denied — have reported hunger demonstrations recently in many cities of the Soviet zone. According to those accounts, Russian zone police have arrested the demonstrators and set dogs upon hungry Germans who sought to glean food in the fields or plunder food trains.

Must Produce More

The Soviet Military Governor Marshal Vassily D. Sokolovsky, told the Germans of the Eastern zone that if they wanted more to eat they must produce more.

Sokolovsky announced his approval of a Communist-drafted agricultural program for 1949 which demands cultivation of maximum acreage and promises "next year there will be enough fertilizer and more machinery."

The Russian zone's current food troubles are believed to be in measure the result of the Soviet undertaking to feed the entire city of Berlin, including the Soviet blackaded Western sectors. The Western-licensed German press has reported the Russians requisitioned large quantities of occupation zone food for Berlin.

But scarcely more than one per cent of Western Berliners have accepted the Russian food offer, preferring to subsist on the supplies flown in by the blockade-busting British and American planes.

The drive against hoarders was disclosed by the Soviet-licensed news agency, ADN. It reported that near Halle, in Saxony, a farmer was sentenced to two years imprisonment, loss of his civil rights for three years and confiscation of all his property for failing to deliver his stipulated livestock quota. He was convicted of slaughtering 21 pigs and selling the meat in the black market.

Another farmer was sentenced to four years in prison for the "economic crime" of concealing grain stocks. Other confiscations were made by the so-called "People's Control Committee." Those Communist - controlled organizations have broad powers to act against "economic saboteurs."

Stricter Census Ordered

A new stricter system of livestock census also has been ordered by the Eastern Zone's Communist Economic Commission to trap hoarding.

The Communist press in Berlin boasted today that the Russians are calling the tune in the current Moscow negotiations over the Berlin crisis and the German problem.

These newspapers openly employed such claims to threaten and intimidate Berlin anti-Communists who have been opposing Communist attempts to gain political and economic control over the entire city.

At the same time the official Soviet press noted unemployment and other economic hardships inflicted upon the western sectors of Berlin as a result of the Soviet land blockade.

Worse Threatened

The official Taegliche Rundshau threatened there would be worse things to come unless the anti-Communist city government yielded to Communist demands that Berlin be incorporated economically into the surrounding Soviet occupation zone.

The Communist organ Neues Deutschland said, "Political speculators have been lifting their fingers in a fog to learn which way the wind blows. Well we can tell them. The wind blows from the East. And, if as now appears likely, it results in four-power conferences, then the big subject can only be: international cooperation and the unification of Germany."

The anti-Communist Socialist press meanwhile warned the Western powers that the Russians are increasing their pressure here while the negotiations are going on in Moscow. It cited efforts to gain citywide control of the police and the seizure of bank accounts of Western Berlin industries.

USAF Chiefs Arrive Unexpectedly Abroad

W. L. PHILLIPS

London, Aug. 8 (AP)—The ranking chiefs of the United State Air Forces arrived here today for an on-the-spot check of the American flying supply line to Russian-blockaded Berlin.

Two Reach London

W. Stuart Symington, secretary for air, and Gen. Hoyt S. Vandenberg chief of the air staff, flew here from the United States unexpectedly. They arrived in London during a weekend lull in the diplomatic maneuvering in Moscow toward big four talks to end the cold war.

The arrival of such high-ranking figures at this time aroused the immediate speculation in diplomatic circles that their purpose is:

1. To underline to the Russians the American determination to maintain and increase the air lift as long as the Russians continue to block the rails, highways and canals to Berlin from the western zones of Germany.

2. To plan for the future, including the coming Winter, if no agreement is reached at Moscow.

Symington and Vandenberg praised the work of American fliers, under the command of Lt. Gen. Curtis Lemay, and Britain's Royal Air Force in flying food and fuel into Berlin. They said they would fly to Germany within the next few days to investigate the problems facing the American airmen and what further assistance was needed there.

Neither Symington nor Vandenberg specified what he meant by "problems," but a member of their entourage said it would not be wrong to assume they include the question of flying in supplies under Winter weather conditions in case of necessity.

Precede B-29 Group

Symington and Vandenberg reached London this morning shortly before the arrival of the first of a new group of B-29 bombers assigned to the European theater for training.

Almost immediately after arriving the two called on U. S. Ambassador Lewis W. Douglas. Douglas, with French Ambassador Rene Massigli and Sir William Strang of the British foreign office, planned the details of the current western approach to the Russians in Moscow.

They also called on Air Chief Marshal Lord Tedder and on a few other high officials who knew they were coming.

A Foreign Office spokesman said tonight that Frank Roberts, Foreign Secretary Ernest Bevin's special representative at the Moscow talks had received a reply to his report on Friday night's meeting with Soviet Foreign Minister V. M. Molotov.

The spokesman said that presumably U. S. Ambassador Walter Bedell Smith and French Ambassador Yves Chataigneau also had received new instructions from their governments.

He said that no other details of the Moscow talks could be divulged except that no meeting was held today in Moscow and none on the subject in London.

Symington and Vandenberg arrived at London's Northholt airport in a C-54 that had brought them from the United States by way of Labrador, Greenland and Iceland.

Vandenberg said they would visit British bases where American jet fighters and B-29 bombers have arrived recently.

Soon after their arrival the two men called on Air Chief Marshal Lord Tedder of the Royal Air Force and also paid their respects to U. S. Ambassador Lewis W. Douglas.

More B-29's Landing In England

Lakenheath, England, Aug. 8 (AP). Nine American B-29 Superfortresses of the Second Bomb Group arrived here today in a rainstorm from the Davis-Monthan Air Force Base, Tucson, Ariz. Twenty-one others are expected tomorrow.

The United States Air Force announced in Washington Thursday that the big bombers were flying over for routine training and will replace the 301st Bomb Group of B-29's, which has been based in Germany.

There is no present plan to send the 2nd Bomb Group to Germany, the Air Force said. However, the arrival of all 30 planes will maintain at 90 the number of American Superfortresses now in Europe.

Crossing Is Uneventful

The first plane in the group arrived at 9 A.M. Eight more of the big bombers then roared in from the Atlantic and landed at short intervals.

Two transports carrying maintenance men also were in the vanguard. The airmen said their Atlantic crossing was uneventful.

Their first comments were about English weather. It was 105 when they left Tucson a few days ago and 60 at the airport here. The Americans turned up their collars against the chilly wind and rain. Most of them are war veterans and many had served in Britain.

The bombers are commanded by Lieut. Col. H. J. Lawrence, of New York. They came by way of Goose Bay, Labrador. Lawrence said some of the Superfortresses due later may come by way of Iceland.

Will Form Division

The 2nd Bomb Group with the Superfortresses of the 28th and 207th will form the 3d Air Division of the United States Air Force in Britain under command of Maj. Gen. Leon W. Johnson, who arrived yesterday. The 28th and 207th already are here.

The Suffolk county countryside was a familiar sight to Mast. Sergt. M. L. Ryon, of Tucson. He served here during the war and married a Suffolk girl, Joan Elmer. He said he wanted to visit her relatives soon and tell them that she is expecting her first baby.

Air Vice Marshals S. C. Strafford and L. Darval welcomed the American flyers in behalf of the RAF.

TEX MEETS EX-FLIERS

'Mother' Visits England to Greet Britons She Aided at Home

HASTINGS, England, Aug. 8 (AP)—Mrs. Una Kilpatrick, 54, of Dallas is visiting England and some of the hundreds of British airmen to whom she was "mother" while they trained in Texas during the war.

Here for an eleven-week stay, Mrs. Kilpatrick says that the main purpose of her visit is to renew acquaintances with the former fliers who were frequent guests at her home.

She was received yesterday by Alderman F. W. Chambers, Mayor of Hastings, and signed the distinguished visitors' book.

"Gee, that's swell," she remarked when she noticed the signature of Field Marshal Viscount Montgomery, Chief of the Imperial General Staff, on the same page.

Alderman Chambers publicly thanked "this great-hearted lady for having done so much for English boys away from home."

LIBIA AT TOP IN DISCUSSION OF COLONIES

A. GAUSHON

Four Powers Meet Today To Consider Italian Possessions

AUG 1947

London, Aug. 8 (AP)—Libia is problem No. 1 for the Big Four talks beginning here tomorrow on what to do with Italy's prewar colonies.

The deputy foreign ministers, representing Britain, France, the United States and the Soviet Union, have two weeks in which to report the results of an eleven-month probe into the future of Libia, Eritrea and Italian Somaliland.

They have heard the views of nineteen governments who joined with the Big Four in signing the Italian peace treaty. They have sent commissioners to hear what the people of these African territories want.

East, West At Odds Over Libia

The interested governments have made it plain in advance that the most serious point of conflict between the policies of East and West is over Libia.

Washed by the Mediterranean, this territory was the setting for the wartime Axis bid to reach the Suez Canal. Across its deserts the Allies' battles with the German Afrika Corps ebbed and flowed for three years.

Although there can be no certainty about it, the chances are the Big Four may be able to compromise over the future of Eritrea and Somaliland. For there the views of certain non-Communist governments have coincided with those of the Red-belt states.

After September 13, U.N. Gets It

But the Big Four will be working against a deadline. Unless the Council of Foreign Ministers agrees on the whole question by September 13, the United Nations General Assembly will inherit the problem, under terms of the Italian peace treaty.

Five eastern European states, following Russia's lead, have proclaimed themselves in favor of turning back all the colonies to Italy for rule under United Nations trusteeship. All insist, however, that the African peoples should be led to independence.

The countries of the West appear divided about whether Italy should get the colonies back.

Some, like South Africa, have said they would like to see Italy get back Eritrea and Somaliland. They consider her to be a "safe" colonial power, apparently rejecting Russia's feeling that Italy one day [illegible] Communist and thereby give communism an effective footing on the African continent.

West Would Partition Libia

Most of the Western countries and the British dominions would like to see Libia partitioned into its component provinces of Cirenaica, Tripolitania and the Fezzan. In their view, at least Cirenaica, and possibly Tripolitania too, would come under British protection either as a trusteeship or as an independent state tied by a military treaty to Britain, like Trans-Jordan.

These countries would allow the Fezzan to go to the French, who have been administering it since its liberation.

Russia and the eastern European countries, supported by Egypt and Ethiopia, urge, on the other hand, that Libian unity should not be impaired.

The British themselves say they expect to get United States and French support for splitting Libia; for keeping Italy out, and for being given either trusteeship or treaty rights over Cirenaica.

The nominal ruler of Cirenaica under their plan would be the anti-Communist Emir Sayed Mohamed Idris-as-Senussi, to whom the British gave a pledge of independence during the war. If his country is given self-government, the Emir will accord land, air and naval base rights to Britain.

U.S. Likely To Back Britain

The United States, according to the best available information here, is likely to give broad support to the British line in the case of each former Italian colony.

One point on which almost everyone is agreed is that Haile Selassie's kindom of Ethiopa should be given access, through Eritrea, to the Red Sea port of Massawa. Ethiopia has called for the incorporation of all Eritrea into her territory.

Dr. Herbert V. Evatt, Australian foreign minister, told the deputies today he was dissatisfied with their procedure because it took no account of his—or other—countries' contribution to the North African victory. He reserved the right to address the Council of Foreign Ministers when it takes over the study on August 24.

Archbishop Of York Recalls Earlier End-Of-World Period

London, Aug. 8 (AP)—The Archbishop of York, the Most Rev. Cyril F. Garbett, told 600 Anglican bishops today that the world needs a Christian revival to help civilization weather the crisis of the atomic age.

Crowding Westminster Abbey to hear Dr. Garbett call for the "uncompromising preaching of Jesus Christ as Lord and Savior" were most of the church leaders who for almost a month, have been participating in the Lambeth conference.

Attending the conference are bishops representing the Church of England and the Protestant Episcopal Church, with observers from several other denominations in various lands.

Final Worship Of Conference

Today's service was the final worship of the conference, and the sermon was a parting word to the bishops before their return to their diocese in all parts of the world.

The Archbishop said, "With the discovery and use of the atomic bomb, we live more nearly in the spiritual atmosphere of the first Christians, who expected at any time the end of the world."

"Within a few years," he continued, "Our civilization may pass away. Now, therefore, is the hour of crisis; before it is too late we must preach the Gospel and bear our witness; now we must repent and call others to repentance before the door of opportunity is shut."

Saying that "Christianity now is the religion of a minority and its doctrine and moral teachings are repudiated or neglected," Dr. Garbett pleaded for Christian unity.

"Scandal" Of Division

"Most earnestly we must continue to pray and work for the day when all Christians are united into one holy, Catholic and Apostolic Church," he said.

"We see more plainly than our forefathers the scandal and weakness of a divided Christendom.

"This is an age of storm and strife. It has been truly said that the recent rate of change has been so great that it is an age of revolution."

TIN ALLOCATIONS MADE

International Committee Lists Quotas for Eight Regions

LONDON, Aug. 8 (AP) — The International Tin Committee has made interim allocations of tin metal for the second half of 1948 to eight consuming regions, the Ministry of Supply announced.

The allocations, which are in addition to those made public July 16, are:

Brazil, 420 tons; Ceylon, 20 tons; Egypt, 165 tons; Finland, 100 tons; German Bizonia, 500 tons; Hong Kong, 65 tons; Korea, 20 tons; South Africa, 160 tons.

MARIE BEATS COMMUNISTS

Yet French Assembly Fails To Act On Economic Bill

Paris, *Monday*, Aug. 9 (AP)—The French National Assembly adjourned late last night without completing action on Premier Andre Marie's bid for emergency economic and financial powers.

The debate will resume later today.

Yesterday and last night Marie beat off a series of Communist attempts to kill the Government's financial refor mbill. The Communists used delaying tactics during the special Sunday session called to debate the measure.

Following a plea by the Premier, the Assembly defeated, 386 to 201, a Communist motion to refuse to discuss the bill. Then, by 408 to 183, it rejected a Communist maneuver to refer the bill back to the Finance Committee.

Other Parties Attack

The bill also was under fire from other parties, however, the Socialists, Popular Republicans and Moderates were not out to kill the measure, but want to amend it sharply.

Already amended out of the bill was the power Finance Minister Paul Reynaud had asked to increase business taxes when necessary. Also cut out were powers interpreted by many legislators as allowing the Cabinet to decree anti-strike laws. The Government's power to order economies in the Army also was limited.

Germans See A Joke In Moscow Secrecy

Berlin, Aug. 8 (AP)—The German press gibed today at the secrecy surrounding Moscow negotiations over the Berlin crisis.

The American-licensed *Tagesspiegel* published a cartoon showing a French newsman interviewing a diplomat in a Paris cafe.

Says the Newsman: "Can you explain to me the policy of the Western powers?"

Diplomat: "What do you mean? Why, that's the strictest secret. It is known only in the Kremlin."

Bank of Italy Head Named

ROME, Aug. 8 (AP)—Dr. Donato Menichella has been named Governor of the Bank of Italy, an official announcement said today. He succeeds Luigi Einaudi, who was elected President of the Italian Republic in May. Dr. Menichella was director-general of the national bank. He has participated in numerous financial negotiations abroad.

Shout Attacks On Marshall Plan At Warsaw Conference

Warsaw, Poland, Aug. 8 (AP)—About 1,000 youths from 50 nations paraded through Warsaw streets today shouting "down with the Marshall Plan, down with American imperialism."

The parade was part of the Communist-backed International Conference of working youth, which opened at an auditorium in the heart of the Polish capital.

American representation is confined to Americans long in Europe since the United States State Department denied passports to the officially-elected delegation. The conference is to last six days.

Soviet Delegates Present

Red banners and front page editorials in the Communist and all government-controlled newspapers welcomed youths attending the conference. Spearheading the conclave were large delegations from the Soviet Union and its eastern European neighbors.

Bert Williams, 29, of Sydney, Australia, a key organizer of the conference, said a world charter of youth's rights will be adopted Saturday. He added it will pledge young people of the world to fight against fascism and "for peace, for democracy, for a better future."

Hailed As "Militant Troops"

It will demand equal job opportunities, a minimum wage and widening of professional technical training. It also will call for economic aid to married youths.

The Polish press hailed the delegates as the "militant troops of the anti-imperialistic front."

Among the states represented are Italy, Britain, Czechoslovakia, France, Brazil, Venezuela, Mexico, Belguim, The Netherlands, French West Africa, Denmark and Canada. The Free German Youth Movement of the Eastern zone sent five observers.

Penetration Called Aim Of West

Belgrade, Yugoslavia, Aug. 8 (AP). The newspaper *Politika* said today that the Western powers attending the current Danube conference here are attempting "the economic and political penetration of the Danubian territories."

Politika said the non-Danubian countries see the Danube as a strategic economic route through territories of the "people's democracies" to the Middle East and even farther. The editorial continued:

"For the riparian states (these through which the Danube flows) the Danube is part of their territory and a vital artery for the internal traffic and for traffic with other states of the Danube basin.

"The inevitability of close friendship and economic co-operation between all democratic Danubian countries in no way excludes the possibility of economic co-operation with those non-Danubian countries which are ready to honor our full equality and independence."

United States Ambassador Cavendish Cannon told the conference yesterday that the United States intends to reject any Communist monopoly.

ATHENS SAYS ARMY IS AT ALBANIA LINE

Government Forces Reported Maneuvering to Encircle Fleeing Rebel Columns

ATHENS, Aug. 8 (AP)—A General Staff spokesman said today that the Greek Army was carrying the battle relentlessly to the retreating guerrilla forces of Gen. Markos Vafiades along the entire Grammos Mountain front.

The national forces reached the Albanian border on both ends of the front, the spokesman said, and are maneuvering to encircle the area with artillery in an effort to trap Communist columns moving in the direction of Albania.

Three army columns crossed the Saranta River, moving north, he added, and other units that captured the village of Oxya are driving on toward the Prophet Elias height in the district.

Another column, on the western end of the front, moved on from Kaninka and deployed along the Albanian border, the spokesman said. He said that the army had beaten back one guerrilla counter-attack with the aid of Spitfire planes.

The guerrillas' "Free Greece" radio broadcast an order of the day issued by General Markos. It conceded the guerrillas had withdrawn from several battle areas, but said that they would make a firm stand on Grammos.

"We fought at Smolikas more than fifty days and we fought the way we should have done," General Markos told his army. "At Kleftis, Profitis, Ilias, Vaburian and all other mountain heights we wrote one of the most glorious pages in the history of our peoples. We withdrew in order and according to plan after bleeding the enemy and inflicting heavy blows upon him."

"Now we have come to Grammos," the order continued. "We have entrenched ourselves on this mountain where last year we dealt the Monarcho-Fascists a blow which routed them and shattered their plans.

"On Grammos we are resisting and holding engaged almost all the enemy forces, while in Epirus, Rumelia and on the Peloponnesus, democratic army units are attacking the enemy, liberating areas and shattering the plans of the enemy of the people."

Abdullah Talks With U.N. Team

Amman, Trans-Jordan, Aug. 8—(AP)—King Abdullah discussed the Jerusalem situation today with United Nations representatives and his highest military advisers.

After an audience of more than an hour with the king, Belgian Consul General Jean Niewenhuys, chairman of the Jerusalem consular truce commission, and Frank Begley, U. N. security officer, said "our visit to Amman has been highly satisfactory."

They will report to U. N. mediator Count Folke Bernadotte at Jerusalem tomorrow on the outcome of the Amman talks. Begley said the king demanded that the Jews permit 400 Arab civilians to return to their homes in Ajunjul and Bueweira, villages near the Latrun-Ramallah highway. The king declared they were driven by Jewish troops since the truce began.

Immediately preceding the arrival of the U. N. representatives, King Abdullah conferred with Defense Minister Fawzi Mulki and Brrig. John Glubb Pasha, British commander of the Trans-Jordan Arab Legion.

Arab medical authorities here meanwhile reported an outbreak of typhoid among 12,000 refugees in the Ramallah area north of Jerusalem with 30 cases under treatment. Nineteen typhoid cases also were reported in the Nablus area, 40 miles from Ramallah. The Arab authorities said thousands of refugees are living in open fields and caves, with a polluted water supply.

On the general Palestine situation, Count Bernadotte reported: "On a government level, both sides desire to continue in peace." He added: "An adequate supervision is all the more necessary as there are signs of tension resulting from a lack of trust in the good faith of the other party, and from a fear that hostilities may shortly be resumed despite the truce ordered by the Security Council."

As for Jerusalem, Count Bernadotte said both Arabs and Jews have agreed to begin talks "with a view to making arrangements to keep Jerusalem out of the conflict."

The reported Irgun activity in the Holy City was regarded at Rhodes as in keeping with that organization's policy of demanding all of Trans-Jordan and Palestine for the Jews. Officially, Irgun has been absorbed into the Israeli Army, but Irgun forces have clashed with Haganah units since the British mandate ended.

Because of the tense situation throughout the Holy Land, Count Bernadotte issued additional instructions to his truce observers. These stressed that the truce was not made between Arabs and Jews, but was imposed by the Security Council. Therefore, the mediator said, it is not a truce which either side can break on claims of self-defense. Count Bernadotte added that he expected the situation to improve after he received more truce observers.

suburb of Talpioth was returned by Israeli soldiers.

Planes manned by U.N. observers were used in the Jerusalem area for the first time today to post local violations of the second Holy Land truce, now in its fourth week.

50 Malayans Kill British Planter

Singapore, Aug. 8 (AP)—Fifty Communist insurgents last night burst into a motion picture theater only 10 miles from Singapore Island, shot and killed a British rubber planter, wounded six persons and burned down every building on the rubber estate where the theater was located.

The raid, one of the boldest of the Malayan revolt, took place on the Telok Sangat estate in the state of Johore.

The body of the planter, H. M. Rice, was recovered today. Rice's wife and 14-year-old daughter escaped from the theater and hid until the attackers withdrew. Both were hospitalized for shock.

The wounded all were Malays. They were two special constables, two laborers, a boy and a woman servant.

The bandits escaped in two stolen trucks and a jeep, all of which were loaded with foodstuffs. One suspect was arrested later.

Red Propaganda on Cigarettes

SHANGHAI, Monday, Aug. 9 (AP)—Cigarettes manufactured by Chinese Communists are being sold in Government-held Mukden despite the Government's efforts to stop the illicit trade with the enemy. Chinese news dispatches reporting the sales said each package bore a map of Manchuria labeled "liberated area," a term used by Reds for areas captured from the Government.

China To Claim Strip On Border

Nanking, Aug. 8—(AP)—A Chinese foreign office source said today that China is preparing to claim 40,000 square mile sof territory along the disputed Crina-Burma border. (The area is the size of the state of Kentucky.)

The source said a boundary commission headed by Fu Chiao-Chin, director of boundaries in the interior ministry, had just completed an arduous 380-mile trek along the border from near Ft. Hertz to Wanting. (Both points figured in the news of World War II when American, Chinese and British troops finally drove the Japanese invaders from that region.)

The boundary mission was said to have worked through continual torrential rains and to have fought off three attacks by the savage tribesmen of the area.

TIBET REGENT FACES REVOLT

Hordes Of 'Blood-Vengeful' Nomads Raid 2 Garrisons

Nanking, China, Aug. 8 (AP)—An uprising against the regency of Tibet was reported today in a brief official dispatch reaching Nanking.

The report said several thousand Tibetan nomads in Chamdo and Chaya (Draya Yamdun), 400 miles northeast of east of Lhasa, had attacked the garrisons in those settlements, which are about 60 miles apart.

The troops under assault were identified as the Eighth Brigade. (Nationally not mentioned but possibly Tibetian, since China is not known to have troops there.)

The report, which came via Chungking, said followers of the late regent Jecheng, who was put to death in May, 1947, had formed a "coalition vowing vengeance in blood" against the present regent, Yung Tseng-da Ja.

It said Yung was considering resigning to prevent a civil war.

Dalai Lama Anti-Communist

The sketchy dispatch gave no other details, but the lama-ruled land of Tibet is known to have been restless for some time.

China has nominal suzerainty over it and maintains a representative at Lhasa, the capital. Spiritual and temporal ruler of the country's 1,500,000 to 3,000,000 inhabitants is the Lalai Lama, who is still in his teens.

Bernadotte Tells U.N. of Rumor Of Extremist Coup in Palestine

RHODES, Aug. 8 (AP).—Count Folke Bernadotte informed the United Nations Security Council today that "there are rumors of impending coups by irregular elements" in Palestine. While the United Nations mediator did not identify the "elements," the expression was interpreted here to mean the Jewish extremist organization Irgun Zvai Leumi.

"These irregular elements," Count Bernadotte said, "are alleged to be uncontrollable, or to be used as spearheads of regular forces." He urged demilitarization of Jerusalem as the "best remedy for this tense situation."

Four Hit Outside Old Walled City

Jerusalem, Aug. 8—(AP)—An official Jewish source said at least three Arab Legion troopers and one Jewish soldier were hit during an exchange of fire today in the Arab-Jewish borderline territory near the Sheik Jarrah sector outside the walls of the Old City.

The informant said Arabs fired two shells at the Jewish position on Mount Zion from the wall of the Arab-held Old City. He said sporadic rifle and automatic weapons fire directed at the Jewish

Only last week he sent word to Nanking that he was conducting a series of anti-Communist prayer services.

Communism apparently does not figure in the present difficulty, however. The anti-Communist campaign may actually have been an attempt to lay the groundwork for a future appeal to Nanking for help in the strife over the regency.

Chinese-British Rivalry

Much of Tibet's modern history has involved rivalry between Chinese and British influences, with neither very effective.

Jecheng, who was blinded and then poisoned, was reputed to have been pro-Chinese.

The present regent's leanings are not known, but only a month ago China's Mongolian-Tibetan Affairs Commission in Nanking urged that British special privileges in Tibet be canceled.

The commission contended that with the independence of India, the British had no reason to remain in neighboring Tibet but still had garrisons at two places south of Lhasa and maintained a commissioner in Lhasa.

On the skimpy evidence available, the present disturbance could be either a new phase of the old Chinese-British antagonism or a purely domestic feud stemming from Jecheng's death.

Outlaw Moslem 'State' in Java Is Vexing to Dutch

Has President and Cabinet; Peasants Terrorized by Banditry of Guerrillas

TASIKMALAJA, West Java, Aug. 8 (AP).—The Netherlands forces have been struggling for for nearly six months to crush an outlaw Moslem state-within-a-state in West Java.

In the Goenoeng Sawal District, north of Tasikmalaja, and in the southeast corner of the Dutch-sponsored state of West Java (Negara Pasoendan), a band of ardent Moslems founded their own pure Islam state. It is called Negara Dar-ul-Islam. It has a president, nine cabinet members, and an army of several thousands.

The Dar-ul-Islam movement has existed in all parts of Java for years. The influence of the Kijahis (Moslem religious leaders) upon the population in the area of Tasikmalaja and near-by Tjimas gave it impetus last February.

Not Mentioned in Dispatches

At that time, 7,000 Indonesian Republican troops who had been in a "pocket" behind the Dutch lines were removed under the terms of the United Nations-sponsored truce. The Republican force, by its presence, had discouraged any attempt to set up a government rivaling the republic. But the Dar-ul-Islam leaders were bolder when confronted by scattered Dutch forces. They went ahead and created their outlaw "state."

This "state"—or Negara, to use the Indonesian word—never is mentioned in official releases concerning the troubles and disorders in this section of West Java. But the army has been active in trying to suppress it.

The Dar-ul-Islam president is a former school teacher named Moechtar. The minister of war and commander of the army, Pa Oni, directs operations of his guerrillas in the mountains around Tasikmalaja and Tjimas.

Intensive Dutch military operations against the Dar-ul-Islam forces in May of this year were a failure from a military viewpoint because most of the Moslem fighters escaped with their weapons. Now they are scattered in small bands.

Afraid to Help Troops

Their movement, from the start, has had a strong appeal to the elements who prefer fighting and banditry to peaceful and honest labor. Their looting and terrorizing of the populace has made many of the Kijajis change their minds about Dar-ul-Islam and complain that Moslem ideals are being misused.

A more serious blow was the surrender to the West Java authorities of one of the Dar-ul-Islam leaders. He is Kijahi Abdul Hamid, who had tried to proclaim an Islam state in this territory in 1946 but was prevented by the Republican army.

Since his surrender, Abdul Hamid, accompanied by a Dutch officer, has been traveling through the countryside with a public address system making speeches exhorting the people to co-operate with the Dutch and resist the Dar-ul-Islam bands.

But it seems that it will take more than Abdul Hamid's oratory to persuade the peasants that it is safe to refuse food and shelter to the mountain Moslem guerrillas. Few of them care to risk working with the legal civil administration under threat of kidnaping and murder by the Dar-ul-Islam bands.

The Dutch Army Intelligence says both Republican and Communist agents are attempting to get the "state" and its followers under their control.

JAPAN SEEKING CAPITAL

Considers Legislation to Remit Percentage of Profits Abroad

TOKYO, Aug. 8 (AP)—In an effort to attract foreign capital to Japan, legislation is being considered to permit remittance abroad of up to 15 per cent of profits, the Kyodo News Agency said today. The agency said the percentage of remittances would be based on the "importance of the enterprise."

[Remittance of yen abroad now is forbidden, and any change would require approval of the Occupation Command.]

Kyodo said that other measures being considered included "complete discharge" of Japan's prewar debts abroad, reduction of taxes on foreign corporations and permission for foreigners to acquire Japanese real estate.

Labor Crisis Delay In Japan

Tokyo, Aug. 8—(AP)—A struggle between Communists and moderates in union locals delayed the expected development of the Japanese national labor crisis today.

Unions representing 3,000,000 government workers had threatened to strike for more pay at the end of a cooling-off period Saturday, despite a cobinet decree against such action.

Instead, only two small walkouts by railway workers were reported, one on the southern Island of Shikoku and the other on Hokkaido in the north. The Japanese government reported arrest of 10 men on Shikoku and restoration of partial service.

Japanese papers said the situation still was threatening but was merely delayed by internal struggles in local chapters. The Communists favored a showdown by defying the strike ban, while moderates urged more cautious procedure.

All sources agreed that the communications workers' union was the hottest center of this undercover conflict.

A communications ministry official was quoted by the Kyodo news agency as saying the Communists had apparently won control in Osaka, Sendai and Hiroshima locals and were strong in four others, but had hit a deadlock in Tokyo.

Moderates were reported making headway in railway locals, demanding that their national strike committeemen be recalled.

Ie Blast Toll Increases

TOKYO, Aug. 8 (AP)—Air Force headquarters said today two United States enlisted men, eleven Filipinos and "probably fifty or more" natives had been killed in the previously reported explosion of ammunition on Ie Island near Okinawa Friday. The explosion occurred as old ammunition was being removed from the island to a landing craft. Names of the victims were not given.

42 Encephalitis Deaths

Tokyo, Aug. 8— (AP) —Japanese health authorities reported today there were 307 cases of Japanese Type B encephalitis with 42 deaths in Tokyo. Blaming masquitos as carriers of the virus, the Japanese are pressing a DDT and cleanup drive.

Occupation personnel are required to take immunization shots.

SPY PROBE LOOKING TO CONSULATE

AUG 1948

Group Hopes To Serve Subpoena On Teacher With Russians

Washington, Aug. 8 (AP)—The House Committee on Un-American Activities is going into the Soviet consulate in New York to subpoena a witness it wants for its spy hearings if the State Department gives the word.

Representative Mundt (R., S.D.), acting chairman, said so after an unusual Sunday committee session.

The committee wants to question Mrs. Oksana Stepanovna Kosenkina, who has been teaching in a school for Russian children and now reportedly is in the Russian consulate in New York City.

It is something of a mystery still as to whether she is there because she wants to be or because the Russians are holding her. There are conflicting accounts as to whether she willingly accompanied Soviet officials from a White Russian settlement in New York—or was forced to do so.

Department Ruling Sought

Mundt said the State Department has been asked whether the diplomatic immunity of a foreign embassy also covers a consulate. He said he expects an answer tomorrow.

"If you are advised by the State Department you are entitled to serve a subpoena in the consulate," a reporter asked, "then you expect to serve it?"

"That's correct," Mundt replied.

No Developments Noted

Mundt said there had been no developments overnight involving Mrs. Kosenkina, whom Russian officials removed yesterday from a farm set up by Countess Alexandra Tolstoy as a retreat for White (anti-Bolshevik) Russians.

Their object, the consulate spokesman said, was to prevent the woman's return to Russia, scheduled for the day after she allegedly was abducted.

Soviet Consul General Jacob Lomakin, who arranged the conference, said he foiled the plot by "rescuing" Mrs. Kosenkina from the farm yesterday after battling a dozen or more "White Russian bandits."

Operated As Retreat

The farm—at Valley Cottage, about 30 miles north of New York city—is operated as a retreat for displaced Russians by Countess Tolstoy, youngest daughter of the late novelist.

Countess Tolstoy, however, described Lomakin's story as a "lot of baloney." Actually, the Countess insisted, Mrs. Kosenkina sought sanctuary at the farm because "she believed she was going to be shot," and returned to New York with Lomakin only because she was so "terrorized" she was afraid to refuse.

Mundt said today he did not know which account is true, but that there is "a job of investigating to be done."

The Congressman said he had talked with the FBI, which already was checking the case.

"To Create No Incident"

If diplomatic immunity extends to the consulate, Mundt said, "we are not going to waltz in and create an international incident."

He said he had talked yesterday with Charles E. Bohlen, of the State Department, and asked for an opinion regarding the immunity. He said Bohlen gave an offhand opinion at that time that there may be a difference in immunity between an embassy and a consulate.

The committee's hearings resume tomorrow, following up accounts of Communist spies tapping the Government for wartime secrets. And on Wednesday, Mundt said one of the witnesses will be Lauchlin Currie, administrative assistant to the late President Roosevelt. He has asked to testify.

Currie thus will have a chance to deny in public hearings charges that he supplied wartime information to a Russian spy ring and helped another man accused of spying to stay on the Government pay roll.

AUG 1948 30.24- 19625

Miss Elizabeth T. Bentley, an admitted former courier for the spy ring, has testified that some of the information she obtained here for relay to Soviet agents in New York originated with Currie. For one thing, she said, Currie was responsible for a leak that the United States was about to decipher a Russian code.

Currie already has issued a flat denial in a statement. He now is in business in New York.

Witnesses Slated Today

Tomorrow's main witnesses will be:

ALEXANDER KORAL, "mystery man, credited by Mundt with being able to crack the whole spy case wide open if he will talk.

VICTOR PERLO, who Miss Bentley says headed one group of Government officials that provided wartime secrets for the Communist espionage system.

DUNCAN LEE, identified by Miss Bentley as an employé of the wartime Office of Strategic Services and another source of information she sent on to Moscow.

Tuesday's schedule is uncertain.

List For Wednesday

In addition to Currie, the Wednesday witness list will include other persons who have asked to be allowed to reply to Miss Bentley. One is Frank Coe, formerly with the International Monetary Fund. Others are Dr. and Mrs. Bela Gold, of Pittsburgh.

Miss Bentley had mentioned a William Gold and his wife, but the Pittsburgh couple formally asked the committee to let them testify.

Mundt said the committee has received a sworn statement from Donald Hiss, formerly of Baltimore, which will be placed in the record tomorrow. He was named by Whittaker Chambers, another self-described former Communist agent, as a member of a prewar Communist underground operating in Washington.

Teacher Calls Voluntarily

Meanwhile, in New York, the FBI said tonight a Russian schoolteacher whom Soviet authorities are trying to return to his native country called voluntarily at the New York FBI office this morning.

The man, Michael Ivanovitch Samarin, was interviewed "like any other citizen who comes to our offices for that purpose," a spokesman for the bureau said. He would not disclose what information the man gave.

Sure He Can Be Found

In response to a question the FBI official said Samarin is not in custody, but he would not say where the Russian is.

"I'm sure, he can be found if he is wanted," the FBI man said upon being advised that the House Un-American Activities Committee wants to talk to him.

Only four of the nine committee members turned up for today's meeting. In addition to Mundt, there were the three members of a subcommittee which went to New York over the week end and questioned Koral and Perlo there.

Committee authorities say the two are in a position to back up previous testimony that Communist agents operated in high places in the Government before and during the war.

Teacher Reds Seek Contacts FBI To Talk

Not Held, Spokesman Says—Won't Tell Where He Is.

New York, Aug. 8 (AP)—Michael Ivanovitch Samarin, Russian school teacher whom Soviet authorities are trying to return to his native country, walked into the FBI's office here today and requested to be interviewed, the FBI announced tonight.

"He was interviewed like anyone else would be who appeared at our offices and requested an interview," a spokesman for the FBI said.

He declined to elaborate on his statement. He also declined to discuss the nature of the interview, or the basis for Samarin's request for an interview.

The spokesman emphasized that Samarin was not in protective custody. He replied to such a question by saying:

"If you appeared at an office and requested an interview, would you consider yourself in custody?"

He would not say where the Russian is.

'Can Be Found'

In Washington, an FBI spokesman said: "I'm sure he can be found if he is wanted."

Rep. Mundt (R-SD), acting chairman of the House Unamerican Activities Committee, also said in the nation's capital that the committee would call Samarin before it "if we can find him."

The Soviet consul general yesterday said that Samarin was staying at a White Russian retreat at Cassville, N.J., and that he "intended to take steps" to see that Samarin was returned to Russia.

Samarin and his family had been scheduled to sail for Russia last month.

Earlier today, Police Chief Walter Liebert of Clarkstown, N. Y., said he had informed Mundt that Samarin gave himself up to FBI agents here at an Eighth Avenue subway station.

Mundt Contacts Liebert

Mundt acknowledged in Washington that he had been in communication with Liebert.

Clarkstown police yesterday received the first report that 52-year-old Oksana Stepanovna Kosenkina, another Soviet school teacher, had been removed from a White Russian establishment at Valley Cottage, New York.

Soviet officials said she had been "rescued" from White Russians. Officials at the White Russian retreat said she returned to New York because she was too "terrorized" to refuse.

Liebert said he could not disclose how he learned of Samarin's action.

The FBI here declined to comment.

Officials at the Cassville Farm disclaimed any knowledge of the Samarin case.

The Samarin development came as Mrs. Kosenkina was "resting at the Soviet consulate while Red and anti-Red Russians fought a bizarre tug of war over her custody and political allegience.

Came Here Two Years Ago

Mrs. Kosenkina, central figure in the strange, conflicting stories touched off by the cloak and dagger drama, came to this country from her native Russia two years ago to teach chemistry at a school operated by the Soviet government for children of its diplomats in the New York area.

Russian consulate officials, with Mrs. Kosenkina seated beside them, told reporters at a press conference yesterday that the short, brown-haired teacher had been drugged and kidnapped by White Russians who held her captive on a Rockland County, N. Y., farm since July 30.

Their object, the consulate spokesman said, was to prevent the woman's return to Russia, scheduled for the day after she allegedly was abducted.

Soviet Consul General Jacob Lomakin, who arranged the conference, said he foiled the plot by "rescuing" Mrs. Kosenkina from the farm yesterday after battling a dozen or more "White Russian bandits."

The farm—at Valley Cottage, about 30 miles North of New York City—is operated as a retreat for displaced Russians by Countess Alexandria Tolstoy, youngest daughter of the late novelist.

Countess Tolstoy, however, described Lomakin's story as a "lot of bayoney." Actually, the countess insisted, Mrs. Kasenkina sought sanctuary at the farm because "she believed she was going to be shot," and returned to New York with Lomakin only because she was so "terrorized" she was afraid to refuse.

WALLACE ATTACKS PROBE OF 'SPIES'

Says Hearings Follow 'Pattern Of Terror'

New York, Aug. 8 (AP)—Henry A. Wallace today denounced the Washington "spy" hearings and said the Government has failed to ferret out those who aided the real war-time enemy—Nazi Germany.

The Progressive party presidential candidate said the congressional probe of alleged Russian agents is part of a "pattern of terror and fear-making," and added:

"The current unsupported allegations of giving information to an ally during time of war should be examined in the light of . . . the failure of the Administration to seek the prosecution of those who aided Hitler Germany."

Same German Pattern

Wallace said the Un-American Activities Committee's current hearings are setting a pattern which "is the same as that which developed in Germany in the 1930's."

The conduct of the hearings, he said, means "the deprivation of due process of law; the substitution of 'conviction by headlines' for judicial procedure; the destruction of the constitutional guarantees of a free people. . . ."

Such procedures, Wallace said, "are the products of both old parties.

"The bipartisan unity in building fear has been and remains an integral part of the bankrupt foreign policy."

Says FBI Heard Them Years Ago

Wallace said the FBI had heard the current spy stories years ago, and the same stories were told to a Federal grand jury without any substantiating evidence being found for returning indictments.

He said Truman was right in calling the congressional probe a "red herring," but added that Mr. Truman's "record contradicts the words."

The current proceedings, Wallace said, "not only provide a diversion from real problems, but a method for intimidating those who fight back."

Wallace said he told state directors of the Progressive party two weeks ago they could expect the "most extraordinary red-baiting campaign which had ever been seen in the United States."

COMMUNISTS OUSTED FROM LABOR UNIONS

CIO, AFL Conduct Own 'Cold War' Against Leftist Elements

Washington, Aug. 8 (AP)—Labor's own "cold war" against communism is getting results.

Communists or their sympathizers are being ousted from key positions of influence over workers in quietly-engineered moves in union after union.

The drive is advancing to the "hot" stage. In fact, one prominent figure in the CIO said the pressure against several big Communist-led CIO unions is so great they are considering leaving the CIO.

United States labor leaders are carrying their campaign against communism to Europe and other foreign areas, too.

Leaders Go Abroad

Almost every week a delegation of American labor leaders goes abroad with the State Department's blessing. They are doing a missionary job winning support for the Marshall plan. And they say their preaching against communism has had its effects in weakening Moscow's grip on the workers of Italy, France and other countries.

The Communists don't give up without a fight. They're scrapping every inch of the way to keep posts in American unions they won during the recent war.

Then it was Communist "party line" to co-operate with this country's policies, since Russia and the United States were allies fighting Germany. Now the "line" and United States policy differ sharply. This makes it easy to spot the Communists and fellow-travelers.

Most In CIO

What the labor unions are up against is seen from the statement of Henry Winston, American Communist Party organizational secretary, at the party's recent New York convention.

He said the party now has 60,000 members but it expects to recruit "a mass party of hundreds of thousands of American workers."

Most of the Communists in American labor unions are in the CIO. There's a reason for this. The CIO is young, only a dozen years old. The Communists had a better chance to worm into the new movement to unionize the mass production industries than they had in the AFL's craft unions, where they had come to be well known.

AFL Working, Too

But the AFL is working to isolate its Communists too. Nineteen delegates suspected of being Communists were barred from taking seats at the New York State Federation of Labor (AFL) convention a few days ago.

The CIO's most recent victory over Communists occurred in the National Maritime Union. Right wingers, headed by the union's president, Joseph Curran, swept an election and left the seamen's organization free of leftist officials for the first time in its 12-year history.

It was the same story at the convention of the CIO Gas, Coke and Chemical Workers at Milwaukee in July. This union, incidentally, represents workers at atomic energy plants. Its convention voted to bar Communists from holding office in the union.

Leftists Rejected

And it rejected a group of left wingers for office, including Charles A. Doyle, against whom the Gov

AUG 1948

ernment has brought deportation proceedings for alleged Communist affiliations.

Similar fights are going on, or have wound up, against the Communists in a half-dozen other CIO unions. These include the auto workers, the Newspaper Guild, transport workers, farm equipment workers, and woodworkers.

The CIO Retail, Wholesale and Department Store Workers is trying to clean up its New York Local No. 65. A congressional committee investigated the local's strike activities recently. At the hearings several of the local's officials refused to say if they were Communists.

Support To Locals Withheld

How is the CIO clearing out Communists? For one thing, it sends top headquarters officials around to encourage worker-unionists to oust leftish leaders. It withholds support from locals it has reason to believe may be Communist-led. It encourages these groups to break away to other, right-wing unions.

Here are some examples:

In the recent strike of CIO Electrical Workers at the Univis Lens Company in Dayton, Ohio, other CIO unions in the area refused to give any help. Later, one of the strike leaders refused to tell a congressional committee if he was a Communist.

In the CIO Shipworkers Union, there are now 25,000 former members of the CIO Mine, Mill and Smelter Workers and several thousand former members of the CIO Public (Government) Workers. They seceded from their unions in protest against what they said was "Communist-influenced" leadership.

Oppose Wallace Bid

The whole situation came to a head in the CIO with adoption of a policy opposing Henry Wallace's bid for President and favoring the Marshall plan to aid Western Europe. The left-wing unions refused to go along. Most prominent among these were the electrical workers and Harry Bridges's West Coast longshoremen.

These are the two unions that would lead any left-wing secession from the CIO. But the CIO is ready for that, too. Quietly, CIO headquarters has moved organizers into these and other unions. They are ready, should the secession come, to start competing labor organizations and try to "raid" the secessionists.

8 Corporations Seek Patent Use Pay From U. S.

Washington, Aug. 9—(AP)—Eight American corporations have asked the United States government to pay them approximately $14,500,000 for use by Russia of their patents under lend-lease, government officials disclosed today.

The treasury department has paid these companies only part of this bill because Russia in turn has delayed settling up its $11,296,000,000 lend-lease account with the United States.

These officials disclosed that the state department, in an effort to hasten payment of the patent fees, now has suggested that the Russians deal directly with the American corporations concerned.

These American firms permitted the Russians to use their special cracking, refining and other processes in setting up four complete oil refineries which the American government shipped to the Soviet Union under lendlease. All four of these refineries are reported to be in operation in Central Russia now.

The companies involved in the negotiations are the Houdry process Corporation of Philadelphia; Universal Oil Products Company of Chicago; International Catalytic Oil Processes Corporation of New York; Petrolite Corporation, Ltd., of Los Angeles; Stratford Development Corporation of Kansas City; Texaco Development Corporation of New York; Max B. Miller and Company, Inc., of New York, and the Girdler Corporation of Louisville, Ky.

Wallace, at the democratic convention, had claimed credit for high wages and high farm prices, he should take credit for the high cost of living.

"He's trying to pass the buck to the Republicans," Dworshak said. "He's attempting to dupe the people."

Representative Monroney (D., Okla.) proposed the creation of a short term commission, composed of such citizens as Bernard M. Baruch, Owen D. Young, Beardsley Ruml and others, to draft a program of combating inflation.

"The solution to the peril confronting the country should be approached on a bi-partisan basis to take politics out of this very dangerous condition," he said.

Dworshak declared that 'the public must recognize that legislative fiat cannot cure inflation." He said people will have to make some sacrifices.

"Consumer resistance," he added, "would be more effective than legislation in bringing prices down."

When Dworshak suggested that exports under the European aid program are helping create shortages in this country, Monroney said that if it wasn't for wheat exports the Government would have to spend millions buying wheat from farmers at the support price.

Consumer Resistance Lauded

As part of the approach to the inflation problem, Senator Saltonstall (R., Mass.) said that Government bonds should be allowed gradually to find their own level in the public market instead of being pegged.

"I do not believe the stability of our country should rest on the vagaries of the market," Monroney replied, adding:

"Tinkering with the bond market at this time is like playing with matches in a powder factory."

'Brakes' On Inflation Urged

Washington, Aug. 8 (AP)—Senator McMahon (D., Conn.) said tonight the country is "facing a collapse unless we put the brakes on" inflation.

Participating in a radio forum with two Republicans and another Democrat, McMahon took note of the congressional turmoil over which party is to blame for high prices by saying:

"All the throwing of dead cats isn't going to help the fellow who is paying $1 a pound for hamburger."

AID EXCEEDS BILLION MARK

Cotton For China And Food For Britain Swell Total

Washington, Aug. 8 (AP)—Marshall plan aid passed the $1,000,000,000 mark tonight, with this country footing part of the bill for four new DC-6 aircraft for Norway and Denmark.

The planes, to be put into trans-Atlantic commercial service, were among $94,102,499 in new shipments for ten European countries and China approved by Paul G. Hoffman, economic co-operation administrator.

His action brought total dollar gifts to $1,001,986,433 in the four-month life of ECA. This is about twenty per cent of the grants authorized for the first year of the foreign assistance program.

China Gets Cotton, Britain Food

Two huge items, American cotton for China and Canadian food for England, swelled the day's total. Britain will get $35,000,000 in wheat, flour, cheese and bacon from the Dominion. China will buy $33,700,000 worth of cotton with ECA funds.

Denmark and Norway each are being helped to buy two of the Douglas air transports. The craft were ordered before the recovery program started; ECA is assuming the unpaid balances of the contracts. This amounts to $1,122,500 in the case of Denmark, $1,000,000 for Norway.

New Approvals Listed

The total new approvals are:
Austria, $2,801,877.
Bi-zone Germany, $1,887,999.
Denmark, $1,079,801.
France, $2,492,924.
Greece, $5,839,787.
Netherlands, $3,689,770.
Norway, $4,308,880.
Britain, $35,000.
Trieste, $920,096.
China, $33,700,000.
Italy, $56 (an increase in previous authorizations).

[The $56 increase for Italy presumably meant the order's cost was found to be higher than expected when it was approved.]

As the recovery program rounded the billion-dollar mark, ECA released figures showing that wheat accounts for $206,193,527 of the total and wheat flour another $69,093,914.

Other Major Items

Other major items include:
Petroleum, $108,442,914.
Cotton, $55,267,200.
Coal, $66,033,000.
Meats, $47,954,356.
Tobacco, $21,776,000.
Non-ferrous metal, $57,013,055.
Iron and steel, $19,825,259.
Farm equipment, $21,278,264.
Lumber, $29,947,350.

The cotton figure is increased by $46,700,000 in shipments to China administered separately from the European program. ECA's total includes freight estimated at $97,676,192.

Britain Largest Recipient

Britain is the largest aid recipient. Her share to date adds up to $281,566,200, with France a fairly close second at $242,809,899, and Italy third with $117,811,020.

The other countries so far authorized to make purchases with ECA dollars are:

Austria, $56,950,073; Denmark, $12,668,017; bi-zone Germany, $81,654,999; French zone of Germany, $19,788,373; Greece, $43,155,036; Netherlands, $63,257,916; Norway, $15,520,814; Trieste, $5,119,308; China, $61,684,778.

AIR-LAND TEST ASSAULT SET

200 Planes To Take Part In Demonstration This Fall

Washington, Aug. 8 (AP)—At least 200 planes and 2,000 personnel will participate in an air-ground assault demonstration at Elgin Air Force base, Valparaiso, Fla., between September 27 and November 3, it was announced today.

Known as Operation Combine 3, it will be a special exercise conducted by the Air Force's Tactical Air Command with the assistance of Army, Navy and Marine Corps units.

Its purpose will be to demonstrate the planning and execution of a joint air-ground assault. The operation will be a series of six three-day exercises. Each exercise will include air and ground demonstrations, lectures and dramatized skits to explain the detailed staff planning necessary in joint operations.

Student Officers To Attend

Lieut. Gen. Elwood R. Quesada, TAC commanding general, said student officers from various schools in all branches of the armed services will attend.

Naval and Marine participation has been co-ordinated under direction of Admiral W. H. P. Blandy, commander in chief of the Atlantic fleet. The exercises will be under the direction of Maj. Gen. William D. Old, commander of the 9th Air Force.

The announcement said designation of units to participate has not yet been announced but that a group of about 100 Navy planes from the Atlantic fleet forces and 100 planes from the Atlantic Fleet Marine forces will participate.

2,000 Men To Take Part

These two groups will be supported by about 2,000 Navy and Marine personnel, who will be based at fields near Pensacola, Fla., under the command of Rear Admiral John W. Reeves, Jr., chief of naval air training at Pensacola.

Similar but smaller operations were conducted in 1946 and 1947 at Lawson Air Force base, Fort Benning, Ga.

"The necessity for increased facilities for newer-type airplanes and the increased size of the operation this year made the Lawson area unsuitable," the announcement said.

New Clash Looms On Arms Proposal

Lake Success, Aug. 8—(AP)—The United States and Russia are expected to clash again tomorrow over the question of arms reductions.

The discussion will be a resumption of one started last Monday when the United States made a surprise demand that the United Nations continue talks on slashing world armaments.

Russia's Jakob A. Malik asked time to get instructions from Moscow. Two meetings were set for tomorrow to permit a thorough airing of the question.

The working committee of the U. N. commission for conventional armaments was called for 9:30 A. M. (EST). The commission itself will meet at 1:30 P.M.

In the past, Russia has taken the position that it is useless to discuss reduction of arms unless something is done about outlawing the atomic bomb. The U. N. atomic control commission recently suspended its talks at the request of the Western powers.

Boston To Be D.P. Port, McCormack Discloses

Washington, Aug. 8 (AP)—Representative McCormack (D., Mass.) said today Boston will be the port of entry for displaced persons from Europe when the program is initiated by the Federal Government.

McCormack said he had recommended use of the Boston port to Ugo Carusi, who has been nominated chairman of the Displaced Persons Commission.

McCormack said Carusi assured him that Boston "definitely would be in the picture and that he would discuss this matter further with immigration officials in Boston to facilitate housing arrangements."

MOTHER TOLD ABOUT DEATH AFTER FLIGHT

Son-In-Law 'Very Proud' Of Way Englishwoman Took News

Aniwa, Wis., Aug. 8 (AP)—Staff Sergeant Leo F. Jeske said tonight he's "very proud" of his English mother-in-law.

Jeske said he broke the news of his wife's death to her mother, Mrs. Laura Emily Hewitt, 60, of Catworth-in-Huntington, England, last night as they drove to his parents' home here following Mrs. Hewitt's arrival in Chicago by plane.

"Took It Very Bravely"

"She took it very bravely," Jeske said. "Just like you'd expect an Englishwoman to do. Of course, she took it like a mother would, too, but I'm very proud of her."

Mrs. Hewitt, who previously never had traveled more than the 62 miles from her home to London, left by plane last Wednesday after Jeske's urgent wire advised her of the "serious illness" of her daughter, Joyce, 22. Mrs. Jeske died in a Sioux City (Iowa) sanatarium ten minutes after her mother's plane took off. But officials who met the plane at New York and Chicago did not reveal the fact.

Met During War

Jeske, who met his wife while serving in England during the war, said funeral services will be held here Tuesday. They will be private, with burial in the Jeske family plot in the small cemetery of this northeastern Wisconsin village of some 300 population.

The sergeant, assigned to the air base at Sioux City, said he expected his wife's body to arrive here during the night. The couple's 3-month-old son is with friends in Sioux City, he said.

'Day Of Mourning' Over Draft Is Set

Washington, Aug. 8 (AP)—A group of Protestant clergymen called on the people and churches of America today to observe Sunday, August 22—a week before draft registration begins—as a "day of mourning and repentance."

In a statement released by the National Council Against Conscription, the ministers declared that millions of citizens regard the peacetime draft as "a dangerous and iniquitous measure."

The signers included Dr. Harry Emerson Fosdick and John Haynes Holmes, of New York.

WEST COAST GAINS 40% IN POPULATION

U.S. Total Put At 143,414,000, Or 8.9% Boost Since '40

Washington, Aug. 8 (AP)—Boom growth of the Pacific Coast led the United States to an estimated population total of 143,414,000 in 1947, a rise of 8.9 per cent since the 1940 census.

The Census Bureau, in a report reflecting great migration between states, figured California's gain since 1940 at 42.1 per cent, Oregon's at 41.8 per cent and Washington's at 35.8 per cent.

These were the 1-2-3 states in population growth. Together the population rose by 3,981,000, or 40.9 per cent, to a total of 13,714,000. California, with 9,812,000 residents, edged closer to Pennsylvania as the second largest state in the union, having passed Illinois and Ohio during the war.

New York State Still First

But Pennsylvania, with 10,512,000 inhabitants, showed a gain of 611,000 or 6.1 per cent since 1940. New York's 5 per cent gain left that State firmly in first place with 14,165,000, a rise of 686,000.

Maryland chalked up a gain of 317,000, from 1,821,244 in the 1940 census to 2,139,000 in July, 1947, an increase of 17.4 per cent.

Texas, which started almost even with California in 1940, hasn't kept pace. The Lone Star State had a 10.7 per cent increase and now holds 7,104,000 inhabitants.

This left Texas in sixth position, behind fourth-place Illinois, which gained 6.3 per cent for a toal of 8,397,000, and Ohio, which showed a solid 11.1 per cent rise to a total of 7,675,000.

Florida gained 22.7 per cent and the District of Columbia 29.8 per cent.

The figures represent estimates as of July 1, 1947, excluding armed forces overseas but including members of the armed forces stationed in each state.

Nine states lost population—Arkansas, Kentucky, Mississippi, Oklahoma, West Virginia, Nebraska, North Dakota, South Dakota and Montana.

The booming birth rate was the major cause of the nation-wide increase. The excess of births over deaths accounted for a gain of 11,738,000, the Census Bureau estimated, with civilian immigration from abroad adding another 1,016,000.

But migration between states was a major factor in the shifts between regions. Thus, the net migration into the West (Mountain States and Pacific) was 2,300,000. This almost counterbalanced the movement from the South, a net out-migration of 2,996,000.

Oklahoma Shows Actual Loss

Twenty-eight states showed such net losses through migration, but in most cases the stork made up the difference. Between 1946 and 1947 only one State, Oklahoma, showed an actual loss in civilian population and this was trifling, 9,000 persons or 0.4 per cent.

Between 1945 and 1946 all states gained civilian population. The District of Columbia, as war agencies were dismantled, was an exception. But the District was again on the upgrade in 1947.

A survey indicates, the Census Bureau said, that 12,388,000 persons were living in a different State in 1947 than in 1940. The South's losses were speeded up by the war.

"In the postwar period the West continued to gain and the South continued to lose population through net migration," the census report adds, "but the annual average net change was in each case smaller than during the war period."

FREIGHT CHARGES CALLED TOO HIGH

House Subcommittee Attacks U.S. Wartime Auditing

Washington, Aug. 8 (AP)—A subcommittee reported to Congress today what its chairman called "a startling story of waste, inefficiency, and negligence" in Government auditing of wartime freight charges.

Representative Bender (R., Ohio), head of a House subcommittee investigating the General Accounting Office, estimated that railroads overcharged the Government about $700,000,000 in 1943, 1944, and 1945 "on the basis of the published tariffs and special quotations in effect during this period."

"Basically Defective"

Testimony given the subcommittee, Bender added, "clearly established that the General Accounting Office, because of wartime difficulties and, in part, responding to pressure from the carriers transmitted through the War Department, instituted an accelerated audit system which was basically defective and grossly mismanaged."

"It is evident that because of this accelerated audit, both defective and mismanaged, the General Accounting Office failed to detect approximately $350,000,000 of these overcharges," he reported.

William L. Ellis, assistant to the comptroller general, said that the big wartime freight overcharges already have been rechecked and refunds collected.

Reaudit Being Made

Without files at hand to provide a precise figure, he estimated the collection at about a quarter of a billion dollars.

Now, he said, the general accounting office is reauditing the smaller items and the ones which show no obvious grounds for refund claims.

How much more will be recovered, Ellis said, is a guess. The Government auditors' own estimate, he went on, is about $100,000,000, and that figure has been given to the Bender committee. It was reached by test auditing the freight bills for half of one month and projecting the figures over the war period.

Rail Men Silent

"These overcharges that we have not yet collected never have been closed cases," Ellis said. "Lacking trained manpower to do everything at once, we went after the big ones and the obvious ones first. That part has been finished and we have been working on the other cases since early this year."

Ellis said there simply were not enough people to keep the work current during the war. It takes about ten years fully to train an accountant to work with the special freight rates on which much of the Government's goods move, he said.

Available railroad officials had no comment to make.

RUSSIAN ZONE POLICE HAVE ARRESTED THE DEMONSTRATORS AND SET DOGS UPON HUNGRY GERMANS WHO SOUGHT TO GLEAN FOOD IN THE FIELDS OR PLUNDER FOOD TRAINS.

THE SOVIET MILITARY GOVERNOR, MARSHAL VASSILY D.SOKOLOVSKY, TOLD THE GERMANS OF THE EASTERN ZONE THAT IF THEY WANTED MORE TO EAT THEY MUST PRODUCE MORE.

SOKOLOVSKY ANNOUNCED HIS APPROVAL OF A COMMUNIST-DRAFTED AGRICULTUR PROGRAM FOR 1949 WHICH DEMANDS CULTIVATION OF MAXIMUM ACREAGE AND PROMISES "NEXT YEAR THERE WILL BE ENOUGH FERTILIZER AND MORE MACHINERY".

THE RUSSIAN ZONE'S CURRENT FOOD TROUBLES ARE BELIEVED TO BE IN LARG MEASURE THE RESULT OF THE SOVIET UNDERTAKINGS TO FEED THE ENTIRE CITY OF BERLIN, INCLUDING THE BLOCKADED WESTERN SECTORS. THE WESTERN-LICENSED GERMAN PRESS HAS REPORTED THE RUSSIANS REQUISITIONED LARGE QUANTITIES OF OCCUPATION ZONE FOOD FOR BERLIN.

AUG 1948 30.24- 19629

BUT SCARCELY MORE THAN ONE PER CENT OF WESTERN BERLINERS HAVE ACCEPTED THE RUSSIAN FOOD OFFER, PREFERRING TO SUBSIST ON THE SUPPLIES FLOWN IN BY THE BLOCKADE-BUSTING BRITISH AND AMERICAN PLANES.

THE DRIVE AGAINST HOARDERS WAS DISCLOSED BY THE SOVIET-LICENSED NEW AGENCY, ADN. IT REPORTED THAT NEAR HALLE, IN SAXONY, A FARMER WAS SENTENCED TO TWO YEARS IMPRISONMENT, LOSS OF HIS CIVIL RIGHTS FOR THREE YEARS AND CONFISCATION OF ALL HIS PROPERTY FOR FAILING TO DELIVE HIS STIPULATED LIVESTOCK QUOTA. HE WAS CONVICTED OF SLAUGHTERING 21 PIGS AND SELLING THE MEAT IN THE BLACK MARKET.

ANOTHER FARMER WAS SENTENCED TO FOUR YEARS IN PRISON FOR THE "ECONOMIC CRIME" OF CONCEALING GRAIN STOCKS. OTHER CONFISCATIONS WERE MADE BY THE SO-CALLED "PEOPLE'S CONTROL COMMITTEE." THOSE COMMUNIST-CONTROLLED ORGANIZATIONS HAVE BROAD POWERS TO ACT AGAINST "ECONOMIC SABOTEURS."

A NEW STRICTER SYSTEM OF LIVESTOCK CENSUS HAS BEEN ORDERED BY THE EASTERN ZONE'S COMMUNIST ECONOMIC COMMISSION TO TRAP HOARDING FARMERS

RED BANNERS AND FRONTPAGE EDITORIALS IN THE COMMUNIST AND ALL GOVERNMENT CONTROLLED NEWSPAPERS WELCOMED WORKING YOUTHS ATTENDING THE INTERNATIONAL CONFERENCE. SPEARHEADING THE CONCLAVE WERE LARGE DELEGATIONS FROM THE SOVIET UNION AND ITS EASTERN EUROPEAN NEIGHBORS.

BERT WILLIAMS, 29, OF SYDNEY, AUSTRALIA, A KEY ORGANIZER OF THE CONFERENCE, SAID A WORLD CHARTER OF YOUTH'S RIGHTS WILL BE ADOPTED SATURDAY. HE ADDED IT WILL PLEDGE YOUNG PEOPLE OF THE WORLD TO FIGHT AGAINST FASCISM AND "FOR PEACE, FOR DEMOCRACY, FOR A BETTER FUTURE."

IT WILL DEMAND EQUAL JOB OPPORTUNITIES, A MINIMUM WAGE AND WIDENING OF PROFESSIONAL TECHNICAL TRAINING. IT ALSO WILL CALL FOR ECONOMIC AID TO MARRIED YOUTHS.

THE POLISH PRESS HAILED THE DELEGATES AS THE "MILITANT TROOPS OF THE ANTI-IMPERIALISTIC FRONT."

A U.S. DELEGATION WHICH HAD PLANNED TO COME TO THE CONFERENCE WAS DENIED PASSPORTS BY THE STATE DEPARTMENT ON THE GROUNDS THEIR ATTENDANCE WOULD NOT CONTRIBUTE TO THE INTERESTS OF THE UNITED STATES.

AMONG THE STATES REPRESENTED ARE ITALY, BRITAIN, CZECHOSLOVAKIA, FRANCE, BRAZIL, VENEZUELA, MEXICO, BELGIUM, THE NETHERLANDS, FRENCH WEST AFRICA, DENMARK AND CANADA. THE FREE GERMAN YOUTH MOVEMENT OF THE EASTERN ZONE SENT FIVE OBSERVERS.

MOSCOW, AUG. 8-(AP)-A LULL OCCURRED TODAY IN THE EAST-WEST NEGOTIATIONS HERE AS THE RUSSIANS AND THE DIPLOMATS OF THE UNITED STATES, BRITAIN AND FRANCE APPARENTLY TOOK TIME OUT TO STUDY THEIR NEXT MOVES.

IT WAS CONSIDERED POSSIBLE U.S. AMBASSADOR WALTER BEDELL SMITH, BRITISH SPECIAL ENVOY FRANK ROBERTS AND FRENCH AMBASSADOR YVES CHATAIGNEAU MIGHT VISIT SOVIET FOREIGN MINISTER V.M.MOLOTOV TONIGHT. HOWEVER, THERE WAS NO OFFICIAL STATEMENT ON THE SUBJECT.

THE FOUR MEN MET TOGETHER FRIDAY NIGHT TO EXPLORE THE PROSPECTS OF ENDING THE EAST-WEST DEADLOCK IN BERLIN AND GERMANY AND PERHAPS ALL EUROPE. THE WESTERN DIPLOMATS MET WITH PRIME MINISTER STALIN LAST MONDAY NIGHT. RESULTS OF THE DELIBERATIONS ARE BEING KEPT SECRET.

IT WAS LEARNED THAT ONE OF THE WESTERN DIPLOMATS HAD RECEIVED A REPLY FROM HIS GOVERNMENT TO HIS MESSAGE RECOUNTING WHAT OCCURRED AT THE FRIDAY NIGHT MEETING WITH MOLOTOV. AMSWERS FROM THE OTHER TWO WESTERN GOVERNMENTS ARE EXPECTED MOMENTARILY.

TODAY WAS THE FIRST EASY DAY SMITH, ROBERTS AND CHATAIGNEAU HAVE HAD SINCE THE TALKS BEGAN. SMITH WORKED IN HIS GARDEN IN THE MORNING AND HAD LUNCH WITH ROBERTS. CHATAIGNEAU LUNCHED WITH HIS STAFF AND TOOK A RIDE.

THE THREE DIPLOMATS ATTENDED A PARTY YESTERDAY EVENING GIVEN BY THE U.S. MILITARY IN HONOR OF SOME AMERICANS WHO HAVE COMPLETED THEIR ASSIGNMENTS IN THE SOVIET CAPITAL AND ARE DEPARTING FOR HOME.

MOSCOW, AUG. 8-(AP)-T.D.LYSENKO, HIGHLY-REGARDED SOVIET SCIENTIST, HAS ANSWERED TWO BIOLOGICAL QUESTIONS TO THE SATISFACTION OF THE CENTRAL COMMITTEE OF RUSSIA'S COMMUNIST PARTY.

HE SAYS ACQUIRED CHARACTERISTICS CAN BE INHERITED, AND HUMAN BEINGS CAN DIRECT THE DEVELOPMENT OF INHERITED CHARACTERISTICS OF ANY LIVING THING IN THE DIRECTIONS IN WHICH THEY DESIRE TO DIRECT THEM.

THOSE TWO QUESTIONS, ACCORDING TO LYSENKO, WERE THE FUNDAMENTAL ISSUES ON THE AGENDA OF A FOUR-DAY MEETING OF THE ACADEMY OF AGRICULTURAL SCIENCES.

DURING THE MEETING, PRAVDA, MOSCOW'S LEADING NEWSPAPER, DEVOTED NEARLY ALL ITS ATTENTION TO MATTERS OF BIOLOGICAL THEORIES AND THEIR IDEOLOGICAL IMPLICATIONS. IT DID NOT COMMENT AT ALL ON THE CURRENT FOUR-POWER DIPLOMATIC TALKS IN PROGRESS IN THE RUSSIAN CAPITAL.

SHANGHAI, MONDAY, AUG. 9-(AP)-CHINA'S GOVERNMENT IS TURNING, AT LAST, TO SUPPORT LAND REFORM PROGRAMS.

COMMUNISTS HAVE WON OVER A GREAT MANY OF CHINA'S MILLIONS OF PEASANTS THROUGH ADVOCATING LAND REFORM PROGRAMS. UNTIL NOW, THE GOVERNMENT PARTY HAS STOOD ON THE SIDELINES AND WATCHED.

THIS WEEK, HOWEVER, TWO CENTRAL CHINA PROVINCES ANNOUNCED THAT LAND REFORM PROGRAMS WILL BE STARTED. THE CHEKIANG PROVINCIAL GOVERNMENT ANNOUNCED ITS PROGRAM WOULD BE MILD, IN COMPARISON WITH COMMUNIST MEASURES, BUT EVEN SO IT PROVIDES THAT:

"AN INDIVIDUAL OR INSTITUTION CANNOT POSSESS LAND WHICH EXCEEDS A MAXIMUM AREA SET BY THE GOVERNMENT. LAND OVER THAT LIMIT (NOT YET ANNOUNCED) WILL BE PURCHASED BY THE GOVERNMENT AND SOLD TO PEASANTS."

THEY WILL BE ALLOWED TO BUY IT ON THE INSTALLMENT PLAN.

IN KIANGSI PROVINCE, A NEW GOVERNMENTAL PROGRAM PROVIDES THAT NO PERSON CAN OWN MORE THAN EIGHT AND ONE-THIRD ACRES OF SUPERIOR GRADE "WATER LAND" OR 16 1/2 ACRES OF SUPERIOR "DRY LAND." HIRED TILLERS OR TENANTS WILL GET FIRST CHANCE, AND DEMOBILIZED SERVICEMEN SECOND CHANCE, TO BUY LAND THROWN ON THE MARKET BY THE LIMITATIONS.

NEW YORK, AUG. 8-(AP)-A MIDDLE-AGED SCHOOL TEACHER, SOUGHT BY THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE FOR QUESTIONING, WAS REPORTED "RESTING" AT THE SOVIET CONSULATE TODAY WHILE RED AND ANTI-RED RUSSIANS FOUGHT A BIZARRE TUG-OF-WAR OVER HER CUSTODY AND POLITICAL ALLEGIANCE.

CENTRAL FIGURE IN THE STRANGE, CONFLICTING STORIES TOUCHED OFF BY THE CLOAK-AND-DAGGER DRAMA WAS 52-YEAR-OLD OKSANA STEPANOVNA KOSENKINA. MRS.KOSENKINA CAME TO THIS COUNTRY FROM HER NATIVE RUSSIA TWO YEARS AGO TO TEACH CHEMISTRY AT A SCHOOL OPERATED BY THE SOVIET GOVERNMENT FOR ITS U.N. DELEGATES.

RUSSIAN CONSULATE OFFICIALS, WITH MRS.KOSENKINA SEATED BESIDE THEM, TOLD REPORTERS AT A PRESS CONFERENCE YESTERDAY THAT THE SHORT, BROWN-HAIRED TEACHER HAD BEEN DRUGGED AND KIDNAPED BY WHITE RUSSIANS WHO HAD HELD HER CAPTIVE ON A ROCKLAND COUNTY, N.Y., FARM SINCE JULY 30.

THEIR OBJECT, THE CONSULATE SPOKESMAN SAID, WAS TO PREVENT THE WOMAN'S RETURN TO RUSSIA, SCHEDULED FOR THE DAY AFTER SHE ALLEGEDLY WAS ABDUCTED.

SOVIET CONSUL GENERAL JACOB LOMAKIN, WHO ARRANGED THE CONFERENCE, SAID HE FOILED THE PLOT BY "RESCUING" MRS.KOSENKINA FROM THE FARM YESTERDAY AFTER BATTLING A DOZEN OR MORE "WHITE RUSSIAN BANDITS."

THE FARM--AT VALLEY COTTAGE, ABOUT 30 MILES NORTH OF NEW YORK CITY--IS OPERATED AS A RETREAT FOR DISPLACED RUSSIANS BY COUNTESS ALEXANDRA TOLSTOY, YOUNGEST DAUGHTER OF THE LATE NOVELIST.

30.24- 19631

AUG 1948

COUNTESS TOLSTOY, HOWEVER, DESCRIBED LOMAKIN'S STORY AS A "LOT OF BALONEY." ACTUALLY, THE COUNTESS INSISTED, MRS.KOSENKINA SOUGHT SANCTUARY AT THE FARM BECAUSE "SHE BELIEVED SHE WAS GOING TO BE SHOT," AND RETURNED TO NEW YORK WITH LOMAKIN ONLY BECAUSE SHE WAS SO "TERRORIZED" SHE WAS AFRAID TO REFUSE.

IN WASHINGTON LAST NIGHT, REP.MUNDT (R-SD), ACTING CHAIRMAN OF THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE, SAID THE COMMITTEE HAD PLANNED TO QUESTION MRS.KOSENKINA, ESPECIALLY AFTER HEARING THAT SHE HAD CHANGED HER MIND ABOUT RETURNING TO RUSSIA AND WANTED TO TELL AMERICAN AUTHORITIES ABOUT SOVIET OPERATIONS.

MUNDT, ASSERTING THAT THE FBI WAS INVESTIGATING THE CASE, SAID THE WOMAN NOW WAS BEING HELD FORCIBLY AT THE SOVIET CONSULATE. THE CONGRESSMAN SAID SHE LEFT THE TOLSTOY FARM UNDER PROTEST.

MEANWHILE, LOMAKIN SAID HE PLANNED TO APPEAL TO NEW YORK CITY POLICE COMMISSIONER ARTHUR WALLANDER TOMORROW TO "SEE WHAT I CAN DO" FOR OTHER RUSSIANS WHO, HE DECLARED, HAD BEEN "DETAINED" AT VALLEY COTTAGE.

COUNTESS TOLSTOY SAID THAT WHEN THE SOVIET "RESCUERS" DROVE UP TO THE FARM YESTERDAY, MRS.KOSENKINA "TURNED WHITE."

"THEY'VE DISCOVERED WHERE I AM, AND I'LL BE SHOT!" SHE QUOTED THE TEACHER AS SAYING.

THE COUNTESS ADDED:

"A WEEK AGO FRIDAY THIS WOMAN ARRIVED HERE BY BUS X X X SHE SEEMED HIGHLY NERVOUS, TOLD US SHE WAS GOING TO BE SHOT, AND ASKED FOR A PLACE TO HIDE.

"I IMMEDIATELY REPORTED THE CASE TO THE FBI. AFTER THEY HAD COME OVER THE FACTS, THEY INSTRUCTED ME TO PREPARE A REPORT TO IMMIGRATION AUTHORITIES, BECAUSE MRS.KOSENKINA'S VISA WAS DUE TO EXPIRE ON SEPT. 12.

"THIS REPORT IS HERE ON MY DESK, AND WAS TO BE DELIVERED TO IMMIGRATION AUTHORITIES ON MONDAY. HOW COULD SHE HAVE BEEN DETAINED WHEN THE FBI KNEW SHE WAS HERE, AND KNEW THE WHOLE STORY?"

THERE WAS NO IMMEDIATE COMMENT FROM THE FBI.

JS217PED

NEW YORK, AUG. 8-(AP)-WHILE ONE RUSSIAN TEACHER "RESTED" AT THE SOVIET CONSULATE HERE AFTER A TUG-OF-WAR OVER HER CUSTODY BETWEEN RED AND ANTI-RED SOVIETS, A SECOND RUSSIAN TEACHER APPEARED TODAY AT FEDERAL BUREAU OF INVESTIGATION HEADQUARTERS.

THE SECOND TEACHER, MICHAEL IVANOVITCH SAMARIN, WALKED INTO FBI OFFICES, AGENTS SAID, AND ASKED TO BE INTERVIEWED.

THE NATURE OF THE INTERVIEW AND THE BASIS FOR SAMARIN'S REQUEST TO BE QUESTIONED WERE SURROUNDED BY THE SAME AIR OF MYSTERY THAT MARKED THE CASE OF MRS.OKSANA STEPANOVNA KOSENKINA, 52, THE OBJECT OF THE STRUGGLE BETWEEN RED AND ANTI-RED RUSSIANS.

THE FBI SAID THAT SAMARIN, WHOM SOVIET OFFICIALS ARE TRYING TO RETURN TO HIS NATIVE COUNTRY, VOLUNTARILY APPEARED AT THE AGENCY'S HEADQUARTERS HERE.

"HE WAS INTERVIEWED LIKE ANYONE ELSE WOULD BE WHO APPEARED AT OUR OFFICES AND REQUESTED AN INTERVIEW," AN FBI SPOKESMAN SAID. THE FBI SPOKESMAN DECLINED TO ELABORATE ON HIS STATEMENT.

MEANWHILE, MRS.KOSENKINA, CENTRAL FIGURE IN STRANGE, COONFLICTING STORIES TOUCHED OFF BY A CLOAK AND DAGGER DRAMA CENTERING AROUND A WHITE RUSSIAN ESTABLISHMENT AT VALLEY COTTAGE, N.Y., REMAINED AT THE SOVIET CONSULATE HERE.

LIKE SAMARIN, MRS.KOSENKINA WAS SCHEDULED TO HAVE RETURNED LAST MONTH TO THE SOVIET UNION ABOARD THE RUSSIAN LINER POBEDA.

THE FBI SPOKESMAN EMPHASIZED THAT SAMARIN WAS NOT IN PROTECTIVE CUSTODY AND ADDED:

"IF YOU APPEARED AT AN OFFICE AND REQUESTED AN INTERVIEW, WOULD YOU CONSIDER YOURSELF IN CUSTODY?"

THE FIRST WORD OF SMARIN'S APPEARANCE AT FBI HEADQUARTERS CAME FROM THE POLICE AT CLARKSTOWN, N.Y., WHO YESTERDAY RECEIVED THE FIRST REPORT THAT MRS.KOSENKINA HAD BEEN REMOVED FROM THE VALLEY COTTAGE ESTABLISHMENT.

THE FBI SPOKESMAN HERE WOULD NOT SAY WHERE SMARIN WAS BUT AN FBI OFFICIAL IN WASHINGTON SAID: "I'M SURE HE CAN BE FOUND IF HE IS WANTED."

WASHINGTON,AUG.8-(AP)-THE HOUSE UNAMERICAN ACTIVITIES COMMITTEE TURNED OUT FOR A SPECIAL SUNDAY SESSION TODAY TO MAP MORE MOVES IN ITS INVESTIGATION OF SOVIET SPY STORIES.

HEARINGS WHICH HAVE PRODUCED A FLOW OF TESTIMONY ABOUT A RED SPY NETWORK INFESTING THE GOVERNMENT START UP AGAIN TOMORROW.

AND OF TWO MAIN WITNESSES, ONE IS "MYSTERY MAN" ALEXANDER KORAL, WHO IS SUPPOSED TO BE ABLE TO CRACK THE WHOLE SPY CASE WIDE OPEN IF HE IS WILLING TO TALK. AT LEAST COMMITTEE MEMBERS SAY SO.

THE SECOND IS VICTOR PERLO, WHO HAS BEEN ACCUSED BY A COMMITTEE WITNESS OF HEADING ONE GROUP OF GOVERNMENT OFFICIALS DECLARED TO HAVE SLIPPED WARTIME SECRETS TO THE RED SPY RING.

BOTH WERE QUESTIONED SECRETLY IN A PRELIMINARY WAY BY A SUBCOMMITTEE WHICH HASTILY WENT TO NEW YORK OVER THE WEEKEND FOR THAT PURPOSE.

COMMITTEE AUTHORITIES SAY THE TWO ARE IN A POSITION TO BACK UP PREVIOUS TESTIMONY THAT RED AGENTS OPERATED IN HIGH PLACES IN THE GOVERNMENT BEFORE AND DURING THE WAR.

SO FAR, THE COMMITTEE HAS RELIED ON WHITTAKER CHAMBERS AND MISS ELIZABETH T.BENTLEY IN PRESENTING ITS CASE ABOUT SOVIET ESPIONAGE IN THIS COUNTRY.

CHAMBERS AND MISS BENTLEY BOTH HAVE SAID THEY WERE FORMER COURIERS FOR THE REDS. BOTH TOLD OF BREAKING WITH THE COMMUNIST PARTY.

CHAMBERS, NOW AN EDITOR FOR TIME MAGAZINE, HAS SAID HE WORKED WITH A COMMUNIST UNDERGROUND BEFORE THE WAR. MISS BENTLEY SAID SHE TOOK FROM WASHINGTON TO NEW YORK, FOR RELAY TO RUSSIA, SECRET WARTIME INFORMATION OBTAINED FROM GOVERNMENT OFFICIALS.

CHAMBERS TESTIFIED THAT PERLO WAS A MEMBER OF THE PRE-WAR UNDERGROUND. MISS BENTLEY SAID PERLO WORKED FOR THE WAR PRODUCTION BOARD AND SUPPLIED HER WITH FIGURES ON AMERICAN AIRPLANES. SHE SAID THE GROUP HE HEADED TOOK ITS INFORMATION TO NEW YORK ON ITS OWN--SHE DID NOT HAVE TO SUPPLY COURIER SERVICE FOR IT.

BOTH CHAMBERS AND MISS BENTLEY REELED OFF NAMES OF MANY PEOPLE WITH WHOM THEY SAID THEY HAD DEALINGS IN WASHINGTON.

KORAL WASN'T AMONG THEM. REP.MUNDT (R-SD), ACTING CHAIRMAN OF THE COMMITTEE, SAYS KORAL IS ONLY ONE OF SEVERAL MYSTERY WITNESSES.

AUG 1948

THERE MAY BE THREE MORE ON TAP.

ONE OF THEM IS SOMEBODY TO WHOM KORAL WAS SUPPOSED TO LEAD THE WAY. SO FAR THE COMMITTEE HASN'T FOUND THIS INDIVIDUAL.

ANOTHER IS AN INDIVIDUAL MUNDT SAYS HE IS NOT AT LIBERTY TO NAME. THIS PERSON, HE SAYS, GAVE THE COMMITTEE A TIP THAT IT MIGHT BE A GOOD IDEA TO QUESTION ONE MORE MYSTERY WITNESS--MRS.OKSANA STEPANOVNA KOSENKINA.

MUNDT SAID THE FBI IS INVESTIGATING TO FIND OUT WHETHER SHE WAS KIDNAPED AND TAKEN TO THE SOVIET CONSULATE IN NEW YORK CITY YESTERDAY AFTERNOON.

HE SAID KOSENKINA HAS BEEN TEACHING IN A NEW YORK SCHOOL FOR RUSSIAN CHILDREN. SO, HE SAID, SHE MUST HAVE HAD THE CONFIDENCE OF THE RUSSIANS AND PROBABLY KNEW SOMETHING ABOUT RUSSIAN ESPIONAGE ACTIVITIES.

CONSEQUENTLY, MUNDT SAID, THE COMMITTEE WANTED TO QUESTION HER, PARTICULARLY AFTER HEARING THAT SHE HAD CHANGED HER MIND ABOUT GOING BACK TO RUSSIA, WANTED TO TELL AMERICAN AUTHORITIES ABOUT RUSSIAN OPERATIONS AND FIND HAVEN IN THIS COUNTRY.

MUNDT AND SOVIET OFFICIALS IN NEW YORK HAVE DIFFERENT STORIES ABOUT WHAT HAPPENED TO THE SCHOOL TEACHER.

THE CONGRESSMAN SAID SHE WAS TAKEN UNDER PROTEST FROM THE COUNTRY PLACE SET UP BY COUNTESS TOLSTOY AS A RETREAT FOR WHITE (ANTI-BOLSHEVIK) RUSSIANS. HE SAID SHE WAS TALKED INTO GETTING INTO A CAR, PRESUMABLY SENT BY THE SOVIET CONSULATE, AND WAS TAKEN TO THE CONSULATE.

THE SOVIET AUTHORITIES SAID THEY HAD "RESCUED" THE WOMAN, THAT SHE HAD BEEN DRUGGED AND TAKEN TO THE TOLSTOY PLACE TO PREVENT HER RETURN TO RUSSIA.

LT109PED

WASHINGTON, AUG 8-(AP)-THE FBI SAID TONIGHT THAT A RUSSIAN SCHOOL TEACHER WHOM SOVIET AUTHORITIES ARE TRYING TO RETURN TO HIS NATIVE COUNTRY CALLED VOLUNTARILY AT THE NEW YORK FBI OFFICE THIS MORNING.

THE MAN, MICHAEL IVANOVITCH SAMARIN, WAS INTERVIEWED "LIKE ANY OTHER CITIZEN WHO COMES TO OUR OFFICES FOR THAT PURPOSE," A SPOKESMAN FOR THE BUREAU SAID. HE WOULD NOT DISCLOSE WHAT INFORMATION THE MAN GAVE.

IN RESPONSE TO A QUESTION THE FBI OFFICIAL SAID SAMARIN IS NOT IN CUSTODY, BUT HE WOULD NOT SAY WHERE THE RUSSIAN IS.

"I'M SURE HE CAN BE FOUND IF HE IS WANTED," THE FBI MAN SAID UPON BEING ADVISED BY A REPORTER THAT THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE WANTS TO TALK TO HIM.

"IT IS MY HOPE THAT THE CHINESE GOVERNMENT AT LAST WILL HAVE THE SUPPORT OF AMERICAN ARMS AND AMMUNITIONS TO WAGE FOR ITSELF AND FOR ALL FREE MEN ITS BATTLES AGAINST COMMUNISM," SAID BRIDGES, CHAIRMAN OF THE SENATE APPROPRIATIONS COMMITTEE, IN A PREPARED STATEMENT.

HE SAID HE HOPED "THAT A NEW POLICY HAS BEGUN IN CHINA, A POLICY THAT HAS BEEN FORCED BY CONGRESSIONAL ACTION. IT IS MY HOPE THAT THE TACTICS OF DELIBERATE DELAY WHICH THE ADMINISTRATION HAS SHOWN IN RELATIONS WITH THE CHINESE GOVERNMENT ARE AT AN END."

BRIDGES COMPLAINED THAT NEARLY FOUR MONTHS ELAPSED BEFORE CHINA WAS GRANTED ON JULY 23 THE FIRST OF THE $125,000,000 MILITARY AID VOTED BY CONGRESS. HE CALLED THIS "INEXCUSABLE." ATTACHED TO HIS STATEMENT WAS AN EXCHANGE OF LETTERS WITH STATE DEPARTMENT OFFICIALS WHICH SPOKE OF LATER MOVES IN CONGRESS HINDERING COMPLETION OF RULES FOR GRANTING THE MILITARY AID.

Reds Charge U.S. Involved In 'Kidnaping' of Teacher Sought as Probe Witness

DEMAND CUSTODY OF MAN WHO TOLD HIS STORY TO FBI

State Department Is Cool to Russian Ambassador's Charges

TEACHER IN HIDING

Mystery Witness Refuses to Talk When Quizzed by House Probers

WASHINGTON, Aug. 9. — (AP) The Soviet ambassador, Alexander S. Panyushkin, charged tonight that American authorities were implicated in the "abduction" of a Soviet school teacher but got told by the State Department his "assumptions" could not be accepted.

Panyushkin called at the State Department late today to protest about events in New York, namely, what has become of a Russian school teacher named Samarin who went to see the FBI.

Soviet officials want to send Samarin, and a woman teacher, back to Russia.

Charges "Abduction"

Panyushkin, in a twenty-minute interview with Assistant Secretary of State Robert A. Lovett, charged that the Tolstoy Foundation had "abducted" the two teachers. This the foundation denied.

The ambassador told Lovett, a State Department official said, that American authorities were implicated and that clearly the FBI knew all about the situation, and where Samarin is.

Panyushkin demanded that the Russian consul general in New York be allowed to see Samarin. The ambassador also wanted Samarin handed over to the Russians "for protection," the State Department spokesman said.

But Panyushkin was told, the department official reported, "we could not accept his assumptions in a case of this kind where there was a great deal of conflicting statements."

Proper American authorities, Panyushkin was advised, are looking into the matter to ascertain the facts. If there is any evidence of criminal action upon anyone's part, he was told, the necessary steps will be taken by the proper authorities.

Probers Want Teacher

Rep. J. Parnell Thomas (R-NJ) chairman of the House un-American Activities Committee, said meawhile subpoenas have been issued for Samarin and his wife to appear before the committee.

Along with his demand for custody of Samarin, Panyushkin complained that American "governmental organs" permit anti-Soviet groups to operate in this country.

He said that violates committments made between the U.S.S.R. and the United States at the time the Soviet Union was recognized diplomatically. Those agreements provide that neither country shall permit activities directed against the other.

Panyushkin referred specifically to the Tolstoy Foundation, anti-Bolshevik group which has figured in the case of the teacher named in today's note, and even more prominently in the case of another Russian teacher. Soviet officials want to send them both back home.

The man Panyushkin demanded to have turned over to Soviet authorities is Michael Ivanovitch Samarin, mathematics teacher in the school formerly operated in New York for children of members of the Soviet delegation to the United Nations.

Just how he could be turned over to the Russians—if at all—was not immediately clear. The FBI, in saying he had come voluntarily to its New York office for an interview, emphasized that he was not held in custody though it said it was sure he could be found if needed and New York police, asked by the Soviet consulate to request New Jersey authorities to produce Samarin, got back a report that he and his family could not be found at a white (anti-bolshevik) retreat near Cassville.

Asks U. S. Protection

The FBI would not say what Samarin told its agents in the interview, but the New York Times quoted the man today as saying he did not want to go back to Russia and as saying the protection of the American government and public opinion. The story said he spoke out against the Soviet "party, police and governmental machinery."

The Times said Samarin also expressed the opinion that the second teacher, also from the New York school, held similar views. The second teacher is Mrs. Oksana Stepanovna Kosenkina whom the Russian consulate said it had "rescued" from a Tolstoy Foundation farm in New York state.

At Valley Cottage, N. Y., Countess Alexander Tolstoy, youngest daughter of the late Russian novelist, said in a statement that the "foundation has never kidnaped anyone."

The countess, who established the anti-Bolshevik retreat in Rockland County years ago, said:

"We gave asylum to a woman (Mrs. Kosenkina) for a few days while she was waiting to be turned over to the immigration authorities.

"Regarding Samarin, I have no idea where he or any member of his family is. My only knowledge of Samarin was when he came here (to Valley cottage) a short time ago and was told I was away and he went to my New York office where I talked to him for a few minutes."

Panyushkin, answering questions through an interpreter at a news conference after filing his note with the State department, said he had given Undersecretary of State Robert A. Lovett no "deadline" for delivery of Samarin.

He said he was unable to answer a question whether he will seek prosecution of anybody in connection with Mrs. Kosenkina's case and whether the woman will be allowed to testify.

Consul General Lomakin in New York had accused the Tolstoy Foundation people of "kidnaping" the woman and had implied that Samarin was held against his will in New Jersey.

He had said, however, that Mrs. Kosenkina must "take a rest" before she can talk to FBI men and had said "absolutely not" when asked if a congressional committee subpoena could be served on her in the consulate.

Probers Want Samarin

Rep. Mundt (R-S.D.), who has been acting chairman of the House Un-American Activities committee in its spy inquiry for the past week until chairman Thomas (R-N.J.) returned today, announced that the committee wants to question Samarin. He had talked of serving a subpoena on Mrs. Kosenkina in the consulate but gave up that project after talking to State department officials about the international implications.

Mundt wanted the two teachers to bring out another facet of the communist conspiracy charges which the committee has been investigating.

Hearings in that inquiry today brought these principal developments:

1. Refusal by Alexander Koral, billed as the man who could break the whole spy story, to talk, on the ground that he might incriminate himself.

2. An accusation from Rep. Hebert (D-La), member of the committee, that Koral once signed a confession that he had taken part in Soviet espionage.

3. Testimony from a committee investigator that Koral had served as a courier for an alleged Soviet agent and had dealt with U. S. government officials in Washington.

Perlo Refuses to Talk

4. Refusal by Victor Perlo, former government official, to answer questions about communist affiliations, or dealings with people whose names have figured in the hearings. Perlo declined to answer on the ground of possible self-incrimination but did make a formal statement that charges against him were "inventions of irresponsible sensation seekers." He had been named as leader of one Washington ring alleged to have supplied information for the Soviets.

Panyushkin in a rare and hastily called news conference poked fun at Rep. Mundt. He called the congressman a "political youth" and said he was "sick of some nightmares."

Tonight Mundt told a reporter Panyushkin should permit Mrs Kosenkina to testify under oath "as to the true sequence of events involving her in this publicity, with her testimony translated by objective interpretors, without nudging, prompting or interpretation" from Soviet officials.

Mundt asserted that Samarin is not held by the U. S. government, but has been "secreted at his own request so that the long arm of the NKVD (Russian secret police) can't compel him to return, the same as Mrs. Kosenkina."

Knows Where Samarin Is

Mundt said he knows where Samarin is "secreted" but he "can't say where or by whom."

"Any time he wishes to return to the Soviet consulate he has the free right to do so," he added. "I see no reason to turn him over unless he changes his mind and indicates a desire to go back."

Today's much-touted witness before the House committee, the 51-year-old London-born Koral, stuck to his policy of silence on the ground that answers to queries flung at him by the committee might tend to incriminate him.

He refused time after time to answer questions on whether he was or ever had been a communist, whether he knew Elizabeth T. Bentley who first told in the open the story of a network of Red pipelines running into the government's most secret places, or had dealings with persons named as links in the Red chain.

When Rep. Hebert (D-La) asked Koral whether he had "signed a statement confessing membership in an espionage ring related to the Soviet government," Koral stood on his constitutional rights not to answer.

"If I told you that I know you signed a confession, what would you say about that?" Hebert asked then.

"I would not say anything about it," the witness replied.

"Well I know from good authority that you did sign a confession," Hebert said, closing the exchange.

Throughout his appearance on the stand Koral relied on the constitution's provision that a witness may not be required to give answers that would tend to incriminate or degrade him.

Gives Brooklyn Address

Koral gave a Brooklyn, N. Y., address—290 Empire Boulevard. He said that except for a 21-month layoff he had been employed by the New York Board of Education since 1922. But that was about all he would say.

He would not tell whether he knew an individual called "Frank." Miss Bentley, who describes herself as a former communist and former courier for a spy network, has named "Frank" as one of her Soviet contacts.

Neither would Koral answer a question as to whether "Frank" had asked him to "become a courier for certain work he (Frank) was performing."

Likewise, he declined to say whether he knew Gaia Obakimian. Koral's lawyer denounced the suggestion of a connection with that person as unfair.

Robert E. Stripling, commitee investigator, said Obakimian had been taken into custody as a Soviet agent, but had been allowed to return to Russia.

Shortly before Koral went on the stand the Justice department said he had testified "at length" before a New York grand jury which recently indicted a dozen Communist leaders. None of the testimony was disclosed.

Prober Gives Data

Koral was followed on the stand by Louis Russell, committee investigator who said that in 1939 "Frank" heard that Koral needed money to pay medical costs for his son.

"Koral subsequently became a courier for Frank and made 12 contacts for him," Russell, a former Federal Bureau of Investigation agent, testified.

Under the name of "Al," Russell went on, Koral came to Washington on at least two occasions and contacted Nathan Gregory Silvermaster, one of two former government officials Miss Bentley named as heading rings which supplied secrets that she carried back to Red agents in New York.

Silvermaster, former official of the Board of Economic Warfare, denied to the committee that he ever was a spy or passed out secrets, but he refused to say whether he ever had been a Communist.

The second man named by Miss Bentley as a Washington ring leader—Victor Perlo—was today's lead-off witness.

Except for an assertion in a written statement that he was a loyal American and that the charges against him were "inventions of irresponsible sensation seekers," Perlo made about as unproductive a witness as Koral.

Taking the same constitutional ground as Koral, Perlo would not answer questions about communist affiliations, nor say whether he knew Miss Bentley or other government workers she named as information sources.

After a warning that he would be liable to perjury charges if any of the stories were proved, Perlo struck out of a prepared statement a general denial of what previous witnesses said about him.

Denies Violating Laws

He left in a statement that he had "never violated the laws or interests of my country."

He expressed pride in wartime work as economist for war agencies, and said he hoped that his work had made some contribution to the output of aircraft, a field to which he was assigned most of the time. He said he is now an economist at Henry A. Wallace's progressive party headquarters in New York.

Washington, Aug. 9 (A. P.).—A mystery witness who refused to talk in the congressional spy hearing was promptly accused today of having once confessed a part in Soviet espionage.

AUG 1948

Alexander Koral, 51-year-old London native hailed by a House member as able to crack open the spy case, appeared as scheduled before the House Committee on Un-American Activities. But he declined to answer question after question.

He wouldn't say whether he was a Communist or whether he knew a woman who says she was a former Soviet agent. He based his refusal on the ground that the answers might tend to incriminate him.

Asked About a Confession.

Finally Representative Hebert (D.-La.) took over, and in a brief, brisk exchange, he asked Koral:

"Did you ever sign a statement confessing your membership in an espionage ring related to the Soviet Government."

Koral again refused to answer on the ground of possible incrimination.

Hebert: Then you do not deny it?

Koral: I decline to answer on the same grounds.

Hebert: If I told you that I know you signed a confession, what would you say about that?

Koral: I would not say anything about it.

Hebert: Well, I know from good authority that you did sign a confession.

Koral declined to answer on grounds he might be incriminated when Chief Investigator Robert E. Stripling asked:

"Are you now or have you ever been a member of the Communist party?"

That was his answer, too, when he was asked whether he had been acquainted with or had met an individual known to him only as "Frank." He declined to say whether he knew or ever had seen Elizabeth T. Bentley.

Miss Bentley, who says she is a reformed Communist who served as courier for a Russian spy ring during the war, has said Government information was passed along to some Russian agent she knew only as Frank.

Koral refused to say whether an individual known to him as Frank ever asked him to "become a courier for certain work he was performing."

Was Heard by Grand Jury.

Shortly before Koral took the stand, the Department of Justice said that he had testified "at length" to a New York Grand Jury more than a year ago. Representative Mundt (R.-S. D.) has said Koral can crack the spy case "wide open."

The department's statement was dictated to reporters by a public relations official. It said:

"Alexander Koral on June 9, 1947, was interviewed by two FBI agents.

"Regarding the Grand Jury in New York, he testified on July 10, 1947. The nature of his testimony is still secret, since the Grand Jury has not been dismissed. However, it may be stated that he testified at considerable length."

The New York Grand Jury which has been in session more than a year, was first assembled in June, 1947. It recently indicted twelve Communist leaders on charges of plotting to overthrow the Government.

AUG 1948

Perlo Assails Charges.

Before Koral took the stand today, the committee heard from a witness who had been accused of passing wartime Government secrets to Red spies. The witness was Victor Perlo and he asserted that he had "never violated the laws or interests of my country." Perlo further denounced the charges as "inventions of irresponsible sensation seekers."

However, Perlo refused to say whether he knew Miss Bentley, who had accused him of heading one group of Government officials who gave secrets to the Reds. He also refused to say whether he ever was a Communist, basing his refusal on constitutional grounds.

Miss Bentley told the committee that it is "extremely likely" that numerous other sch groups of officials had existed.

Questioning Koral, Stripling got another refusal to reply when he tried the name of Gaia Obakimian on the witness. Stripling went on to say that in 1941 Obakimian had been taken into custody as a Soviet foreign agent, held on $5,000 bail, and subsequently been allowed to return to Russia. Stripling gave a Brooklyn apartment house as the man's address.

Koral London Born.

Koral, who said he was born in London fifty-one years ago, testified that he lives at 290 Empire Boulevard in Brooklyn. At first he said it was 209 and changed it when prompted by Stripling. Except for a 21-month lay-off, he said, he has been employed by the New York City Board of Education since 1922. He said he now is an assistant engineer, is married and has two boys.

Koral readily supplied that background. But once the investigation tried to go beyond that point, he answered questions again and again with this sentence:

"I decline to answer that question on the grounds my answer might tend to incriminate me."

When Stripling inquired about Obakimian, Koral's lawyer, Leo Prager, protested that it was an "unfair" inference that Koral had any connection with the man.

Mundt said all Koral had to do was say "no" to a question whether he knew of the man. And he said there could be no unfair inference as long as Koral pleaded he might incriminate himself by replying.

Woman a Surprise Witness.

Before Koral took the stand, a surprise witness opened the

Gilda Burke, an attractive brunette, who testified that she was secretary to Nathan Gregory Silvermaster during 1943 and from 1944 to 1946.

Mrs. Burke showed the committee a mechanical telephone index which she said she used while working for Silvermaster. The index contained the names of about a dozen persons who have been mentioned during the committee's hearings.

Stripling asked Mrs. Burke about each of them, particularly whether Silvermaster had talked with the persons listed in the index. Mrs. Burke replied that in each case Silvermaster had communicated with the people listed. She also said she once delivered a package to Lauchlin Currie, former White House executive assistant, for Silvermaster. She said she did not know what the envelope contained.

AUG 1948

Stripling told the committee that Mrs. Burke will be called to testify later.

Silvermaster is a former official of the Board of Economic Warfare who was described by Miss Bentley as a leader of one of the two wartime groups of officials she said had passed information to the Reds. Silvermaster last week entered a broadside denial to her charges.

Currie to Testify Wednesday.

Silvermaster refused to say whether he ever was a Communist, but he denied ever being a spy. He said he had known Currie for years and related that the latter had helped prevent Naval Intelligence from having Silvermaster fired. However, he said his job was saved only after he had been cleared by a number of agencies.

Currie has denied all Communist connections or knowledge of spy operations. He has asked to testify and is scheduled to appear Wednesday.

Prior to Koral's appearance, Representative Hebert (D.-La.) read what he said was an advertisement in the real estate section of the Washington Star for May 3, 1947. The ad offered for sale a house at 5515 30th street, N. W., in Washington, and listed as one of its assets "an excellent photographic room" in the basement. Hebert pointed out that Miss Bentley had testified that Silvermaster had had a photographic laboratory in his basement at that address used to copy documents obtained from Government sources.

Russians Face Subpœna.

Representative Mundt (R.-S. D.) told reporters that subpœnas will be issued for a Russian teacher and his wife who he said taught in a New York school for children of a United Nations delegation. They will be questioned privately "to see if they have any information that we can use," he said. He said that the subpœnas will be for Mikhail Samarine and his wife, Klavida Samarina.

A 40-year-old teacher listed in New York as Michael Ivanovitch Samarin was reported by the New York Soviet consulate to be at a White Russian (anti-Communist) settlement in New Jersey with his wife and family. The consulate wants them too.

Another Russian teacher wanted by the committee for questioning, Mrs. Oksana Stepanovna Kosenkina, was reported in the Russian consulate after having been taken from the White Russian retreat by the Soviet consul. Mundt said the committee will take no further steps at this time to try to question her. This decision, he said, was prompted by the possibility of international complications, since the consulate is involved. Previously, the committee had asked the State Department for an opinion whether a subpœna could be served there.

Perlo Cites Grand Jury Action.

Perlo readily testified that he has a long term of service in various Government agencies. He said he is an economist at headquarters of the Wallace party in New York city. But, basing his refusal on constitutional grounds, he refused to answer question after question.

After long questioning, he was allowed to read a prepared statement. In it he declared that "the lurid spy charges of the Bentley woman and of Chambers (Whittaker Chambers, who said Perlo was a pre-war Red underground leader) are inventions of irresponsible sensation seekers."

Perlo said a grand jury had investigated and found no basis for indictments on the charges, and it is "the height of legal and moral impropriety" for the committee to dig up charges "fully sifted by normal judicial processes."

Miss Bentley, 40-year-old Vassar graduate, repeated testimony that two groups of wartime officials aiding the spy ring with information were headed by Perlo and Nathan Gregory Silvermaster. Silvermaster has entered a general denial, saying he never was a spy but refusing to say whether he ever was a Communist.

Calls Perlo Energetic Spy.

Asked by Chairman J. Parnell Thomas ((R.-N. J.) whether Perlo seemed "very enthusiastic" about

30.24- 19639

providing information Miss Bentley testified: "I would say he was the most energetic one in that entire group."

Hebert asked whether there were many groups operating in the Government similar to ones she said were headed by Perlo and Silvermaster.

Nodding agreement, Miss Bentley said: "I do know that my contact, Jack, told me of other people he had been in contact with, but not by name or individuals."

Herbert: So it is safe to assume there were innumerable other groups like Silvermaster and Perlo?

Miss Bentley: It is extremely likely.

She has told the committee of having various contact men among the Red agents and Jack, Bill or Charlie—people whose last name she did not know.

Time after time Perlo refused to tell the hearing whether he knew people Miss Bentley and Chambers had named as members of the Red underground or a Red spy ring. On advice of counsel, he refused to answer on the ground that the Constitution says he need not incriminate or degrade himself with replies.

'No Shame' on Perlo's Part.

But at one point he said that his refusal to answer "involves no hesitation or shame on my part. The Fifth Amendment is designed not to protect the guilty but to protect the innocent from charges made in an atmosphere of near-hysteria such as has surrounded this hearing."

Representative Nixon (R.-Cal.) hammered at Perlo to say whether he would deny specific charges since his statement made a blanket denial. Nervously twisting his feet under the table, Perlo again stood on his constitutional rights. He said he wanted to leave his denial in his statement, but he would not say whether he had been part of a group of Government information sources for Red agents.

And he said: "It does not seem to me to be a judicial type of procedure to rebuke a witness for relying on the Constitution."

"We are not attempting to badger you," Nixon remarked. "We are simply trying to get the truth. You certainly have the right to plead incrimination."

Nixon commented that the way Perlo had been reacting offered a "pretty good indication of how much credence we can give to all the statements made by this witness."

Question of Perjury Raised.

At one point, Representative McDowell (R.-Pa.) broke in to ask Chairman Thomas whether the witness would be subject to prosecution on perjury charges, if the accusations against him are proved true and his denial of them stands in the committee record. Thomas replied that he is no lawyer, but that it is his opinion Perlo would be subject to perjury charges.

Committee investigator Robert E. Stripling suggested that "if the committee is considering perjury" action that it employ direct questions and try to obtain direct answers.

Nixon noted a sentence in Perlo's statement that "I categorically assert that I have never violated the laws or interests of my country." Nixon said there is a law barring Government employees from giving out secret information. He asked: "Do you mean you have never divulged any secret information to any unauthorized person?"

Perlo declined to reply.

Perlo Reads Statement.

After lengthy discussion in the committee Perlo was allowed to read his prepared statement. Before he started, however, he struck from it a general denial of all charges made against him so far in the hearings.

His statement said "it is the height of legal and moral impropriety for this committee to rake up these charges which have been fully sifted by normal judicial processes.

"I am a loyal American citizen and I categorically assert that I have never violated the laws or interests of my country. I am proud of my record of service to the people while in Government employment.

"I am particularly proud of my present opportunity to contribute to the great campaign of Henry Wallace for peace, against inflation, and for decent living standards and full democratic rights for all people."

Perlo Is Silent On Spy Ring Questions

Washington, Aug. 9 (AP)—Victor Perlo refused today to say whether he knows the woman who accused him of heading a group of Government employés which she said gave wartime secrets to a Red spy ring.

He also refused to say whether he ever has been a Communist.

The sharp-featured witness appeared before the House Un-American Activities Committee and declined to answer question after question on the grounds it might tend "to incriminate or degrade him."

Tells Of Federal Jobs

But he testified readily to a long term of service in various Government agencies and to being at present an economist at headquarters of the new Progressive party in New York city.

Miss Elizabeth T. Bentley, who calls herself a former Communist, has testified that Perlo directed one group of Government workers who passed along wartime secrets which she handed Russian agents.

She said that Perlo supplied her figures on airplane production while he served on the War Production Board.

Whittaker Chambers, another witness in the committee's investigation of stories of Soviet spying, has described Perlo as having been a leader in a prewar Communist underground in Washington.

Others Ready To Testify

The spy hearings reopened with Alexander Koral, a mystery witness, and Duncan Lee, who was supposed to have been heard last week, also standing by to testify.

Still another much-wanted witness is out of reach in the Soviet consulate in New York, but the consulate in New York, but the committee awaited word as to whether a formal demand can be made for her appearance.

Acting Chairman Mundt (R., S.D.) said a committee agent is ready with a subpoena for Mrs. Oksana Stepanovna Kosenkina if the State Department rules that diplomatic immunity does not apply to consulates.

Rescued Her, Consulate Says

Mrs. Kosenkina, who has been teaching at a school for Russian children in New York, is the key figure among White and Red Russians. The Soviet consulate says it rescued her from the White Russians, who wanted to prevent her return to the U.S.S.R. The White Russians say the woman came to them for refuge and in fear of her life, only to be taken away to the consulate Saturday against her desires.

Mundt says he doesn't know the truth about the affair, but he said the committee would like to question Mrs. Kosenkina because he understands she is willing to talk about all phases of Soviet "intrigue" in this country.

Senators who have been conducting a parallel inquiry into the Government's loyalty program gave up their hearings last week because of inability to get data President Truman has stamped secret, but there was no letup in the fireworks touched off by the Senate group.

Impeachment Threat Made

Chairman Ferguson (R., Mich.) leveled the threat of an impeachment action against Mr. Truman in a Senate speech just before the special session adjourned Saturday night.

Accusing the Chief Executive of "iron curtain" tactics, the Michigan Senator declared that Congress is being pushed into the position of "having either to legislate through a blind spot or compel the President to answer for his conduct in an impeachment proceeding."

In advance of today's hearings, the House committee kept quiet on how Koral fitted into the picture of alleged Russian spying. A subcommittee made a fast week-end trip to New York mainly to question him.

The committee held a special Sunday meeting at which it mapped out this week's program.

Will Hear Currie

It includes a Wednesday spot giving Lauchlin Currie the chance he asked to answer charges that he was a source of information and help to the Communist spy system while he was an administrative assistant to the late President Roosevelt.

The Senate investigation which resulted in Ferguson's blast at Mr. Truman has revolved entirely around William W. Remington, suspended $9,975-a-year Commerce Department official.

Named By Miss Bentley

Miss Bentley named Remington as one of her sources of wartime secrets. He denied this, saying he thought she was a newspaper reporter and gave her only information that was available to anyone else.

Remington at the time was an employé of the War Production Board. He later served as an ensign in the Navy and, after the war, held down jobs with the President's Council of Economic Advisers and with the Commerce Department. Most recently he was head of a committee which passed on exports to Russia.

Ferguson followed up his Senate speech with a letter yesterday to Attorney General Clark. In it the Senator demanded to know whether Government agencies had ignored FBI warnings when Remington "was transferred to three different top confidential positions" in each of which "highly regarded strategic information of particular interest to the Russians was fully disclosed to him."

Clark's Contention

It was a Clark turndown of an earlier Ferguson request which led to the decision to suspend further hearings. Clark at that time noted that Mr. Truman has ordered loyalty data held confidential to protect sources of information and prevent injury to innocent persons.

In his latest request to the Attorney General, Ferguson said names of informants and investigative techniques can be deleted, but he said that when a man being checked by the FBI can be switched from one top spot to another, "a serious breakdown in our loyalty program" is indicated.

"Our inquiry," Ferguson wrote, "is aimed at how this happened, who was responsible and how such serious mistakes may be avoided in the future."

Dixie Senator Defends Truman

Democrats who sought to reply to Ferguson's speech were thwarted by adjournment, but Senator Hoey (D., N.C.) came to Mr. Truman's defense yesterday in a radio broadcast.

The Dixie Senator said every President, starting with George Washington, has adhered to the policy of withholding information on Government employés.

Calling Ferguson's speech "a political tirade," Hoey added that it was unfortunate his colleague had gone to the "extreme" of talking about impeachment.

Secrecy Cloaks Whereabouts Of Samarin

New York, Aug. 9 (AP)—Secrecy today cloaked the whereabouts of Michael Ivanovitch Samarin, Russian-born schoolteacher who projected himself into the limelight yesterday by voluntarily seeking an interview with the FBI.

Samarin, whom Soviet officials have been seeking to return to his native land, disappeared after the interview at FBI headquarters here. FBI officials declined to discuss the nature of his visit and would not reveal his whereabouts but declared he was not in custody.

Told that the House Un-American Activities Committee in Washington—which now is engaged in probing Communist espionage operations—wanted to talk to Samarin, an FBI spokesman said:

"I am sure he can be found if he is wanted."

Woman At Consulate

Meanwhile, another Russian schoolteacher, Mrs. Oksana Stepanovna Kosenkina, who became the center of a melodramatic tug-of-war between Soviet officials and a White Russian (anti-Communist) group Saturday, was reported "resting" at the Soviet consulate here.

The New York *Times* today quoted Samarin as saying: "I don't wish to go back to the Soviet Union, and am placing myself under the protection of the American Government and American public opinion."

The *Times* quoted the teacher as denouncing the "party, police and governmental machinery" of the Soviet Union. It also quoted him as saying in a statement that he believes present Soviet policies are creating an atmosphere for a third World War.

Forced Her, He Believes

Samarin, the newspaper said, "observed in the course of his interview early today that he felt sure Mrs. Kosenkina had been taken to the consulate against her will, and that she fully subscribed to his own sentiments regarding the Soviet Union."

The story said the 40-year-old Samarin, whose wife and three children are in seclusion in an undesignated place in this region, said he expected to receive a subpoena today to testify before the House Un-American Activities Committee.

Soviet officials said Mrs. Kosenkina—whom the House committee also would like to question—had been "rescued" from a White Russian resort at Valley Cottage in Rockland county, New York.

"Terrorized," Officials Contend

Officials at the Valley Cottage resort said the woman had returned to New York because she was too "terrorized" to refuse. Both she and Samarin had been scheduled to return to Russia last month on the Soviet liner Pobeda.

In Mrs. Kosenkina's presence, Russian consulate officials said at a news conference Saturday that she had been drugged and kidnapped by White Russians and been held captive at the farm since July 30.

Consulate spokesmen said the White Russians' object was to prevent her return to Russia, scheduled for the day after the alleged abduction.

Soviet Consul General Jacob Lomakin told of "rescuing" Mrs. Kosenkina from the farm Saturday after battling about a dozen "White Russian bandits."

Doesn't Believe Lomakin

Countess Alexandra Tolstoy, who operates the farm, about 30 miles north of New York city, as a retreat for displaced Russians, called Lomakin's story a "lot of baloney."

The Countess, youngest daughter of the late novelist, Leo Tolstoy, said Mrs. Kosenkina sought refuge at the farm because "she believed she was ging to be shot." The Countess said the teacher returned to New York city with Lomakin, only because she was "terrrorized."

Mrs. Kosenkina came to the United States from Russia two years ago to teach at a school operated by the Soviet Government for children of its diplomats in the New York area. Samarin also taught there. The project here recently was abandoned.

Will Ask Police Help

Lomakin, asserting that other Russians have been "detained" at the farm, said he planned to appeal to New York city Police Commissioner Arthur W. Wallander to "see what I can do" for them.

Countess Tolstoy declared that after Mrs. Kosenkina sought refuge at Cottage Farm she reported the case to the FBI.

"After they had gone over the facts, they instructed me to prepare a report to immigration authorities, because Mrs. Kosenkina's visa was due to expire on September 12," the Countess said.

"This report is here on my desk and was to be delivered to immigration authorities on Monday. How could she have been detained when the FBI knew she was here and knew the whole story?"

The FBI made no immediate comment on the Countess's statement.

The New York *Times*, which did not tell where Samarin was interviewed, said he "expressed concern for the welfare of his wife and children, but emphasized that he had decided to 'make a statement' because of his deep belief that he could no longer remain at peace with his conscience if he did not express himself."

The article continued:

"He said he was not a member of the Communist party and that he never had taken part in any political affairs either in this country or in his native Russia.

"All he wanted now, he said, was 'peace' between Russia and the United States and a 'good life' for the Soviet people."

Anti-Reds Called 'White Russians'

New York, Aug. 9 (AP)—The term "White Russian" originally referred to the people of Byelorussia or White Russia, a relatively small area of Russia adjoining Poland and Lithuania.

Since the Bolshevist revolution, it has come to be used loosely in referring to Russians who are opposed to the Communist or Red regime.

Ohio Communist Chief Free On $5,000 Bail

New York, Aug. 9 (AP)—Gus Hall, Ohio Communist party chairman, indicted by a Federal grand jury here, today pleaded innocent and was released in $5,000 bail.

He was held nearly 4½ hours in a Federal detention cell before bail was posted by the Civil Rights Congress.

Hall was one of twelve top party leaders accused of conspiring to overthrow the United States Government by force and violence, and of being a member of the Communist party knowing it advocated violent overthrow of the Government.

The Ohioan, alias Arnold Gust Hallberg, surrendered in Cleveland Friday. His attorney told Federal Judge Irving Kaufman that Hall appeared here voluntarily after waiving a hearing in Cleveland for his removal here. Assistant United States Attorney Irving Saypol claimed, however, that Hall demanded a hearing in Cleveland and was ordered brought here.

AVC MOVES TO OUST DAILY WORKER EDITOR

WASHINGTON, Aug. 9 — (AP) The American Veterans Committee today announced a move to oust John Gates, editor of the Daily Worker, Communist organ in New York, from AVC membership.

The AVC, composed of World War II veterans, said its national administrative committee has handed down a new ruling that a Communist is not qualified for membership.

The ouster move is subject to a decision by a fact-finding board on whether Gates actually is a Communist party member, and to a final ruling by the AVC national planning committee.

The administrative committee resolution said two AVC members have charged that Gates is a Communist and declared that the principles of the party are "inconsistent with the principles of the American Veterans Committee" as spelled out in the AVC constitution.

ITALY COLONY PLAN MAPPED

Holdings To Be Considered Separately By Big 4

London, Aug. 9 (AP)—The Big Four deputy foreign ministers conference decided today to discuss the future of each of Italy's prewar African colonies separately to avoid letting differences over one territory snarl agreements over the others.

The deputies began the final phase of their eleven-month inquiry into the disposal of Libia, Eritrea and Somaliland. United States Ambassador Lewis W. Douglas presided.

Sir Noel Charles represented Britain and Ambassadors René Massigli and Georgi N. Zarubin represented France and Russia respectively.

Increasing Importance

Attendance by the ranking London representatives of each country apparently indicated the increasing importance of the current stage of the negotiations. Assistants have sat in at most previous meetings.

The decision to consider each colony individually is important because it means that agreement on any one will avoid the need for referring it to the United Nations General Assembly if differences come up over the others.

Under the Italian peace treaty, the disposition of the colonies will be tossed into the lap of the General Assembly if the Big Four fail to agree.

Various interested governments which signed the peace treaty with Italy have submitted their views to the deputies. Five eastern European nations of the Soviet bloc favor returning the colonies to Italy for administration under United Nations trusteeship accords.

British Trusteeship Plan

The British dominions — India, Pakistan, Canada, South Africa, New Zealand and Australia—are divided. Some favor returning Somaliland and Eritrea to Italy. Most of them want British trusteeship over Libia or parts of Libia.

The African states of Egypt and Ethiopia oppose Italy's return to their continent.

The Netherlands, Belgium and Greece do not appear to have determined whether Italy or the United Nations should assume trusteeship control over the colonies.

7 More Superforts Reach Europe

Prestwick, Scotland, Aug. 9 (AP). Seven B-29 Superfortresses of the United States 2d Medium Bomber Group landed here today, en route from Tucson, Ariz., to RAF stations in southern England.

Nine big bombers, vanguard of a total of 30 making the trip, reached Lakenheath yesterday. The remaining fourteen planes are expected within the next day or two. That will boost to 90 the number in Britain for joint training with the Royal Air Force.

Sixty of the bombers which arrived here last month were due to fly over London today, but the flight was canceled because of weather.

7 More Bombers Land In England

Lakenheath, England, Aug. 9 (AP). Seven United States Superfortresses landed here tonight, bringing to 74 the total of B-29 bombers in England. Another fourteen are due in the next few days for joint training with the Royal Air Force.

The giant planes landed at the Lakenheath RAF station after a stop at Prestwick Airport in Scotland for refueling. They flew here from their base in Tucson, Ariz.

W. Stuart Symington, United States Secretary for Air, and Gen. Hoyt Vandenberg, chief of the United States air staff, will fly to Lincoln and Norfolk tomorrow to inspect airfields where some of the American bombers are based.

Tomorrow night or Wednesday morning the two air officials will fly to Wiesbaden, Germany, which is United States air headquarters for Europe. From there they probably will go to Berlin for conferences with Gen. Lucius D. Clay, United States military commander, concerning the United States airlift operation which now is supplying the Russian-blockaded city.

Later in the week Symington and Vandenberg "may go to the Middle East," Vandenberg's aide, Col. Robert Martin, said.

NENNI ARRIVES IN MOSCOW

Pro-Soviet Italian Socialist Had Visited Leningrad

LONDON, Aug. 9 (AP)—The Moscow radio said tonight that Pietro Nenni, leader of Italy's pro-Communist Socialist party, had arrived in the Soviet capital. He went to Moscow from Leningrad, the broadcast said.

The broadcast was the first disclosure that Signor Nenni, who has been on a tour of Eastern Europe, was in the Soviet Union.

He spent Aug. 6 and 7 in Leningrad, it said, and since arriving in Moscow had visited Lenin's tomb and other points of interest.

There was no mention of conferences with Russian officials.

10,000 French Protest Bill

Paris, Aug. 9 (AP)—French Communist labor bosses pulled 10,000 northern coal miners out on strike today in protest against Premier André Marie's economic reform bill.

The walkouts were announced as only temporary, with the longest of the scattered strikes being set for 24 hours.

The miners left the pits as the National Assembly neared the end of its debate on the measure to give the French Cabinet wide powers to decree economic and financial laws.

Could Overhaul Tax System

Under the bill the Government could order economies in the army and civil service ranks and overhaul the tax system. Paul Reynaud, Finance Minister, would be permitted to suppress some taxes and increase others.

Legislative leaders agreed to this latter clause with the proviso that the Assembly would have ratifying powers on any such tax decrees when it takes up the budget in December.

Approval Expected

In view of this compromise, it generally was expected that the Assembly would approve the bill by a large majority. The Assembly recessed late tonight and the chairman ordered debate resumed tomorrow.

The deputies adopted several of the articles of the bill by a show of hands and sent others back to committee for technical changes.

The measure is vague about what reforms the Marie Cabinet will push, but it aims at giving the executive branch of the Government the means to act more quickly than the legislative branch can.

Reform-Bill Debate Continued By French

Paris, Aug. 9 (AP)—The legislature continues debate today on Premier Andre Marie's reform bill. The measure is designed to give the executive branch wide powers to deal with the nation's financial crisis.

Communists led the attack on the bill in yesterday's long session charging that it was "one more sign of France's submission to America." They claimed it usurped powers of the legislature. Their efforts to kill the measure were beaten off.

Finance Minister Paul Reynaud defended the bill. He said it was aimed only at getting France back on her feet in preparation for the day when European Recovery Program dollars stop.

Measure Called Vague

The bill is vague and general in its terms. Among other things it would allow the Cabinet to overhaul the tax system and to order military and civil service economies.

The Socialists, Popular Republicans and Radical Socialists making up Marie's coalition Cabinet already have made many amendments.

Reynaud has declared he would resign if the measure is too badly mutilated. He predicted a budget deficit for 1949 of 700 billion francs ($2,330,000,000) unless stringent economies are effected.

If Aid Should Stop

"If the Americans suddenly got tired of paying six per cent of their taxes for European aid," he told the Assembly, France would lose 40 per cent of her raw material imports and 700,000 tons of cereals; coal stocks would fall 15 per cent, oil stocks 80 per cent and textile production would go down 65 per cent.

American dollars, he warned, will not be available forever and it is up to France to get ready for the time when they are not.

Several thousand miners went on a 24-hour strike in the northern French coal fields to protect the reform bill. The miners' unions are largely Communist-led.

500,000 Strike in French Zone

TUEBINGEN, Germany, Aug. 9 (AP).—About 500,000 Germans struck for twelve hours today in southern Wurttemberg against the French industrial dismantling plan. The walkout of factory and office workers and civil servants paralyzed the French-zone state. German police said the general strike passed without incident.

REDS FORTIFYING GERMAN ZONE LINE

G. BRIA H

Reported Installing Rocket Guns, Concentrating Strong Forces

BERLIN, Aug. 9—(AP) Russian army commanders were reported today to be concentrating strong forces, building defenses and sending weapons, including rocket guns, to the border between the Soviet occupation zone and western Germany.

The reports came from the British-licensed newspaper Telegraf and from a German journalist who said he fled Russian arrest. The Telegraf quoted Germans who said they were pressed into service by the Russians.

At Hof, along the American-Russian zonal frontier, German and U. S. border officials said, however, they had no indication the Russians were erecting weapon points there.

Border Controls Tightened

It was difficult to assess the meaning of the reports. Troop activity could be normal maneuvers. American officials said tightening of frontier controls has been going on for months to cut down the flow of illegal German border crossers.

Commenting on the Telegraf's account, an American military government official in Berlin said: "We can't say precisely what it means because the Russians always have liked to put up such physical barriers."

The German journalist, Alfred Bienert, 29, evaded border police in a weekend flight with his wife. He said in Hamburg that strong Soviet forces were concentrated 30 miles east ofe the British zone and contended border control points had been strengthened with both German and Red army guards.

Bienert also brought fresh reports of a critical food shortage in the Soviet zone. He said only about three ounces of the official 10-ounce monthly fat ration is being delivered and that sugar and cheese are being substituted for some missing items.

As the Berlin blockade passed its 45th day, Dr. Ferdinand Friedensburg, Christian Democrat deputy mayor of Berlin, said the city government was marking time to "avoid hasty actions that might prejudice the negotiations in Moscow."

While diplomats of the western powers met for three hours in the Russian capital with Soviet Foreign Minister V. M. Molotov, German leaders went ahead with plans to prepare a draft constitution for a west German government.

The Russian-controlled German press has been vehement in its denunciation of plans for a separate west German government and has accused the western powers of "splitting" Germany.

Meeting Scheduled Today

A German official in Frankfurt said there has been no halt in plans for the Government despite the Moscow talks. He added: "We won't stop unless the Allied military governors order us to do so."

Representatives of the eleven states of the United States, British and French zones will meet in Bavaria tomorrow to thrash out their ideas of just how western Germany should be organized.

Progress of the Moscow negotiations to settle the German problem was the subject of a conference in London between Ernest Bevin, British Foreign Secretary, and Paul-Henri Spaak, Belgian Premier. Informed sources said they spent two hours discussing the negotiations.

An American public-safety official in Berlin said a protest was planned against seizure by the Russian sector police of eight policemen from the western sector forces, most of them on "trumped-up charges of theft." The arrests occurred since the city's police force split into two rival factions two weeks ago.

In Germany

Berlin, Aug. 9 (AP)—The British-licensed newspaper *Telegraf* said today the Russians are digging trenches and mounting weapons, including rocket guns, on the border between the Soviet occupation zone and western Germany.

The newspaper reported feverish activity in woods along the zonal frontiers where, it said, Russian engineers and construction troops are "building a security border."

Telegraf said it obtained this information from Germans who were pressed into service to help dig trenches "and when released were warned not to mention anything."

More B-29's Due

This development came as the Russians hurled new threats at Berlin's anti-Communists, and the United States headed more Superfortresses and its ranking air chiefs toward Germany.

American military officials here said they could not confirm the *Telegraf* report. But they added that frequent reports have been received of the Russians' strengthening their border installations. These activities were said to include construction of watch towers, fencing and formidable road barricades.

"We can't say percisely what it means," one official said, "because the Russians always liked to put up such physical barriers. However it is known that several months ago they sharply tightened their border controls to stop the flow of Germans from their zone into the American zone.

Traffic Is Reduced

"This illegal traffic had ranged around 10,000 persons per month—people seeking better living conditions in the west or just trying to get out of the Russian zone. New Russian controls have sharply reduced that traffic."

The borders between the Russian zone and the British-American zone have been virtually sealed for two months. The Russians first stopped interzonal travel and transport, allegedly to protect their zone's economy. When the Russian imposed their blockade of Berlin the Western powers retaliated by halting railway traffic from the west into the Soviet zone.

Only a trickle of German road and pedestrian travel now gets through the scattered control points.

Violations Are Charged

Pravda, meanwhile, published prominently a Berlin dispatch charging American and British airmen with 62 flying violations in the air lift to Berlin. The Communist party newspaper singled out instances of alleged violations by fighter planes as well as cargo ships.

Only Friday, the official Soviet news agency here said American and British planes running supplies to Berlin could be forced down for flight violations. An American Air Force official retorted that "things are going to be pretty rough around here" if the Russians try.

A food crisis in the Soviet zone was indicated. The Russian-controlled press reported strong measures against food hoarders. Farmers and distributors who conceal their stocks or sell them in the black market are being jailed.

AUG 1948

The diplomatic maneuvering in Moscow toward Big Four talks on Germany and possibly all European problems was at a temporary standstill.

Anti-Communists Threatened

The Russians stepped up their campaign to intimidate Berlin's anti-Communists, who are opposing Communist attempts to take over the entire city.

Noting the economic hardships resulting from the blockade, the official *Taegliche Rundschau* threatened worse things to come unless the anti-Communist city government yields to demands that Berlin be incorporated into the Soviet occupation zone.

The American-licensed *Tagesspiegel* said "a number" of German police officials serving the western Berlin police force have been arrested by rival police of the Soviet sector. The newspaper said some were seized in their homes and were carried off without even having a chance to dress.

At Least Six Held

American public-safety officials said they understood "at least two "Western-sector policemen were seized by Russian-controlled police during the week end. This would make six being held hostage by the Russian-sector forces. They arrested four last week, these officials said.

AUG 1948

Paul Markgraf, Moscow-trained police chief of the Eastern sector, has threatened to seize "reactionaries" any policemen formerly under his command who pledged allegiance to the rival Western-sector police. So far, Western-sector authorities have taken no reprisal action.

Of the Russian pressure campaign, the British-licensed *Telegraf* said:

"These are facts which should wipe out all illusions about the Soviet readiness to negotiate a real understanding. While the talks are going on in Moscow, the Russians act on the spot here."

More Super-Forts Arrive

The United States acted, too. Nine B-29 Superfortresses landed in England en route to Germany. Twenty-one others are expected today. They will replace the 301st Bomb Group of B-29's, which has been based in Germany, maintaining at 90 the number of Superfortresses now in Europe.

30.24- 19641

In London and heading for Germany for an on-the-spot check of the flying supply line to Berlin are Secretary for Air W. Stuart Symington and Lieut. Gen. Hoyt S. Vandenberg, chief of staff of the Air Force.

The arrival of these high-ranking figures at this time touched off speculation in London that their purpose is:

1. To underline to the Russians the American determination to maintain and increase the air lift as long as the Russians continue to block the surface routes to Berlin from the western zones of Germany.

2. To plan for the future, including the coming winter, if no agreement is reached.

Symington and Vandenberg said they will fly to Germany within a few days to investigate the problems facing the American airmen and what further assistance is needed.

Two Confer With Douglas

Almost immediately after arriving in London, the two called on United States Ambassador Lewis W. Douglas. Douglas, with French Ambassador Rene Massigli and Sir William Strang, of the British Foreign Office, planned the details of the current Western approach to the Russians in Moscow.

In Moscow, the diplomats of the United States, France and Britain apparently took time out during the week end to study their next moves. They met Friday night with Soviet Foreign Minister V. M. Molotov to explore the prospects of ending the East-West deadlock. And yesterday one of the Western diplomats received a reply from his Government to his message outlining the Friday night meeting.

Rail Order?

Berlin, Aug. 9 (AP)—An unconfirmed report circulated in Berlin tonight that the Russians have ordered German rail officials to stand by for possible reopening of the railway between the Western zones and blockaded Berlin.

W. T. Babock, United States deputy commander in Berlin, said he had heard the story from a usually "fairly accurate" German source.

Since the purported Russian order has not been seen by Allied officials, Babcock added, it can only be classified as "pure rumor."

SOVIET PUSHES HUNT FOR FOOD HOARDERS

BERLIN, Aug. 9 (AP)—The Soviet-licensed trade union newspaper Tribuene urged Germans in the Soviet zone today to help track down concealed foodstuffs and consumer goods.

The Russian drive against hoarders and black marketeers, apparently to combat shortages in the Russian zone, first was revealed yesterday by the Soviet-licensed German news agency ADN.

The Tribuene said large amounts of hoarded foodstuffs and wares had been found during investigations made in various factories in the towns of Gransee, north of Berlin, and in Finsterwalde and Jueterbog, south of Berlin.

The newspaper, official organ of the Communist-dominated Free German Trade Union Federation, listed hundreds of yards of cloth, rugs, wool, furniture, nails, meat, sausage and other goods as having been confiscated.

It credited the workers' council in a factory in Rhinow, Brandenburg state, with having discovered an "extensive store of hoarded raw materials," mainly iron, aluminum and lead. The factory owner was arrested, it said.

The searches were carried out by the so-called "People's Control Committee," a Communist action group that has broad powers to act against what it regards as 'economic saboteurs."

Would-Be Stowaway Fails For Fourth Time

Bremen, Germany, Aug. 9 (AP)—A young German who tried four times to stow away to the United States faced an American Military Government court today.

Erich Heinrich, 17, wants particularly to go to Texas. He was returned here from Galveston where he was discovered on shipboard during his latest unsuccessful stowaway attempt.

The United States court was told that Heinrich was adopted as a mascot by American soldiers during and after the war and wanted to rejoin some of them in the United States.

The judge, dismissing charges of attempted illegal immigration, commented "it is terrible that people cannot be allowed to live where they want."

A court officer said he is attempting to arrange legal immigration for Heinrich. He said a wealthy Texan, who asked to remain anonymous, has offered to adopt the orphan boy.

Red Troops Grab Man in Vienna

Vienna, Aug. 9 (A. P.).—Vienna police said Russian soldiers arrested an unidentified man today in the British zone of Vienna. The British were reported planning a protest.

Youths With U.S. Flag Shout Aid-Plan Protest In Warsaw

Warsaw, Aug. 9 (AP)—Twelve persons marching behind an American flag joined demonstrators here yesterday in shouting "Down with the Marshall plan, down with American imperialists."

The parade by 1,000 youths from 50 nations was part of the Communist-backed International Conference of Working Youth. It opened a six-day session yesterday.

American representation is confined to Americans long in Europe. Convention officers declined to reveal the names of the American group. The United States State Department denied passports to the officially elected delegation on the grounds their attendance would not contribute to the interests of the United States.

Soviet Union Cheered

After the parade, the delegates swarmed into Warsaw's Roma Auditorium chanting "Glory to Stalin" and cheering the Soviet Union as

Among the states represented the bulwark of peace.

Guy de Boisson, of France, president of the World Federation of Democratic Youth, presides over the conference.

It plans to draft a world youth charter for presentation to the United Nations.

Poles, Czechs Plan Increase In Trade

Warsaw, Aug. 9 (AP)—Poland and Czechoslovakia have completed plans to step up trade and the interrelation of their industries during the next five years.

A communiqué issued after a meeting of the Polish and Czechoslovakian Economic Council here Saturday said trade would reach 9,000,000,000 crowns ($180,000,000) annually by 1953. In the last year trade between the two countries reached 3,000,000,000 crowns ($60,000,000).

The council agreed to broaden rapidly the common production program in industries along the Czech-Polish border. Poland will supply the raw materials and Czechoslovakia the machinery. Rail, highway and water transport between the two countries also will be increased.

Czech Factories Blast Tardy Workers

Prague, Aug. 9 (AP)—Strenuous efforts are being made to reduce absenteeism and late arrival for work in Czechoslovakia's nationalized industries, Premier Antonin Zapotocky has denounced latecomers as "saboteurs" of the nation's economic efforts.

Propaganda is the chief weapon being used in an effort to cut down these figures. At some factories, loudspeakers have been set up, with a union leader at the microphone. Late arrivals may hear something like this: "Well, Comrade Svoboda, we hope this will be the last time you are late to work," or "Oh, Miss Cerna, we cannot imagine what made you fifteen minutes late today."

Civilian Protection High On Red Cross Agenda

Stockholm, Aug. 9 (AP)—The International Red Cross said tonight a new international convention for the protecting of civilians during wartime will be high on the program of its coming conference.

Ian van der Muehl, information director of the Red Cross International Committee, said the new convention already has been drafted and will go to the conference for approval.

About 500 delegates from 66 member countries are expected to attend the 10-day conference which opens August 20. Russia and the countries in her Eastern orbit have not yet replied to invitations.

Signatories of the proposed convention will pledge themselves to allow no taking of hostages, no deportations, no torture and no arrests without charges.

U.S. OFFERS PROPOSALS FOR DANUBE

Demands Include Guarantee Of Free Use Without Discrimination

Belgrade, Yugoslavia, Aug. 9 (AP). With little hope of success, the United States today introduced its major requirements for a new international pact on control of Danube River shipping.

They represented, as a whole, the American price for any agreement with eastern Europe's Communist bloc which would open the Danube to unrestricted traffic from Germany to the Black Sea.

The United States list of musts was presented in the form of amendments to a Soviet draft plan for a Danube convention which would give the Communist states exclusive control over the waterway.

Britain, France Also File

Britain and France filed several amendments along parallel lines. Members of the Western powers' delegation, outnumbered seven to three, held a series of private meetings today to chart a unified course of action when detailed debate on the Soviet plan opens tomorrow.

The major terms upon which the Western powers will insist — and their differences with the Russian draft—are these:

1. Hard and fast guarantees of free navigation for vessels of all nations on a footing of entire equality without discrimination.

The Soviet plan pledges free navigation, but sets up a system protecting the sovereign rights of the Danube states over the waters in their own territory and safeguarding preferential shipping pacts which Russia has with its Balkan neighbors.

2. Creation of an eleven nation Danubian commission upon which the three major Western powers and Austria would have seats.

The Soviet plan would limit membership to the Danubian countries and would bar Austria until that country receives a peace treaty.

3. Require ratification by all ten participating countries before the convention could go into effect.

Under the Russian proposal it would become effective as soon as it has been approved by six of the seven Danubian countries.

Austria is represented at the conference only as an observer and has no vote.

The conference met only briefly today. It voted to permit the press and public to attend committee sessions.

Danube Talks In Recess For Amendments

Belgrade, Yugoslavia, Aug. 9 (AP). The Danubian Conference quit work for 24 hours today to await amendments to the Soviet-sponsored pact, which would place the waterway under the exclusive control of eastern Europe's communist states.

The United States delegation planned to introduce a series of amendments. In general, these will call for creation of an eleven-nation international commisssion with broad powers to insure "free and open" navigation on the Danube.

Under the American proposals, the commission would include the Danubian states and the Western powers, with Austria getting a seat immediately and Germany when a peace treaty is concluded.

The conference decided to permit the press to attend the general committee meeting at which the amendments will be considered.

Rebels Admit Greek Gains

Athens, Aug. 9 (AP)—Markos Vafiades's Communist guerrillas fought today with their backs to the Albanian border as Greek army units drove deeper into the Grammos Mountains, front dispatches said.

[A guerrilla broadcast conceded the rebels were making withdrawals but said these were "in order and in accordance witn the plan outlined." The broadcast was reported by the Soviet news agency Tass, in a Belgrade dispatch.]

Greek army units were reported to have made new gains north of the Sarandoporos River, at the southwestern end of the front. There Greek troops attack strong guerrilla positions at Zegma and Bouketski. The army also neared the peak of Mount Liokos.

U.N. Observers Wounded

Greek troops on the northeastern sector already have reached the Albanian border.

American, British and Dutch members of the United Nations special commission on the Balkans hurried to northern Greece, where an American and a British United Nations observer were wounded by guerrilla mortar fire yesterday.

The commission identified the victims as United States Lieut. Col. Richard J. Darnell and British Major A. W. Fielding. They were taken to a military hospital in Salonika. A Greek source said Fielding received superficial wounds and Darnell was reported more seriously hurt but out of danger.

[United States Army officials in Washington said Darnell's home was in Spokane, Wash.]

Near Border Junction

The observers were hit near the junction of the Bulgarian, Yugoslav and Greek borders as they were traveling along a road north of Levadia, Greece. Greek sources said the mortar fire came from inside Bulgaria.

The incident was the second in three days in which a United Nations observer has been wounded. A Chinese was injured August 6.

Greek Rebels Fire Wounds U.S. Colonel

Athens, Aug. 9 (AP)—Two United Nations observers, one American and one British, were wounded by guerrilla mortar fire yesterday near the junction of the Bulgarian, Yugoslav and Greek borders.

The United Nations special committee on the Balkans identified the victims as United States Lieut. Col. Richard Darnell and British Major A. W. Fielding.

The United States Army and Air Force register lists a Lieut. Col. Richard J. Darnell, 31, a native of Washington State and a 1940 graduate of the University of Idaho. His decorations include the Silver Star, Bronze Star Medal and Purple Heart with Oak Leaf Cluster.

Fire "From Bulgaria"

Greek sources declared the mortar fire came from inside Bulgaria. The officers, members of one of five United Nations observation groups in northern Greece, were traveling along a road north of Levadia, Greece.

They were taken to a military hospital in Salonkia. A Greek source said Fielding suffered superficial wounds. He said Darnell was more seriously hurt but out of danger.

Representatives of the United States, British and Dutch UNSCOB delegations went from Athens to investigate. It was the second time in three days that UNSCOB observers have been wounded. A Chinese was injured last Friday.

Guerrillas "Squeezed"

Meanwhile, front-line dispatches said the Greek Army tightened and shortened the semi-circle squeezing Communist guerrillas in their Grammos Mountains positions. Advances were reported north of the Sarandoporos River, at the southwestern end of the army front.

The dispatches said army units attacked Zegma and Bouketsi, strong guerrilla positions. The troops also took Paliomonastirion, Priaskon and Klissia and reached a point near the peak of Mount Llokos, the accounts said. On the northeastern sector the army reached the Albanian border yesterday.

[A broadcast order by Markos Vafiades, Communist leader, admitted today guerrilla withdrawals from Mounts Kleftis, Orpphet Elias and Tabouri to the Grammos sector, saying these were accomplished "in order and in accordance with the plan outlined." The order was reported by Tass, Soviet news agency, in a Belgrade dispatch recorded in London.]

Soviet Move Blocked

Meanwhile a Greek ship owner said today the Greek general staff had blocked Soviet efforts to charter Greek ships to transport crude oil from Albania to Black Sea ports and gasoline from the Black Sea to Palestine.

The informant said a Russian representative succeeded in signing up one tanker but that the general staff refused clearance on the ground Greece has not resumed diplomatic relations with Albania.

He said the Soviet move came after Albania had cut off her shipments of oil to Yugoslavia after the Cominform's attack upon Yugoslavia's Communist leadership.

WEST ENVOYS SEE MOLOTOV

E. Gilmore

Western Diplomats Believed To Have Heard Soviet Views

By EDDY GILMORE

Moscow, Aug. 9 (AP)—American, British and French diplomats conferred for three hours tonight with Vyacheslav M. Molotov, Soviet Foreign Minister. They were believed to have heard Russian views on proposals for negotiating East-West differences on Germany and perhaps all of Europe.

Walter Bedell Smith, United States Ambassador; Frank Roberts, British special envoy, and Yves Chataigneau, French Ambassador, left the Kremlin at 7.54 P.M.

All three appeared in good spirits. As was the case after the previous conferences here, the Western envoys had nothing to divulge beyond the fact that they had seen Molotov.

Later Talk At Embassy

Subsequently, Smith, Roberts and Chataigneau met at the British Embassy, just across the Moscow River from the Kremlin, for a conference among themselves. Advisory staffs of all three missions were at the embassy awaiting their arrival.

The British Embassy meeting was believed concerned with the informative telegrams the envoys will send their home governments concerning their talks with Molotov. Previously the envoys' post-Kremlin sessions were held at the United States Embassy.

An informed source described tonight's meeting with Molotov as one of the most important held thus far in the negotiations which have been in progress here for more than a week.

Two Take Translators

As in earlier talks Smith went to the Kremlin alone, while Roberts and Chataigneau took translators. Smith conferred with Roberts for more than an hour before going to the Kremlin.

The three Western envoys had met with Molotov Friday evening and a week ago had talked with both Molotov and Prime Minister Stalin.

A cloak of secrecy has covered all phases of the negotiations.

The meeting in the British Embassy lasted 45 minutes. The Western envoys then went to work on their reports to their home governments.

Another Talk Probable

It appeared there would be at least one more meeting with Molotov before the conclusions of the conversations are taken to Stalin.

The next meeting probably will take place after Washington, London and Paris have messaged back and Molotov once more is available. Asked if there would be more meetings, one authoritative source said: "Yes, I suppose so."

Apparently the envoys and Molotov now are down to real issues and are discussing how to end the stalemate in Berlin and the entire German question. The urgency with which the Western diplomats went about preparing their reports indicated the importance of tonight's talks.

AUG 10 1948

In Moscow

Moscow, Aug. 9 (AP)—Envoys of the United States, Britain and France entered the Kremlin this afternoon for their fourth conference within eleven days.

United States Ambassador Walter Bedell Smith led the procession into the Russian seat of government at 9.50 A.M. (E.D.T.). He was followed by Frank Roberts, special British envoy and private secretary to Foreign Secretary Ernest Bevin, and by French Ambassador Yves Chataigneau.

To See Molotov

They were to see Foreign Minister Molotov, with whom they conferred Friday evening, presumably about the Berlin blockade, the German problem and perhaps other differences dividing the West and East. They talked last Monday night with Molotov and Premier Stalin.

Smith conferred with Roberts more than an hour before going to the Kremlin.

May Set Policy

An informed source said the Kremlin session is expected to be one of the most important meetings so far and may well determine the course of the entire series of talks.

It was a bright, warm afternoon as Smith's long, black automobile, flying a big American flag, drove through the Kremlin gates. The Ambassador joked with an aide as he ltft his Embassy. Once more he went in the Kremlin alone, while Roberts and Chataigneau took translators.

Romanian Vote To Join Russ Is Rumored

E Gilmore

Istanbul, Turkey, Aug. 9 (AP)—Romanian refugee sources here said today Romania will decide in a plebiscite on August 23 whether to become a member of the Soviet Union.

These sources quoted persons reported just arrived from Romania. There is no way to confirm the report here, but there have been persistent rumors that such a vote was contemplated.

The newspaper *Cumhuriyet* said it had been informed that many thousands of persons opposed to the plebiscite have been arrested since early July and all but four Bucharest movie houses have been taken over as prisons.

Bucharest "Surrounded"

The refugee sources said four divisions of Russian troops have virtually surrounded Bucharest and have strengthened garrisons in other cities.

Cumhuriyet said the Minister of Justice (according to the latest reports from Bucharest the Minister of Justice was Avram Bunacio) had opposed the plebiscite and that he and his wife had been deported to Russia.

Opposition To Vote

The Minister of the Interior and the Secretary of the Romanian Communist party also were reported opposed to the vote and have been under close surveillance of Soviet police, the paper said.

Quoted reports from the refugees said the Romanian Parliament would be dissolved in the event a plebiscite favored annexation to Russia and that delegates to Moscow would be named instead.

[In elections last March 28 the Communist-dominated Government bloc parties polled 92 per cent of the vote in Romania and won more than 400 of the 414 seats in Parliament.]

ARABS UNDECIDED ON ISRAELI PLEA FOR PEACE TALKS

M 13070

CAIRO, Aug. 9—(AP) An Arab League official said today the Arab nations had not yet made a decision regarding an Israeli bid for peace talks.

Abel Moneim Mustafa Bey, head of the Arab League's political department added, however, that an indication of the probable Arab reply could be found in the fact that since 1939 the Arabs have refused to have any conference or other direct contact with Zionists.

He said the U.N. mediator, Count Folke Bernadotte, in conveying the peace bid from Israeli foreign minister Moshe Shertok, told the Arab governments Israel expects an Arab reply "as soon as possible."

Arabs to Confer

The Arab spokesman said the political committee of the Arab league plans to meet before the September session of the U. N. General Assembly in Paris to study questions to be raised by the Arabs at the assembly. Among these questions he listed Palestine, Libia, and a recommendation for an Arab country to succeed Syria on the Security Council.

In Jerusalem, U. S. consul general John J. MacDonald has protested to the Jewish military governor of Jerusalem over shots fired at Americans and at cars flying the U. S. flag.

He protested specifically an attack on Joseph M. Przywatowski, a civilian consulate guard, who was shot in the arm last week while driving to Kalandia Airport. He also protested similar incidents of recent days.

MacDonald and his military attache, Maj. Nicholsa Andronovitch, said they were fired on July 29 by Jews at the same place where Przywatowski was shot.

'Coups' Rumored

Count Bernadotte said at his Rhodes headquarters "there are rumors of impending coups by irregular elements" in Palestine. "These irregular elements are alleged to be uncontrollable," he said, "or to be used as spearheads of regular forces". He did not identify the "irregular elements," but his statement was interpreted to mean the Jewish extremist organization, Irgun Zvai Leumi.

He urged the demilitarization of Jerusalem as the "best remedy for this tense situation."

Bernadotte Tours Shrines

Bernadotte arrived in Jerusalem today to begin discussions with Arabs, Jews and the truce commission on the demilitarization of the holy city, plans for the city's water supply and truce observation. After arriving, he toured Jerusalem's religious shrines.

He will see Bernard Joseph, the Jewish military governor, and commanders of the Arab Legion tomorrow. On Wednesday he plans to inspect the Latrun area, where Arabs blockaded the Jewish supply line from the coast during the fighting.

Some sniping and shelling occurred today in Jerusalem. Jewish army sources said a number of 2 and 3-inch mortar shell fired by Arabs fell on Jewish-held positions on Mount Zion. One source said three Jews and fifteen Arabs were wounded during the past 24 hours.

Twenty-four of France's 125 observers arrived in Haifa, and French spokesmen said the remainder will arrive by the end of the week. Forty-seven U. S. observers are expected in Haifa tomorrow.

The Soviet Union's envoy to Israel, Pavel Ivanovitch Yershov, arrived in Haifa aboard a Russian ship. He was greeted by a guard of honor. He and his party proceeded to Tel Aviv with a military escort.

Israeli officials at Lake Success said they are preparing Israel's application for United Nations membership. They added the formal bid may not be submitted until the general assembly meets in Paris Sept. 21.

Found on Arab Violence.

American consular officials who visited an Arab legion command post on Saturday said Arab troops have been given orders not to fire, even if they are fired on.

One of these consular officials said: "While we were there in the presence of United Nations officials, we did not hear a single Arab shot, but there was incessant automatic fire from the Jewish lines."

McDonald and his military attache, Major Nicholas Andronovitch, said they were fired on July 29 by Israeli at the same place where the shooting of Przywatowski occurred.

Consul Charges Israeli Fired On American Cars

MacDonald's Protest Says Consulate Guard Was Hit — Cites Other Incidents — Military Governor Blames Arabs

Jerusalem, Aug. 9 (A. P.).—United States Consul General John J. MacDonald has protested to the Israeli Military Governor of Jerusalem over shots fired at Americans and at cars flying the United States flag.

"There is no doubt that Jewish guns have fired on United States cars with United States flags six times in recent days," United States Consular sources said.

Joseph M. Przywatowski of Chester, Pa., a civilian consulate guard, was shot in the arm last week while driving to Kalandia Airport for a flight to Cairo. The attending doctor said a dum-dum or some other sort of explosive bullet hit him.

MacDonald protested specifically over this attack and against similar incidents of recent days in a message to Dr. Bernard Joseph.

The Israeli military governor replied: "If an American car was fired on, it was during a Jewish reply to Arab sniping, which was in violation of the truce."

Believed To Be Irgun

Bernadotte did not identify these "irregular elements." His statement was interpreted here to mean the Jewish extremist organization, Irgun Zvai Leumi.

Officially, Irgun has been absorbed into the Israeli Army, but Irgun forces have clashed with Haganah units. Irgun demands all of Trans-Jordan and Palestine for the Jews.

Of the general Palestine situation, Bernadotte said:

"On a Government level, both sides desire to continue the peace. An adequate supervision is all the more necessary as there are signs of tension resulting from a lack of trust in the good faith of the other party, and from a fear that hostilities may shortly be resumed, despite the truce ordered by the Security Council."

Both Sides Agree To Talk

Bernadotte said both Arabs and Jews have agreed to begin talks "with a view to making arrangements to keep Jerusalem out of the conflict."

In Amman, Trans-Jordan, King Abdullah discussed the Jerusalem situation yesterday with United Nations representatives and his highest military advisers.

Arab medical authorities in Amman reported an outbreak of typhoid among 12,000 refugees in the Ramallah area, north of Jerusalem.

Plans For Coups Reported By Bernadotte

Rhodes, Aug. 9 (AP)—Count Folke Bernadotte says "there are rumors of impending coups by irregular elements" in Palestine.

"These irregular elements," the United Nations mediator said yesterday, "are alleged to be uncontrollable, or to be used as spearheads of regular forces."

He urged the demilitarization of Jerusalem as the "best remedy for this tense situation."

10,000 Jews Expected To Immigrate Monthly

Tel Aviv, Palestine, Aug. 8 (AP)—Plans for the arrival of 10,000 Jewish immigrants monthly beginning this month were announced today by Dr. Joseph Schwartz, European director of the American Joint Distribution Committee.

Dr. Schwartz said at a news conference the immigrants will sail from ports of assembly in Europe. He estimated 600,000 of the 700,000 Jews now in Europe will emigrate to Israel, including 250,000 displaced persons who will be given priority. The figures do not include the Jews of the Soviet zone of Germany, he said.

The migration will cost $1,250,000 a month, or $125 per person, Dr. Schwartz said.

Soviet Mission Reaches Tel Aviv

Tel Aviv, Palestine, Aug. 9 (AP)—The first full diplomatic mission to Israel arrived tonight from Russia headed by Soviet Minister Pavel Ivanovitch Yershov.

The Soviet party totaled seventeen persons including three attachés and three secretaries. They arrived at Haifa today aboard the Russian steamer Nakhodka.

Three Dead In India Rioting

Bombay, India, Aug. 9 (AP)—Reports reaching Bombay tonight said Sikhs killed three Moslems and wounded six others this morning during communal disturbances in Baneli, 30 miles away.

Irrigation In India

New Delhi, Aug. 9 (AP)—The more irrigation project will bring under cultivation 600,000 acres of land and yield about 70,000 tons of rice annually. It is expected to cost the Government $21,000,000.

Chiang Seeks Co-Operation

Nanking, Aug. 9 (AP)—President Chiang Kai-shek today flew to Kuling, China's summer capital, after an hour-long appeal to the Kuomintang Central Political Committee for co-operation.

The Generalissimo and Madame Chiang took off into storm-filled skies. Within an hour after their departure one of the heaviest wind and electrical disturbances of the season struck Nanking.

Chiang's meeting with the committee was secret but informed sources said he told its members that "groundless rumors" have weakened "our battlefront troops and shaken the faith of the Communist-suppression campaign."

Curfew In Manchuria

Meanwhile reports in Nanking were that Mukden and other parts of Nationalist-controlled Manchuria had been placed under strict curfew by Chiang because of student demonstrations.

At the same time the Central News Agency said the Reds had resumed the bombardment of starving Changchun, dropping mortar and artillery shells into the city from Tafansheng Airfield.

Official military dispatches said the Reds were withdrawing from the steel town of Anshan south of Changchun. The reports said the Reds dismantled key machines in Anshan and transported them to the Korean border city of Antung.

China To Claim Area Along Burma Border

Nanking, Aug. 9 (AP)—A Chinese Foreign Office said yesterday that China is preparing to claim 40,000 square miles of territory along the disputed China-Burma border. (The area is the size of the State of Kentucky).

The source said a boundary commission headed by Fu Chiao-Chin, director of boundaries in the Interior Ministry, had just completed an arduous 380-mile trek along the border from near Fort Hertz to wanting.

The boundary mission was said to have worked through continual torrential rains and to have fought off three attacks by the savage tribesmen of the area.

Communists Reported Repulsed At Changchun

Sanghai, *Tuesday*, Aug. 10 (AP)—Advance elements of a huge Chinese Communist force encircling Changchun drove into the Manchurian capital Monday but were finally repulsed, a dispatch from Mukden said today.

The Chinese news dispatch, to the *Shun Pao*, said about ten Red divisions and an artillery regiment had been mustered on Changchun's outskirts.

Another dispatch from Hankow, Central China, reported Communists have captured Tangyang in northwestern Hupeh province some 150 miles west of Nanking. The dispatch said five to six thousand Reds attacked the city Sunday and entered it on Monday. It did not say whether Tangyang's Government garrison fought or withdrew.

From Peping, Spencer Moosa, Associated Press correspondent, reported Government claims of "good progress" against Red forces in eastern Hopeh province. Pro-Govrnment reports in Peping said the Reds suffered 7,000 casualties in a clash last Friday night south of the Great Wall town of Hsifengkou, 110 miles northeast of Teintsein. (Each side usually exaggerates the other's losses, however).

CHINA HUNGER TOLL CITED

500 Dying Each Day in or Near Changchun, Paper Reports

PEIPING, Aug. 9 (AP)—Five hundred persons a day are starving to death in Communist besieged Changchun and its environs, the newspaper Shih Chieh Jih Pao said today.

Within the Manchurian city 200 are dying daily from hunger, the newspaper said, and in the no-man's land around 300 more are dying.

The people, trapped between National and Communist forces, are having a hard time because neither side will admit many through its lines. The current safe-conduct cost for six persons through the Communist lines is reported to be a pistol.

Burma Port Trouble Delays Rice Shipments

Singapore, Aug. 9 (AP)—Troubled conditions at the Burmese port of Bassein will prevent the shipment of 45,000 tons of rice from Burma this month, the office of Commissioner General Malcolm MacDonald said today.

Allocations from Burmese crops were reduced from 150,000 to 105,000 tons as a result. The rice goes to India, Ceylon, Malaya, the Philippines, Borneo and China. The commissioner's office said it is hoped the deficiency can be made up later.

Manila Going on Rice Ration

MANILA, Aug. 9 (AP).—Manila's 1,500,000 residents will be put on rice rations this week as the government tries to find surplus rice to help feed the nation. Stocks on hand are expected to be exhausted by Sept. 20 and the new rice crop will not be ready for harvesting until mid-November.

Writers Fear Japan May Be Buffer In War

Tokyo, Aug. 9 (AP) — Japanese news and magazine writers freely predict there will be no immediate war between Russia and the United States.

Most of them agree, however, that if such a war came Japan as a buffer country between the two powers would become a battlefield and "likely the Japanese race would be wiped out by atom bombs."

Writing in *Jiron*, Kisaburo Yokota said Japan in the event of such a war is "certain to be turned into a major atomic battlefield."

The Japanese do not relish this position but neither do they hesitate to point it up to Americans as another reason for increased assistance.

Army, Navy Barred

A staff writer in *Keizai Shimpo* states flatly that the "United States Government intends the complete rehabilitation of Japan at the earliest possible moment to promote an independent Japan capable of protecting herself."

This writer does not say how Japan can do much protecting without an army and navy, both of which are outlawed by the new Japanese constitution. He adds, however:

"This means the United States wishes to make Japan a barrier in the Pacific against the advancing peril of totalitarian Russia."

These and other recent magazine articles give some hint of Nippon's attitude on Russo-American relations.

Red Official Objects

In a majority of the cases, the writers side with the United States.

Another *Keizai Shimpo* writer says that western Europe and the United States view the "aggressive policy of Russian communism as more dangerous than was that of Nazi Germany."

Such articles elicit howls of "warmongering" from Maj. Gen. A. P. Kislenko, Russian member of the Allied Council for Japan. He has yet, however, to criticize the Communist newspaper *Akahata* (Red Flag), which gives advice on such topics as how to lead a revolution in Japan.

Efforts Of Marines To Bluff Kurusu At Midway Told

Washington, Aug. 9 (AP)—A high Japanese official got a good look at some of the defenses at Midway just before war broke out—with the enthusiastic help of the Marines guarding the island.

Saburu Kurusu, the "peace" envoy en route to Washington, saw rows of armed troops and a squadron of planes. And he heard the steady pounding of anti-aircraft guns, all secretly designed to impress him with the military muscle of the United States.

Told In Booklet

The little-known story of Kurusu's stopover at Midway, refueling point for commercial trans-Pacific airlines, is told in "Marines at Midway," the third in a series of World War II booklets issued by the Marine Corps.

Midway was strong on paper only when Kurusu came through, but the Marines did their best to fool a likely enemy.

The commanding officer put every available man, including cooks and messmen, marching down the road with fixed bayonets, lined up "all" the planes—one squadron of flying boats—and just about wore out the muzzles of the 3-inch anti-aircraft guns, firing within earshot of Kurusu's hotel.

The envoy left no remarks for the Marines to judge their smokescreen. That came with the sneak attack on Pearl Harbor.

He Didn't Absolve Tojo: Wainwright

San Antonio, Texas, Aug. 9 (AP)—Gen. Jonathan M. Wainwright says he does not really think Premier Hideki Tojo had much to do with treatment he received while a prisoner of war of the Japanese.

But the retired hero of Bataan said Saturday that to the best of his recollection he had sent no message to Tojo absolving him of the responsibility.

Wainwright said he held Tojo responsible for the sneak attacks at Pearl Harbor but that he understood that matters of treatment of prisoners were delegated to local commanders and "differed very much in different places."

Last week George Francis Blewett, a Philadelhpia attorney serving as American counsel for Tojo, said in a press dispatch from Tokyo that Wainwright asked him to tell Tojo "as one general to another" that he did not hold the Premier responsible. Blewett said Wainwright gave him the verbal message at the Republican convention in Philadelphia last month.

Tojo is now awaiting judgment of the International War Crimes Court.

ARTHUR TO SELL JAPANESE SPOILS

...ed Board Directs Disposal ...of Unidentified Property Before Oct. 1, 1949

WASHINGTON, Aug. 9 (AP)—...he full eleven-nation Far Eastern ...ommission has given Gen. Doug...as MacArthur permission to sell ...whatever looted property in Japan ...emains unidentified.

Under a commission directive made public today General MacArthur will place the proceeds in a special fund to be distributed to the Allied nations before Oct. 1, 1949.

The creation of this fund and the adoption of more definite standards of property identification are among the steps taken by the commission to speed restitution of looted property.

The fund will be divided, in accordance with previously announced reparations shares, among Australia, China, France, India, the Netherlands, the Philippines, and the United Kingdom.

General MacArthur is not permitted to sell "cultural objects," but can liquidate property including "stocks of gold, silver, other precious metals, precious stones and jewels * * *."

The directive also approves in effect the advisory agency created about three months ago by General MacArthur to advise him on troublesome looted property restitution problems. General MacArthur or his deputy will act as nonvoting chairman.

This agency presumably will pass upon conflicting claims by Allied countries. General MacArthur will notify the State Department when his views conflict with those of the majority of the agency members.

The State Department has urged Americans whose property was looted by the Japanese to file claims promptly. The deadline for such claims expires March, 1949.

American Government officials who helped draw up the commission directive said it generally approved General MacArthur's policy and made only minor changes.

General MacArthur is permitted to retain industrial and transportation machinery and equipment as long as needed for the occupation forces.

Looted ships of all types and sizes found in Japanese waters must be returned immediately. Those damaged or sunk will be refitted or salvaged in Japanese shipyards to permit their return in a condition substantially similar to that at the time they came into Japanese hands.

JAP STRIKES SPREAD

Tokyo, Aug. 9 (A. P.).—Unauthorized work stoppages in defiance of the Cabinet's ban of strikes by Government workers broke out all over Japan today. Their net effect, however, did not seem great. Communication workers at several places in Honshu Island staged rallies which kept them off their jobs. Railway men at Hakodate walked off the ferry that connects Honshu with Hokkaido Island.

The strikers seemed unperturbd by the arrest at Matsuyama of ten railway workers who had walked out.

AUG 1948

Red Leader Arrested

Police arrested Satoji Sato, Communist party central committeeman, at Niigata for "causing unfavorable effects on occupation forces."

Sato, the first Communist central committeeman to be arrested since the war, allegedly said at a rice-distribution meeting:

"Although recognizing the rice shortage in Japan, Americans are not giving us enough rice; also they are exporting rice overseas."

Sleeping Sickness Gains in Japan.

Tokyo, Aug. 9 (A. P.).—Deaths in the encephalitis epidemic reached fifty-two today as the number of cases in Tokyo neared the 400 mark. Doctors said every ward and county in Tokyo had reported cases and expressed fears the number of cases may mount 200 a day from now until the middle of the month, when the anticipated peak is reached.

In 1935 there were 1,540 cases of the sleeping sickness here.

More C-54s Off For Reich

Tokyo, Aug. 9 (AP)—An undisclosed number of C-54 transport planes left "recently" from Haneda airfield for Germany, a spokesman for the Military Air Transport said today.

Truman Is Silent On GOP Credit, Housing Bills

Washington, Aug. 9 (AP)—The White House remained silent today on President Truman's strategy for his next attack on the Eightieth Congress.

While most presidential advisers say Mr. Truman will sign the Republican housing and anti-inflation bills, he is expected to criticize them sharply as inadequate.

White House Press Secretary Charles G. Ross said only that anyone can draw his own inference from the President's "known attitude."

Signature Urged

The housing bill, less than the President asked of the special session of Congress, has reached the President. Ross said it will go through the usual routine of submission to departments concerned for their comments. The anti-inflation bill, also short of the President's demands, should reach him shortly.

Some of Mr. Truman's best friends in Congress urged him to sign the measures.

They were passed by the special session which quit Saturday night after thirteen days of political infighting on Capitol Hill.

Senator Hatch, of New Mexico, chairman of the Democratic campaign speakers committee, said:

"Inadequate as these measures are, I still think they represent some advance over what we have now and I hope the President signs them."

Lucas Backs Signing

Senator Lucas, of Illinois, the assistant Democratic leader, said he feels the President will be "compelled" to sign them.

"But I am sure that when he does, he will be able to tell the country just how inadequate and how meager they are," Lucas declared.

There were indications that when he gets around to acting on the measures, Mr. Truman will do just that. His party members expect the President to use blistering language in describing the Republicans' refusal to give him the price-wage and rationing controls he said are necessary to bring down the high cost of living.

"Iron Curtain" Charged

But the Republicans had a ready answer to anything Mr. Truman might say about inflation—a contention that he has hampered congressional investigations into Communist activities in the Government.

Senator Ferguson (R., Mich.), who headed one of the inquiry committees, put it on the line with a charge in the Senate's closing session that the President had thrown up "an iron curtain between Congress and the public business."

The Michigan Senator said his committee's investigation had been stopped by Mr. Truman's refusal to permit Government agencies to turn over records of persons accused of Communist activities.

Won't Urge Impeachment

"Congress," Ferguson shouted, "is rapidly being pushed into the intolerable position of having either to legislate through a blind spot or compel the President to answer for his conduct in impeachment proceedings."

However, in Detroit last night, Senator Ferguson said he had no intention of pressing impeachment proceedings against the President. Then he added:

"I think the American citizen will use his own method during the presidential election to remove President Truman."

Ferguson made his remarks in an interview.

The Senator flew to Detroit to deliver a speech in which he said, "We have many false prophets and Judases in our country." He did not mention President Truman in his speech, however.

"I was forced in righteous wrath to stand up in the Senate and shout

but that you may know our danger," Ferguson said.

He addressed the Lebanon American Political Club, a citizens group.

Hoey Raps Probe

Yesterday, however, a Dixie Democrat who broke with the President over his civil-rights program took to the air in Mr. Truman's defense.

Senator Hoey (D., N.C.) told a radio audience Ferguson had delivered himself of a "political tirade" and that actually every president starting with Washington has followed a policy of withholding data on Federal employés.

"President Truman is entitled to commendations instead of condemnations" for his effort to rid the Government of Communists and their sympathizers, Hoey declared.

He insisted, too, as has Mr. Truman, that the investigations turned up nothing new to either the FBI or the Justice Department.

Nevertheless, the Republicans give every evidence that they will bear down hard on the disclosures that Communists were able to get secret wartime information from Government officials and pass it along to Moscow.

Following the President's lead, the Democrats seem likely to contend that this is only a "red herring" and to talk freely about the high cost of living.

Senator J. Howard McGrath, of Rhode Island, the Democratic national chairman, said the "only relief the American public can get from further increases in prices already shockingly high is to elect President Truman and a Democratic Congress in November."

New Session Predicted

McGrath hauled off with a prediction that things will get so bad the Eightieth Congress will be called back after the November election in a "lame-duck" session to repair "the damage caused by its own inaction."

This struck fire with Senator Wherry, of Nebraska, acting Republican floor leader and bitter foe of price controls.

"I think the special session of Congress passed every constructive proposal offered by the President," Wherry said.

"In my opinion, Congress won't be called back into session before January. But if it adjourned with the provision that the congressional leaders can call it back into session if any emergency arises. If it does, the American people can be certain that will be done."

The lawmakers voted a housing bill aimed at encouraging the building of small homes and large rental properties. And a separate appropriation to carry out this program did include $5,000,000 to buy automobiles for disabled veterans, as Mr. Truman had asked.

Boost Bank Reserves

But neither measure contained the subsidies for low-rent and slum-clearance housing that the President proposed.

On the anti-inflation front, Congress gave him even less.

Its bill consisted of authority to restore wartime curbs on time-payment buying and to increase Federal Reserve bank reserves—thus cutting down on bank loans and indirectly on the amount of money in circulation.

The President asked for both of these, but he also wanted price controls and other measures to combat the cost of living.

The President made housing and anti-inflation the chief objectives of the session. But he asked for a long list of other measures:

Federal aid to schools, a higher minimum wage, broadening of social security, expansion of the public power program and a rise in Federal workers' pay.

Okay U.N. Home

Congress passed one bill both Mr. Truman and his Republican opponent, Gov. Thomas E. Dewey, of New York, approved. It authorizes a $65,000,000 loan to the United Nations to build a permanent home in New York city. That was all Dewey could claim on the credit side.

Dewey came out publicly on only one other issue and got a polite but firm turndown from his own party's ranks.

Dewey asked for — as had Mr. Truman—a broader base for admitting European displaced persons so that more Catholics and Jews who had fled from Moscow-dominated countries could get into the United States.

But Dewey's plea was denied by a Senate Judiciary subcommittee headed by Senator Revercomb (R., W.Va.). There was no action on the displaced-persons bill.

Close Link To Capital

The fact that Dewey was kept closely informed of what was going on in the special session, however, was confirmed when Republican leaders reported to him by telephone an hour or so before adjournment.

At that time, Senator Ives (R., N.Y.) was reported to have called Dewey at his Pawling (N.Y.) home to report on what had been done. Ives was said to have yielded the phone to Senator Taft (R., Ohio) for a brief chat with the GOP nominee.

In addition to the four bills the special session sent along to Mr. Truman for his signature—the housing and anti-inflation measures, the United Nations loan and the housing-autos-for-veterans appropriation—the lawmakers enacted a fifth that requires no presidential approval.

It appropriated the money to pay the senators and representatives 20 cents a mile for their trip back to Washington and home again. The amount came to $171,000 for the House and $51,000 for the Senate.

The Democrats stuck together better in the closing hours of the session than they have for a long time.

NEW TRUMAN ATTACK SEEN

President Likely To Sign Bills, Cite 'Shortcomings'

Washington, Aug. 9 (AP)—Associates predicted today that President Truman will sign the Republican anti-inflation bill and at the same time unburden his mind publicly on what he thinks are its shortcomings.

The same prediction was made with reference to the other major measure passed at the special session ended Saturday night—a housing bill shorn of the public housing features Mr. Truman wanted.

Senator Hatch (D., N.M.), chairman of the Democratic campaign speakers committee, said the measures represent "some advance over what we have now" and expressed the hope the President would sign.

Thinks He Will Be Compelled

Senator Lucas (D., Ill.), assistant Democratic leader, said he felt the President will be "compelled" to sign. But he said he was sure Mr. Truman would be "able to tell the country just how inadequate and meager they are."

The White House was silent on plans for the President's next attack on the Congress he has called one of the worst in history.

Charles G. Ross, press secretary, referred questioners to Mr. Truman's "known attitude" on the issues and suggested they draw their own conclusions on what he will do.

The housing bill, Ross said, has reached the President and will go through the usual routine of submission to interested departments for comment. The anti-inflation measure is expected at the White House shortly.

There was nothing at the White House to indicate what the President will decide about the urging of some of his advisers that he carry his complaints against the Republican-dominated Congress to the nation in a broadcast.

Broadcast By Truman Urged

A sharp stepup in the tempo of campaign planning was indicated, however, in the disclosure that the President's bullet-proof railroad car is being checked over for the expected long swings over the country.

Dewey Long, White House transportation chief, said the job is being done at the naval gun factory.

Secretary Ross said the only changes being made are improvement of the air-conditioning system.

Ross said there may be an extension of the canopy over the rear platform, to improve hearing conditions for the audience when the President speaks from his train. He denied one published report that the platform is being lowered and the grillwork changed.

There are no set plans yet for the November vote drive, Ross said. The President has been invited to lead off with a Labor Day speech at Detroit, but Mr. Truman told a news conference last week that the invitation is only one of a number under consideration.

Two new speaking invitations came in today. A Pennsylvania delegation gave the President a bid to the 150th anniversary celebration of Masontown October 1, and representatives of the Polish Legion of American Veterans invited him to their national convention at Syracuse, N.Y., September 3-5.

"New Issue," He Says

In connection with the Taft statement J. Howard McGrath, chairman of the Democratic National Committee, said the Republicans had introduced a new campaign issue—an accusation that the Democratic party is "interested in avoiding a depression."

McGrath said in a statement that Republican administrations after World War I were "not interested in avoiding a depression."

"Their indifference to the problems of inflation and deflation brought the sickening crash of 1929 and the cruel Hoover depression," the Democratic chairman said.

Truman Expected to Sign Credit, Housing Measures

G.O.P. Says Congress Gave President All He Needs to Curb Inflation

WASHINGTON, Aug. 9 — (AP) Republicans jumped in ahead of a predicted White House blast at Congress today with the argument that the extra session gave President Truman all he needs to curb inflation.

They added that the price problem may soon solve itself anyway.

Senator Taft (R-Ohio), chairman of the Senate GOP Policy Committee, set forth these contentions in a statement and a news conference. He said:

Raps Administration Policies

1. War and administration policies of the last 14 years are the real cause of inflation; the tight controls Mr. Truman asked would "tie down the safety valve" while the furnace is being stoked.

2. When the President called Congress together he already had enough powers to put a rein on inflation but the lawmakers gave him more.

3. While the present economic situation is "serious" there is nothing in it "likely to produce an extreme inflation or a depression"; he doesn't even see now any need for new Congress action on the subject at the new session in January.

4. Prices already show signs of leveling out and "by the time we get back we may be trying to do something about deflation."

The argument revolves around the consumer credit controls and increased bank reserve requirements which were all Congress voted out of the list of anti-inflation measures Mr. Truman requested. The President wanted selective price and wage controls and rationing powers, among other things.

Will Sign Bill, Is Belief

Associates predicted freely today that Mr. Truman will sign the bill and at the same time unburden his mind publicly on what he thinks are its shortcomings.

The same prediction was made with reference to the other major measure passed at the special session ended Saturday night—a housing bill shorn of the public housing features Mr. Truman wanted.

Senator Hatch (D-NM) chairman of the Democratic campaign speakers committee, said the measures represent "some advance over what we have now" and expressed the hope the President would sign.

Senator Lucas (D-Ill) assistant Democratic leader, told newsmen he feels the President will be "compelled" to sign. But he said he was sure Mr. Truman would be "able to tell the country just how inadequate and meager they are."

The White House was silent on plans for the President's next attack on the Congress he has called one of the worst in history.

Press Secretary Charles G. Ross referred reporters to Mr. Truman's "known attitude" on the issues and suggested they draw their own conclusions on what he will do.

The Housing bill, Ross said, has reached the President and will go through the usual routine of submission to interested departments for comment. The bob-tailed anti-inflation measure is expected at the White House shortly.

There was nothing at the White House to indicate what the President will decide about the urging of some of his advisers that he carry his complaints against the Republican-dominated Congress to the nation in a broadcast.

To Step Up Campaign

A sharp step-up in the tempo of campaign planning was indicated, however, in the disclosure that the President's bullet-proof railroad car is being checked over for the expected long swings over the country.

Dewey Long, White House transportation chief, said the job is being done at the Naval Gun factory. He called it a "routine checkup."

Secretary Ross told reporters the only changes being made are improvement of the air conditioning system.

Ross said there may be an extension of the canopy over the rear platform, to improve hearing conditions for the audience when the President speaks from his train. He denied one published report that the platform is being lowered and the grillwork changed.

There are no set plans yet for the November vote drive, Ross said. The President has been invited to lead off with a Labor Day speech at Detroit, but Mr. Truman told a news conference last week that the invitation is only one of a number under consideration.

30.24- 19647

Two new speaking invitations came in today. A Pennsylvania delegation gave the President a bid to the 150th anniversary celebration of Masontown Oct. 1, and representatives of the Polish Legion of American Veterans invited him to their national convention at Syracuse, N. Y., September 3-5.

There was every indication that all such proposals are being routed to the Democratic National Committee for consideration in connection with over-all campaign plans.

TAFT THINKS CONGRESS DID ADEQUATE JOB

ays Special Session Gave Truman All He Needs to Control Situation.

ALLS G. O. P. CHANCES GOOD

Sees Some November Shifts in the Senate—Martin Declares Three New Laws Aid People.

Washington, Aug. 9 (A. P.).—Senator Taft (R.-Ohio) said today that Congress gave President Truman all he needs to control a situation "not likely to produce an extreme inflation or a depression."

Taft, Senate Republican chairman, said he now sees no need for any further legislation of consequence to combat high prices when Congress returns in January.

"By the time we get back," he told a news conference," we may be trying to do something about deflation."

[Speaker of the House Joseph W. Martin Jr. paused long enough at LaGuardia Airport today to declare his belief that the special session of Congress had passed "three bills helpful to the people." He said he referred to the curb on credit buying, housing and the $65,000,000 United Nations headquarters loan.

Asked if he believed the bills covered present needs, he replied: "Congress never finishes its work."

Martin arrived on an American Airlines plane from Washington and, after stepping off to check his tickets, he reboarded the plane for Providence, R. I. He is en route to his home in North Brattleboro, Mass., for a vacation and to "do some fishing."]

Taft Stresses Points.

Taft stressed these other points to reporters and in a 2,500-word statement summarizing the work of the special session:

1. Mr. Truman is angry at Congress because of fundamental differences which "can only be settled by a vote of the people at the November election."

2. Taft does not take seriously talk of a post-election special session in November, unless some grave, unforeseen international development makes one necessary.

3. Republican election prospects "look very favorable."

4. Republicans are determined to change the Senate rules next year to control filibusters.

5. Mr. Truman, in asking for price control and rationing powers, wants to tie down "the safety valve while you go on stoking the furnace." Inflation, Taft says, can be attributed directly to the war and to Administration policies of the last fourteen years.

6. He will press next year for enactment of low-rent housing and slum-clearance legislation—features of the Taft-Ellender-House refused to pass this year. House refused to pass this week.

7. Taft said even before the special session President Truman had sufficient power to deal with inflation but "we found various situations where executive powers might be somewhat enlarged."

Cites Responsibility.

Noting that Mr. Truman in his Philadelphia convention speech claimed credit for high farm prices and high wages, Taft said the President also will have to accept responsibility for high consumer prices.

Taft said he did not regard the Democrats' chances of recapturing control of the Senate as very bright, but he conceded them a chance of picking up seats now held by Republicans in West Virginia, Kentucky, Oklahoma and Wyoming. On the other hand, he said, the Republicans may pick up seats in Rhode Island, Montana, Colorado, New Mexico and Tennessee.

Meanwhile the White House remained silent on President Truman's strategy for his next attack on the Eightieth Congress.

While most presidential advisers say the President will sign the Republican housing and anti-inflation bills, he is expected to criticize them sharply as inadequate. Charles G. Ross, White House press secretary, told reporters only that any one can draw his own inference from the President's "known attitude."

By The Associated Press.

WASHINGTON, Aug. 9—Here is the text of the statement by Senator Taft summarizing the work of the extra session of the Eightieth Congress:

1. It was obvious from the time the President called a special session of Congress at 2 A. M. in the midst of the Democratic national convention that it was called entirely for his supposed political advantage.

Senator Barkley had predicted before the convention that a session of Congress after the two conventions would be taken up "with political bickering and political legislation and political oratory." He apparently was not consulted about the session. It is impossible to study and carry through a constructive legislative program in the midst of a political campaign when all members of the House and many of the Senate are running for re-election.

Congress had given full consideration to the President's proposals at the regular session and in most cases the quarrel resulted from a fundamental difference in Government philosophy between the President and Congress. The President has a New Deal program of unlimited spending, expansion of the power of Federal bureaus over states, cities and individuals, and the regimentation of agriculture, labor and industry. The Congress believes that problems must be solved within the principles of liberty, equality and justice which guided this country for 150 years. The fundamental differences with the President can only be settled by a vote of the people at the November election.

Says President Has Enough Power

2. When the President submitted a program of some fifteen major proposals which would take at least six months to work out satisfactorily, the Republican leadership determined that it would give no consideration at this time to long-term programs, but would examine in detail again the President's suggestions on prices and housing and determine whether there were any suggestions for additional Executive power which could be immediately helpful in those fields.

While we found that the President's powers were already comprehensive enough for him to deal with those problems if he really wanted to, we found various situations where Executive powers might be somewhat enlarged and our committees went to work at once to consider the President's detailed proposals. It is significant that the Presidential advisors did not agree among themselves on the causes and cure of inflation.

3. While waiting for the committees to report, we attempted to pass the bill outlawing the poll tax, which had not been taken up at the regular session. In his reckless speech at Philadelphia, the President had said:

"But the Republicans all profess to be for civil rights measures. But Congress failed to act. They had enough men to do it. They could have had cloture; they didn't have to have a filibuster. They had enough people in that Congress who would vote for cloture."

Cloture Called Ineffective

The President made this statement knowing well that the present cloture rule is completely innocuous against a determined filibuster by twenty Senators. We brought up the bill. We attempted to invoke cloture. It became apparent beyond the shadow of a doubt, that there is no effective cloture rule in the Senate today and that a filibuster by twenty men on a motion to take up can-

AUG 1948

not be overcome in less than a month or six weeks.

Remember that Senator Barkley had tried three times to get a poll tax bill through a Democratic Senate without success. The present situation is intolerable and may at times threaten the national security. We determined that the cloture rule must be amended to permit the closing of debate in a reasonable time and appointed a committee of the Republican conference to prepare an amendment to the rule to be brought up at the next session of Congress.

This amendment itself is subject to filibuster, and we may be forced to spend weeks at the beginning of the next session to secure the amendment. We are determined to do so.

Inflation and Price Control

4. In his convention speech, the President tried to blame high prices on the Republicans, but he said:

"Farm income has increased from less than $2,500,000,000 in 1932 to more than $18,000,000,000 in 1947. Never in the world were the farmers of any republic or any kingdom or any other country as prosperous as the farmers of the United States; and if they don't do their duty by the Democratic party, they are the most ungrateful people in the world. Wages and salaries in this country have increased from $29,000,000,000 in 1933 to more than $128,000,000,000 in 1947 * * * and I say to labor what I have said to the farmers, they are the most ungrateful people in the world if they pass the Democratic party by this year."

Of course you can't have high farm prices and high wages without high consumers' prices and if the Democratic party is going to claim credit from the farmer and labor they can't avoid responsibility for the high prices which have to be paid by the consumer.

How can an administration which has been in power for fourteen years escape the responsibility for high prices which are the results of its policies?

Inflation results from the tremendous deficit before and during the war, from the encouragement of exports to all parts of the world without corresponding imports, from encouraging patterns of general wage increases on the theory that they would not increase prices, from the failure to use powers to restrain bank credit, and from spending vast amounts of Government money for every kind of project, competing for labor and materials with private industry.

Safety Valve Comparison Made

The President's only complaint is that the Republicans will not give him power to fix wages, to fix prices and ration commodities. This is like tying down the safety valve while you go on stoking the furnace. It would only bring an explosion in the end. The President called back Paul Porter and presented a bill rolling back prices to November, 1947, and giving him power to reinstate the OPA whose 65,000 employes cost the Government at least $150,000,000 a year.

The President himself says that he will only use selective controls, but he himself abolished price controls on Nov. 9, 1946, and gave as a reason the fact that you could not have selective controls. He said:

"The Price Administrator has advised me that, with so much of the economy freed from price controls, clinging to the rest would, in his judgment, lead to distortions in production and distribution to an extent far outweighing any benefit that could be achieved."

Certainly, you cannot fix the price of wheat and corn and other grains without fixing the price of chickens and eggs and dairy products. Our economy is so interrelated that once we start on a program of regimentation, we cannot stop short of regulating all major products and rationing many of them.

It is my view that the restoration of OPA, subsidies, price control, wage control and rationing—the police state methods decried by President Truman himself—would only make the situation worse, create black markets and check the increase in production which will reduce prices. The difficulty with price control is: first, that it won't work in time of peace; second, that no one knows enough about the infinitely complicated economy of this country to do the job right; and, third, that if prices were held down arbitrarily, production is discouraged and consumption increased.

We would have a bear by the tail and no way to let go or improve the situation. We remember the black markets after the war, the inability to buy the commonest articles of clothing or food, except, perhaps, in the black market. Eighty per cent of the meat was in the black market, and legitimate slaughter had so decreased that there were neither enough hides for shoes nor enough insulin for diabetics. There is hardly a country in the world using controls which is producing enough goods for its own people.

It is perfectly useless to go on with the policies which create inflation and then try to prevent their results by calling in the police. The President can check these causes by reducing the amount of Government spending which in many fields is still within his control, by tightening up on housing credit for higher-cost houses and requiring strict appraisals, by limiting exports from the United States, the excess this year amounting to about $8,000,000,000, only part of it to Europe. He can, through the Treasury and Federal Reserve Board, limit the expansion of bank credit and the creation of more currency.

He can direct the buying of goods for European relief in such a way as not to encourage increases in price. He can direct the Department of Agriculture to encourage production instead of attempting as they did in July, to

reduce the number of breeding cattle by 500,000 when our meat supply is as short as it is today. The truth is that the moment any agricultural price even threatens to decrease, the Government rushes to bolster it up by purchases and propaganda. They are really more concerned about deflation than about inflation.

Inflation Checks Suggested

The traditional methods of preventing inflation are within the power of the Government today. The Federal Reserve Board can force an increase in the rate of short-term Government bonds and can raise the rediscount rate. It has been discouraged from doing so by the attitude of the Treasury. We cannot hope to prevent inflation with an artificially low interest rate. In examining the powers of the board, we decided that they could effectively use the power to increase bank reserves above present limits and we authorized them to increase the reserves 4 per cent more over the present percentages, amounting to a possible increase in the reserves of about $3,500,000,000.

This power, while useless in itself while the banks can unload their "Governments," can probably be used in connection with the other powers I have described. We also granted the board power to limit installment credit for consumers. This is not a large item, but did represent about $2,000,000,000 of increased credit last year. Credit control has been a traditional power of the Government and it is probably the most important single power to check inflation. In fact, it must be carefully used not to go too far. I venture to predict that the board will never use all the powers the law now gives it.

The present situation, while serious for millions is not likely to produce either an extereme inflation or a depression. Wholesale prices are now higher than they weer in 1920, but they are only 2 per cent higher than they were in January, 1948. Furthermore, the weekly earnings of factory workers in 1920 were only $26.61, and they are now $52.81 a week. There are many reasons to believe that we are reaching a stabilized price level. Wheat and corn have already dropped close to the support prices and will probably be followed gradually by many other foods. Even in the price of meat, where prices are most outrageously high, the President in his message to Congress indicated that there was no need for rationing. He said:

"On the basis of present facts, and unless further shortages occur, this authority (to ration) might not have to be used at all."

The President now has every power to prevent inflation, except price control, and if price control is ever accepted in time of peace, it will mean the end of economic freedom in the United States.

Says Republicans Aided Housing

5. With regard to housing, much already has been done to solve the problem. The President's economic report submitted last week, says that more than a million new residential units will probably be added to the residential supply during 1948. He says:

"This volume of residential construction is already straining the capacities of the construction industry in many areas and of producers of some construction materials and is unquestionably competing with other primary national needs."

This increase is due to legislation enacted by the Republican Congress. Several years ago we granted unlimited emergency powers to the Truman Administration and hundreds of millions of dollars of subsidy funds, to remove bottlenecks and get construction started. The program was a complete failure. President Truman himself abolished the controls, dismissed Wilson Wyatt, and returned most of the subsidies to the Treasury. More than twice the number of units are being built this year as were built under Wyatt.

Housing credit is one of the elements adding to inflation. We did find, however, that too much of the Government-insured construction was going into housing costing more than the average citizen could pay and that there was practically no rental housing being built under the program. We, therefore amended the law to encourage the construction of the cheapest types of housing and also to encourage the construction of more rental units. Our idea is not to increase the amount of money going into housing, but rather to direct the flow of that money into more small houses and rental housing where it is so badly needed.

The President's only complaint is that we did not include a public low-rent housing program, designed to add about 100,000 units a year, in which the rentals would be subsidized by the Federal Government for the lowest income groups. While I believe very strongly in this program it has been a subject of major controversy between House and Senate, and the present House of Representatives has taken the position that it is not needed at this time and would only divert materials from the private housing now being constructed.

Regrets Low-Income Housing Delay

With much regret, I agreed to postpone consideration of this question until January and do all the other things which might be helpful in the housing situation. I shall re-introduce the public housing bill in January and press for its prompt consideration. There was, in my opinion, no possibility of passing it at this session of Congress.

6. Having passed the only measures which could possibly be regarded as emergencies after a careful study of the President's program, we adjourned. The President himself at Philadelphia, suggested fifteen days as the time that we might take at this time to consider legislation.

7. The President calls attention to various matters on which the Eightieth Congress did not act. The President does not mention the hundreds of matters on which we did act. In this day and age, the Federal Government is involved in practically every problem that exists. The policies of hundreds of bureaus are under legislative scrutiny and are determined by legislation. Legislation should be a deliberative process, because it does establish permanent policies. Only a fraction of the entire field can be properly studied and handled in any one year. The Eightieth Congress has been largely concerned with cleaning up the war and starting the country on a peace basis.

A constructive program in other fields covered by the Republican platform will be undertaken with the cooperation of a Republican President. With Mr. Truman there has been a constant conflict and no cooperation whatever. The attitude of the President toward Congress is a sad contrast to the cooperation which he has received in the whole field of foreign policy. We have done our best to assist him, and sacrificed many of our own views so that it might not apear to the world that America spoke with two voices. Yet now, the President is trying to make political capital of the policy made possible by Republican and Congressional cooperation, while he vilifies the Congress.

The only reasonable way to work out a Republican program in detailed legislation is in cooperation with a Republican President.

U.S. BOOSTS SHORT-TERM BOND RATES

Action Called Anti-Inflation Move; Long-Term Notes Unchanged

Washington, Aug. 9 (AP)—The Government, already preparing to clamp a fifteen-month limit on easy-payment credit, today boosted the interest rate on short-term Government bonds "as a further anti-inflationary measure."

John W. Snyder, Secretary of the Treasury, announced the interest boost, long rumored in banking circles. Treasury certificates which have carried 1⅛ per cent will, in the next offering, be posted at 1¼ per cent and other securities rates will rise accordingly.

The hoped-for result is a damper on credit expansion. This is because private interest rates usually follow the Government pattern; if so, it will cost more to borrow money and to float bond issues.

In theory, at least, there will be less spending of borrowed money and hence the upward pressure on prices will diminish.

Long-Term Bonds Unchanged

Secretary Snyder emphasized, however, that no change will be made in the Government's policy of holding down the interest rate on its long-term bonds.

But the higher rates announced will affect more than $10,500,000,000 of Government borrowing within the next few weeks. Securities in that amount are falling due on September 15 and October 1, and will be replaced with offerings at the improved interest rate.

Official comment was lacking at the Federal Reserve Board. But after Snyder's announcement, some officials indicated belief that the rediscount rate would move upward to a point slightly above the Government interest payment "in due course." This rate is the one charged by Federal Reserve in lending money to its member banks.

Meanwhile Federal Reserve officials predicted that the wartime 15-month limit on installment buying by consumers will be restored, at least temporarily, when President Truman signs the GOP anti-inflation bill passed last week.

Pay Period May Be Longer

Officials said there was a "strong possibility" that the payment period will be lengthened from fifteen to eighteen months soon after the control system is re-established.

One-third-down payments probably will be required for automobiles, refrigerators, and household appliances.

One-third-down payments probably will be required for automobiles, refrigerators and household appliances generally. Twenty per cent down will be necessary for furniture, pianos and rugs, if the previous formula of credit control is followed.

Items costing less than $50 or more than $2,000 will be free of control. The $2,000 top limit may be shoved up, however, because the cost of automobiles has risen well beyond that figure in many cases.

New Rule Expected

Charge accounts at department stores and other shops will not be affected by the restored controls; neither will single payment loans nor Government-insured loans for home repair and modernization. Otherwise all installment credit will be regulated, with certain exceptions like funeral and medical expenses.

The Federal Reserve has discretion, under the new law, to draw its own credit regulations. The board has not met to consider the job, but officials gave the opinion privately that a regulation closely similar to the old "Regulation W" will be issued to save time.

The modification probably will come later. Automobile dealers, for instance, are almost unanimous in feeling that fifteen months is too short a period for payment, especially in view of the steady rise in motor-car prices.

A lag of at least 30 days is expected after the new regulation is announced before it becomes effective. This is the usual period of notice required after a ruling is published in the *Federal Register*, the Government's official gazette.

At the Federal Reserve Board, officials are not optimistic that the revival of consumer credit curbs will put a sudden check on inflation. The best that can be expected, they state, is that it will slow the rapid increase in credit expansion.

Discrimination Charged

By temporarily eliminating from the market persons who cannot afford the larger down payments and installments, they hope to hasten the day when production catches up with demand and thus relieves pressure on prices.

Opponents of credit controls argue that it discriminates against low-income and moderate-income groups. The Government expects loud complaints from many quarters on this score.

These are typical of the items which are expected to be subject to the one-third down requirement: Electrical and gas refrigerators, washing machines, ranges, radios and record players, automobiles, motorcycles, most musical instruments, jewelry, silverware and automobile equipment and accessories.

The 20 per cent down payment would apply to furniture, pianos, draperies and soft floor coverings, if the previous pattern of control is followed.

ECA AMENDS PLAN ON MARKET PRICE

Washington, Aug. 9 (A. P.).—The Economic Co-operation Administration today determined how it will decide the "market price" of goods bought in bulk for Marshall plan countries.

The foreign assistance act requires that no such purchase be made with ECA dollars at prices higher than the market price prevailing in the United States at the time of sale.

ECA amended its "regulation number one" to provide that Administrator Paul G. Hoffman may make the determination himself, "in a manner reflecting commonly accepted trade practices."

The law permits him to adjust the figure for differences in cost of transportation, quality and terms of payment.

AUG 1948

30.24- 19649

"If the price of any purchase in bulk exceeds the adjusted market price," the regulation states, "the participating country shall pay promptly to the administrator upon demand, the entire amount of the purchase price (or such lesser amount as the administrator may demand)."

On purchases in bulk outside this country, the adjusted price may also allow for freight and related costs from the supplying country to the European destination at established rates.

The certificate of price compliance which must be furnished by all suppliers of Marshall plan goods also was revised.

The new form requires that the seller or exporter certify that, to the best of his information and belief, the purchase price is no higher than the market price prevailing in the United States after statutory adjustments.

PERSONAL INCOME PASSES 211 BILLION

Washington, Aug. 9 (A. P.).—The personal income of Americans climbed to an annual rate of $211,900,000,000 in June, a record, the Commerce Department reported today.

Factory pay checks, fattened because of "third-round" wage increases; higher prices received by farmers for live stock and "the absence of labor-management disputes," were responsible.

The mid-year rate of income compares with $207,200,000,000 in May and with a previous all-time peak of $209,400,000,000 reached last January. The income total for 1947 was $195,200,000,000.

The June increase, coupled with the cut in income tax payments which began in May, boosted disposable income by more than 4 per cent over the first quarter of the year. Disposable income is the amount available to consumers for spending after taxes are paid.

BIG COTTON CROP FORECAST BY U.S.

Prices Fall At Estimate Of 15-Million-Bale Harvest

AUG

Washington, Aug. 9 (AP)—A surprisingly large cotton crop of 15,169,000 bales was forecast by the Agriculture Department today.

The estimate was nearly 2,000,000 bales larger than the cotton trade had expected. It was based on indications that the yield per acre will be the highest on record.

In response to the forecast, prices on the New York exchange tumbled more than $3 a bale below Friday's close. At New Orleans, prices also dropped sharply.

The crop would be the seventh largest on record, and 3,318,000 bales or about 28 per cent larger than last year's crop. Record production was 18,946,000 in 1937. Last year's harvest was 11,851,000.

The crop also would be about 3,155,000 bales larger than the ten-year (1937-46) average.

Factors In Size Of Crop

The department attributed the prospective big crop to exceptionally favorable weather, increased use of fertilizer and a larger proportion of the cotton acreage being planted in heavy-yielding areas.

A crop of the size indicated would be far above official estimates of needs for domestic use and export. Domestic requirements have been forecast at about 8,250,000 bales and exports at 3,500,000—a total of 11,750,000.

On this basis, the crop would provide an excess of 3,419,000 bales over needs. This extra supply would be added to a carry-over of about 2,392,000 from previous crops to give a total reserve of about 5,811,000.

Reserves Smaller During War

The record reserve was 12,943,000 in 1939—a time of price-depressing surpluses and Government crop controls. No Government limitations or controls are in effect for this year's crop. Reserves dwindled during the war, when much cotton land was diverted to production of food.

The yield of cotton per acre this year was indicated at 313.5 pounds, or 14.6 pounds above the previous record, set in 1944. Last year's yield per acre was 267.2 pounds. Record yields are indicated in South Carolina, Tennessee, Florida, Alabama, Mississippi, Arkansas and Louisiana.

Forecast For Acreage

The acreage for harvest this year, assuming average abandonment, was forecast at 23,223,000 acres. This is about 2,000,000 acres or 9 per cent more than harvested last year, and compares with the low acreage of 17,615,000 harvested in 1946.

No estimate on cotton-seed production will be made until final ginning for the season are determined. The department said, however, that if the ratio of lint to cotton seed is the same as the average for the last five years, production would be 6,130,000 tons, compared with 4,679,000 in 1947 and the ten-year average of 4,947,000.

EXPORT ALLOCATION OF RICE IS INCREASED

WASHINGTON, Aug. 9 (AP)—The Department of Agriculture today allocated 3,900,000 hundred-pound bags of milled rice for export during the last half of 1948. This compares with 3,800,000 hundred-pound bags allocated for foreign shipment in the last half of 1947.

All allocations except those to Germany and Austria will be purchased by the countries receiving the allocations. The Government will make purchases for Germany and Austria and for United States special projects abroad.

The allocations for the last half of this year and last, respectively, included:

Austria 66,100 bags and none; British West Indies 101,400 and 30,000; Cuba 2,817,500 and 1,653,400; Denmark 22,000 and none; British-American Zones in Germany 88,200 and none; Greece 44,100 and none; Iceland 6,600 and 4,400; Netherlands East Indies 330,700 and 390,200; Newfoundland 2,800 and 2,800; Norway 44,100 and none; Saudi Arabia 88,200 and none; St. Pierre and Miquelon 200 and 200; Borneo 81,600 and none; the Middle East 48,500 and none; United States special projects abroad 100,000 and 60,000; contingency reserve.

Auto Industry Output Facing Drop This Week

Packard and Hudson Closed, Parts Shortage Curtails Other Plants' Operation

AUG 1948

DETROIT, Aug. 9 (AP)—The car industry production prospects looked none too bright as assemblies got under way today with several plants idle or operating under restricted schedules. Last week the factories turned out about 81,500 cars and 26,000 trucks. The total may drop below 100,000 cars and trucks this week.

Packard was closed for the week because of a shortage of various steel items. Hudson, which halted car production last week because of a scarcity of castings, remained closed. Assemblies in several other plants were curtailed because receipts of essential parts were insufficient to maintain higher level output.

Certainly the car makers have given up hope that they will build half a million vehicles this month. Until the strikes in the Campbell, Wyant & Cannon Foundry at Muskegon, Mich., and the Timken-Detroit Axle Co. plant hit the industry most car builders were sure they could set a new production mark this month. Only a little extra effort, they felt, could top the post-war high mark of 495,000 units built last March.

Strikes in Eighth Week

But the foundry strikes now are in their eighth week and the car builders have been only partly successful in finding other sources of supply for such items as cylinder blocks, cylinder heads, manifolds and crankshafts.

Ward's "Automotive Reports" took an exceptionally gloomy view of the situation resulting from the foundry shutdowns. It predicted some Chrysler passenger-car plants might be forced to close his week and added: "Even when the strikes are settled, two to three weeks will be required before suspended vehicle building operations can be resumed."

The trade paper "Automotive News" noted in its Aug. 9 issue that car and truck production in the United States this year now has gone over the 3,000,000 unit level. Total assemblies to date include 2,227,457 cars and 857,703 trucks, according to the "Automotive News" figures. At the same point last year assemblies numbered 2,085,000 cars and 750,923 trucks.

Shutdowns Affect Ford

Of this year's passenger car assemblies to date General Motors divisions have accounted for 942,718 units, Chrysler 472,800 and Ford 334,263. The Ford volume, of course, was affected by the recent model-changeover shutdowns.

In the following tabulation "Automotive News" estimates output of each car maker for the week ended Aug. 7, the week ended July 31, and the period from Jan. 1 to Aug. 7, inclusive:

More Acres Permitted For 1949 Tobacco Crop

Washington, Aug. 9 (AP)—Charles F. Bannan, Secretary of Agriculture, today announced that growers would be permitted to plant about five per cent more land to flue-cured tobacco under a control program in 1939.

He set a national marketing quota of 1,030,000,000 pounds for the 1949 crop.

To produce this poundage should require, he said, about 960,000 acres, on the basis of average yields for the 1943-47 period. The department allotted 908,000 acres for this year's crop.

U. S., BRITAIN BALK ARMS CUT TALKS, RUSSIA CHARGES

M HARRELSON

LAKE SUCCESS, Aug. 9 — (AP) Russia declared today the United States and Britain are wrecking United Nations talks on arms reductions.

Soviet Deputy Foreign Minister Jakob A. Malik made his charge before the UN commission for conventional armaments in a scathing attack on the two western powers.

He was particularly bitter about the United States which he said was steadily increasing its armed forces while talking about slashing armaments. This, Malik said, was undermining international confidence.

Assails U. S., Britain

Malik declared the United States and Britain already had wrecked atomic control talks, discussions on creation of a world police force and efforts to agree on peace treaties for Germany and Japan.

Now, he said, they are saying that arms cannot be reduced until the peace treaties are signed, atomic controls are established and the UN military force is set up.

Dmitri Z. Manuilsky, foreign minister of the Soviet Ukraine, joined in the attack. He said Russia had demobilized class after class of her troops, while the U. S. went ahead building up her strength.

While the U. S. delegation is telling the arms commission it favors arms slashes, Manuilsky said, military leaders in the halls of congress are insisting that there be no limitation on arms and that the atom bomb remain exclusively an American weapon.

Manuilsky said the whole world knows there is not a single nation threatening the United States, but that it is the U. S. which is threatening other countries.

Britain Answers Attack

U. S. Delegate Frederick H. Osborn did not reply to the attack. British Delegate Sir Alexander Cadogan, however, said Britain had learned a lesson about disarming without security.

He said the Russians argue that world confidence will follow if the big powers only will go ahead and reduce their arms.

"The peoples of the world may be simple-minded in the estimation of my Soviet colleagues," Cadogan said, "but they are not so simple-minded as that."

The commission will meet again Thursday at 9:30 a.m. (E.S.T.) to continue work on its report to the security council. Meanwhile, the security council will resume debate tomorrow on the Trieste problem.

The U. S. and Britain are reported ready to answer Yugoslav complaints that they have violated the Italian peace treaty by plotting to give the free territory to Italy.

U.S. Favors Preceding

Osborn told the commission then that the United States believed the commission ought to proceed, despite the fact its work had been hampered by "demagogic appeals and irresponsible propaganda."

It had been expected the United States would favor discontinuing the work of the commission, since Osborn previously had advocated a suspension of talks on atomic control. He contended such talks were useless under present circumstances.

Most United Nations officials felt there was little or no chance of any immediate arms reductions. They said they were unable to understand the American motives for insisting on continuing talks at this time.

Lie Expresses Regret

Secretary-General Trygve Lie, in his annual report to the General Assembly released this week end, expressed regret over the failure of the Arms Commission and the Atomic Energy Commission.

These two bodies originally were supposed to work together, the Atomic Commission dealing with A-bombs and other weapons of mass destruction and the Arms Commission dealing with all other weapons.

The secretary general said he would call on the General Assembly this fall to take up the problem of regulating the production of such lethal implements of war as bacteriological and chemical weapons.

Russia has taken the position in the past that it is useless to discuss any kind of arms reductions unless something is done about outlawing atomic weapons.

He said that the Army would requisition men through the office of the secretary of defense who, in turn, would notify selective service officials.

No calls would be made, he said, until the selective service organization was set up and able to deliver men.

This was the wartime lag and is the present understanding, he said.

Hershey said he had no idea when the Army would issue its call. All young men between 19 and 25 must register starting Aug. 31, but no one will be inducted after he has passed his 26th birthday, regardless of the registration, Hershey said.

The Air force, Navy and Marine corps are not taking any draftees because their recruiting has filled their manpower quotas. Therefore, all of the men drafted for some months to come will go into the Army.

Hershey pointed out that the 60-day induction lag, plus the time given an inductee to clean up his affairs (generally three weeks) will put many weeks between registration and actual army camp.

British Ships End Training

Key West, Fla., Aug. 9 (AP)—Two British destroyers, the Crossbow and the Battleaxe, which docked here after six weeks of training with United States naval vessels, were scheduled to leave today for Nassau, Bahamas, for a ten-day visit. They will stop at Bermuda for shore leave before continuing to their home port at Liverpool.

RAF Team Takes Off

Shawbury, England, Aug. 9 (AP). A Royal Air Force liaison team commanded by Group Captain C. E. Chilton took off today for a month's tour of Canadian and United States service flying centers. One of the purposes of the trip will be to discuss navigational problems of high-speed, high-altitude bombers.

JUSTIN MILLER, Los Angeles, president of the National Association of Broadcasters.

EDWIN D. CANHAM, Boston, editor of the *Christian Science Monitor*, and president of the American Society of Newspaper Editors.

PHILIP D. REED, New York, chairman of the General Electric Company.

The commission was authorized by Congress in the Information and Educational Exchange Act.

Its job is to promote a better understanding of the United States in other countries and increase mutual understanding between citizens.

The information program—radio broadcast, motion pictures, newsreels and publications and the activities of information and press officers abroad—is conducted by the Office of International Information under George V. Allen, Assistant Secretary of State for public affairs.

Predicts More Conferences

Commenting on the need for cooperation, the Secretary said there would be more such conferences. He did not elaborate.

"The greater the knowledge of the people on the facts in foreign relations, the more successful we will be," Marshall said.

He said the United Nations is "supposed to maintain peace, but it is now involved in making peace."

Some of the girls said they intended to "frame" the gloves they wore after shaking hands with Mr. Truman. Some others who wore none said they weren't going to wash their hands "for some time."

U.N. Awaits Red Reply On Arms Cut Plea

Lake Success, Aug. 9 (AP)—Russia was reported ready today to answer a United States demand for continued talks on arms reductions.

Soviet Deputy Foreign Minister Jacob A. Malik was scheduled to speak first before the working committee of the United Nations Commission for Conventional Armaments and later before the commission itself.

The Soviet delegate proposed that special meetings be held today to give Russia a chance to reply to the surprise proposals made by United States Delegate Frederick Osborn last Monday.

FIRST DRAFTEES GO IN NOVEMBER

Calls Delayed Until Organization Is Set Up and Able to Deliver Men

WASHINGTON, Aug. 9 — (AP) The first draftees won't be in the Army until some time in November, Major Gen. John E. Dahlquist estimated tonight.

Dahlquist, who is deputy director of personnel and administration, emphasized that plans are very tentative but he expected small numbers of men would be taken about mid-November.

Bikini-Test Submarine To End Life As Target

Washington, Aug. 9 (AP) — The submarine Skipjack, which withstood the shock of atomic bombs, is heading for a new Pacific firing squad from which it won't come back.

The eleven-year-old pigboat survived the Bikini atom-bomb tests two years ago and has been under careful study since.

Now the scientists are finished with her. The Navy said today she has been designated a target vessel for the 1st Task Fleet at Pearl Harbor. She was towed out on her last cruise Saturday from the Mare Island (Cal.) naval shipyard. Two other Bikini submarines are tied up at the Mare Island shipyard.

Marshall Tells Schoolgirls Intelligent Support Is Need

Washington, Aug. 9 (AP)—Ninety four high school girls today heard Gen. Geoorce C. Marshall, Secretary of State, tell them he must have "intelligent support for a position like mine."

Earlier in the day, the girls visited the White House where President Truman told them there is a great probability a woman will some day be elected President.

The girls, all juniors, are delegates to a "girl's nation" session at American University. There are two from each state except Delaware.

Introduced To President

Secretary Marshall talked informally to them in the State Department auditorium while Mr. Truman, after being introduced to each of them, addressed them briefly in the rose garden on the south lawn of the White House.

Both Mr. Truman and Marshall received the same reward: A chorus of girls' voices singing 'for he's a jolly good fellow." Both enjoyed it.

Marshall, refering briefly to the state of tension with Russia told the group that envoys of the United States, Britain and France had just completed "about an hour ago" another conference in the Kremlin.

Army Unveils Newest Jet; Speed Mark Claimed

New York, Aug. 9 (AP)—A flight at more than 650 miles per hour was claimed for a jet fighter yesterday at the windup of a nine-day aerial pageant at New York International Airport.

The flight was "just like sitting at home in your own living room," said the pilot, Maj. Richard L. Johnson, 30-year-old test pilot from Wright Field, Dayton, Ohio.

He shot the Air Force's newest jet fighter, North American's F-86, across the field for its first showing in public.

No Official Timing

The official speed record for any type of plane is listed as 650.7 miles per hour.

A loudspeaker announced the speed as better than 650 m.p.h. as Johnson, a Cooperstown (N.D.) resident, zoomed past. No arrangements for official timing had been made, however.

Police estimated that 265,000 visitors attended the air show yesterday at the new 4,900-acre field at Idlewild, Queens.

It was "Navy Day" at the pageant and 380 naval and Marine Corps planes took to the air for a half-hour demonstration. High naval officers from Washington were in the stands.

The international air exposition at the world's largest airport—a highlight of greater New York city's golden jubilee observance—was estimated to have drawn a total attendance of more than 750,000. It was rained out on two days.

The airport was opened July 31 with a show of 1,000 planes put on by the Air Force, President Truman and Gov. Thomas E. Dewey, of New York, attended the opening.

Available To Armed Forces

Rear Admiral Walter S. Delaney, commandant of the 3d Naval District, told the crowd on the final day that the facilities of the giant field would be made available to the armed forces in the event of war.

An eight-foot radio-guided plane was almost demolished when it went out of control about a mile from the field and crashed into the roof of a bus garage. Six persons watching the air show from the garage roof fled as the robot plane swooped down.

Most grocers were playing a wait and watch game. Housewives in at least 18 Texas cities and towns got on the telephone last week and spread the word to stay away from meat counters Aug. 9-15 in protest against the high prices.

C. E. McGlaughn, Dallas meat retailer said "thus far we are unable to see how the buying strike has touched our business. The customers don't mention the strike but go ahead and buy anyway."

In seven stores checked in Austin this morning, two had no meat customers, two reported a slight decrease and three reported no change.

A 71-year-old grandmother, Mrs. R. D. Vaughn, started the meat rebellion. She and a number of others have pledged to boycott butcher shops for a week.

Women Picket Florida Markets

LAKELAND, Fla., Aug. 9—(AP) Women pickets trudged in front of meat markets here today urging housewives to buy no meat and from all indications their appeal was effective.

W. B. Schilling, a Lakeland Ledger reporter, visited five major meat markets to find either no customers or only one or two here and there. The meat counters, however, were full of pork.

Five pairs of pickets paraded in front of the markets carrying signs asking that no meat be purchased. Another crew will take to the sidewalks in the afternoon.

The drive for no-meat purchase will continue all week.

A typical sign read "Leave the pigs in clover while we put this over."

Texas Grocers Watch and Wait As Women Start Meat Boycott

DALLAS, Tex., Aug. 9 — (AP) First reports from meat retailers in Texas cities where a butcher shop boycott began today were indecisive.

A few grocers in Dallas reported sharply decreased sales while others said everything was normal. There was no noticeable slowdown in Fort Worth at the markets, but Monday morning were said to be slow generally.

Boycott Affects Livestock Market

PORTLAND, Ore., Aug. 9—(AP) Trading turned dull on the livestock market here today. Packers blamed the housewives' boycott of meat.

Bid prices were around $1 lower than last week. Most packers said they would wait for the market to settle before buying. They said the boycott had hurt business.

The boycott was organized here last week with chain telephone calls spreading the word. The announced aim was a 33 per cent cut in beef prices and no more than 60 cents a pound for any meat.

BUT LIBIA, FRONTING ON THE MEDITERRANEAN, IS A SERIOUS POINT OF CONFLICT BETWEEN EAST AND WEST.

MOST OF THE WESTERN COUNTRIES WOULD LIKE TO SEE LIBIA PARTITIONED INTO ITS COMPONENT PROVINCES OF CIRENAICA, TRIPOLITANIA AND THE FEZZAN. CIRENAICA AND POSSIBLY TRIPOLITANIA WOULD COME UNDER BRITISH PROTECTION. AND THE FEZZAN WOULD GO TO THE FRENCH, WHO HAVE BEEN ADMINISTERING IT SINCE ITS LIBERATION.

LONDON, AUG. 9-(AP)-FOREIGN SECRETARY BEVIN TODAY GAVE PAUL-HENRI SPAAK, BELGIAN PREMIER, A DETAILED ACCOUNT OF THE PROGRESS OF EAST-WEST EXCHANGES IN MOSCOW OVER GERMANY, INFORMED SOURCES SAID.

THE FOREIGN OFFICE CALLED SPAAK'S VISIT TO LONDON "PURELY PRIVATE." SPAAK SPENT TWO HOURS WITH BEVIN.

ALTHOUGH STILL OFFICIALLY SILENT ON WHAT HAS BEEN HAPPENING IN THE KREMLIN, BRITISH OFFICIALS SAID THEY EXPECT THE THREE WESTERN ENVOYS TO SEE RUSSIAN FOREIGN MINISTER V.M.MOLOTOV BY TOMORROW. INCLUDING THE SESSION WITH PRIME MINISTER STALIN WHICH MOLOTOV ATTENDED, IT WILL BE THEIR FOURTH MEETING WITH THE RUSSIAN FOREIGN MINISTER IN 11 DAYS.

THE OFFICIALS MADE IT CLEAR THAT THE U.S. AND FRENCH AMBASSADORS WALTER BEDELL SMITH AND YVES CHATAIGNEAU AND BRITAIN'S SPECIAL ENVOY FRANK ROBERTS ARE AWAITING A NEW CALL FROM MOLOTOV.

IT WAS THE THIRD SUCH CONFERENCE IN A WEEK AND WAS BELIEVED CONCERNED WITH THE BERLIN BLOCKADE AND OTHER PROBLEMS IN THE RANGE OF DIFFERENCES BETWEEN THE WEST AND EAST.
THE ENVOYS LEFT THE KREMLIN AT 7:54 P.M. (11:54 A.M. EST) AND WENT TO THE BRITISH EMBASSY FOR ANOTHER CONFERENCE. ADVISORY STAFFS OF ALL THREE MISSIONS WERE AT THE EMBASSY AWAITING THEIR ARRIVAL.

ALL THREE ENVOYS APPEARED TO BE IN GOOD SPIRITS AS THEY ASSEMBLED AT THE EMBASSY, JUST ACROSS THE MOSCOW RIVER FROM THE KREMLIN.
OBSERVERS SAID THEY BELIEVE MOLOTOV GAVE THEM THE RUSSIAN VIEWS ON WESTERN PROPOSALS SET FORTH LAST FRIDAY.
WHAT THEY WERE, AS WELL AS THE ANSWERS, REMAIN TO BE SEEN.

NIGHT LEAD ROMANIAN (300)
BY EDWIN B. GREENWALD
ISTANBUL, TURKEY, AUG.9-(AP)-ROMANIAN REFUGEE SOURCES REPORTED TODAY THAT ROMANIA WILL DECIDE IN A PLEBISCITE AUG. 23 WHETHER TO BECOME A PART OF THE SOVIET UNION.
THERE WAS NO MEANS OF CONFIRMING THE REPORTS HERE. HOWEVER, THERE HAVE BEEN RUMORS FOR SOME TIME THAT SUCH A PLEBISCITE WAS CONTEMPLATED AND THAT ROMANIA LARGELY HAS BEEN CUT OFF FROM OUTSIDE COMMUNICATIONS.

THE REFUGEES SAID FOUR DIVISIONS OF RUSSIAN TROOPS HAVE VIRTUALLY SURROUNDED BUCHAREST AND HAVE STRENGTHENED GARRISONS IN OTHER CITIES. IN THE EVENT THE PLEBISCITE FAVORS ANNEXATION TO RUSSIA, THE INFORMANTS SAID, THE ROMANIAN PARLIAMENT WOULD BE DISSOLVED AND DELEGATES TO MOSCOW WOULD BE NAMED INSTEAD.
THE NEWSPAPER CUMHURIYET SAID IT HAD BEEN INFORMED THAT MANY THOUSANDS OF PERSONS OPPOSED TO THE PLEBISCITE HAVE BEEN ARRESTED SINCE EARLY JULY AND ALL BUT FOUR BUCHAREST MOVIE THEATERS HAVE BEEN TAKEN OVER AS PRISONS.
CUMHURIYET SAID THE MINISTER OF JUSTICE HAD OPPOSED THE PLEBISCITE AND THAT HE AND HIS WIFE HAD BEEN DEPORTED TO RUSSIA. (THE LATEST BUCHAREST DISPATCHES LISTED AVRAM BUNACIO AS MINISTER OF JUSTICE.
THE MINISTER OF THE INTERIOR AND THE SECRETARY OF THE ROMANIAN COMMUNIST PARTY ALSO WERE REPORTED OPPOSED TO THE VOTE AND HAVE BEEN UNDER THE CLOSE SURVEILLANCE OF SOVIET POLICE, THE PAPER SAID.
--DASH--
ROMANIA HAS AN AREA OF APPROXIMATELY 91,000 SQUARE MILES AND A POPULATION OF MORE THAN 16,000,000. THE BALKAN COUNTRY IS ONE OF THE SO-CALLED PEOPLE'S REPUBLICS OF THE COMMUNIST BLOC.
THE LAST MONARCH, YOUTHFUL KING MIHAI ABDICATED DEC. 30, 1947, AND LEFT THE COUNTRY. MORE THAN TWO MONTHS LATER MIHAI TOLD A NEWS CONFERENCE IN LONDON THAT HIS ABDICATION HAD BEEN FORCED AND HE WOULD NOT BE BOUND BY IT. WITHOUT MENTIONING RUSSIA BY NAME MIHAI SAID ROMANIA WAS BEING RULED BY A GOVERNMENT "INSTALLED AND MAINTAINED IN POWER BY A FOREIGN COUNTRY."
ROMANIA'S COMMUNIST-DOMINATED GOVERNMENT BLOC PARTIES POLLED 92 PER CENT OF THE VOTE IN AN ELECTION LAST MARCH 28 AND WON MORE THAN 400 OF THE 411 SEATS IN PARLIAMENT.

SAN ANTONIO,TEX.,AUG 9 (AP)-GENERAL JONATHAN M.WAINWRIGHT, HERO OF CORREGIDOR AND BATAAN, TODAY ACKNOWLEDGED HE HAD HAD A CONVERSATION WITH GEORGE FRANCIS BLEWETT AT THE REPUBLICAN NATIONAL CONVENTION IN PHILADELPHIA, BUT THE RETIRED GENERAL SAID "BLEWETT HAD MISQUOTED HIM."

BLEWETT IS DEFENSE COUNSEL FOR WARTIME JAPANESE PREMIER HIDEKI TOJO IN A TOKYO WAR CRIMES TRIAL.

"I TOLD BLEWETT I DID NOT THINK TOJO WAS A GREAT DEAL RESPONSIBLE FOR MY PERSONAL PUNISHMENTS WHILE I WAS A PRISONER," WAINWRIGHT DECLARED IN SAN ANTONIO. "IT WAS GENERALLY UNDERSTOOD THAT LOCAL OR INDIVIDUAL COMMANDERS DICTATED TREATMENT OF PRISONERS IN THEIR IMMEDIATE AREAS, BUT TOJO WAS CHIEF OF THE MILITARY STAFF AND MUST HAVE APPROVED POLICIES COVERING TREATMENTS GIVEN PRISONERS."

"I HOLD TOJO RESPONSIBLE FOR THE MILITARY POLICIES, AND IN THAT WAY, HE IS INDIRECTLY RESPONSIBLE FOR MY OWN SUFFERING AND THE SUFFERING OF MANY OTHRS," WAINWRIGHT SAID. "IF TOJO HAD NOT APPROVED, THE BRUTALITIES NEVER WOULD HAVE BEEN PLACED INTO EFFECT.

WAINWRIGHT SAID HE WAS "PARTIALLY DISCREDITING" BLEWETT'S STATEMENT LAST WEEK WHICH SAID WAINWRIGHT HAD ABSOLVED TOJO OF PERSONAL RESPONSIBILITY FOR MALTREATMENT HE HAD RECEIVED.

LAST WEEK BLEWETT, A PHILADELPHIA ATTORNEY SERVING AS AMERICAN CONSUL FOR TOJO, SAID IN A PRESS DISPATCH FROM TOKYO THAT WAINWRIGHT ASKED HIM TO TELL TOJO "AS ONE GENERAL TO ANOTHER" THAT HE DID NOT HOLD THE PREMIER RESPONSIBLE.

TOJO IS AWAITING JUDGMENT OF THE INTERNATIONAL WAR CRIME COURT.

YOKOHAMA,TUESDAY,AUG.10-(AP)-A JAPANESE PROSTITUTE TESTIFIED TODAY SHE SAW PVT.WILLIAM C.MANIS ARGUING WITH CATHOLIC CHAPLAIN JOHN RYAN A FEW SECONDS BEFORE THE PRIEST WAS MURDERED LAST APRIL.

THE 20-YEAR-OLD MANIS, OF CHURCHILL, TENN., IS BEING TRIED BY GENERAL COURT MARTIAL ON A MURDER CHARGE. CAPTAIN RYAN, OF PHILADELPHIA, WAS CHAPLAIN AT SUGAMO PRISON, WHERE MANIS ALSO WAS STATIONED.

THE GIRL, SHIEKO MOTOHASHI, SAID SHE WAS STANDING NEAR THE TWO MEN WHO WERE ARGUING THE NIGHT THE KILLING OCCURRED. A PASSING JEEP'S LIGHTS, SHE SAID, SHONE ON THE MEN FOR A MOMENT.

"IF YOU SAW THE SOLDIER AGAIN WOULD YOU BE ABLE TO RECOGNIZE HIM?" THE PROSECUTOR ASKED.

SHE SAID YES, AND WAS TOLD TO POINT OUT THE MAN IF SHE SAW HIM IN THE COURT ROOM. SHE WALKED TO THE PRISONER'S BOX AND POINTED A SHAKING HAND AT MANIS.

AFTER THE JEEP PASSED, SHE SAID, THE ARGUMENT CONTINUED, AND FINALLY WAS BROKEN BY THE SOUND OF SHOTS. THEN THE SOLDIER RAN AWAY, SHE TOLD THE COURT. THE PROSECUTION HAS CONTENDED RYAN HAD REBUKED MANIS FOR EMBRACING A JAPANESE GIRL IN PUBLIC, AND THAT AN ENSUING ARGUMENT RESULTED IN THE SHOOTING.

SAMARIN'S QUOTED STATEMENT SAID:

"I KNOW THAT THE SOVIET GOVERNMENT AND THEIR REPRESENTATIVES HERE WILL DO THEIR BEST TO DISCREDIT MY STATEMENT AND MY ACTIONS, AND ATTEMPT, BEFORE PUBLIC OPINION, TO MAKE ME APPEAR AS A TRAITOR TO MY COUNTRY, LIKE A FASCIST AND A WHITE RUSSIAN, BUT I DON'T PAY ATTENTION TO WHAT THEY THINK. NEW YORK-RUSSIAN xxx people."

"I DON'T MIND WHAT THE SOVIET GOVERNMENT WILL DO OR SAY, AND I DECIDED TO SPEAK OPENLY. BECAUSE OF MY FAMILY I AM MAKING THIS STATEMENT VOLUNTARILY. X X X X"

AT THE SOVIET CONSULATE TODAY, LOMAKIN REFUSED TO LET NEWSMEN INTERVIEW MRS. KOSENKINA. HE ALSO DENIED A REQUEST BY PHOTOGRAPHERS THAT THE TEACHER BE PERMITTED TO STAND AT A CONSULATE WINDOW TO BE PHOTOGRAPHED.

"SHE IS VERY NERVOUS, BUT SHE IS VERY WELL," THE CONSUL GENERAL SAID. "MAYBE SHE WILL SPEAK LATER."

LOMAKIN SAID MRS. KOSENKINA WILL RETURN TO RUSSIA, "PROBABLY ON THE NEXT BOAT, IN SEPTEMBER. SHE LIKES RUSSIA."

IN THE MEANTIME, HE ADDED, SHE "WILL SPEND HER TIME IN SOME CONSUL OFFICE."

LOMAKIN SAID THAT A SUBPOENA CALLING FOR THE APPEARANCE OF MRS. KOSENKINA BEFORE THE HOUSE UNAMERICAN ACTIVITIES COMMITTEE COULD NOT BE SERVED AT THE CONSULATE.

ASKED IF HE WOULD RECOGNIZE SUCH A SUBPOENA, THE CONSUL GENERAL REPLIED:

"ABSOLUTELY NOT, IT IS OUT OF THE QUESTION. YOU CAN SERVE A MAN ON THE STREET HERE IN NEW YORK OR IN WASHINGTON, BUT NOT HERE IN THE RUSSIAN CONSULATE. SHE IS A SOVIET CITIZEN."

NEW YORK, AUG 9-(AP)-HENRY A. WALLACE, ASSAILING THE CURRENT SPY HEARINGS, SAYS THE U.S. GOVERNMENT HAS FAILED TO UNCOVER THOSE WHO AIDED NAZI GERMANY DURING THE WAR.

THE PROGRESSIVE PARTY PRESIDENTIAL CANDIDATE SAID IN A STATEMENT YESTERDAY:

"THE CURRENT UNSUPPORTED ALLEGATIONS OF GIVING INFORMATION TO AN ALLY (RUSSIA) DURING TIME OF WAR SHOULD BE EXAMINED IN THE LIGHT OF XXX THE FAILURE OF THE ADMINISTRATION TO SEEK THE PROSECUTION OF THOSE WHO AIDED HITLER GERMANY."

WALLACE CALLED THE CONGRESSIONAL INVESTIGATION OF ALLEGED RUSSIAN AGENTS PART OF A "PATTERN OF TERROR AND FEAR-MAKING."

THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE'S CURRENT HEARINGS, WALLACE SAID, ARE SETTING A PATTERN WHICH "IS THE SAME AS THAT WHICH DEVELOPED IN GERMANY IN THE 1930'S."

WALLACE SAID THE WAY THE HEARINGS ARE CONDUCTED MEANS "THE DEPRIVATION OF DUE PROCESS OF LAW; THE SUBSTITUTION OF 'CONVICTION BY HEADLINES' FOR JUDICIAL PROCEDURE; THE DESTRUCTION OF THE CONSTITUTIONAL GUARANTEES OF A FREE PEOPLE."

SUCH PROCEDURE "ARE THE PRODUCTS OF BOTH OLD PARTIES," WALLACE ADDED.

THE FBI HEARD THE CURRENT SPY STORIES YEARS AGO, WALLACE SAID, AND THE SAME STORIES WERE TOLD TO A FEDERAL GRAND JURY WITHOUT ANY SUBSTANTIATING EVEIDENCE BEING FOUND TO JUSTIFY INDICTMENTS.

WALLACE SAID "THE BI-PARTISAN UNITY IN BUILDING FEAR HAS BEEN AND REMAINS AN INTEGRAL PART OF THE BANKRUPT FOREIGN POLICY."

HE SAID PRESIDENT TRUMAN WAS CORRECT IN CALLING THE CONGRESSIONAL INQUIRIES A "RED HERRING," BUT WALLACE ADDED THAT THE PRESIDENT'S "RECORD CONTRADICTS THE WORDS."

WALLACE SAID THE CURRENT PROCEEDINGS "NOT ONLY PROVIDE A DIVERSION FROM REAL PROBLEMS, BUT A METHOD FOR INTIMIDATING THOSE WHO FIGHT BACK."

NEW YORK,AUG.9-(AP)-NEW YORK POLICE AT THE REQUEST OF THE SOVIET CONSULATE ASKED NEW JERSEY POLICE TODAY TO PRODUCE A RUSSIAN-BORN SCHOOLTEACHER WHO TOLD HIS STORY TO THE FBI YESTERDAY.

THE TEACHER, MICHAEL IVANOVITCH SAMARIN, 40, AND HIS WIFE AND THREE CHILDREN ARE AT FARM ROVA, OPERATED BY A WHITE RUSSIAN (ANTI-COMMUNIST) GROUP NEAR CASSVILLE,N.J., THE CONSULATE TOLD POLICE.

THE HOUSE UN-AMERICAN AFFAIRS COMMITTEE HAS EXPRESSED AN INTEREST IN SAMARIN. HIS WHEREABOUTS HAD BEEN CLOAKED IN SECRECY AFTER HE OBTAINED A VOLUNTARY INTERVIEW WITH THE FBI YESTERDAY.

THE POLICE MESSAGE SENT TO TOMS RIVER,N.J., STATE POLICE HEADQUARTERS QUOTED THE RUSSIAN CONSULATE AS SAYING IT WOULD PROSECUTE IF THE SAMARIN FAMILY WAS DETAINED AT THE FARM AGAINST ITS WILL.

DEPUTY CHIEF POLICE INSPECTOR EDWARD MULLINS CONFERRED 45 MINUTES WITH SOVIET CONSUL GENERAL JACOB M.LOMAKIN ON SAMARIN.

MULLINS SAID "WE ARE NOW GOING TO CHECK EVERY PERSON AND THING CONNECTED WITH THE SAMARIN CASE." HE SAID HE PLANNED TO TALK TO THE FBI ABOUT IT.

SOVIET OFFICIALS HAVE BEEN SEEKING TO RETURN THE TEACHER TO HIS NATIVE LAND. SAMARIN CAME HERE TO TEACH IN A SCHOOL FOR CHILDREN OF RUSSIAN MEMBERS OF THE UNITED NATIONS DELEGATION.

FBI OFFICIALS DECLINED YESTERDAY TO DISCUSS THE NATURE OF THEIR TALKS WITH SAMARIN BUT THEY SAID HE WAS NOT IN CUSTODY.

THE NEW YORK TIMES TODAY QUOTED SAMARIN AS SAYING "I DON'T WISH TO GO BACK TO THE SOVIET UNION, AND AM PLACING MYSELF UNDER THE PROTECTION OF THE AMERICAN GOVERNMENT AND AMERICAN PUBLIC OPINION."

THE TIMES QUOTED THE TEACHER AS DENOUNCING THE "PARTY, POLICE AND GOVERNMENTAL MACHINERY" OF THE SOVIET UNION.

THE NEWSPAPER QUOTED SAMARIN AS SAYING IN A STATEMENT THAT HE BELIEVES PRESENT SOVIET POLICIES ARE CREATING AN ATMOSPHERE FOR A THIRD WORLD WAR.

SAMARIN, THE NEWSPAPER SAID, "OBSERVED IN THE COURSE OF HIS INTERVIEW EARLY TODAY THAT HE FELT SURE MRS. KOSENKINA HAD BEEN TAKEN TO THE CONSULATE AGAINST HER WILL, AND THAT SHE FULLY SUBSCRIBED TO HIS OWN SENTIMENTS REGARDING THE SOVIET UNION."

THE STORY SAID THE 40-YEAR-OLD SAMARIN, WHOSE WIFE AND THREE CHILDREN ARE IN SECLUSION IN AN UNDESIGNATED PLACE IN THIS REGION, SAID HE EXPECTED TO RECEIVE A SUBPOENA TODAY TO TESTIFY BEFORE THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE.

WASHINGTON, AUG. 9-(AP)-SECRETARY OF STATE MARSHALL PREDICTED TODAY THERE WILL BE MORE MEETINGS IN MOSCOW BETWEEN SOVIET FOREIGN MINISTER MOLOTOV AND REPRESENTATIVES OF THE WESTERN POWERS.

~~-MARSHALL MADE THE STATEMENT TO 94 TEEN-AGE GIRLS IN THE STATE~~ DEPARTMENT AUDITORIUM.

THE GIRLS ARE MEMBERS OF THE AMERICAN LEGION AUXILIARY AND REPRESENT "THE GIRLS' NATION."

THE SECRETARY NOTED THAT THE WESTERN AMBASSADORS ONLY AN HOUR BEFORE HAD COMPLETED THEIR THIRD MEETING WITH MOLOTOV. THEY HAVE BEEN DISCUSSING THE BERLIN BLOCKADE AND OTHER EAST-WEST DIFFICULTIES.

"OUR REPRESENTATIVES HAVE BEEN ENGAGED IN LONG DISCUSSIONS," MARSHALL SAID. "THERE PROBABLY WILL BE OTHERS."

MARSHALL URGED THE GROUP TO GET FACTS BEFORE REACHING "SOBER AND CAREFUL JUDGEMENT ON FOREIGN AFFAIRS." IT IS VERY EASY TO COME TO QUICK CONCLUSIONS, HE SAID, BUT THIS IS "EXCEEDINGLY DANGEROUS IN FOREIGN AFFAIRS."

THE SECRETARY SAID THE GIRLS SHOULD INTEREST THEMSELVES IN THE AFFAIRS OF THE UNITED NATIONS. HE SAID THE U.N. IS THE GREAT HOPE FOR CONTINUED PEACE IN OUR TIME AND IS BEING SUBJECTED TO STRAINS NEVER INTENDED.

"IT HAS REALLY BECOME INVOLVED IN TRYING TO MAKE THE PEACE INSTEAD OF MERELY MAINTAINING IT," HE SAID.

LAKE SUCCESS, AUG.9-(AP)-RUSSIA CHARGED TODAY THE UNITED STATES WAS UNDERMINING WORLD CONFIDENCE BY INCREASING HER ARMED FORCES INSTEAD OF REDUCING THEM.

IN A BITTER ATTACK ON THE UNITED STATES AND BRITAIN, SOVIET DEPUTY FOREIGN MINISTER JAKOB A.MALIK DECLARED THE TWO BIG WESTERN POWERS WERE SOLELY RESPONSIBLE FOR FAILURE OF THE UNITED NATIONS TO MAKE ANY PROGRESS IN ARMS REDUCTION TALKS.

MALIK SAID THE UNITED STATES PLANNED TO INCREASE HER ARMED FORCES 25 PER CENT IN 1948-49 OVER 1947-48.

SPEAKING BEFORE THE U.N. COMMISSION FOR CONVENTIONAL ARMAMENTS, HE INSISTED RUSSIA WOULD CONTINUE HER FIGHT TO REDUCE ARMS, OUTLAW ATOMIC WEAPONS, CURTAIL WAR PRODUCTION AND SET UP AN INTERNATIONAL SYSTEM OF INSPECTION AND CONTROLS.

BRITISH DELEGATE SIR ALEXANDER CADOGAN SAID THE SOVIET PROPOSAL WAS ALMOST IDENTICAL WITH A PROPOSAL WHICH ALREADY HAD BEEN REJECTED BY BOTH THE ARMS COMMISSION AND THE SECURITY COUNCIL LAST YEAR.

CADOGAN SAID THE RUSSIANS HAD ADVANCED THE "DELIGHTFULLY SIMPLE" THEORY THAT THE BIG POWERS HAVE ONLY TO DISARM AT ONCE AND CONFIDENCE WILL FOLLOW.

HE SAID SOME COUNTRIES MAY NOT HAVE LEARNED THE LESSON OF "NO DISARMAMENT WITHOUT SECURITY," BUT DECLARED THAT WAS NOT TRUE IN BRITAIN AND "FACTS SEEM TO SHOW IT IS NOT TRUE OF THE SOVIET UNION."

HE EXPRESSED HOPE THE APPLICATION MIGHT GET THE SEVEN REQUIRED VOTES IN THE SECURITY COUNCIL DESPITE THE FACT ONLY THREE OF THE COUNCIL'S 11 MEMBERS HAVE RECOGNIZED THE ISRAELI GOVERNMENT.

A SPMESMAN FOR THE AMERICAN DELEGATION SAID THIS COUNTRY WAS PREPARED TO SUPPORT ISRAEL'S ADMISSION WHEN,MAND IF, THE QUESTION COMES BEFORE THE COUNCIL AND THE ASSEMBLY. RUSSIA AND THE SOVIET UKRAINE ALSO ARE EXPECTED TO BACK ISRAEL, SINCE THEY HAVE RECOGNIZED THE TEL AVIV GOVERNMENT.

THE ISRAELI SPOKESMAN SAID HIS GOVERNMENT FELT THAT ADMISSION OF ISRAEL TO THE U.N. WOULD GO A LONG WAY TOWARD EASING TENSION IN THE MIDDLE EAST BY REMOVING DOUBT ABOUT THE FUTURE STATUS OF THE JEWISH STATE.

(ADVANCE) CHICAGO, AUG 9-(AP)-THE REPUBLICANS AVAOIDED ANY MENTION OF INTERNATIONAL CONTROL OF ATOMIC ENERGY IN THEIR PLATFORM BECAUSE THEIR RESOLUTIONS COMMITTEE RECEIVED NO TESTIMONY ON THE SUBJECT, SENATOR LODGE (R-MASS) SAID TODAY.
IN RESPONSE TO AN INQUIRY FROM THE BULLETIN OF THE ATOMIC SCIENTISTS, A PUBLICATION OF THE ATOMIC SCIENTISTS OF CHICAGO, SEN. LODGE, CHAIRMAN OF THE PLATFORM COMMITTEE, SAID:
"THIS QUESTION NEVER CAME BEFORE THE CONVENTION AT ALL. MENTION OF INTERNATIONAL CONTROL, HE CONTINUED, WAS MADE IN A WORK SHEET, BUT WAS REMOVED "SOLELY ON THE GROUNDS THAT NO TESTIMONY HAD BEEN TAKEN ON IT AND THAT IN THE BRIEF TIME AT OUR DISPOSAL IT WOULD BE IMPOSSIBLE FOR US TO DISCOVER EXACTLY WHAT ALL ITS MEANINGS AND IMPLICATIONS WERE.
"THE ADOPTION OF A MOTION TO STRIKE OUT THE WORDS 'INTERNATIONAL CONTROL OF ATOMIC ENERGY,' THEREFORE, WAS NOT IN ANY SENSE A VOTE ON THE MERITS OR DEMERITS OF THE QUESTION."

WASHINGTON, AUG 9-(AP)-REP. DOUGLAS (D-CALIF) TOOK ISSUE TODAY WITH THE THEORY THAT FOREIGN AID AND EXPORTS ARE RESPONSIBLE FOR HIGH PRICES.

"THIS IS NOT TRUE," SHE SAID IN A STATEMENT PRINTED IN THE CONGRESSIONAL RECORD.

THE REPUBLICANS, SHE ASSERTED, "COOKED UP" THAT ARGUMENT FOR THE BENEFIT OF "LOW INCOME GROUPS WHO ARE SUFFERING TODAY BECAUSE OF THE REPUBLICANS' REFUSAL TO CONTROL DOMESTIC INFLATION."

BUT, SHE ADDED, THE ARGUMENT "IS NOT BEING USED AND WILL NOT BE USED AMONG OUR BUSINESSMEN."

MRS. DOUGLAS SAID "WHEN THE REPUBLICANS CLAIM THAT OUR EXPORTS EXERT AN INFLATIONARY INFLUENCE ON OUR $250,000,000,000 (B) GROSS NATIONAL PRODUCT, THEY ARE TRYING TO PROVE THAT A THREE-INCH TAIL CAN WAG AN EIGHT-FOOT DOG."

IN 1937, SHE SAID, EXPORTS WERE 4.1 PERCENT OF THE NATIONAL PRODUCTION. THIS YEAR, SHE ESTIMATED, THEY WILL BE ABOUT THREE PERCENT. YET, SHE ADDED, PRICES ARE HIGHER THAN IN 1947 AND ARE CONTINUING TO RISE.

FURTHERMORE, THE CALIFORNIAN SAID, "FOREIGN TRADE IS A NORMAL AND NECESSARY PART OF AMERICAN BUSINESS. IT IS ESSENTIAL TO A HEALTHY AMERICAN ECONOMY."

WASHINGTON, AUG 9-(AP)-REP. BUFFETT (R-NEB) RECOMMENDS THAT A BI-PARTISAN EFFORT SHOULD BE MADE TO RESTORE THE GOLD COIN STANDARD IN THE UNITED STATES AS A BRAKE ON INFLATION.

WRITING IN THE PUBLICATION "HUMAN EVENTS," BUFFETT CALLS FOR A RETURN TO A CURRENCY REDEEMABLE IN GOLD AS AN ALTERNATIVE TO "ECONOMIC NARCOTICS LIKE PRICE CONTROL."

"ADMITTEDLY, THE HURDLES CREATED BY THE FANTASTIC INCREASE OF MONEY IN CIRCULATION, BANK DEPOSITS AND GOVERNMENT DEBT CANNOT BE LIGHTLY BRUSHED ASIDE," HE SAYS. "NEITHER CAN THE TICKLISH POLITICAL ASPECTS OF THIS PROBLEM BE IGNORED.

"BUT INTELLIGENT POLITICAL ACTION IS IMPERATIVE. PERHAPS THE BEST ANSWER IS A BI-PARTISAN APPROACH. NOWHERE IN PUBLIC AFFAIRS WOULD IT BE MORE REASONABLE.

"ALL AMERICAN CITIZENS, EXCEPTING ONLY SPECULATORS AND PROFITEERS, HAVE A COMMON INTEREST IN THE RE-ESTABLISHMENT OF A SOUND CURRENCY. AND THE PROBLEM MUST BE SOLVED IN ACCORDANCE WITH ECONOMIC PRINCIPLES HAVING NO ALLEGIANCE TO POLITICAL PARTIES."

BUFFETT INTRODUCED A BILL THIS YEAR TO RETURN TO THE GOLD COIN STANDARD, WHICH THE NATION ABANDONED IN 1933. THE MEASURE DIED WITHOUT ACTION, BUT THE NEBRASKAN PROMISES TO RE-OFFER IT IN 1949.

HE ADDS:

"ALTHOUGH THE TASK OF RESTORING HONEST MONEY IN AMERICA IS NOT EASY, IT WILL NEVER BE LESS DIFFICULT THAN NOW. GOLD IS STILL COMING INTO THE TREASURY IN SUBSTANTIAL AMOUNTS, AND THE RATIO OF OUR GOLD STOCKS TO MONEY IN CIRCULATION IS HIGHER NOW THAN DURING MANY YEARS PRIOR TO 1933."

DIPLOMATS OF THE THREE WESTERN POWERS TALKED FOR THREE HOURS LAST (MON) NIGHT WITH SOVIET FOREIGN MINISTER V.M. MOLOTOV. THEY WERE BELIEVED TO HAVE HEARD THE RUSSIAN VIEWS OF PROPOSALS FOR NEGOTIATING EAST-WEST DIFFERENCES ON GERMANY AND PERHAPS ALL OF EUROPE.

U.S. AMBASSADOR WALTER BEDELL SMITH, BRITISH SPECIAL ENVOY FRANK ROBERTS AND FRENCH AMBASSADOR YVES CHATAIGNEAU ALL APPEARED IN GOOD SPIRITS AS THEY LEFT THE KREMLIN. THE THREE SUBSEQUENTLY MET AT THE BRITISH EMBASSY FOR A CONFERENCE AMONG THEMSELVES.

THE NEWS BLACKOUT ON THE CONFERENCES AMONG THE BIG FOUR DIPLOMATS CONTINUED. THE WESTERN ENVOYS HAD NOTHING TO DIVULGE EXCEPT THAT THEY HAD SEEN MOLOTOV.

30.24--19661

RUSSIAN ARMY COMMANDERS IN GERMANY, MEANWHILE, WERE REPORTED CONCENTRATING STRONG FORCES, BUILDING DEFENSES, AND SENDING WEAPONS, INCLUDING ROCKET GUNS, TO THE BORDER BETWEEN THE SOVIET OCCUPATION ZONE AND WESTERN GERMANY. THE REPORTS CAME FROM THE BRITISH-LICENSED NEWSPAPER TELEGRAF AND FROM A GERMAN JOURNALIST WHO SAID HE FLED RUSSIAN ARREST.

GERMAN AND U.S. BORDER OFFICIALS SAID THEY HAD NO CONFIRMATION OF THE REPORTS. AMERICAN OFFICIALS SAID TIGHTENING OF BORDER CONTROLS HAS BEEN GOING ON FOR MONTHS TO CUT DOWN THE FLOW OF ILLEGAL BORDER CROSSERS.

ROMANIAN REFUGEE SOURCES IN ISTANBUL REPORTED ROMANIA WILL DECIDE IN A PLEBISCITE AUG.23 WHETHER TO BECOME A PART OF THE SOVIET UNION. THE INFORMANTS SAID THEIR INFORMATION CAME FROM PERSONS WHO RECENTLY ARRIVED FROM ROMANIA.

AT THE DANUBE CONFERENCE IN BELGRADE, THE UNITED STATES INTRODUCED ITS MAJOR REQUIREMENTS FOR A DANUBE PACT THAT WOULD ALLOW FREE SHIPPING FROM GERMANY TO THE BLACK SEA.

THERE WAS LITTLE HOPE THAT AMERICAN RECOMMENDATIONS WOULD BE ACCEPTED EXCEPT WHERE THEY AGREED WITH RUSSIAN PROPOSALS. EASTERN EUROPE'S COMMUNIST BLOC HAS A SEVEN TO THREE VOTING EDGE.

FRENCH COMMUNIST LABOR BOSSES PULLED 10,000 NORTHERN COAL MINERS OUT ON STRIKE IN PROTEST AGAINST PREMIER ANDRE MARIE'S ECONOMIC REFORM BILL AS THE NATIONAL ASSEMBLY NEARED THE END OF ITS DEBATE ON THE MEASURE THE WALKOUTS WERE ANNOUNCED AS ONLY TEMPORARY.

AMERICAN, BRITISH AND FRENCH DIPLOMATS WENT TO THE KREMLIN TODAY IN A RENEWED ATTEMPT TO SOLVE THE BERLIN BLOCKADE AND OTHER ISSUES IN THE COLD WAR. IT WAS THEIR THIRD VISIT THERE IN A WEEK.

AMBASSADORS WALTER BEDELL SMITH OF THE U.S. AND YVES CHATAIGNEAU OF FRANCE AND SPECIAL ENVOY FRANK ROBERTS OF BRITAIN MADE THE CALL, SEEKING TO SEE FOREIGN MINISTER MOLOTOV. WASHINGTON, MOSCOW, LONDON AND PARIS ALL KEPT THE STRICTEST SILENCE ON THE HIGH LEVEL EXCHANGES OF DIPLOMACY WHICH MIGHT BREAK THE EAST-WEST IMPASSE.

PREMIER PAUL-HENRI SPAAK OF BELGIUM RECEIVED FROM BRITISH FOREIGN SECRETARY ERNEST BEVIN A DETAILED ACCOUNT OF THE MOSCOW EXCHANGES, IT WAS REPORTED IN LONDON. BRITISH INFORMANTS SAID "THE BALL, AT THE MOMENT, IS WITH THE RUSSIANS." MOLOTOV AT THE LAST MEETING FRIDAY NIGHT WAS REPORTED TO HAVE BEEN ASKED FOR HIS SUGGESTIONS FOR MAKING RELATIONS NORMAL.

THE BRITISH SOURCE SAID THE RUSSIANS IN THE CURRENT EXCHANGES HAVE SAID BLUNT THINGS ABOUT THE PLAN OF THE WESTERN POWERS TO ESTABLISH A WEST GERMAN GOVERNMENT.

WEEKEND STORMS IN BRITAIN AND FRANCE LEFT AT LEAST 22 PERSONS DEAD. SHIPS WERE LOST, HARBORS BATTERED AND CROPS FLATTENED.

AN AMERICAN AND A BRITISH OBSERVER FOR THE UNITED NATIONS WERE WOUNDED IN GREECE BY GUERRILLA (COMMUNIST) MORTAR FIRE NEAR THE JUNCTURE OF THE GREEK, BULGARIAN AND YUGOSLAV BORDERS. GREEK SOURCES SAID THE FIRE CAME FROM INSIDE COMMUNIST BULGARIA. IN NORTH GREECE NEAR ALBANIA, THE GREEK ARMY COMPRESSED EVEN FURTHER THE POCKET OF COMMUNIST LEADER MARKOS VAFIADES' TROOPS.

A GREEK SHIP OWNER SAID THE GREEK GENERAL STAFF HAD BLOCKED RUSSIAN EFFORTS TO CHARTER GREEK SHIPS TO HAUL CRUDE OIL FROM ALBANIA TO BLACK SEA PORTS AND TO SHIP GASOLINE FROM THE BLACK SEA TO PALESTINE. THE INFORMANT SAID THE ACTION CAME AFTER ALBANIA HAD CUT OFF SHIPPING HER OIL TO YUGOSLAVIA, CURRENTLY IN THE RUSSIAN DOGHOUSE.

THE BERLIN NEWSPAPER TELEGRAF REPORTED TODAY THE RUSSIANS ARE BUILDING TRENCHES AND INSTALLING WEAPONS ON THE BORDER OF THEIR ZONE OF GERMANY.

THE BRITISH-LICENSED PAPER SAID GERMANS WERE BEING PRESSED INTO SERVICE AND THEN WARNED NOT TO TALK. WATCH TOWERS, FENCING AND ROAD BARRICADES WERE REPORTED BEING PLACED. THE RUSSIANS HELD LARGE SCALE ARMY MANEUVERS LAST MONTH IN EASTERN GERMANY AND INCREASED THEIR AIR FORCE THERE, JUST AS THE UNITED STATES DID IN THE WEST.

DESPITE THESE MANIFESTATIONS, NOTHING SUGGESTED THE SOVIETS WERE PREPARING FOR WAR. INDEED THE SIGNS POINTED THE OTHER WAY.

THE OFFICIAL RUSSIAN NEWSPAPER IN BERLIN THREATENED WORSE CONDITIONS IN THE BLOCKADED CITY UNLESS ITS ANTI-COMMUNIST GOVERNMENT ACCEDES TO RUSSIAN DEMANDS THAT ALL THE CITY COME UNDER RED CONTROL. PRAVDA IN MOSCOW PRINTED PROMINENTLY AN ASSERTION THAT U.S. AND BRITISH PLANES HAD VIOLATED AIR RULES IN THE CORRIDORS TO BERLIN 62 TIMES. COMMENTING ON A TASS DISPATCH THAT SUPPLY PLANES COULD BE FORCED DOWN FOR FLIGHT VIOLATIONS, AN AMERICAN AIR FORCE OFFICER SAID:

THE U.S. SENT MORE SUPERFORTRESSES TO EUROPE, MAINTAINING 90 OF THE GREAT BOMBERS THERE. LT. GEN. HOYT VANDENBERG, CHIEF OF STAFF OF THE U.S. AIR FORCE, AND AIR SECRETARY W.STUART SYMINGTON HEADED FROM LONDON TO GERMANY.

COUNT FOLKE BERNADOTTE, U.N. MEDIATOR FOR PALESTINE, SAID "THERE ARE RUMORS OF IMPENDING COUPS BY IRREGULAR ELEMENTS XXX ALLEGED TO BE UNCONTROLLABLE, OR TO BE USED AS SPEARHEADS OF REGULAR FORCES." HIS REMARKS SEEMED AIMED AT THE JEWISH EXTREMIST GROUP, IRGUN ZVAI LEUMI, WHICH HAS CALLED IN THE PAST FOR JEWISH OCCUPATION OF JERUSALEM AND ALL OF PALESTINE AND FOR CONQUEST OF TRANS-JORDAN.

ROMANIAN REFUGEES IN TURKEY SAID THE COMMUNIST GOVERNMENT THERE HAD CALLED A PLEBISCITE AUG. 23 TO DECIDE WHETHER TO BECOME A REPUBLIC WITHIN THE SOVIET UNION. THEY SAID THOUSANDS OF OPPONENTS HAVE BEEN ARRESTED AND THAT FOUR DIVISIONS OF RUSSIAN TROOPS HAVE VIRTUALLY SURROUNDED BUCHAREST. THERE WAS NO IMMEDIATE COMMENT FROM ROMANIA.

DEPUTIES OF THE U.S., BRITAIN, FRANCE AND RUSSIA MET AGAIN IN LONDON ON THE ITALIAN COLONIES ISSUE, WITH ANOTHER COLLISION IN SIGHT. PRESIDENT SYNGMAN RHEE, OF KOREA, TOLD U.S. OCCUPANTS HIS GOVERNMENT IS READY TO TAKE OVER NEXT SUNDAY.

JAPANESE WRITERS FREELY PREDICTED THERE WILL BE NO WAR BETWEEN RUSSIA AND THE U.S. IMMEDIATELY BUT THAT PEOPLE IN BUFFER STATES LIKE JAPAN "WOULD BE WIPED OUT BY ATOM BOMBS" WHEN SUCH A WAR COMES.

Probers Defy Russia, Subpoena 2 Teachers For Red Spy Hearings

SUMMONS SERVED ON SAMARIN, WIFE AT THEIR HIDEOUT

Probers Seen Unable to Reach Third Teacher Held at Soviet Consulate

REDS RENEW DEMANDS

Three More Deny Accusations of Miss Bentley at Committee Hearing

WASHINGTON, Aug. 10. — (AP) Defying Russia's bitter objections, the House Un-American Activities Committee today slapped witness subpoenas on two Soviet citizens for its Red spy hearings.

A third remained in the Soviet consulate in New York, but subject to possible subpoena if she emerges.

Somewhere in the U. S. A., committee agents handed orders to a 40-year-old mathematics teacher, Michael Ivanovitch Samarin, and his wife, also a teacher, who dropped out of sight after he sought an interview with the FBI Sunday. The committee hopes they can aid its inquiry into stories of Communist intrigue.

U. S. Rejects Soviet Demand

Committee Chairman J. Parnell Thomas (R-N.J.) said the subpoenas were served but didn't say where. Soviet Ambassador Alexander S. Panyushkin has demanded of the State Department that Samarin be delivered to Soviet officials for return to Russia. The department has politely declined.

In New York, the Soviet Consulate appealed again to police to find Samarin.

But at the consulate, efforts of the same police to interview the third Russian citizen in the case, Mrs. Oksana Stepanovna Kosenkina, met with failure.

The State Department informed Thomas' committee that it could subpoena Mrs. Kosenkina if it can reach her, but that it can't enter the consulate without a warrant. And a warrant could be issued only if there were a suspicion that some crime was committed in the consulate.

Mrs. Kosenkina, 52, a teacher of children of Russian diplomats, sprang into the case last Saturday when she was "rescued" by the Russian consul from White Russians—(anti-Communists)— at a colony near New York. The committee would like to ask her what she knows about Communist operations in this country.

3 Deny Bentley Accusations

In the House Committee hearing room itself, three more men who were wartime government officials denied accusations by Elizabeth T. Bentley that they had given her information while she was a courier for Soviet agents.

William Ludwig Ullmann, with the government from 1935 to 1947 in various agencies, called her a liar.

Duncan Lee, 33-year-old former operative for the Office of Strategic Services, suggested she isn't rational.

Robert T. Miller, formerly in the Office of Coordinator of Inter-American Affairs and The State Department, said she didn't ask him for information. He denied he ever was a Communist and so did Lee.

But Ullmann refused to say whether he ever was a Communist, or whether he ever knew Miss Bentley.

Ullmann, accused by Miss Bentley of having photographed secret government papers, declared in a statement to the committee:

"The scurrilous charges made against me by Miss Bentley before this committee are false. I state categorically that she is a liar. I am and always have been a loyal American citizen.

"I never have betrayed any confidence reposed in me by my government. I am not and never have been a spy or an agent of a foreign government. I have never photographed any government documents."

Ullmann followed Lee who categorically denied the assertions of Miss Bentley that he had supplied her secret information.

Repeats Charges

The calm Miss Bentley then repeated the role she has played before in the hearings since she spilled her story of having quit a Soviet spy ring to bare its secrets to the FBI. She took the witness stand and repeated her charges against Lee.

She added testimony that he had told her "something super secret" was going on at Oak Ridge, Tenn. He didn't know exactly what it was, she said. She got this information during a talk outside his home in Washington, she testified.

Lee's testimony was that "I have never divulged classified information to any unauthorized person."

He attributed her charges to "a completely vivid imagination" and said:

"It is hard for me to believe that Miss Bentley's statements are those of a rational person."

After this exchange of conflicting statements between Miss Bentley and Lee and before Ullmann and Miller testified, Representatives Mundt (R-SD) and Hebert (D-La) joined in a demand that the Justice Department find out which two of four opposing witnesses had lied to the committee since its spy hearings started last week.

Last week, Alger Hiss, former state department official, flatly denied a charge by Whittaker Chambers, Time magazine editor, that Hiss was active in the pre-war communist underground.

Miss Bentley, Chambers, Hiss and Lee testified under oath and under committee admonition that they were subject to the laws of perjury.

Seek to Find Perjurers

That committee members share the uncertainty of spectators as to who is telling the truth was indicated at today's session.

"A crime or a criminal violation of the law has been committed before this committee," Hebert said as Lee finished his testimony.

"The record is filled with perjured testimony. There can be no doubt about that. . . . There is one fact the department of justice can't escape, that is that perjury has been committed here. It is their responsibility and they can't evade it. There must be prosecution for perjury on the part of these witnesses."

Mundt said he agreed and demanded that something be done to clear up the uncertainty and doubt.

Lee and Miss Bentley agreed that their stories were so widely different that one of them was lying.

Miller, jutting his jaw out beneath a close-cropped mustache, answered questions readily, and said he knew Miss Bentley, socially. He said he was employed in the office of coordinator of inter-American affairs from 1941 to 1946, and did research and publications work in the state department.

Miller said he had lived in Russia two and a half years to accept a business opportunity which didn't pan out, and then became a writer for two British papers.

Committee investigator Robert Stripling read to the committee what he said was a state department memorandum describing Miller as a security risk.

Miller had testified that he resigned from the state department in December, 1946, after he became aware that an investigation of his activities after he left Moscow was being made. He said that he had intended to resign anyway, and left the department with letters of high recommendation from his immediate superiors.

Stripling asked Miller whether he was aware of that memorandum when he resigned, and Miller replied "I certainly was not."

Holds Reserve Commission

Ullmann told the committee that he still has his reserve army commission. He left the air force in 1945 as a major.

Miss Bentley has testified that Ullmann was a Communist and that he copied by photography secret government documents obtained by members of the spy ring from within the government.

She said the photographic laboratory was in the basement of the Washington home of Nathan Gregory Silvermaster, formerly employed in the Board of Economic Warfare.

Miss Bentley has called Silvermaster the leader of one group of government employes who passed along secrets to her. Silvermaster has denied all this. He said he never was a spy, but has refused to say whether he ever was a Communist.

Ullmann, a slightly deeply tanned man, told the committee he was born in Springfield, Mo., in 1908.

Ullmann said he has lived with the Silvermasters since 1938, and has known Silvermaster since 1935. He said he lives now at the Silvermaster home in Harvey Cedars, N. J.

But Ullmann refused to answer question after question on grounds the constitution guarantees him against self-incrimination.

He declined to say:

Whether he had any information relating to B-29 bombers while he was in the air corps. Miss Bentley has testified to obtaining for the Russians information about the bombers.

Whether he ever set up photographic equipment in the home of Silvermaster.

And, he said, he can't recall what references he gave when he got an army commission.

Lee, who says he is a direct descendant of Gen. Robert E. Lee, was emphatic in his denial that he and his wife ever had more than social contact with Miss Bentley.

And they broke that off after a little more than a year, he said, because they found Miss Bentley to be a "nuisance" and disagreed with her "left-wing" views.

Miss Bentley smiled and at times laughed as Lee testified in a firm, though at first slightly shaking, voice.

Group's Request, but She Is Safe While at Russian Consulate.

Washington, Aug. 10 (A. P.).—The State Department has ruled that the House Un-American Activities Committee can serve a subpoena on Mrs. Oksana Kosenkina if its agents can reach her.

Michael McDermott, press officer, announced the ruling to a news conference today, but explained that the agents may not forcibly enter the Soviet consulate in New York to serve subpoena on her.

McDermott said the ruling has been given to Acting Chairman Mundt (R.-S. D.) of the House committee.

The State Department official made this statement:

"Congressman Mundt was told after study by our legal people that we take the position that if law inforcement agencies have a reason to believe a crime is being committed there is no rule in international law which would prevent their obtaining warrants for search and arrest. (on consulate property). There is no rule of law which would prevent the serving of a subpœna merely because the lady is a Soviet citizen."

The Gist of the Ruling.

Boiled down, the whole thing came to this:

1. Mrs. Kosenkina, the Russian teacher who was the center of a furore last week end over "kid-

naping" and "rescue" charges, has no diplomatic immunity. If the House committee can reach her, it can serve a call for her to appear and testify before it.

2. The Soviet Consulate in New York can be entered only if warrants are obtained alleging the commission of some crime on the property.

As a practical matter, it all means that Mrs. Kosenkina can be served with a subpœna if she leaves the consulate, but is safe from subpœna as long as she remains there.

Mundt interpreted it in that light. He told reporters no attempt could be made at this time to serve a subpœna since a process server could not serve papers in the Soviet consulate. Although the teacher herself has no diplomatic immunity, he explained, the Soviet consulate does.

"In view of the announced intention of the Soviet Consul not to permit a subpœna to be served," he said, "it would be useless to issue one."

In reply to questions, McDermott said the State Department is studying Soviet Ambassador Alexander S. Panyushkin's demand that the United States hand over a second Soviet school teacher, Michael Ivanovitch Samarin. He said the department would reply shortly.

A high official said yesterday the Ambassador was told that in a case of this kind, where there were many conflicting statements, "we could not accept his assumptions."

But McDermott made it plain the department has not rejected the Soviet note. "I think rejection is much too strong a word," he said.

He said the department is trying to gather the facts so it can determine what "proper steps" if any, can be taken in the case.

Samarin Served.

Representative J. Parnell Thomas, chairman of the House Un-American Activities Committee, said in Washington today that subpœnas have been served on Mikhail Ivanovitch Samarin, Soviet teacher who went underground to escape being shipped back to Russia, and his wife, Claudia.

Thomas did not say when Samarin would be called before the House committee for questioning. He made only the bare announcement that subpœnas were served here at 10:55 A. M.

It was not known when Samarin, 40-year-old Russian Army veteran, would appear before the committee, and it was believed that he went back into hiding with his wife and twin babies after service of the subpœna was effected.

Mundt, who arranged for the subpœna, said in Washington today that he wants to know if Samarin can add anything to stories his committee has heard about Red espionage in the Government, while Soviet officials here were desperately trying to get Samarin back.

While the Soviet Ambassador in Washington formally asked the State Department for the return of the missing mathematics teacher, Jacob M. Lomakin, Russian Consul-General in Manhattan, again asked the police to help in locating Samarin.

In a one-minute interview with reporters at the steps of the Russian consulate, Lomakin said he doubted that Samarin was giving himself up. "I know him very well," he added.

He refused to answer further questions about Samarin, but to questions about Mrs. Kosenkina, he said: "She's feeling very well. She's working in the library. She's not a prisoner. She was out yesterday. I think she went to the movies."

However, later when police officials, for the second time in two days, called at the consulate to interview Mrs. Kosenkina they were told that she was still not available to the police. The officers who have sought to question her are Inspector Michael Ledden and Deputy Chief Inspector Edward A. Mullens.

Earlier, a spokesman for the Police Department denied that Samarin was being held under protective custody by the city police.

Lomakin had complained to the police that Mrs. Kosenkina was kidnaped by White Russians and that he had had to "rescue" her from a farm near Nyack, N. Y., on Saturday.

Other Side of Story.

The story of the White Russians is that the woman teacher fled to them at Reed Farm, Valley Cottage, N. Y., in fear of her life and that Lomakin, himself, "kidnaped" Mrs. Kosenkina from there on Saturday.

The State Department brushed aside a formal request by Soviet Ambassador Alexander S. Panyushkin to hand over the missing Samarin, who had told his story to the FBI and then went underground.

A high department official answered Panyushkin's note with the remark that in a statement of this kind, where there are many conflicting stories, "we could not accept his assumptions." The official went on to assure that proper authorities are investigating and will take the necessary steps "if there is any evidence of criminal action upon the part of anybody."

Panyushkin rushed back to his embassy for a rare event in that edifice—a press conference. In excited tones he flung charges of "kidnaping," "blackmail" and "sabotage." He added that there had been "direct violation" of American-Russian pacts by Government "organs."

Lashes at Mundt.

Then he took a swing at Mundt, who has been acting as chairman through most of the committee's current hearings.

"I don't know his (Mundt's) age or position," Panyushkin said, through his interpreter, "but this political youth is sick of nightmares. This Mundt is going to label Kosenkina a spy. To give such labels to slander against the Soviet people, the Soviet Union would not permit."

Panyushkin told a reporter he had not been paying much attention to the Red spy hearings which have been rocking the capital.

Mundt said that he wasn't going to get in a squabble with the Russian diplomat, but added:

"I wish he would substitute for his caustic language a more candid approach." He suggested that the Ambassador let Mrs. Kosenkina talk under oath about what really happened to her "without nudging or prompting" by Russian officials.

Secreted at Own Request.

Samarin, he said, isn't being held by the Government, but has been "secreted at his own request so that the long arm of the NKVD can't compel him to return."

The FBI has not divulged what Samarin told them, but it has been reported that the teacher has spoken out against the Soviet party, the police and Russian conduct of foreign affairs which appeared to him to be leading the world to war.

Both he and Mrs. Kosenkina were scheduled to sail for Russia August 1, after the school in which they taught was disbanded.

Samarins Well Provided For.

Samarin was believed to have been assisted in his escape by the Tolstoy Foundation, a White Russian group, operated by Countess Alexandra Tolstoy, which owns the Reed farm in Valley Cottage.

A group of anti-Communist Russians, it was reported, took Samarin to another White Russian colony—a chicken farm near Freehold, N. J. A spokesman for the Freehold colony said today that "the FBI knows everything about this case. They (the Samarins) are being well taken care of.

However, S. K. McKee, New Jersey FBI chief, said at Newark that "so far as this bureau is concerned," Samarin is not in New Jersey.

Lomakin told reporters that he would take action against Countess Tolstoy "through American authorities." He said yesterday that he absolutely did not believe the countess's story that Mrs. Kosenkina sought refuge at the Reed farm and added that the countess "has good experience with such work in capturing people."

Teacher, Wife In Hiding, But Are Subpoenaed

New York, Aug. 10 (AP)—Michael Ivanovitch Samarin, the much-sought Russian schoolteacher, continued in hiding today although various United States Government agencies obviously knew where he was.

The House Committee on Un-American Activities, which has been probing allegations of Soviet spying in this country, said in Washington it had served a subpoena on Samarin and also on his wife.

It did not say where or when they would testify.

FBI Remains Silent

The FBI, which Samarin sought out for an interview Sunday, also remained silent on his hideaway.

Soviet Government officials wanted badly to know where he was, in order to send him on his way to Russia. The consulate here again asked the aid of New York police in finding him. The police continued their investigation but declined to say if they knew the teacher's whereabouts.

One report said Samarin, his wife and three children were at a White Russian (anti-Communist) colony near Freehold, N.J.

New Jersey Does Not Know

But the New Jersey FBI chief said his office knew nothing about the teacher's being in the State. He added he would have been told if Samarin were under Federal protection there.

The 40-year-old Samarin, who taught at a school for children of Russian United Nations personnel, reportedly has said he does not want to go back to his native land. He also has been quoted as criticizing aspects of the Soviet Government.

Another former Russian teacher in the school, Mrs. Oksana Stepanovna Kosenkina, 52, remained secluded at the Russian consulate.

House Group Interested

The House committee also has shown interest in her. It was advised by the State Department today it had the legal authority to subpoena her. But this seemed to be an empty right because the Soviet consulate can be entered only if warrants are obtained alleging the commission of a crime on the property.

The Russian consulate for the second straight day refused to let police talk to Mrs. Kosenkina.

The Soviet officials yesterday asked the police to investigate what they called the kidnapping of the woman teacher by the Tolstoy Foundation, a White Russian group.

Mrs. Kosenkina was taken Saturday by consulate officials from a farm operated by the foundation at Valley Cottage, N.Y. The officials said they rescued her but Countess Alexander Tolstoy, head of the foundation, insisted the teacher came there of her free will.

Samarins Reported On Farm

Freehold, N.J., Aug. 10 (AP)—A chicken farmer's son confirmed published reports today that Michael Ivanovitch Samarin, subpoenaed for questioning by the House Un-American Activities Committee, was spirited to a hideaway near here by his father.

Samarin is the Russian teacher who went to the FBI in New York city Sunday and volunteered information presumably in connection with the committee's inquiry into a Soviet espionage ring.

Andrew Shibanoff, a gasoline station attendant here, confirmed the published reports that his father, Harry Shibanoff, brought Samarin and his wife from New York in a truck, hidden among a load of produce.

"Nobody knows anything about this but us," the younger Shibanoff said.

Soviet Couple Subpoenaed To Probe

Washington, Aug. 10 (AP)—Representative J. Parnell Thomas (R., N.J.) said today that subpoenas have been served on Mr. and Mrs. Michael Ivanovitch Samarin, wanted for questioning by the House Un-American Activities Committee.

Samarin is the Russian teacher who went to the FBI in New York Sunday and volunteered information presumably in connection with the committee's inquiry into a Soviet espionage ring.

The Soviet Embassy formally demanded yesterday that the United States disclose the whereabouts of Samarin and turn him and his wife over to Red Russian authorities.

Soviet Request Denied

Soviet Ambassador Alexander S. Panyushkin's request was rejected by State Department officials.

Thomas did not say where the subpoenas were served on the Samarins.

Samarin and his wife have been in seclusion since Sunday.

Presumably they will appear be-

30.24- 19665

fore the committee first behind closed doors before any testimony is presented by them in public hearing.

The House committee wants to know whether Samarin can throw any light on its current inquiry into stories of Soviet espionage and intrigue in this country.

Thomas did not say when Samarin would be called in for questioning. He made only the bare announcement that the subpoenas were served at 11.55 A.M. (E.D.T.).

Can Serve Another

The State Department ruled today that the committee also can serve a subpoena on Mrs. Oksana Kosenkina, another Russian teacher, if its agents can reach her.

McDermott said the ruling has been given Representative Mundt (R., S.D.), acting chairman of the House Committee.

Official Statement

The State Department official made this statement:

"Congressman Mundt was told after study by our legal people that we take the position that if law-enforcement agencies have a reason to believe a crime is being committed there is no rule in international law which would prevent their obtaining warrants for search and arrest (on consulate property). There is no rule of law which would prevent the serving of a subpoena merely because the lady is a Soviet citizen."

Boiled down, the whole thing came to this:

1. Mrs. Kosenkina, the Russian teacher who was the center of a furor last week end over "kidnapping" and "rescue" charges, has no diplomatic immunity. If the House committee can reach her, it can serve a call for her to appear and testify before it.

2. The Soviet Consulate in New York can be entered only if warrants are obtained alleging the commission of some crime on the property.

As a practical matter, it all means that Mrs. Kosenkina can be served with a subpoena if she leaves the consulate, but is safe from subpoena as long as she remains there.

Mundt Interpretation

Mundt interpreted it in that light. He said no attempt will be made at this time to serve a subpoena, since a process server could not serve papers in the Soviet Consulate. Although the teacher herself has no diplomatic immunity, he explained, the Soviet Consulate does have.

"In view of the announced intention of the Soviet consul not to permit a subpoena to be served," he said, "it would be useless to issue one."

Meanwhile, at the committee session, Duncan C. Lee, 33-year-old former OSS operative, denied in the face of new accusations that he ever gave secret information to Elizabeth T. Bentley, confessed former Russian agent.

In one-two order, the House committee put Lee on the stand and then recalled Miss Bentley to repeat accusations she has made.

Lee, during the war, was with the Office of Strategic Services, a counterespionage agency. He is now practicing law here.

Lee swore he was not a Communist and said he had never disclosed secret information to any unauthorized person.

Witnesses Agree

Representative Hebert (D., La.) told Lee and Miss Bentley their testimony was so contradictory that it was obvious "somebody lied." Both witnesses agreed with that statement.

Hebert said: "I don't know who is a liar, but I am going to find out." And, he declared, he will insist that the Justice Department bring perjury charges against any witness who has lied.

Mundt said he associates himself with Hebert's remarks.

"In the interests of justice and security, and primarily in the interests of justice," Mundt said, "some innocent-sounding people are guilty of infamous crimes, or innocent people have been injured by infamous testimony."

"Something Super-Secret"

Miss Bentley testified Lee told her about "something super secret" going on at Oak Ridge, Tenn., where the atom bomb was developed; about OSS operations in China and in the Balkans.

Lee didn't know exactly what was going on at Oak Ridge, Miss Bentley said, but told her it must be "something super secret because it was so highly guarded."

She said he gave her the information during a conversation outside his home in Washington.

Lee, who was shot down while on an OSS mission to China, had flatly testified under oath that "I have never divulged classified information to any unauthorized person."

Lee was the day's first witness.

Was "Helen Grant"

Lee said he had been acquainted with Miss Bentley, but knew her under the name of Helen Grant. "Our acquaintance was entirely a social one," he said.

"I know," Lee said, "that I have served my country with complete loyalty and to the best of my ability and it is a profound shock to find my name and war record attacked by the irresponsible charges of this woman.

"It is hard for me to believe that Miss Bentley's statements are those of a rational person."

A "Pleasant Chat"

Describing the meeting with Miss Bentley, or "Miss Grant," as he knew her, Lee said:

"We had a pleasant chat. Miss Grant said she would like to know us better and would like to look us up when she came to town again."

Committee Investigator Robert E. Stripling showed Lee a photograph identified as that of Jacob Golos, who Miss Bentley has testified was her immediate superior in wartime espionage work. Lee said he knew Golos as John, and did not remember the man's last name.

Miss Bentley invited Mr. and Mrs. Lee to dinner at a downtown restaurant, Lee said, and they met Golos with her.

"He did not make a strong impression on me," Lee said. "He was obviously ill. I am reasonably certain that she described him as a refugee writer."

"Attractive Person"

Stripling asked Lee about meetings that Lee and his wife had with Miss Bentley at various Washington apartments, restaurants, drugstores, and theaters. Lee confirmed all but one theater meeting, then asked to be allowed to explain the relationship of himself and his wife to Miss Bentley.

"We at first found her an extremely attractive person, as I have said," Lee began. "We were glad when she called us up, and we saw her sporadically over about fifteen months.

"For perhaps ten months we continued to enjoy her society, but then we began to change our opinion.

"We came to believe that she was a very lonely and neurotic woman, a very frustrated woman, and that her liking for us was unnaturally intense. She was emotionally around our necks.

"Intemperate" Views

"She first posed as an honest liberal, which we liked. Then her views became increasingly left wing, intemperate and extreme. I felt it might prove embarrassing in my position."

In October, 1944, the witness said, he and his wife decided "the acquaintance must be ended because she had become a personal nuisance."

"I put it to her quite bluntly," Lee said. "I put it to her on the grounds that her expressed views were generally more extreme than we had first thought.

[illegible] reaction was quite violent. She cried, she protested, she said she had to go on seeing us. She asked would we occasionally meet her outside our home in public places, and in order to get her out of the house we agreed.

"After that we met her, at the most, three times."

In Leather Business

Lee said Miss Bentley first represented herself to him and his wife as being in the leather business in New York "in some sort of an executive capacity."

Miss Bentley, when recalled to the stand, said that Lee, to the best of her knowledge, had been a Communist. She said she thought she first learned from Miss Price that he was one.

She said Lee knew she (Miss Bentley) was a Communist and suspected, not at first, but later, that she was a Russian agent.

To Lee's testimony of breaking with her because of her radical views, in a stormy scene in his apartment, Miss Bentley remarked: "I'm afraid it never happened."

She said Lee asked her at one time "point blank" whether some information was going to Russia or the Communist party. She said she told him it was going to Earl Browder, then head of the party.

"One Is Lying"

Lee was recalled. Representative Hebert took Lee back over most of the testimony Lee had given earlier and questioned him about conflicts with statements made by Miss Bentley. Lee repeated his denials of Miss Bentley's version of their relationship.

"One of you has got to be lying," Hebert said.

"That's right," Lee replied.

"And you are not?"

"That is right."

Lee said he was "completely bewildered" by Miss Bentley's testimony, and all he could say was that she had "a completely vivid imagination."

Lee told the committee he has been questioned twice before on the charges made by Miss Bentley. Two FBI agents talked to him about a year ago, he said, and he was before a Federal grand jury in New York last summer.

Lee, a 33-year-old former Rhodes scholar, testified he first met Miss Bentley, he thinks, in October, 1943, at the home of Mary Price.

He said Miss Price was a friend of his wife and himself and was a secretary at the War Production Board when he first knew her. At the time he met Miss Bentley, Lee continued, Miss Price was a secretary of Columnist Walter Lippmann.

Denial By Miss Price

[Miss Bentley has described Miss Price as a Communist who gave her information gained from Lippmann's files. Miss Price denied that in a statement at Greensboro, N.C. She is head of Henry A. Wallace's Progressive party in North Carolina and contended Miss Bentley's statements were intended to injure the party.]

Koral Wouldn't Talk

Today's hearings before Mundt committee were intended to unfold more details of a complicated tale which yesterday featured:

1. An appearance by Alexander Koral, of Brooklyn, the mystery witness who had been advertised by Mundt as capable of cracking the spy case "wide open." But Koral, an assistant engineer for the Board of Education, wouldn't talk. He said he didn't have to, because the Constitution allows him to refuse to answer questions that might degrade or incriminate him.

2. A statement by Hebert that Koral had signed a confession of "membership in an espionage ring related to the Soviet Government."

3. Testimony of Committee Investigator Louis Russell that Koral served as a courier who made "twelve contacts" for a man identified only as "Frank." Miss Bentley has said Frank—she knew him only by that name—was one of the Soviet agents to whom she relayed information.

4. A statement from Russell that Koral came to Washington at least twice to meet Nathan Gregory Silvermaster. Miss Bentley has said that Silvermaster headed one of two groups of Government officials who supplied wartime secrets to the Soviet spy network. She has said Government documents were copied at a photographic laboratory at Silvermaster's home.

5. A mechanical gadget which makes it easy to find telephone numbers. It was produced by Mrs. Gilda Burke. She said she was secretary to Silvermaster in 1943 and from 1944 to 1946, while he was with the Government. In the telephone index, Mrs. Burke said, were names of numerous persons Miss Bentley has listed among her information sources. Mrs. Burke said Silvermaster had communicated with these people.

6. An advertisement in the real estate section of the Washington *Evening Star* of May 3, 1947, offering for sale the house at the address at which Miss Bentley has testified Silvermaster lived. Representative Hebert noted that the ad listed a photographic room in the basement. Silvermaster has denied to the committee under oath that he ever was a spy, but refused to say whether he was a Communist or knew people listed by Miss Bentley.

Victor Perlo went through much the same process yesterday. Miss Bentley has said he headed the second group of Government employés and officials with whom she had dealings.

Now an economist for Henry Wallace's Progressive party, Perlo listed Government agencies for which he worked in the past, said he was a good American and that the charges against him were "inventions of irresponsible sensation seekers."

He, too, refused to answer question after question on grounds he might incriminate himself.

But he took out of his prepared statement a general denial of "the charges which have been leveled against me." That was after he was told that if the denial were kept in and any of the charges were proved true, he might run into another charge—perjury.

Washington, Aug. 10 (AP)—William Ludwig Ullman testified today that Miss Elizabeth T. Bentley, who has accused him of being a member of a wartime Red spy ring in the Government "is a liar."

Ullman was a surprise witness as he denied to the House Un-American Activities Committee what he called "scurrilous charges" made against him by Miss Bentley.

Miss Bentley Got $2,000, Decoration from Russians

AUG 1948

'Payoff' Made After She Had Secretly Told FBI She Was Red Spy

WASHINGTON, Aug. 10 — (AP) Elizabeth T. Bentley got $2,000 and a medal from the Russian government in 1945 after she had secretly told the FBI that she was a Red spy, investigating congressmen said today.

Members of the House Un-American Activities Committee said the money and a red star decoration came from the Supreme Soviet Council in 1945, apparently for her work.

Miss Bentley, 40, has been star witness in the committee's inquiry into stories of communist espionage here in wartime. She says she was a courier who picked up government secrets and gave them to Soviet agents.

Turned Over to FBI

The congressman said the money and the decoration were turned over to the FBI.

After a closed meeting at which the committee heard Miss Bentley, Chairman Thomas (R-NJ) announced that the committee has "definite confirmation" that Miss Bentley received the $2,000.

Thomas told reporters the committee has been seeking to learn whether any representative of the Soviet government ever paid any money or other consideration to any of the key people involved in the investigation.

He said the committee has proof that Miss Bentley "was handed $2,000 in $20 bills late in October, 1945, after she had gone to the FBI."

He said Miss Bentley received the money on a New York street corner from "a person whom she knew as Al but it has been determined that this person was a high representative of the Soviet government."

Thomas said the money, which Miss Bentley turned over to FBI agents, has been impounded.

"During all this time Miss Bentley was working in complete cooperation with agents of the government," he added.

The chairman said Miss Bentley would tell the story of the $2,000 at a committee hearing tomorrow morning.

He refused to comment on the report that Miss Bentley had received a Soviet award in addition to the cash, but other committeemen who declined use of their names told of the medal.

New York Village Unimpressed By Reds' 'Kidnaping' Charges

VALLEY COTTAGE, N. Y., Aug 10—(AP) Life on a 90-acre farm estate in this peaceful Rockland County village of 2,000 followed its usual quiet pattern today despite the assertion by Soviet Consul General Jacob Lomakin that the place was filled with "White Russian bandits."

The farm is a philanthropic camp for displaced Russians and is operated on a non-profit basis by the Tolstoy Foundation. It was set up in honor of the late Count Leo Tolstoy, one of Russia's most distinguished novelists.

The estate attracted world attention several days ago when Lomakin declared that those on the farm had "kidnaped" two Russian-born teachers, Michael Ivanovich Samarin and Mrs. Oksana Stepnanovna Kosenkina.

Directed by Ex-Countess

The farm is directed by the former Countess Alexandra Tolstoy, 64, youngest daughter of the late novelist. Now an American citizen, she scorns the title of Countess and asks that she be referred to only as Miss Tolstoy.

The estate was established in 1932 by the Tolstoy Foundation, whose funds came from wealthy Americans. Former President Herbert Hoover is honorary chairman of the foundation and many other prominent Americans are members of the foundation's board.

The estate is about 25 miles north of New York City and is within the corporate limits of the village of Valley Cottage.

Since its establishment, many prominent members of the former Czarist regime of Russia have found haven on the estate.

Currently there are about 95 persons on the Tolstoy farm; 45 of them are children.

All Work on Farm

Virtually all perform tasks on the farm. Miss Tolstoy herself often can be seen in the vegetable gardens or the fields.

The estate produces most of its own food. Members of the Tolstoy foundation contribute funds toward about 50 per cent of the farm's upkeep. Members of the farm contribute the rest.

Visitors to the farm are greeted by Miss Martha Knutson, a Swedish woman who taught school in Leo Tolstoy's Tula Province estate, near Moscow, until the Communists forced her to flee.

She said all emigres who wish to enter the farm first must be "screened." Those suspected of being Communists, she added, are investigated by the Federal Bureau of Investigation at the request of Miss Tolstoy.

The main house on the farm is a four-story, white brick building. There are about 35 other structures.

Many of the children live in New York City during the winter and pay $15 a week to spend their summers at the farm. Two doctors and two nurses are available to care for the medical needs of the children. A priest directs services in a Russian Orthodox chapel.

Each child must pay allegiance to the American flag at services each morning.

Calls Reds 'No Laughing Matter'

Representative Lusk Tells Girls Nation Delegates Communism Must Be Met and Overcome.

Washington, Aug. 10 (A. P.).—Representative Georgia L. Lusk (D.-N. M.) today told a group of high school girls from over the nation that Communism "is no laughing matter."

She addressed the nearly 100 delegates to the Girls Nation in a conference room at the Supreme Court building where they were holding a mock supreme court session. Two girls from each State, except Delaware, took part. Girls Nation is a National Citizenship School conducted by the American Legion Auxiliary, with headquarters in the American University.

"Imagine for a moment," Mrs. Lusk told the girls, "a police force larger than any peacetime army we have ever had, with the power of arrest with or without cause.

"Imagine your daily lives being under the constant scrutiny of that police force, the terror of a knock at the door in the middle of the night.

"If you can bring yourselves to imagine all that, then you have a small picture of what life behind the iron curtain is really like."

She advised the girls to "meet the Communist challenge and overcome it wherever you find it." The best way to do this, she added, is to understand its aims, its methods and operation.

Nine girls elected supreme court "justices" to hear a mythical case included Louisa Bunon of Brooklyn, N. Y.

Eisenhower Discounts Spy Dangers In U.S.

Denver, Aug. 10 (AP)—Gen. Dwight D. Eisenhower said today that "we can get hysterical about a spy scare but our Government is aware of these things and I don't believe the dangers are great."

"As I see it, we've done pretty well at keeping our major secrets ourselves," he added.

Eisenhower, now president of Columbia University, made his remarks at a press conference an hour after he and his wife arrived in Denver, for a vacation.

The General said policy matters had to be debated openly as part of a democratic government but "technical matters are different."

"I don't know if our laws are adequate, but adequate administration and concern will do that job," Eisenhower added. "We mustn't be naive or idotic but we can be careful."

Blockade Remains

Berlin, Aug. 10 (AP)—"Repairs" to the railway link between blockaded Berlin and the western zones of Germany were reported virtually completed today, but there was no sign the Russians would reopen the line.

Rumors had circulated in Berlin last night and today that early resumption of service would be permitted, but W. T. Babcock, United States Deputy Commander in Berlin, said investigation had established the rumors to be unfounded.

The British-licensed German press service quoted the German supervisor of the line as denying a report the blockade would be lifted soon.

"Small Sections Remain"

The French-licensed newspaper *Kurier* said the construction department of the German *Reichsbahn* (state railways) in the Soviet zone had reported "repairs" on the vital Berlin-Helmstedt line virtually completed and "only small sections remain to be worked over."

"However," the newspaper added, "the construction department reports it may declare the line restored to service only upon orders from the Soviet military administration."

The Russians closed the road in June, citing "technical difficulties" which made it necessary. The Western powers said the Soviet claim was a fraud.

Inside the blockaded city today the Berlin food department was split between eastern and western sectors.

500 Forced From Desks

The anti-Communist city government asked the three Western military governments to provide office quarters for 500 employés of the food department forced from their desks in the Russian sector by an administrative shuffle. An office building in the British sector was turned over to the food department.

Actually the move will have little effect on the distribution of food. The Russians withdrew from the four-power food pool six weeks ago, announcing no food from their zone could be furnished to western Berlin.

All food for the population of the western sectors now is brought in by United States and British transport planes because of the Soviet land blockade.

Fail To Free Americans

The Russians failed today to release two Americans arrested five days ago when they were said to have crossed accidentally into the Soviet zone.

The Russians were reported to have promised United States authorities yesterday they would release Lieut. Sherman S. Turner, of Council Bluffs, Iowa, and Roland M. Myers, of Brooklyn, N.Y.

Turner, military government officer in charge of Bad Kissingen, and Myers, another military government official, were arrested August 5. They were reported to have stepped over into the Soviet zone inadvertently while inspecting the Soviet-American zonal border near Mellrichstadt, 75 miles east of Frankfurt.

It was learned unofficially that their release today had been prevented by "complications." American quarters said negotiations for release of the two would be continued tomorrow.

PARLEY HITS SNAG OVER BERLIN ISSUE

Four-Power Talks at Kremlin Reach Grim Bargaining Stage

LONDON, Aug. 10 — (AP) Diplomatic sources reported tonight that the fateful east-west talks in Moscow had reached the grim, tough bargaining stage with each side set to wrest the maximum in concessions.

British informants said establishment of a broad basis for four-power talks on all Germany has been held up by failure to hammer out a formula for settlement of the immediate problem of Berlin.

A Russian diplomatic informant close to the Soviet embassy complained the western powers went into the Kremlin "and offered exactly nothing."

News Blackout Continues

30.24- 19667

The blackout on official news from the Moscow meetings still prevailed, but it was apparent the British foreign office felt the world would know the outcome by the end of the week.

The western diplomats conferred again in Moscow after last night's meeting with Soviet Foreign Minister V. M. Molotov. Moscow dispatches said indications were that negotiations might continue into next week

British sources said there will be further meetings at the Kremlin, with the next one seeking to bridge the gap between eastern and western plans for restoring order in Berlin's chaotic currency situation and lifting the Soviet blockade of the city.

These informants said Molotov told the western diplomats last night acceptance of a unified currency plan would be followed by speedy restoration of traffic communications to the western zones.

Rumors spread in Berlin that resumption of traffic would be permitted soon, but W. T. Babcock, the deputy American commander in Berlin, said investigation showed they were without foundation.

The British informants said the western diplomats told Molotov in the Friday conference that they were willing to accept the eastern mark as Berlin's currency, provided they shared in its control and Russia restored traffic links with the west.

Molotov was said to have objected to this.

The Soviet diplomatic informant in London gave what might have been Molotov's own argument.

The source said if the Western powers shared in controlling the east mark in Berlin they would, in effect, be participating in control of currency circulating throughout the Soviet zone without making a similar concession in the western zones.

The Soviet informant argued that the only effective solution was to unify currency of all Germany under four-power control.

The Russian source said readiness of the West to join in new four-power talks on Germany is "no concession because they are only offering to do what they are supposed to under the Potsdam pact."

He said the Western diplomats had made no sign of abandoning the London agreement to set up a West German government beyond "pointing out vaguely that it need not necessarily prejudice any subsequent four-power all-German settlement."

The Soviet informant said the Western powers were bringing pressure to accept their terms, adding "that, anyway, is how I see yesterday's announcement in Berlin that $40,000,000 worth of European recovery program food shipments are to be sent to West Germany in the next three months."

Says U.S. Will Be Master

Soviet resentment against the decision to set up a western German government was underlined by the Moscow radio.

The radio carried an article in the Soviet Army newspaper *Red Star* which charged that under the plan of the London conference "only United States will be the master of western Germany."

The article said that both France and Britain, "depending economically on the United States," were following the American line in declining Soviet proposals for a German peace treaty.

It added that a German peace treaty "would not answer purposes of Anglo-American monopolist circles which are trying to appropriate the industry and raw material resources of western Germany."

Urges U.S.-Russ Accord

In another broadcast commemorating the Soviet declaration of war on Japan the Moscow radio said the "fighting friendship and partnership" of America and Russia clinched victory over Japan and added:

"This historic truth has the most profound bearing on the present day: From it the people of the Soviet Union and the United States can draw the important conclusions that collaboration between the two countries is just as essential today as it was during the war; that just as it was collaboration of the great powers that made possible complete victory over aggressive forces of fascism and militarism, so collaboration can assure a stable and lasting peace at the present time."

East-West Talks Snagged Over Berlin Formula

London, Aug. 10 (AP)—Informed Government sources reported today the East-West Kremlin talks on Germany are still bogged down over what should be done to achieve an immediate settlement in Berlin.

These sources said that Russia's Foreign Minister V. M. Molotov, in his third session with the West- envoys yesterday, submitted a Soviet formula for solving the currency tangle in the German capital and indicated its acceptance would be followed by removal of traffic restrictions.

Meanwhile in Warsaw the newspaper *Zycie Warszawy* today quoted "London sources close to the American Embassy" as saying Prime Minister Stalin has outlined six basic points for any future discussion with the West on German problems.

Outlined In Talks

The newspaper's press service said these points, outlined in the course of current Soviet-Western talks in the Kremlin, include:

German economic unity, the shape of the German political system of the future, the Soviet role in the control of the Ruhr, the withdrawal of occupation forces, the problem of uniform currency and the final recognition of Poland's western frontiers.

The Russian Foreign Minister on Friday had raised objections to a Berlin settlement plan proposed by the United States and French ambassadors, Gen. Walter Bedell Smith and Yves Chataigneau, and the British envoy, Frank Roberts.

Bevin, Douglas Confer

Foreign Secretary Bevin conferred today with American Ambassador Lewis W. Douglas and planned to see the French Ambassador, Rene Massigli, on Roberts's report of the meeting in the Kremlin yesterday.

The Government sources said establishment of a broad basis for four-power talks on all Germany, and other European problems, must still be regarded as distant, until an agreement on Berlin's future currency and the blockade is reached.

A Russian diplomatic source said the Western powers at the Moscow talks offered nothing and demanded restoration of traffic links to Berlin. The Russian informant added that readiness of the western powers to join new four-power talks on all Germany would be no concession "because they are only offering to do what they are supposed to under the Potsdam pact."

"Introducing Pressure"

He added that the West gave no hint of dropping the projected western Germany government except to say vaguely that it need not prejudice a future all-Germany settlement on a four-power basis.

"In the meantime," said this source, "the western governments seem to be introducing a little pressure on us to accept their terms. That, anyway, is how I see yesterday's announcement in Berlin that $40,000,000 worth of European Recovery Program food shipments are to be sent to West Germany in the next three months."

Western Diplomats Discuss Next Move

MOSCOW, Aug 10 — (AP) Diplomats of the United States, Britain and France met again today to plan new steps in their current negotiations with Soviet leaders over east-west differences.

They conferred last night with Soviet Foreign Minister V. M. Molotov. Indications were that additional conferences will be held with Russian leaders, perhaps again with Prime Minister Stalin. The western representatives appeared weary but not impatient.

However, Frank Roberts, special British envoy, remarked to newsmen: "Well, we won't be news to you much longer."

Whether the remark had any significance remained to be seen. All other indications were the conversations and negotiations may continue this week and into the next.

U. S. Ambassador Walter Bedell Smith and French Ambassador Yves Chataigneau went to the British embassy for today's conference.

Russian Paper Hints Policy Unchanged

Moscow, Aug. 10 [*Reuter*]—*Red Star*, the Soviet Army newspaper, today implied that the Soviet stand on Germany remains unchanged.

Development of proposals for working out a peace treaty with Germany and organization of a central German Government are "absolutely necessary for re-establishing the political and economic unity of that country."

Obstacles to this, according to *Red Star*, are Anglo-American monopolies which "are endeavoring to lay hands on industry and raw material deposits in western Germany."

Seek To Avoid Treaty

The Western powers, particularly the United States, are trying to avoid signature of a peace treaty with Germany, the newspaper said because "it would make German Government responsible for any problem connected with the treaty."

Under the proposed Frankfurt regime occupation statute, the only voice the Germans would have in solving their problems would be through the three military governors, the paper said.

"Anglo-American industrialists who want to become the bosses of western Germany actually try to achieve establishment of a colonial regime in the Western zones.

The occupation statute will permit them to extend the occupation of Germany for a lengthy period."

Meanwhile, American industrialists through investments are buying up everything they can in Germany, *Red Star* said.

MOSCOW RADIO LAUDS U. S., RED WAR EFFORT

LONDON, Aug. 10—(AP) The Moscow radio lauded Soviet and American contributions to the war against Japan today and said "collaboration between the two countries is just as essential today as it was during the war."

While adopting a somewhat more conciliatory attitude toward the United States than has been evident in recent months, the English-speaking commentator assailed "reactionary circles in America x x x bent on undermining collaboration with the Soviet Union and sowing enmity and hatred for the Soviet Union among the American people."

The broadcast commemorated the Soviet Union's declaration of war against Japan on Aug. 9, 1945 and said the "fighting friendship and partnership" of Americans and Russians made possible the victory over Japan.

London, Aug. 10 (AP)—The Moscow Radio today urged closer collaboration between Russia and the United States to assure a lasting peace.

The broadcast commemorated Russia's declaration of war against Japan on August 9, 1945. The speaker, identified only as Bronin, said the "fighting friendship and partnership" of Russia and the United States clinched the victory over Japan.

"This historic truth," he said, "has a most profound bearing on the present day: From it the people of the Soviet Union and the United States can draw important conclusions that collaboration between the two countries is just as essential today as it was during the war, that just as it was collaboration of the great powers that made possible complete victory over the aggressive forces of fascism and militarism, so collaboration can assure a lasting peace at the present time.

"Masses Realize This"

"The American masses realize this," he continued, "a fact which is not to the liking of reactionary circles in America. These circles are bent on undermining collaboration with the Soviet Union and sowing enmity and hatred for the Soviet Union among the American people."

The commentator said that only through close collaboration of the great powers with the Soviet Union "can the problem of creation of a democratic state that accords with the Potsdam Declaration be solved and a lasting peace be assured in the Far East."

SIX STALIN DEMANDS LISTED IN WARSAW

Warsaw, Aug. 10 (A. P.).—The Zycie Warszawy today quoted "London sources close to the American embassy" as saying that the Russian Premier Stalin has outlined six basic points for any future discussion with the West on German problems.

The newspaper said that these points, outlined in the course of current talks at the Kremlin, include German economic unity, the shape of the German political system of the future, the Soviet's role in control of the Ruhr, the withdrawal of occupation forces, the problem of uniform currency and final recognition of Poland's Western frontiers.

MARIE'S VICTORY ON FINANCE SEEN

R. EUNSON

Paris, Aug. 10 (A. P.).—Premier Andre Marie appeared well on the way to a third round victory in the National Assembly today. A compromise reached last night on a controversial section of a measure designed to help the Government deal with the French financial crisis led to the general belief the bill will be approved by a substantial majority.

Under the compromise the recovery measure would permit the Government to regulate some taxes either upwards or downwards but such regulatory decrees would have to be ratified by the Assembly. The Communists, opposing the bill, shouted its passage would sell France down the river to the United States.

The measure, sponsored by Finance Minister Paul Reynaud, also would give Marie's Coalition Cabinet power to cut Government expenses and increase production.

A solid majority of the deputies approved the Marie Government in a vote two weeks ago. Previously they had agreed to give him a chance as Premier. The vote on the Reynaud plan is the third affecting Marie. No vote of confidence is involved, however.

AFRICAN COLONIES UP

AUG

London, Aug. 10 (A. P.).—The Big Four Deputy Foreign Ministers held a closed session today to hear the views of the United States on the future of Italy's pre-war colonies in Africa. They decided yesterday to discuss separately each of three—Libya, Eritrea and Somaliland—so as to avoid having differences over one prevent agreement on others.

The deputies have less than two weeks in which to report the results of their eleven months' work to decide the future of the colonies. The Council of Foreign Ministers then has until September 13 to agree. If it does not, the whole problem will be thrown into the lap of the United Nations Assembly.

Ministers Assail Pacifist Clergy

Paris, Aug. 10 (AP)—A group of American pastors denounced as "un-Biblical, unpatriotic and un-American" today the recent call by a group of United States clergymen for a day of mourning to protest the American draft law.

The pastors said the clergymen should be investigated by the House Un-American Committee.

The pastors made a statement at Orly Airport during a brief stop on their way to Amsterdam, Holland, to attend the World Assembly of the International Council of Christian Churches, August 11-19.

The statement said, in part:

"The call for a day of 'mourning and repentance' issued by 100 preachers against the United States draft law, naming it 'a dangerous and iniquitous measure,' merits the opposition of all who love America.

Contrary To Faith

"The call is made by known pacifist preachers whose activities in the past have militated against the defense of our land. The position taken is un-Biblical, unpatriotic, un-American, contrary to the historic Christian faith, and would leave America helpless before Communist expansion and encourage Russia to overrun other lands.

"To teach youth to be conscientious objectors, to defy lawful civil authority and to offer them the protection of the church is to use the church as a fifth column.

...request the House Committee of un-American Activities to investigate these preachers undermining our national security."

Berlin, Aug. 10 (AP)—A flight of at least twelve Soviet Yak fighter planes flew over the British and American sectors of Berlin before sunset tonight.

Witnesses said the planes, flying in two formations, caused considerable excitement bringing residents out in the streets.

There was no immediate comment from the British and American authorities at the four-Power Berlin Air Safety Center as to whether the Russians had given prior notice of the flight.

U. S. Troops in Franch Games

FRANKFORT ON THE MAIN Germany, Aug. 10 (AP)—United States troops will take part next week in French Army maneuvers in Germany, it was announced today. American troops from the United States Constabulary's Second Squadron will take up their stations in the French zone Aug. 16 and join the French Army's summer war games the following day.

Gimbel Official Joins AMG in Berlin

Berlin, Aug. 10 (A. P.).—John J. McCarthy, personnel director for Gimbel Brothers of New York, arrived in Berlin today to serve the American Military Government for a three-month period as special consultant on manpower problems. His home is in Bridgeport, Conn.

McCarthy, an expert in employee training problems, served with military government when he was in the Army. He will tour the United States occupation zone to draft training programs with German employees and Government leaders.

Penalties For 13 Nazis Demanded

Nuernberg, Germany, Aug. 10 (AP)—United States prosecutors demanded stern penalties today for thirteen German generals and an admiral accused of waging aggressive war and crimes against humanity.

Brig. Gen. Telford Taylor's summation closed out the penultimate trial of a series which has run here three years. Only the case against Adolf Hitler's ministers remains.

Taylor and staff read 100 pages of attack against the militarists. These included Field Marshal Ritter von Leeb, who flanked the Maginot Line in 1940; Field Marshal Hugo Sperle, who commanded the the German air force tests in the Spanish civil war; Field Marshal George von Kuechler; Admiral Otto Schinewind, a planner of the Norwegian invasions and lesser figures.

Taylor accused the generals of ordering British Commandos killed, of aiding the annihilation of Jews and of pushing Hitler's plans for aggressive war.

The names of Field Marshal Gerd von Rundstedt and Fritz von Mannstein, superiors of the men in the dock, appeared frequently in the summation. They are British prisoners and the British have been reported intending to try them. Taylor said both were guilty of war crimes.

Zenkl, Czech Ex-Official, Is Spirited Into U.S. Zone

AUG

Frankfurt, Germany, Aug. 10 (AP). Reliable sources said tonight that Dr. Peter Zenkl, former Deputy Premier of Czechoslovakia, had been hustled out of his homeland into the American occupation zone. They said the daring "kidnapping" was engineered by the Czech anti-Communist underground.

Zenkl, a long standing anti-Communist, was Deputy Premier from May, 1946, to February, 1948. He is former lord mayor of Prague. His wife accompanied him.

Partisan Aid Cited

The informants, connected with Czech refugees here, said Zenkl came willingly and when he arrived told American authorities "it was the work of Czech partisans."

When the Communists seized power in February of this year Zenkl was thrown out of the Government. Reports from Prague said he was living quietly in the Czech capital.

Just how the Czech underground arranged his escape was not divulged completely. The informants gave this account:

Zenkl and his wife left their home recently to visit his brother in the country. They were accompanied by two "guards," whose identity was not disclosed.

Transferred To Truck

As they approached a railroad station the guards stopped. Zenkl and his wife were transferred to a waiting army truck with armed guards aboard. They and eleven other persons in the truck were blindfolded.

The truck made a four-hour trip to a forest near the Czech-German border. The passengers were ordered out and, with the aid of the guards, walked five miles. They found themselves in Germany and the armed guards returned to Czechoslovakia.

ROME, Aug. 10 (AP) — Nicola Dinulescu, Rumanian press attaché here, denied today foreign reports that Rumania would join the Soviet Union.

Referring to an article yesterday in the Istanbul, Turkey, newspaper Cumhuriyet quoting Rumanian refugee sources in Turkey as saying that a plebiscite on joining the U.S.S.R. would be held in Rumania Aug. 23, M. Dinulescu said:

"This is an obvious absurdity, from a newspaper which has always been against our country. Also it comes from refugees who are against the present regime."

U. S. SCORES REDS ON DANUBE STAND

A SINGLETON

BELGRADE, Yugoslavia, Aug. 10.—(AP) The United States challenged Russia tonight to prove it really wants free navigation on the Danube River. The challenge came after the western powers lost earlier efforts to open up Europe's most important inland waterway.

American Ambassador Cavendish Cannon placed the issue before the Danube conference, demanding approval of an amendment guaranteeing against discrimination on the basis of "the flag or ownership of vessels or any other basis whatsoever."

U. S. State Stand

"If this conference supports the principle of free navigation it can hardly reject this amendment," Cannon said. "If it does it will serve notice to the whole world who is for discrimination and who it not."

The U. S. proposal was made in the form of an amendment to the first article of the new Danube shipping convention which, as drafted by Russia, would endorse the principles of free navigation without specific 'anti-discrimination terms.

Earlier the Communist states of eastern Europe showed their determination—and ability—to push through a Danube pact barring the western powers from any say on control of the river.

With steamroller strength Russia and her satellites crushed the first two western attempts at the Danube conference here to obtain guarantees of free navigation without discrimination on Europe's vital waterway.

The first test came on adoption

of a preamble setting forth the general objectives of the conference. From start to finish of the day's debate the outcome clearly was a Russian-directed formality.

The Soviet draft for the preamble was pushed through by a seven to two vote. The United States and France registered their objections. Britain abstained from voting.

Before that vote the Communist bloc defeated French and American attempts to revise the preamble and to broaden its terms in the interests "of all nations." In both cases the rejection came on a seven to three vote.

In addition, both the U. S. and French delegations proposed clauses calling for the establishment of close ties between the new Danube commission and the United Nations to promote international economic cooperation.

Soviet Deputy Foreign Minister Andrei Vishinsky opposed the move, saying there was no necessity for such action. He added that he had noted no such clause for economic cooperation with the U.N. in the pact of alliance signed at Brussels recently by Britain, France, Belgium, the Netherlands and Luxembourg.

United States amendment to the preamble.

Then it accepted the Russian preamble draft intact, 7 to 2, with the United States and France voting no and Britain abstaining.

The key section of the Russian preamble placed the conference on record as favoring "free navigation of the Danube in accordance with the interests and sovereign rights of the Danube states and in order to strengthen the economic and cultural relations between themselves and other nations."

West Powers Object

The Western powers objected to this. They held it to be the foundation for later articles to the convention giving the Danubian states specific powers over navigation in waters along their shores.

Russian Deputy Foreign Minister Andrei Y. Vishinsky earlier had opposed a Western plan to tie the Danubian commission closely to principles of the United Nations. He said there is no need of such action. Vishinsky said he noted no such clause in the alliance treaty of Brussels between Britain, France, Belgium, Holland and Luxembourg.

GREEKS IN NEW ATTACK ON REBEL STRONGHOLDS

ATHENS, Aug. 10 — (AP) The Greek army launched fresh attacks today against Communist-led guerrillas on both ends of the Grammos Mountain front, a general staff spokesman said.

On the southwest sector the troops climbed two lofty peaks and came to grips with the guerrillas. Battles were fought atop 5,000 foot Mount Prophet Elias near Oxya and the 6,500 foot Mount Liokos.

On the northeastern front the army was fighting for Alevitsa and approaches to height number 1,461. Fall of the latter would give the army a strangle-hold on the last main supply route from Albania through Slimnitsa.

Ogonek reported recently that at the Urals Machinery Works in Sverdlovsk alone workers now have over 1,500 large horned cattle and goats and are receiving 7,000 metric centners (one centner equals 220 pounds) of milk yearly. They have set up two livestock co-operative societies in addition.

Alexandria, Egypt, Aug. 10 (AP)—A source close to the Arab League said today it has rejected a Jewish invitation to start peace talks on Palestine.

The informant said the proposal was rejected on the premise that Arabs did not recognize "any such gang as the pseudo-government of Israel, which has no international status." The Arab note to the United Nations mediator was reported to have said Arab armies entered Palestine only to insure peace there.

Foreign Minister Moshe Shertok of Israel last week requested Count Folke Bernadotte, the United Nations mediator for Palestine, to invite the Arab States to enter peace talks. The Arab League, representing the seven states arrayed against Israel in the truce-stilled war, replied to Bernadotte.

The informant said the proposal was rejected on the ground that Arabs did not recognize "any such gang as the pseudo-government of Israel, which has no international status." The Arab note was reported to have said that the Arab armies entered Palestine only to insure peace there.

The Britons were officials of the Jerusalem Electric Corporation who were arrested by Irgun in Jerusalem two months ago and turned over to the Israeli government. Britain had protested their arrest and detention to the UN Security Council.

Israel Hails Soviet Envoy

TEL AVIV, Israel, Aug. 10 (AP)—Hebrew language newspapers today hailed the arrival of a Russian diplomatic mission to Israel as a "great event in the life of our young state."

Pavel Yershov, Soviet Minister to Israel, and his party arrived yesterday.

The Soviet flag was hoisted on the hotel in which the mission is living. The hotel also is the residence of the United States consular staff here.

Jerusalem Talks Go On

JERUSALEM, Aug. 10 (AP)—Count Bernadotte resumed talks today with Zionists and Arabs after a night of sniping, machine gunning and shelling around the Holy City.

The mediator said today that the Arab forces had withdrawn from the Tel Aviv-Jerusalem highway at Latrun.

The Arab Legion had controlled this section of the highway for many weeks.

There is a water pumping station at Latrun which used to supply some of the needs of Jerusalem. Count Bernadotte said United Nations truce observers would see to it that repairs were made and water started flowing again into the Holy City.

Fifty United States and French observers arrived today, giving the Count seventy-five assistants in this area to watch for violations of the truce.

THREE BRITONS CLEARED OF ISRAEL SPY CHARGES

TEL AVIV, Israel, Aug. 10—(AP) Three of five Britons whose detention on espionage charges was the subject of United Nations debate were freed by an Israeli magistrate today. The two others were held without bail for another 10 days.

The Israeli High Court of Justice, meanwhile, put off to an undetermined date a decision on Habeas Corpus proceedings brought in behalf of Peter Bergson, co-president of the American League for a Free Palestine, and Yaakov Meridor, sec-

U. S. FRAMING ISRAELI POLICY

Story of Marshall Threat to Resign Discounted.

Washington, Aug. 10 (A. P.).—The State Department today announced that several steps are under study for tightening American relations with the new Jewish State of Israel. The department's press officer, Michael McDermott, also declared that there is no conflict between President Truman and Secretary of State Marshall on Israeli policy, that he was certain there was nothing to a report published in New York that Marshall had threatened to resign because Mr. Truman wanted to take several pro-Israeli steps.

Actually, McDermott told reporters, each of the steps listed in the New York newspaper story is receiving careful attention, so that positive action on all of them is possible. For example, he said, a proposed American loan to Israel of about $100,000,000 is under study at the Export-Import Bank. Again, the State Department is considering De Jure recognition of the Israeli Government. At present that government is recognized as a practical administrative authority but its claim to a legal right to rule over a part of Palestine has not been formally recognized by Washington. As for Israeli membership in the United Nations, McDermott said that the shaping of an American policy will have to await the filing of an application, but "we would certainly view it sympathetically under the charter"—indicating, apparently, that Israel would have to qualify for membership just as every other U. N. member ha sdone but that otherwise the United States would support its application.

Earlier today the President's press secretary, Charles G. Ross, said it was "news to me" that Marshall had threatened to resign because of Mr. Truman's pro-Israeli stand.

French Proposal On The Danube Is Defeated

Belgrade, Yugoslavia, Aug. 10 (AP)—Eastern Europe's solid Communist bloc beat down today a Western power effort to win freedom of navigation guarantees on the Danube.

By a vote of 7 to 3, a conference called to write a new convention governing transport on central Europe's major waterway rejected a French attempt to substitute a preamble of their own for one prepared by Russia for the new pact.

The controversy centered chiefly around the French effort to omit from the preamble a Russian clause which would place the conference on record as recognizing the "sovereign rights" of the Danube states.

U.S. Votes "No"

The conference by the same 7-to-3 vote defeated a proposed

All Passports In Yugoslavia Are Called In

Belgrade, Yugoslavia, Aug. 10 (AP)—The Yugoslav Government has called in all passports held by citizens inside Yugoslavia and announced that new ones must be applied for.

The announcement came from the Ministry of Foreign Affairs and the Ministry of Interior, neither of which gave any explanation for the change.

Those outside the country on Yugoslav passports can return on a proper visa, the announcement said. No time limit was set for those outside Yugoslavia.

Romania Denies Plan To Unite With Soviet

Bucharest, Aug. 10 (A. P.).—A Government official denied today a Turkish newspaper report that Romania would vote in a plebiscite this month on joining the Soviet Union. "These rumors are created and spread by interested circles abroad," the official said, and added it was not the first time the Turkish press had done this.

Russia To Enter 1952 Olympics

London, Aug. 10 (AP)—A Russian sports official said today Russia intends to participate in the 1952 Olympics "if we are invited."

Evan Nikolagewicz Pietuchow, head of the three-man Soviet delegation to the International Amateur Basketball Federation, said the Russians thought their invitation to form an Olympic committee and participate in the 1948 games came "rather late."

He also said that a Russian basketball team would consider visiting the United States for a series of international contests "if we are invited."

Favors Present Rules

Pietuchow, who is a Russian delegate on the rules committee which is considering revision of the international basketball rules, said he preferred the present international standards.

He said the Russians have no proposals and he is against a ban on tall players urged by some Europeans.

TRUMAN DENIES MARSHALL THREAT TO RESIGN POST

WASHINGTON, Aug. 10 — (AP) President Truman denied today that Secretary of State Marshall had threatened to resign because of a difference of opinion over the American policy toward Israel.

The New York Star had published a story that the President and Marshall were split over American policy and that Marshall threatened to quit.

Hadn't Heard Report

Charles G. Ross, presidential press secretary, early in the day said the report "certainly is news to me" when told of it. Later, after checking with the President, he said the President flatly denied the story.

Michael McDermott, State Department press officer, also said "I'm sure there's nothing in that, because there is no conflict between the President and Marshall."

The Star had said the President wanted to grant the Jewish state a loan, extend full legal recognition and sponsor Israeli membership in U. N.

Considering Loan

McDermott told a news conference the United States is considering a $100,000,000 export-import bank loan to Israel.

McDermott said the question of giving full legal recognition to Israel is also under study.

As to the new loan, officials said representatives of the Israeli government recently had supplied the bank with information on how the money could be used.

They said that one consideration in finally approving such financial assistance would be the degree of stability existing in the Middle East.

McDermott said the U. S. would "view sympathetically" any application from Israel for membership in the United Nations "under the charter."

His reference to the charter was taken to mean that the American government would require that the state of Israel should meet charter requirements for membership, the principal one being that a state must be "peace-loving."

Truman-Marshall 'Rift 'News To Me:' Ross

Washington, Aug. 10 (AP)—Presidential Press Secretary Charles G. Ross said today that a published report that Secretary of State Marshall had threatened to resign "is certainly news to me."

The report, published by the New York *Star*, was brought up at Ross's news conference.

A reporter told Ross the article said Mr. Truman has proposed a three-point program for Israel and that Marshall had threatened to resign as a result.

"News To Me"

"That is certainly news to me," Ross replied. He added he had not seen the article.

The New York *Star* said its sources reported that "the President, at a recent meeting with his closest political advisers, advocated this following three-point program:

1. Granting of a $100,000,000 loan.
2. Extension of de jure recognition.
3. Support for Israel's expected application for membership in the United Nations.

[*De jure* recognition means recognition of a government as the legally constituted authority.]

73 Killed In Attacks, Indians Informed

New Delhi, Aug. 10 (AP)—Deputy Prime Minister Sardar V. Patel told the Indian Parliament today armed raiders from Hyderabad state have killed 73 persons in 197 recent attacks on Indian territory.

He said 107 Indians have been wounded and 41 abducted.

India is demanding that Hyderabad abandon its independence and join the Indian union. The princely state, wealthiest in India, has been blockaded, and Indian troop concentrations have been placed near by. Fears have been expressed that fighting between the state and India may result.

CHINESE TROOPS TAKE COMMUNIST STRONGHOLD

PEIPING, (Wednesday), Aug. 11 —(AP) Government capture of Tsunhwa, important Red stronghold 85 miles northeast of Peiping, was announced today by the government command.

Gen. Fu Tso-Yi's headquarters said national troops, striking northward, occupied Tsunhwa after killing 897 Chinese Communists and capturing 27. General Fu also reported seizure of 3,000 summer and 15,000 winter uniforms, 80 tons of paper and two radio transmitters.

Inside Tsunhwa, his headquarters said, national troops destroyed arsenals, paper factories, spinning and weaving mills and warehouses —an indication they do not plan to garrison the city.

From Tsunhwa, the government forces were reported driving northeast toward Sifengkow, Great Wall town 25 miles away.

The capture of Tsunhwa, a key highway center, was the most notable success claimed by government troops in their current drive against the Reds in eastern Hopeh Province—a drive aimed at clearing railways to Manchuria and generally stabilizing the much-disturbed area.

REDS CONTROL DAIREN, U. S. OFFICIAL CLAIMS

SHANGHAI, Aug. 10—(AP) The government of Dairen sharply restricts the movements and freedom of both Chinese and foreigners, Isaac A. Patch Jr., American vice-consul at that Manchurian port city, said today.

Patch, enroute to his Gloucester, Mass, home after serving two years in Dairen, told reporters some 10,000 Russians, including 5,000 troops, are in the city. More are stationed at Port Arthur Russian Naval Station.

Darien was declared a free port under the Chinese-Russian treaty of 1945 but the Soviets have declined to give up control of the city despite Chinese and American representations. A Chinese government runs the city under Soviet eyes.

Patch, thin and nervous after his long Dairen stay, reported little economic improvement there but said the food situation has improved, because of Chinese emigration and the repatriation of Japanese. Inflation there is not as bad as in China proper.

Jap Occupation Aide Facing Loyalty Test

Tokyo, Aug. 10 (AP)—A $10,000-a-year official in General MacArthur's headquarters has been suspended without pay pending a loyalty check.

He is Harry F. Alber, of Los Angeles, head of the price and distribution division which directs the rationing and pricing of Japanese food and other essential commodities.

"I know I am loyal and am confident I can be cleared," he said today. He said he had been investigated twice before while working for Government agencies and had been cleared.

Will Go To Capital

He declared he is not and never has been a Communist or a member of any "Communist front" organization.

Army officials here told him the order for his suspension had originated in Washington, D.C. He was not permitted to see the order, he said. He prepared to leave for Washington Friday to face the investigation.

Alber has worked previously for the Government with TVA, the Civil Aeronautics Authority and OPA. After three years in the Army he was discharged in Japan as a lieutenant and began serving with the military government.

Told No Reason

Alber said that in neither of the two previous investigations was he told why he was being investigated, nor was he advised of the findings beyond the fact he was cleared.

The investigations were made by the FBI and other agencies, he added, while he was employed by the CAA and the OPA. He said he had belonged to two Government unions.

Alber said that as far as he knew no charge of disloyalty ever was lodged against him either here or in Washington.

Asked Hearing Abroad

"I see no indication I am being crucified," he said. "Everybody has been very decent about it here. I hate to leave here. I hope I can come back."

Alber had asked occupation authorities for a hearing in Tokyo saying: "I am confident I can clear myself of any suspicion of disloyalty."

He was told the case originated in Washington and he would have to stand investigation here.

MACARTHUR AIDE ORDERED TO U. S. FOR LOYALTY TEST

TOKYO, Aug. 10. — (AP) General MacArthur's price and distribution division chief was under suspension today, on orders from Washington, pending a loyalty check.

The official, Harry F. Alber of Los Angeles, told reporters he never had been a Communist or a member of any front organization.

He said he had no idea why the loyalty check was ordered but that twice before he had been investigated by the F.B.I. and other agencies.

Declares Innocence

"I know I am loyal and I am confident I can be cleared," he declared.

Alber is a veteran both of the army and of government service. He joined the government service in 1934, working with T.V.A., the Civil Aeronautics Authority, and the O.P.A.

He was three years in the army, entering as a private and emerging as a lieutenant. He was discharged in Japan, joined the military government and became chief of the price division a year ago.

Never Suspended

Alber said the previous investigations were while he was with C.A.A. and O.P.A. In neither case was he suspended or discharged.

Alber, preparing to return to Washington for the hearing, said in the previous investigations he never was told why his record was being checked. He says he still doesn't know.

Army authorities here advised him the order for his suspension from his $10,000-a-year job came from Washington.

Alber said he had asked the army to conduct the hearing in Tokyo because "I am confident I can clear myself of any suspicion of disloyalty" but was told he would have to go to Washington.

Alber will take with him a letter from his army superior saying he is professionally competent and has capably performed his duties.

ISLANDS SEEK TOKYO RULE

Okinawa, Iwo and Ie Said to Favor Tie at Occupation End

WASHINGTON, Aug. 10 (AP)—Yoshio Higa, private secretary to the Governor of Okinawa, said today that the populations of the Ryukyu Islands, which include Okinawa, Iwo and Ie, want to return to Japanese rule.

Mr. Higa, who is the first native to leave Okinawa since V-J Day, said that the populace wanted to return to Japanese rule as soon as the United States occupation ended.

He said that although the island's political leaders wanted to remain under United States protection, the people did not.

"The island peoples spent from 1872 until 1941 under the rule of the Japanese Government and many of our customs are the same as those of Japan," Mr. Higa said. "We speak the same language, eat the same foods, produce the same things, and our economy is tied in with Japan's."

He said at a news conference that the population of Okinawa was increasing rapidly. He added that repatriates, combined with an increasing birth rate, had brought the population up to 540,000 .

Increases Export Quotas for Oil

Washington, Aug. 10 (A. P.). —The Department of Commerce today fixed higher export quotas for fuel oil to meet naval needs in the Caribbean, and for aviation gasoline to boost shipments for Gander airport in New Foundland.

The department announced these overall quotas for the July-September quarter: Crude oil, 2,220,000 barrels; aviation gasoline, 1,305,000; other motor gasoline 4,900,000; kerosene 500,000; gas oil and distillate fuel oil, 4,200,000; residual fuel oil, 1,450,000.

U.S. Oil Production Reaches New High

Tulsa, Okla., Aug. 10 (AP)—The *Oil and Gas Journal* reported today that United States crude-oil production set a new high of 5,503,730 barrels average daily for the week ended August 7.

Production was up 52,820 barrels over last week. The new mark is 9,280 barrels more than the record set for the week ended June 26.

Texas, up 31,125 barrels to 2,446,600 barrels, accounted for most of the gain.

The following states also had major increases: Indiana, up 3,100 barrels to 23,900; Illinois, up 8,500 barrels to 179,300; Michigan, up 4,250 barrels to 45,450; Louisiana, up 6,650 barrels to 482,850; Oklahoma, up 4,800 barrels to 427,950; New Mexico, up 4,040 barrels to 132,960; Wyoming, up 1,470 barrels to 150,740.

Kentucky and Arkansas reported gains of 700 and 675 barrels, respectively.

Kansas was down 10,100 barrels to 290,800;, Montana down 1,870 barrels to 24,600 and California down 3,000 barrels to 950,600.

Florida, Mississippi and Colorado noted decreases of 230 barrels or less. Production was unchanged in Alabama and Nebraska.

MEXICO OPENS NEW OIL FIELD

Reynolsa, Mexico, Aug. 10 (A. P.).—Discovery of what appears to be a major new oil field on the northern Mexican border was witnessed today by high officials of Petroleos Mexicanos, Mexican Government oil administration.

On an eight-hour test in sand at 7,075 to 7,078 feet, Pemex No. 1 Reynosa, wildcat test six miles southeast of Raynolsa, flowed at a rate estimated by Luis Perez Rossi, Pemex district superintendent, at 1,000 barrels of 50-gravity crude daily. The well was shut in after the test was completed and drillers plan to perforate five additional feet of sand.

Pemex officials said plans were immediately discussed to lay a pipeline from Reynosa to Monterrey.

RUSSIA REJECTS PLEA TO RETURN TRIESTE TO ITALY

L. Haven

LAKE SUCCESS, Aug. 10—(AP) Russia today rejected a United States demand that Trieste be given back to Italy and accused the western powers of creating a German-patterned Bizonia in the Adriatic free territory.

Deputy Foreign Minister Jokob A. Malik told the Security Council that 21 nations had ratified the Italian peace treaty and any move to revise it was "unacceptable" to the Soviet Union. Britain and France support the American demand.

Malik said the U. S. and Britain were trying to sabotage the treaty and following the same policy of dismemberment used in Germany. What they are doing, he added, is creating a Bizonia in Trieste and annexing it to Italy.

Backs Yugoslavia's Cherges

Malik then backed Yugoslavia's charges that the U. N. and Britain have violated the treaty in the administration of their zone. The western powers promptly denied the allegations with American delegate Philip C. Jessup accusing Marshal Tito of trying to annex the internationalized territory to Yugoslavia.

Russia's support of the Yugoslav case for a second time in the council debate was noted with interest in diplomatic circles here in view of the Yugoslav break with the Cominform.

Malik spoke nearly an hour in throwing Moscow's support behind Tito. He charged the western powers with blocking efforts of the council to select a governor for Trieste in the hopes of using the stalemate as an excuse to give Trieste back to Italy. He said the council should act immediately on naming a governor.

Malik, successor to Andrei A. Gromyko on the council, also complained that the U. S. had included Trieste in the "so-called Marshallized countries" in violation of a four-power agreement.

After hearing Malik, the council adjourned until Friday when debate will continue.

Cover-Up Attempt

Jessup told the Security Council that Yugoslavia's United Nations complaint against the U. S.-British administration in Trieste was an attempt to cover up Tito's moves to swallow Trieste and to distract attention from Yugoslavia's own sins of bad administration. Jessup added that the United States views the Yugoslav charges as without foundation.

"I hope you will all keep in mind that the government which made these accusations against us itself rules a zone in the free territory of Trieste behind an iron curtain of its own," Jessup said.

Would Operate Under UN

The free territory of Trieste was created under the Italian treaty and divided into two zones, one administered by the United States and Britain and the other by Yugoslavia. Once the council appoints a governor, the zones would be merged and the territory would operate under the United Nations.

Jessup noted that the U. S., France and Britain had proposed March 20, that the free territory be returned to Italy but that Russia had refused. He emphasized that until the treaty is changed—and that step can be taken only with Russian consent—the United States will give complete cooperation to the council in assuring the integrity and independence of the territory and the maintenance of public order and security.

Trieste Return Demanded Of Reds Again

M. Harrison

Lake Success, N.Y., Aug. 10 (AP)—The United States renewed its demands today that Russia agree to return Trieste to Italy.

The new bid was made by United States Delegate Philip C. Jessup in a speech before the United Nations Security Council.

Jessup recalled that the United States, France and Britain had proposed last March 20 that the free territory be returned to Italy, but Russia had turned down the proposal.

Jessup said "it is hoped that it will soon be possible to establish procedure" to carry out the March 20 proposal.

Denies Yugoslav Charges

He denied Yugoslav charges the United States and Britain had violated the Italian peace treaty in administering their zone in Trieste. Instead, he said, it was Yugoslavia who was guilty of violating the treaty.

He declared Marshal Tito still hoped to incorporate the Free Territory into Yugoslavia.

"I hope you will all keep in mind," Jessup said, "that the Government which has made these accusations against us itself rules a zone in the Free Territory of Trieste behind an Iron Curtain of its own.

Charges Made Last Week

The Trieste case was brought before the Council last week when Yugoslavia charged the United States and Britain with numerous violations of the Italian peace treaty in administering their zone in the Free Territory.

Yugoslavia said the two Western powers had, in effect, already incorporated their zone into Italy by entering into a series of economic and financial agreements with Italy.

Both the United States and Britain took the position that they had not violated the peace treaty, although they are now convinced the provisions regarding Trieste are unworkable.

General's Report On Hand

As the debate was resumed, the Council had before it the third quarterly report of Maj. Gen. T. S. Airey, of Britain, commander of the British-United States zone, which was circulated among the delegates yesterday.

Airey strongly supported the plan proposed by Britain, France and the United States last spring to give Trieste back to Italy.

"It has become increasingly apparent," he said, "that the Free Territory settlement established as a compromise by the treaty of peace with Italy is neither politically nor economically viable."

YOUTH FACING DRAFT QUERY OF 8 PAGES

Communism Or Other Politics Of No Interest To The Boards

Washington, Aug 10 (AP)—Whether you are a Communist or not makes no difference in your draft classification.

Selective service headquarters today made public an eight-page questionnaire which the nation's youth will have to answer starting August 30. Draft boards will determine from the replies whether a man should be called up. No political or loyalty questions are asked.

What Classification?

What Uncle Sam wants to know is:

Are you a veteran, a student, a minister or in the armed services?

Are you married, what's your job, what schools did you go to?

Are you a citizen, a criminal, a conscientious objector?

What's your physical condition, what classification do you think you should be in?

All men between 18 and 25 must register between August 30 and September 18, but only those 19 to 25 are liable to be drafted. Officials are hurrying the paper work so as to lose as few as possible of the 25-year-olds who are about to turn 26.

26-Year-Olds Separated

Those who become 26 during the months ahead of the first inductions will be put over into a separate class. Should the draft age be raised by Congress, this group would then be all classified and ready for call. There has been no indication that such a move is contemplated except in case of extreme emergency.

Draft officials said a number of delays will spin out the time between registration and actual induction. Maj. Gen. John E. Dalhquist estimated yesterday that the Army might not get draftees before mid-November.

Immediately after the start of registration, draft officials said, local boards will begin mailing the questionnairs to "local, single non-father, nonveteran men."

Here's How It Goes

A possible timetable, offered as an example, would be:

Registration, August 30; questionnaire mailed, September 1; questionnair returned within ten days, September 11; classification by local board, September 14; examination by military doctors, September 24; notice of acceptability of the draftee, September 29; induction order mailed, October 9; actual induction, October 20.

It was emphasized that these dates are offered only as an example of the possible time spread between registration and induction.

Maj. Gen. Lewis B. Hershey, selective service director, said he has absolutely no inkling of when the Army will issue its first call for men. That will determine the date of the first inductees' entrance into military service, he said.

If the Army does not ask for draftees until September 1, for example, the draftees might not be reporting to camps until the third week in November.

The Army is having its problem getting housing ready, lining up doctors, drill instructors, supplies and the hundreds of items needed for recruit training. For these reasons, it is expected that the peacetime conscription will not get really under way until early next year. Draft calls probably will be small during November and December.

Tobacco Crop Forecast At 16% Below '47 Level

WASHINGTON, Aug. 10 (AP).—A tobacco crop of 1,777,783,000 pounds was forecast today by the Agriculture Department—about 16 per cent below last year's crop and 23 per cent below the 2,322,000,000 record crop of 1946. The department's estimate was based on Aug. 1 conditions.

Prospects for all tobaccos, the crop reporting board said, improved about 1 per cent during July. Production of flue-cured tobacco was forecast at 1,005,007,000 pounds, ½ per cent below the estimate a month ago.

Burley tobacco production was estimated at 494,000,000 pounds, a sharp increase over last month's estimate. The prospective production of fire-cured tobacco was set at 69,800,000 pounds and dark air-cured at 37,600,000 pounds, with little change in cigar tobaccos.

Defense Group Urges State Guard Be Turned Over to Army, Air Force

Could Swing Into Action Quickly in Case of Emergency, Committee Says

REPORT STUDIED

Guardsmen Would Be Replaced by Locally Organized Military Units

WASHINGTON, Aug. 10 — (AP) Formation of an entirely new National Guard was urged today by a defense department committee which recommended that the present well-armed organization be taken from state control and turned over to the Army and Air force.

If this were done, the present National Guard and Air National Guard could swing into action quickly in case of a national emergency, it was stated. Under present laws they may not be used for federal purposes until Congress says so.

The committee suggested that the Army and Air force-controlled guards be replaced in the states with locally-organized military units for use to insure internal security.

These would be trained and equipped by the armed forces, and be used to handle "lesser situations" such as riots, strike violence and other disturbances. The new guard would act along with local police officials.

Seen as Political Dynamite

Officials, sensing the political dynamite involved in taking the national guard away from state control, quickly emphasized that the committee's report was merely a recommendation and not defense department policy.

The committee was set up last November by Defense Secretary Forrestal under Assistant Secretary of the Army Gordon Gray to recommend what should be done about all civilian reserve units in the armed forces.

Meanwhile, selective service organized for R-day — registration day, beginning Aug. 30 and continuing through Sept. 18. All men 18 through 25 must register, but only men 19 through 25 are eligible for the 21-month peacetime draft. An 8-page questionnaire has been completed and is ready for registrants.

The older groups will be called first, although few of the 25-year-olds will be drafted, Selective Service Director Lewis B. Hershey said. It may be mid-November the first inductees don uniforms.

The questionnaire readied by selective service will be mailed to men after they have registered. Draft boards will use these questionnaires to determnie whether men should be called up.

No loyalty questions are asked, and no one has to say whether or not he is a Communist.

Secretary of Defense Forrestal said the committee report on the national guard would be studied by the secretaries of the army, navy and air force before any recommendation is made to Congress.

The committee took note of what it called two obstacles to quick mobilization of the guard:

1. Inability of the government to use the guard for federal purposes until Congress formally declares a national emergency.

2. Time-consuming re-transfer of property and equipment from the states to the federal government.

Applying the test of national security, the committee agreed unanimously that:

Guard, Reserves Praised

1. The guard and reserves "are not now capable of participating effectively in major combat operation on M-Day." It also said the air national guard as now constituted is unsuitable for its peacetime mission.

2. The national guard should remain a part of the nation's striking force, and other units should be organized under state control to meet local needs.

3. The guard must be directly under federal control—to combine authority with responsibility and to emphasize the federal government's obligation in the organization, training and supply of the guard. x x x

"To pose a threat of artillery, armor or air power against citizens of this country is hardly in keeping with any foreseeable situation, and not consistent with sound public policy," the report said.

"The guard as now armed, should not normally be employed in strike duty or other minor civil disturbances. It should only be employed when the situation becomes fully threatening to constitutionality established authority."

The committee believed that lesser situations can be more appropriately handled by local police officials, under the general police powers of the civil government, with personnel experienced in handling civilian crowds.

Legislation would be necessary to put into effect most of the major recommendations of the committee.

Governor Criticizes National Guard Plan

HARTFORD, Aug. 10—(AP) Governor Shannon tonight criticized as a "bad move" the recommendation of the federal defense department committee that the National Guard be removed from state control and made a permanent part of the armed forces.

The governor said that he had not had any official knowledge of the recommendation and therefore was unprepared to make any formal or studied comment on it.

"Off-hand, however," he said, "I think it is a bad move."

The recommendation was announced in Washington this afternoon when the committee's 211-page report was submitted to Defense Secretary James V. Forrestal.

"I have not seen the report yet," Governor Shannon said. "At the earliest opportunity I will secure a copy of it, study it and consult with those with whom I should consult. After that I will decide what action I should take in the best interests of the state."

The National Guard at the present time is under state control and the governor is commander in chief of all Connecticut units.

It is expected that Governor Shannon will confer with Major General Frederick Reincke, the adjutant general, and other officers of the state military department before deciding on his formal course of action.

Iowa Will Fight Guard Annexation

Cedar Rapids, Iowa, Aug. 10 (AP). The Adjutant General for Iowa said today that "we of the National Guard will fight to the last ditch" a proposed annexation of the guard to the Army's organized reserves.

"We are very definitely opposed to the proposal," Brig. Gen. Charles H. Grahl said. General Grahl is with the 34th Infantry Division in summer field training at Camp Riley, Kan.

"We will fight the plan through Congress. I think there are enough former governors in Congress to defeat it. I am confident all the States will join hands in fighting this thing," General Grahl said.

Army, Guard Will Get 158 Utility Planes

Washington, Aug. 10 (AP)—The Air Force today ordered 158 utility planes for the Army and National Guard.

The $2,500,000 order was placed with the Ryan Aeronautical Company, of San Diego, Cal., and the first deliveries are expected within a few months.

The utility planes, known as L-17B Navions, are a modified version of a civilian four-seater. This type is used by the Army for reconnaissance, personnel and cargo carrying, and other odd jobs.

Today's order raises the total purchases of this type to 241. About one-third will be sent to army commands overseas, one-third to United States Army bases and the remainder to the National Guard.

2 Divisions Are 'Ready,' Marine General Says

San Diego, Cal., Aug. 10 (AP)—The Marine Corps commandant said today two regular divisions were "ready to go" in case of trouble. Enlistments are up and the air-reserve prog m "is booming," he added.

Gen. Clifton B. Cates, on an inspection tour from his Washington headquarters, said the two divisions were the 1st at Camp Pendleton, Cal., and the 2d on the East Coast.

If enlistments continue at last month's rate of 5,500, the corps will not need draftees, he stated.

Most of the reserve flyers, he stated, are war veterans.

MAY REOPEN AIR BASE

Washington, Aug. 10 (A. P.).—The Navy, if Secretary of Defense Forrestal approves, plans to reactivate its huge Opalocka Air Base near Miami, Fla., within six months.

Reactivation of the Fort Lauderdale, Fla., naval air station is under consideration, it was reported.

The Navy Public Relations Department said that no information is being released by the Navy on the planned reactivation..

Under Forrestal's regulations, no branch of the armed services may reopen a closed base except in the event of an emergency or without his specific approval. The Opalocka base was declared excess last year and leased to the city. The Navy inserted a clause, however, permitting it to reclaim the field whenever it desires.

VITAL MATERIALS SOUGHT

Marshall Plan Group Will Go to Paris for Talks

WASHINGTON, Aug. 10 (AP) — Paul G. Hoffman, Economic Cooperation Administrator, said today that a Marshall Plan group would leave for Paris Saturday to open discussions on the obtaining of strategic materials needed by the United States.

The group will be headed by Evan Just, director of ECA's strategic materials division. The Foreign Assistance Act requires that European countries, as a condition of recovery aid, facilitate the transfer to this country of critical materials which are scarce or potentially scarce in the Western Hemisphere.

With Mr. Just will go William Tamplin, ECA mining consultant; H. A. Gray, transportation consultant; Clifton Mack of the Bureau of Federal Supply, and Alan Hugh Smith, legal adviser.

PRESIDENT SIGNS HOUSING MEASURE

Accepts G.O.P. Bill as 'Better Than Nothing'; Raps Congress 'Neglect'

WASHINGTON, Aug. 10 — (AP) President Truman today signed a housing bill designed to make it easier to finance low-cost homes but rapped the measure as falling far short of what the country needs.

Blasting the Republican-controlled congress for "deliberate neglect" of people most in need of adequate housing, the president said he signed the "emasculated measure" only because it was better than nothing.

He had asked the special session to pass the Taft-Ellender-Wagner housing bill containing provisions for low-rent public housing, slum clearance and aids for farm housing.

The president said this was second in importance only to anti-inflation laws.

Congress Ignored Demand

But congress ignored the government-financed projects listed in the T-E-W bill and pased a substitute measure offered by Senator McCarthy (R-Wis).

This is what the housing bill, now law, will do:

1. It will permit the federal housing administration to guarantee loans made to states, municipalities and non-profit corporations building rental housing.

2. Authorize the FHA to insure an additional $800,000,000 worth of mortgage loans on large-scale rental units where the cost for a family unit is not over $9,000.

3. Make it simpler for builders of pre-fabricated houses to get loans.

4. Speed building of housing projects by permitting builders to get 88 per cent insured mortgage loans on projects of at least 25 homes costing $6,300 or less each.

5. On houses costing $6,300 or less, it will authorize government insurance on 95 per cent buyers' loans and 90 per cent builders loans.

6. Permit government loans on veterans' cooperatives, boosting the allowable cost from $1,350 per room to $8,100 a unit. There is an alternate ceiling of $1,800 per room.

7. Authorize 90 per cent loans on non-veterans cooperatives.

8. Guarantee banks or other lenders against losses running up to 10 per cent of their total loans on construction of homes costing not more than $4,500. That is, if a bank had made total loans of $450,000 on that type of home, and lost $50,000 the government would make good $45,000 of the loss.

Backers of the bill said it was unlikely that a bank would suffer losses of more than 10 per cent.

This guarantee system applies mostly to rural and semi-rural homes. Previously the top cost limit on homes eligible for the guarantee was $3,000 instead of $4,500.

The system is different from the ordinary Federal Housing Administration program, under which loans on individual houses are guaranteed, up to 95 per cent of the cost.

9. Permit banks to sell on to the government as much as 50 per cent of their GI and FHA insured mortgages acquired after April 30, 1948. The earlier limit was only 25 per cent.

Truman Assails Bill

But President Truman said the bill "falls far short of the legislation which could and should have been enacted."

In a statement issued shortly after he signed the measure, Mr. Truman said:

"The congress in enacting this bill has deliberately neglected those large groups of our people most in need of adequate housing—the people who are forced to live in disgraceful urban and rural slums.

"The most astonishing part of the process by which this result was achieved is that the members of the house of representatives were never permitted to consider and vote on the Taft-Ellender-Wagner bill. Even though all the main provisions of that bill were favorably reported by the house committee on banking and currency, the Republican leaders refused to let the full membership of the house consider it."

President Signs GOP Home Bill; Congress Hit

Washington, Aug. 10 (AP)—President Truman signed the housing bill into law today with a blast at the Republican-controlled Congress for "deliberate neglect" of people most in need of adequate living quarters.

Mr. Truman said the measure falls "far short of the legislation which could and should have been enacted." He said that he was signing the bill because it would be "of some help" in meeting the housing shortage.

The President accused the House Republican leaders of blocking consideration of another bill which would have provided "decent housing" for millions of families.

Bill Put Aside

Mr. Truman referred to the Taft-Ellender-Wagner measure which included public housing, slum clearance and rural housing provisions. This bill was shunted aside by the GOP leadership in the closing days of the extra session of the Eightieth Congress.

Mr. Truman said Congress has "deliberately neglected those large groups of our people most in need of adequate housing—the people who are forced to live in disgraceful urban and rural slums."

"The most astonishing part of the process by which this result was achieved is that the members of the House of Representatives were never permitted to consider and vote on the Taft-Ellender-Wagner bill," Mr. Truman said.

For the family interested in buying or renting, at relatively low cost, the bill would do these things:

1. Permit the Federal Housing Administration to guarantee loans for states, municipalities and nonprofit corporations which are building rental housing.

2. Authorize the FHA to insure an additional $800,000,000 worth of mortgage loans on large-scale rental units where the cost for a family unit is not more than $9,000.

3. Make it somewhat easier for builders of prefabricated houses to obtain Government loans.

4. Permit builders to obtain 88 per cent insured mortgage loans on projects of at least 25 homes with a unit value of $7,500 or less.

5. Authorize 95 per cent buyers' loans and 90 per cent builders' loans on houses costing $6,300 or less.

6. Permit Government loans on veterans' co-operatives and increase the allowable cost from $1,350 a room to a total of $8,100 a unit. Where the Federal housing officials find that large-size families make this limitation impractical, there is an alternate ceiling of $1,800 a room.

7. Authorize 90 per cent loans on nonveteran co-operatives.

8. Guarantee up to 10 per cent of loans for construction, principally in rural and semi-rural areas, of homes which do not cost more than $4,500, as compared with a present ceiling of $3,000. The bill carries a $35,000,000 increase in authorization of such loans.

9. Permit banks to sell on Government secondary markets as much as 50 per cent of their GI and FHA-insured mortgages acquired after April 30, 1948. The past limit has been 25 per cent.

Other provisions of the bill designed to have some effect over a longer period of time would authorize the establishment of a new housing research unit; would guarantee capital investors a 2¾ per cent income on their money on condition that rents be set to yield no more than a 3¼ per cent annual return.

The last provision is aimed at inducing insurance companies to invest in large low-rent housing projects.

Text Of Statement

Following is the text of President Truman's statement on signing the housing bill:

"I have today given my approval to H.R. 6959, the so-called 'Housing Act of 1948.'

"When I addressed the special session on July 27, 1948, I strongly urged the Congress to complete action on S. 866, the comprehensive Taft-Ellender-Wagner housing bill which had passed the Senate on April 22, 1948. The Congress has instead passed an emasculated housing bill which fails to include several of the most important provisions of the Taft-Ellender-Wagner bill.

"Because the bill which was passed will be of some help in meeting the critical housing shortage, I am giving it my approval; but the people of the country should understand clearly that it falls far short of the legislation which could and should have been enacted.

Neglect Is Charged

"The new bill fails to make any provision for low-rent public housing. It fails to make any provision for slum clearance and urban redevelopment. It fails to include any provision for special aids for farm housing. It includes only limited provision for research to bring down building costs.

"In short, the Congress in enacting this bill has deliberately neglected those large groups of our people most in need of adequate housing—the people who are forced to live in disgraceful urban and rural slums.

"The most astonishing part of the process by which this result was achieved is that the members of the House of Representatives were never permitted to consider and vote on the Taft-Ellender-Wagner bill. Even though all the main provisions of that bill were favorably reported by the House Commitee on Banking and Currency, the Republican leaders refused to let the full membership of the House consider it.

Leaders Assailed

"The record shows clearly where the responsibility lies for this denial of the democratic process. As the Republican chairman of the Senate Banking and Currency Committee stated on the floor of the Senate last Friday, the members of the House of Representatives 'have been denied by their House leadership the right to vote on the Taft-Ellender-Wagner bill.'

"It is a matter of great regret to me, as it will be to millions of ill housed families, that a measure which would have helped to provide them with decent housing has been blocked by the Republican leadership in the House of Representatives."

FOOD PRODUCTION SPREE OF FARMERS TOPS ALL RECORDS

Will Exceed Any Other Year by Six Per Cent, Agriculture Dept. Says

MAY CUT LIVING COST

Big Corn Crop Expected to Pare Prices of Meats, Dairy Products

WASHINGTON, Aug. 10 — (AP) Farmers are on a record-smashing food production spree which may help bring down the spiraling cost of living.

An Agriculture Department report on crop conditions as of August 1 predicted today that total production this year will top any other year—including the big war years—by 6 per cent.

In this astonishing volume is a prospective record corn crop. This means, officials said, that in time there will probably be a downturn in prices of meats, dairy and poultry products—now the chief worries of budget-pinched housewives.

Weather Man Aids

A big assist was given by the weather man. The department said unusually favorable weather in July—including "ideal corn weather" in the midwest—boosted the indicated production slightly more than 4 per cent.

This picture of future abundance included forecasts of the second largest wheat crop on record, record crops of soya beans, rice, peanuts and pecans; near record crops of oats, flaxseed, grain sorghums, dry beans and citrus fruits; and above-average volumes for all other crops except rye, buckwheat, dried peas, sweet potatoes, apples and pears.

Corn was the big news of the report. This crop was put at 3,506,000,363 bushels—an increase of 177,501,600 bushels over a month ago and a boost of 256,050,363 over the previous record of 3,249,950,000 in 1946.

Corn is the major raw material in producing meats, dairy and poultry products. The report indicated this year's big crop will be supplemented by a large volume of other feed grains and materials to create perhaps a new surplus.

Means More Livestock

If the grain estimates are borne out—and everything indicates that they will—farmers would be in a very favorable position to expand livestock production.

A very short corn crop of 2,400,952,000 bushels last year forced producers to cut down on livestock. This accounts largely for present short supplies and high prices of meats, dairy and poultry items.

Officials said consumers should begin to benefit from the big grain crops next spring. By that time, they said, there should be a noticeable increase in supplies and lower prices of livestock products.

Reflecting the indicated record yields of all grains combined, prices of grain already have dropped sharply since the postwar peak of last January.

Low grain prices will encourage farmers to produce and feed more livestock.

Wheat was estimated at 1,284,323,000 bushels—an increase of 42,572,

...0 over a month ago. It is not far short of last year's record of 1,364,919,000, but is way above the 10-year average of 942,623,000.

The wheat supply will be ample to meet all domestic needs and export a record quantity to shortage areas.

The department said that progress of crops and farm work during July was nearly all that could be desired.

"Nature seemed to outdo herself to keep conditions in balance and induce the maximum progress," it said.

Yields per acre of most crops improved or were maintained during the month. New yield records are indicated for corn, potatoes, cotton and dry beans. Near-record yields appear likely for oats, barley, grain sorghums, soya beans, tobacco and sweet potatoes.

The only dark spot in the picture was in Kansas and parts of adjoining states where heavy July rains and floods caused some losses in wheat which was ready for harvest.

RECORD CORN CROP FORECAST

Gain Over Last Month's Estimate Reported.

Washington, Aug. 10 (A. P.).—The Department of Agriculture today forecast this year's corn crop at 3,506,363,000 bushels and the wheat crop at 1,284,323,000 bushels. These figures were based on conditions prevailing on August 1.

The corn estimate is 177,501,000 bushels more than the record of 3,328,862,000 indicated a month ago. It compares also with last year's small weather-plagued crop of 2,400,952,000 and the ten-year (1937-46) average of 2,813,529,000. The previous record was 3,249,950,000 in 1946.

Big Wheat Crop.

The wheat figure is 42,572,000 bushels more than 1,241,751,000 forecast a month ago for the second largest of record. Last year's crop was a record one of 1,364,919,000. The ten-year average is 942,623,000.

The wheat estimate included 981,415,000 bushels of winter wheat, 46,151,000 bushels of durum and 256,757,000 bushels of other spring wheat.

A month ago the winter wheat estimate was 951,958,000 compared with 1,067,970,000 last year and 688,606,000 for the ten-year average.

Last month's estimate for durum wheat was 44,354,000 compared with 43,983,000 last year and 34,619,000 for the ten-year average. The forecast for other spring wheat was 245,439,000 last month compared with 252,966,000 last year and 219,398,000 for the ten-year average.

Brokers in Chicago said the trade anticipated a Government crop estimate of around 3,500,000,000 bushels for corn. While the possibility of a record corn crop has been somewhat discounted in recent trading, many traders expect this year's crop to establish a record.

New York Banks Raise Interest Rate Quarter Per Cent On Commercial Loans

New York, Aug. 10 (AP)—A general increase of ¼ of 1 per cent in the interest rate on new commercial loans was indicated today by New York banks as a result of the United States Treasury's newest drive against inflation.

The new base will be 2 per cent, replacing the present general rate of 1¾ per cent charged customers with the highest credit ratings during the past eight months.

The signal for the advance came yesterday when Secretary of the Treasury Snyder announced that the Government would pay 1¼ per cent interest on short-term Government loans in place of 1⅛ per cent.

Not Rushing To New Rate

There was no tendency among New York bankers to rush into the new higher rate or immediately to demand more money for their loans. They ascribed these reasons for the policy:

1. There still is plenty of money waiting to be loaned.
2. There is a lot of competition among banks for business with the borrower taking the best terms.
3. For some time interest rates have been firming on all classes of commercial loans.

New Loans Affected Most

Old customers with top credit ratings might even find they can borrow money at the old rates, bankers said, but negotiations for new loans will have to start off with the understanding that the new bottom rate is 2 per cent and not 1¾.

Secretary Snyder's action was characterized as a "straw in the wind"—a definite action to put the brakes on inflation.

The next step generally anticipated is an increase in the Federal Reserve rediscount rate, the rate at which banks can borrow from the Federal Reserve. That will be a sharp jerk on the brake compared with today's more gentle tug.

Banker's Explanation

As one banker explained: "Business men outside of the New York financial community have a great respect for the rediscount rate. An increase will be a definite signal that the easy-money days are over."

He added: "It's a good thing all the way around."

The effect of the 1¼ per cent rate on short-term Government paper is likely to be felt within the next month as new loans are made or old loans are renewed.

But any rise in the rediscount rate will have an immediate impact on a great portion of borrowings known as term loans, those made for periods counted in years instead of months. Many of them have an escalator clause fixing the rate of interest at a certain percentage higher than the Federal Reserve rediscount rate.

Consequently the raise would immediately affect thousands of outstanding loans.

Bankers' Reaction

Reaction of bankers today was somewhat different than earlier this year when they announced a tighter money market. At that time most banks simply made an announcement that rates were higher.

But today several leading bankers, whose attitude probably will regulate the actions of other bankers, said the whole business of lending money is on an individual basis. In other words, it depends on the customer and what he wants to use the bank's money for.

If the bank considers the loan noninflationary, if it is to be used for production purposes, if the borrower's credit rating is high, he probably will get the loan on generous terms.

If the bank, on the other hand, thinks the loan would be inflationary, the price for the money would be high.

Reserve Bank Under Pledge

The Federal Reserve now stands pledged to purchase all Government securities offered in the market at certain price levels, at par or above.

Critics of present anti-inflationary strategy claim the three steps are not enough, that more drastic moves are needed to make a successful stand against inflationary dangers. They want the Government, in a word, to lower the prices at which it buys its own bonds or to get out of the market entirely.

Money Management

Here is how the strategy of money management works out:

When banks need to raise money to lend out, they customarily do one of two things:

1. They can go to a central Federal Reserve Bank and ask for a loan backed by Government securities as collateral. The central bank will lend the money for a fee, called the rediscount rate. Increasing the rediscount rate makes it more expensive for the bank to borrow money, so the bank either charges more for the loan it makes or decides not to make the loan at all. That is one basic way of curbing bank credit.

2. The bank may take some of its bonds into the open market and sell them. The proceeds will be used to make a loan to one of the bank's customers. As it stands now, the bank always has a ready market for its Government bonds because the Federal Reserve has, in effect, promised to buy all the bank wants to sell at a certain price.

Government's Aim

By raising the interest rate on its one-year bonds, the Government has intended to make the bank find it more attractive to keep the bonds for the interest they yield, rather than sell them to make commercial loans. The bank, the Government hopes, will politely tell some of its customers to go fly their kites because it hasn't enough money to lend. That is a second basic way of curbing bank credit.

If the customer offers enough as an interest payment, it may be presumed the bank would be tempted to sell its Government bonds.

Attack From Another Angle

Raising bank reserves attacks the problem from another angle. If reserves are raised, the bank must get the money to cover the additional requirements. Usually that is done by disposing of Government bonds. But, as was noted above, Government bonds are a bank's source of lendable funds.

Thus by removing part of a bank's holdings of Government bonds from its portfolio, a part of the bank's lendable money is also removed. That is a third basic way of curbing bank credit.

Wants Low Debt Interest

The present policy of supporting Government bond prices at predetermined levels stems from the Treasury's desire to keep the interest payments on the national debt as low as possible. Long-term Government bonds, the Treasury says, must be kept at par of 100 or above.

If the Treasury did pull out of the Government bond market, it is possible that not only inflation but the national economy as well would be knocked flat on its back. Such a move would certainly stop expanding bank credit and undoubtedly a lot of other things as well.

That is one reason Secretary Snyder has said flatly time and again that Government bond prices will be supported.

U. S. Corporations' Working Capital Up

$62,400,000,000 at End of Quarter Sets New Peak

WASHINGTON, Aug. 10 (AP).—The working capital of American corporations reached a new record level of $62,400,000,000 at the end of the first quarter of 1948, the Securities and Exchange Commission reported today.

In the first three months, January through March, working capital rose by $1,600,000,000. This resulted from a rise of $500,000,000 in current assets while liabilities dropped by $1,100,000,000.

The biggestt factor in the shift was a decline of $1,500,000,000 in notes and accounts payable. The only item of current assets to increase notably was inventories. These rose by $1,300,000,000 to a level of $43,000,000,000. Much of this boost, S. E. C. said, reflected the continuing rise in prices paid for goods included in the inventories. At the end of the quarter, corporations held cash and deposits amounting to $22,100,000,000 and government securities totalling $13,200,000.

RESTAURANTS JOIN BOYCOTT IN LOUISVILLE

More Than 300 To Aid Housewives In War On Meat Prices

Louisville, Ky., Aug. 10 (AP)—More than 300 restaurants here will co-operate with a group of housewives who have instituted a meat boycott, it was announced today by Carl B. Kaelin, vice president of the Louisville Restaurant Association.

Kaelin said the association met on request of the housewives, who have organized to combat the high price of meat. He said the restaurants had been asked to refrain from serving meat courses for the duration of the boycott, but the association decided against that.

"As public institutions, the restaurant can't refuse a customer in this manner," he said.

"Instead, we'll go back to the meatless Tuesdays system we had during the war."

To Add Menu Notice

This means meat substitutes—omelets, fish, cheese dishes and the like—will eb offered, every day this week, and a notice of co-operation with the housewives will be clipped to teh menus.

"But if a guest asks for meat, we'll have to give it to him."

Meranwhile, effects of the buyers' strike were mixed. Some butcher shops reported they sold as much as usual. Others declared the boycott had cut their sales.

Housewives Picketing San Francisco Packer

San Francisco, Aug. 10 (AP)—Some 25 to 30 women, some with their children, picketed a big meat-packing plant here today in pursuit of lower prices.

"Our beef is beef," said one placard.

Another demanded: "Don't buy meat, bring down prices." Another read: "Meat trusts are keeping prices up—they get the gravy; we get the gristle."

Shop operators throughout the area concede sales are off—as much as 75 per cent in some instances. Some markets are laying off help.

At the South San Francisco stock market spring lamb prices were off as much as $1.50 a hundredweight. Hog and beef prices remained steady with only a trace of undertone.

Kansas City Boycott Ineffective As Yet

Kansas City, Aug. 10 (AP)—Wholesale and retail meat markets in greater Kansas City today reported sales "as good as ever," despite a boycott movement.

Mrs. Bernardine Munneke, 25-year-old housewife who started the boycott Friday, said it "hasn't been on long enough" to affect meat sales."

Bruce Talks With Hoffman on Purchases From Argentina

WASHINGTON, Aug. 10 (AP)—James Bruce, United States Ambassador to Argentina, held an hour-long conference with Paul G. Hoffman, chief of the European Cooperation Administration, this afternoon in an apparently unsuccessful effort to have the agency give Argentina an active role in the Marshall Plan.

Both Mr. Bruce and ECA declined comment on the results of the meeting pending issuance of a joint press release tomorrow. However, from the best information available ECA's view that Argentina be called upon for supplies when and if needed, and at suitable prices, prevailed. ECA has said repeatedly there is no "urgent need" for Argentine exports.

Mr. Bruce has been spearheading a State Department move, supported by the Commerce Department, to get ECA to finance purchases in Argentina.

Isotopes Breed New Science Of Radiology

Los Angeles, Aug. 10 (AP)—Health-physics, a new science, has been born in this atomic age.

Health-physics, a recently established branch of radiology, is concerned primarily with safeguarding workers in plants which, paradoxically, produce beneficial isotopes.

The public, too, says Louis B. Silverman, must be protected against injury related to the increasing output of health-giving radioactive substances.

Atomic-Medicine Course

Silverman, health physicist with the atomic energy project at U.C.L.A., is one of the scientists lecturing to 90 physicians attending the university's three-week course in atomic medicine. The doctors are from all parts of the United States.

"Currently, with more and more chain reacting piles and cyclotrons being put into operation, and their radioactive products and by-products going into greater and more diverse use daily, the need for health physics is proportionately increasing," he declared today.

Distance from the source is the most effective protection against penetrating radiations, he said. However, in cases where the distance becomes greater than handling techniques will allow, massive shielding and remote control are employed.

Disposal Is Problem

He foresaw a problem in the disposal of radioactive waste materials. Indiscriminate disposal over the years may result in serious contamination of water sheds, he said, and specific disposal rules are contained in all health and safety regulations for handling radioactive materials.

"We have started a new era with development of the atom bomb," he said. "The dangers of radioactivity are cumulative, and the effects may be far reaching. However, even if the use of these radioactive isotopes does involve the most hazardous potentials, they still can be employed safely in all fields of endeavor for the benefit of the entire race."

SUPREME COURT AWES 'GIRLS NATION' GROUP

WASHINGTON, Aug. 10 — (AP) Nearly 100 high school delegates to "Girls Nation" tramped through the long corridors of the huge Pentagon Building today—but they were awed more by the marble Supreme Court building.

The girls, attending the sessions conducted by the American Legion Auxiliary, toured both buildings, but the majestic high court structure was their favorite.

At the Pentagon they were introduced to Gen. Omar Bradley, Army chief of staff, who told them he did not think women ever would be drafted on the same basis as men.

Gen. Bradley praised the part played by women in the last war. He said the nation needs leadership and congratulated the girls for having been selected to come to Washington on the basis of leadership.

RELIABLE SOURCES IN FRANKFURT SAID DR.PETER ZENKL, FORMER DEPUTY PREMIER OF CZECHOSLOVAKIA, HAD BEEN HUSTLED OUT OF HIS HOMELAND INTO THE AMERICAN OCCUPATION ZONE BY THE CZECH ANTI-COMMUNIST UNDERGROUND.

AT THE DANUBE CONFERENCE IN BELGRADE, THE UNITED STATES CHALLENGED RUSSIA TO PROVE IT REALLY WANTS FREE NAVIGATION ON THE VITAL WATERWAY. THE U.S. ASKED THE REDS TO APPROVE AN AMENDMENT GUARANTEEING AGAINST DISCRIMINATION ON THE BASIS OF "THE FLAG OR OWNERSHIP OF VESSELS OR ON ANY OTHER BASIS WHATSOEVER."

DIPLOMATIC SOURCES IN LONDON REPORTED LAST (TUES) NIGHT THAT THE EAST-WEST TALKS IN MOSCOW HAD REACHED THE TOUGH BARGAINING STAGE, WITH BOTH SIDES SEEKING CONCESSIONS FROM THE OTHER.

BRITISH INFORMANTS SAID A BASIS FOR TALKS ON ALL GERMANY HAD BEEN HELD UP BY FAILURE TO REACH A FORMULA FOR SETTLING THE IMMEDIATE PROBLEM OF BERLIN. A RUSSIAN DIPLOMATIC INFORMANT COMPLAINED THE WESTERN POWERS "OFFERED EXACTLY NOTHING."

BRITISH SOURCES SAID THERE WILL BE FURTHER MEETINGS AT THE KREMLIN SEEKING TO BRIDGE THE GAP BETWEEN EASTERN AND WESTERN PLANS FOR RESTORING ORDER IN BERLIN'S CHAOTIC CURRENCY SITUATION AND LIFTING THE BLOCKADE OF THE CITY.

IN MOSCOW, DIPLOMATS OF THE U.S., FRANCE AND BRITAIN MET AGAIN TO PLAN NEW STEPS IN THE NEGOTIATIONS.

THE MOSCOW RADIO, HEARD IN LONDON, ADOPTED A MORE CONCILIATORY ATTITUDE TOWARD THE UNITED STATES THAN HAS BEEN EVIDENT IN RECENT MONTHS.

CELEBRATING THE ANNIVERSARY OF RUSSIA'S ENTRANCE INTO THE WAR AGAINST JAPAN, THE COMMENTATOR SAID "COLLABORATION BETWEEN THE TWO COUNTRIES (RUSSIA AND THE U.S.) IS JUST AS ESSENTIAL TODAY AS IT WAS DURING THE WAR."

BUT THE SPEAKER ALSO LAMBASTED "REACTIONARY CIRCLES IN AMERICA" FOR "SOWING ENMITY AND HATRED FOR THE SOVIET UNION AMONG THE AMERICAN PEOPLE."

RUMORS THAT THE RUSSIANS WOULD SOON PERMIT REOPENING OF THE VITAL RAIL LINK BETWEEN BERLIN AND THE WESTERN OCCUPATION ZONES OF GERMANY WERE DECLARED UNFOUNDED BY THE U.S. DEPUTY COMMANDER IN BERLIN.

THE CITY'S ADMINISTRATION WAS SPLIT FURTHER AS THE ANTI-COMMUNIST CITY GOVERNMENT ASKED WESTERN MILITARY COMMANDER TO PROVIDE QUARTERS FOR 500 EMPLOYES OF THE FOOD DEPARTMENT FORCED FROM THEIR DESKS IN THE RUSSIAN SECTOR.

THE RUSSIANS FAILED TO RELEASE TWO AMERICANS ARRESTED FIVE DAYS AGO WHEN THEY WERE SAID TO HAVE ACCIDENTALLY CROSSED INTO THE SOVIET ZONE. UNOFFICIAL SOURCES SAID "COMPLICATION" PREVENTED THEIR IMMEDIATE RELEASE.

THE MOSCOW RADIO URGED CLOSER COLLABORATION TODAY BETWEEN RUSSIA AND THE UNITED STATES TO ASSURE A LASTING PEACE.

ORDINARILY FOR THE LAST YEAR OR MORE, THE RADIO HAS DEVOTED ITSELF ALMOST EXCLUSIVELY TO ASSAILING THE WESTERN POWERS, USUALLY THE U.S.A.

UT TODAY AFTER THE THIRD MEETING LAST NIGHT WITHIN A WEEK BETWEEN ENVOYS OF THE U.S., BRITAIN AND FRANCE WITH FOREIGN MINISTER MOLOTOV, MOSCOW RADIO DECLARED:

"COLLABORATION BETWEEN THE TWO COUNTRIES IS JUST AS ESSENTIAL TODAY AS IT WAS DURING THE WAR. X X X JUST AS IT WAS COLLABORATION OF THE GREAT POWERS THAT MADE POSSIBLE COMPLETE VICTORY OVER THE AGGRESSIVE FORCES OF FASCISM AND MILITARISM, SO COLLABORATION CAN ASSURE A LASTING PEACE AT THE PRESENT TIME."

THE SPEAKER, OF COURSE, INCLUDED AN ASSERTION THAT "REACTIONARY CIRCLES" IN THE U.S. OPPOSE THIS AND ARE UNDERMINING COLLABORATION. BUT HE GAVE THE U.S. A LITTLE CREDIT FOR VICTORY OVER JAPAN IN A "FIGHTING FRIENDSHIP AND PARTNERSHIP" WITH RUSSIA. THE BROADCAST COMMEMORATED RUSSIA'S DECLARATION OF WAR AGAINST STAGGERING JAPAN, ALREADY REELING UNDER TWO ATOM BOMB BLOWS.

THINGS WERE NO BETTER IN BLOCKADED BERLIN. AUG 1948

W. T. BABCOCK, U.S. DEPUTY COMMANDER IN BERLIN, REPORTED THAT A FAIRLY ACCURATE GERMAN SOURCE SAID THE RUSSIANS HAVE ORDERED GERMAN RAIL OFFICIALS TO STAND BY FOR A POSSIBLE REOPENING OF THE RAILROAD FROM BERLIN TO THE WEST, THROUGH THE SURROUNDING RUSSIAN ZONE. BABCOCK SAID THE REPORT CAN ONLY BE CALLED "PURE RUMOR."

THE RUSSIANS MOVED IN ON THE GERMAN CITY GOVERNMENT FOOD ADMINISTRATION, CROWDING THE REGULAR CITY STAFF FROM THE CITY HALL, WHICH IS IN THE RUSSIAN ZONE. TWO FOOD ADMINISTRATORS APPEARED IN PROSPECT. ALREADY, THE CITY HAS TWO POLICE CHIEFS, TWO CURRENCIES AND FOUR SETS OF OCCUPATION POWERS.

GERMAN LEADERS WERE AT WORK IN FRANKFURT DRAFTING A CONSTITUTION FOR A WESTERN GERMAN GOVERNMENT, A MOVE BITTERLY OPPOSED BY RUSSIA.

SIGNS INCREASED THAT THE RUSSIAN ZONE OF GERMANY HAS A FOOD SHORTAGE. THE DRIVE AGAINST HOARDERS AND BLACK MARKETEERS WAS STEPPED UP.

ONLY SILENCE CAME FROM MOSCOW, WASHINGTON, LONDON AND PARIS ON THE COURSE OF DIPLOMATIC MANEUVERS IN THE KREMLIN TO END THE BERLIN BLOCKADE AND SETTLE OTHER QUESTIONS DIVIDING THE WEST AND EAST.

RUSSIA BLAMED THE U.S. AND BRITAIN IN THE UNITED NATIONS FOR WRECKING TALKS ON ARMS LIMITATIONS. THE SECURITY COUNCIL RESUMED DEBATE ON YUGOSLAV ASSERTIONS THAT THE TWO WESTERN POWERS ARE PLOTTING TO RETURN TRIESTE TO ITALY.

RUSSIAN-DOMINATED COUNTRIES AT THE DANUBE CONFERENCE IN BELGRADE VOTED SOLIDLY TO BEAT A FRENCH EFFORT TO WIN FREEDOM ON NAVIGATION GUARANTEES ON THAT MOST IMPORTANT WATERWAY IN EUROPE. IN LONDON, DEPUTIES OF THE U.S., BRITAIN, RUSSIA AND FRANCE HEARD AMERICAN VIEWS ON WHAT SHOULD HAPPEN TO PREWAR ITALIAN COLONIES.

PREMIER ANDRE MARIE HEADED FOR A THIRD VICTORY FOR HIS NEW FRENCH GOVERNMENT--THE TENTH GOVERNMENT SINCE THE WAR--ON A BILL DEALING WITH THE FRENCH FINANCIAL CRISIS. COMMUNISTS OPPOSED THE MEASURE WHICH PERMITS THE GOVERNMENT TO REGULATE TAXES UP OR DOWN.

"WE SHALL TRY TO GET AWAY FROM INDIVIDUAL CASES AND THINK INSTEAD OF GROUPS AND COMMUNITIES AND NATIONS WHO ARE SICK," SAID DR.J.R.REES OF LONDON, PRESIDENT OF THE CONGRESS. "WE SHALL HAVE SOMETHING TO SAY ABOUT CHILDREN, SO THAT THEY ARE NOT LIKE US AND GO TO WAR EVERY 25 YEARS." AUG 1948

APPEASEMENT OF A POTENTIAL AGGRESSOR NATION IS NO CURE, SAID DR. FRANK FREMONT-SMITH OF NEW YORK, BECAUSE "APPEASEMENT TO AN ADOLESCENT WHO HAS GROWN BEYOND HIS PROPORTIONS IS NOT GOING TO MAKE A GOOD WORLD CITIZEN."

DR.FREMONT-SMITH, A PSYCHIATRIST WHO WAS AMONG THE SCIENTIFIC OBSERVERS AT THE BIKINI ATOLL ATOM BOMBING, SAID HE BELIEVES A GENUINE BASIS FOR WAR FEAR "IS INCREASED BY THE POTENTIALITIES OF NEW WEAPONS."

HE FORESAW THAT IN ANY NEW WAR "LARGE NUMBERS OF PEOPLE COULD BE THROWN INTO PANIC SIMILAR TO THAT OF ORSON WELLES' FAMOUS BROADCAST 'AN INVASION FROM MARS.'"

"THE FACT THERE ALWAYS HAVE BEEN WARS DOESN'T MEAN THERE ALWAYS WILL BE," SAID DR.NINA RIDENOUR OF NEW YORK, EXECUTIVE OFFICER OF THE INTERNATIONAL COMMITTEE FOR MENTAL HYGIENE.

"WE ARE OPPOSED TO THAT OLD CHESTNUT THAT YOU CAN'T CHANGE HUMAN NATURE. WE THINK YOU CAN CHANGE HUMAN NATURE."

SHE SAID THE WAY TO BEGIN WAS BY SHOWING MOTHERS AND TEACHERS HOW TO HANDLE CHILDREN PROPERLY. SHE SUGGESTED THAT PSYCHOLOGISTS COULD EXERCISE FURTHER INFLUENCE FOR PEACE BY ADVISING POLICY MAKERS IN FOREIGN RELATIONS AND GOVERNMENT.

"SOMETIMES THEY WILL MAKE POLICIES WHICH FAIL TO TAKE ACCOUNT OF THE CULTURAL CHARACTERISTICS OF VARIOUS NATIONS," DR.RIDENOUR SAID.

EVEN BEFORE REGISTRATION BEGAN TODAY, SOME 2,000 PSYCHIATRISTS, PSYCHOLOGISTS, SOCIAL WORKERS AND OTHERS HAD REGISTERED FOR THE CONGRESS BY MAIL FROM 54 COUNTRIES. ONLY RUSSIA AMONG THE BIG POWERS IS SENDING NO DELEGATION.

ON THE PROGRAM ARE THREE BIG INTERNATIONAL CONFERENCES AND MEETINGS OF 21 SPECIALIZED GROUPS.

"AGGRESSION" WILL BE THE THEME OF THE CONFERENCE ON CHILD PSYCHIATRY AND "GUILT" THAT OF THE CONFERENCE ON MEDICAL PSYCHOTHERAPY "MENTAL HYGIENE AND WORLD CITIZENSHIP" WILL BE THE SUBJECT OF SPEECHES AND DISCUSSIONS AT THE CONFERENCE ON MENTAL HYGIENE.

LONDON, AUG 10-(AP)-THE MOSCOW RADIO LAUDED SOVIET AND AMERICAN CONTRIBUTIONS TO THE WAR AGAINST JAPAN TODAY AND SAID "COLLABORATION BETWEEN THE TWO COUNTRIES IS JUST AS ESSENTIAL TODAY AS IT WAS DURING THE WAR."

WHILE ADOPTING A SOMEWHAT MORE CONCILIATORY ATTITUDE TOWARD THE UNITED STATES THAN HAS BEEN EVIDENT IN RECENT MONTHS, THE ENGLISH-SPEAKING COMMENTATOR ASSAILED "REACTIONARY CIRCLES IN AMERICA X X X BENT ON UNDERMINING COLLABORATION WITH THE SOVIET UNION AND SOWING ENMITY AHD HATRED FOR THE SOVIET UNION AMONG THE AMERICAN PEOPLE."

THE BROADCAST COMMEMORATED THE SOVIET UNION'S DECLARATION OF WAR AGAINST JAPAN ON AUG. 9, 1945 AND SAID THE "FIGHTING FRIENDSHIP AND PARTNERSHIP" OF AMERICANS AND RUSSIANS MADE POSSIBLE THE VICTORY OVER JAPAN.

"THIS HISTORIC TRUTH HAS THE MOST PROFOUND BEARING ON THE PRESENT DAY," THE BROADCAST SAID. "FROM IT THE PEOPLE OF THE SOVIET UNION AND THE UNITED STATES CAN DRAW THE IMPORTANT CONCLUSIONS THAT COLLABORATION BETWEEN THEIR TWO COUNTRIES IS JUST AS ESSENTIAL TODAY A IT WAS DURING THE WAR; THAT JUST AS IT WAS THE COLLABORATION OF THE GREAT POWERS THAT MADE POSSIBLE COMPLETE VICTORY OVER THE AGGRESSIVE FORCES OF FASCISM AND MILITARISM, SO COLLABORATION CAN ASSURE A STABLE AND LASTING PEACE AT THE PRESENT TIME."

"REACTIONARIES" WERE SAID TO BE DISTORTING THE HISTORY OF THE WAR AND "DOING THEIR BEST TO MINIMIZE THE ROLE OF THE SOVIET ARMY." THEY ALSO WERE CHARGED WITH ATTEMPTING TO RESTORE "JAPAN'S WAR INDUSTRIAL POTENTIAL."

"THE POLICY OF THESE REACTIONARY CIRCLES IS EQUALLY HARMFUL TO THE INTERESTS OF BOTH THE SOVIET AND THE AMERICAN PEOPLE," THE COMMENTATOR SAID.

BERLIN, AUG 10-(AP)-VAGUE RUMORS THAT THE RUSSIANS WERE ABOUT TO LIFT THE BERLIN BLOCKADE BY OPENING THE RAILROAD TO THE WEST WERE DISCOUNTED TODAY.

WHILE BERLINERS AWAITED RESULTS OF MEETINGS OF THE THREE WESTERN ENVOYS WITH FOREIGN MINISTER MOLOTOV IN THE KREMLIN, RESPONSIBLE BRITISH GOVERNMENT SOURCES SAID THE TALKS STILL ARE BOGGED DOWN OVER WHAT SHOULD BE DONE TO ACHIEVE AN IMMEDIATE SETTLEMENT IN BERLIN.

W. T. BABCOCK, U.S. DEPUTY COMMANDER IN BERLIN, SAID HE HAD HEARD FROM A USUALLY "FAIRLY ACCURATE" GERMAN SOURCE THAT THE RUSSIANS HAVE ORDERED GERMAN RAIL OFFICIALS TO STAND BY FOR POSSIBLE REOPENING OF THE RAILWAY.

THE BRITISH LICENSED GERMAN PRESS SERVICE QUOTED THE GERMAN SUPERVISOR OF THE LINE AS DENYING THE RUMORS.

THE FRENCH LICENSED NEWSPAPER DER KURIER SAID GERMAN RAILROAD OFFICIALS HAVE BEEN INFORMED THAT THE RAILROAD MAY BE REOPENED ONLY ON SPECIFIC INSTRUCTIONS FROM THE RUSSIAN MILITARY ADMINISTRATION. DER KURIER SAID THE CONSTRUCTION DEPARTMENT OF THE GERMAN STATE RAILWAYS IN THE SOVIET ZONE HAS REPORTED THAT "REPAIRS" ON THE LINE ARE VIRTUALLY COMPLETE AND THAT "ONLY SMALL SECTIONS REMAIN TO BE WORKED OVER."

THE RUSSIANS CLOSED THE RAILWAY IN JUNE FOR WHAT THEY SAID WERE TECHNICAL DIFFICULTIES. THE WESTERN POWERS CALLED THIS A FRAUD. THEY RESORTED TO PLANES TO FEED THE 2,000,000 OR MORE GERMANS IN WESTERN BERLIN. COAL, HOWEVER, HAS BECOME INCREASINGLY SHORT.

INFORMED BRITISH GOVERNMENT SOURCES IN LONDON SAID RUSSIAN FOREIGN MINISTER MOLOTOV GAVE THE WESTERN DIPLOMATS A PLAN FOR SOLVING THE CURRENCY DISPUTE IN BERLIN AND INDICATED ITS ACCEPTANCE WOULD BRING ABOUT A LIFTING OF THE BLOCKADE. IT WAS MOLOTOV'S THIRD SESSION IN A WEEK WITH THE DIPLOMATS. HE RAISED OBJECTIONS LAST FRIDAY TO A BERLIN SETTLEMENT PLAN ADVANCED BY THE WEST, THE BRITISH INFORMANTS SAID.

REPORTS FROM MOSCOW INDICATED THE ENVOYS WOULD SEE MOLOTOV FOR THE FOURTH TIME SHORTLY. THE MOSCOW RADIO URGED CLOSER COLLABORATION BETWEEN RUSSIA AND THE UNITED STATES.

A RUSSIAN-SPONSORED UNIT CROWDED THE REGULAR CITY GOVERNMENT FOOD ADMINISTRATION OUT OF THE CITY HALL IN THE SOVIET ZONE TODAY. IT SEEMED PROBABLE THE CITY'S FOOD ADMINISTRATION WOULD BE ESTABLISHED IN THE WESTERN PART OF BERLIN, THUS GIVING THE CITY TWO FOOD OFFICES, JUST AS IT HAS TWO POLICE CHIEFS AND POLICE FORCES.

THE ELECTED BERLIN CITY GOVERNMENT AUTHORIZED ITS FOOD DEPARTMENT OFICIAL, PAUL FUELLSACK, TO LOOK FOR ADDED SPACE AFTER THE RUSSIANS MOVED IN ON HIM. THERE IS LITTLE CHANCE HE COULD GET OFFICES IN THE RUSSIAN AREA SO IT APPEARED HE WOULD HAVE TO MOVE INTO EITHER THE U.S., BRITISH OR FRENCH ZONE.

EAST AND WEST BERLIN HAVE BEEN FED SEPARATELY SINCE JUNE 25 WHEN THE RUSSIANS QUIT THE FOUR-POWER FOOD POOL. THE RUSSIANS THEN SAID NO MORE FOOD FROM THE SURROUNDING SOVIET ZONE WOULD BE SENT INTO WESTERN BERLIN.

WHEN THE RUSSIANS ANNOUNCED THEIR INTENTION OF TRYING TO FEED THE ENTIRE CITY, THEY MOVED INTO CITY HALL AND AMPLIFIED THEIR OWN STAFF TO ADMINISTER THE JOB. SCARCELY MORE THAN ONE PER CENT OF THE PEOPLE OF WESTERN BERLIN REGISTERED FOR RUSSIAN FOOD RATIONS.

IN MOSCOW, AMERICAN, BRITISH AND FRENCH ENVOYS WENT TO WORK LAST NIGHT ON REPORTS TO THEIR HOME GOVERNMENTS FOLLOWING ANOTHER THREE HOUR TALK WITH SOVIET FOREIGN MINISTER V.M.MOLOTOV. THEY WERE BELIEVED TO HAVE HEARD RUSSIAN VIEWS ON PROPOSALS FOR NEGOTIATING EAST-WEST DIFFERENCES ON GERMANY AND PERHAPS ALL EUROPE.

AN AUTHORITATIVE SOURCE IN THE SOVIET CAPITAL ACKNOWLEDGED THAT THERE MIGHT BE AT LEAST ONE MORE MEETING WITH MOLOTOV BEFORE THE CONCLUSIONS OF THE TALKS ARE TAKEN TO PRIME MINISTER STALIN.

THE NEXT MEETING PROBABLY WILL TAKE PLACE AFTER WASHINGTON,LONDON AND PARIS HAVE REPLIED AND MOLOTOV ONCE MORE IS AVAILABLE.

MEANTIME, GERMAN LEADERS IN FRANKFURT WENT AHEAD WITH PLANS TO PREPARE A DRAFT CONSTITUTION FOR A WEST GERMAN GOVERNMENT. THIS IS BELIEVED TO HAVE BEEN A MAJOR POINT OF CONTENTION IN THE MOSCOW TALKS. THE RUSSIANS HAVE OPPOSED SUCH A GOVERNMENT.

A GERMAN LEADER IN FRANKFURT SAID PLANS ARE GOING AHEAD AND "WE WON'T STOP UNLESS THE ALLIED MILITARY GOVERNORS ORDER US TO DO SO."

REPRESENTATIVES OF THE 11 STATES OF THE U.S., BRITISH AND FRENCH ZONES MEET IN BAVARIA TODAY TO DISCUSS THE PLAN.

THE UNITED STATES CONTINUED TO BOLSTER ITS AIR ARM IN EUROPE. SEVEN U.S. SUPERFORTRESSES LANDED AT LAKENHEATH, ENGLAND, LAST NIGHT, BRINGING THE TOTAL OF B-29 BOMBERS IN ENGLAND TO 76. ANOTHER 14 ARE DUE IN THE NEXT FEW DAYS FOR JOINT TRAINING WITH THE ROYAL AIR FORCE.

THE SOVIET-LICENSED TRADE UNION NEWSPAPER TRIBUENE URGED GERMANS IN THE SOVIET OCCUPATION ZONE LAST NIGHT TO HELP TRACK DOWN CONCEALED FOODSTUFFS AND CONSUMER GOODS.

THE SOVIET-LICENSED NEWS AGENCY ADN REPORTED SUNDAY THAT THE RUSSIANS ARE CONDUCTING A DRIVE AGAINST HOARDERS AND BLACK MARKETEERS, APPARENTLY TO COMBAT SHORTAGES IN THE SOVIET ZONE.

AN AMERICAN PUBLIC SAFETY OFFICIAL IN BERLIN SAID LAST NIGHT A PROTEST IS PLANNED AGAINST SEIZURE BY RUSSIAN SECTOR POLICE OF EIGHT POLICEMEN FROM THE WESTERN SECTOR FORCES, MOST OF THEM ON "TRUMPED UP CHARGES OF THEFT."

THE ARRESTS OCCURRED SINCE THE BERLIN FORCE SPLIT INTO TWO RIVAL FACTIONS TWO WEEKS AGO.

THE WIFE OF ONE OF TWO AMERICANS PICKED UP ON THE U.S.-SOVIET ZONE BORDER FIVE DAYS AGO SAID THE RUSSIANS HAVE PROMISED TO RELEASE THE PAIR AT NOON TODAY. THE AMERICANS ARE LT.SHERMANS.TURNER OF COUNCIL BLUFFS, IA., AND ROLAND MYERS, AN OFFICIAL OF THE U.S. MILITARY GOVERNMENT IN BERLIN (ADDRESS NOT AVAILABLE).

GENEVA, SWITZERLAND, AUG.10-(AP)-BRAZIL, CHILE AND CHINA JOINED THE COMMUNIST BLOC TODAY IN AN UNSUCCESSFUL EFFORT TO EXCLUDE LOCALLY HIRED CORRESPONDENTS OF FOREIGN NEWS MEDIA FROM A PROPOSED INTERNATIONAL CONVENTION ON THE GATHERING AND TRANSMISSIONS OF NEWS.

THE CONVENTION, WHICH DEFINES THE RIGHTS OF FOREIGN CORRESPONDENTS GATHERING NEWS, ORIGINALLY WAS PROPOSED BY THE BRITISH DELEGATION TO THE UNITED NATIONS CONFERENCE ON FREEDOM OF INFORMATION HERE LAST MARCH. IT WAS ONE OF THREE MAJOR INTERNATIONAL DRAFT AGREEMENTS ADOPTED BY THE CONFERENCE.

ALL RESOLUTIONS ADOPTED BY THE FREEDOM OF INFORMATION CONFERENCE ARE NOW BEING REVIEWED AT THE CURRENT SESSION OF THE U.N. ECONOMIC AND OCIAL COUNCIL. BRITAIN, FRANCE AND THE UNITED STATES LAST WEEK SUBMITTED TO THE COUNCIL'S COMMITTEE ON HUMAN RIGHTS A COMPLETE REDRAFT OF THE BRITISH CONVENTION.

THE EFFECT OF THE REDRAFT WOULD BE TO EXCLUDE FROM THE BENEFITS OF THE CONVENTION ALL CORRESPONDENTS WORKING FOR NEWS MEDIA IN COUNTRIES WHICH FAIL TO RATIFY THE CONVENTION.

AUG 1948

OBJECTIONS EXPRESSED PREVIOUSLY BY THE COMMUNIST BLOC INDICATED THE SOVIET-DOMINATED COUNTRIES WOULD NOT SIGN THE AGREEMENT. THE CHANGES OF THE WESTERN REDRAFT WERE, THEREFORE, DIRECTED BY IMPLICATION MAINLY AGAINST CORRESPONDENTS FROM THE COMMUNIST COUNTRIES.

UNDER THE ORIGINAL DRAFT, FOR EXAMPLE, A PRAVDA CORRESPONDENT IN THE UNITED STATES WOULD HAVE ENJOYED THE BENEFITS ESTABLISHED BY THE CONVENTION, WHETHER OR NOT THE SOVIET UNION SIGNED AND RATIFIED IT.

UNDER THE REDRAFT, HE WILL BE EXCLUDED SPECIFICALLY FROM THESE BENEFITS IN THE ABSENCE OF HIS GOVERNMENT'S ACCEPTANCE OF THE CONVENTION.

THE HUMAN RIGHTS COMMITTEE APPROVED PART OF THE FIRST ARTICLE OF THE REVISED TEXT TODAY BY A NARROW VOTE AFTER REJECTING SEVERAL RUSSIAN AMENDMENTS.

CHINA AND THE LATIN AMERICAN DELEGATIONS JOINED THE SOVIET BLOC IN A VOTE AGAINST THE REVISED DEFINITION OF "CORRESPONDENTS TO BE COVERED BY THE CONVENTION."

THE COMMITTEE APPROVED, EIGHT TO SEVEN, WITH THREE ABSTENTIONS, A CLAUSE STATING THAT THROUGHOUT THE CONVENTION "CORRESPONDENT MEANS AN INDIVIDUAL EMPLOYED BY AN INFORMATION AGENCY, OR A NATIONAL OF A CONTRACTING STATE, WHO IN EITHER CASE IS REGULARLY ENGAGED IN THE COLLECTION AND REPORTING OF NEWS MATERIAL, AND WHO, WHEN OUTSIDE HIS STATE, IS THE HOLDER OF A VALID PASSPORT IDENTIFYING HIM AS A CORRESPONDENT, OR OF A SIMILAR DOCUMENT INTERNATIONALLY IDENTIFYING HIM AS SUCH."

PREVIOUSLY THE COMMITTEE HAD DEFINED "INFORMATION AGENCY" UNDER THE CONVENTION AS "ANY PRESS ASSOCIATIONS, NEWS FEATURE SERVICES, NEWSPAPERS, PERIODICALS, AND RADIO, TELEVISION, FACSIMILE AND ANY OTHER BROADCASTING ORGANIZATIONS AND NEWSREEL COMPANIES."

THE SOVIET DELEGATE, PROF.A.P.PAVLOV, PROPOSED SEVERAL AMENDMENTS TO THE DEFINITION OF A CORRESPONDENT, BUT WAS VOTED DOWN ON ALL POINTS BY THE COMMITTEE.

HIS PROPOSALS INCLUDE ONE TO INSERT THE WORDS "FOREIGN CITIZENS" IN THE DEFINING CLAUSE. THE EFFECT OF THIS PROPOSAL WOULD HAVE BEEN THAT A FOREIGN NATIONAL EMPLOYED BY AN AMERICAN NEWSPAPER IN HIS OWN COUNTRY WOULD HAVE BEEN DENIED THE BENEFITS OF THE CONVENTION.

PAVLOV ARGUED THAT MANY COUNTRIES THAT GAVE TAX EXEMPTIONS AND OTHER SPECIAL PRIVILEGES TO NEWSMEN FROM ABROAD COULD NOT BE EXPECTED TO GIVE SIMILAR PRIVILEGES TO THEIR CITIZENS WORKING FOR FOREIGN INFORMATION MEDIA.

PAVLOV'S AMENDMENT WAS SUPPORTED BY CHINA, CHILE AND BRAZIL IN ADDITION TO THE COMMUNIST BLOC, BUT WAS REJECTED, NINE TO SIX, WITH THREE ABSTENTIONS.

ANOTHER RUSSIAN AMENDMENT, WHICH WOULD HAVE REQUIRED ALL CORRESPONDENTS TO OBTAIN GOVERNMENTAL CREDENTIALS IN FOREIGN COUNTRIES, HAD ONLY COMMUNIST SUPPORT AND WAS REJECTED 11 TO THREE, WITH FOUR ABSTENTIONS.

THE HUMAN RIGHTS COMMITTEE IS EXPECTED TO CONTINUE DISCUSSION OF THE WESTERN REDRAFT, POINT BY POINT, THROUGHOUT THIS WEEK.

THE REDRAFT LARGELY FOLLOWS THE ORIGINAL VERSION ADOPTED BY THE INFORMATION CONFERENCE, EXCEPT THAT IT RESTRICTS THE APPLICATION OF THE CONVENTION TO CORRESPONDENTS AND INFORMATION MEDIA OF "CONTRACTING STATES."

AUG 1948

THERE ARE NUMEROUS MINOR CHANGES OF WORDING, AND ONE NEW CLAUSE PERMITTING COLONIAL POWERS TO TERMINATE THE CONVENTION ON BEHALF OF ANY SPECIFIC COLONY OR INDEPENDENT TERRITORY AFTER SIX MONTHS NOTICE.

THE REDRAFT CALLS ON CONTRACTING STATES "TO EXPEDITE X X X THE ADMINISTRATIVE PROCEDURES NECESSARY FOR THE ENTRY INTO, RESIDENCE IN, TRAVEL THROUGH, AND EGRESS FROM THEIR RESPECTIVE TERRITORIES OF CORRESPONDENTS OF OTHER CONTRACTING STATES, TOGETHER WITH THEIR PROFESSIONAL EQUIPMENT."

IT PLACES THE CONTRACTING STATES UNDER AN OBLIGATION "TO PERMIT AND ENCOURAGE ACCESS TO NEWS, OFFICIAL AND NON-OFFICIAL, FOR ALL CORRESPONDENTS OF OTHER CONTRACTING STATES, SO FAR AS POSSIBLE ON THE SAME BASIS AS FOR ITS OWN CORRESPONDENTS, AND NOT DISCRIMINATE AGAINST CORRESPONDENTS OF OTHER CONTRACTING STATES AS REGARDS SUCH ACCESS.

"TO PERMIT EGRESS FROM THEIR TERRITORIES OF ALL NEWS MATERIAL OF CORRESPONDENTS AND INFORMATION AGENCIES OF OTHER CONTRACTING STATES WITHOUT CENSORSHIP, EDITING OR DELAY, PROVIDED THAT EACH OF THE CONTRACTING STATES MAY MAKE AND ENFORCE REGULATIONS RELATING DIRECTLY TO THE MAINTENANCE OF NATIONAL MILITARY SECURITY."

THE REDRAFT REQUIRES CONTRACTING STATES TO FOLLOW CERTAIN CONDITIONS WHEN IMPOSING CENSORSHIP. THE CONDITIONS ARE SIMILAR TO THOSE SPECIFIED IN THE ORIGINAL VERSION, BUT THE WORDING WAS MODIFIED SLIGHTLY.

THE CENSORSHIP CONDITIONS CALL ON THE CONTRACTING STATES TO PUBLISH CENSORSHIP DIRECTIVES AND CARRY OUT CENSORSHIP AS FAR AS POSSIBLE IN THE PRESENCE OF THE CORRESPONDENT OR HIS REPRESENTATIVE. WHERE THE PRESENCE OF THE PERSON CONCERNED IS NOT POSSIBLE, CONTRACTING STATES ARE TO FIX A TIME LIMIT FOR THE RETURN OF NEWS MATERIAL,

PRECISE INFORMATION ON THE NATURE OF THE CUTS AND THE REASONS WHY THEY WERE MADE, AND REFUND TELEGRAPH CHARGES ON CENSORED MATERIAL.

THE REDRAFT DECLARES THAT "CORRESPONDENTS OF OTHER CONTRACTING STATES" CANNOT BE EXPELLED BECAUSE OF ANY LEGAL EXERCISE OF THEIR PROFESSION, AND THAT THEY ARE TO HAVE EQUAL ACCESS TO ALL TRANSMISSION FACILITIES AND NEWS SOURCES.

THE ORIGINAL CONVENTION WAS APPROVED BY THE INFORMATION CONFERENCE, 28 TO SIX. THE CONFERENCE ALSO ADOPTED A CONVENTION ON THE PRINCIPLES OF INFORMATION FREEDOM, DRAFTED BY THE UNITED STATES, AND A CONVENTION ON AN INTERNATIONAL RIGHT OF CORRECTION OF FALSE REPORTS, DRAFTED BY FRANCE.

ALL THREE CONVENTIONS WERE SUBMITTED TO THE ECONOMIC AND SOCIAL COUNCIL BY THE CONFERENCE AND ARE LIKELY TO BE APPROVED BY A MAJORITY VOTE IN THE COUNCIL AGAINST EXPECTED COMMUNIST BLOC OPPOSITION.

THE ECONOMIC AND SOCIAL COUNCIL WILL FORWARD THE THREE CONVENTIONS TO THE U.N. GENERAL ASSEMBLY NEXT MONTH, WHERE THEY ARE EXPECTED TO UNDERGO FURTHER REVISION. AT THE END OF THE GENERAL ASSEMBLY, THE CONVENTIONS WILL BE OPENED FOR SIGNATURE BY UNITED NATIONS MEMBERS.

WHILE THE UNITED STATES HAS SPECIFIC AMENDMENTS TO ALL THREE CONVENTIONS, AMERICAN ADHERENCE TO THEIR FINAL VERSION IS GENERALLY EXPECTED. SIGNATURE OF THE CONVENTIONS IN PARIS BY THE UNITED STATES WILL REQUIRE RATIFICATION BY THE SENATE.

UTRECHT, THE NETHERLANDS, AUG. 10-(AP)-DR.JULIAN HUXLEY, DIRECTOR GENERAL OF THE UNITED NATIONS EDUCATIONAL, SCIENTIFIC AND CULTURAL ORGANIZATION (UNESCO), URGED TONIGHT ESTABLISHMENT OF AN INTERNATIONAL COUNCIL OF UNIVERSITIES.

SPEAKING TO UNIVERSITY CONFERENCE DELEGATES FROM MORE THAN 40 COUNTRIES INCLUDING THE UNITED STATES, HE SAID "THE ONLY WAY UNESCO CAN WORK EFFICIENTLY IS BY DELEGATING UNIVERSITIES' WORK TO WORLD UNIVERSITIES. AN INTERNATIONAL COUNCIL OF UNIVERSITIES WE VERY MUCH WELCOME."

HE SUGGESTED UNESCO COULD HELP BY CREATING A COMMON POOL OF EXPERIENCE FOR THE BENEFIT OF SUCH WORLDS UNIVERSITIES.

THE CONFERENCE, WHICH ENDS FRIDAY, HAS RECEIVED PROPOSALS FROM SECTIONAL COMMITTEES FOR ESTABLISHMENT OF AN INTERNATIONAL COUNCIL ON HIGHER EDUCATION AND FOR AN INTERNATIONAL CONFERENCE OF COLLEGES AND UNIVERSITIES.

A SECTION DEALING WITH THE CHANGING ROLE OF UNIVERSITIES REPORTED SOME 5,000,000 STUDENTS ARE NOW ENROLLED IN ABOUT 4,000 INSTITUTIONS OF HIGHER EDUCATION THROUGHOUT THE WORLD. THIS ENROLLMENT WAS ESTIMATED TO BE ABOUT ONE-THIRD LARGER THAN THE AVERAGE COMPARABLE FIGURE FOR THE 1930'S.

BERN, SWITZERLAND, AUG.11-(AP)-THE SWISS ATTORNEY GENERAL'S DEPARTMENT ANNOUNCED TODAY "A NUMBER" OF VIOLATIONS OF REGULATIONS FOR THE LIQUIDATION OF CONCEALED AXIS ASSETS WERE UNCOVERED.

THE CASES, REFERRED TO FEDERAL COURT, INCLUDED TWO CATEGORIES.

ONE WAS FALSE AFFIDAVITS AS TO CLAIMANTS' DOMICILE IN SEEKING DE-BLOCKING OF SWISS ASSETS HELD IN THE UNITED STATES.

THE OTHER TYPE OF OFFENSE WAS THE CIRCULATION OF FOREIGN NEGOTIABLE SECURITIES RECENTLY IMPORTED INTO SWITZERLAND. AUG 1948

ATTORNEY GENERAL'S DEPARTMENT SAID "CONSIDERABLE AMOUNTS" WERE INVOLVED.

THE ATTORNEY GENERAL'S ANNOUNCEMENT CAME AFTER THE INTER-ALLIED REPARATIONS AGENCY IN BRUSSELS STATED SWITZERLAND WAS PROTECTING THE FINANCIAL INTERESTS OF A SMALL CLASS OF GERMAN PROPERTY-OWNERS.

THE UNITED STATES DELEGATION HAS PROPOSED AN AMENDMENT PROVIDING THAT THE INTERESTS "OF ALL NATIONS" WOULD BE PROTECTED ON THE DANUBE.

IN RAPID ORDER, HOWEVER, YUGOSLAVIA, BULGARIA, THE UKRAINE AND ROMANIA SERVED NOTICE THAT THEY WILL INSIST UPON RESERVING THE RUSSIAN PREAMBLE INTACT. THIS FORESHADOWED PROBABLE UNITY OF THE COMMUNIST BLOC OF SEVEN ON ALL TERMS OF THE PROPOSED CONVENTION.

THE FRENCH TOOK THE FLOOR AT THE OUTSET OF THE DEBATE TO ACKNOWLEDGE THAT RUSSIA HAS ACQUIRED A "PRIVILEGED POSITION" IN THE DANUBE REGIME, BUT SERVED NOTICE THAT FRANCE WILL RESIST ANY EFFORT TO RESTRICT SHIPPING ON THE 1,800-MILE WATERWAY.

ALES BEBLER, YUGOSLAV DEPUTY FOREIGN MINISTER, COUNTERED WITH THE ASSERTION: BELGRADE - DANUBE - XXX LUXEMBOURG.

"WE INTEND TO PUT AN END TO REGIMES (ON THE DANUBE) OF ACQUIRED RIGHTS BY OUTSIDE POWERS."

BULGARIA CONTENDED THERE HAVE BEEN, IN THE PAST, "MANY ABUSES ON THE PART OF IMPERIALISTIC STATES" IN CONTROL OVER THE DANUBE.

SYDNEY, WEDNESDAY, AUG. 11-(AP)-THE AUSTRALIAN HIGH COURT TODAY RULED AGAINST THE FEDERAL GOVERNMENT'S LAW TO NATIONALIZE PRIVATE TRADING BANKS.

THE COURT SAID CERTAIN SECTIONS OF THE BANKING ACT WERE UNCONSTITUTIONAL. THE LAW WAS PASSED LAST YEAR TO PUT ALL AUSTRALIAN BANKING IN THE HANDS OF THE GOVERNMENT-CONTROLLED COMMONWEALTH BANK.

SYDNEY, AUG.11-(AP)-THE AUSTRALIAN HIGH COURT HAS RULED THAT THE LABOR GOVERNMENT'S LAW TO NATIONALIZE PRIVATE TRADING BANKS IS INVALID.

THE COURT SAID, IN EFFECT, THAT THE BANKING ACT PASSED BY PARLIAMENT LAST YEAR TO PUT ALL AUSTRALIAN BANKING IN THE HANDS OF THE GOVERNMENT-CONTROLLED COMMONWEALTH BANK WAS A BREACH OF THE CONSTITUTION. THE COURT OF SIX JUDGES FOUND THE COMMONWEALTH HAS NO POWER TO TAKE OVER CONTROL OR ASSETS OF PRIVATE TRADING BANKS.

THE DECISION WAS WIDELY INTERPRETED HERE AS A BLOW TO THE LABOR PARTY'S POLICY OF NATIONALIZATION. HOWEVER, IT SEEMED TO PLEASE MANY LABOR VOTERS AS WELL AS CONSERVATIVES AND AUG RALS 1948

ELEVEN PRIVATE TRADING BANKS AND THE NON-LABOR GOVERNMENTS OF THREE STATES HAD CHALLENGED THE LEGISLATION IN COURT.

THE EFFECT OF THE COURT'S DECISION IS THAT THE ENTIRE BANKING ACT IS UNWORKABLE. THE COURT ALSO ISSUED ORDERS RESTRAINING THE GOVERNMENT FROM TAKING ACTION IN RELATION TO PRIVATE BANKS UNDER THE ACT. COSTS OF THE CASE WERE AWARDED AGAINST THE COMMONWEALTH, WHICH HAS 14 DAYS TO LODGE AN APPEAL.

PRIME MINISTER J.B.CHIFLEY DECLINED TO COMMENT OR INDICATE THE GOVERNMENT'S FUTURE ACTION. IT WAS KNOWN THAT HE BELIEVED THE AUSTRALIAN GOVERNMENT'S CONTROL OF BANKING WAS ESSENTIAL TO HELP THE DOMINION WEATHER A DEPRESSION.

MOSCOW, AUG 10-(AP)-REPRESENTATIVES OF THE UNITED STATES, BRITAIN AND FRANCE MET AT THE BRITISH EMBASSY AGAIN TODAY, APPARENTLY TO MAP THEIR NEXT MOVE IN THE NEGOTIATIONS WITH RUSSIA ON EAST-WEST DIFFERENCES.

THERE WERE INDICATIONS THAT STILL MORE CONFERENCES WILL BE HELD BY THE THREE WESTERN ENVOYS WITH SOVIET LEADERS. WHILE THE WESTERNERS SEEMED WEARY, THERE WAS NO HINT OF IMPATIENCE.

(THE MOSCOW RADIO, HEARD IN LONDON, URGED A CLOSER COLLABORATION BETWEEN THE SOVIET UNION AND THE UNITED STATES, TO ASSURE LASTING PEACE. THE BROADCAST PAID TRIBUTE TO THE "FIGHTING FRIENDSHIP AND PARTNERSHIP" OF RUSSIA AND THE UNITED STATES. THIS TONE WAS SOMEWHAT DIFFERENT FROM THE USUAL POSTWAR MOSCOW BROADCASTS, WHICH HAVE BEEN DEVOTED LARGELY TO ATTACKING THE WEST, AND PARTICULARLY THE UNITED STATES.

(THERE WAS ANOTHER STRAW IN THE WIND. IN BERLIN W. T. BABCOCK, THE U.S. DEPUTY COMMANDER, SAID HE HEARD A RUMOR FROM A "FAIRLY ACCURATE" GERMAN SOURCE THAT THE RUSSIANS HAVE ORDERED GERMAN RAIL OFFICIALS TO STAND BY FOR POSSIBLE REOPENING OF THE BLOCKADED RAIL LINES TO THE WEST.)

ALL LAST WEEK THE U.S. EMBASSY WAS THE BASE OF THREE-POWER OPERATIONS HERE. THIS WEEK IT HAS SHIFTED TO THE BRITISH EMBASSY, AND IF THE THREE ARE HERE ANOTHER WEEK, IT MAY SHIFT TO THE FRENCH.

TODAY'S CONFERENCE WAS MORE THAN JUST A FRIENDLY CHAT. U.S. AMBASSADOR WALTER BEDELL SMITH TOOK WITH HIM HIS MINISTER COUNSELOR, FOY D. KOHLER, AND HIS FIRST SECRETARY, BREWSTER MORRIS. FRANK ROBERTS, BRITAIN'S SPECIAL ENVOY, HAD BRITISH CHARGE D'AFFAIRES GEOFFREY HARRISON AND TWO SECRETARIES WITH HIM. FRENCH AMBASSADOR YVES CHATAIGNEAU WAS ACCOMPANIED BY TWO AIDES.

THE FRENCH ENVOY SUMMONED FRANCOIS SEYDOUX, POLITICAL AND DIPLOMATIC ADVISER TO THE FRENCH MILITARY GOVERNOR OF GERMANY, FROM AN ENGAGEMENT LATE LAST NIGHT AND CONFERRED WITH HIM UNTIL AFTER MIDNIGHT.

ROBERTS DROPPED ONE REMARK TO CORRESPONDENTS WHICH MAY OR MAY NOT MEAN SOMETHING:

"WELL, WE WON'T BE NEWS TO YOU MUCH LONGER NOW."

YESTERDAY'S SESSION WITH SOVIET FOREIGN MINISTER V. M. MOLOTOV LASTED JUST UNDER THREE HOURS, PRECISELY THE SAME LENGTH OF TIME AS FRIDAY'S FOUR-POWER MEETING. NO FOUR-POWER MEETING IS EXPECTED TODAY.

SAN FRANCISCO, AUG 10-(AP)-CHINESE COMMUNISTS HAVE DECIDED TO LET PRIVATE CAPITAL HELP DEVELOP INDUSTRY IN RED-HELD TERRITORY OF NORTH CHINA, THE COMMUNIST RADIO SAID TODAY.

THE RADIO BOASTED THAT THE AREA NOW HAS A POPULATION ABOUT THAT OF FRANCE (APPROXIMATELY 41,000,000), EMBRACING 176 CITIES AND TOWNS.

THE BROADCAST SAID THE DECISION TO PERMIT PRIVATE CAPITAL TO OPERATE IN SOME INDUSTRIES WAS MADE AT "THE NORTH CHINA LIBERATED AREA INDUSTRIAL AND COMMERCIAL CONFERENCE" RECENTLY.

THE PLACE OF THE MEETING WAS NOT GIVEN, BUT THE RADIO SAID 253 DELEGATES REPRESENTING GOVERNMENT, TRADE UNIONS, CAPITAL AND CO-OPERATIVES ATTENDED. THIRTY-SIX OF THE DELEGATES REPRESENTED CAPITAL.

"THE CONFERENCE," THE BROADCAST REPORTED, "POINTED OUT THE NECESSITY OF GREATLY EXPANDING PUBLIC-OPERATED AND PRIVATE ECONOMY IN NORTH CHINA... AND THAT PUBLIC OPERATED ENTERPRISES MUST GIVE PLANNED ASSISTANCE TO PRIVATE ENTERPRISES."

HEAVY INDUSTRY, MUNITIONS, MACHINE MANUFACTURING AND OTHER INDUSTRIES "OF A MONOPOLISTIC NATURE" WERE RESERVED FOR PUBLIC OWNERSHIP.

LIGHT INDUSTRY WAS RESERVED FOR PRIVATE CAPITAL "EXCEPT THOSE (INDUSTRIES) VITAL TO PUBLIC WELFARE BUT BEYOND THE MEANS OF PRIVATE CAPITAL."

THE RADIO SAID THE "DEMOCRATIC GOVERNMENT" OF NORTH CHINA WOULD ISSUE BANK NOTES AND CONTROL THE EXCHANGE OF GOLD, SILVER AND CURRENCY WITH "KUOMINTANG (GOVERNMENT) CONTROLLED AREAS." SUCH EXCHANGE IS ILLEGAL IN GOVERNMENT IN CHINA.

THE BROADCAST WAS HEARD BY THE ASSOCIATED PRESS LISTENING POST AT SAN FRANCISCO.

LOS ANGELES, AUG.10-(AP)-TOMOYA KAWAKITA, IN CONTRAST TO THE SWAGGERING, HARSH AND CRUEL JAPANESE PRISON CAMPP GUARD THAT GOVERNMENT WITNESSES PICTURES HIM, TODAY TOLD A FEDERAL JURY TRYING HIM FOR TREASON THAT HE SMUGGLED FOOD TO AMERICAN PRISONERS IN JAPAN.

A SLIGHT LITTLE FELLOW WHO SOMETIMES SHIFTED UNEASILY IN THE WITNESS CHAIR AND GROPED FOR THE PROPER WORD, KAWAKITA, A WARTIME PRISONER AT THE OEYAMA NICKEL MINE CAMP, DENIED CATEGORICALLY THE CHARGES OF VARIOUS GI WITNESSES THAT HE WAS CRUEL AND INUMANE TO POW'S.

"DID YOU HAVE AN ALTERCATION WITH AN AMERICAN PRISONER, MARCUS A. RAEL OF ALBUQUERQUE, N.M?" ASKED HIS ATTORNEY MORRIS LAVINE.

"I SLAPPED HIM BECAUSE HE CALLED ME A FOUL NAME IN SPANISH," REPLIED THE BESPECTACLED DEFENDANT. "I TOLD HIM I WAS WORKING AT THE MINE, JUST AS HE WAS, AND THAT HE HAD NO RIGHT TO SLUR ME."

30.24- 19685

KAWAKITA THEN TOLD OF TRYING TO GET ADDITIONAL FOOD FOR THE AMERICANS.".

"THE HEAD OF THE NICKEL MINE, IN WHOSE HOME I RESIDED, REFUSED TO GIVE ME RICE FOR THE AMERICANS," KAWAKITA TESTIFIED. "HE EXPLAINED THAT RICE WAS RATIONED AND THAT THERE WAS NOT SUFFICIENT TO GO AROUND, AS IT WAS. BUT SOMETIMES I TOOK RICE FROM THE HOME AND TURNED IT OVER TO THE AMERICANS.

"NEVER DID I DO ANYTHING THAT MIGHT IN ANY WAY BE CONSTRUED AS HELPING TO DEFEAT THE UNITED STATES IN THE WAR."

KAWAKITA SAID HE WAS IN JAPAN AS A STUDENT WHEN THE WAR BROKE OUT, THAT AS A CALEXICO, CALIF.-BORN NISEI, HE WAS ARRESTED AS AN ALIEN BUT THROUGH THE EFFORTS OF HIS UNCLE IN TOKYO HE ACHIEVED, OR SO HE THOUGHT, JAPANESE CITIZENSHIP STATUS.

"WHILE I WAS ACTING AS A GUARD IN THE PRISONER OF WAR CAMP I CONSIDERED MYSELF AS A JAPANESE CITIZEN," HE TOLD THE JURY.

"I GAVE COMMANDS TO THE PRISONERS IN A FIRM, MILITARY VOICE, BUT I WAS TOLD TO DO SO BY THE JAPANESE MILITARY. I WAS WARNED NOT TO FRATERNIZE WITH PRISONERS UNDER PENALTY OF SEVERE PUNISHMENT, PERHAPS DEATH."

GOVERNMENT ATTORNEYS PLAN TO CROSS-EXAMINE KAWAKITA TOMORROW AND THE CASE, NOW IN ITS TENTH WEEK, MAY GO TO THE JURY FRIDAY.

OTTAWA, AUG.10-(AP)-THE FUSS OVER THE UNHAPPY SOVIET SCHOOL TEACHERS RUSSIA WANTS THE UNITED STATES TO SEND HOME RECALLED TODAY CANADA'S HANDLING OF IGOR GOUZENKO WHO TATTLED ON THE RUSSIAN SPY RING HERE.

ALTHOUGH THE CASES AREN'T EXACTLY PARALLEL, BOTH INVOLVE RUSSIANS WHO LEARNED TO LIKE THE SO-CALLED CAPITALISTIC WAY OF LIFE OF THE WESTERN WORLD SO WELL THEY DON'T WANT TO LEAVE IT.

GOUZENKO, FORMER CIPHER CLERK IN THE SOVIET EMBASSY IN OTTAWA, WENT TO THE ROYAL CANADIAN MOUNTED POLICE SEPT.6, 1945 WITH A STACK OF EMBASSY DOCUMENTS AND THE CHARGE RUSSIA WAS CREATING A FIFTH COLUMN IN THIS COUNTRY DELVING INTO NORTH AMERICAN SECRETS.

THE CANADIAN GOVERNMENT KEPT THE MATTER THE TIGHTEST SECRET AND LAUNCHED AN UNDERCOVER INQUIRY.

WHEN THE RUSSIANS REPORTED GOUZENKO HAD DISAPPEARED AND ASKED CANADIAN POLICE AID TO LOCATE AND RETURN GOUZENKO ON THE GROUNDS HE HAD STOLEN EMBASSY FUNDS, CANADIANS DID NOT REACT. THEY DID NOT EVEN HINT THEY WERE PROBING A SPY RING OR WRE QUESTIONING GOUZENKO ALTHOUGH HE THEN WAS UNDER OFFICIAL PROTECTION.

WHEN THE CANADIANS COMPLETED THEIR SPY INQUIRY THEY BROKE THE STORY FEB.15, 1947. THE RUSSIANS NEVER ASKED FOR GOUZENKO'S RETURN AFTER THAT AND HE HAS NOW BECOME A CANADIAN CITIZEN. THE RUSSIANS BITTERLY ATTACKED GOUZENKO'S REPUTATION AND CHARGED CANADA WITH ACTIONS "NOT COMPATIBLE WITH FRIENDLY RELATIONS BETWEEN THE TWO COUNTRIES."

BUT THE CANADIANS STUCK TO THEIR GUNS. PRIME MINISTER W.L. MACKENZIE KING VOICED THE BELIEF PRIME MINISTER STALIN WAS IGNORANT OF ESPIONAGE ACTIVITIES AND EMPHASIZED CANADA'S DESIRE FOR "ONLY THE BEST OF RELATIONS WITH U.S.S.R."

THE RUSSIAN AMBASSADOR TO OTTAWA WENT HOME SHORTLY AFTER THE SPY STORY BROKE. CANADIANS PRESENTLY DO NOT HAVE AN AMBASSADOR IN MOSCOW AND THE RUSSIANS DO NOT HAVE AN AMBASSADOR IN OTTAWA. BUT BOTH GOVERNMENTS SEEK TO LEAVE THE IMPRESSION THAT THIS IS JUST BECAUSE THEY HAVE NOT FOUND THE RIGHT MAN FOR THE JOB.

NEW YORK, AUG 10-(AP)-THE SOVIET CONSULATE AGAIN ASKED AID OF NEW YORK POLICE TODAY IN LOCATING MICHAEL IVANOVITCH SAMARIN, RUSSIAN SCHOOL TEACHER WHOSE WHEREABOUTS APPARENTLY IS KNOWN TO THE HOUSE COMMITTEE ON UN-AMERICAN ACTIVITIES.

THE COMMITTEE ANNOUNCED IN WASHINGTON THAT A SUBPOENA TO TESTIFY HAD BEEN SERVED ON HIM AND HIS WIFE. BUT THE COMMITTEE DID NOT SAY WHERE.

LIKEWISE FOR THE SECOND DAY IN A ROW POLICE WENT TO THE CONSULATE IN AN ATTEMPT TO INTERVIEW MRS. OKSANA STEPANOVNA KOSENKINA, ANOTHER RUSSIAN TEACHER. SOVIET CONSUL GENERAL JACOB M. LOMAKIN CLAIMS SHE WAS KIDNAPED BY THE TOLSTOY FOUNDATION, A WHITE RUSSIAN (ANTI COMMUNIST) ORGANIZATION, AND THAT HE "RESCUED" HER FROM A FARM NEAR VALLEY COTTAGE, N.Y., RUN BY THE FOUNDATION. THE FOUNDATION IS HEADED BY COUNTESS ALEXANDRA TOLSTOY.

LIKE YESTERDAY POLICE WERE UNABLE TO SEE MRS. KOSENKINA.

MEANWHILE, THE STATE DEPARTMENT IN WASHINGTON SAID THAT THE HOUSE UNAMERICAN ACTIVITIES COMMITTEE COULD SERVE A SUBPOENA UPON HER IF IT COULD REACH HER.

SINCE THE SOVIET CONSULATE ONLY CAN BE ENTERED IF WARRANTS ARE OBTAINED ALLEGING THE COMMISSION OF SOME CRIME ON THE PROPERTY, IT SEEMED UNLIKELY THE SUBPOENA SERVERS COULD REACH HER.

YESTERDAY IN WASHINGTON SOVIET AMBASSADOR ALEXANDER S. PANYUSHKIN ASKED THE U.S. GOVERNMENT TO TURN OVER SAMARIN, 40-YEAR MATHEMATICS TEACHER.

SAMARIN, WHO WAS SCHEDULED TO RETURN TO RUSSIA BUT REPORTEDLY DID NOT WANT TO DO SO, SOUGHT AN INTERVIEW WITH THE FBI HERE SUNDAY. THE FBI SAID YESTERDAY IT DID NOT HAVE HIM IN CUSTODY BUT INDICATED IT KNEW WHERE HE WAS.

THE WORLD TELEGRAM SAID THE TEACHER, HIS WIFE AND THREE CHILDREN WERE TAKEN EARLY LAST SATURDAY TO A CHICKEN FARM NEAR FREEHOLD, N.J., WHERE THEY WERE "PROTECTED BY ARMED MEMBERS OF A SELF-STYLED ANTI-BOLSHEVIK RUSSIAN UNDERGROUND WHICH SPECIALIZES IN AIDING RUSSIANS IN ESCAPING FROM THEIR HOMELAND."

THE WORLD TELEGRAM SAID THE SAMARINS WERE PICKED UP SATURDAY AFTERNOON AT THE OFFICES OF THE TOLSTOY FOUNDATION IN NEW YORK, AND TAKEN TO THE FARM IN A TRUCK.

THE FOUNDATION IS OPERATED BY COUNTESS ALEXANDRA TOLSTOY, WHITE RUSSIAN (ANTI-COMMUNIST) LEADER.

TWO NEW YORK CITY DETECTIVES WENT LATE LAST NIGHT TO A FARM NEAR VALLEY COTTAGE, N.Y., RUN BY THE FOUUNDATION TO CHECK CHARGES BY SOVIET OFFICIALS THAT ANOTHER RUSSIAN TEACHER, MRS. OKSANASTEPANOVNA KOSENKINA, 52, HAD BEEN KIDNAPED AND TAKEN TO THE FARM.

SOVIET CONSUL GENERAL JACOB M. LOMAKIN WENT TO THE FARM LAST SATURDAY AND SAID HE "RESCUED" MRS. KOSENKINA FROM THE HIDEOUT.

COUNTESS TOLSTOY DECLARED THE TEACHER WENT BACK TO NEW YORK WITH LOMAKIN'S PARTY ONLY BECAUSE SHE WAS "TERRORIZED."

THE DETECTIVES, ACCOMPANIED BY LT. ERNEST WIEBECKE OF THE CLARKSTOWN POLICE, QUESTIONED COUNTESS TOLSTOY AND OTHERS AT THE FOUNDATION FARM INTO THE EARLY MORNING HOURS TODAY.

THE COUNTESS SAID MRS. KOSENKINA LEFT THE FARM TO GO ON SHOPPING TRIPS TO NYACK AND VALLEY COTTAGE WHILE SHE WAS THERE, SO THAT SHE COULD NOT HAVE BEEN A PRISONER AS THE SOVIET OFFICIALS CHARGED.

FOUNDATION OFFICIALS HAVE INDICATED THEY BELIEVE MRS. KOSENKINA MAY HAVE BEEN SEEKING TO LEARN THE UNDERGROUND RAILWAY ROUTE WHICH THE SOVIETS BELIEVE IS OPERATED BY THE WHITE RUSSIANS FOR SOVIET CITIZENS WHO SEEK TO LEAVE THEIR COUNTRY.

SAMARIN AND MRS. KOSENKINA BOTH TAUGHT IN A SCHOOL OPERATED FOR CHILDREN OF RUSSIAN PERSONNEL AT THE UNITED NATIONS. THE SCHOOL HAS CLOSED AND THEY WERE SCHEDULED TO BE SENT BACK TO RUSSIA.

LOMAKIN, INTERVIEWED AS HE WAS ENTERING THE CONSULATE, TOLD NEWSMEN MRS. KOSENKINA WAS "FEELING VERY WELL" AND "WORKING IN THE LIBRARY." HE DID NOT SPECIFY WHETHER HE MEANT THE CONSULATE LIBRARY.

"SHE'S NOT A PRISONER," HE ADDED. "SHE WAS OUT YESTERDAY. I THINK SHE WENT TO THE MOVIES."

SEATTLE,AUG 10 (AP)-PROSECUTOR LLOYD SCHORETT FILED A PERJURY CHARGE TODAY AGAINST ONE OF THE KEY WITNESSES AT LAST MONTH'S HEARING OF THE LEGISLATURE'S UN-AMERICAN ACTIVITIES COMMITTEE.

HE FILED THE CHARGE AGAINST GEORGE HEWITT OF NEW YORK, WHO TESTIFIED TO HAVING BEEN A COMMUNIST PARTY MEMBER FROM 1926 TO 1944 AND A FORMER MEMBER OF THE PARTY'S NATIONAL COMMITTEE.

THE COMPLAINT ALLEGES PERJURY IN HIS TESTIMONY ABOUT ASSOCIATE PROF.MELVIN RADER OF THE UNIVERSITY OF WASHINGTON HAVING ATTENDED A SIX-WEEK COMMUNIST SCHOOL FOR EDUCATORS NEAR NEW YORK CITY.

RADER DENIED IT FROM THE WITNESS STAND AND SAID HE COULD ACCOUNT FOR HIS WHEREABOUTS DURING THE SUMMERS OF 1938 AND 1939. HEWITT HAD TESTIFIED THAT IT WAS DURING ONE OF THOSE SUMMERS THAT RADER WAS ONE OF 70 EDUCATORS AT THE "COMMUNISTS ONLY" TRAINING SCHOOL.

SHORETT SAID IN FILING THE CASE TODAY THAT HIS OFFICE HAD MADE A DETAILED CHECK ON RADER'S WHEREABOUTS THOSE YEARS AND THE INVESTIGATION SUBSTANTIATED RADER'S CLAIMS.

WASHINGTON,AUG 10-(AP)-FOLLOWING IS THE TEXT OF PRESIDENT TRUMAN'S STATEMENT ON SIGNING THE HOUSING BILL: (ABOUT 450)

I HAVE TODAY GIVEN MY APPROVAL TO H.R. 6959, THE SO-CALLED "HOUSING ACT OF 1948."

WHEN I ADDRESSED THE SPECIAL SESSION ON JULY 27, 1948, I STRONGLY URGED THE CONGRESS TO COMPLETE ACTION ON S. 866, THE COMPREHENSIVE TAFT-ELLENDER-WAGNER HOUSING BILL WHICH HAD PASSED THE SENATE ON APRIL 22, 1948. THE CONGRESS HAS INSTEAD PASSED AN EMASCULATED HOUSING BILL, [illegible] WHICH FAILS TO INCLUDE SEVERAL OF THE MOST IMPORTANT PROVISIONS OF THE TAFT-ELLENDER-WAGNER BILL.

BECAUSE THE BILL WHICH WAS PASSED WILL BE OF SOME HELP IN MEETING THE CRITICAL HOUSING SHORTAGE, I AM GIVING IT MY APPROVAL; BUT THE PEOPLE OF THE COUNTRY SHOULD UNDERSTAND CLEARLY THAT IT FALLS FAR SHORT OF THE LEGISLATION WHICH COULD AND SHOULD HAVE BEEN ENACTED.

THE NEW BILL FAILS TO MAKE ANY PROVISION FOR LOW-RENT PUBLIC HOUSING. IT FAILS TO MAKE ANY PROVISION FOR SLUM CLEARANCE AND URBAN REDEVELOPMENT. IT FAILS TO INCLUDE ANY PROVISION FOR SPECIAL AIDS FOR FARM HOUSING. IT INCLUDES ONLY LIMITED PROVISION FOR RESEARCH TO BRING DOWN BUILDING COSTS.

IN SHORT, THE CONGRESS IN ENACTING THIS BILL HAS DELIBERATELY NEGLECTED THOSE LARGE GROUPS OF OUR PEOPLE MOST IN NEED OF ADEQUATE HOUSING--THE PEOPLE WHO ARE FORCED TO LIVE IN DISGRACEFUL URBAN AND RURAL SLUMS.

THE MOST ASTONISHING PART OF THE PROCESS BY WHICH THIS RESULT WAS ACHIEVED IS THAT THE MEMBERS OF THE HOUSE OF REPRESENTATIVES WERE NEVER PERMITTED TO CONSIDER AND VOTE ON THE TAFT-ELLENDER-WAGNER BILL. EVEN THOUGH ALL THE MAIN PROVISIONS OF THAT BILL WERE FAVORABLY REPORTED BY THE HOUSE COMMITTEE ON BANKING AND CURRENCY, THE REPUBLICAN LEADERS REFUSED TO LET THE FULL MEMBERSHIP OF THE HOUSE CONSIDER IT.

THE RECORD SHOWS CLEARLY WHERE THE RESPONSIBILITY LIES FOR THIS DENIAL OF THE DEMOCRATIC PROCESS. AS THE REPUBLICAN CHAIRMAN OF THE SENATE BANKING AND CURRENCY COMMITTEE STATED ON THE FLOOR OF THE SENATE LAST FRIDAY, THE MEMBERS OF THE HOUSE OF REPRESENTATIVES "HAVE BEEN DENIED BY THEIR HOUSE LEADERSHIP THE RIGHT TO VOTE ON THE TAFT-ELLENDER-WAGNER BILL."

IT IS A MATTER OF GREAT REGRET TO ME, AS IT WILL BE TO MILLIONS OF ILL-HOUSED FAMILIES, THAT A MEASURE WHICH WOULD HAVE HELPED TO PROVIDE THEM WITH DECENT HOUSING HAS BEEN BLOCKED BY THE REPUBLICAN LEADERSHIP IN THE HOUSE OF REPRESENTATIVES.

INFLATION

BY STERLING F.GREEN

WASHINGTON,AUG.10-(AP)-THE GOVERNMENT AIMED A NEW BLOW AT LIVING COSTS TODAY BY BOOSTING THE PRICE IT WILL PAY FOR SOME OF ITS BORROWED MONEY.

PRIVATE FINANCE IS EXPECTED TO FOLLOW SUIT AND DEMAND A HIGHER RATE ON ITS LOANS.

THUS THE ADMINISTRATION'S GOAL IN THIS PROCESS OF MAKING CREDIT MORE EXPENSIVE IS TO DISCOURAGE SOME OF THE BORROWING THAT HAS BEEN CITED AS ONE FACTOR IN INFLATION.

SECRETARY OF THE TREASURY SNYDER GAVE THE CUE LAST NIGHT. HE ANNOUNCED THAT THE GOVERNMENT SHORTLY WILL PAY MORE INTEREST ON ITS SHORT-TERM SECURITIES.

THE FIRST IMPACT OF SNYDER'S MOVE WILL BE FELT SEPTEMBER 15 AND OCTOBER 1. ON THOSE DATES SOME $10,500,000,000 IN GOVERNMENT ISSUES WILL FALL DUE, OR ABOUT ONE TWENTY-FIFTH OF THE NATIONAL DEBT.

THESE WILL BE REPLACED WITH ISSUES PAYING A SLIGHTLY HIGHER RATE. TREASURY CERTIFICATES WHICH HAVE CARRIED 1 1/8 PER CENT, FOR EXAMPLE, WILL GIVE PLACE TO CERTIFICATES PAYING 1 1/4 PER CENT.

THAT MEANS IT WILL COST THE GOVERNMENT $12.50 TO BORROW $1,000 INSTEAD OF THE $11.25 IT NOW IS PAYING.

BY THE TIME THESE HIGHER RATES GO INTO EFFECT IT IS EXPECTED THAT THE FEDERAL RESERVE BOARD WILL HAVE BROUGHT INTO PLAY THE NEW CONTROLS OVER BANK AND CONSUMER CREDIT WHICH WERE AUTHORIZED SATURDAY BY THE SPECIAL SESSION OF CONGRESS.

OFFICIALS HAVE PREDICTED THAT PRESIDENT TRUMAN WILL SIGN THESE INTO LAW QUICKLY, ACCOMPANYING HIS APPROVAL WITH A DENUNCIATION OF CONGRESS FOR NOT PROVIDING THE MORE DRASTIC POWERS HE ASKED--PRICE-WAGE, RATIONING AND PRIORITY POWERS.

WHILE LIMITED IN SCOPE, THE NEW CONTROLS NEVERTHELESS WILL HIT BOTH THE BIG FELLOW AND LITTLE FELLOW. SOME CONSUMERS MAY BE DRIVEN OUT OF THE AUTOMOBILE MARKET TEMPORARILY, FOR INSTANCE, BY THE FEDERAL RESERVE BOARD'S PLANS TO CINCH UP CREDIT ON NEARLY EVERY MAJOR ITEM SOLD AT RETAIL ON THE INSTALLMENT PLAN.

THIS WILL CUT INTO CONSUMER DEMAND AND, THE GOVERNMENT BELIEVES, REMOVE FROM THE MARKET SOME OF THE CREDIT-BOLSTERED BUYING POWER WHICH IS JACKING UP PRICES.

AT THE START, THE FEDERAL RESERVE MAY SIMPLY REISSUE A SLIGHTLY DOCTORED VERSION OF ITS WARTIME "REGULATION W" WHICH EXPIRED LAST YEAR. THIS PUT A 15-MONTH LIMIT ON INSTALLMENT PURCHASES, RULING OUT THE "EASY PAYMENT" PLANS WHICH NOW FREQUENTLY RUN FOR TWO OR THREE YEARS.

ONCE THE REGULATION IS BACK ON THE BOOKS AND THE CONTROL MACHINERY OPERATING, IT MAY BE MODIFIED, OFFICIALS SAID. AUTOS COST SO MUCH MORE NOWADAYS, THEY SAID, THAT AN 18-MONTH PAYMENT MAY BE MORE SUITABLE. THE 18-MONTH LIMIT COULD BE EXTENDED ACROSS THE CONSUMER GOODS FIELD.

THE CONTROLS OVER DOWN PAYMENTS ARE LIKELY TO COME BACK "AS WAS". THAT MEANS ONE-THIRD DOWN FOR PASSENGER CARS, REFRIGERATORS, WASHING MACHINES, RADIOS, SILVERWARE, JEWELRY AND OTHER ITEMS. TWENTY PER CENT WAS REQUIRED FOR FURNITURE, PIANOS, RUGS AND DRAPERIES.

PURCHASES OF LESS THAN $50 AND MORE THAN $2,000 PROBABLY WILL BE CONTROL-FREE, ALTHOUGH THE UPPER LIMIT MAY BE LIFTED BECAUSE $2,000 HARDLY BUYS A "LOW-PRICE" CAR IN TODAY'S MARKET.

CHARGE ACCOUNTS AND SUCH COSTS AS MEDICAL AND FUNERAL EXPENSES WILL BE EXEMPT FROM CONTROLS.

CRITICS OF THE CONSUMER CREDIT PROGRAM COMPLAIN THAT PERSONS OF MODEST MEANS WILL BE BARRED FROM OWNING CARS AND HOUSEHOLD LABOR-SAVING APPLIANCES. SNYDER, AT A NEWS CONFERENCE LAST WEEK REPLIED, IN EFFECT: THE LITTLE FELLOW WILL BE BETTER OFF IN THE LONG RUN BY WAITING TO BUY; HE MAY GET A BETTER PRICE WHEN HE DOES ENTER THE MARKET.

RED FUNDS HELD IN WESTERN BANKS FROZEN BY ALLIES

U. S., British Officials Take Offensive in Berlin's Economic War (N)

COAL TRAINS AT BORDER

Russian Anti-Aircraft Shells Explode Near U. S. Cargo Plane

G. BRYA

BERLIN, Aug. 11—(AP)—The Western Powers took the offensive in the east-west economic war in Berlin tonight, freezing all east mark (Russian sponsored) accounts in western banks.

The development came after days of marking time in apparent anticipation of an agreement in the Moscow parleys.

An official statement said the action was necessary because the Russian-created deutsche noten bank had refused to release accounts of firms in western Berlin unless they promised to do business only in east marks.

Couldn't Meet Payrolls

Many western sector firms had been unable to meet their payrolls as a result of the Soviet action and the western military governments had been forced to assist these firms by arranging credits for them.

On the airlift front, an American pilot reported Russian anti-aircraft shells exploded in sight of his plane last night in the American air corridor over the Soviet zone. Americans officials said the Russians were holding target practice and that this was the fifth incident of the kind in recent months.

Inside the blockaded city, Germans massed in a square in the United States sector tonight and appealed to the western powers not to make a settlement in Moscow at their expense.

Other developments during the day included:

1. An announcement by U. S. transport officials that a fleet of coal trains has been marshaled close to the border of the Soviet zone to speed to Berlin if the four-power talks in Moscow result in the lifting of the Soviet blockade.

2. U.S. Secretary of Air W. Stuart Symington, said the air lift supplying Berlin could be operated through the winter, if necessary.

3. British authorities said they planned a protest to the Russians over a flight of 12 Yak fighters over western Berlin last night.

4. A new report of food shortages in the Soviet occupation zone.

U. S. Transport officials said 20 coal trains were waiting in the Hannover area about 75 miles east of the Marienborn roairoad line in the event the Russians reopen the road they closed six weeks ago for "techinical repairs."

Plans are ready to divert other coal cargoes to the Ruhr-Berlin run as soon as a break comes, the officials said.

American officials said American coal-lift planes will begin operating from the British zone airfield at Fassberg Aug 20. This will cut down the necessity of shipping coal from the Ruhr in the British zone by train to Frankfurt for pickup by American planes.

Symington expressed confidence American fliers could continue the blockade-busting flights on a large scale through the winter. He called the freight operation the Air Force's No. 1 job, and said it was "growing into a bigger job" than the famed wartime Burma to China hump supply shuttle.

He arrived in Berlin with Gen. Hoyt S. Vandenberg, Air Force chief of staff, and Lt. Gen. Curtis Le May, commander of American flying forces in Europe. All three planned to meet with Gen. Lucius D. Clay, American military governor, tonight.

The new report of food shortages in the Russian zone came in a Soviet-licensed newspaper, Neue Zeit. An article signed by A. Miller, member of the state parliament of Saxony-Anhalt, in the Russian zone, said:

"We have bitter need for improvement of our food ration because our physical reserves have long since been spent. As a result, illness lasts longer and our abilities to produce are reduced.

"Nevertheless, our production must not only be maintained but more is demanded of us."

Berliners at the rally in the U. S. sector cheered demands that no compromise be made in Moscow which would hand control of the city to the Communists.

The rally, sponsored by the Conservative Christian Democratic Union (CDU), was attended by 5,000 persons.

The chief speaker, Jacob Kaiser, CDU chairman and veteran trade union leader declared the Russian blockade had made Berlin "an island in a Red sea—but an island which will not surrender."

"Russia ruined its chances for winning understanding with all upright Germans by its acts here in the conquest of Berlin and afterward," he said.

He said the western powers made "mistake after mistake beginning at Yalta" in dealing with Communism and demanded they now stand firm and uncompromising.

Ferdinand Friedensburg, Christian Democratic deputy mayor of Berlin, told the cheering crowd there would be no compromise with the Communist minority attempting to wrest control of the city from the elected government.

"We are going to fight it out to the bitter end," he said. "We could move the city government out of the Russian sector of the city over to western Berlin, but we will not. We will stand fast and do our duty to the city as true Democrats."

The U. S. constabulary reported tonight that two Americans held by the Russians since Aug. 5 when they reportedly crossed accidentally into the Soviet zone still had not been released. Russian liaison officers had indicated that Lt. Sherman S. Turner of Council Bluff, Ia., and Roland M. Myers of Brooklyn, N. Y., would be returned yesterday or today.

Constabulary headquarters said that a Russian army lieutenant apprehended in the American zone had been returned to the Russians. There was no connection between the cases.

Charges Phone Interruption

The Soviet-sponsored news agency ADN said tonight the American Military Government had interrupted three telephone lines between Berlin and the Russian zone of Germany. American officials immediately denied they had done so.

ADN's report, Americans said, could be a Russian move to lay the basis for severing telephone and telegraph communications between United States, British and French sectors of Berlin and western Germany.

The central Berlin telephone exchange is in the American sector of the city. About 40 lines between Soviet zone points pass through this office.

Early last month the Russians were reported to have begun rerouting their lines so they would bypass the American sector. This work now is said to have been completed.

American officials have predicted that when the Russians finished the job they could be expected to cut the lines between western Berlin and western Germany.

West Hits Back In Cold War

Order (D) Curbs Banks

Berlin, Aug. 11 (AP)—The Western Powers, striking back in the Berlin economic war, froze all Eastern-(Russian-sponsored) mark accounts in Western-sector banks today.

The three Western military governments sent an order to the city government to instruct central offices of Berlin banks that "no transfers from accounts in the Western-sector branches may be effected without express approval of the Military Government."

A statement said the action was necessary because the Deutschenoten Bank, created by the Soviet Military Administration as a bank of issue for Soviet-zone currency, had refused to release accounts of firms in western Berlin unless the firms promised to do business only in East marks.

The Western military governments have been forced to aid firms in their sectors by arranging for credits in Western currency to meet wages and salaries.

No Unilateral Order

An official British statement said:

"The purpose of this order is to emphasize that no unilateral order from Soviet authorities can relieve the city government of its obligation to meet all of its budgetary commitments in the eWstern sectors of Berlin.

"It is also intended to make clear that the bank funds cannot be allowed to flow freely from Western sectors to the Eastern sector, only to be blocked there."

The Soviet-controlled Deutschenoten Bank had failed to make city funds available to the city government or to unblock funds of firms in the Western sectors "except on a clearly unacceptable condition," the statement added.

The city government was ordered to ignore the Russian order which, if carried out, would "restrict the ability of the city government to discharge all budgetary commitments in the British, American and French sectors of Berlin."

Symington Is Confident

Earlier, W. Stuart Symington, United States Secretary for Air, said the air lift supplying blockaded Western Berlin could operate on a big scale through the Winter, if necessary.

He arrived here from Wiesbaden with Gen. Hoyt Vandenberg, Air Force chief of staff, and Lieut. Gen. Curtis LeMay, commander of United States Air Forces in Germany. They were to talk tonight with Gen. Lucius D. Clay.

Western officials charged the Russians, through a distribution system, are killing the free exchange of information by squeezing Western-licensed publications from their zone of Germany.

Food For 40 Days

The Russians, for their part, said they had enough food in Berlin to feed all the city for 40 days. Evidence grew, however, of increasing food shortages in the surrounding Soviet zone.

A fleet of coal trains has been marshaled close to the Soviet zonal border, ready to speed to Berlin if the current four-power talks in Moscow result in lifting the blockade.

United States transport officials said twenty trains are waiting in the Hanover area, about 75 miles west of Marienborn. Plans have been made to divert other coal cargoes to the Ruhr-Berlin run if a break comes.

"We Can Do It"

Symington held a news conference at Tempelhof Airdrome, receiving end of about 2,000 tons a day of food and supplies through the American air corridor. Asked about continuing the American end of the airlift, should current talks in Moscow fail to break the Russian blockade, the Secretary said:

"Whatever the Government wants us to do, we'll do it. If they want it done in bad weather, we can do it."

He said the Berlin supply is the leading job of the United States Air Force today. He added it is "growing into a bigger job than the Hump (the wartime air supply line to China from Burma).

100 Big Planes Working

Symington said that with new planes which arrived today, the Americans now have more than 100 big C-54 Skymasters on the shuttle run. He said he felt no alarm over Russian air activity in the corridors traversed by American and British planes. No plans have been made for flying fighter planes over Berlin, he added.

An American pilot flying the food run reported Russian anti-aircraft fire, apparently practice shots, in the American corridor over the Russian zone last night. He said shells burst at an altitude of from 8,000 to 10,000 feet, a "comfortable margin" away from his C-54 plane.

SOVIET PRESS SEES PACT HOPE

Envoys Expected Soon To Meet Molotov Again (N)

By P. WHITNEY

Moscow, Aug. 11 (AP)—The first editorial comment in the Soviet press on the East-West diplomatic meetings here appeared today. It scoffed at the idea that there is no grounds for compromise between Russia and the Western powers on Germany.

Authoritative sources predicted the representatives of the United States, Britain and France would meet soon again with Vyacheslav M. Molotov, Soviet Foreign Minister, to discuss further the Berlin situation and kindred subjects.

The time for such a conference

was not determined. The informants said the Western diplomats must first co-ordinate the reactions of their governments to proposals made by Molotov on Monday. Secrecy surrounded what ground has been covered thus far toward settling East-West differences.

Answers Newspaper Comment

The publication *New Times* carried the first comment on the East-West meetings. It ridiculed statements published abroad that there is "no ground for compromise between the Western powers and the Soviet Union on the German question."

New Times said this attitude had been taken by the French newspaper *L'Epoch*. The London *Economist* came in for similar criticism.

The Soviet publication said the *Economist* had demanded the Western powers make no compromise on control of the Ruhr, in which Russia wants a voice, and added:

"The editor of the *Economist* does not hide what he fears most of all on earth—that agreement on part of the Russians will bring with it most serious inconveniences for the Western powers, for it is necessary this time for the Western powers to conduct talks on a genuine settlement of the German problem."

Attack Western Plan

In a separate article, *New Times* demanded a peace treaty for all Germany and attacked the plan of the United States, Britain and France for a separate West German government as a "separate peace treaty in disguise."

New Times said the three Western powers want to impose a colonial regime on Germany and continue the occupation indefinitely. The three-power plan, it added, is the "result of a desire of American monopolies to pump wealth out of Germany indefinitely."

Moscow Paper Hits At West's Pessimism (2)

Moscow, Aug. 11 (AP)—In the first Russian editorial on the four-power talks in Moscow, the *New Times* today ridiculed foreign newspapers for saying, "There is no ground for compromise between the Western powers and the Soviet Union on the German question."

The article criticized *L'Epoch*, of Paris, for saying the talks are "predestined to failure."

New Times also berated the London *Economist* for what it called "demanding ahead of time that the Western powers should not agree to any proposals of the Russians."

AUG 12 1948

Called "Separate Peace"

The publication demanded a peace treaty with all Germany. It termed the "occupation statute" proposed by the Western powers for a regime in western Germany a "separate peace treaty in disguise."

"A peace treaty with Germany, that is the demand of all real democrats interested in a just peace," the major article in the weekly said.

The account said the occupation statute "approved in principle by Western German leaders imposes a colonial regime on Germany and fastens occupation indefinitely" on the nation.

Next Session Tomorrow

Meanwhile, authoritative sources expect a new meeting between Foreign Minister V. M. Molotov and envoys of the three Western powers tomorrow.

These informants pointed out that the new meeting cannot take place until the three Western representatives have received reactions from their home governments on their reports of the last four-power session here Monday.

The three westerners, United States Ambassador W. Bedell Smith, French Ambassador Yves Chataigneau and special British envoy Frank Roberts, still had to meet to discuss the reactions to the latest Soviet proposals to iron out East-West difficulties and plan their next approach. It might be late tonight before such co-ordination is possible.

Russ Say West Berlin Has Economic Woes

Moscow, Aug. 11 (AP)—*Pravda* said today serious economic troubles are developing in the western sectors of Soviet-blockaded Berlin.

The Soviet newspaper ran a Tass dispatch from Berlin stating that gas supplies now were cut off at night. It added that most firms in the French sector of the city are closed and their employés put to work building a new airdrome—"a project which is not necessary."

WEST REPLY NEAR ON MOSCOW TALKS (1)

LONDON, Aug. 11. — (AP) Diplomatic informants said today the Western Powers will give their answer to the Soviet formula for a Berlin settlement at a meeting in the Kremlin possibly tomorrow.

These sources said the meeting may result in success or failure of the Moscow talks.

Silence Continues

Official silence on the negotiations continued here. It was apparent, however, that the cautious optimism which prevailed at the outset had been tempered to a mood of "wait and see."

The informants here said Soviet Foreign Minister V. M. Molotov has objected to a suggestion made by the Western envoys last Friday that Soviet authorities restore Berlin's traffic links with the west in return for a similar letup on eastbound traffic from the western zones.

He was believed also to have renewed his argument that the only way out of the Berlin currency muddle is to replace the east and west marks with a single all-German currency.

In Berlin tonight the Western Powers froze all east mark accounts in western banks. That development came after days of waiting for some kind of agreement out of the Moscow talks.

PACT FOR PACT'S SAKE REJECTED BY MARSHALL

Says Certain Fundamentals Must Be Considered in Dealing With Soviet.

SEES DANUBE DIFFICULTIES

But Secretary's Line of Reasoning Is Believed Also to Apply to Moscow Talks on Reich.

Washington, Aug. 11 (A. P.).—Secretary of State Marshall said today that in negotiating with the Russians, the United States must not seek agreement merely for agreement's sake.

Marshall made the comment at a news conference after he had been asked to discuss the international meeting at Belgrade on freedom of navigation on the Danube River. The conference is split between a majority Russian bloc and a minority Western bloc.

Repeatedly the secretary gave a no-comment reply to inquiries about the Big Four talks now under way at Moscow on the Berlin blockade and the broader problem of a German settlement. However, the sweeping nature of his response to the inquiry on the Danube meeting made it clear that he applies the same line of reasoning to the Moscow and Belgrade sessions.

The Danube conference, Marshall said, is an excellent example of the difficulties that the United States encounters in all its negotiations trying to settle the problems of Europe resulting from the war.

The United States entered the conference, he continued, because its leaders felt it should be willing to discuss and consider all possibilities for achieving desirable objectives. They felt that they should not assume in advance that agreement could not be reached. They felt that they should persist in the effort to reach agreement by the process of negotiation.

But it is perfectly clear, Marshall said, that the United States must not seek agreement merely for agreement's sake. There are certain fundamentals to which this Government attaches great importance which must always be fully considered by this Government, he added.

In the case of the Danube conference, Marshall said, it seems clear that the Russians have brought forth a proposal which is calculated to put navigation on the river under control of the Soviet at the expense of the welfare of the rest of Europe.

He then said flatly that the United States can not agree to a system of Danube control which could be utilized to obstruct free commerce on the river. This Government has a definite interest, he said, in protecting the rights of Germany in connection with this great international waterway. The Danube provides a route of commerce for Austria, Czecho-Slovakia and the other countries of Central and Eastern Europe.

If the regulations governing Danube traffic are so arranged that all manner of checks and delays can be imposed then there will not be freedom of commerce, Marshall said.

In reference to a question Marshall declined to discuss negotiations for a United States-Western bloc military alliance.

Priest (3) Prescribes Psychology

WINOATIS

London, Aug. 11 (AP)—If a baseless feeling of guilt is driving you crazy, you don't need a priest—you need a psychologist.

That's what a Catholic priest said today at the international congress of mental health.

The Rev. Thomas Gilby, a Dominican and a research fellow of Emmanuel College at Cambridge University, declared:

"In principle the confessional is not the place for psychological treatment, nor is the priest the person to give it."

No Wrong-Doing Basis

He explained:

Some people feel guilty because they have done wrong. For them, in Catholic doctrine, a priest is "a judge and official agent of release" from sin.

Others feel guilty for complex reasons that have no wrong-doing behind them and, unable to get rid of the feeling, become nervous wrecks. The psychologist is the man for them.

Father Gilby broached his idea in a paper read at the International Congress on Psychotherapy—one of three big ones at the mental health congress which opened today—and elaborated on it in an interview later.

Includes Psychoanalysts

"If a man is nervously ill," he said, "the proper person to treat him, friends and advisers having failed, is a psychologist." He added that included psychoanalysts.

He suggested priests and medical psychologists should work closely together though "they need not be cheek by jowl in the church."

Did he think Freudianism, best known branch of psychoanalysis, was anti-Christian?

"As a technique, no," he answered. "When it becomes a philosophy and a religion, yes."

"There was a time when Freudianism was a sort of religion," he said. "That is diminishing."

"It's very similar to Communism in that if Communism becomes a religion, *ipso facto*, it's opposed to the Christian religion. As a technique for reorganizing the world, it's not necessarily so."

"The genesis of guilt," subject of the afternoon meeting, was treated from a theological point of view by Father Gilby.

It was treated from the professional side by Psychoanalyst Dr. G. H. Van de Waals, Amsterdam psychoanalyst, and Dr. Angelo Hesnard, Toulon (France) psychiatrist. Dr. Ernest Jones, of London, president of the International Psychoanalytic Association, led the discussion.

Dr. Jones told a news conference afterward—"the behavior of some of our friends in other countries may be due very much to a sense of guilt."

Russian Guilt Sense

He said he thinks the Russians have a sense of guilt because they destroyed their (Czarist) culture in the 1917 revolution.

He also expressed the belief that the Germans started the second World War because they had to do something violent to get over their feeling of guilt about starting the first war.

The Soviet Union is not among the more than 50 countries represented at the Congress. The Russians were invited but sent in no registrations.

Psychiatrist Says Aggression Starts In The High Chair

London, Aug. 11 (AP)—Aggression starts in the high chair, Dr. Frederick H. Allen, Philadelphia psychiatrist, told the opening session of the International Congress on Mental Health today.

Some 2,000 specialists are meeting here to consider the world's mental health. They are trying to find means of treating "sick" nations and thus "cure" the disease of war. W. V. OATIS

Dr. Allen addressed the conference on child psychiatry. Discussing the theme of "aggression," he said constructive or destructive aggression begins with the mouth, where the child senses his first feeling of power.

"Emotional Barometer"

The mouth, explained Dr. Allen, is the child's "emotional barometer." It signals the need or the lack of need for food. It can express anger, in crying, if a child feels frustrated.

He explained that if parents do not understand the child's emotional outbursts in the high chair and correct them, the child may go on fighting his playmates, then grow up to influence a gang of hoodlums, or, in some countries, to influence a whole nation to war.

Dr. Allen urged psychiatrists to seek to develop "creative and responsible action" in the world today, as opposed to aggression that leads to war.

Freud's Daughter Talks

He is president of the Orthopsychiatric Association of America and director of the Philadelphia Child Guidance Clinic.

Dr. Anna Freud, daughter of the late Sigmund Freud, pioneer psychoanalyst, told the gathering that "much of our emotional life is spent in the struggle to rid ourselves of aggressive instincts."

A message to the Congress from Mrs. Eleanor Roosevelt expressed "hopes for good results."

Psychologists, psychotherapists, psychiatrists and representatives of all professions concerned with the study and betterment of human relations convened for an eleven-day international congress on mental health. There are to be three separate, but related, conferences.

"We shall try to get away from individual cases and think instead of groups and communities and nations who are sick," said the congress president, Dr. J. R. Rees, of London. "We shall have something to say about children, so that they are not like us and go to war every 25 years."

"Can Change Human Nature"

"The fact there have always been wars doesn't mean their always will be," said Dr. Nina Ridenour, of New York, executive officer of the international committee for mental hygiene. "We are opposed to that old chestnut that you can't change human nature. We think you can change human nature."

The way to begin, she suggested, is by showing mothers and teachers how to handle children properly. She said policy makers in foreign relations and government perhaps should be advised by psychologists.

"Sometimes," Dr. Ridenour added, "they will make policies which fail to take account of the cultural characteristics of various nations."

Assails Appeasement

Dr. Frank Fremont-Smith, of New York, commented that appeasement of a potential aggressor is not a cure, because:

"Appeasement to an adolescent who has grown beyond his proportions is not going to make a good world citizen."

Specialists from at least 54 nations are represented here. Only Russia among the major powers failed to send a delegation.

Hodges On Liaison Visit To British Isles

London, Aug. 11 (AP)—Maj. Gen. J. R. Hodges, of the United States Air Force, arrived here last night for a ten-day visit in the British Isles.

A United States Embassy source reported that Hodges was accompanied by three officers and is making "a routine liaison visit with the Royal Air Force.

Due to arrive on the liner Queen Elizabeth this afternoon is the United States Air Force's Lieut. Gen. George E. Stratemeyer. He is accompanied by his wife and is making an "unofficial leave visit," most of which will be spent in Scotland, the Embassy said.

11 More Superfortresses Finish Hop To Europe

Lakenheath, Suffolk, England, Aug. 11 (AP)—The eleventh United States Superfortress in 24 hours landed tonight. Its arrival brought the total of the big B-29 bombers in England to 87.

Three more Superfortresses are expected tomorrow. They will be the last of 90 bombers sent to England to be formed into a new United States air division for joint training with the British Royal Air Force.

Romanian Ex-Official Arrested

London, Aug. 11 (AP)—Valer Roman, a former Liberal cabinet minister in Romania, and "a number of his friends" have been arrested, the Romanian news agency Rador said tonight. They are charged with "economic sabotage and having misappropriated large sums of money," Rador said in a broadcast monitored here.

Marie Wins Fight For Bill On Financial Reform

Paris, Aug. 11 (AP)—Premier Andre Marie won his third victory in the National Assembly today. The Deputies approved, 325 to 215, his controversial financial reform bill.

The measure gives Marie and his middle-of-the-road coalition Cabinet, formed on July 26, wide powers to deal with France's financial crisis, including the right to trim Government expenses and boost production.

A compromise reached Monday foreshadowed eventual success for the bill over the stubborn resistance of the Communists. By the compromise, the Government will have power to grade taxes up or down, but only with the consent of the Assembly for each regulatory decree.

Will Take Up Slack

Finance Minister Paul Reynaud, who had threatened to pull out if the bill failed to pass, said the measure was intended to take up the slack in the French economy for the time when American dollars stop flowing into France.

Marie previously had won two votes from the Assembly—one approving him personally as Premier and one approving his Cabinet.

The "rule by decree" bill now goes before the upper chamber of the French Parliament, the Council of the Republic, where approval is considered certain.

U.N. Rejects Rule On News Corrections

Geneva, Switzerland, Aug. 11 (AP). The human rights committee of the United Nations Economic and Social Council turned down a proposal today which would have made news media publish corrections to false reports.

Mexico submitted the suggestion in the form of an amendment to an international convention on the gathering and transmission of news.

Mexico, which is not a member of the United Nations Council, offered several amendments to the convention, originally drafted by the American Society of Newspaper Editors and adopted last March by the United Nations conference on the freedom of information.

The Human Rights Committee, discussing the convention point by point, rejected the Mexican amendment eight to four with six abstentions. The United States and Britain voted with the majority.

Respect For Rights

The amendment said "it is the duty of information agencies and foreign correspondents to report the facts, to promote respect for human rights and fundamental freedoms without discrimination, to further international understanding and co-operation and to contribute to the maintenance of international peace and security.

"To this end, information agencies and correspondents benefitting by this convention shall be required to accept, distribute and publish any corrections requested by the government concerned."

INCREASE IN ENTRY OF REFUGEES URGED

GENEVA, Aug. 11 (AP)—The United States, Britain, Brazil and the Netherlands urged all countries today to admit European displaced persons to the utmost of their capacity.

The four nations also proposed that unaccompanied refugee children be returned to the countries of their origin.

In a joint resolution submitted to the current seventh session of the United Nations Economic and Social Council, the four nations stressed a need for speedier resettlement of the 600,000 refugees in Europe. Most are from Communist-dominated countries, and cannot be repatriated.

The resolution suggested a new policy for the nearly 3,000 orphans and unaccompanied children under 16 years of age, at present in the care of the International Refugee Organization.

The resolution said unaccompanied children should be united with their parents wherever possible. Unaccompanied children whose parents cannot be traced but whose nationality is established beyond doubt should be returned to their countries, the resolution said, "always providing that the best interests of the individual child shall be the determining factor."

U.S. Court Eases Punishment of 4 Nazi Officers

Judges Recalled by Clay Are First in War Trials to Reconsider Decisions

NUERNBERG, Aug. 11 (AP).—For the first time in the Nuernberg war crimes trials, an American court reconsidered its judgment today. It modified sentences imposed on four former SS (Elite Guard) men.

The tribunal was recalled from the United States a month ago on orders of General Lucius D. Clay, American commander in Germany, who was dissatisfied with the record in the case against Oswald Pohl, former head of Heinrich Himmler's concentration camp system, and seventeen of his subordinates.

Defense lawyers had complained to General Clay that the court had denied the use of briefs at the end of the trial, yet quoted from a prosecution brief.

The court, headed by Judge Robert M. Toms, of Detroit, announced its new decision after studying defense briefs. The court reaffirmed its judgment, in which fifteen defendants were convicted of war crimes and crimes against humanity and three were acquitted.

But the tribunal, which also includes Judge F. Donald Phillips, of Rockingham, N. C., and Judge Michael Musmanno, of Pittsburgh, announced these changes in its sentences:

George Loerner, deputy to Pohl—Life imprisonment instead of death by hanging.

Max Kiefer, branch chief in the SS business organization known as W. V. H. A.—Twenty years to life.

Heinz Karl Fanslay, SS general—Twenty years instead of life.

Hans Bobermin, SS Colonel—Fifteen years instead of twenty.

The court held that reconsideration of the entire record justified these modifications. It confirmed the death sentences imposed last November on Pohl, Franz Eirenschmals and Karl Sommer.

Belgium, Bizonia Sign Trade Pact

Brussels, Aug. 11 (AP)—A trade agreement was signed in Berlin yesterday between Belgium and the Anglo-American zones of Germany, it was announced by the Belgian Foreign Ministry today.

The agreement provides that Belgium shall export $84,000,000 worth of goods to Bizonia, while the combined zones will export $75,000,000 worth of goods to Belgium. In addition Bizonia is to send Belgium $35,000,000 worth of automobiles, mainly *Volkswagens*.

Reds Still Holding Two Americans

Stuttgart, Aug. 11 (A. P.).—Two Americans held by the Russians since August 5 when they crossed accidently into the Muscovite zone, still were in Red Army hands tonight, the United States constabulary reported. Constabulary headquarters here said that in the meantime a Red Army lieutenant apprehended in the American zone had been returned to the Russians.

There was no connection between the two cases, the constabulary said. The Americans, Lieut. Sherman S. Turner, of Council Bluffs, Iowa, and Roland M. Myers, of Brooklyn, were reported to have stepped over the line by mistake while inspecting the Russo-American zone border seventy-five miles east of Frankfurt. Russian liaison officers earlier had indicated that Turner and Myers would be returned yesterday or today.

RED, SOCIALIST SPLIT ENDS ITALY ALLIANCE

ROME, Aug. 11 — (AP) Italy's Socialist party formally parted company with the Communists today.

The Socialists and Communists joined forces in a popular front in last April's general election. The front was defeated.

At their convention in June the Socialists decided to break away. Tonight a front communique said that from now on "a common line of action will have to be decided each time whenever events require it."

Prague Says Diplomats Aided Escape Of Zenkl

Prague, Czechoslovakia, Aug. 11 (AP)—The official Czechoslovak news agency said tonight Dr. Peter Zenkl, Nationalist Socialist party leader before the February Communist seizure of power, left this country illegally with the aid of a certain diplomatic mission.

[This was the first Czechoslovak announcement regarding the flight of Zenkl, a former deputy Premier, who was reported yesterday to have reached the United States occupation zone of Germany and to have been turned over to American military authorities.]

Greeks Take Grammos Post, Cut Rebel Communications

Athens, Aug 11 (AP)—The Greek army captured the mountaintop fortress of Alevitsa today and slashed communications of the Communist-led guerrillas in the Grammos Mountains and eastern Macedonia.

In addition the victory opened a year around supply base for the Greek army in the Nestorian area and paved the way for a final assault on the last major guerrilla supply route from Albania.

A general staff spokesman hailed the conquest of the four-foot thick pillboxes on the 5,000-foot peak as the greatest success of the Grammos campaign Premier Themistokles Sophoulis said it was a gain of a key borderline position.

Markos Cut Off

The army used heavy artillery to silence Communist guns after a fierce three-day gun battle.

The general staff spokesman said the guerrilla forces of Markos Vafiades were now cut off from other rebels in the Vitsi area. The victory darkened Vafiades's hopes of holing up in the Grammos Mountains for the winter.

Government forces also took another height south of Alevitsa as the entire central sector of the 30-mile semi-circular Grammos Mountain front blazed into action.

Tough Assignment

Press reports said the army mounted a fresh attack on the massive 5,500-foot peak of Pyrgos and also were fighting at Paliostrounga and Groussia. These reports indicated the army was advancing along the entire perimeter of the front.

A Greek officer described the conquest of Alevitsa as one of the toughest assignments in the Grammos campaign.

There were thirteen double concrete pill boxes on the north side of the peak and five on the south side. Atop the mountain were a central command post, mortar observation post and a central machine-gun post.

The fortifications were similar to those on the Bulgarian border, where the Germans were forced to use dive-bombing Stukas and tanks firing on a straight line from below to subdue the Greeks during the war.

Greeks Capture Peak Guarding Rebel Link

Athens, Aug. 11 (AP)—The Greek Army announced the capture of heavily fortified Mount Alevitsa today, opening the way for a final offensive against the last major supply route for Communist guerrilla forces.

National forces also took height 1632, south of Alevitsa, on the northeastern Grammos front.

Alevitsa, a 5,000-foot peak, guarded the guerrilla supply link to Albania by way of Slimnitsa. Markos Vafiades's guerrillas had defended it stubbornly.

Built By Metaxas

A Greek officer described Alevitsa as one of the toughest assignments the National Army has had to face in the whole campaign to rout the Communist rebels out of their Gramos Mountain hideout.

The fortifications there, he said, were built by the late John Metaxas, when he was the Greek strong man, to defend against invasion from the north.

There are thirteen double concrete pillboxes on the north and five on the south, plus two mortar emplacements to the south and a central machine-gun post.

The fortifications are similar to those along the Bulgarian border, where the German Army was forced to use dive bombers and tanks to break through.

Fighting In Southwest

Today's communique also reported heavy fighting on the Grammos southwestern front, around Mount Prophet Elias, in the Oxya area.

There is speculation as to what Vafiades will do in the event his supply line is cut off. Some feel he will take his men into Albania.

Others feel that since Albania is trying to win membership in the United Nations and might intern the Greek rebels, Vafiades may try to get away into some new hiding place in mountainous northern Greece.

MAY NOT BACK DANUBE PACT, BRITAIN SAYS

Eastern European Bloc Prevents Assurances Of Free Navigation

Belgrade, Yugoslavia, Aug. 11 (AP)—Britain warned, tonight she may not approve the new Danubian shipping pact now being drafted along the pattern of giving the Communist states control over the vital European waterway.

Sir Charles Peake, the British Ambassador, said participation of the United Kingdom delegation in the conference is without prejudice to its rights and privileges under the 1921 Danubian convention.

British authorities here said this was, in effect, notice to the conference that Britain may not approve a new pact and insist upon a ruling later, probably by the International Court of Justice at The Hague, on whether the 1921 convention is still valid.

Not Internationalization

Peake's remarks came after another day in which the powerful Eastern European majority broke up Western efforts to get into writing specific assurances the Danube states will not post a no trespassing sign against vessels from outside the area.

The last of the setbacks came on the British effort to continue international authority over the Danube's adjacent canals and its major tributaries as provided in the 1921 convention.

The conference then approved a Soviet proposal to limit free navigation to the Danube itself.

Earlier Yugoslavia, Czechoslovakia and Russia emphasized that any pact on the Danube would not internationalize the river but merely open it to free navigation, subject to sovereign rights and approval of the Danube states themselves.

Claim For Veto

The French attacked this premise. Andre Gros, jurist counsel for the French Government, called the theory preposterous and said it would set back the principle of international navigation on the Danube 150 years.

The Eastern European states were viewed as putting in a claim for veto powers for its seven members on international decisions affecting the Danube.

Ales Bebler, Yugoslav Deputy Foreign Minister, raised the issue at the Danubian conference by opposing a British proposal to place the river's tributaries, adjacent canals, and mouth under a new commission to supervise riverway shipping.

Bebler declared such canals and waterways in his country are a matter for national concern alone and that Yugoslavia would exercise its veto to block their internationalization.

Sovereign Protection

His statement underscored concern expressed by the Western powers here over a Soviet guarantee that sovereign rights will be protected under the terms of a new convention.

Andrei Y. Vishinsky, Soviet Deputy Foreign Minister, and Vladimir Clementis, Czechoslovak Foreign Minister, supported Bebler's stand.

Clementis told the conference and the Western powers in particular to forget the old conception of internationalizing the river. He said any agreement on its future administration could come only through approval of the Danubian states themselves.

Thus far there has been no necessity for Yugoslavia to fall back upon its sovereign rights in order to block a decision. Despite political differences with other members of the Cominform, Yugoslavia has voted steadfastly with the Communist countries on all East-West differences.

The Communist bloc furnished new examples of its no compromise attitude on Western attempts to broaden and strengthen the Danubian convention. It succeeded in:

1. Pushing through the first article of the new convention as written by Russia and calling for free and open navigation on the Danube for the nationals, vessels of commerce and goods of all states on a footing of equality. The vote was 7 to 1, with France opposing and the United States and Britain abstaining.

2. Rejecting an American proposal to add to that article a specific guarantee there will be no discrimination on any basis whatsoever.

3. Blocking an attempt by Adrien Thierry, chief of the French delegation, to regain the floor to answer an attack by Vishinsky. The vote was 5 to 2.

Thierry had claimed the Soviet proposal on free navigation lacked the liberality of the formula reached by the Conference of Foreign Ministers in New York in 1946. Thierry spoke for only a minute, but Vishinsky seized the floor for a reply of more than 20 minutes.

U.S. Loses Again In Vote On Free Danube Plan

Belgrade, Yugoslavia, Aug. 11 (AP). The Communist bloc of Eastern Europe voted down, seven to three, today a second American effort to guarantee free navigation of the Danube.

The conference then accepted a Russian proposal for the first article of the new Danube shipping conference convention. The vote was seven to one. France voted against adoption. The United States and Britain abstained.

It was the second time in two days the Communist states of Eastern Europe beat down attempts to obtain guarantees of free navigation without discrimination on Europe's vital waterway, and showed their ability to push through a Danube pact barring the Western powers from any say on control of the river.

Preamble Pushed Through

Yesterday the Soviet draft for a preamble setting forth the general objectives of the conference was pushed through by a seven to two vote, over American and French objections. Britain abstained from voting.

The United States than made its proposal in the form of an amend-

30.24- 19697

ment to the first article of the convention which, as drafted by Russia and as adopted, reads:

"Navigation on the Danube shall be free and open for the nationals, vessels of commerce, and goods of commerce of all states, on a footing of equality in regard to port and navigation charges and conditions for merchant shipping."

French Accused

Soviet Deputy Foreign Minister Andrei Y. Vishinsky accused the French today of "distorting and misrepresenting facts" to get their own way on the Danube shipping pact.

Vishinsky's charges came after Adrien Thierry, chief French delegate to the eleven-nation conference here, claimed the Soviet proposal for free navigation lacked the liberality of the formula reached by the Big Four Council of Foreign Ministers at New York in 1946.

The Soviet delegate held the floor for twenty minutes to hammer at Thierry's charge.

He said the proposed article followed the Foreign Ministers' agreement "word by word" and suggested that, if any doubts remained, the Danubian conference should name a committee of experts to examine the records.

Thierry tried to regain the floor but was cut off on a five-to-two decision against continuing the argument.

Yugoslavia Puts 55 on Trial

Accused of War Crimes and Plots to Overthrow Tito Regime

BELGRADE, Aug. 11 (AP).—A mass trial of persons accused of war crimes and of entering the country to plot the overthrow of Premier Marshal Tito's regime reopened yesterday in Zagreb. Fifty-five are being tried, five more than when the hearing was suspended last June to bring in the additional defendants and extend the indictment.

Yesterday's session dealt specifically with mass killings during the war, with special emphasis on Serbian Chetniks alleged to have collaborated with Croatian Ustashi terrorist bands.

Some of the defendants testified that after the war they had been organized with the help of the Vatican into spy groups which worked for "a foreign power," not named.

POLES REPORT SOVIET AID

Say Russians Have Started Deliveries of Machinery

WARSAW, Aug. 11 (AP) — The Soviet Union is blueprinting the establishment of "large industrial works" in Poland, and already has started deliveries of machinery and equipment under the five-year pact with Poland, it was officially announced today.

The official Polish press agency, quoting Minister Plenipotentiary Henryk Rozanski, just back from Moscow talks, said steel mills, chemical, cement and metals factories were involved.

"The Polish-Soviet agreement provides for the drawing up by the Soviet Union of projects for large industrial works to set up in Poland, as well as delivery of and investment in equipment for such work," M. Rozanski said.

The Minister reported progress in the Russians' planned deliveries of equipment for the construction of huge steel mills. They are expected to produce 1,500,000 tons of steel and 1,100,000 tons of rolled products annually. Poland's present annual steel output is 1,500,000 tons.

Russ Production Pace

Warsaw, Aug. 11 (AP)—Alex Gregorowitz Rumov, chief of the Soviet Union's 30-member delegation, told the International Conference of Working Youth here today that Russian young people are setting a production pace for the whole world. He said 33,000,000 Soviet youths are receiving professional technical training.

FINN CABINET LINKED TO '39

Russian Magazine Assails New Fagerholm Regime

Moscow, Aug. 11 (AP)—The *Literary Gazette* today assailed the Finnish Government as being made up of the "people of 1939" who led Finland into war against Russia.

In the strongest attack to appear in the Soviet press since Premier Karl August Fagerholm formed his Social Democrat Cabinet last month, the *Gazette* implied Fagerholm was likely to push the nation into the "Anglo-American camp."

[The Soviet Union and Finland signed a treaty of friendship and mutual aid in April. In the July Parliamentary elections the Communist-dominated Popular Democratic Union, strongest advocate of the treaty, lost almost one fourth of the 51 seats it won in 1945. Premier Mauno Pekkala resigned July 23 and Fagerholm succeeded him a week later.]

Called "Tanner's Man"

The *Gazette* assailed Fagerholm as "Tanner's man," a reference to Vailno Tanner, former Finance Minister who was sentenced to five and a half years in prison in 1946 on charges he led Finland into war with the Soviet Union.

"Coming to power, Fagerholm's Government cannot but arouse fears in wide circles of Finnish society," the publication added.

Aleski Aaltonen, minister without portfolio in Fagerholm's Cabinet, was assailed as "an old agent of the Finnish secret police." His presence was declared a "signal for all collaborationists that they will soon be restored to their rights."

Conduct Intrigues

The *Gazette* charged that all three of the biggest Finnish parties had promised to retain the coalition government and program of Pekkala but the "Social Democrats. . . . broke their promise to the electorate and began to conduct intrigues."

At the same time, the periodical *New Times* accused Former President Eduard Benes of Czechoslovakia of trying to "hold back the Czechoslovak people from active battle with the German Fascist oppressor." It was the first attack on Benes in the Soviet press in recent years. (Benes has been succeeded by Klement Gottwald, Communist, as President of Czechoslovakia.)

Refused Soviet Aid

New Times said Benes refused to accept Soviet aid against Germany during the Munich crisis in 1938.

The article, reviewing Benes's book "From Munich to New War and New Victory," implied the Czechs got rid of Benes because of mistakes he had made.

Russ Press Hits New Finnish Cabinet (D)

FR. WHITNEY

Moscow, Aug. 11 (AP)—The *Literary Gazette* today made the strongest attack on the Finnish Government to appear in the Soviet press since Premier Karl August Fagerholm formed his Social Democrat Cabinet last month.

The periodical *New Times* criticized former Czechoslovak President Eduard Benes, asserting that during World War II he had tried "to hold back the Czechoslovak people from active battle with the German Fascist oppressors." This was the first attack on Benes in the Russian press in recent years.

"Tanner's Man"

The attack on Finland, the leading article in the *Literary Gazette*, labeled Premier Fagerholm as "Tanner's man."

[Vaino Tanner, former Finance Minister, was sentenced to five years and six months' imprisonment in 1946 for leading Finland into war with Russia.]

The paper said that the presence of Aleksi Aaltonen (a Minister without Portfolio) in the Finnish Cabinet is a "signal for all collaborationists that they will soon be restored to their rights." The *Gazette* described Aaltonen as an "old agent of the Finnish secret police."

Justice Minister Hit

An especially bitter attack was directed at the new Minister of Justice, Tauno Soutausta, who was called a "fanatical Germanophile," a former member of the "Karelian Society" and the prosecutor in a court at Turku where "he demanded the death penalty for the founders of the 'Society for Friendship with the U.S.S.R.'"

The whole Finnish Government was described as being made up of the "people of 1939," who, according to the publication, pushed Finland into war with the Soviet Union.

"Coming to power," it continued, "Fagerholm's Government cannot but arouse fears in wide circles of Finnish society."

"Anglo-American Camp"

The paper implied that Fagerholm is likely to push the nation into the "Anglo-American camp."

The *Literary Gazette* asserted that all three of the biggest Finnish parties during the July elections had promised to retain the coalition Government and program of former Premier Mauno Pekkala, but that the "Social Democrats, true to their faithless and treasonous policy which twice brought them into the stables of the enemies of the U.S.S.R. and the Finnish people, broke their promise to the electorate and began to conduct intrigues."

Attack On Benes

New Times' attack on Benes, by N. Rubenstein, implied that the Czechoslovak people had got rid of the former President because of his mistakes. [Benes resigned in June and was succeeded by Communist Klement Gottwald, whose party had seized control of the country in a coup last February.]

Reviewing Benes's book, "From Munich to New War and New Victory," the writer quoted the Czechoslovak leader as saying that "after the war the people itself dealt with those who made mistakes."

"It is impossible not to agree with this declaration," the Soviet writer said.

"Mistakes" Pointed Out

The article pictured Benes as one who for years refused to recognize the Soviet Union and who established diplomatic relations only after the United States did so. Benes was described as one who refused to accept Soviet aid against the Germans at the time of the Munich crisis in 1938.

Benes, the writer said, dallied in London while "the Czechoslovak people, led by the Communists," were resisting the Nazis. After the war, the article continued, Benes was befogged "by the concept of Czechoslovakia as a peacemaker between East and West." It said Benes refused to recognize that battle lines were not drawn along geographic lines but within nations.

Yank's Death In Moscow Studied

Moscow, Aug. 11 (A. P.).—United States naval authorities in Moscow today ordered an inquiry into the death here on Monday of Cabell W. Bowles of Covington, Va., a chief pharmacist's mate.

Bowles died in his room at American House—the home of enlisted men and male embassy clerks—after complaining of illness on Sunday. An autopsy has been performed. Memorial services are to be conducted tomorrow.

Shooting In Palestine Resumed After Lull

E. GOTTSTEIN

Jerusalem, Aug. 11 (AP)—Guns and artillery resounded from midnight to dawn today in the heaviest fighting here since the United Nations' cease-fire was imposed.

Count Folke Bernadotte, the mediator who said he was going to get tough in order to stop the shooting, was here and heard it all. The United Nations officer has put 50 more American and French observers on the job in an effort to restore peace.

The unofficial battle reached its height in Jerusalem around 3 A.M. Rifle shots and automatic fire broke by the thousand. Artillery, seemingly from a distance, was audible throughout the city. White and green flares lit up the sky so Arabs and Jews could spot their

Jews Accuse Arabs

Official Jewish sources said Arabs "who continue to violate the truce" attacked Jewish positions on Mount Zion from the old walled city.

Most fighting was in the near-by hills and outskirts. Many bullets whizzed through streets in the center of town, however.

Bernadotte, after another warning to leading Jewish and Arab representatives, spent the night at a house on neutralized Mount Scopus, east of central Jerusalem. He planned to leave Palestine late today for headquarters on Rhodes. Col. Frank Begley, chief United Nations observer in Jerusalem, was to leave today for Lake Success to report on the local truce situation.

Bernadotte expressed concern over the shooting.

Promises To Get Tougher

"I want this shooting stopped," he told a news conference yesterday. "My position is going to be tougher and tougher. . . . I want to show both parties that I can be serious."

[In Alexandria, a source close to

the Arab League said a Jewish invitation to start Palestine peace talks has been rejected. The informant said the League, responding to an invitation made by Israeli Foreign Minister Moshe Shertok through Bernadotte, declared the Arabs do not recognize "any such gang as the pseudo-government of Israeli."]

Bernadotte, United Nations mediator for Palestine, said he had sent a letter to both the Jewish Military Government, and to the Arab area commander in Jerusalem, in which he wrote:

"In disregard of the truce ordered by the Security Council, sporadic firing by rifles, automatic weapons, mortars and guns has not ceased. It is impossible to believe that all that military activity is entirely attributable to irregulars. It also is impossible to consider that the command of the regular forces is not in a position to put an end to such activities, if it so desires.

Left Up To Leaders

"As a mediator entrusted with supervision of the truce, I must remind all Arab and Jewish authorities that they are responsible for applying in their respective areas the truce accepted by the governments and authorities on which they depend. They are equally responsible for maintenance of order, which implies suppression of sniping and other activities, whether of regular or irregular forces."

The 50 additional observers arrived yesterday. Twenty-five already were on the job. With 75 pairs of eyes checking, Bernadotte said he hoped to be better able to have all truce violations spotted and investigated and responsibility for them assessed. If necessary, he informed the Jewish and Arab commanders, more observers will be called.

Continuing Discussions

In the meantime, discussions aimed at achieving a more stable peace in Jerusalem will be continued. Brig. Gen. William E. Riley, of the United States Marine Corps, has been put in charge of speeding up negotiations to this end. Presumably this would include discussions of demilitarization in Jerusalem, but Bernadotte commented: "There might be other ways."

Bernadotte confirmed that water soon will flow into Jerusalem from the Latrun pumping station. Arab forces withdrew from the Tel Aviv-Jerusalem highway at Latrun yesterday, after controlling it for many weeks. United Nations truce observers, Bernadotte said, will see that necessary repairs are made to the pumping station and that water starts flowing soon to the Holy City.

STOP FIRING, MEDIATOR ASKS

Bernadotte Orders Jews, Arab To Cease Returning Shots

Rhodes, Aug. 11 (AP)—Count Folke Bernadotte, United Nations mediator for Palestine, said tonight he had ordered Jews and Arabs not to return any fire in Jerusalem after 2 A.M. (Baltimore Time) August 13.

"The Arabs have accepted the order, but so far I have received no reply from the Jews," Bernadotte said.

He explained the order was for both Jews and Arabs to see that all units—regular and irregular troops—do not return any fire because "it's easier for the United Nation observers then to tell which party starts the firing."

The mediator said the situation in Jerusalem was tense.

Artillery Firing

"The feeling there is not good," he said. "There is a nervous and strained atmosphere. I am not satisfied.

"Not only is there sniping by irregulars, but there is firing by rifles, mortars, machineguns and artillery."

He said he was concentrating his efforts on demilitarizing the holy city because he thought that was the only way to get it "quietened down."

The Arabs, the count said, have presented suggestions for demilitarizing Jerusalem.

And "these suggestions easily could be used as the base for further talks."

He added that he had asked the Jews for their thoughts, but he had not yet received a reply.

He Blames Jews

Bernadote said there was heavy firing last night and early today in Jerusalem. He received reports from his observers just before he left Palestine for Rhodes.

"From these reports," he said, "it is my opinion that the initiative for the shooting came from the Jewish side. The Jews, however, told me it was started by the Arab side."

Israel Expected To Annex 'New' Jerusalem

Tel Aviv, Israel, Aug. 11 (AP)—A source close to the Israeli Cabinet predicted today that New Jerusalem, including Arab quarters captured by the Jews, will be annexed to the state of Israel in the next two weeks. C. DAVIDSON

The informant said the decision to annex all Jewish-held sections of Jerusalem already has been taken by the Cabinet in secret session. The only issue, he said, was whether annexation should be immediate or delayed, pending the outcome of the United Nations demilitarization scheme.

With the annexation of Jewish Jerusalem—the Arabs hold about 25 per cent of the city's area, including the old Walled City—and simultaneous annexation of the Tel Aviv-Jerusalem corridor, Israel is expected to propose internationalization of the Old City area.

Would Protect Holy Places

"This," the informant said, "gives (Count Folke) Bernadotte his aim of protecting holy places, all of which are inside the Walled City."

Israel is already moving at least one Ministry and several Government department to the part of Jerusalem occupied by the Israeli Army, the informant said. The Ministry of Religion is moving it whole establishment there and the Department of Land Registry and other brances are setting up Jerusalem offices, the informant added.

Preparation for the annexation of new Jerusalem and connecting the corridor to the sea coast also includes the gradual settling of land along the conquered strip between the Holy City and Tel Aviv, other Israel informants said. It was learned authoritatively that several colonies have been laid out in a strip five miles wide which lies outside the partition boundaries of the Jewish State.

The reasons for immediate annexation of Jewish-held Jerusalem are two-fold, observers believe. First is increasing pressure by Irgun Zwai Leumi (former underground organization) which has virtually threatened the Israeli Government with an armed clash if it does not make Jerusalem its capital; and second is the effort to forestall demilitarization by the United Nations which the Jews would feel would be fatal to their hopes.

Refinery Operation Protested

Cairo, Aug. 11 (AP)—The Arab League was reported tonight to have protested Jewish operation of the oil refineries at Haifa.

A dispatch from Alexandria to the newspaper *Al Assas* said the protest was made to Count Folke Bernadotte, United Nations mediator, by Abdel Rahman Azzam Pasha, secretary general of the Arab League.

Azzam Pasha, the newspaper said, had sent a series of notes to Bernadotte between July 25 and August 8. The notes set forth the league's conditions on continuing the truce in Palestine.

Jewish seizure of the oil refineries was termed a "flagrant violation of the truce and a defiance of all legal principles."

Reinforcement Charges

The notes, the newspaper said, also charge the Jews with violating truce condition sby continuing to reinforce themselves militarily, especially planes, artillery and tanks.

One not claims some of these tanks were stolen from the British.

Another note repeated the Arabs demands that Jewish immigration into Palestine be stopped and that Arab refugees be allowed to return to their homes.

24 Held in Cairo Arms Case

CAIRO, Egypt, Aug. 11 (AP)—Twenty-four persons of various nationalities are being questioned after the discovery of large stores of explosives, a public security official said tonight. The official said that those being held might be connected with recent explosions in this city. The explosives were found in three houses.

Rangoon Under Curfew

Rangoon, Burma, Aug. 11 (AP)—The district magistrate for Rangoon today ordered a curfew here and in Insein and Syriam, Rangoon suburbs, because of activities of insurgents in the area. Curfew starts at 10 P.M. nightly.

Smallpox In Sumatra

Singapore, Aug. 11 (AP)—The Singapore Government announced tonight a smallpox epidemic has broken out at Palembang, chief oil center of South Sumatra. The Palembang area has been declared an infected place by quarantine authorities.

British Using Head-Hunters In Malay Drive

Singapore, Aug. 11 (AP)—Britain is flying Dyaks, the head-hunters of the Borneo jungles, to Malaya to help track down Communist insurgents in their jungle hideouts.

An official announcement said 49 Dyaks have already arrived at Kuala Lumpur from Sarawak, British Crown colony in Borneo, and that others are coming.

The Dyaks are probably the most feared jungle warriors in the East. Once head-hunting was a universal practice among them. It almost disappeared in the years before the war, but when the Japanese came to Borneo the Dyaks went on the warpath again.

The official announcement said the Dyaks would be used as guides for British forces hunting insurgents. It is reliably understood they will be trackers for special jungle squads assigned to the job of rooting Communist guerrillas out of their favorite fighting grounds.

RUSSIA WANTS JAP BAN ENDED

Demands MacArthur Cancel No-Strike Order (N)

Tokyo, Aug. 11 (AP)—Russia jumped into Japan's explosive labor crisis today with a demand that Gen. Douglas MacArthur cancel the no-strike ban which has been clamped on Japanese Government workers.

Maj. Gen. A. P. Kislenko, acting Russian member of the Allied Council for Japan, sent MacArthur a letter asserting the ban violated the Potsdam declaration and policies of the Far Eastern Commission.

MacArthur's headquarters declined to comment on the letter.

Forbids Suppression

The Russian charged that "measures being taken by American occupation authorities and the Japanese Government" were "suppressing activities of democratic organizations" and labor unionactivity.

Kislenko "insisted" that MacArthur's letter which suggested the ban and the Japanese Government order which put it into effect "be canceled."

The Russian said Far Eastern Commission policy gives Japanese workers the right to part in politics and to strike and forbids police suppression of legal union activity.

MacArthur had written Prime Minister Hitoshi Ashida saying that strikes by Government workers were "intolerable." The Cabinet responded by outlawing strikes by its employes.

Fourteen Japanese, two of them Communists, were arrested by police at Hiroshima for "forcibly seeking to prevent a group of railway workers from being sent as replacements" to another town where railway men were on strike.

Russ Demand End Of Jap Strike Ban

Tokyo, Aug. 11 (AP)—Russia today demanded that General MacArthur withdraw his suggestion that the Japanese Government ban strikes by Government workers.

The Soviet representative on the Allied Control Council, Maj. Gen. A. P. Kislenko, also demanded that the Government order outlawing both collective bargaining and strikes by Government workers be withdrawn.

General Kislenko wrote General MacArthur that he "insisted" that the Allied Headquarters' suggestion and the Japanese Government order "be cancelled as contradicting the Potsdam Declaration and the policy decision of the Far Eastern Commission on 'fundamental policy toward Japan after the surrender.'"

FEC Policy Is Cited

The Russian said General MacArthur's letter on July 22 to Prime Minister Hitoshi Ashida and the strike ban by the Government violated the Far Eastern Commission "principles on Japanese labor unions."

The FEC policy decision on Japanese labor unions gives the Nipponese workers the right to take part in politics and to strike, and bans the use of police or other Government agencies from spying upon workers breaking strikes or suppressing legal labor-union activities," the Russian General wrote.

"Measures being taken by the American occupation authorities and the Japanese Government" are aimed at "suppressing the activities of democratic organizations in general and the activities of labor unions in particular" General Kislenko charged.

Large-Scale Reprisals

The Soviet representative charged "it has become a common occurrence in Japan to violate the freedom of labor union activities and to resort to large-scale reprisals against labor union members for participation in labor union activities."

The Russian charges echo those brought by Leftist Japanese labor leaders.

Kislenko said Osaka prefecture had been granted the right by the United States Army to deny through police any meeting or demonstration and to arrest any of the participants in these activities.

Allied headquarters declined to comment on the Russian letter.

The Russian protest came as Government workers showed little inclination to stage strikes and walkouts which their leaders had predicted despite the ban against them. There have been a few walkouts and work disruptions of a minor nature.

Heads Textile Division in Japan

TOKYO, Aug. 11 (AP)—Frederick A. Williams of New York City today was named head of the Allied occupation force's textile division. He formerly was president and treasurer of the Cannon Mills, Inc., of America. He came here last year with the economic mission headed by Undersecretary William Draper.

Fish For Pants

Tokyo, Aug. 11 (AP)—A Japanese fisherman turning in 1,654 pounds of fish through regular ration channels will soon be able to buy a pair of American GI pants at the official price.

For 992 pounds more he can get a shirt. For a total of 9,262 pounds of fish he can be dressed like a GI from neck to foot.

The clothing, recently released by Allied headquarters as surplus, is sold to the Japanese on points allowed them for fish supplied the nation.

Home In Style

Tokyo, Aug. 11 (AP)—Boku Retsu, a Korean who spent two decades in Japanese prisons for attempted assassination of Emperor Hirohito when he was prince regent, went home today in style.

Along with twelve other Koreans he was flown back to Seoul for independence ceremonies there on August 15.

Boku Retsu was a worker in a Japanese postoffice when he mailed a bomb to Hirohito. The plot failed and the Korean was imprisoned.

He was released by the Allies in 1945.

Fight Over Peace

Tokyo, Aug. 11 (AP)—A fight over the peace celebration commemorating the August 15 surrender anniversary is terrific.

Some 30 Japanese womens' clubs got together to observe the anniversary. They all agreed the motif should be peace. Then the fight started.

Every club wanted to put up someone for chairman.

The fight may be over in time for the peace celebration—provided the clubwomen get together on one of the three leading candidates still in the squabble.

Reds In The Red

Tokyo, Aug. 11 (AP)—Japan's Communists are in the red.

The party newspaper *Akahata* (Red Flag) told readers today subscriptions to party publications are 2,600,000 yen (nearly $10,000) in arrears and the publications are "approaching complete stoppage." It appealed for contributions and predicted "powerful action."

700 More Jap War Trials

Yokohama, Aug. 11 (AP)—United States 8th Army military commissions have tried 714 Japanese war crimes suspects in 2½ years but they still have about 700 more to go. The Allied legal section said today that 660 have been convicted and 150 of them were sentenced to hang.

Chile and Russia in Accord

Exchange of Diplomats Reported Arranged for Aug. 27

SANTIAGO, Chile, Aug. 11 (AP).—A diplomatic source said tonight an exchange of Chilean and Russian diplomats had been arranged for Aug. 27.

Chile broke relations with Russia last October, after the Soviets had refused to permit the Russian daughter-in-law of the Chilean Ambassador at Moscow to leave the country.

The source said that under the exchange arrangement the ambassador's son, Olvaro Ocampo, will remain in Moscow with his Russian wife until the United Nations has acted on a Chilean protest against Russia's refusal to allow Russian wives of foreigners to leave.

U. S., CANADA SEEN IN RADAR COMBINE

OTTAWA, Aug. 11—(AP) Informed Canadian sources said tonight Canada and the United States are considering building a radar network across Alaska, and the Canadian northland.

They were unable to say whether the $250,000,000 estimate of cost reported by a Washington newspaper was correct, but one source said it would cost a lot of money to build a thing like that, even to scout out the sites."

A northern radar network has long been considered a virtual necessity by the Dominion's defense experts, but their hopes have been dimmed by its cost in comparison with Canada's defense budget.

The cost estimated by the newspaper, the Times-Herald, is roughly equivalent to this year's entire Canadian defense budget.

AWAIT JUDGE'S ACTION

Miss Bentley Tells of Receiving $2,000 from Secretary of Soviet Embassy

WASHINGTON, Aug. 11—(AP) A court fight suddenly whipped up a delicate diplomatic problem in the Russian spy case tonight—with a Soviet consul announcing his defiance of a New York State judge.

The state department said the question involved is unprecedented. It wasn't taking sides yet.

The struggle centers around a middle-aged Soviet woman, Mrs. Oksana Stepanovna Kosenkina, wanted by the House Un-American Activities Committee to see if she can shed light on stories of Soviet intrigue. She is secluded at the Soviet consulate in New York city morning in court as ordered—and he won't be there himself either.

Is the writ legally binding on Lomakin? State Department officials said it won't give an opinion unless it is asked officially. It was conferring informally with the Justice department.

Justice Samuel Dickstein, who issued the habeas corpus writ, was quoted by the New York Herald Tribune as saying he would order the sheriff to seize Mrs. Kosenkina, if necessary.

Told of Lomakin's reaction to the serving of the writ, Dickstein said, "I will compel him to obey," the newspaper said.

The writ calls for the appearance of Mrs. Kosenkina before Dickstein tomorrow.

The justice, the Tribune said, stated he saw no need for consultation of the State department in the case.

Immunity given to Lomakin and his staff, Dickstein was quoted as

Russian Consul Ignores Judge's Order to Produce Kidnaped Teacher in Court

JACOB LOMAKIN DEFIES COURT IN SPY CASE DISPUTE

Will Not Produce Mrs. Kosenkina or Appear Himself, He Says

—whisked there after "rescue" from Anti-Communist White Russians.

A suit was filed before Supreme Court Judge Samuel Dickstein in New York city by Common Cause, Inc., an anti-Communist organization. It charged that Mrs. Kosenkina is held prisoner to keep her from exposing Soviet conditions. Dickstein issued a writ of Habeas Corpus and it was served on the consul general, Jacob Lomakin, as he entered the consulate. He went on in silence.

Will Not Appear

But quickly he sent out word that as far as he is concerned he never was served. He said he will not produce Mrs. Kosenkina tomorrow saying, does not extend to Mrs. Kosenkina.

Secretary of State Marshall told reporters today that this government won't countenance any action which interferes with diplomatic immunity of Soviet officials and certain Soviet premises in this country. He apparently was referring to the Kosenkina case but that was before the writ was issued and the knotty new problem arose.

The suit was filed by Christopher Emmet, chairman of the Board of Common Cause, which he described as "a movement to strengthen democracy and promote United American resistance to Communist ag-

gression."

Earlier in the day, the House Committee on Un-American Activities heard Elizabeth T. Bentley link the Russian government and its Washington embassy to her wartime spying. She said she was handed $2,000 by an embassy official, who also told her that she had been awarded a Soviet medal.

The payoff took place, she testified, after she had told everything in secret to the FBI—and she believed protecting FBI men were hovering near when she accepted 100 $20 bills from the Russian on a New York street corner in 1945.

Testifying in the House Un-American Activities espionage probe, the 40-year-old star witness said she later learned the Russian was Anatol Gromov, first secretary of the embassy, although she knew him then only as Al—a Soviet contact man.

He previously had told her about the medal, she said, and that it was awarded by the Soviet Supreme Council. He showed it to her in a box, with the award described in a little book with her name on it, she said.

No Comment From Reds

(At the Russian embassy, an informant said the press secretary was out and therefore no comment was available.

(State Department officials said their records showed that an Anatol Gromov was the embassy's first secretary from September, 1944, to February, 1946).

Testimony of Miss Bentley, who says she gathered political and military information on behalf of Soviet agents from government officials in Washington, again highlighted the spy investigation, which also developed:

1. Assurance from Secretary of State Marshall that any individual complying with United States laws will have freedom and protection of this government. The committee has subpoenaed two Russian citizens over vigorous insistence of the Soviet government that they be handed over to be sent home. Marshall apparently meant that they are out of Russia's reach legally.

2. Henry H. Collins, Jr., 43-year-old former military government officer, denied he had done espionage for any foreign power or broken any U.S. law. He refused to say whether he is or has been a Communist. Collins was accused by Whittaker Chambers, an avowed former Communist, of having been treasurer of a pre-war Communist underground here.

3. Announcement that a special three-man subcommittee will go to New York City tomorrow and in closed session hear from Michael Ivanovitch Samarin and his wife. Samaran is a former teacher of children of Soviet diplomats here who is in hiding from Russian officials and says he wants to remain in this country. The State Department has cold-shouldered an embassy demand that he be handed over.

May Go to Canada

4. Some committee members said a one-man subcommittee may be sent to Canada to obtain a statement from Igor Gouzenko, the one-time Russian clerk instrumental in cracking the Canadian atom bomb spy case. But in Canada, an official said everything Gouzenko knows about North American espionage has been told. He is closely guarded by the Canadian mounted police who said last week that he couldn't be seen.

5. Rep. McDowell (R-Pa) said the committee will be in recess at least all next week. Chairman Thomas (R-NJ) said hearings would continue through this Friday. This conflicted with earlier reports that the sensational hearings, which have brought accusations against upwards of 30 former government officials and workers, would run for several more weeks.

Miss Bentley's story of the medal and the $2,000 payoff was termed important by committee members because it tended to substantiate her story that she was a Soviet operative.

She said she had met the contact man known as Al several times here and in New York. She maintained her Red connections after seeing the FBI and did so at the FBI's suggestion, she said.

The cash transfer took place about Oct. 17, 1945, while she was first told of the medal in November, 1944, on Broadway in New York, she related. Miss Bentley went to the FBI with her confession in August 1945.

The medal itself came along about two months later, she related, although she didn't say whether Al actually handed it over to her when he displayed it.

Al came across with the big package of $20 bills on the corner of 23RD and 8TH Avenue in New York, and then took her on a long walk across the deserted waterfront, the witness testified.

"I was upset," she said, "although I knew some FBI men were following."

FBI Watches Transfer

She believes the FBI men watched the money transfer, she said, and told of putting the currency in her office safe and later handing it to the FBI. She commented:

"The FBI has told me that in checking all of the evidence I have given them that they never have found any major discrepancy."

Secretary Marshall made his comment on the case in answer to news conference questions. This followed a formal demand by Soviet Ambassador Alexander Panyushkin Monday that the U.S. government deliver up Samarin at once to be sent back to Russia.

Marshall observed, in answer to questions, that a statement by Samarin published in the New York Times showed the teacher is not forcibly held as Panyushkin contended. The Department is gathering all details to draft a reply to the Ambassador, Marshall said.

Soviet Embassy Is Drawn Into Spy Probe

AUG 1948

Washington, Aug. 11 (AP)—The Russian Embassy today was drawn directly into congressional hearings of alleged Communist wartime spying.

Elizabeth T. Bentley, who says she is a former Red spy, returned to the witness chair of the House Un-American Activities Committee and testified that Anatol Gromov, first secretary of the embassy, paid her $2,000 in October, 1945.

She also said he told her the Soviet Supreme Council had awarded her a medal.

Her story of the money and the medal had been disclosed by committee members earlier, but she pointed for the first time to the embassy as the source.

Says FBI Called Her Accurate

Miss Bentley, who says she gave her story to the FBI in August, 1945, also told the committee:

"The FBI has told me that in checking all of the evidence I have given them they never have found any major discrepancy."

Stripling showed Collins a news picture taken when Chambers testified before the committee August 3.

Collins said he did not recognize the man in the picture, and then said he never had known a man named Whittaker Chambers.

Collins also declined to say whether he had met in his apartment seven persons named by Chambers as associated with the prewar "Communist underground."

Tells Of Getting Money

When Collins left the stand, Miss Bentley then told her story of receiving $2,000 at the Russian Embassy.

Miss Bentley said that at the time of the award of the medal and the receipt of the money she knew Gromov only as a Soviet contact named "Al." Later, she said, she identified him as the man who was second secretary and later first secretary of the Embassy here.

She told of meeting him numerous times here and in New York.

The $2,000, in $20 bills, Miss Bentley said, was given her after she already had turned against the Communists and had taken her story to the FBI. The FBI had asked her to retain her Red contacts.

Met In New York, She Says

Miss Bentley said it was about October 17, 1945, that the cash was handed over. She said it was in November, 1944, that "Al" met her in front of a movie house on Broadway in New York at about One Hundred and Third street to tell her about the medal.

At the time, she said, he had only a picture of it torn from some American magazine.

But about two months later, she said, he turned up with the medal in a box and a little book with her name in it, telling of the award.

She didn't say whether Al actually handed the medal over.

The day she got the money, she said, she met Al at a New York restaurant at the corner of Twenty-third and Eighth avenue, and he took her on a "long trek toward the docks."

"Was Quite Upset"

"We walked along the water front," she said. "I was quite upset. It was deserted, although I knew some FBI men were following."

Miss Bentley said she had refused the money earlier, but Al kept pressing her to take it.

She said she finally took the $2,000 and gave a receipt for it, in the form of a corner torn from an envelope.

Asked whether FBI agents watched the money change hands, she replied:

"I have every reason to believe they did."

Miss Bentley said she put the cash in her office safe and turned it over to the FBI.

Recess Until Tomorrow

After hearing the story of the payoff, the committee recessed until tomorrow morning at 10 o'clock.

The decision to send a subcommittee to New York was reached at an executive meeting of the House committee.

Going To New York

Before he took the stand, Representative Thomas (R., N.J.), chairman, announced that a special subcommittee will go to New York tomorrow to take testimony in closed session from Michael Ivanovitch Samarin, former Russian schoolteacher.

Other members said there are plans also to send a subcommittee—perhaps of one man—to Canada to get a statement from Igor Gouzenko, the former Russian clerk who was responsible for breaking the Canadian atom-bomb spy case.

No Notice Received

[In Ottawa the Royal Canadian Mounted Police said today it has received no notice that a subcommittee of the United States Un-American Activities Committee wants to interview Gouzenko.

[Commissioners S. T. Wood said last week that representatives of the committee would not be allowed to see Gouzenko, closely guarded by the RCMP since he made his disclosures. Wood, out of town, could not be reached for comment today.]

It was disclosed, too, that the committee contemplates a recess of the hearings here.

Representative McDowell (R., Pa.) told reporters the committee will be in recess "all next week" at least.

Collins, who is now executive director of the American-Russian Institute in New York, held various Government jobs before the war.

Reads Statement

He came before the committee with a prepared statement which said:

"I never have engaged in espionage for, nor been an agent of, a foreign power. I do not believe in the overthrow of the Government by force or violence or by any other means. As far as I know, I have never violated any law of the United States."

Whittaker Chambers, now a senior editor of *Time* magazine, told the committee last week that Collins was associated with a "Communist underground" in Washington before the war. Chambers, an avowed former Communist, described Collins as the treasurer and dues collector for the Washington group.

Denies Knowing Chambers

Collins denied on the stand ever having known Chambers, but he refused to say whether he had known a man by the name of Carl in 1935 and 1936.

After this refusal, Robert E. Stripling, the committee's investigator, told the committee that Chambers testified at a secret subcommittee session in New York last Saturday that he was known as Carl, rather than by his right name, when he was active as a Communist in Washington during those years.

Collins said he was born in Philadelphia in 1905 and entered the Government service in 1933.

He said he served two years in the European theater as a military government officer, and received a commendation for his work during the Battle of the Bulge, as well as three ribbons and five Battle Stars.

Protests Probe Methods

His prepared statement protested the committee's investigation methods.

"I resent the fact that my name and the names of others have been defamed by the unfair methods of this committee in publicizing irresponsible accusations," he said.

"Every person mentioned in these hearings is pilloried in the headlines from coast to coast, even if his connection with an accuser or an accused is as casual or social as was the visit of the member of this committee who was a dinner guest at my home. I do not believe that a person can effectively protect his good name before this committee in view of its tactics."

Doesn't Identify Him

Collins did not immediately identify the committee member he said had dined at his home.

After he read his statement, he refused to answer most questions on the grounds that answers might incriminate him.

Among these questions was whether he is or has been a Communist.

After the closed-door session, Representative J. Parnell Thomas (R., N.J.), the chairman, announced the subcommittee going to New York will leave tomorrow. Its members are Representatives Mundt (R., S.D.), McDowell (R., Pa.) and Herbert (D., La.).

Thomas said no final decision was reached on when the Washington hearings will be recessed, but that they will continue at least through Friday.

Want To Campaign

Another reason for a recess of the hearings here is that most of

30.24- 19701

the committee members feel they have to leave town on campaign or other business. So some of them figure it would not be too good an idea to have the hearings run on with only a couple of men directing them.

Earlier, members were talking of keeping the hearings going for several more weeks. At least one member has been insisting that all persons mentioned in the investigation be called in for testimony. That would cover a list of some 40 or 50 names.

Thomas said the witnesses tomorrow will be George Silvermaster and Charles Kramer. Both have been listed by Miss Bentley as members of Government groups from which she extracted wartime secrets which she said she relayed to Russian agents.

On Friday, Thomas said, the committee will hear Harry Dexter White, former Assistant Secretary of the Treasury, and Lauchlin Currie, former administrative assistant to the late President Roosevelt. Both have been named as helpful to the Communist ring and both have denied any Communist connections.

To Call Donald Hiss

Other witnesses that day, Thomas said, will be Frank Coe, Bela Gold and Donald Hiss, the latter a former Baltimorean.

Miss Bentley has said Frank Coe and a William Gold and his wife were members of the groups with which she dealt during the war. Donald Hiss, as well as Kramer, have been named by Whittaker Chambers, who calls himself a reformed Communist, as members of a prewar "Red underground" in Washington.

Chambers's story also has brought denials from those named.

Bubbling up within the committee are demands that the Justice Department prosecute some of its witnesses for lying under oath, but the committee hasn't figured out who it thinks is guilty of perjury.

Thomas said Miss Bentley turned over the $2,000 she received in Washington to the FBI, which put it in the safe.

The Russian teachers the committee wants to question are Samarin and Mrs. Oksana Stepanova Kosenkina and it looks as if the committee will be 50 per cent successful.

It served a subpœna yesterday on Samarin and his wife at some undisclosed spot, reportedly on a New York city street. The Samarins have kept under cover since Samarin showed up at the New York FBI office Sunday and asked to be interviewed.

The New York *Times*, which reported the scene of the subpœna serving, said Samarin went to midtown Manhattan from a hideout near Freehold, N.J.

Purported Statement

The newspaper added that Samarin offered this comment to a reporter on the claim of Russian Ambassador Alexander S. Panyushkin that the teacher and his wife had been "kidnapped" by White Russians:

"Soviet officials are prisoners of the police mentality and ideology of their Government. From this point of view, they suspect everybody in the United States of doing the same as the Soviet power is doing at home and abroad."

Later, the *Times* said, Samarin visited the *Times* offices and submitted a formal statement saying he had asked to be subpœnaed so he and his wife could "talk to some official Ar

anti-Communist.

Lomakin went on in without comment. But he soon sent out word by a secretary that as far as he is concerned, "he was never served." He said he would not produce the teacher nor would he appear in court.

"Rescued" By Consulate

Mrs. Oksana Stepanovna Kosenkina, the teacher, has been at the consulate since last Saturday. On that day Lomakin said he "rescued" her from a White Russian (anti-Communist) camp at Valley Cottage, N.Y.

A few minutes before the writ was served, Emmet and Hoguet had obtained the order from the State Supreme Court.

The petition for the writ said Mrs. Kosenkina was being held prisoner by Lomakin "through power, deceit and terror."

The consul general was being told of the writ by reporters when Hoguet stepped up and tried to hand him the papers, including a copy of the writ.

Lomakin put his hands behind his back and said "No, I do not want it."

Finally Takes It

The lawyer then pressed it against Lomakin's chest and the Soviet official finally took it.

Hoguet said he was acting in accordance with a ruling of the State Department yesterday that persons at the consulate could be served with legal papers outside the consulate.

The ruling was asked by the House Committee on Un-American Activities which had shown interest in having Mrs. Kosenkina testify after she had become the center of a controversy between Soviet officials and White Russian groups.

The State Department said a subpoena could be served on the teacher but that the Soviet consulate could not be entered for this purpose unless there was evidence a crime had been committed.

The committee then indicated it no longer would try to subpoena her.

Kidnapping Charged

Mrs. Kosenkina, 52, a chemistry teacher at a school operated for children of Russian representatives to the United Nations, was scheduled to return to Russia last month.

However, she did not appear for the sailing. Lomakin charged last Saturday she had been kidnapped and taken to the Valley Cottage farm.

The former Countess Alexandra Tolstoy, White Russian leader, reported that the teacher sought sanctuary at the farm because she feared to return to her homeland.

Miss Tolstoy said Mrs. Kosenkina went to New York with Lomakin's party Saturday because she was "terrorized." Miss Tolstoy added that the teacher had left the farm several times on shopping trips during her stay there, so that she could not have been a prisoner.

Slated To Return Home

Lomakin announced this week that Mrs. Kosenkina would go back to Russia when transportation becomes available.

The writ calls for the appearance of Mrs. Kosenkina before Justice Samuel Dickstein at 10:30 A.M. tomorrow.

Emmet in a statement described Common Cause as "a movement to strengthen democracy and promote united American resistance to Communist aggression."

In his petition Emmet claimed Mrs. Kosenkina was being held a prisoner in the consulate and that "said imprisonment is wholly without warrant of law and is exercised, according to the information and belief of your petitioner, through power, deceit and terror. . . ."

Emmet said the schoolteacher "should be released from the Soviet consulate and brought before American authority not only for her own sake but also because the investigation and prosecution of foreign espionage and Communist subversion are primarily matters of American security. . . .

"Certainly we cannot allow a Russian counsel general to take the law in his own hands and either abduct or 'rescue' anybody on American soil."

RUSS CONSUL DEFIES WRIT TO HAVE SECLUDED SOVIET WOMAN APPEAR IN COURT

High Tribunal Order Is Served By Officials Of Common Cause, Inc.

New York, Aug. 11 (AP)—The Soviet consul general was served today with a writ of habeas corpus, directing him to produce in the State Supreme Court tomorrow a woman Russian teacher secluded in the consulate. He announced at once he would not comply.

Jacob M. Lomakin, the consul general, was handed the writ on the consulate steps by Christopher Emmet, chairman of the board of Common Cause, inc., and Peter W. Hoguet, attorney for the organization which deseribes itself as

Russ Consul Won't Talk On Teachers

New York, Aug. 11 (AP)—Soviet Consul General Jacob Lomakin declined today to talk about the two much-sought Russian schoolteachers, asserting "the press has been misinterpreting everything I say."

"I am preparing a script for Moscow on the freedom of the press," he added cryptically.

Lomakin was interviewed briefly at the steps of the Russian consulate, where one of the teachers, Mrs. Oksana Stepanovna Kosenkina, reportedly is staying.

promptly to Russian officials. This action was taken after Samarin had gone to the Federal Bureau of Investigation and volunteered information in connection with the espionage inquiry.

Cites Wrong Information.

In answer to questions, Marshall said Panyushkin's protest in the Samarin case was based on incorrect information. The Secretary said a statement by Samarin published in the New York Times shows he is not being held forcibly, as Panyushkin maintained in his protest to the State Department.

This case has received wide and confused publicity, Marshall said. He added that the department now is trying to gather all

Marshall Pledges Protection To Witnesses in Spy Inquiry

Statement Believed to Apply to Samarin, Russian Teacher—Secretary Says Soviet Envoy Is Misinformed.

Washington, Aug. 11 (A. P.).—Secretary of State Marshall made it plain today that the American Government will protect any individual testifying in the Communist spy investigation if he complies with United States Laws.

Marshall stated this flatly as a general principle at his news conference. He did not specify that it applied to any particular individual.

The secretary's remarks were interpreted to mean that Michael Ivanovitch Samarin, a Russian school teacher, can expect full protection of the United States Government.

Samarin and his wife have been subpœnaed to testify before a House committee in connection with its investigation of Communist espionage operations. The subpœnas were served yesterday.

Soviet Ambassador Alexander Panyushkin has demanded formally that the United States Government hand over Samarin details so a reply can be made soon to Panyushkin.

Marshall said emphatically that the United States Government will not countenance any action which interferes with diplomatic immunity of Soviet officials and certain Soviet premises in this country. He did not amplify these remarks, but they indicated his strong belief that the Soviet consulate in New York should not be interfered with in performance of its duties.

A second Russian schoolteacher, Mrs. Oksana Stepanovna Kosenkina, is staying at the Soviet consulate there, despite efforts of the House investigators to have her appear before the Un-American Activities Committee.

Canada Awaits Notice

OTTAWA, Aug. 11 (AP).—The Royal Canadian Mounted Police said today it has received no notice that a subcommittee of the Un-American Activities Committee wants to interview Igor Gouzenko, former Russian cipher clerk who disclosed the operations of a Soviet-directed espionage ring in Canada.

Commissioner S. T. Wood said last week that representatives of the committee would not be allowed to see Gouzenko, closely guarded by the R. C. M. P. since he made his disclosures. Mr. Wood, out of town, could not be reached for comment today.

Ferguson Plans to Keep Red Investigation Going

WASHINGTON, Aug. 11 (AP).—Republicans laid plans today to keep their investigation of Communists in government going through September. Senator John L. McClellan, Democrat, of Arkansas, told a reporter he has been notified to return to Washington, Sept. 13 for resumed hearings by a committee headed by Senator Homer Ferguson, Republican, of Michigan.

Told of this, Senator Claude Pepper, Democrat, of Florida, said: "This makes it obvious that the Republican pattern is to make this a smear campaign. The whole design is to discredit the late President Roosevelt, the Democratic party and President Truman."

Senator McClellan, who wasn't for President Truman's nomination at the Democratic National Convention, replied: "The President's statement that the Congressional investigation is nothing but a 'red herring' is almost indefensible. Whether or not the charges made by Miss Elizabeth Bentley that she got information from government officials and passed it along to Moscow are true or not, the public is suspicious that something is wrong. Those suspicions ought to be cleared up one way or another."

Chief of Visa Section Discounts Reports Subversives Enter Country as U. N. Aides

WASHINGTON, Aug. 11 (AP)—A State Department official, Herve J. L'Heureux, discounted today the idea that United States security might be threatened through suspected subversives who got into this country as United Nations officials or employes. The chief of the visa section told a Senate Judiciary subcommittee that there had not been a single such case.

In this he agreed with Secretary George C. Marshall. His assistant, Robert C. Alexander, told the committee several weeks ago that hundreds of known and suspected subversives had entered the United States as employes of the United Nations.

Mr. L'Heureux said Mr. Alexander now agreed with his and Secretary Marshall's conclusions.

Marshall M. Vance, until recently the chief American consul in Berlin, also testified. The committee is studying the entire immigration question. Mr. Vance said the American staff in Berlin had been augmented by a corps of sixteen thoroughly-trained investigators, some of whom had had counter intelligence training. They will work in cooperation with regular consular officials, he added.

'VOICE' PROGRAMS TO BE AIRED TO SOVIET UKRAINE

WASHINGTON, Aug. 11 — (AP) The State department is preparing to start Voice of America broadcasts to the Soviet Ukraine as part of a huge expansion of American foreign broadcast operations.

Ten new languages will be added to the 22 tongues in which the "Voice of America" programs now reach people around the world.

Most interest, however, centers on plans for the Ukrainian program which will be the first in the "voice series" directed at a political sub-division of the Soviet Union. It will be in addition to the standard Russian language broadcasts.

The Soviet Ukraine is possibly the most nationalist-minded of the republics making up the Soviet Union.

Type Not Decided

It has not been announced what type of program will be broadcast in the Ukrainian language but it seems probable they will be devoted to cultural, economic, and other activities of particular interest to the Ukrainian people.

The other nine languages to be added to the "voice" list about Oct. 1 cover strategic areas in the Near East and Europe.

They include 30-minute broadcasts daily in Arabic, Persian, Turkish and Portuguese (to Europe), and 45-minute programs daily in Danish, Swedish, Norwegian, Finnish and Dutch.

At present staffs are being organized to write and broadcast the programs. Officials said it is hard to find persons with required language skills and intimate knowledge of each of the countries concerned. However, it is hoped that the whole job will be completed around Oct. 1.

Increases Total

Adding the new language programs, plus an increase in English language broadcasts to Europe from six and one half hours daily to 11 1-2 hours daily, will raise from 34 to more than 40 hours a day the total of "voice" programs beamed abroad.

The whole voice schedule, which includes programs to Latin America, is being readjusted so that the time allotted some Latin languages is being cut back slightly in order to concentrate more time on Europe—the critical region in the cold war.

Several other expansion projects also have been prepared by the State department under the greatly increased appropriation received from Congress during the last regular session. The total of this appropriation for the whole foreign broadcast and cultural relations division of the department is $28,000,000 compared with $10,500,000 in the operating budget for the fiscal year which ended last June 30.

One of the projects underway is to add four new relay stations and increase the power of the present stations in Honolulu, Manila and Munich to build up the power and clarity.

It is also planned to increase the time devoted to programs in several European languages in which broadcasts have long been made.

'Voice' To Drop Mild Manner And Hit Hard

New York, Aug. 11 (AP)—The New York *Times* says the State Department's "Voice of America" is being stepped up from a mild information service to a full-fledged, hard-hitting propaganda machine.

The decision to make the broadcast service a more alert and potent implement of the State Department comes at a time when the entire operation is being thoroughly overhauled. On October 1 the State Department will take over all broadcasts that go out in the name of the "Voice of America." On that date two commercial networks will drop out of the broadcasts.

"Shirtsleeve Contest"

The *Times* quotes George V. Allen, Assistant Secretary of State for public affairs, as saying:

"It is clear now that we are in a shirtsleeve contest.

"We are in a struggle between two concepts, and while the 'Voice of America' will not get into name-calling, we are going to take a stronger line.

"If we are going to influence anyone we cannot afford to be apologetic when everyone else is shouting boasts."

Aimed Chiefly At Russia

The Voice will concentrate its chief output to carry information to people in Russia and the Soviet satellite countries. While it will continue to tell facts, it is planned to have it react quickly and sharply to the attacks directed against the United States by the Soviet Union and its neighbors.

Another State Department official, the *Times* says, has described the radio situation as "a real short-wave fight we can't afford to lose."

Evidence reaches the State Department daily that the broadcasts have become more than a minor annoyance to Soviet leaders, the *Times* says, and this knowledge will be fully exploited.

Truman Says We'll Reach 'Peace for All Time' Goal

Washington, Aug. 11 (A. P.).—President Truman said today that the ultimate goal of "peace for all time" will be realized.

The President, addressing some 400 persons interested in cutting down juvenile deliquency, said: "I'm as sure of that as I am that I'm standing here."

The occasion was the issuance of the first sheets of the new three-cent "Salute to Youth" commemorative postage stamp. The stamp, designating September as youth month is one of the features of the nationwide drive against juvenile deliquency sponsored by Attorney-General Clark.

Senator Alben W. Barkley of Kentucky, Democratic vice-presidential nominee, stood at Mr. Truman's side in the White House rose garden as he spoke. The gathering included Cabinet members, welfare officials and boys and girls from various organizations.

Mr. Truman told them that the United States is working for peace for all time, and "we are going to get it." Addressing himself particularly to the children present, the President said: "We are opening up the greatest age in history."

Mr. Truman shook hands with each of the visitors before joining them outside his office. The Chief Executive, who shakes hands with scores of people every week, quipped: "I appreciate this chance to see you. I hardly ever get a chance to shake hands with anybody."

Nimitz 'Optimistic'

San Francisco, Aug. 11 (AP)—Fleet Admiral Chester W. Nimitz says he's "just optimistic enough" to believe the United States is "on the threshold of a long period of peace—provided we keep militarily strong."

He told a banquet meeting of 350 naval reserve officers last night that "if we remain strong—and we are on the way to becoming strong now—I believe we can stay out of war until the United Nations begins to function as it was intended to function.

"I'm not a pollyanna, but I don't believe we are going to have a war with the Soviet Union."

'GREETINGS' BAN SELECTEES FROM ARMY ENLISTMENT

WASHINGTON, Aug. 11. — (AP) No prospective selectee may be accepted as a volunteer after he has received "greetings" from his selective service board, Secretary of Defense Forrestal said today in announcing rules for the peacetime draft.

The rules will govern operations of joint Army, Navy Air Force induction stations. The main provisions are:

Rules Outlined

1. No registrant may be accepted for voluntary enlistment after he has been notified by his local selective service board to report for pre-induction physical and mental examination. With this exception, however, the three military departments will continue to accept vol-

30.24- 19703

untary enlistments during the operation of selective service.

2. Selective service local boards will form pools of registrants found qualified for military service at preinduction examinations and will order them to report for induction as calls are received.

However, none will be inducted sooner than three weeks after preinduction examination, in order that they may have time to settle their private affairs. Also none will be ordered to induction later than 120 days after examination to insure the validity of the examination. Before actual induction, all will be given another physical examination.

Will Consider Preference

3. Current army regulations will govern all pre-induction physical examinations. They will be used for assignment to duties according to physical capacity. The minimum mental level for induction will be 70 as determined by a common general classification test.

4. In general the inductee's preference will be considered in assigning him to one of the three services.

The army will have overall responsibility for the joint induction system, and the Army-Air Force recruiting main stations will function as joint examining and induction stations for the three services. In addition, Army-Air Force stations will handle volunteer Army enlistments.

such use of the Guard troops, and all Guard property and equipment must be formally transferred to the Federal Government by the individual states.

Walsh, in a telegram from Minnesota to the association's national headquarters today, said this delay could be eliminated by mending the National Defense Act, so that the National Guard would pass instantly to the Army and Air Force in event of an emergency, without waiting for action by Congress.

He said he had even recommended the plan to the defense committee while it was studying its recommendations.

He was emphatic in his opposition to the peacetime merger, however, and he was promptly joined by other Guard and state officials.

Walsh said the Guard will fight the plan "at every turn," adding that state control of the National Guard "is practically the last bastion in the fortress of state rights."

He predicted that the various states, aided by Congress, would join the Guard in a battle against efforts of "bureaucrats to centralize all power in Washington."

Anticipating strong opposition from states, James V. Forrestal, Defense Secretary, said the recommendations of the committee were not yet defense policy and pointed out that Congress would have to act to make them law.

He said no official recommendations would be made until after Secretaries of the Army, Navy and Air Force have had time to study the report carefully.

National Guard To Oppose Army Control In Peacetime

Washington, Aug. 11 (AP)—The National Guard Association today resisted with all its force a proposal that would let the Army absorb the Guard in peacetime.

However, Maj. Gen. Ellard A. Walsh, president of the association, said he favored a law that would automatically put the Guard into the Army and Air Force in case of an emergency.

Yesterday a special defense department advisory committee after long study recommended that the Guard, now under state control, be placed under Federal control.

A major reason for the proposal was that in case of war technicalities might slow the Guard in going into action.

SCROLLS FOR STARS

Washington, Aug. 11 (A. P.).—The United States Air Force will award appreciation scrolls to stage, screen and radio stars who entertained flyers overseas during the last war.

The scrolls will be presented at an Air Force reunion in Madison Square Garden, New York, September 25. The Air Force Association will sponsor the event. Several stars will accept the scrolls for their fellow performers. Some skits put on during the war will be staged.

Hal Roach, Hollywood producer and director, will head the committee to nominate the entertainers to receive awards.

Six members of the Air Force Association to serve with Roach are: Merion Cooper, director of Argosy Pictures Inc., who was with the Twentieth Bomb Group in France; J. H. (Jock) Whitney, New York financier and former Air Force colonel; Jack L. Warner, movie executive and world war I veteran, who helped organize the Air Force's first motion picture unit in the last war; James Stewart, actor, who advanced from Air Force private to colonel in an Eighth Air Force bomber wing in the last war; Clark Gable, actor, former major and gunner in the Eighth Air Force, and Tex McCreary, radio performer and former Air Force colonel.

Crop Outlook Seen As Boon To Europe

Washington, Aug. 11 (AP)—The ECA figures the country's bumper crop outlook will result in bigger grain shipments to Europe under the Marshall plan without increasing cost of purchases.

Dennis A. Fitzgerald, food director for the Economic Co-operation Administration, told a news conference today:

"We have passed the low point in our postwar food supply situation."

Better Diet Seen

Fitzgerald said the prospect of record United States grain yields "will mean an appreciable improvement in the diet of Western Europe."

He would not estimate how much more grain may be obtained for the amount of money ECA planned to spend. He did say that because of falling grain prices ECA expects to spend "little, if any, more" money while obtaining more grain.

Fitzgerald noted that the Government forecast yesterday of record United States crops ties in with marked improvement in European crop outlook this year.

Private Trade

He said the Government is considering turning a larger part of export grain purchases over to private trade, indicating an early decision. The Commodity Credit Corporation now handles most export buying.

Under the European Recovery Act plans last fall, ECA-financed shipments of 350,000,000 bushels of all types of grains were scheduled.

Big Crop Seen As One Cure For Prices

Washington, Aug. 11 (AP)—Farmers are well on their way today toward supplying a cure for high prices for their own products.

Aided by favorable weather, they are headed for a crop harvest which is expected not only to break all production records but to end food shortages and, in time, bring lower prices in the stores.

An Agriculture Department report yesterday forecast this year's grain production as the largest ever—by a wide margin. No longer is there a grain shortage. In fact, there will be a surplus if latest estimates are borne out.

Grain Prices Drop

This bountiful prospect has already led to a sharp decline in grain prices from the postwar peak of last January.

Officials said a similar decline in prices of meat, dairy and poultry products will follow as soon as farmers can convert the grains, through livestock feedings, into these finished food items. The effects of this conversion should begin to be felt, they said, no later than next spring.

The department report included the forecast of an amazing corn crop of 3,506,000,000 bushels. This tops the 1946 record by 257,000,000 bushels and last year's very poor one by 1,106,000,000.

Other Crops Near Records

The boost in feed supplies will not be limited to corn. Near-record crops of oats and grain sorghums, far-above average crops of barley and an average crop of hay indicate that feed supplies will be the most liberal in history for the live-stock available.

But while all this spells good news for housewives, it indicates trouble ahead for the Government.

Farmers are increasing live stock and poultry numbers, but they will not be able to build up flocks and herds enough to use all of the feeds that are forecast.

As a result, much corn and other grains will be offered the Government under its price-support program. It is not at all unlikely that a year from now the Government will have more than $1,000,000,000 tied up in spurplus grains, cotton, tobacco and other crops from this year's harvest.

Agriculture Aid Gets Food Posts

Washington, Aug. 11 (A. P.).—Joseph L. Orr of Lindley, N. Y., Assistant Secretary of Agriculture, was named last night as secretary-general of the International Food Committee. He also will serve as assistant director of the distribution division of the Food and Agriculture Organization of the United Nations.

In both assignments he will assist Frederick B. Northrup, secretary-general of the IEFC.

He called it another example of the solidarity of the American people behind a bi-partisan foreign policy to strengthen the U. N. and the cause of world peace and security.

Among notables attending the signing ceremony at the White House were Secretary of State Marshall, Mayor O'Dwyer of New York; Trygve Lie, Secretary-general, and Byron Price, assistant Secretary-general of the U. N.; Warren R. Austin, United States representative to the U. N.; Senator Connally (D.-Tex.) of the Senate Foreign Relations Committee; Representative Eaton (R.-N. J.), chairman of the House Foreign Affairs Committee, and Representative Bloom (D.- N. Y.) of the same committee.

Mr. Truman used eight pens in signing the measure. When he had finished, he carefully wiped the ink from the pens and gave one to each of his guests.

Lie then expressed appreciation of the loan in behalf of all members of the U. N.

The measure authorizes the Reconstruction Finance Corporation to make $25,000,000 available immediately so that work can begin on the permanent home for the U. N. The RFC loan is to be repaid when Congress passes a separate bill actually appropriating the full $65,000,000. The U. N. is to repay the interest-free loan in annual installments beginning July 1, 1951, and ending not later than July 1, 1982.

Truman Signs U. N. Loan Bill

Says $65,000,000 Measure Shows Our Faith in Peace—O'Dwyer at Ceremony.

Washington, Aug. 11 (A. P.).—President Truman today signed legislation authorizing a $65,000,000 loan for the construction of a United Nations headquarters in New York. The measure, Mr. Truman said, demonstrates the United States' faith in a peaceful future.

the headquarters building, they will revert to the United States. The site for the building in New York was donated by John D. Rockefeller Jr.

O'Dwyer, who is returning to New York this afternoon, said he would call an early meeting of the city's Board of Estimate to get plans for the city's part of the construction underway.

Truman Statement.

Mr. Truman's statement in connection with the signing:

"It is with great pleasure that I have signed Senate Joint Resolution 212, authorizing an interest-free loan of $65,000,000 to the United Nations for construction of its headquarters in New York. The resolution provides for an immediate advance of $25,000,000 by the Reconstruction Finance Corporation; this will enable the United Nations to start construction at an early date.

"I am deeply gratified that the Congress has now completed action on this important measure. At the opening of the General Assembly of the United Nations on October 22, 1946, in New York, I said:

The overwhelming majority of the American people, regardless of party, support the United Nations. They are resolved that the United States to the full limit of its strength, shall contribute to the establishment and maintenance of a just and lasting peace among the nations of the world.

"The loan demonstrates our faith in the future of the United Nations and expresses the welcome which that organization finds within our country. Moreover, it is another example of the solidarity of the American people in behalf of our national policy of strengthening the United Nations and the cause of world peace and security for which it stands.

Lake Success, N.Y., Aug. 11 (AP)—President Truman's signature on a $65,000,000 American loan for United Nations headquarters today quelled moves to transfer the United Nations out of the United States.

Elated United Nations officials said construction will begin in October on the skyscraper quarters on New York city's East Side. The United Nations hopes to begin moving in by the summer of 1950. The target date on completion is 1951.

Diplomatic observers viewed the final American approval as removing any serious probability that the United Nations now will move to Europe.

Truman Signs Bill

The House finally passed the loan bill, 164 to 27, August 5. The Senate had approved the measure at the regular session, but it was left in a House pigeon hole in the preconvention adjournment rush.

President Truman signed the bill in a White House ceremony today attended by Gen. George C. Marshall, Secretary of State; Mayor William O'Dwyer, of New York; Trygve Lie, United Nations secretary general; Byron Price, assistant secretary general, and others. The President used eight pens and handed one to each of those present.

Demolition Complete

The President said the step demonstrates the United States' faith in a peaceful future. He called it another example of the solidarity of the American people behind a bipartisan foreign policy to strengthen the United Nations and the cause of world peace and solidarity.

Demolition at the site, which runs from Forty-second to Forty-eighth street along the East River, has been virtually completed and excavation will begin in October. Work on the three buildings, including a 39-floor secretariat structure, will start as soon as bids are accepted and a contract approved.

N.Y. To Spend $20,000,000

The cost of the permanent headquarters originally was set at $84,000,000. Repayment of the loan will begin in 1951 and continue until 1982. If for any reason the United Nations ceases to use the site, it will revert to the United States Government. John D. Rockefeller, Jr., donated $8,500,000 which covered the cost of most of the land.

Under the bill signed by the President, the Reconstruction Finance Corporation will make available immediately $25,000,000. This will be repaid when Congress passes a separate bill covering the whole $65,000,000.

The city of New York is expected to spend about $20,000,000 building approaches and landscaping areas around the site.

The United Nations will remain here at Lake Success until the new site is ready except for a temporary switch to Paris this fall for the General Assembly meeting. Under present schedules, the 1949 Fall Assembly will return to the interim hall in Flushing Meadow Park.

LES IN THE RUSSIAN ZONE WAS DISCLOSED

AUG 1948

IN A SPECIAL ARTICLE PUBLISHED IN THE SOVIET-LICENSED BERLIN NEWSPAPER "NEUE ZEIT."

THE ARTICLE, WRITTEN BY A. MILLER, MEMBER OF THE STATE PARLIAMENT OF SAXONY-ANHALT, IN THE SOVIET ZONE, SAID:

"WE HAVE BITTER NEED FOR IMPROVEMENT OF OUR FOOD RATION BECAUSE OUR PHYSICAL RESERVES HAVE LONG SINCE BEEN SPENT. AS A RESULT, ILLNESSES LAST LONGER AND OUR ABILITIES TO PRODUCE ARE REDUCED.

"NEVERTHELESS, OUR PRODUCTIVITY MUST NOT ONLY BE MAINTAINED, BUT MORE IS DEMANDED OF US. TO ACHIEVE THIS, HOWEVER, WE REQUIRE NOT ONLY INCREASES IN BREAD AND POTATO RATIONS, BUT ABOVE ALL FATS, MEAT AND PROTEINS."

SINCE THE RUSSIANS ANNOUNCED THEIR FEEDING PROJECT MORE THAN THREE WEEKS AGO SCARCELY MORE THAN ONE PER CENT OF WESTERN BERLIN'S RESIDENTS HAVE REGISTERED TO RECEIVE THE FOOD OFFER IN THE SOVIET SECTOR OF THE CITY.

BRITISH AND AMERICAN AUTHORITIES WARNED BERLINERS THAT THE FEEDING PROPOSAL WAS ANOTHER LINK IN RUSSIAN EFFORTS TO EXTEND THEIR ECONOMIC STRANGLEHOLD ON THE CITY IN THEIR DRIVE TO FORCE THE WESTERN ALLIES OUT OF THE CITY.

THE FEEDING ANNOUNCEMENT ALSO WAS USED BY THE SOVIET-LICENSED PRESS TO CLAIM THE BRITISH-U.S. AIR LIFT TO BEAT THE BLOCKADE IS UNNECESSARY.

NEUES DEUTSCHLAND, OFFICIAL ORGAN OF THE SOVIET-SPONSORED SOCIALIST UNITY PARTY (SED) RAN A HEADLINE TODAY: "FORTY DAYS OF FOODSTUFFS FOR ALL BERLIN ON HAND IN THE SOVIET SECTOR." THE PAPER SAID MEASURES WERE BEING TAKEN TO MAKE IT EASIER FOR WESTERN SECTOR INHABITANTS TO DRAW THEIR RATIONS FROM THE SOVIET AREA.

IN AN APPARENT EFFORT TO FRIGHTEN WESTERN BERLINERS TO SIGN UP FOR FOOD RATIONS IN THE EAST, THE PAPER CLAIMED BRITISH-AMERICAN AUTHORITIES "ARE NOT IN A POSITION TO SUPPLY THEIR SECTORS WITH FOOD VIA THE AIR BRIDGE AND TO SATISFY JUSTIFIED DEMANDS OF THE POPULATION."

A8

WITH THE AIR LIFT GOING FULL SPEED AND STEADILY INCREHMLVGGN WESTERN AUTHORITIES SAID THEY HAD AT LEAST A THREE-WEEK SUPPLY OF FOOD ON HAND IN THE WESTERN SECTOR--ABOUT THE SAME AS WHEN THE BLOCKADE WAS INTRODUCED.

RATION COMMITMENTS HAVE BEEN FULLY MET SO FAR.

NEUES DEUTSCHLAND ALSO LET SLIP HINTS THAT THE RUSSIAN BLOCKADE IS BOOMERANGING.

IN AN ARTICLE DESCRIBING HOW WESTERN SECTOR INDUSTRY IS BEING CRIPPLED BY FUEL SHORTAGES, THE PAPER REVEALED THAT THE OUTPUT OF MANY OF THE HANDICAPPED WESTERN FACTORIES IS "URGENTLY" NEEDED IN THE SOVIET ZONE.

W. STUART SYMINGTON, U.S. SECRETARY FOR AIR, AND GEN. HOYT VANDENBERG, AIR FORCE CHIEF OF STAFF, ARRIVED IN WIESBADEN BY PLANE FROM LONDON LAST NIGHT. THEY WERE MET BY LT. GEN. CURTIS E. LEMAY, AIR FORCE COMMANDER IN GERMANY.

THE OFFICIALS WERE ACCOMPANIED BY MAJ. GEN. LEON W. JOHNSON, COMMANDER OF THE NEW THIRD AIR DIVISION OF B-29 BOMBERS BEING FORMED IN BRITAIN, AND BRIG. GEN. T. S. POWER, U.S. AIR ATTACHE IN ENGLAND.

THE ARRIVAL OF SUCH HIGH RANKING OFFICIALS CAUSED SPECULATION THAT THEIR VISIT INDICATED AMERICAN DETERMINATION TO KEEP THE AIR LIFT GOING THROUGH THE WINTER, IF THE CURRENT MOSCOW TALKS FAIL TO BREAK THE BLOCKADE.

DIPLOMATIC SOURCES IN LONDON REPORTED LAST NIGHT THAT THE EAST-WEST TALKS IN MOSCOW HAD REACHED THE TOUGH BARGAINING STAGE. A LID OF SECRECY REMAINED CLAMPED ON OFFICIAL NEWS OF THE MOSCOW MEETINGS, BUT IT WAS APPARENT THE BRITISH FOREIGN OFFICE FELT THE WORLD WOULD KNOW THE OUTCOME BY THE END OF THE WEEK.

FRANK ROBERTS, THE SPECIAL BRITISH ENVOY, TOLD NEWSMEN IN MOSCOW "WELL, WE WON'T BE NEWS TO YOU MUCH LONGER."

INFORMANTS IN THE BRITISH CAPITAL SAID FAILURE TO HAMMER OUT A SETTLEMENT OF THE BERLIN STALEMATE, HAS HELD UP ESTABLISHMENT OF A BASIS FOR FOUR-POWER TALKS ON ALL GERMANY.

more

IN GERMANY, "REPAIRS" TO THE RAILWAY LINK BETWEEN BERLIN AND THE WESTERN ZONES WERE REPORTED VIRTUALLY COMPLETED, BUT THERE WAS NO SIGN THE RUSSIANS WOULD REOPEN THE LINE.

BRITISH AUTHORITIES SAID LAST NIGHT THEY HAVE BEEN WAITING NEARLY THREE WEEKS FOR THE RUSSIANS TO PROVIDE PROMISED RAIL TRANSPORT FOR RETURNING GERMAN WAR PRISONERS FROM A CAMP IN MUENSTER TO BERLIN.

U.S. OFFICIALS IN FRANKFURT ANNOUNCED LAST NIGHT THAT AMERICAN TROOPS WILL TAKE PART NEXT WEEK IN FRENCH ARMY MANEUVERS IN GERMANY.

RELIABLE SOURCES IN FRANKFURT SAID YESTERDAY THAT DR. PETER ZENKL, FORMER DEPUTY PREMIER OF CZECHOSLOVAKIA, HAD BEEN SPIRITED OUT OF HIS HOMELAND AND INTO THE AMERICAN OCCUPATION ZONE IN A DARING "KIDNAPPING ENGINEERED BY THE CZECH ANTI-COMMUNIST UNDERGROUND.

ZENKL, VETERAN ANTI-COMMUNIST, WAS ACCOMPANIED BY HIS WIFE.

BERLIN, AUG. 11-(AP)-A MASS MEETING OF 5,000 BERLINERS TONIGHT CHEERED A DEMAND THAT NO COMPROMISE BE MADE AT MOSCOW WHICH MIGHT TURN OVER CONTROL OF THIS BLOCKADED CITY TO THE COMMUNISTS.

THEMEETING WAS SPONSORED BY THE CONSERVATIVE CHRISTIAN DEMOCRATIC UNION. ITS CHIEF SPEAKER WAS JACOB KAISER, CHAIRMAN OF THE PARTY AND A VETERAN TRADE UNION LEADER, WHO DECLARED:

"WE ARE HAPPY THAT FOUR-POWER DISCUSSIONS ARE BEING HELD ON THE BERLIN QUESTION (AT MOSCOW) BUT WE DEMAND THAT NO COMPROMISE BE MADE WHICH WOULD IMPERIL ANEW THE FREEDOM OF BERLIN AND WHICH THREATENS EUROPE AS WELL, FOR A NEW TOTALITARIAN SYSTEM WHICH THREATENS GERMANY ALSO CASTS ITS THREATENING SHADOW OVER ALL EUROPE."

ILLUSTRIOUS

(ADVANCE)..LONDON, AUG 11-(AP)-GERMAN DIVE BOMBING THAT DAMAGED THE AIRCRAFT CARRIER ILLUSTRIOUS SHOOK THE BRITISH NAVY'S FAITH IN ITS HOLD ON THE MEDITERRANEAN BELOW ITALY IN EARLY 1941.

THIS WAS MADE CLEAR IN A WARTIME DISPATCH TO THE ADMIRALTY ON THE INCIDENT, PUBLISHED TODAY IN A SUPPLMENT TO THE OFFICIAL LONDON GAZETTE.

AUG 1948

THE DISPATCH, DATED MARCH 19, 1941, CAME FROM ADM. SIR ANDREW (NOW VISCOUNT) CUNNINGHAM, THEN THE ROYAL NAVY'S MEDITERRANEAN COMMANDER-IN-CHIEF.

THE 23,000-TON ILLUSTRIOUS HAD BEEN BOMBED THE PREVIOUS JAN. 10 OFF MALTA, WHILE ESCORTING A CONVOY FROM GIBRALTER TOWARD GREECE. SHE MADE MALTA UNDER HER OWN POWER, BUT THE ADMIRALTY LATER REPORTED SOME 50 OF HER MEN HAD BEEN KILLED AND SHE HAD COME PERILOUSLY CLOSE TO DESTRUCTION.

IN HIS DISPATCH CUNNINGHAM SAID GERMAN DIVE BOMBING "IS A POTENT NEW FACTOR IN THE MEDITERRANEAN WAR AND WILL UNDOUBTEDLY DENY US THAT FREE ACCESS TO THE WATERS IMMEDIATELY SURROUNDING MALTA AND SICILY WHICH WE HAVE PREVIOUSLY ENJOYED, UNTIL OUR OWN AIR FORCES HAVE BEEN BUILT UP TO A SCALE ADEQUATE TO MEET IT."

HE NOTED THAT THE ESCORT OPERATION GOT THE CONVOY THROGH SAFELY, BUT THAT AN OFFENSIVE THAT WAS TO HAVE FOLLOWED AGAINST SHIPPING ON THE ITALIAN COASTS "HAD TO BE CANCELLED AFTER THE DAMAGE TO ILLUSTRIOUS."

"THESE OPERATIONS MARKED THE ADVENT OF THE GERMAN AIR FORCE IN STRENGTH IN THE MEDITERRANEAN X X X" HE SAID. "THE DIVE BOMBING

30.24- 19707

ATTACKS BY GERMAN AIRCRAFT WERE MOST EFFICIENTLY PERFORMED AND CAME AS AN UNPLEASANT SURPRISE."

THE DAY THAT THE ILLUSTRIOUS WAS HIT, THE 9,100-TON CRUISER SOUTHAMPTON WAS DIVE BOMBED AND SET AFIRE. IT HAD TO BE SUNK. A SUBSEQUENT ADMIRALTY REPORT PUT THE LOSS OF LIFE AT 52.

CUNNINGHAM SAID THIS ATTACK "WAS A COMPLETE SURPRISE," DELIVERED "WHEN OFFICERS AND MEN WERE DOUBTLESS RELAXING THEIR VIGILANCE TO SOME EXTENT AFTER A VERY STRENUOUS FOUR DAYS."

HE SAID THE INCIDENT POINTED UP THE NEED FOR A SHIP FITTED WITH RADAR EQUIPMENT IN EACH NAVAL UNIT.

"YOU WILL YOURSELF, OF COURSE, BE FULLY AWARE THAT THOUGH AMERICAN AID GIVES US A BREATHING SPACE, THE THREAT OF THE COLLAPSE OF OUR ECONOMY STILL HANGS OVER US," CRIPPS SAID IN HIS LETTER.

THE GOVERNMENT WAS WARNED TONIGHT THAT "INDUSTRIAL UNREST" MAY RESULT FROM A NEW CUT AND ACUTE TOBACCO SHORTAGE THAT

RESULT FROM A NEW AND ACUTE TOBACCO SHORTAGE THAT HAS DEVELOPED IN THE PAST WEEKS.

SECRETARY PERCY BELCHER SAID HIS TOBACCO WORKERS' UNION WOULD DEMAND THAT THE TRADES UNION CONGRESS CALL ON THE GOVERNMENT TO REDUCE TOBACCO TAXES. THE IMPORT DUTY ON LEAF TOBACCO HAS BEEN MORE THAN DOUBLED SINCE THE WAR, BRINGING THE COST OF A PACKAGE OF 20 CIGARETS TO THREE SHILLINGS SIX PENCE (70 CENTS).

THE GOVERNMENT ALSO HAS CUT IMPORTS OF AMERICAN LEAF SHARPLY TO SAVE DOLLARS.

BELCHER SAID THE GOVERNMENT SHOULD REMEMBER THAT A CIGARET SHORTAGE DURING THE WAR CAUSED "SERIOUS UNREST" IN THE CLYDE SHIPYARDS AND BROUGHT A STRIKE THREAT FROM A LARGE TANK FACTORY.

PRECEDE JERSUALEM DAY (500)
BY CARTER L.DAVIDSON

TEL AVIV,ISRAEL, AUG.11-(AP)-SOURCES CLOSE TO THE ISRAELI CABINET PREDICTED TODAY THE NEW CITY OF JERUSALEM WILL BE ANNEXED TO ISRAEL WITHIN TWO WEEKS.

THE INFORMANT SAID A DECISION TO ANNEX THE JEWISH-HELD AREAS OF THE HOLY CITY ALREADY HAD BEEN TAKEN BY THE CABINET IN A SECRET SESSION.

COUNT FOLKE BERNADOTTE, THE U.N. MEDIATOR, WAS RELIABLY REPORTED TO HAVE MESSAGED THE ISRAEL GOVERNMENT TO EVACUATE A STRATEGIC HILL OVERLOOKING THE RAMALLAH ROAD OR FACE POSSIBLE CHARGES BEFORE THE SECURITY COUNCIL OF VIOLATING THE TRUCE.

THE HILL, KNOWN AS 312, CONTROLS THE ROAD THE ARABS NEED TO SUPPLY THEIR GARRISON AT LATRUN, MIDWAY ON THE JEWISH SUPPLY ROUTE TO TEL AVIV. THE JEWS WILL NOT ACCEDE TO THE REQUEST, RELIABLE INFORMANTS SAID.

WITH ANNEXATION OF THE JEWISH AREAS AND SIMULTANEOUS ANNEXATION OF A CORRIDOR BETWEEN TEL AVIV AND JERUSALEM, THE JEWS THEN ARE EXPECTED TO PROPOSE DEMILITARIZATION OF THE ARAB-HELD OLD CITY.

"THIS," THE INFORMANT SAID, "GIVES BERNADOTTE HIS AIM OF PROTECTING THE HOLY PLACES, ALL OF WHICH ARE INSIDE THE WALLED (OLD) CITY."

THE ISRAELI GOVERNMENT ALREADY HAS BEGUN MOVING SOME DEPARTMENTS TO JERUSALEM, WHICH NOW IS UNDER MILITARY OCCUPATION BY THE ISRAELI ARMY. ANOTHER PREPARATION FOR THE ANNEXATION OF JERUSALEM AND A CORRIDOR TO THE COAST WAS SAID BY JEWISH SOURCES TO BE A GRADUAL SETTLING OF LAND ALONG THE CONQUERED STRIP BETWEEN TEL AVIV AND THE HOLY CITY.

IT WAS LEARNED AUTHORITATIVELY THAT SEVERAL COLONIES HAVE BEEN PLOTTED IN THE FIVE MILE WIDE STRIP WHICH IS OUTSIDE THE PARTITION BOUNDARIES OF THE JEWISH STATE.

OBSERVERS BELIEVE THERE ARE TWO REASONS FOR A DECISION IN FAVOR OF IMMEDIATE ACTION TO ANNEX JEWISH-HELD JERUSALEM:

1. THE ALLEVIATE INCREASING PRESSURE BY THE JEWISH NATIONALIST ORGANIZATION, IRGUN ZVAI LEUMI, WHICH VIRTUALLY HAS THREATENED AN ARMED CLASH WITH THE GOVERNMENT IF IT DOES NOT MAKE JERUSALEM ITS CAPITAL.

2. TO FORESTALL UNITED NATIONS DEMILITARIZATION OF THE CITY WHICH THE JEWS FEEL WOULD BE FATAL TO THEM IN A MILITARY SENSE.

RESIDENTS OF JERUSALEM WENT TO WORK AGAIN TODAY IN ATMOSPHERE OF SEMI-TRUCE AFTER A NIGHT OF UNOFFICIAL AND UNDECLARED WAR WHICH RAGED FROM MIDNIGHT TO DAWN.

THE BIGGEST BATTLE SINCE THE U.N.-ORDERED CEASE FIRE WENT INTO EFFECT CAME DESPITE A WARNING FROM MEDIATOR COUNT BERNADOTTE YESTERDAY THAT HE AND HIS OBSERVERS WERE GOING TO GET "TOUGH" IN ORDER TO HALT THE SHOOTING.

THOUSANDS OF RIFLE SHOTS AND HEAVY ARTILLERY SHELLS WHISTLED OVER THE CITY DURING THE NIGHT. ALTHOUGH THE BATTLE WAS MAINLY IN THE HILLS AND VALLEYS IN THE OUTSKIRST OF THE CITY, STRAY BULLETS WHIZZED THROUGH THE STREETS IN THE CENTER OF THE TOWN.

SHANGHAI, THURSDAY, AUG.12-(AP)-THE CHINESE PRESS REPORTED TODAY GOVERNMENT FORCES HAD DRIVEN COMMUNIST GUERRILLAS FROM A TINY VILLAGE ONLY 40 MILES FROM SHANGHAI. IT WAS THE CLOSEST RED APPROACH TO THIS CITY.

THE VILLAGE, HSINCHEN, TOO SMALL TO APPEAR ON MOST MAPS, IS DUE NORTH OF HERE. RED GUERRILLA BANDS ARE KNOWN TO BE ROAMING ALMOST AT WILL IN THAT SECTOR OF KIANGSU PROVINCE, ALTHOUGH NEVER BEFORE SO NEAR SHANGHAI.

NANKING, AUG 11-(AP)-COMMUNIST RAIDERS WERE REPORTED BUT 20 MILES FROM THE YANGTZE TODAY IN WHAT APPEARED TO BE ANOTHER ATTEMPT TO DISRUPT TRAFFIC ON THAT ARTERY OF CENTRAL CHINA.

THE EVENING NEWS SAID IN A DISPATCH FROM ICHANG, YANGTZE RIVER CITY, THAT SOME CITIZENS WERE FLEEING UP-RIVER TOWARD THE OLD WARTIME CAPITAL OF CHUNGKING AS RED COLUMNS NEARED THE CITY.

ICHANG IS AN IMPORTANT RIVER PORT 200 AIRLINE MILES WEST OF THE GOVERNMENT BASE AT HANKOW. TWO GOVERNMENT WARSHIPS, PROBABLY GUN-BOATS, WERE REPORTED ARRIVED AT ICHANG TO HELP DEFEND THE CITY.

(IT APPEARED UNLIKELY FROM PREVIOUS REPORTS OUT OF CHINA THAT ANY SERIOUS ATTEMPT ON ICHANG WOULD BE MADE UNLESS THE CITY HAS BEEN CAUGHT DEFENSELESS IN THE SHIFTING OF TROOPS IN CENTRAL CHINA.

(THE ONLY KNOWN ORGANIZED COMMUNIST FORCES IN THIS AREA ARE SEGMENTS OF COMMUNIST GEN. LIU PO-CHENG'S MOBILE ARMY, WHICH HARASSED SHIPPING WITH RAIDS ALONG THE YANGTZE LAST YEAR.

(THESE FORCES CROSSED THE HAN RIVER ABOUT 110 MILES TO THE NORTH OF ICHANG MONTHS AGO. SINCE THEN THE GOVERNMENT CLAIMS TO HAVE RECAPTURED STRONGPOINTS IN THE HAN VALLEY.

(IF SO, THEN THERE IS NO STRONG LINK BETWEEN THE TROOPS OPERATING AROUND ICHANG AND THE MAIN FORCE OF LIU'S ARMY BEYOND THE HAN.)

THE DISPATCH SAID STEAMSHIP SERVICE STILL WAS OPERATING NORMALLY DOWNSTREAM FROM ICHANG. IT MADE NO MENTION OF UPSTREAM TRAFFIC, WHICH CARRIES FOOD SUPPLIES FROM THE AGRICULTURAL WEST TO CENTRAL CHINA.

COMMUNIST TROOPS OF GEN. CHEN YI WERE REPORTED ON THE MOVE AT THE OPPOSITE OR EASTERN END OF THE CENTRAL CHINA FRONT.

A MILITARY SPOKESMAN SAID FROM 50,000 TO 60,000 OF THEM HAD MOVED EAST FROM HONAN PROVINCE INTO ANHWEI PROVINCE AND HAD APPEARED BEFORE THE CITY OF FOWYANG, ABOUT 200 AIRLINE MILES NORTHWEST OF NANKING.

TOKYO, THURSDAY, AUG.12-(AP)-THE JAPANESE GOVERNMENT TOOK A FIRM STAND TODAY IN THE FACE OF A RUSSIAN DEMAND THAT IT CANCEL ITS BAN ON STRIKES BY GOVERNMENT EMPLOYES.

HE SAID IT VIOLATED THE POTSDAM DECLARATION AND FAR EASTERN COMMISSION POLICIES.

MACARTHUR'S HEADQUARTERS MADE NO COMMENT.

THE JAPANESE GOVERNMENT ISSUED A FOUR-POINT NOTE TO ALL GOVERNMENT UNIONS TODAY, INTERPRETING ITS NO-STRIKE, NO-COLLECTIVE-BARGAINING ORDINANCE. IT REITERATED THOSE TWO BANS, ADDED THAT ALL EXISTING GOVERNMENT-UNION CONTRACTS ARE INVALID, AND SAID EMPLOYES WORKING EXCLUSIVELY FOR UNIONS BUT PAID BY THE GOVERNMENTG "SHALL NOT BE RECOGNIZED HEREAFTER."

GOVERNMENT WORKERS MEANWHILE WERE FEELING THE PINCH OF ENFORCEMENT.

REPORTS FROM HOKKAIDO, WHERE A CONSIDERABLE NUMBER OF RAILWAYMEN WERE STAYING OFF JOBS, SAID 65 MIGHT BE PROSECUTED. (RAILS ARE GOVERNMENT-OPERATED). FOURTEEN OTHERS HAD BEEN DISCHARGED, AND 29 HAD BEEN FINED FOR ABSENTEEISM. EMPLOYES OF ONE RAIL DIVISION HAVE CANCELLED A CONTEMPLATED ONE-DAY STRIKE.

TOKYO,AUG.11-(AP)-AMERICAN AUTHORITIES ARE INTENSIFYING THEIR THREE-YEAR SEARCH FOR HOARDED RAW MATERIALS NEEDED FOR JAPAN'S FACTORIES.

FIELD REPRESENTATIVES OF ALLIED HEADQUARTERS AND LOCAL MILITARY GOVERNMENT UNITS ARE CHECKING EXCESS STOCKS OF INDUSTRIAL ITEMS DISCLOSED THROUGH A NATIONWIDE INVENTORY WHICH GENERAL MACARTHUR ORDERED.

THEY HAVE DESIGNATED FOR ALLOCATION TO PEACETIME INDUSTRIES 920 TONS OF CRITICALLY NEEDED SILICON STEEL--EXISTENCE OF WHICH WAS REVEALED BY THE INVENTORY. THIS IS THE FIRST OF WHAT ALLIED OFFICIALS HOPE WILL BE SEVERAL SUCH DISCOVERIES.

JAPANESE INDUSTRIALISTS, REPORTING THEIR INVENTORIES, SHOWED IN SOME INSTANCES ENOUGH RAW MATERIALS ON HAND TO EQUAL THREE YEARS' PRODUCTION, SAID W.L.HIGGINS, CLEVELAND, O., HEAD OF THE ALLIED HEADQUARTERS REQUIREMENTS UNIT. STOCKPILES GREATER THAN NORMAL REQUIREMENTS FOR THREE TO SIX MONTHS ARE CONSIDERED EXCESSIVE.

MOST OF THE EXCESS MATERIALS WERE PART OF MILITARY STOCKPILES WHICH MILITARISTS DISTRIBUTED THROUGHOUT THE COUNTRY IN 1945 BEFORE AMERICAN TROOPS LANDED, HIGGINS SAID. A SPECIAL DIET (PARLIAMENT) COMMITTEE HAS BEEN INVESTIGATING THE RESULTANT "HOARDED GOODS SCANDAL" FOR TWO YEARS, AND THE TOTAL OF VANISHED SUPPLIES IS ESTIMATED IN BILLIONS OF DOLLARS.

HIGGINS SAID THE NEW INVENTORIES HAVE BEEN REPORTING WITH FAIR ACCURACY.

DIVERSION OF SUCH STOCKPILES TO CURRENT INDUSTRIAL USE, HIGGINS EXPLAINED, WILL REDUCE THE AMOUNT OF IMPORTS NEEDED. AND THIS IN TURN WILL CUT THE NUMBER OF SCARCE DOLLARS JAPAN MUST SPEND.

THE INVENTORY ORDERED BY HEADQUARTERS WAS THE FIRST OVERALL EFFORT TO OBTAIN AN ACCURATE ESTIMATE OF JAPAN'S INDUSTRIAL WEALTH.

FUKUI MILITARY GOVERNMENT SOURCES CONFIRMED THE INFORMATION WAS GIVEN THE JAPANESE PRESS. THEY SAID, HOWEVER, THEY WERE NOT AUTHORIZED TO GIVE IT TO AMERICAN REPORTERS.

CONSEQUENTLY, IT WAS NOT IMMEDIATELY MADE KNOWN WHAT WHERE THE NATURE AND OCCASION FOR NOSAKA'S REMARKS. KYODO DIDN'T SAY, AND EIGHTH ARMY HEADQUARTERS, WHICH HAS FINAL JURISDICTION, WAS TRYING TO GET MORE INFORMATION.

NOSAKA SPENT 16 YEARS IN EXILE IN MOSCOW AND IN COMMUNIST NORTH CHINA. HE RETURNED WITH GREAT FANFARE AFTER THE SURRENDER AND IN 1946 WAS ELECTED TO THE JAPANESE HOUSE OF REPRESENTATIVES.

THAT WAS THE LINE GIVEN THE SOVIET PEOPLE. ON THE SAME DAY A BROADCAST IN THE SOVIET OVERSEAS SERVICE, IN ENGLISH TO NORTH AMERICA, PROCLAIMED THAT THE SOVIET UNION AND THE UNITED STATES WERE MAINLY AND JOINTLY RESPONSIBLE FOR DEFEATING JAPAN AND ASSERTED THAT "COLLABORATION IS AS ESSENTIAL TODAY AS DURING THE WAR."

THE SOVIET BROADCAST TO NORTH AMERICA DECLARED THAT RUSSIA'S PARTICIPATION IN THE WAR SAVED HUNDREDS OF THOUSANDS OF AMERICAN LIVES AND ARGUED THAT THE JAPANESE DEFEAT WAS NOT DECIDED BY THE TWO ATOMIC BOMBS DROPPED ON JAPAN. IT ADDED:

"THESE HISTORICAL FACTS BY NO MEANS DETRACT FROM THE BIG PART PLAYED BY OTHER COUNTRIES, ESPECIALLY THE UNITED STATES. THE DEFEAT OF JAPAN WAS MADE POSSIBLE EXCLUSIVELY BY THE FIGHTING COLLABORATION OF THE GREAT POWERS, AND ABOVE ALL THE USSR AND THE UNITED STATES."

STATE DEPARTMENT OFFICIALS SAID THAT THE FAILURE OF THE SOVIET BROADCAST TO THE RUSSIAN PEOPLE TO MENTION THE IMPORTANCE OF COOPERATION BETWEEN RUSSIA AND THE UNITED STATES WAS CHARACTERISTIC OF SOVIET INTERNAL PROPAGANDA DURING THE PAST TWO YEARS.

WASHINGTON,AUG 11-(AP)-TWO DIFFERENT SOVIET VIEWS OF HOW THE ALLIES WON THE WAR AGAINST JAPAN WERE DISCLOSED TODAY. THE STATE DEPARTMENT MADE THEM PUBLIC IN REPORTING ON RUSSIAN RADIO BROADCASTS INSIDE AND OUTSIDE THE SOVIET UNION.

THE BROADCASTS COMMEMORATED RUSSIA'S DECLARATION OF WAR ON JAPAN ON AUGUST 8, MOSCOW TIME, 1945. ONE OF THE COMMENTARIES WHICH WAS BROADCAST IN THE SOVIET HOME SERVICE LAST MONDAY AND RECORDED BY AMERICAN GOVERNMENT MONITORS HAD THIS TO SAY:

"THE JAPANESE MILITARISTS SHARED THE FATE OF THEIR GERMAN COMRADES. THE SOVIET ARMY PLAYED A DECISIVE ROLE IN THE ROUT OF THE TWO HOTBEDS OF AGGRESSION, THE GERMANS IN THE WEST AND THE JAPANESE IN THE EAST. THE BOLSHEVIK PARTY AND THE GREAT LEADER OF THE SOVIET PEOPLE, COMRADE STALIN, WERE THE CREATORS, THE ORGANIZERS AND THE SOUL OF THIS VICTORY X X X

NEW YORK,AUG.11-(AP)-PRIVATE ENTERPRISE IS SO PRIVATE IN TIBET THAT THE GOVERNMENT DOES NOT KNOW HOW MUCH PROFIT ITS TRADERS MADE HAULING SUPPLIES FROM INDIA TO CHINA DURING THE WAR.

"THAT BUSINESS WAS DONE BY PRIVATE TRADERS AND THE GOVERNMENT DOES NOT INTERFERE IN PRIVATE TRADE," SAID TSEPON SHAKABPA, HEAD OF THE FIRST TIBET TRADE MISSION TO VISIT THE UNITED STATES.

AS A MATTER OF FACT, SHAKABPA'S MISSION IS THE FIRST GROUP OF PEOPLE FROM THE LEGANDARY "SHANGRI-LA" TO COME OUT INTO WESTERN CIVILIZATION SINCE 1913.

UNTIL NOW TIBET'S EXPORTS OF WOOL FOR CARPETS, MUSK FOR PERFUMES, AND YAK-TAIL HAIRS FOR WIGS AND SANTA CLAUS WHISKERS HAVE BEEN HANDLED BY INDIA AND CHINA, WHOSE TRADERS HAVE PAID TIBET EITHER IN RUPEES OR IN BARTERED GOODS SUCH AS TEA AND SILK.

PURPOSE OF THE MISSION, SHAKABPA TOLD A NEWS CONFERENCE, IS TO DEVELOP TRADE DIRECTLY WITH THE UNITED STATES AND BRITAIN.

WHEN ASKED IF THE TRADE WOULD BE CONDUCTED BY PRIVATE TRADERS OR THROUGH GOVERNMENT AGENCIES, SHAKABPA SAID "IN TIBET BUSINESS IS TRANSACTED BY PRIVATE TRADERS."

HE SAID EXPORTS AND IMPORTS WITH INDIA AND CHINA ARE CARRIED ON BY PRIVATE TRADERS WHO HAUL SHIPMENTS THROUGH THE 16,000 FOOT HIGH PASSES OF THE HIMALAYAS ON THE BACKS OF MULES, HORSES AND YAKS.

YAKS ARE THE ALL-PURPOSE SUREFOOTED BEASTS THAT ALSO PROVIDE MILK AND MEAT FOR FOOD, FURS FOR APPAREL, AND HORSE-LIKE TAIL HAIRS FOR ROPES AND WATERPROOF TENT CLOTH.

AUG 1948

SHAKABPA SAID TIBET HOPED TO ACQUIRE AGRICULTURAL MACHINERY HERE AND OTHER MANUFACTURED GOODS.

HE SAID IN ADDITION THEY HOPED TO BUY $5,000,000 TO $8,000,000 IN GOLD TO BE USED AS A SUPPORT FOR TIBETAN CURRENCY.

THERE ARE NO AUTOMOBILES OR ROADS IN TIBET, NOR ELECTRICITY NOR OTHER PRODUCTS OF INDUSTRIAL CIVILIZATION, BUT AT THE SAME TIME THERE IS NO INFLATION OR UNEMPLOYMENT THERE EITHER, HE SAID.

"THERE IS MORE LEISURE THERE AND EVERYONE HAS ENOUGH TO EAT AND ENOUGH TO WEAR," SHAKABPA SAID. DESPITE TIBET'S HIGH ALTITUDE, THE CLIMATE IS LIKE CALIFORNIA'S, HE SAID.

THE MISSION PLANS TO REMAIN HERE THREE WEEKS BEFORE FLYING TO BRITAIN.

LOS ANGELES, AUG.11-(AP)-ALTHOUGH HE TOOK THE OATH OF ALLEGIANCE TO THE UNITED STATES WHEN HE WENT TO JAPAN IN 1939, TOMOYA KAWAKITA TESTIFIED TODAY AT HIS TREASON TRIAL HE BELIEVED HE SHOULD BE LOYAL TO THE EMPEROR DURING THE WAR.

THE SLIGHT, BESPECTACLED NISEI WHO IS ACCUSED OF BEATING AMERICAN PRISONERS OF WAR IN THE OEYAMA NICKEL MINE CAMP, TOLD THE JURY HOWEVER, THAT HE NOW CONSIDERS HIMSELF AN AMERICAN CITIZEN.

KAWAKITA'S LOYALTY TO THE UNITED STATES, HE ADMITTED UNDER QUESTIONING BY U. S. ATTORNEY JAMES CARTER, "CEASED WHEN I BECAME A JAPANESE NATIONAL IN 1943" AND WAS RESUMED WHEN HE APPLIED TO THE AMERICAN CONSUL IN 1945 FOR A PASSPORT TO RETURN TO HIS NATIVE LAND.

"YOUR LOYALTY THEN," SNAPPED CARTER, "IS THE KIND THAT YOU CAN TURN ON OR SHUT OFF AT WILL?"

KAWAKITA SHIFTED IN THE WITNESS CHAIR, AND SAID THAT WHEN HE REGISTERED WITH THE AMERICAN CONSULATE IN JAPAN BEFORE THE WAR, HE HAD BEEN TOLD THAT HE HELD DUAL CITIZENSHIP, DESPITE HIS OATH OF ALLEGIANCE TO THE UNITED STATES.

HE SAID THAT WHEN JAPANESE OFFICIALS TOLD HIM HE MUST REGISTER AS AN ALIEN OR JAPANESE, HE ASSUMED JAPANESE CITIZENSHIP, AND THEREAFTER CONSIDERED THAT HE OWED NO DUTY, ALLEGIANCE OR LOYALTY TO THE UNITED STATES.

KAWAKITA ALSO ADMITTED THAT HE HAD SLAPPED SEVERAL AMERICAN

PRISONERS OF WAR BUT HE SAID ALL SUCH INCIDENTS INVOLVED STRICTLY PERSONAL MATTERS. HE DENIED THAT HE EVER BEAT PRISONERS FOR FAILING TO PERFORM WORK ASSIGNMENTS, ALTHOUGH SEVERAL GI'S SO TESTIFIED AS GOVERNMENT WITNESSES IN THE NINE-WEEK TRIAL.

THE CASE IS EXPECTED TO REACH THE JURY TOMORROW.

LAKE SUCCESS, AUG. 11-(AP)-INFORMED SOURCES SAID TODAY THERE IS LITTLE HOPE, IN THE PRESENT INTERNATIONAL ATMOSPHERE, OF BREAKING THE EAST-WEST DEADLOCK OVER CREATION OF A UNITED NATIONS ARMY.

THE VIEW IS HELD BY THESE OFFICIALS THAT THE LONG-AWAITED FORCE CAN ONLY COME INTO BEING AFTER A GENERAL SETTLEMENT OF MAJOR GLOBAL DIFFERENCES BETWEEN RUSSIA AND THE WEST.

THE U.N. MILITARY STAFF COMMITTEE HAS LAID A REPORT BEFORE THE SECURITY COUNCIL TELLING OF THE "LATEST STALEMATE" AND IN EFFECT ADMITTING ITS FAILURE TO REACH ANY IMPORTANT AGREEMENT DURING TWO AND A HALF YEARS OF STUDY.

BECAUSE MOST DIPLOMATS FEEL THAT NOTHING CAN BE GAINED BY DEBATE AT THIS STAGE, THE COUNCIL IS EXPECTED TO PIGEON-HOLE THE REPORT.

THE COMMITTEE--COMPRISING THE CHIEFS OF STAFF OF THE BIG FIVE--HAS BOGGED DOWN REPEATEDLY BECAUSE OF ITS UNANIMITY RULE. RUSSIA HAS STOOD ALONE ON MOST ISSUES AGAINST THE UNITED STATES, BRITAIN, FRANCE AND CHINA.

THE BIG DIFFERENCE CENTERS AROUND SOVIET INSISTENCE THAT EVERY MEMBER OF THE BIG FIVE CONTRIBUTE EXACTLY THE SAME NUMBER OF SHIPS, PLANES AND MEN TO THE INTERNATIONAL FORCE. THE MAJORITY VIEW IS THAT THE CONTRIBUTIONS SHOULD BE COMPARABLE TO TAKE CARE OF SUCH SITUATIONS AS CHINA HAVING NO AIRCRAFT CARRIERS.

INABILITY OF THE BIG FIVE TO AGREE THERE HAS GREATLY REDUCED THE POTENTIAL STRENGTH OF THE U.N. IN WORLD AFFAIRS. THE CHARTER PROVISION FOR A GLOBAL FORCE TO BACK UP DECISIONS WAS WELCOMED IN THE EARLY DAYS OF THE PEACE AGENCY AS AN INDICATION THAT THE U.N. WOULD GO FURTHER THAN THE TOOTHLESS LEAGUE OF NATIONS.

THE SECURITY COUNCIL ALSO IS EXPECTED TO SHORTEN DEBATE ON SEVERAL OTHER ISSUES IN EFFORTS TO WIND UP BUSINESS AUG. 21 AND PREPARE FOR TEMPORARY TRANSFER TO PARIS. BRITAIN TAKES OVER THE COUNCIL PRESIDENCY IN SEPTEMBER UNDER THE MONTHLY ROTATION SYSTEM AND A SPOKESMAN SAID ANY COUNCIL MEETINGS AFTER SEPT. 1 WOULD BE HELD IN PARIS OR GENEVA. THE GENERAL ASSEMBLY OPENS IN PARIS SEPT. 21 AND THE COUNCIL WILL MEET IN THE FRENCH CAPITAL DURING THE ASSEMBLY.

REMAINING ON THE AGENDA OF THE 11-NATION BODY ARE TRIESTE, PALESTINE, CEYLON'S MEMBERSHIP APPLICATION AND THE STILL-INCOMPLETE REPORT OF THE COMMISSION SEEKING TO SLASH ARMAMENTS.

IN AN ALL-DAY COUNCIL MEETING YESTERDAY, RUSSIA REJECTED A UNITED STATES DEMAND THAT TRIESTE BE GIVEN BACK TO ITALY. THE SOVIET UNION MEANWHILE SUPPORTED AT LENGTH THE CHARGES OF YUGOSLAVIA THAT THE U.S. AND BRITAIN ARE VIOLATING THE ITALIAN PEACE TREATY THROUGH THEIR ADMINISTRATION IN THE INTERNATIONALIZED TERRITORY OF TRIESTE.

THE UNITED STATES SAID MARSHAL TITO IS TRYING TO ANNEX TRIESTE TO YUGOSLAVIA IN VIOLATION OF THE TREATY AND THE ONLY WAY OUT IS TO GIVE THE STRATEGIC ADRIATIC PORT AREA BACK TO ITALY. RUSSIA IN TURN CHARGED THE WESTERN POWERS WITH TRYING TO SABOTAGE THE TREATY AND WITH CREATING A GERMAN-PATTERNED BIZONIA IN TRIESTE.

THE FREE TERRITORY OF TRIESTE WAS DIVIDED INTO U.S.-BRITISH AND YUGOSLAV ZONES UNDER THE TREATY. EACH NATION HAS ABOUT 5,000 TROOPS ON DUTY. THE TERRITORY WAS PLACED UNDER THE COUNCIL WITH MILITARY RULE TO END UPON APPOINTMENT OF A GOVERNOR. RUSSIA AND THE WESTERN POWERS HAVE NOT BEEN ABLE TO AGREE ON A GOVERNOR AND EACH HAS CHARGED THE OTHER WITH STALLING.

THE LATEST U.N. FISCAL REPORT SHOWED TWO MEMBERS--COSTA RICA AND PARAGUAY-CONTINUED TO OWE PART OF THEIR 1946 ASSESSMENTS AND ALL OF THEIR ASSESSMENTS FOR 1947 AND 1948.

UNDER THE U.N. CHARTER, MEMBERS WHO OWE MORE THAN TWO YEARS CONTRIBUTIONS CAN BE BARRED FROM VOTING IN THE GENERAL ASSEMBLY.

THE REPORT SHOWED FOUR OF THE SIX ARAB COUNTRIES IN THE U.N. HAVE MADE NO PAYMENTS TOWARD THEIR 1948 SHARE OF THE U.N.'S OPERATING COSTS. THESE WERE EGYPT, SYRIA, IRAQ AND YEMEN.

SOME ARAB LEADERS HAVE THREATENED FROM TIME TO TIME TO WITHDRAW FROM THE U.N., BUT THERE WAS NO INDICATION THEY WERE WITHHOLDING THEIR ASSESSMENTS BECAUSE OF U.N.'S ACTION ON PALESTINE.

TWENTY-ONE OF THE U.N. MEMBERS ALREADY HAVE PAID UP IN FULL FOR 1948. THESE INCLUDE THE UNITED STATES, WITH ITS PAYMENT OF $13,841,032. RUSSIA, BRITAIN, FRANCE AND CHINA HAVE MADE PARTIAL PAYMENTS.

THE TOTAL U.N. BUDGET FOR 1948 IS $34,698,000. OF THIS AMOUNT, $24,806,855.42 HAS BEEN PAID.

THE REPORT SHOWED NICARAGUA HAD PAID 16 CENTS TOWARD HER ASSESSMENT OF $13,879. THERE WAS NO EXPLANATION, BUT IT WAS ASSUMED THIS AMOUNT WAS CREDITED FROM AN OVERPAYMENT LAST YEAR, AS SOMETIMES HAPPENS.

COUNTRIES WHICH HAVE MADE NO PAYMENTS ON THEIR 1948 ASSESSMENTS INCLUDED:

COLOMBIA, COSTA RICA, CUBA, ECUADOR, GUATEMALA, ICELAND, IRAN, MEXICO, PARAGUAY, SIAM AND VENEZUELA.

THE WESTERN ALLIES FROZE RUSSIAN MARK ACCOUNTS IN WESTERN BERLIN BANKS TONIGHT IN A RETALIATORY BLOW AT THE SOVIET SQUEEZE IN THE GERMAN CAPITAL.
"THE PURPOSE OF THIS ORDER IS TO EMPHASIZE THAT NO UNILATERAL ORDER FROM SOVIET AUTHORITIES CAN RELIEVE THE CITY GOVERNMENT OF ITS OBLIGATION TO MEET ALL OF ITS BUDGETARY COMMITMENTS IN THE WESTERN SECTORS OF BERLIN," A BRITISH OFFICIAL STATEMENT EXPLAINED.
THE RUSSIANS PREVIOUSLY HAD FROZEN ACCOUNTS OF FIRMS IN WESTERN BERLIN UNLESS THEY PROMISED TO DO BUSINESS ONLY IN THE RUSSIAN CURRENCY. Mrs. Kosenkina Leaps From Soviet Consulate, In Hospital After 3-Story Jump to Escape Reds; Molotov Demands U. S. Give Up the Samarines

WOMAN TUTOR, 52, HEAVILY GUARDED IN N. Y. HOSPITAL

Authorities Refuse to Permit Russian Officials to See Her

LEFT SEVERAL LETTERS

Plunge Climaxes Series of Court Battles Over Instructor's Custody

NEW YORK, Aug. 12—(AP) A Russian woman teacher flung herself from a third floor window of the Russian consulate today and tonight told a friend from her hospital bed, "I had to get out."

The teacher, Mrs. Oksana Stepanovna Kosenkina, 52, lay critically injured in Roosevelt hospital. Her dramatic mid-afternoon leap climaxed an amazing story with international ramifications.

Police at the hospital said she told them she had jumped deliberately.

Later she asked that a White Russian (anti-communist) friend, Vladimir Zenzinov, be brought to her bedside.

Police took him to the hospital and as he left, he told newsmen she said:

"Had to Get Out," She Declares

"I was struggling to break out. You know—." Here he gave a pantomine of pushing obstacles aside. "I was like a bird in a cage. I had to get out."

Mrs. Kosenkina jumped into the consulate courtyard at 3:20 p. m. (EST). She landed enmeshed in the wires of a fence.

Police on guard outside leaped the fence to help her. They reached her just as consulate employes picked her up and carried her inside. Forty minutes later she was taken to the hospital.

Zenzinov, a journalist, described himself last Saturday as the man who spirited the teacher away from New York and to a White Russian camp at Valley Cottage, N. Y., 30 miles north of the city.

Soviet officials took her from there Saturday. Their self-described "rescue" of her brought to light her story.

Zenzinov had to wait an hour at the hospital to see the teacher, while she recovered from effects of sedatives.

Friend Reassures Her

A witness to the meeting said she embraced the journalist, and that Zenzinov told her "the police and the U. S. government were behind her and that nothing could happen to her now."

Asked if he believed Mrs. Kosenkina had been held at the consulate against her will, which the Soviets have denied vigorously, Zenzinov replied with a shrug:

"What do you think—if a woman has to jump out a window to get away."

Mrs. Kosenkina's plunge to the consulate courtyard highlighted a day that saw these other events on the Russian front:

1. Questioning by the House un-American Activities Committee of a fellow-Russian teacher, Michael Ivanovitch Samarin, who has renounced his Soviet citizenship and announced his desire to remain in this country. The committee said he added nothing to its spy probe, however.

2. Sharp reiteration by President Truman of his charge that the espionage investigation was a red herring designed to blanket inaction on his anti-inflation program.

3. A demand in Moscow by Soviet Foreign Minister V. M. Molotov that persons involved in the alleged White Russian "kidnaping" of Mrs. Kosenkina be punished and that Samarin and his family be turned over to Soviet authorities. Molotov's declaration was made before he knew of Mrs. Kosenkina's leap.

4. A demand by Rep. Karl Mundt (R-SD) of the House committee that Mrs. Kosenkina's leap be investigated fully as to whether "she jumped or was thrown," and that she be given around-the-clock protection.

5. An assertion by Common Cause, Inc., anti-communist group, that the jump proved its "charge that she was being held against her will." The organization said it believed "this heroic escape of hers will convince the American government that the time has come to end the privileges and exaggerated diplomatic immunities behind which the hordes of Soviet officials have practiced espionage and subversion in America." Common Cause, before the teacher jumped, tried unsuccessfully to have her produced in court.

6. A statement by Sen. Styles Bridges (R-NH) that the woman teachers "tragic and dramatic escape" proves "the immediate necessity of limiting Russian activities in the United States."

Zot I. Chepurnykh, Soviet vice consul who went to the hospital to try to see Mrs. Kosenkina, was asked about her statement that she had jumped. He replied:

"What else could it be. She was very nervous and kept complaining about the crowds in front of the building since her return."

He said she left several letters "but only to her relatives in Russia."

The police refused to permit Chepurnykh to see her.

Earlier at the hospital Deputy Chief Police Inspector Edward Mullins said the teacher told him:

"I did jump."

Under Heavy Guard

A 24-hour guard has been placed around her, Mullins added. He said policewomen would be in her room at all times.

The questioning was brief, Mullins said, because Mrs. Kosenkina was slipping into unconsciousness.

The teacher was carried into the consulate after her leap at 3:20 p.m. (EST). Forty minutes later she was removed to the hospital.

Police were told by Yakov Lomakin, the Soviet consul general, that Mrs. Kosenkina jumped or fell from the window after hearing a radio broadcast which told of the international wrangling about her. He said she was alone in a room at the time.

Charging that the teacher was a prisoner in the consulate, an anti-communist group, Common Cause, sought to have her produced in State Supreme Court this morning. Lomakin declined to obey the court's order.

Denies She was Prisoner

After her plunge, the consul general told police she was not held against her will.

Justice Samuel Dickstein, who signed the writ of habeas corpus directing the teacher to appear in court, reserved decision today on any further steps. He pointed out that "international questions" were involved.

Mrs. Kosenkina's dramatic leap climaxed five days of mounting tension revolving around her. In the background have been the sensational charges of spying on behalf of Russia aired before congressional committees in Washington.

After her body landed in the courtyard next to the consulate building, Soviet officials and police both raced to pick her up.

The officials got there first while police were scrambling over a fence. They carried her into the consulate with two patrolmen right behind them. She was moaning:

"Leave me alone."

At first other police were barred from the building but later they were admitted while arrangements were made to take her to the hospital.

Police radio was pressed into service to order a completely clear path through midtown Manhattan to the hospital.

The ornate consulate, situated on 61st Street just off Fifth Avenue in a fashionable section of New York, was the scene of great excitement when the woman plunged to the ground.

Scores of reporters and policemen have been outside the building all week, ever since the storm of controversy broke about Mrs. Kosenkina.

As the teacher lay moaning in a courtyard with wire from a fence tangled about one leg, police started to scramble over the fence after her. But attaches from the consulate rushed out and carried her inside.

Moans "Leave Me Alone"

A reporter who speaks Russian said she was moaning, "Leave me alone. Leave me alone."

Police stationed outside the consulate had difficulty in reaching Mrs. Kosenkina as she lay in the courtyard after her plunge.

Her body was against a wire mesh door leading from the yard to the consulate building. Consulate employes rushed out and had to push the teacher aside to open the door to get to her.

Meanwhile, two patrolmen had scrambled over an iron fence to her side. They accompanied the employes who carried her into the building.

Mrs. Kosenkina was not taken to the hospital for 40 minutes. In the interval Police Detective Frank Farrel sought to enter the consulate and at first was refused admittance. After 10 minutes, he was allowed in and helped carry her stretcher to an ambulance.

Police barred another woman and two men, who came out of the consulate, from entering the ambulance. Three Soviet officials went to the hospital later and were admitted. Reporters were barred by police.

Bizarre Developments

The bizarre sequence of events involving the teacher began last Saturday when police in Rockland County were advised that the teacher had been taken from a White Russian (anti-communist) camp at Valley Cottage. The camp is run by Alexandra Tolstoy, youngest daughter of the late Count Leo Tolstoy, Russian author.

Lomakin, who headed the party which brought Mrs. Kosenkina from Valley Cottage to the consulate here, then called a press conference to give his side of it.

With the teacher present and presumably confirming his statements, he declared she had been kidnaped by the White Russians just before she was to sail for her native land. He said his party had "rescued" her after receiving a letter from her.

The consul general has continued to maintain all week that she was happy in the consulate and was ready to return to Russia as soon as transportation became available.

However, Lomakin refused to permit police to interview her, although he demanded that they investigate her alleged "kidnaping" and he said emphatically that a subpoena of the House Committee on Unamerican Activities could not be served on her.

"Baloney," Miss Tolstoy Retorts

Miss Tolstoy said Lomakin's statements were "a lot of baloney."

She insisted Mrs. Kosenkina left the camp with the Soviets because she was "terrorized" and said the teacher was terror-stricken at the idea of returning to Russia.

Vladimir Zenzinov, a Russian anti-communist writer accused by the Soviets of aiding in Mrs. Kosenkina's "kidnaping," said last Saturday she had told him her husband, also a teacher, was seized by Soviet secret police in 1937 and that she had not seen him since.

The controversy about the teacher landed in the courts with a bang yesterday.

Common Cause, Inc., self-described anti-communist group, obtained a writ of habeas corpus from Justice Dickstein directing Lomakin to produce Mrs. Kosenkina in court today.

The application for the writ said she was held a prisoner in the consulate by "power, deceit and terror." Christopher Emmet, chairman of the Board of Common Cause, said he had not talked with the teacher before asking for the writ.

But, he said, she "should be released from the Soviet consulate and brought before American authority not only for her own sake but also because the investigation and prosecution of foreign espionage and Communist subversion are primarily matters of American security."

Lomakin did not appear in Supreme court today but he did advise Justice Dickstein he was checking on his rights in the writ of habeas corpus suit.

Court Delays Action

The justice announced he was delaying any further action. Previously, he had been quoted as saying he would send the sheriff for Lomakin and Mrs. Kosenkina if they did not show up in court.

The international questions to which the justice referred apparently bothered the State department in Washington, too.

It sent an urgent message to Gov. Thomas E. Dewey in Albany asking that action against the consul be held up. Dewey promptly relayed the request to Dickstein, explaining he was just as intermediary in the matter.

The State department acted after receiving a protest from the Soviet ambassador against issuance of the writ by the court.

Dickstein said Lomakin notified him he was seeking advice from the Soviet Embassy in Washington "as to his rights and status on this question."

"This matter is important enough to give to the consul general every opportunity to consult with his embassy," Dickstein said.

"It is also important for the court to consult with the State department because there are some international questions involved here with respect to these persons who were brought here, whether under diplomatic immunity or as employes."

"These persons" apparently referred to Mrs. Kosenkina and other teachers who came to this country to teach in a school for children of Russian personnel to the United Nations.

SOVIET ENTERS ITS PROTEST TO COURT ACTION

State Department Asks Dewey to Withhold Further Action.

AIMED AT CONSUL-GENERAL

Governor Requests Courts to Defer Further Proceedings—Case Unprecedented.

Washington, Aug. 12 (A. P.).—Russia protested to the United States today against a New York court order directing the Soviet Consul-General in New York city to produce in court a Russian schoolteacher.

The State Department promptly telegraphed Gov. Thomas E. Dewey asking that any further action against the Consul be held up for the time being.

[In Albany Dewey immediately sent to the State Supreme Court in New York the State Department's request that the action be delayed. James C. Hagerty, Dewey's press secretary, explained in announcing this that the Governor, in this case, was the official channel of communication between the New York court and the State Department. Hagerty said one copy of the communication was going to Supreme Court Justice Samuel Dickstein and another to Presiding Judge David W. Peck of the Appellate Division, First Department.]

Russia's move and the department's action were announced by a State Department spokesman.

The New York court order directed Soviet Consul General Yakov M. Lomakin to produce in court at 10:30 A. M. today Mrs. Oksana Kosenkina. Lomakin ignored the order.

Mrs. Kosenkina is the woman school teacher that Lomakin says he "rescued" last week from a White Russian retreat. She has been secluded in the consulate since. Congressional committees looking into alleged Communist spy activities want to question her.

Presumably, Lomakin's failure to obey the court order would lay him open to further action by the New York State Supreme Court.

The Soviet Government, in today's protest, took the position that it does not recognize the jurisdiction of the court over its consul in this case. The State Department has thus far not formulated a formal American Government postion.

At a news conference, State Department Press Officer Michael McDermott announced that early this morning Soviet Ambassador Alexander S. Panyushkin sent the protest to the State Department by messenger.

McDermott said the Soviet Ambassador "raised the question of immunity and asked that the department address an appropriate communication to the New York Supreme Court."

McDermott then noted that "the Governor of the State of New York is the channel of communication between the State Department and the State Supreme Court."

McDermott continued:

"The department this morning telegraphed Gov. Dewey advising him of the protest from the Soviet ambassador. The department informed the Governor that it has received no official information concerning the matter—other than the communication from the Soviet ambassador and information which has been presented in the press.

"The department suggested that if the Supreme Court Justice contemplated furtheer action against the Soviet Consul General that Justice Dickstein hold the matteer in abeyance to give us a chance to study the problem in the light of official reports we have not yet received."

All Without Precedent.

McDermott said that relations between Gov. Dewey and the State Supreme Court are a matter of New York constitutional law and he did not know what action the Governor might take or whether he would simply pass on the State Department request to Dickstein.

American officials have been in a quandary over the case of the Consul General because they say it is completely unprecedented. McDermott indicated yesterday that the American Government would not concede the same degree of diplomatic immunity to a Consul that it would accord to an ambassador or a member of an ambassador's personal staff.

What degree of immunity is provided for the Consul General, however, and what effect that may have on the New York court action remains to be defined.

McDermott later held another news conference at which he read a rough translation of the Soviet protest. McDermott said:

"The department this morning received a note from the Soviet Embassy informing the department that on August 11 the Soviet Consul General in New York received a writ of habeas corpus from a Justice of the Supreme Court of New York State to deliver to the court of the Borough of Manhattan of the City of New York at 10:30 A. M., August 12, Oksana Stepanova Kosenkina, who allegedly was detained and is being imprisoned.

"The embassy stated that it wished to call the attention of the department to the fact that the entirely inadmissable assumption contained in this document to the effect that the consul general of the U. S. S. R. could detain and imprison a citizen of the country which he represents is incompatible with the dignity of the Soviet consulate, the necessity for the observance of which derives from international custom and the norms of international law.

The Embassy's Argument.

"The embassy said that the delivery of the writ was in complete contradiction of the rights its foreign consulates enjoy and should enjoy and that the judicial organs of a country in which a consul resides may not impose on him obligations to sesure the appearance in court of citizen of the country he represents and in general any obligations whatsoever which do not relate to him personally but are in connection with his official activity.

"The embassy stated that the demands of the justice could not be executed by the Consul General as he does not have the right and the possibility to compel Oksana Stepanova Kosenkin who is a free citizen of the Soviet Union to appear in a Court of the State of New York. The embassy requested that the department of State direct an appropriate communication to the Supreme Court of the State of New York at today's session."

Six Days In A Teacher's Life

New York, Aug. 12 (AP)—Six days ago no one in America except a handful of Russian consular workers and Russian schoolchildren had ever heard of Mrs. Oksana Stepanovna Kosenkina.

But in those six days, the 52-year-old schoolteacher has become the center of an international incident.

Here is the six-day sequence of events in her life:

SATURDAY, AUGUST 7

At 1 P.M., police in Clarkstown, N.Y., were told to hunt for a Russian woman, reported "kidnapped" from a White Russian farm retreat at Valley Cottage, N.Y.

Later, it was revealed, a car from the Russian consulate in New York went to the farm and drove away with a woman, identified as Mrs. Kosenkina.

In New York, Russian Consul General Jakob Lomakin held a news conference. With a woman identified as Mrs. Kosenkina sitting beside him in the consulate, he said she had been "rescued" after the White Russians "kidnapped" her.

SUNDAY, AUGUST 8

Mrs. Kosenkina remained unseen at the consulate, while another teacher from the school for Russian diplomats' children took the spotlight. He was Michael Ivanovitch Samarin, who walked into the FBI office and asked to be interviewed.

MONDAY, AUGUST 9

Samarin kept the spotlight. The consulate asked New York city police to hunt for him, and he was reported to be hiding at a White Russian retreat in New Jersey. But Mrs. Kosenkina stayed out of sight at the consulate.

TUESDAY, AUGUST 10

The State Department ruled that the House Committee on Un-American Activities could subpoena Mrs. Kosenkina. But as long as she stayed in the consulate, the State Department said, the Committee couldn't serve the subpoena.

New York police tried to get into the consulate to interview Mrs. Kosenkina, but were turned away.

WEDNESDAY, AUGUST 11

Common Cause, Inc., an organization which said it is trying to arouse Americans to the danger of communism, sought a writ of habeas corpus in the State Supreme Court to get Mrs. Kosenkina out of the consulate.

The Soviet consul general, served with the writ, immediately announced he would not produce the schoolteacher in court.

THURSDAY, AUGUST 12

Lomakin was due at 9.30 A.M., to bring the teacher into court.

By 10.20 A.M., neither Lomakin nor Mrs. Kosenkina had appeared.

In Washington the Russians had

30.24- 19719

protested to the State Department against the court order.

The State Department said it had telegraphed Gov. Thomas E. Dewey asking that the State Court's action be held up for the time being.

Lomakin advised the court he was checking into his rights in the matter.

So, shortly before noon, Justice Dickstein said he would reserve his decision "because of the international questions involved."

Then—at 3.20 P.M.—she plunged from the consulate window. She said, in the hospital, she had jumped deliberately.

Leap Held Proof Of Russ Bondage

New York, Aug. 12 (AP)—Common Cause, Inc., which instituted court proceedings to free Mrs. Oksana Stepanovna Kosenkina from the Soviet Consulate, said tonight her jump was "proof of the charge that she was being held against her will."

"We hope and believe that this heroic escape of hers will convince the American Government that the time has come to end the privileges and exaggerated diplomatic immunities behind which the hordes of Soviet officials have practiced espionage and subversion in America," the organization said in a statement.

"They are now shown to have also practiced here, as they did in France, one of the gravest crimes in our criminal code, kidnapping, and perhaps attempted murder."

Common Cause describes itself as an anti-Communist organization.

RUSS PROTEST CHARGES U.S. 'KIDNAPPINGS'

'Criminal Action' In Case Of 2 Soviet Teachers Alleged By Molotov

London, Aug. 12 (AP)—Russia has protested to the United States that American authorities connived in the alleged kidnaping of two Soviet schoolteachers in New York, the Moscow radio said tonight.

Soviet Foreign Minister V. M. Molotov summoned United States Minister Walter Bedell Smith to the Kremlin last night to deliver the protest.

The text of the broadcast as made public in London by the Soviet monitor made it appear that the protest was delivered tonight. The monitor later made it clear that Molotov summoned Smith last night.

Molotov's declaration said United States authorities were in collusion in a "criminal action" involving the Russian teachers, Mikhail Ivanovitch Samarin and Mrs. Oksana Stepanovna Kosenkina.

Testified At Secret Session

Samarin testified today in Washington at a closed hearing of the House Committee on Un-American Activities. A woman identified by police as Mrs. Kosenkina plunged from a window of the Soviet Consulate in New York and was injured critically.

Molotov insisted that Samarin, his wife and their three children be released immediately to the Soviet Consulate in New York. He said the FBI proved itself connected with Samarin's alleged abduction by the fact that he was questioned by agents.

The protest did not demand Mrs. Kosenkina's release since she was at the consulate at the time Molotov summoned Smith.

The Moscow radio said "Gen. (Walter) Bedell Smith promised to bring the Soviet Government's declaration to the notice of the United States Government and assured Mr. Molotov that the American authorities would make a strict investigation into the facts set out in this declaration."

Protection Promised

[There was no immediate comment from the State Department at Washington on Molotov's protest. However, Gen. George C. Marshall, Secretary of State, said at a news conference yesterday that a previous protest, from Soviet Ambassador Alexander Panyushkin, regarding the Samarin case, was based on incorrect information.

[Marshall said a statement by Samarin published in the New York *Times* showed he was not being held forcibly, as Panyushkin charged. General Marshall made plain the United States Government would protect any individual testifying in the Communist spy investigation if he complies with United States laws.

The broadcast quoted the declaration as saying "on July 31, a number of Soviet citizens were to have left New York for the Soviet Union on the S.S. Pobeda."

They included, the broadcast said, "the teachers of the Soviet school in New York, Kosenkina and Samarin, with his wife, K. M. Samarina, and their three young children, Tatyana, Elena and Vladimir."

The declaration said the teachers failed to show up, although their luggage was aboard, and Mrs. Kosenkina had left her apartment between July 30 and 31.

Says She Sent Note

A week later, "thanks to mere chance," Soviet Consul General Yacov M. Lomakin received a note from the woman, the declaration alleged, saying she was at Reed Farm in the vicinity of New York "which belongs to a White Guard gangster organization going under the name of the Tolstoy Foundation."

"In her note," the declaration said, "Kosenkina asked the Soviet consul to save her from the hands of this organization, which by all sorts of threats was trying to get her to refuse to return home and to publish in the press a declaration hostile to the Soviet Union."

The broadcast of Molotov's protest interrupted a tirade on the Kosenkina and Samarin cases by Mikhail Mikhailov, one of the Moscow Radio's top commentators.

Reporting that the Russian public was "deeply indignant," Mikhailov recalled what he termed a "terrorist attempt" on the life of the Ukrainian delegate to the United Nations in New York in 1946.

"Suspicious Impotence"

"The Americans displayed at that time the same suspicious impotence that they do today," he said. "The criminal who shot at the Ukranian delegate has not been run to earth yet."

[Gregory Stadnik, a member of the Ukrainian delegation to the United Nations was shot in the right thigh November 21, 1946, during a holdup of a Manhattan delicatessen by two armed men.

[Police reported at the time that Stadnik and another Ukrainian entered the store just as the thieves were leaving. Police believed the holdup men mistook the pair for detectives. Stadnik has since returned to the U.S.S.R.

[Ukrainian officials registered formal protests over the incident, charging it was "premeditated" and a "political crime."

[New York police said tonight the holdup men have not been caught, but the case is still open.]

Charges Other "Persecution"

Other "clearly unlawful and insulting persecution" of Russian citizens in the United States, he said, included a demand in 1946 that the Soviet delegation to the All-Slav Congress register as foreign agents—which resulted in the delegation and a group of Ukrainians leaving the country.

Mikhailov repeated charges made earlier today by the Communist party newspaper *Pravada* that the Federal Bureau of Investigation was implicated with the "White Guard" in the current cases.

"One might say that the White Guards did what they were told to do," he said.

"The facts indicate that the notorious Committee on Un-American Activities is also involved in the abduction of Soviet citizens," Mikhailov added.

Assails Mundt

"The acting president of this committee, Congressman Mundt, is displaying suspicious activity in his efforts to use the case of Kosenkina and Samarin in his anti-Soviet campaign," the Russian commentator said.

"Here," he added, "we see the Thomas-Rankin-Mundt Committee in the role of corrupting foreigners residing in the United States for the purpose of turning them into traitors to their country."

Mikhailov charged that simultaneously with acts against Russian citizens, "Americans use any means in their efforts to obtain spying information about the U.S.S.R."

These means, he said, include interrogation by occupation authorities in Europe of German and Austrian war prisoners returning from the U.S.S.R., and of Germans and Austrians employed in Soviet institutions.

Charges Spy Campaign

"Such prominent American political figures as Senator Bridges and John Foster Dulles openly demand that all espionage directed against the U.S.S.R. and other democratic countries be intensified," Mikhailov said.

Summing up, Mikhailov declared:

"Such is present-day America, such is the much-vaunted American liberty where gangsters and reactionaries act hand in hand."

Molotov was more brief and formal, and much less violent in his presentation to Ambassador Smith, much of which was devoted to a repetition of statements given at a news conference in New York by the Russian consul general.

He repeated the charge that Mrs. Kosenkina was drugged by her alleged kidnappers. He also charged the FBI was "connected with the organization which kidnapped Samarin," saying this was proved by Assistant Secretary of State Robert A. Lovett's confirmation that the FBI had questioned Samarin.

The Molotov Statement

LONDON, Aug. 12 (AP)—Following is the text of Soviet Foreign Minister Molotov's statement today regarding two Soviet teachers in New York, as recorded by the Soviet monitor:

On July 31 a number of Soviet citizens were to have left New York for the Soviet Union on the S. S. Pobeda, including teachers of the Soviet school in New York, Kasyenkina [Kosenkina] and Samarin, with his wife, K. M. Samarin and their three young children, Tatyana, Elena and Vladimir.

The Soviet teachers had not put in an appearance when the ship was due to leave, although they had previously paid their passage and had had their luggage put aboard. According to information received, the above mentioned persons were not to be found in their flats either; moreover, Kasyenkina had left her flat between July 30 and July 31. CORRECTION

On Aug. 1, a week after Kasyenkina's disappearance, did the Soviet Consul in New York, Y. [Jacob] M. Lomakin, thanks to mere chance, receive from her a note in which she reported that she was at Reed farm, in the neighborhood of New York, which belongs to a White Guard gangster organization going under the name of the Tolstoy Foundation.

In her note Kasyenkina asked the Soviet Consul to save her from the hands of this organization, which by all sorts of threats, was trying to get her to refuse to return home and to publish in the press a declaration hostile to the Soviet Union.

When arriving at the address given in the letter, the Soviet Consul did indeed discover there Kasyenkina, who expressed her desire immediately to go with him to the Soviet Consulate [in New York]. Despite this, the gangsters on the farm of the "Tolstoy Foundation" organization attempted by force to prevent Kasyenkina from leaving; however, they did not succeed.

On Aug. 7 at a press conference in New York, Kasyenkina told how in the course of the week she had been pursued by unknown persons, one of whom called himself Dr. Korzhinsky and the other, Leo Kostelyo, who attempted by threats and violence to make her refuse to return home. Kostelyo even resorted to violently injecting her with drugs, evidently with the object of weakening her will to resistance.

On the morning of July 31 Kasyenkina was kidnapped by the chauffeur of a motor car in which Korzhinsky had arrived that day. Korzhinsky took Kasyenkina to Riverside Drive, to the flat of White Guard Zensinov, whence she was taken to the Reed farm. During her stay at that farm Kasyenkina heard from Alexandra Tolstoy, member of the White Guard gang "Tolstoy Foundation" that Samarin with his family also were near by.

According to the New York correspondent of The United Press agency, Alexandra Tolstoy confirmed to this correspondent participation of her organization in the kidnapping of Samarin. On Aug. 9 Deputy State Secretary Mr. Lovett confirmed to the Soviet Ambassador in Washington that Samarin was subject to interrogation by the Federal Bureau of Investigation, which is connected with the organization which kidnapped Samarin and his wife and three children.

In addition to the declaration made by the Soviet Ambassador in Washington, I, on instruction of the Soviet Government, protested against the United States authorities' connivance in the above stated criminal action concerning Soviet citizens Kasyenkina, Samarin and his family. The Soviet Government insists on immediate release of Samarin and his family and on their transfer, until their departure home, to the General Consulate of the U. S. S. R. in New York, as well as on the punishment of all persons who have taken part in the kidnapping of the Soviet citizens.

General Bedell Smith promised to bring the Soviet Government's declaration to the notice of the United States Government and assured Mr. Molotov the American authorities would make a strict investigation into the facts set out in this declaration.

FBI Kidnapped 2, Pravda Says

Moscow, Aug. 12 (AP)—*Pravda* accused the United States Federal Bureau of Investigation today of kidnapping two Soviet school teachers.

Devoting nearly a full page to the cases of Mrs. Oksana Stepanovna Kosenkina and Mikhail Ivanovitch Samarin, *Pravda* charged the United States with "gangster tactics."

"It appears that in the country which brags of 'democracy' and vaunts its 'freedom,' gangster practices have already assumed such sweeping form that a Soviet citizen can perish only because he is faithful to his country and refuses to become a traitor and obedient weapon of the imperialist intelligence services," said the article, written by Y. Viktorov, a top-ranking Soviet journalist.

"Tolstoy Fund"

Viktorov said that the "Tolstoy fund is under the direct protection of the American authorities and, even more, is a direct weapon of American reactionary circles."

[This evidently referred to the Tolstoy Foundation, Inc., where Mrs. Kosenkina is reported to have stayed.]

"The fact that M. I. Samarin appeared by some means in the FBI established the fact that there are connections between the American police and the criminal white-guard-bandit organizations," Viktorov added.

Court Order Defied

[Mrs. Kosenkina at present is held by Soviet consulate officials in New York, who have defied a court order to surrender her. Samarin is reported in hiding from the Russians.]

"The whole Soviet people will support the decisive and just protest lodged by the U.S.S.R. Ambassador, who demands not only the freeing of Soviet Citizen Samarin, his wife and their three young children, but also demands urgent measures for cutting short the criminal activity, carried on with the connivance of certain American authorities, of white bandit organizations which are hostile to the Soviet Union and threaten the security and interests of Soviet citizens in the United States," the article said.

President Again Assails Spy Inquiry as 'Politics'

Samarin Renounces Russian Citizenship, Tells His Story to Probers

WASHINGTON, Aug 12—(AP)—President Truman assailed the congressional spy investigation with new vehemence today, saying it was a red herring with the strongest kind of smell.

He reiterated at a news conference his remark of last week that the herring was being dragged across the trail to distract attention from congress's failure to pass his anti-inflation program.

Meanwhile the House Committee on Un-American Activities questioned behind closed doors a Russian school teacher, Mikhael Ivanovitch Samarin. It announced, however, that the questioning brought out no information "pertinent" to its inquiry into charges that a wartime communist spy ring reached high into Washington officialdom.

Teacher Voices Death Fears

However, the teacher declared publicly after the secret session.

That he and his wife have renounced Soviet citizenship;

That he wants to tell about the condition of the Russian people under the Soviet dictatorship.

That he and his wife would be shot or sent to concentration camp for life if they were sent back to Russia.

Chairman Thomas (R-NJ) announced that Samarin would be given every possible protection.

Samarin, like Mrs. Oksana Stepanovna Kosenkina, was a teacher at a New York school for children of Russian officials.

Word that Mrs. Kosenkina had plunged from an upper story window of the Soviet Consulate in New York today created a sensation in Washington, where she had been discussed as a possible witness in the spy investigation. But there was no official comment.

There were other fast breaking developments today in the complicated spy investigation.

1. Chairman Thomas (R-NJ) of the House Un-American Activities Committee announced that "preliminary steps" have been taken to prosecute some of the witnesses at committee hearings on charges of lying under oath.

2. The committee questioned Charles Kramer and Abraham George Silverman closely for two hours. Both had been named by Elizabeth T. Bentley, self-admitted former communist spy, as former government workers who gave her information which she turned over to the Russians. Both men denied espionage but refused to state whether they are communists.

3. Thomas denied that the hearings will end soon. They will be continued "until we get at the root of the situation," he said, announcing a list of six witnesses for tomorrow. One of them is Lauchlin Currie, former confidential assistant to Franklin D. Roosevelt; another is Harry Dexter White, former assistant secretary of the Treasury.

Both Kramer and Silverman declined to say whether they know Miss Bentley, the committee's 40-year-old star witness.

Kramer now is engaged in research for Henry A. Wallace's progressive party. He held various government positions, some of them with congressional committees, between 1933 and 1946.

Silverman, likewise a former government official, said he now is unemployed.

Hebert, Witness Clash

When Rep. Hebert (D-La) asked Kramer why he would not answer statements made about him by Miss Bentley, the self-confessed former communist courier, Kramer said:

"This is not the forum for it."

"This is the forum for it," Hebert contradicted him. "This committee is out to find the facts."

Kramer retorted in a shout:

"You are not trying to find the facts. You are making a circus of this to hide what Congress has been failing to do."

Rep. Nixon (R-Calif) listened to Kramer's testimony, then told him "in my opinion you have committed perjury."

Rep. McDowell (R-Pa), another member of the committee, said it was "ridiculous" to think that the Soviet spy ring which operated in Canada stopped short at the U. S. border.

"It is fantastic and silly," McDowell continued, "to sit here and see known members of the communist party take the protection of the constitution. It is time that Kramer and others be drawn into the proper court, and I would like to promise you that you are going to get that."

The audience applauded.

The committee let Silverman, a former economic adviser for the air forces, read a prepared statement. In it he said:

"I am innocent of any charges of espionage or other criminal conduct. With regard to my accuser, who has done me such irreparable harm, I am compelled to conclude that only a mind distorted by fear or greed or deep frustration could construct an edifice of such monstrous falsehood."

Chairman Thomas said that George Morris Fay, United States attorney for the District of Columbia, has obtained a complete transcript of the spy hearings and is "particularly interested in the perjury angle."

Several committee members, after listening to conflicting testimony, accusations and denials have said flatly that somebody lied. They have urged that the Department of Justice institute perjury proceedings.

Samarin Interviewed

After the House committee had questioned Samarin, the Russian school teacher, behind closed doors, Rep. Mundt (R-SD) staged a formal public interview with him.

Six newsreel cameras lined one side of the room, with strong floodlights behind them, and more than a score of reporters tried to catch the halting English of the tall Russian. A husky man with thin blond hair, he turned his broad, smiling face from one side to another in response to shouts from the cameramen.

Mundt said first that he had asked Rep. Judd (R-Minn), a doctor, to examine Samarin because of a statement by Russian Ambassador Panyushkin that Samarin had suffered a head wound during the war. The ambassador's statement Mundt said, was intended to discredit anything Samarin might say.

Mundt then read a statement he said Judd had signed immediately after examining Samarin. The statement said there is "no scar or evidence whatsoever" of a gun shot wound or other head injury on Samarin.

Mundt then asked Samarin whether he desired to be called before the committee to testify. To this, Samarin answered crisply, "Yes, I did."

Washington, Aug. 12 (AP)—The House Un-American Activities Committee announced today that "preliminary steps" have been taken to prosecute some spy hearing witnesses for perjury—lying under oath.

Representative Thomas (R., N.J.), chairman of the committee, also announced that Michael Ivanovitch Samarin, former Russian schoolteacher, and his wife will be questioned by the committee in Washington instead of in New York, as originally planned.

On the perjury move, Thomas said George Morris Fay, United States Attorney for the District of Columbia, has obtained a transcript of all hearings in the committee's current investigation of an alleged espionage ring. Thomas said Fay is "particularly interested in the perjury angle."

Conflicting Testimony

Several committee members have demanded that the Justice Department institute perjury proceedings. They said testimony has been so conflicting that it was obvious some one was deliberately lying.

Thomas did not say when the Samarins will be questioned but said it will be in executive session, meaning behind closed doors.

A subcommittee headed by Representative Mundt (R., S.D.) was to have gone to New York today to question Samarin and his wife.

Mundt told reporters that Soviet agents suggested a trip to Moscow for Elizabeth T. Bentley when they began to suspect her loyalty to communism.

Awarded A Medal

Mundt said the invitation came after the Soviet Governmen awarded Miss Bentley a medal in 1945 for spy work. According to her story, she had then turned against communism and was secretly reporting to the FBI.

Mundt said he did not know whether the Russian purpose was to get her to Moscow and do away with her, or simply to test her.

Miss Bentley has been the key witness in the congerssional hearings. Many of those she has named as Government workers who gave information to the "spy ring" have denied her charges. Some of them, however, have refused to say whether they are Communists.

Kramer On Stand

Charles Kramer took that line when sent to the witness chair immediately after Thomas's announcements.

A tall, red-haired man of 41, Kramer is now doing research work for the Progressive Party, but from 1933 to 1946 woked for Government agencies and three congressional committees.

He was named by Miss Bentley and by Whittaker Chambers, another confessed former Communist, as a member of prewar and wartime groups in Washington working with the Communist party and with Soviet espionage agents.

Kramer refused to say whether he is or ever has been a member of the Communist party.

Miss Bentley Stood Up

He also refused to say whether he recognized Miss Bentley, who stood up in the hearing room.

Don't you want to defend yourself against these charges?" Thomas asked.

"Yes," Kramer replied, "but in the proper court, where the charges can be examined properly."

Kramer said he is a native of New York city, and was educated in New York public schools and New York University.

Mundt said Miss Bentley has told the committee that Soviet agents suggested she might like to take an advanced course in espionage at a Moscow spy school.

Ceremony Suggested

They told her, Mundt said, that Russia's Red Star Medal ought to be awarded her at "some big, public ceremony," and they apparently held out a hint that "Joe Stalin might do it himself" if she would go to Russia for a medal pinning.

Maybe, Mundt said, the Russians had been getting suspicious because Miss Bentley at first had refused their money, and perhaps they reasoned their suspicions would be confirmed if she turned down a trip to Moscow.

But Mundt said he doesn't rule out the possibility that they really wanted her so they could see to it that she disappeared.

Tells Of Getting $2,000

Miss Bentley yesterday unfolded a story of getting a $2,000 payoff from Moscow and being awarded the Red Star Medal by the Supreme Presidium of the Soviet Union.

She said a man she identified later as Anatol Gromov, second and later first secretary of the Soviet Embassy, gave her the cash in $20 bills and a peek at the medal. At

30.24- 19721

the time, she said, she knew him only as "Al" and a higher-up in Soviet espionage.

Al showed her the medal, Miss Bentley said, at a meeting in front of a Broadway movie theater in New York, but he didn't hand it over.

A few months later, about October 17, 1945, she said, Al gave her the $2,000 as she walked fearfully beside him along the deserted water front, with FBI men tailing cautiously behind.

Told FBI, She Says

Between those two events, in August, 1945, Miss Bentley said she had gone to the FBI field office in New Haven, Conn., to tell on her R.d associates. Even then, she said, she was "quite terrified of Russian agents."

George Silverman, listed by Miss Bentley among Government employés from whom she said she obtained wartime secrets for a pipeline to Moscow, was also called for questioning today.

Samarin Incident

Samarin went to the FBI with his story last Sunday. He had been booked to sail for home last month with the teachers and student body of the school the Russians had set up in New York for the children of Soviet diplomats.

But the Russian Consulate couldn't find him. When appeals to the New York police failed to turn him up, the embassy here filed a formal demand with the State Department that he be surrendered into Russian custody.

The State Department said nothing doing, at least until it investigates all the conflicting reports.

Quiz In Canada Planned

In Washington, still a third subcommittee of the House group is in the process of being set up. It is supposed to go to Canada to see about getting a statement from Igor Gouzenko, or to arrange for him to come to Washington.

Gouzenko is the former code clerk in the Soviet Embassy in Ottawa who helped break the case of the wartime Soviet spy ring operating in the Canadian Government. The House committee would like any information he might have about Red operations here.

Royal Canadian Mounted Police, who keep Gouzenko under careful guard, so far have taken a dim view of letting committee representatives quiz him.

Tentative Witnesses Described

As for today's witnesses here, Miss Bentley has testified that Silverman was a Communist and, while in the Air Corps, "quite a prolific source" of information.

She said he was at Harvard University with Lauchlin Currie and she understood the two were good friends. She said Currie took a tip to Silverman at Silverman's home.

Currie has said he had no access to information about codes, so he couldn't and didn't give such information to anyone. Currie is on the witness list for tomorrow. He asked to testify.

Kramer, Miss Bentley said, worked for Senators Kilgore (D., W.Va.) and Pepper (D., Fla.) at one time. She said she had been informed his real name is Krivitsky and that he told her he is a Communist of long standing.

BRIDGES URGES U.S. CURB ON RED ACTIVITIES

CONCORD, N. H., Aug. 12—(AP) U. S. Sen. Styles Bridges (R.-N. H.) declared tonight the "tragic and dramatic escape" of Mrs. Oksana Stepanovna Kosenkina from the Russian consulate in New York "highlights the immediate necessity of limiting Russian activities in the United States."

Hits 'Secret Police'

"There is no place for the Russian secret police in this country," Bridges said. "What is the sense of endangering the security of our country by allowing a horde of Soviet spies and secret police agents to roam about under the guise of legitimate Russian diplomatic representatives?"

Bridges, who is chairman of the Senate Appropriations committee, urged that Russian officials be limited to this country to the same narrow terms to which this country's officials are confined in Russia."

"Russians should be barred especially from American industrial plants," Bridges continued, "lest they learn secrets which may be used against the United States."

"We are a friendly nation but there is no sense in allowing our friendliness to be imposed on to the point where we will be destroyed because we trust spies and traitors," he said.

The senator said the manner in which Mrs. Kosenkina escaped from the Russian consulate indicated "the terror with which she anticipated the return to her native land."

"When a person is willing to risk death in preference to returning to Russia," he said, "conditions in the Soviet must be horrible indeed."

BALKS AT TRUMAN INQUIRY

Ferguson Calls Presidential Red Investigation 'Whitewash'

DETROIT, Aug. 12 (AP)—Senator Homer Ferguson, Republican, of Michigan, declared today that any committee appointed by President Truman to investigate Communist activities in the United States would appear to be an attempt to "white-wash" the Administration's record.

The chairman of the Senate subcommittee investigating the loyalty of Government employes referred to press reports that the President contemplated starting his own inquiry.

Denying any need for an administrative investigation, Mr. Ferguson said that the President had only to reveal to the Senate group "facts he and his executive officials know."

SOVIETS REPULSED IN BERLIN FORAYS

Attempted to Enter West Sector; GI Beaten in Food Riot (N)

BERLIN, Aug. 12—(AP)—United States and British military police turned back two Russian invasions of western-occupied sectors of Berlin today without resorting to violence.

The incidents added to the tension existing in this Soviet-blockaded city. They also served to point up the increasing danger of a clash arising from a recent split of Berlin's city police force into two rival camps.

Meanwhile, thousands of German workers in the American zone of Germany demonstrated against high food prices and the policies of the American military government. In Frankfurt a crowd beat an American soldier and his German driver. It was the biggest and nosiest demonstration in that city since the end of the war.

Border Forays Repulsed

In both the Berlin boundary incidents the Russian-controlled forces claimed they crossed the lines in pursuit of black market operators.

Charles C. Bond, assistant chief of the American military government's public safety branch, said he suspected the border forays were "just harassing tactics." He said it also was likely the Russians were looking for deserters from the Soviet army.

The incident which brought intervention from U.S. military police occurred in the American-occupied borough of Kreuzberg. According to American officials 30 Russian military police and 30 Soviet-controlled German police crossed the boundary to round up Germans living in the American sector and search houses. The American police forced them back across the line.

A few hours later Russians and German police forces, staging a mass raid at downtown Potsdamer Platz, crossed into the British sector to round up alleged German blackmarketeers.

Western sector police headquarters said it sent up a force of its own men backed by British military police. The British negotiated with the Russian military police who retreated without a clash.

The Soviet version of the Potsdamer Platz incident did not mention any violence but claimed that "under the protection of British sector police the blackmarketeers returned to their business."

American officials said radio teletype communications were being expanded so that Berlin will have a link with western Germany even if the Russians should cut land lines.

The Soviet news agency reported the Americans had cut three lines between Berlin and the Russian occupation zone. The report, which was promptly denied by American officials, gave rise to fears that the Russians themselves may be planning to cut wires to the west.

Germans Told of U.S. Firmness

An American military government spokesman, broadcasting on a U.S. zone hookup, said tonight public opinion surveys in the United States showed the American people wanted a strong stand against Russia.

Declaring that four out of five Americans said the United States should remain in Berlin even if it meant war, the spokesman said.

"The American people believe that peace is not to be found in retreat.

"There is, in fact, evidence that the American people feel that the government might well have even been firmer in its attitude toward the Soviet Union in past negotiations.

The British-licensed Berlin newspaper Telegraf said clothing factories and tailor shops in Soviet occupied Mecklenburg were busy with orders for Russian military uniforms.

"It is reported that the uniforms are intended for new Soviet troops whose arrival is expected in Mecklenburg in the near future," the newspaper said in a dispatch from Schwerin.

There was no confirmation of the report.

For the second successive day Russian-controlled newspapers disclosed that the Soviet plan to feed all of Berlin was hitting snags. The papers said Russian authorities believe the plan is being "consciously sabotaged" by German officials.

Termed "Propaganda"

When the plan was announced three weeks ago, American and British sources labeled it a propaganda effort designed to overcome the bad psychological effect the Soviet blockade on the city was having on the Germans and to bolster Russian claims there was no need for the western allies to remain in the city.

The anti-Communist press claimed "complete chaos" prevails in the administrative office the Russians established to handle the feeding program. This was the office which crowded the regular food bureau of the city government out of its quarters and forced it to seek space in western Berlin.

New Reports Of Shortages

There were new reports of food shortages in the surrounding Russian zone of Germany. Russian-licensed newspapers said punitive measures were taken in an attempt to cope with the situation.

A dozen Germans were reported jailed in Saxony for "stealing" crops from fields. Creamery operators in Mecklenburg were sent to prison for under-the-counter delivery of dairy products.

Despite heavy showers American and British planes continued flying supplies to Berlin's western sectors. United States flyers set a new record today, hauling 2,871 tons in 359 flights.

Third Berlin Bureau Splits East And West

Berlin, Aug. 12 (AP) — A third bureau of the elected Berlin city government was threatened today with a splitup between Russian and non-Communist control.

The Communist head of the Labor Department refused to abide by a decision of the city government to give the anti-Communist faction of the Trade Union Federation rights to negotiate with employers. He insisted that only the Communist faction, backed by the Russians, had such powers.

Complete Chaos Charged

The city police and food administrations already have been split by Communist refusal to accept Government orders.

The anti-Communist press said "complete chaos" prevails in the office the Russians established to handle their proposed feeding of all Berlin. It was this bureau which crowded regular city government food officers from the city hall, located in the Russian sector.

In further evidence of food shortages in the surrounding Russian zone of Germany, Russian-licensed newspapers reported punitive measures. A dozen Germans were jailed in Saxony for "stealing" crops from fields. Creamery operators at Mecklenberg were sent to prison for under-the-counter delivery of dairy products.

Tetetype Expanded

The American Military Government said it is expanding radio teletype facilities to handle communications should the Russians cut off land lines from Berlin to the West.

United States military police forced the withdrawal today of a squad of Russian military police and Soviet-controlled German policemen who had crossed into the American sector to search German houses.

American public-safety officials said there was no resistance from the Russians, most of whom already had stopped at the sector border as the German policemen went across. They added, however, that some

Russians crossed over and entered American-sector houses.

Russ Marks Frozen

The United States, British and French military governments made one of their sharpest retaliations yesterday since the Russians blockaded Berlin. They froze all Russian-sponsored East-mark accounts in Western banks.

The Russian bank in Berlin previously had frozen accounts of firms in Western Berlin. It refused to release the funds unless the firms agreed to do business only in East marks.

The Western occupation powers had been forced to help some firms meet their pay rolls because of the Russian freeze.

Red Control Barred

Meanwhile, Berliners have appealed to the Western powers to make no compromise in Moscow that might give the Communists control of the city.

Some 5,000 Germans at a rally in the United States sector last night cheered demands that no settlement be made at their expense. The meeting was sponsored by the conservative Christian Democratic Union.

The chief speaker, C.D.U. chairman Jacob Kaiser, asserted the Russian blockade had made Berlin "an island in a Red sea—but an island which will not surrender."

Ruined Its Chances

"Russia ruined its chances for winning understanding with all upright Germans by its acts here in the conquest of Berlin and afterward," said Kaiser, a veteran trade-union leader.

Both London and Moscow predicted representatives of the United States, Britain and France would meet again soon—possibly today—with Soviet Foreign Minister V. M. Molotov to discuss further the Berlin deadlock and kindred subjects. Secrecy shrouded any progress made thus far toward settling East-West differences.

Kaiser told the rally in Berlin the Western powers had made "mistake after mistake beginning in Yalta" in dealing with Communism. He demanded they now stand firm and uncompromising.

Ferdinand Friedensburg, Christian Democrat deputy mayor of Berlin, told the crowd there would be no compromise with the Communist minority, trying to wrest control of the city from the anti-Communist elected government.

Refuse To Move Office

"We are going to fight to the bitter end," he said. "We could move the city government out of the Russian sector, over to western Berlin, but we will not. We will stand fast and do our duty to the city as true democrats."

The Russian-controlled press charged again today that the Soviet plan to feed all Berlin was being "consciously sabotaged" by German officials and threatened to call them to "sternest account." This was the second straight day the Russians have disclosed their food project was not running smoothly.

Scarcely more than one per cent of the 2,075,000 western-sector residents have accepted the three-week-old Soviet food offer.

The British-American airlift has been meeting food requirements for the blockaded western sectors.

To Shorten Coal Lift

American officials said last night that United States coal-lift planes will begin operating from the British-zone airfield at Fassberg August 20. This will cut down the necessity of shipping coal from the Ruhr in the British zone by train to Frankfurt for pickup by American planes.

The Soviet-sponsored news agency, ADN, said last night the American military government had interrupted three telephone lines between Berlin and the Russian zone of Germany. American officials denied the charge.

The Americans said ADN's report could be a Russian maneuver to lay the basis for cutting telephone and telegraph communications between United States, British and French sectors of Berlin and western Germany.

The eleventh Superfortress in 24 hours landed at Lakenheath, England, last night. Its arrival brought the total of the B-29 bombers in England to 87. Three more Superfortresses are expected today.

Germans In American Zone (M) Mass To Protest U.S. Policy

R. O'REGAN

Frankfurt Germany, Aug. 12 (AP). Thousands of German workers demonstrated in the United States occupation zone today against high food prices and policies of the American Military Government. One crowd beat an American soldier and his German driver in Frankfurt.

An official of the Hessian trade-union said 300,000 persons turned out for mass meetings in the main industrial centers of Hesse. Demonstrators demanded that Gen. Lucius D. Clay, the American military governor, approve a law providing more say for workers in management.

The rally in Frankfurt was the city's noisiest and biggest since the end of the war. It drew approximately 20,000 office and industrial workers, who protested high food prices.

Want Director Ousted

The crowd called for dismissal of Prof. Ludwig Erhardt, director of economics for the British-American zones. Hecklers shouted "Hang the responsible men! The others were hanged, too."

An American jeep was overturned as it tried to force its way through the crowd. The German driver was assaulted. An American soldier got out of the jeep as it toppled over. He tried to keep away his attackers by brandishing a hammer, but was hit several times. Police arrived but made no arrests.

Thousands of plants, stores and offices closed their doors in the afternoon as workers poured out to the meetings, which were called by the Hessian trade-unions. Offenbach, Giessen, Kassel and dozens of smaller cities were among those affected.

Demand Price Controls

In most cases the workers passed resolutions demanding higher wages and lower prices and reinstatement of price controls. Many controls were dropped when the new western currency was introduced in June.

Speakers and banners assailed the United States Military Government for failure to approve the so-called works council law passed some months ago by the Hessian state parliament.

The law laid the groundwork for more active participation by workers' councils in affairs of industrial management. It would permit workers to have a say in matters of production and prices.

The law was passed by an overwhelming majority. It was supported strongly by the left-of-center Social Democrats and Communists. Opponents said it was a socialistic measure.

General Clay never has approved the measure.

300,000 PROTEST IN AMERICAN ZONE (D)

Frankfurt, Aug. 12 (A. P.).—German throngs estimated to total 300,000 demonstrated against high prices in the American zone today.

Mass meetings in all major cities of the State of Hesse demanded that Gen. Lucius D. Clay, the American Military Governor, approve a law to provide more rights for workers in management.

About 20,000 office and industrial workers protested angrily against rising living costs at a rally called by trade unions here in Frankfurt.

Some of this group overturned an American jeep and attacked an American soldier and his German driver who sought to drive through the crowd. The soldier brandished a hammer to keep the Germans away, but was hit several times before the police arrived. There were no arrests.

The rally was the largest and noisiest in this bizonal capital since the end of the war. Most industrial plants, stores and offices closed for the demonstration. The crowd called for the dismissal of Prof. Ludwig Erhardt, Director of Economics in the combined Anglo-American zone. Hecklers shouted: "Hang the responsible men. The others were hanged, too."

THREE ENVOYS SEE MOLOTOV (N)

Fifth In Series Of Kremlin Talks Held By West Group

T. P. WHITNEY

Moscow, Aug. 12 (AP)—United States, British and French diplomats talked today with Vyacheslav M. Molotov, Soviet Foreign Minister, in the fifth of a series of Kremlin conferences on the Berlin crisis and other East-West differences.

The session lasted for 2 hours and 45 minutes. When it was over, Walter Bedell Smith, United States Ambassador, said: "We are still without any conclusions."

Upon leaving the fortress-like seat of the Soviet Government, Smith, Frank Roberts, British special envoy, and Yves Chataigneau, French Ambassador, went to the American Embassy to discuss the communications they will send to their home capitals.

Expects More Parleys

There is no sign that the negotiations with the Russians are nearing an end. Asked if there would be more conferences, Smith replied: "We never know that, but I do think so."

When another correspondent remarked to Smith that he did not seem as tired as after the meeting Monday with Molotov, the American diplomat said:

"Well, it was a pleasant talk and it was shorter than last time." Actually today's conference was only about fifteen minutes shorter than the Monday session.

Believed Answers Were Given

It is known that Russian views were presented on Monday, and it is logical to suppose that the meeting today was devoted to the answers given by the United States, British and French governments.

The Western diplomats met at the American Embassy and talked among themselves before they saw Molotov. Then their cars moved along Nokhoaya street to the Spasski gates of the Kremlin in one of the hottest and most uncomfortable days of the year.

Smith appeared in excellent spirits when he returned to his embassy despite the fact that he has a bad cold. He joked with newsmen before climbing the stairs to his third-floor office.

WESTERN ENVOYS MEET MOLOTOV ANEW IN MOSCOW

Smith Says Later 'We Are Still Without Any Conclusions.' (D)

Moscow, Aug. 12 (A. P.).—The American, British and French envoys conferred with the Soviet Foreign Minister, V. M. Molotov, at the Kremlin for almost three hours today.

United States Ambassador Walter B. Smith, the French Ambassador, Yves Chataigneau, and the special British envoy, Frank Roberts, motored together from the American Embassy to the Kremlin at 5 P. M. (10 A. M. New York time).

"We are still without any conclusions," Smith said after leaving the Kremlin.

It was the fourth time in eleven days that the envoys had met with Molotov in an effort to solve the Russian blockade of Berlin and see whether a basis could be established for West-East talks on other differences. No sign appeared, however, that the talks are coming to an end in the near future. Such rigid secrecy has been imposed that there is almost no reliable information here on the trend.

May Appeal To Stalin

It was the fourth time in two weeks the Western representatives have called upon Molotov for talks aimed at ending the Soviet blockade of Berlin and a solution of other East-West differences in Europe.

In London it was said today that the West "can be expected to ask" Prime Minister Stalin to intervene personally in the Berlin stalemate if the talks with Molotov fail. The informant, who has been following the Moscow exchanges from the inside, said that up until yesterday there had been no sign of softening in the Western powers' line.

Ambassador Smith declared the three Western envoys would confer at the United States Embassy after the Kremlin meeting.

"I'll give you my usual no-comment statement," he said.

Truman Is Silent On Moscow Talks

Washington, Aug. 12 (A. P.).—President Truman was silent today on discussions in Moscow between Western Power envoys and Soviet Foreign Minister V. M. Molotov.

A reporter asked Mr. Truman at a news conference if it was possible to report on progress of the talks.

He said it was not.

Diplomats May Turn To Stalin For Accord

London, Aug. 12 (AP)—Diplomatic informants said today that if the Western envoys fail to reach agreement on the Berlin crisis with Vyacheslav M. Molotov, Soviet Foreign Minister, they will probably ask Prime Minister Stalin to intervene. A. GAVSHON

Stalin has been present only on one of the five occasions when the diplomats met Molotov.

Meanwhile it was disclosed that British Foreign Office legal experts are drafting a statute for control of the Ruhr by the six powers who are sponsoring formation of a provisional government for western Germany.

Under Russian Attack

Planning for such control of Germany's key industrial area—with Russia left out—and for a separate West Germany government are two aspects of the Western powers' German policy which Russia has attacked most fiercely.

Soviet leaders have emphasized that in any new Big Four consultations, such as Western diplomats are trying to arrange in Moscow, they will demand both the halting of the plans for a West German government and a voice in control of the Ruhr.

British officials were reluctant to define principles guiding their approach to the Ruhr statute, sought by Britain, France, the United States, Luxembourg, Belgium and the Netherlands.

Unprecedented In History

A Foreign Office spokesman said the document, when complete, will be "unprecedented in history because it vests economic control of a territory in a group of foreign states."

He emphasized the statute will be "purely provisional, in the sense that the London agreement to set up the West German government, of which it is a part, is an emergency step being taken pending achievement of all-German unity."

The statute will be discussed at a conference before its final adoption. No date for the meeting has been set. Presumably statute drafts are being made in Paris and Washington as well as London, and all will be presented.

Parents Who Bicker, Says Doctor, Give Child a 'Guilty Conscience'

W. OATIS

LONDON, Aug. 12 — (AP) A doctor gave this tip of quarrelsome parents today: stop bickering if you want your child to grow up without an excessive sense of guilt.

By all means don't use his love for spite. You may make him a criminal.

Dr. John Rickman of London, president of the British Psychoanalytic Society, handed out the advice in a conference on medical psychotherapy, part of the international congress on mental health.

A child feels guilty to begin with, he said. This is because hate for its parents is mixed with love. The specialists call this instinctive mixture of hate and love "ambivalence."

"It is hard for a child to grow up in a broken home or a potentially broken home without acquiring an added burden of guilt," Dr. Rickman said.

"Because of its ambivalence the child always feels some responsibility, unconsciously, for a broken home. A home is a potentialy broken one if one parent uses the child's affection as a weapon of offense or defense against the other parent.

"In a word, the child needs to see in its parents people who respect each other and can get along well together; this helps him to overcome his ambivalence and it diminishes his ever active guilt."

Later in life, said Dr. Rickman, people react in various ways to such guilt. Some draw within themselves. Some turn into sexual perverts. Some get interested in religion or charity. And some become criminals because they feel guilty and want to be punished.

Over-severe Parents Seen As One Cause of Aggression

(D)

London, Aug. 12 (A. P.).—Dr. D. R. MacCalman, professor of mental health of the University of Aberdeen, today told a child psychiatry session of the International Congress on Mental Health that over-severe parents and teachers are rearing the aggressors of the future.

"The injunction 'Spare the rod and spoil the child' has been interpreted as encouragement to lay the rod on lavishly," he said. "We know, too, that the commandment, 'Honor thy father and thy mother,' has been used to crush any hint of retaliation. Thus protected by Biblical sanction, the parents and teachers proceed joyfully to knock hell out of the little blighters. And what can the little blighters do but wait until they're big enough and strong enough to do likewise? Children so brought up are, as adults, aggressive and violent."

Dr. MacCalman cautioned, however, that lack of discipline in childhood can cause "grave maladjustments of personality." He added that a child in the grip of "primitive emotions" needs adults who are wise and kind. Delinquency increased during the war, he said, when parents left their children to their own devices.

Psychiatrists can deal with individual cases of human aggression, Dr. MacCalman said, but they are still groping as to the causes and cures of aggression in the mass. "Psychiatrists have formulated a few basic principles about the nature and causes of aggression," he said, "but little thought has been given to the use of our knowledge."

Equipment For Airmen Arrives At Liverpool

Liverpool, England, Aug. 12 (AP). Trucks, jeeps and other equipment for an estimated 3,500 United States airmen temporarily based in Britain were unloaded today.

Most of the supplies were reported destined for the British RAF base at Burtonwood, near Warrenton, Lancashire. United States C-54 transport planes used on the Berlin airlift are serviced and checked there. An Air Ministry spokesman said there now are about 1,500 United States Air Force officers and men at Burtonwood.

U. S. Mission Is Seeking Materials for Stockpiles

LONDON, Aug. 12 (AP).—The Treasury said tonight a five-man American mission will start talks next week with Great Britain and France on buying strategic raw materials for American stockpiles.

They will seek in particular to buy manganese, chromium, tin, lead, copper, graphite, palm and cocoanut oil, the spokesman said. The Americans will go first to Paris for talks with the Organization for European Economic Co-operation, then will consult the French government and will reach London Aug. 20.

The spokesman said the United States government hopes to get most of its needs from French and British colonies. He added: "Britain recognizes this to be one of the few solid benefits the United States will derive from the E. R. P."

The mission will operate under Evan Just, director of the strategic materials division of the Economic Co-operation Administration. His mission will include William Tamplin, mining consultant; H. A. Gray, transportation consultant; Clifton Mack, of the Bureau of Federal Supply, and Alan H. Smith, of the E. C. A. legal division.

British Curtail Smokes

Shops Limit Customers to Ten Cigarettes a Day

LONDON, Aug. 12 (AP).—Manufacturers cut cigarette and tobacco supplies another 4 per cent today. Shops rationed customers to ten smokes a day. Some retailers went out of business. Many cigarette users started rolling their own or falling back on pipes.

The manufacturers' action came a month after the Labor government reduced by one-sixth the amount of tobacco they could use. The order already has put workers in many cigarette plants on a part-time basis. The government said it acted to save dollars.

Spain 'Uncommitted' To Alliance With West

Barcelona, Spain, Aug. 12 (AP)—Foreign Minister Alberto Martin Artajo said today Spain "has not made any commitments" to fight with the Western powers in the event of war.

And there have not been any conversations designed to align Spain with the West in a war Martin Artajo said in an interview granted Antonio Sanchez Gomez director of the newspaper *La Prensa*.

Martin Artajo's interview was granted in response to a reques for comment on an article by Constantine Brown, Washington *Evening Star* columnist, who wrote that Spain would side with the Western powers in the event of war. Martin Artajo said Brown "did no more than express his personal opinion." He added: "On this subject there have been no conversations of any kind and likewise Spain has not made any commitments."

UN VOTES LIQUIDATION OF CHILDREN'S APPEAL

GENEVA, Switzerland, Aug. 12—(AP) The United Nations economic and social council voted today to liquidate the U. N. appeal for children. Collections thus far have reached $16,000,000.

The council voted, eight to seven with three abstentions, to adopt a New Zealand resolution to wind up the international appeal organization by the end of this year.

The resolution was supported by the United States, Britain, France and Canada. The delegates of these countries expressed the opinion that National Children's fund organizations could continue to operate without the unnecessary expense of an international coordinating organization.

Australian foreign minister Herbert V. Evatt led the opposition to the resolution. He said liquidation would mean "a great loss of prestige to the United Nations."

Hessian Youth Magazine Suspended For Attacks

Frankfurt, Germany, Aug. 12 (AP)—The United States Military Government in Hesse suspended for two months today the German magazine *Free Youth*. The Americans charged that the magazine was maliciously critical of the United States-sponsored German youth administration.

Dr. James R. Newman, military governor of Hesse, said the publication gave the impression the youth administration was supported exclusively by German taxes. It omitted mention of the United States Army's "enormous outlay" in personnel and supplies to support the youth program, Newman said.

16 JETS TO START HOME

Shooting Star Planes Will Leave Germany Today

WIESBADEN, Germany, Aug. 12 (AP)—Sixteen American jet fighter planes in Germany will fly back to the United States tomorrow.

The F-80 Shooting Stars arrived in Germany July 25 after the first transatlantic flight by American jet planes. They will go back the way they came, via England, Iceland, Greenland, Labrador and Bangor, Me.

They soon will be replaced by sixty-nine jet fighters which arrived Aug. 4 in Scotland aboard the carrier Sicily.

Italian Trade Mission Leaves For Moscow

Rome, Aug. 12 (AP)—A mission seeking to restore normal trade between Italy and Russia left for Moscow today.

The group, headed by Ugo La Malfa, also will seek to work out Italy's $100,000,000 war reparations to Russia. La Malfa is head of the Chamber of Deputies' financial

committee.

The Italian Foreign Office announced the mission's main objectives are: To work out a friendship, commerce and navigation accord; reciprocal trade agreements na dspecifications for reparations payments.

In explaining the work of the mission, the Foreign Office said there would be strict adherence to Marshall-plan requirements.

Greeks To Attack Rebels' Last Big Supply Line

Athens, Aug. 12 (AP)—The Greek Army prepared a final assault today on the last major guerrilla supply route from Albania.

Government troops paved the way for the drive by capturing the mountaintop fortress of Alevitsa yesterday. This victory cut communications of the Communist-led guerrillas in the Grammos Mountains and eastern Macedonia. It also opened a year-round supply base for the Greek Army.

A general staff spokesman called the conquest of the 4-foot-thick pillboxes on the 5,000-foot peak the greatest success of the Grammos campaign. O'QUINN

Army Uses Artillery

The final victory came after a three-day battle. The Army used heavy artillery to knock out guerrilla guns.

A general staff spokesman said the guerrillas opened fire today on troops occupying Alevitsa from a height astride the Albanian border. At the same time, press dispatches said Government troops have taken Mount Prophet Elias, in the Oxya region.

Six Red Attacks Repelled

A staff spokesman said the army has captured 5,000-foot Paliostrounga Height on the central front and attacked the town of Kalambaka in Thessaly. Reinforcements were rushed to Nationals fighting in the city's suburbs.

The army repelled six Communist counterattacks on Vourbiani in the southwest sector, a communiqué said.

The guerrilla forces, led by Markos Vafiades, are cut off from rebels in the Vitsi area, a general staff spokesman said. Capture of Alevitsa, he added, darkened Vafiades's hopes of holing up in the Grammos Mountains for the winter.

With the entire central sector of the Grammos Mountain front in action, Government forces also captured another height south of Alevitsa. Press reports said the army threw a fresh attack on the massive 5,500-foot peak of Pyrgos and also was fighting at Paliostrounga and Groussia.

Wide Advance Indicated

These reports indicated that the army was advancing along the entire perimeter of the front.

King Paul signed a decree today adjourning Parliament until further notice. The postponement reportedly was to prevent a difficult situation which might arise as a result of a proposal by a number of members demanding that Parliament set up a special commission to investigate the question of army supplies.

The Government was said to consider that this would prejudice national interests at the present time.

Parliament will probably reconvene October 1.

Partisans "Disarmed"

London, Aug. 12 (AP)—A Tanjug dispatch from Tirana today reported that Greek Partisans fleeing into Albania before the Greek Army drive were being disarmed by the Albanians.

Tanjug is the official news agency of neighboring Yugoslavia.

"The Albanian Ministry of Home Affairs," said the dispatch, "issued a statement saying that a certain number of Greek Partisans have crossed to Albania during the last few days. They have been disarmed and sent into the interior of Albania."

BRITAIN DEMANDS RUSSIANS PROVE CLAIM TO DANUBE

SINGLETON

BELGRADE, Yugoslavia, Aug. 12—(AP) Britain demanded today that Russia prove her claim of being a Danubian country with direct territorial interests in the future of Europe's most important river.

British Ambassador Sir Charles Peake raised the issue as the outnumbered western powers attempted to block a Soviet plan which would place future control of the rives in the hands of eastern Europe's communist states.

Russia has proclaimed herself—along with Czechoslovakia, Yugoslavia, Romania, Hungary, Bulgaria and the Soviet Ukraine—as one of the riparian countries (those on the rivers) entitled to exclusive jurisdiction over the 1,800-mile waterway.

Red Claim Challenged

Waving a small scale map of eastern Europe, Peake said he could discover no point at which the Danube touches the soil of Russia proper, although the river does touch the Ukraine, a part of the Soviet Union.

Peake called upon Soviet Deputy Foreign Minister Andrei Vishinsky to supply a reason why Russia, under the Soviet plan, should be entitled to two seats—her own and the Ukraine's—on the proposed Danubian control commission.

Vishinsky said in reply:

"I don't know what Sir Charles has, but certainly I have never seen any map which shows Britain on the Danube."

Automatic Grant

He said Austria and Germany automatically will receive seats on a new commission to control the Danube but declared "a lot of questions" must be settled first.

The British ambassador threw his country's support behind a United States amendment designed to broaden the commission to include the three big western powers. The American plan also calls for the immediate admission of Austria to the commission and ultimately of Germany.

Meanwhile, the United States delegation offered to trade away America's claim to a seat on the commission in return for full and equal representation for Austria and Germany. The delegation's deputy chairman, Walter A. Radius, said:

"I wish to point out the United States does not insist on being a permanent member of the commission.

U. S. Stand Explained

Radius declared U. S. interests in the Danube reflect only American concern in the economic welfare and progress of Europe in general.

The American proposal for broadening the commission drew sharp attacks from communist-dominated countries. Ales Bebler, Yugoslav deputy foreign minister, charged the United States with attempting economic penetration of the Danube and said if the attempt is successful it would be followed by political penetration.

Then Peake got the floor. In perhaps the strongest speech yet delivered here by a western delegate he chided Yugoslavia for lack of gratitude and convenient forgetfulness of wartime aid and postwar reconstruction help from the United States.

The Briton reminded Bebler that Yugoslavia never raised the question of economic penetration when millions of dollars of UNRRA relief, largely financed by the United States, were being poured into Yugoslavia. He declared there was not a shred of evidence to support the charge of economic penetration.

Romanian Foreign Minister Anna Pauker argued that the interest of the United States in the river must be political. She claimed it could not be economic since only one American ship used the Danube in 1939.

Cannon told the conference that the United States interest in the Danubian question is based upon its effort to preserve peace and in the "economic progress of Europe in general." He said that interest is not limited to one region.

The American amendment drew a prompt and sharp attack from members of the Communist majority, which foreshadowed defeat of the amendment, probably late today.

U.S. "Not Sincere"

Ales Bebler, Yugoslav Deputy Foreign Minister, asserted the American delegation is "not sincere" in claiming its only interest in the Danube lies in peace and economic progress. He charged the United States with "endeavoring to penetrate entire regions economically."

"Political penetration follows," he said.

He declared German membership before the peace treaty "inadmissible" and said the United States has been responsible for dividing Germany in two.

Anna Pauker, Romanian Foreign Minister, took a similar line. She said that in 1939 only one American ship, a vessel of 400 tons, used the Danube.

UNRRA Aid Is Cited

British Ambassador Sir Charles Peake cited Yugoslavia's acceptance of UNRRA assistance in challenging charges that America and Britain were attempting economic and political penetration. He said the Yugoslavs had "conveniently forgotten" about this UNRRA aid.

Peake said a British amendment which paralleled the American one had also been handed in. He said that if the American amendment was rejected he would withdraw the British amendment to avoid repetition of the same arguments.

U.S. Offers Reds Deal (D) On Danube Parley Seat

Belgrade, Yugoslavia, Aug. 12 (AP)—United States offered today to trade away its seat on a new Danubian Control Commission in return for representation for Austria and Germany.

"The United States does not insist upon becoming a permanent member," said Ambassador Cavendish Cannon. "When Germany and Austria become members of the commission, and adequate provision is made for nonriparian representation, the United States is prepared to give up its position."

The offer was laid down as the conference began debating the Soviet proposal that membership on the commission be limited to the Danubian states alone. This proposal would give eastern Europe's Communist bloc exclusive control of the 1,800-mile trade artery.

Reich Role Considered

The United States has offered an amendment to set up immediately an all-member commission which would provide for "full and equal" membership for Germany just as soon as she receives a peace treaty, or earlier if agreement is reached by the other members of the com-

Ana Pauker Returns To Romania

Bucharest, Romania, Aug. 12 (AP). Ana Pauker, the Communist Foreign Minister, returned suddenly to Bucharest by plane tonight. She had been heading the Romanian delegation at the Danube conference in Belgrade. No explanation was given for her return.

IMPUGNS SOVIET DANUBE RIGHT

Briton Challenges Russia to Prove She Has Any.

Belgrade, Aug. 12 (A. P.)—Britain challenged Russia today to prove that she has riparian rights on the Danube—prove, that is, that the river touches Soviet soil.

Russia claims to be one of the riparian states with the right of jurisdiction over the waterway. So does Soviet Ukraine. The latter, however, does touch the Danube—just barely. But if Ukrainia is considered separate from the rest of the Soviet Union, the nearest Russian point to the Danube's banks would be hundreds of miles away.

Earlier today the United States offered to trade away its seat on a new Danubian Control Commission in return for representation for Austria and Germany. "The United States does not insist upon becoming a permanent member," said the American Ambassador, Cavendish Cannon. "When Germany and Austria become members . . . and adequate provision is made for non-riparian representation, the United States is prepared to give up its position."

The offer was laid down as the conference began debating the Soviet proposal that membership on the commission be limited to the Danubian states alone. This proposal would give Eastern Europe's Communist bloc exclusive control over the 1,800-mile river.

Yugoslavs Oust Three Bosnians

Belgrade, Yugoslavia, Aug. 12 (AP)—Yugoslav Communists have swept three state cabinet ministers out of office in Bosnia-Herzegovinia in their drive to strengthen their governing power in the country, it was disclosed today.

The shakeup followed last week's firing of the Vice President and several ministers in Montenegro.

Belgrade newspapers said the Presidum of the southern republic (province) of Bosnia-Herzegovinia made these replacements: Vojo Ljujic, Forestry Minister, with Ilija Materi; Slavko Michanovic, Minister of Education, with Radoavan Papic; Obren Starovic, Minister of Finance, with Ilija Doshen.

Advo Humo, former Bosnian minister without portfolio, was named Vice President. It was not made clear whether the office was vacant or if Humo succeeded an incumbent.

The newspaper carried the report without comment. Promises to strengthen party ranks made at the recent congress of Yugoslav Communists were being carried out throughout the country.

Hungarian Flight Reported

VIENNA, Aug. 12 (AP)—The British-sponsored Weltpresse reported today an entire company of Hungarian frontier policemen had fled to the British zone of Austria yesterday. The newspaper said the 120 men had been accompanied by their families. They asked the British to send them to displaced persons camps. The policemen said they opposed the Communist Government in Hungary and that non-Communists were being purged from the police force and sent to "training camps" outside the country.

500,000 Russ Deaths In Poland Laid To Nazis

Warsaw, Poland, Aug. 12 (AP)—A Soviet war crimes commission said today the Nazis killed more than 500,000 Russian prisoners of war in 45 camps in Poland.

The commission said it found mass graves near Warsaw, in the region formerly East Prussia, and in southeastern Poland.

TEVOSYAN OBTAINS SOVIET METAL POST

Young Armenian Will Direct Merged Ferrous and Non-Ferrous Production

MOSCOW, Aug. 12 (AP)—Ivan T. Tevosyan emerged today as the most important industrial executive in Russia.

A Government decree placed him in charge of a merger of the Ministry of Ferrous Metallurgy and the Ministry of Non-Ferrous Metallurgy.

The merger unites all enterprises producing all metals from pig iron, steel and rolled steel products through nickel, zinc, tin, aluminum, lead, manganese, alloys and other metallurgical products. Mr. Tevosyan's control extends to thousands of large enterprises from the Black Sea to the Pacific.

Another decree merged the Ministry of Timber Industry with the Ministry of Paper and Cellulose Industry. The administration of the hydrolysis and sulphite industry was added, George Orlov was made minister of the new division, called the Ministry of Timber and Paper Industry.

Mr. Tevosyan is an Armenian. He has been considered one of the most talented young administrators in the Soviet Government. He had headed the old Ministry of Ferrous Metallurgy, concerned mainly with steel production.

The decree said that the merger had been made "for better use of productive capacities and their further development, necessary for the growing needs of the economy."

Ivan Tevadrosovitch Tevosyan was named Vice Commissar of Defense Industries in June, 1937. When that Commissariat was split into four parts in January, 1939, he took over the Commissariat of Shipbuilding. In May, 1940, he succeeded Fedor Merkulov as chief of the iron and steel industry.

In October, 1939, Mr. Tevosyan headed a delegation to Berlin to arrange for the construction of naval vessels for the Soviet Union in return for shipment to Germany of Russian raw materials.

Services In Moscow Held For U.S. Seaman

Moscow, Aug. 12 (AP)—A memorial service was held today for Cabell Bowles, of the United States Embassy's naval staff, who died Monday. Bowles, a chief pharmacist's mate, was from Covington, Virginia.

The service was held at the Church of St. Louis of the French. The Rev. G. A. Laberge officiated. All Bowles's fellow residents of American House, the home for enlisted men and male Embassy clerks here, attended the rites.

Also present were Rear Admiral Leslie C. Stevens, naval attaché; Maj. Gen. Robert C. Macon, the military attaché, and officers of their staffs.

LATRUN BLAST WRECKS PUMPS (N)

Israel Calls Sabotage Grave Breach Of Truce

C.L. DAVIDSON

Tel Aviv, Palestine, Aug. 12 (AP), Saboteurs today blasted the Latrun pumping station, vital to Jerusalem's water supply. The Government of Israel declared the act constituted a glaring breach of the United Nations truce, "fraught with the gravest consequences."

At Haifa a United Nations spokesman said the blast had been reported to the United Nations Security Council at Lake Success as a truce violation by the Arabs. He said the Arab Legion was in control of the Latrun area and must be held responsible. The spokesman added, however, that a truckload of Arab "irregulars" had been seen near the station an hour before the blast.

Bernadotte Blames Arabs

[In Rome, Count Folke Bernadotte said: "We think Arab irregulars are responsible for this crime."

["I am very disappointed with this destruction," the United Nations mediator said. "I repeat once more that if I had received the United Nations guards—I only asked for 40 who would have guarded the place day and night—this would not have happened."

[Bernadotte arrived in Rome en route to Geneva and Stockholm where he will attend the International Red Cross convention. In Geneva tomorrow he will confer with R. G. A. Jackson, United Nations assistant secretary general; Sir Ralph Cilento, of the United Nations social affairs department, and Dr. Herbert V. Evatt, Australian Minister for External Affairs.]

The station had been held by the Arabs, but was placed in a "no man's land" yesterday by agreement between the Arab Legion and the United Nations. The station had been taken over by United Nations personnel. The Arabs had withdrawn to about 1,000 yards away.

The blast wrecked United Nations plans to start delivering water to Jerusalem tomorrow. Brig. Gen. William E. Riley, senior American observer for the United Nations, and other United Nations officials arrived at the scene shortly after the blast. Flames prevented an immediate approach to the station.

Jewish officers at Al Kubeib, closest Jewish strongpoint to the station, said:

"We heard two heavy explosions about 9 A.M."

Walls Damaged

Through binoculars the pumping station appeared to be standing, although the walls were blackened and damaged.

Technicians had been scheduled to make minor repairs at the station, one of a series of booster points to lift water through the pipeline from the coast to Jerusalem.

The blast prompted the Israeli Government to withdraw a previous agreement to evacuate the villages of Ajanjul and Buweira and permit unarmed Arabs to return.

The villages are situated near strategic hill "312," which the Jews refused to yield. The hill overlooks the highway to Ramallah, an Arab strong point.

No Water For Jews

Moshe Shertok, Foreign Minister, sent a note to Count Folke Bernadotte, the United Nations mediator, informing him of the decision to retain the villages.

"We feel we must review the whole position afresh in the light of this most glaring breach of truce," Shertok told Bernadotte.

No piped water has been available to Jewish residents of modern Jerusalem since a week before British forces withdrew from Palestine May 15.

A Jewish source here said Bernadotte agreed to postpone his demand for changing the Latrun lines in light of the situation caused by the pump station blast.

Newsmen who tried to approach the station were turned back by Lieut. Col. James B. McDougall, a United States Army infantry officer who is a United Nations observer in Palestine.

McDougall, of Detroit, Mich., said, "I'm not allowing anyone near that place until I get orders from my superior officers."

Still Optimistic

[In his talk to reporters in Rome Count Bernadotte said he was still optimistic that his new attempt to halt gun firing in Jerusalem will succeed.

[He has asked the Jews and Arabs to refrain from returning fire directed at them after 6 A.M., G.M.T., tomorrow.

[The Arabs have agreed and Bernadotte said "it will be difficult for Jews to reject it."

[The United Nations mediator said he believed the end of the shooting would be the first step in demilitarizing Jerusalem.]

Latrun Pumping Station Ripped By 2 Blasts (N)

Tel Aviv, Israel, Aug. 12 (AP)—Two explosions blasted and burned the Latrun pumping station halfway between Jerusalem and Tel Aviv early today, wrecking United Nations plan to deliver water to Jewish Jerusalem by tomorrow.

The pumping station was taken over by United Nations observers yesterday. Technicians were scheduled to make minor repairs and start some operations today.

The station is one of several booster points to lift water through the pipeline from the coast over the Judean hills to Jerusalem. All the other stations are in working order and are held by the Jews.

Placed In No-Man's Land

The Latrun station was held by the Arabs but it was placed in no-man's-land by an agreement between the Arab Legion and the United Nations.

Lieut. Col. Al Perry, chief United Nations observer here, was informed of the explosions at 4 A.M. He left promptly for Haifa to report to United Nations headquarters there.

Col. Frank Begley, chief observer of the convoy and water route who left yesterday for Rhodes with Count Folke Bernadotte, the United Nations mediator, repeatedly has asked for Marine guards at the pumping station to prevent sabotage.

Arabs Had Withdrawn

United Nations observers reported yesterday that the Arabs had withdrawn at least 1,000 yards from the pumping station. The Arab Legion had promised not to interfere with its operation.

[At this point one take of this dispatch was held by censorship. It may be delayed or stopped.]

United Nations headquarters here said seven men in civilian clothes were seen around the pumping station earlier last night. They were warned away by United Nations guards living in a Trappist monastery near the station.

Sneaked Past Checkpoint

Later, seven men apparently sneaked past the United Nations checkpoint with a truck and blasted the station. All seven were seen fleeing in a truck.

The station is on the edge of the perimeter of the Latrun camp where the British once detained Jews suspected as members of terror groups.

No piped water has been available to Jewish residents of modern Jerusalem since a week before British forces withdrew from Palestine on May 15. The pipes were damaged during Arab attacks on Jewish convoys near Bab El Wad, west of the Holy City.

For several weeks experimental pumpings have been carried out along the pipeline route from the coastal region north of Tel Aviv to Jerusalem. The present daily allotment for the city's 100,000 inhabitants in this unusually hot and arid summer is one gallon per head.

Bernadotte Calls A Cease-Fire In Palestine

Rhodes, Aug. 12 (AP)—Count Folke Bernadotte cracked down on Palestine belligerents today, ordering Arabs and Jews to halt the shooting in Jerusalem after 2 A.M. (E.D.T.) tomorrow.

The United Nations mediator acted after a midnight-to-dawn battle raged yesterday through the city's outskirts. It was the biggest fight since the United Nations-ordered truce went into effect.

Bernadotte said the Arabs have accepted the order, "but so far I have received no reply from the Jews."

He said the order directed both Arabs and Jews to see that all units—regular and irregular troops—do not return any fire because "it's easier for the United Nations observers thon to tell which party starts the firing."

Initiative From Jews

Bernadotte received reports from his observers just before he left Palestine for Rhodes. Seventy-five observers now are on duty.

"From these reports," he said, "it is my opinion that the initiative for the shooting came from the Jewish side. The Jews, however, told me it was started by the Arab side."

A Tel Aviv dispatch said thousands of rifle shots and heavy artillery shells whistled over Jerusalem Tuesday night and early yesterday. Although the battle was mainly in the hills and valleys in the outskirts of the city, stray bullets whizzed through the streets in the center of the town.

Situation Tense

Bernadotte said the situation in Jerusalem is tense. He said he was concentrating his efforts on demilitarizing the Holy City because he thought that was the only way to get it "quietened down."

In Tel Aviv, sources close to the Israeli Cabinet predicted that the New City of Jerusalem will be annexed to Israeli within two weeks. The informants said a decision to annex the Jewish-held areas of the Holy City has been taken by the Cabinet in secret session.

Lebanon Paper Suspended

BEIRUT, Lebanon, Aug. 12 (AP).—The government today suspended publication of "Albayik," important opposition newspaper. No reason was given.

Chinese Take Tangyang

Nanking, Aug. 12 (AP)—A Government spokesman said today that National troops recovered Tangyang, 35 miles north of Ichang, and drove Communist forces northward, removing any immediate threat to upper Yangtze ports.

Didn't Approve Ban On Japs, Swing Says

Tokyo, Aug. 12 (AP)—Maj. Gen. Joseph Swing, commander of the United States 1st Corps at Kyoto, denied tonight that the Army had authorized Japanese police to ban mass meetings, as charged by the Russian member of the Allied Council for Japan.

In a statement issued here, Swing said Japanese police about July 12 issued a regulation covering mass meetings and demonstrations, "but such parts of those instructions which might be construed as interfering unduly with the right of assembly were rescinded promptly by my orders."

Asked American Advice

Swing said Osaka police had difficulty in Korean riots last May and and that they had been told that unauthorized parades and demonstrations were being planned for July 13 and 15. He said the police, wishing to prevent a recurrence of the riots, had asked American tactical troops how to preserve order.

The 25th Infantry Division, General Swing said, prepared an informal memorandum in answer. The Japanese police, the corps commander added, acted on this informal memorandum in issuing their regulation on mass meetings.

Ordinance Ordered Tabled

Shortly thereafter, the American General continued, the Osaka City Assembly, "on its own initiative," passed an ordinance on the same subject. He said he felt, however, that some provisions of this ordinance violated the occupation directive on civil liberties for the Japanese people and he had ordered it tabled pending further consideration at the Assembly meeting next month.

Russian Maj. Gen. A. P. Kislenko in a letter to General MacArthur, Supreme Allied Commander, yesterday charged the Osaka police with prohibiting meetings and demonstrations under a directive from the provost marshal of the United States 25th Infantry Division.

The Russians also demanded that General MacArthur withdraw his suggestion to the Japanese Prime Minister that Government workers be denied the right to strike. The Government banned such strikes.

Japan's Technical Ways Made Available to Allies

TOKYO, Aug. 12 (AP).—Scientific and technical processes of industrial or commercial value owned by Japanese were made available today to the eleven nations of the Far Eastern Commission. An Allied Headquarters order was handed to the Japanese government to accomplish this under an F. E. C. directive.

Twenty-five foreign technical representatives will be allowed to function in Japan at any one time. Each of the Eleven missions operated in Japan by member nations of the F. E. C. will be entitled to two technical representatives; the remaining three will be prorated among the missions.

Processes and techniques under Japanese ownership or origin and developed before Dec. 31, 1945, will be available. Those not of Japanese ownership or origin and developed since then are outside the scope of the order. In addition, no scientific or technical information of primarily military value will be accessible.

Rhee To Proclaim Republic Sunday

Seoul, Aug. 12 (AP)—President Syngman Rhee will proclaim the first democratic government of Korea at an 11 A.M. ceremony on the capitol grounds Sunday.

Congratulations to the newly completed government will be extended by Lieut. Gen. John R. Thodge, commander of American forces in South Korea; Maj. Gen. William F. Dean, military governor; and Dr. Rufino Luna, Philippines member of the United Nations Korean Commission. The commission sponsored the election at which the Assembly of the new government was chosen.

The voting was restricted to South Korea. Russians barred balloting in the north and denied observers entry there.

Transfer To Start Monday

Rhee and Hodge have agreed that the job of transferring functions of the military government to the new republic, preliminary to American withdrawal, will begin on Monday.

Many Koreans have been asking how soon the United States would formally recognize the new government, but American officials here have given no indications that recognition might precede Sunday's ceremony.

Communists may ignore the ceremony.

Reds Emphasize Own Election

Although radio propaganda from Soviet-controled North Korea continues to say that the new southern government must be "destroyed," its heaviest emphasis recently has been on the north's scheduled August 25 election.

The election, the Red radio has announced, will choose a legislative body for the Soviet-sponsored Korean government in that zone. South Koreans have been urged to participate in that voting by sending in "secret" ballots.

Nanking Recognizes Korean Republic

Nanking, Aug. 12 (A. P.).—A Foreign Office spokesman announced tonight that China would accord provisional recognition to the new Republic of Korea, which is to take over in the American occupation zone on Sunday. He said that Dr. Liu Yu-wan would be China's representative in Seoul, with the rank of Ambassador.

Big Navy Plane Missing Near Guam

Guam, Aug. 12 (AP)—A four-engine navy Privateer with a crew of nine and two aerologists aboard was missing today on a weather reconnaissance flight 450 miles north of Guam.

The big plane, the Navy's version of a Liberator, left the Naval Air Station at Agana this morning and was due back shortly after noon.

Planes of Fleet Air Wing 1 started a search for the plane when it failed to return.

Russ-Chilean Diplomat Exchange Set Aug. 27

Santiago, Chile, Aug. 12 (AP)—An exchange of Chilean and Russian diplomats has been arranged for August 27, a diplomatic source announced.

The Chilean diplomats have been stymied in Moscow and the Russians in Santiago since Chile broke off diplomatic relations with Russia last October. Crux of the argument was Soviet refusal to permit the Russian daughter-in-law of Ambassador David Cruz Ocampo to leave Moscow.

Under the exchange agreement, the diplomatic informant said, the Ambassador's son, Alvaro, will remain in Moscow with his wife until the United Nations acts on a Chilean protest against the Russian refusal to permit Soviet wives of foreigners to leave.

The exchange, to be made through Argentina, will involve 5 Chileans and 41 Russians, the informant said.

Torpedo Near F.D.R. Ship

Washington, Aug. 12 (AP)—In the midst of the war, November 14, 1943, a torpedo just missed a battleship, the U.S.S. Iowa, which was carrying President Roosevelt and the chiefs of staff to the Cairo and Tehran conferences.

The incident is told in the current installment of "The Secret Papers of Harry L. Hopkins," appearing in *Collier's* tomorrow.

When the torpedo was sighted President Roosevelt was on deck watching an anti-aircraft drill. Suddenly a sailor yelled, "It's the real thing," and all the ships' guns let go at a torpedo 600 yards away. It passed astern of the Iowa.

Came From U.S. Destroyer

No furth explanation of the incilent is made other than the one offered at the time: The torpedo came from one of our own destroyers (unnamed in the article) and "must have been unloosed because of the heavy seas in some unaccountable fashion."

The installment tells further of the various plans for the war, offered at Cairo by Roosevelt and Prime Minister Churchill, and a week later, at Tehran, by Marshall Stalin, who joined the top planners for the first time.

Churchill insisted that the Allies take Rome, although Stalin felt further advances in Italy would mean little.

Wanted Turkey To Fight

Churchill talked of several possible maneuvers in the Mediterranean and spoke often of inducing Turkey to enter the war. Stalin felt there was little to be gained by scattering forces in the eastern Mediterranean, and guessed that Turkey would refuse to fight.

Stalin felt that a diversionary attack should be made through southern France at the time of the Normandy invasion.

At Tehran, on November 28, 1943, Roosevelt broke the news to Stalin that the invasion of France had been set at that time for May, 1944. Stalin for the first time said that Russia would enter the war against Japan as soon as Germany was defeated.

In talking of middle Europe, Stalin disclosed his determination to keep the Baltic States.

International State

He had said that Poland's western borders should extend to the Oder River. Roosevelt countered that he wanted to be sure that approaches to the Baltic Sea would be open, and spoke of setting up an international state near the Kiel Canal.

Stalin appears to have misunderstood, the article says, and replied "emphatically" that the Baltic people had voted to join the Soviet Union, and hence were not a subject for discussion. On explanation, he was willing to agree to free navigation to and from the Baltic Sea.

Stalin felt that the plans of Churchill and Roosevelt for the subjugation of the Germans were "inadequate." He felt the Germans could not be reformed. He felt that Hitler was able, but not basically intelligent, and he disagreed with Roosevelt's estimate that Hitler was "mentally unbalanced."

Stalin urged that, in addition to announcing "unconditional surrender" terms for Germany, the Germans be told the exact terms. He felt they would surrender sooner if they knew the worst.

Soviet Atom-Bomb Attack Held Possible After 1952

New York, Aug. 12 (AP)—Industrial limitations would make Russia fight an "orthodox" war in the near future, Gen. Carl Spaatz, retired Air Force chief of staff, said today.

But, he adds, if it came around 1952 or later, it probably would start with an air-raid on America by hundreds of bombers carrying atomic bombs.

General Spaatz, writing in *Life* magazine, said the U.S.S.R.'s "foremost military thinkers still believe in massive armies and their industry is organized primarily to supply that type of military establishment."

Programs Are Restricted

While Russian commanders are thinking about airpower, he adds, "the programs they can realistically propose are necessarily restricted by the limitations of their industrial system.

"Before the Russians can have airpower on the scale and in the broad variety known to us they must first build up their industrial potential."

Spaatz pointed out that Russia—along with other nations—may have atomic bombs "in quantity" by the end of 1952.

Should war start after this time, he said, Soviet leaders "would probably begin with an initial strike in the pattern of strategic air warfare."

Envisions Secret Move

Spaatz said the Russian commanders, though, would believe in gaining a final decision "by a struggle on the ground," which would use their greatest assets—space and manpower in almost unlimited quantity.

The initial drive, Spaatz says, probably would embrace hundreds of bombers "launched against us in secrecy" and probably carrying atomic bombs.

He said the air strike "would issue in a number of groups simultaneously from the east coast of Siberia and from the Murmansk tundra. Some will dart across the Polar Sea."

Spaatz added that such an attack "would hamper and might even temporarily paralyze our ability to counterattack in sustained force," but would not be decisive.

A more important result, he said, would be that the Russians could move their ground forces "without much interference from us; they could . . . seize those areas which we ourselves would need for forward bases for our airpower."

Would Bar Counterattack

He said "the flash attack on the United States" would be a preventive measure to stop a possible United States counterattack, adding that "thereafter the Soviet ground forces would be the principal instrument."

American "security," Spaatz said, during the next few years dictates four rules in the light of foregoing Russian strategy:

"1. The sea lanes must be kept open.

"2. Control of the air over the North American continent must be held by ourselves and friendly nations.

"3. There must be in existence, in a state of constant readiness, a strategic air force powerful enough to deal a critical, if not a mortal, blow in immediate retaliation to an aggressor.

"4. We must have access to outer bases from which to project our airpower in the decisive struggle for air supremacy."

'Voice' Jamming Laid To Russ

Washington, Aug. 12 (AP)—Evidence of deliberate Soviet jamming of "Voice of America" broadcasts to Russia was reported today by State Department officials.

They said that reports reaching Washington from radio monitors in Europe indicate that the interference is originating well inside Russia.

Several months ago the United States protested to Moscow against the howls and squeals that were being heard in American broadcasts to the Far East. But today's was the first report of what appears to be Russian jamming of radio waves on the European side of the Soviet Union.

No New Protest Made

Officials here said the Government has made no protest about the new situation because of a desire to handle the matter quietly and informally.

They expressed hope for an agreement to avert a contest in which the United States and the Soviet Union each would try to ruin the other's broadcasts.

Information about the interference, which officials described as more like "heckling" than outright jamming, became known here as it was learned that the State Department has projected a huge expansion of its "Voice" operations.

Ten new languages are to be added, including Ukrainian.

First Other Than Russian

The Ukrainian broadcasts will be the first beamed to the Soviet Union in any language other than Russian. The Ukraine is one of the most nationalistic of the Soviet states.

The other nine languages planned for programs by October 1 are Arabic, Persian, Turkish, Portuguese, Danish, Swedish, Norwegian, Finnish and Dutch. They will raise the total number of languages used by the "Voice" to 32.

The department is installing four radio relay plants abroad. The locations for the moment are being kept secret, but presumably they will greatly increase the power and clarity of "Voice" broadcasts in the European area. Present relay stations are at Munich, Honolulu and Manila.

U.S. Informed Russia Of D-Day In Advance

Washington, Aug. 12 (AP)—The United States officially told Russia in advance the exact day when Western Allied troops would invade France, the State Department reported today.

Press Officer Michael McDermott today confirmed Secretary of State Marshall's off-hand recollection of this fact, given at his news conference yesterday.

The matter came up when General Marshall, who then was serving as army chief of staff, was asked if the Soviets had been told of the date for D-day. Elizabeth Bentley, self-confessed former Communist agent, told the House Un-American Activities Committee the date for D-day was among the information her spy ring collected.

Marshall in replying said he was not sure; that he thought the Russians were advised ahead of time. McDermott in backing up the Secretary's recollection declined to say today how much ahead of time the Russians had been informed.

Clark Aids Baltic Refugees

WASHINGTON, Aug. 12 (AP)—President Truman said today that Attorney General Tom C. Clark and the immigration Service were doing everything possible to permit twenty-nine Baltic refugees at Boston to remain in this country. He told a news conference that there had been no order for their deportation and would be none in the near future. The refugees landed at Boston July 23 after a forty-three-day voyage from Sweden in a small craft.

Mexico Gets Loan Of $5,000,000

Washington, Aug. 12 (A. P.).—Mexico has signed a formal agreement for a $5,000,000 agricultural equipment loan from the Export-Import Bank, it was disclosed today. It is part of an over-all Export-Import Bank program under which Mexico ultimately will receive $50,000,000.

The agreement brings to $39,000,000 the total amount Mexico has borrowed from the bank under an agreement reached last year during the Washington visit of Mexican President Miguel Aleman.

Bank officials said that the agreement signed yesterday provides that the Mexican Government finance individual purchases by its nationals of farm implements in the United States.

Dismissal Motion Fails In Trial For Treason

Los Angeles, Aug. 12 (AP)—A dismissal motion in Tomoya Kawakita's treason trial was denied today, and Judge William C. Mathes set final argument for Monday.

Morris Lavine, defense attorney, argued the defense had proved Kawakita a Japanese citizen; that any of his acts—which the Government alleged were brutalities against American prisoners—were not treason because they did not give aid and comfort to the Japanese Government; and that his client had been denied the right of speedy trial.

ALTERS SUBVERSIVE LIST

Clark Adds 'of San Francisco' to American-Russian Institute

WASHINGTON, Aug. 12 (AP)—Attorney General Tom C. Clark clarified today the designation of an organization on his subversive list.

As submitted to the Loyalty Review Board last May 27 the list carried it as the American-Russian Institute.

"It now appears there are a number of organizations with names similar to that," Mr. Clark said in a letter to the board. "In order to avoid any misunderstanding or inadvertent injustice, I suggest that the words 'of San Francisco' be put in parentheses after the name American-Russian Institute.

"This will more exactly designate the organization which has been found to be subversive."

ATOM DEFENSE NEED IS TOLD TO DRUGGISTS

SAN FRANCISCO, Aug. 12 (AP)—An atomic energy expert today told America's druggists that they might be called upon to fit into a civilian defense organization "in the next six months or so."

"I don't think I am a worry wart or a scare head," Dr. Stafford Warren, former medical chief of the atom bomb project, said in addressing the American Pharmaceutical Association. "Since none of us know what is going to happen, the sensible thing is preparedness. The best protection, of course, is to have no war."

To reporters later Dr. Warren said he had no official or special knowledge about civilian defense plans. He left his position as an army colonel more than a year ago to become head of the projected medical school of the University of California at Los Angeles.

Whether war came there would be increasing need for protection against atomic radiation, Dr. Warren asserted. This was due to the growing use of radioactive substances for research and industrial operations.

Until recently industrial plants handling uranium ore and other products relating to atomic energy were hard to convince of the day to day hazards they were facing, Dr. Warren said.

Radioactive contamination was difficult to combat because it was invisible, persistent and hard to dispose of, he added.

4 Draft Rules Set By The Army

Washington, Aug. 12 (AP)—It's too late to volunteer for military service after a draft notice has been delivered.

That's one of four peacetime draft rules announced by Secretary of Defense Forrestal yesterday. The others:

1. Registrants who pass a preinduction physical examination will be called no sooner than three weeks from that date, so they can settle personal affairs, and within 120 days to make sure that the examination still holds good. If 120 days passes without call, they get another examination.

2. Those physicals will be given under current army regulations, with assignment to duty according to physical ability. A general classification test will determine mental capacity. Minimum score: 70.

3. Wherever possible, the inductee will be given a chance to name the branch of service he wants.

Forrestal said the armed forces will continue to accept voluntary enlistments, except for men who have already received notice to report for preinduction examinations.

The Army will handle both the induction program and the volunteer enlistments.

WAVES To Train Just Like Men

Washington, Aug. 12 (AP)—Women sailors are going to get the same recruit and advanced training as men, or "as closely as possible," the Navy said today.

Lieut. Kathryn Dougherty, of Waterloo, Iowa, was named to boss the first peacetime "boot camp" for WAVES. WAVE recruiting starts September 15, and Lieutenant Dougherty will get her first class of 160 on October 1, at the naval training center at Great Lakes, Ill.

There'll be 160 more recruits every six weeks thereafter until the Navy fills its quota.

The goal between now and next June 30 is 4,500 enlisted women. Of these, 1,000 will be new recruits, 2,300 former WAVES who re-enlist and 1,200 transferred from reserves now on active duty.

The first WAVE officers for the regular Navy are now being selected. Only 200 will be picked from 1,200 applicants, both active and inactive reserve officers. Congress directed that the WAVES be built up gradually to not more than 500 officers and 6,000 enlisted personnel in the next two years.

VOLUNTEER DOCTORS ASKED FOR MILITARY

CHICAGO, Aug. 12 (AP)—The Journal of the American Medical Association today called on young doctors educated during the war at government expense to volunteer for service under the new draft law.

"They owe an obligation to the government and to the people of the United States," The Journal said editorially.

The Journal termed the need for medical services in the armed forces "exceedingly critical," saying nearly 6,000 physicians will be required within a year.

Most of the young doctors who served in the last war are "not inclined to volunteer," the editorial said. It added that many were "bitter in their recriminations as to faults which they observed in utilization of the medical profession." However, it went on, "some of these faults were so obvious that military leaders have already taken steps to bring about correction."

The Journal said there were "thousands of young men who were educated at government expense in the A. S. T. P. and the V-12 programs who did not render actual military service." The positions open, The Journal said, "should appeal particularly to the young men who have graduated in recent years, since they offer opportunity for training in a specialty with an adequate income, housing and maintenance not available through any other source."

U. S.-ALASKA RAIL LINK

Washington, Aug. 12 (A. P.).—Defense Secretary Forrestal was asked today to sound out the Canadian Government on its attitude toward a proposal for a railroad connecting the United States and Alaska.

Senator Magnuson (D.-Wash.) wrote Forrestal that he hoped the Secretary would discuss the project during his conference on Sunday in Ottawa with Canadian Defense Minister Brooke Claxton. Magnuson said that he had been informed that President Truman recently indicated belief a railway is needed from Prince George, B. C., to Fairbanks, Alaska.

"In my judgment," Magnuson said, "such a road is vital to the defense and development of the territory."

Army Funeral Ship Arrives

Oakland, Cal., Aug. 12 (AP)—The Dalton Victory, Army funeral ship, docked at Oakland army base today. Army officials said the remains of 3,961 service men, who were killed in Pacific fighting, were aboard. War dead returned from the Pacific now total 25,000, army officers said.

To Return GI Dead From Alaska

ANCHORAGE, Alaska, Aug. 12 (AP)—Service men who gave their lives in Alaska during the war will be "going home" this month. Fort Richardson officials announced that the bodies of 1,558 military personnel will be returned to the states after ship-side services Aug. 27 at Sitka.

Signs Of Inflation Break Are Seen In Fall Of Many Farm Prices

New York, Aug. 12 (AP)—Is inflation being checked?

Many farm prices have recently plunged below the bottom they reached during the February commodity price break, and in the opinion of many will not go up again. Reports this week of bountiful crops seemed to confirm these forecasts.

The notable exception, of course, is livestock, and consumers can expect high prices for meat for some months.

Farm prices are the traditional bellwether for all the prices the consumer has to pay. Historically they rise first and drop first in general price movements.

Markets Being Watched

Business leaders, economists and Wall Street are all watching the nation's markets closely these days along with farmers, trying to figure out what lies ahead for the whole economy.

They are watching to see whether industrial raw materials and other things that eventually figure in the cost of living will follow farm prices down—or stabilize without further price increases.

The overall price structure fails to reflect some of the internal changes that have been taking place, and these may be significant for all of us.

For instance, the price of steel billets has gone to $52 a net ton compared with $45 two months ago, but wheat closed yesterday at $2.20 a bushel compared with $2.36½ on June 11.

Lead is 19.3 cents a pound, against 17.3 two months ago, but corn closed yesterday at $2.07 a bushel, compared with $2.35⅛ on June 11. Zinc is 15 cents a pound as against 12 cents two months ago, but cotton declined from 38.2 cents a pound to 32.4.

Because of the conflicting trends, overall indices of prices tell only part of the story.

The latest Associated Press week-to-week index of wholesale commodity prices stood at 189.02, with a 1926 base of 100. The index was at a high of 208.14 on January 9 and reached a low of 184.81 on March 12 following the February break in commodities.

Differing Trends

But the six groups of commodities making up the composite figures showed differing and even opposite trends. This table shows how the individual groups behaved:

Group	Now	Feb.-Mar. Low	Jan. High
Industrial raw materials	178.66	170.88	176.16
Nonferrous metals	191.26	167.11	167.11
Livestock	264.74	201.63*	255.51
Textiles	165.95	185.18	244.32
Agricultural (grains, cotton)	196.34	207.62	239.16
Food staples	151.95	146.26	165.58

*April 2.

Thus it can be seen that industrial raw materials, including such items as steel billets, lumber, cement, petroleum, soft coal and rubber, have advanced above the high of last January. So have the nonferrous metals—antimony, tin, zinc, lead and copper. So have livestock.

Food Staples

The food-staples group—eggs, sugar, cocoa, coffee, flour, lard and butter—is five points above the low reached after the February price break but nearly fourteen points under the January high. Grains and cotton are 11 points under the February low and 53 under the January high. Textiles are down 20 points from the March low and 78 under the January high.

February's break in agricultural commodities was too short-lived to test the theory that other commodities follow. The stimulus of the European Recovery Plan, the United States defense program and an income-tax cut was followed by another general upward surge before the price drops could reach the retail level and affect the average man's living costs.

The present downtrend in agricultural products other than livestock may mean that the end of inflation can be charted.

Airline Cuts Fare To Help Europe

New York, Aug. 12 (AP)—Pan American World Airways tonight reduced its round-trip trans-Atlantic fares 25 per cent, effective October 1.

Juan T. Trippe, Pan-Am president, termed it an "anti-inflationary fare program designed to assist the European Recovery Program by supplying Europe with an increasing flow of tourist dollars."

And, he added, it is another step in the company's program to build travel volume by bringing international air fares within "reach of the average man."

The new fare figures to about one third more than the present cost of a one-way trip. One-way fares will not be affected by the rate change.

In dollars and cents, the new rate means a cut of $157.50 in the round-trip fare between New York and London—from $630 to $472.50. The one-way fare to London is $350.

Points affected by the new rate include Eire, the United Kingdom, Europe, Central and South Africa, the Middle East and India.

U.N. SHELVES ARMS CURBS

Decides Russian Plan Cannot Be Put Into Effect Now

Lake Success, N.Y., Aug. 12 (AP)—A United Nations commission decided today Russia's scheme for slashing the world's armaments cannot be put into effect under present international tension.

The vote in the eleven-nation commission on conventional armaments meant shelving the ambitious plan of Vyacheslav Molotov, Foreign Minister, for reducing the arms of all nations. The ballot was 9 to 2, with Russia and the Ukraine dissenting.

"A system of regulation and reduction of armaments and armed forces can only be put into effect in an atmosphere of international confidence and security," the commission concluded.

Conclusion Of Treaties

As examples of essential conditions, the United Nations body listed establishmtnt of a world police force, agreement in international control of atomic energy and conclusion of the German and Japanese peace treaties.

The commission was careful not to junk the program outright and agreed that planning should go ahead in preparation for the day when international confidence is restored. However, no further deliberations are expected before 1949.

Diplomatic observers viewed the decision as assuring that there would be no arms slashes until Russia and the Western powers settle their major differences. The East-West conflict is currently blocking the police force, atomic control and the peace treaties.

Includes All Weapons

The arms commission was set up by the Security Council to put into effect the Russian scheme introduced before the 1946 General Assembly by Molotov. No acceptable approach to the problem has been found during two years of conferences.

Some of the delay has been due to Russian insistence that the arms commission deal with all weapons, including atomic bombs.

The commission also decided that issue today. An 8-to-2 vote held that work should be confined to weapons not within the jurisdiction of the United Nations Atomic Energy Commission. The atomic commission has reported outright failure.

The arms commission plans to meet again next week to approve the final wording of a report to the Council embodying its decisions. The issue then may be debated in the Council or at the fall assembly meeting in Paris. There some observers expect the Russians to open a propaganda attack, throwing all the blame for failure on the United States and Britain.

NIGHT LEAD PRAVDA (WITH WASHINGTON, NEW YORK)
MOSCOW, AUG. 12-(AP)-PRAVDA CHARGED TODAY THAT THE U.S. FEDERAL BUREAU OF INVESTIGATION HAD KIDNAPED TWO SOVIET SCHOOL TEACHERS AND DECLARED THE INCIDENT HAD AROUSED THE "DEEP INDIGNATION" OF THE RUSSIAN PEOPLE.
THE COMMUNIST PARTY NEWSPAPER DEVOTED NEARLY AN ENTIRE PAGE TO THE CASES OF MRS.OKSANA STEPANOVNA KOSENKINA AND MIKHAIL IVANOVITCH SAMARIN. PRAVDA SAID:
"IT IS WELL KNOWN THAT GANGSTERISM--KIDNAPING AND MURDER--IS A WIDESPREAD PRACTICE IN THE AMERICAN CRIMINAL WORLD. WHAT, ONE MUST ASK, DISTINGUISHES THE BANDIT METHODS USED BY AGENTS OF THE AMERICAN POLICE IN RELATION TO TWO SOVIET CITIZENS FROM THE BANDIT METHODS OF AMERICAN GANGSTERS?
"SUCH METHODS CANNOT BE TOLERATED IN RELATION TO SOVIET CITIZENS."
THE PRAVDA ARTICLE, WRITTEN BY Y.VIKTOROV, A TOP-RANKING SOVIET JOURNALIST, SAID IT APPEARS THAT IN THE UNITED STATES "GANGSTER PRACTICES HAVE ALREADY ASSUMED SUCH SWEEPING FORM THAT A SOVIET CITIZEN CAN PERISH ONLY BECAUSE HE IS FAITHFUL TO HIS COUNTRY AND REFUSES TO BECOME A TRAITOR AND OBEDIENT WEAPON OF THE IMPERIALIST INTELLIGENCE SERVICES."
AMERICAN CIRCLES POINTED OUT THE U.S. EMBASSY HERE ALWAYS HAS REFUSED TO PERMIT MEMBERS OF THE EMBASSY STAFF, WHETHER OR NOT THEY HAVE DIPLOMATIC IMMUNITY, FROM APPEARING IN SOVIET COURTS OR AT INVESTIGATIONS.
IN CERTAIN CASES, AMERICAN INFORMANTS SAID, THE EMBASSY HAS CONFINED STAFF MEMBERS WHO HAD BEEN SUBPOENAED, IN ORDER TO PREVENT THEIR APPEARANCE AT INVESTIGATIONS.
THEY POINTED OUT THE CASE OF WALDO ROUESS, AN EMBASSY CLERK, WHO WAS SUBPOAENAED REPEATEDLY BY A RUSSIAN PROSECUTOR IN CONNECTION WITH A CIVIL SUIT. ROUESS WAS NOT ALLOWED BY HIS SUPERIORS TO LEAVE THE EMBASSY FOR SOME MONTHS. FINALLY, AFTER LONG NEGOTIATIONS, SOVIET AUTHORITIES AGREED TO ISSUE ROUESS AN EXIT VISA WITHOUT HIS APPEARING IN COURT. HE NOW IS IN THE UNITED STATES.
A MORE RECENT CASE WAS THAT OF SGT. JOSEPH O'BRIEN, ATTACHED TO THE OFFICE OF THE U.S. MILITARY ATTACHE HERE, WHO WAS SUBPOAENAED IN CONNECTION WITH AN ALLEGED ALTERCATION IN WHICH THE RUSSIANS SAID HE PARTICIPATED.
O'BRIEN WAS CONFINED TO QUARTERS FROM THE TIME THE INCIDENT AROSE LAST AUTUMN UNTIL LAST MONTH WHEN THE SOVIETS FINALLY ISSUED HIM AN EXIT VISA ON THE CONDITION THAT CERTAIN DAMAGES WERE PAID AND THAT HE WOULD BE TRIED BY COURT MARTIAL IN THE UNITED STATES. O'BRIEN LEFT RUSSIA A LITTLE MORE THAN A WEEK AGO AND PRESUMABLY IS NOW IN THE UNITED STATES.
IT WAS POINTED OUT, HOWEVER, THAT ROUESS AND O'BRIEN WERE MEMBERS OF THE EMBASSY HOUSEHOLD, WHILE MRS. KOSENKINA AND SAMARIN WERE NOT SIMILARLY SITUATED IN THE SOVIET EMBASSY IN THE UNITED STATES.

SECOND LEAD GERMAN 150

BY RICHARD KASISCHKE

BERLIN, AUG.12-(AP)-AMERICAN AND BRITISH MILITARY POLICE TURNED BACK TWO RUSSIAN FORAYS INTO THEIR SECTORS OF BERLIN TODAY.

RUSSIAN MILITARY POLICE, AUGMENTED BY GERMAN POLICEMEN FROM THE SOVIET SECTOR, WERE ATTEMPTING TO ARREST GERMANS IN THE WESTERN SECTORS. THE RUSSIANS SAID THEY WERE LOOKING FOR BLACK MARKETERS. BRITISH AND AMERICANS SAID THE SOVIETS ALSO MIGHT BE LOOKING FOR RUSSIAN ARMY DESERTERS, OR MIGHT JUST HAVE BEEN ENGAGING IN "HARASSING TACTICS."

THE AMERICANS AT KREUZBERG TURNED BACK SOVIET-CONTROLLED GERMAN POLICEMEN AND RUSSIAN MPS WHO WERE TRYING TO SEARCH HOUSES ACROSS THE BORDER FROM THEIR ZONES. THE BRITISH, AIDED BY WESTERN SECTOR GERMAN OFFICERS, STOPPED A SIMILAR SORTIE AT POTSDAMER PLATZ.

IN FRANKFURT, ABOUT 20,000 GERMAN OFFICE AND INDUSTRIAL WORKERS ANGRILY PROTESTED RISING LIVING COSTS AT A MASS MEETING CALLED BY BADES UNIONS. ONE GROUP ATTACKED AN AMERICAN SOLDIER AFTER OVERTURNING HIS JEEP. IT WAS THE BIGGEST AND NOISIEST DEMONSTRATION IN THE AMERICAN-ZONE CITY SINCE THE END OF THE WAR.

THE BERLIN NEWSPAPER TELEGRAF, OPERATING UNDER A BRITISH LICENSE, REPORTED CLOTHING FACTORIES AND TAILOR SHOPS IN SOVIET-OCCUPIED MECKLENBURG WERE BUSY WITH ORDERS FOR RUSSIAN MILITARY UNIFORMS.

"IT IS REPORTED THAT THE UNIFORMS ARE INTENDED FOR NEW SOVIET TROOPS WHOSE ARRIVAL IS EXPECTED IN MECKLENBURG IN THE NEAR FUTURE," SAID THE TELEGRAF DISPATCH, FROM SCHWERIN.

THERE WAS NO CONFIRMATION, NOR WAS IT CLEAR WHETHER ANY SUCH FRESH TROOPS MOVED IN WOULD BE REPLACEMENTS OR ADDITIONS TO THE OCCUPATION FORCE.

Belgrade, Yugoslavia, Aug. 12—(ap)— A special pamphlet containing the exchange of letters between Premier Marshal Tito's communist party and the Bolshevik party of Russia has been issued, it was learned today.

The pamphlet has NOT yet been distributed publicly, but members of the communist party here have it and have promised to make it public.

It was believed that the Yugoslav [redacted] may decide NOT to distribute the pamphlet until the close of the current Paris conference of Russian capital. The pamphlet reportedly contains all the correspondence against the Tito communists and all charges made against him.

AUG 1948

It was obvious that all the communist countries at the conference have decided NOT to permit their differences to interfere with eastern solidarity at the meeting.

With the publication of these letters, [redacted] which followed the scattered distribution by the [redacted] Bolshevik party of similar pamphlet two weeks ago, indicates that the fight will break into the open again as soon as the Danubian conference ends.

In addition to the charges contained in the comintorm

resolution, several other differences are revealed. The letters show how the behind-the-scenes quarrel developed

Among other things, it revealed that early this year the Soviet government decided to withdraw all its military advisors and instructors. The reasons given by the Russians were that these Russian army advisors were "not receiving friendly treatment and were surrounded by unfriendly behavior on the part of Yugoslavs."

The Yugoslavs complained that the salaries of the Soviet experts were four times greater than the salaries of Yugoslav army commanders and three times greater than the salaries of central government ministers. Because of this the Yugoslavs said they could NOT afford to keep the advisors any longer unless their salaries were reduced.

(ADVANCE FOR USE AT 5 P.M., EASTERN STANDARD TIME, TODAY, THURSDAY, AUG.12)

(ADVANCE)..WASHINGTON,AUG.12-(AP)-UNITED STATES TODAY EXTENDED "DE FACTO" RECOGNITION TO THE AMERICAN-SPONSORED GOVERNMENT OF SOUTH KOREA.

DE FACTO RECOGNITION MEANS THAT THE U.S. ACKNOWLEDGES THAT THE GOVERNMENT IS IN FACT THE RULING REGIME IN THE COUNTRY.

THE STATE DEPARTMENT IN A STATEMENT SAID THE ANTI-COMMUNIST GOVERNMENT FORMED IN SOUTH KOREA AS A RESULT OF THE MAY 10TH ELECTIONS "IS ENTITLED TO BE REGARDED AS THE GOVERNMENT OF KOREA ENVISAGED BY THE GENERAL ASSEMBLY'S RESOLUTION OF NOVEMBER 14, 1947."

THE DEPARTMENT ANNOUNCED JOHN J.MUCCIO OF RHODE ISLAND HAS BEEN NAMED BY PRESIDENT TRUMAN AS SPECIAL REPRESENTATIVE TO KOREA WITH PERSONAL RANK OF AMBASSADOR.

AUG 1948

B111WX

THE STATE DEPARTMENT RECOGNITION IN EFFECT FORMALLY SETS UP A SEPARATE GOVERNMENT FOR THE APPROXIMATELY 21,000,000 KOREAN PEOPLE IN THE AMERICAN ZONE SOUTH OF THE 38TH PARALLEL. RUSSIAN TROOPS CONTROL THE NORTHERN PART WITH ITS 9,000,000 POPULATION. A PRO-COMMUNIST GOVERNMENT IS BEING ORGANIZED THERE.

FULL-FLEDGED, LEGAL SO-CALLED "DE JURE" RECOGNITION WILL COME AFTER THE UNITED NATIONS GENERAL ASSEMBLY ACTS ON THE REPORT OF THE EIGHT-NATION COMMISSION IT APPOINTED TO SUPERVISE THE ELECTION, GOVERNMENT OFFICIALS SAID. PENDING THIS UN MEETING IN SEPTEMBER, THE "DE FACTO" RECOGNITION MEANS THE STATE DEPARTMENT IS GIVING THE SAME RECOGNITION WITHOUT THE FULL LEGAL FRILLS.

THE STATE DEPARTMENT ANNOUNCEMENT COMES BUT THREE DAYS BEFORE THE AUGUST 15 CELEBRATION SCHEDULED IN KOREA TO CELEBRATE THE THIRD ANNIVERSARY OF THE KOREAN DELIVERANCE FROM JAPANESE RULE WHICH BEGAN IN 1910.

MUCCIO IS A NATURALIZED AMERICAN BORN IN ITALY AT VALLE AGRICOLA 48 YEARS AGO. HE HAS BEEN A STATE DEPARTMENT CAREER OFFICER FOR 28 YEARS WITH WIDE EXPERIENCE IN THE FAR EAST, EUROPE AND SOUTH AMERICA. A GRADUATE OF BROWN AND GEORGE WASHINGTON UNIVERSITIES, HE WAS APPOINTED TO CLASS 1 STATUS IN THE FOREIGN SERVICE NOVEMBER 13, 1946.

MICHAEL MCDERMOTT STATE DEPARTMENT PRESS OFFICER, SAID THE DEPARTMENT HAS NOT INFORMED RUSSIA OF ITS RECOGNITION OF SOUTH KOREA. BUT IT HAS TOLD CHINA, THE PHILIPPINES, SYRIA, INDIA, AUSTRALIA, CANADA, FRANCE AND EL SALVADOR, MEMBERS OF THE UNITED NATIONS COMMISSION IN KOREA.

GREAT BRITAIN WAS ALSO NOTIFIED BECAUSE IT WAS ONE OF THE THREE POWERS TO SIGN A JOINT DECLARATION AT CAIRO DECEMBER 1, 1943 WHICH EXPRESSED THE THREE COUNTRIES' DETERMINATION "THAT IN DUE COURSE KOREA SHALL BECOME FREE AND INDEPENDENT."

SYNGMAN RHEE, OUTSPOKEN ANTI-COMMUNIST, UNDOUBTEDLY WILL BECOME THE FIRST PRESIDENT OF THE SOUTH KOREAN GOVERNMENT. A RIGHTIST, HE WAS SELECTED BY THE 200-MEMBER NATIONAL ASSEMBLY WHICH WAS ELECTED TO FORM A NATIONAL GOVERNMENT.

RUSSIA REFUSED TO PERMIT THE PEOPLE IN ITS ZONE TO PARTICIPATE IN THE MAY 10 ELECTIONS AND WOULD NOT COOPERATE WITH THE UNITED NATIONS COMMISSION.

LAKE SUCCESS, AUG 12-(AP)-WORLD ARMAMENTS CAN BE SLASHED ONLY WHEN CONFIDENCE AND SECURITY ARE ESTABLISHED, THE UNITED NATIONS COMMISSION FOR CONVENTIONAL ARMAMENTS DECIDED TODAY.

THIS WAS ONE OF THE TWO MAJOR PRINCIPLES ACCEPTED BY THE COMMISSION AS IT PREPARED AN INTERIM REPORT TO THE SECURITY COUNCIL ON ITS EFFORTS DURING THE PAST YEAR.

THE OTHER PRINCIPLE WAS THAT THE COMMISSION MUST CONFINE ITS EFFORTS TO WEAPONS NOT WITHIN THE JURISDICTION OF THE ATOMIC ENERGY COMMISSION. THE RUSSIANS HAVE INSISTED THAT THE ARMS COMMISSION MUST DEAL WITH ALL WEAPONS, INCLUDING A-BOMBS.

IN ITS ACTION TODAY THE COMMISSION ENDORSED THE POLICIES ORIGINALLY ADVANCED BY THE UNITED STATES AND BRITAIN IN THE COMMISSION'S WORKING COMMITTEE, WHERE THE TWO RESOLUTIONS PREVIOUSLY HAD BEEN APPROVED.

ALTHOUGH THE WESTERN POWERS AND RUSSIA HAVE INSISTED THAT ARMS TALKS CONTINUE, THE AMERICAN-BRITISH PROPOSAL APPROVED BY THE COMMISSION TODAY HELD THAT SUCH SLASHES CANNOT ACTUALLY BE PUT INTO EFFECT AT THIS TIME.

SOVIET FOREIGN MINISTER V.M.MOLOTOV AND THE ENVOYS OF THE UNITED STATES, BRITAIN AND FRANCE CONFERRED IN MOSCOW YESTERDAY (THURSDAY) ON THE BERLIN CRISIS AND OTHER EAST-WEST DIFFERENCES.

IT WAS THE FIFTH OF A SERIES OF CONFERENCES BEING HELD IN THE KREMLIN AND APPARENTLY THERE WILL BE STILL OTHERS. AFTER THE TWO-HOUR AND FORTY-FIVE MINUTE SESSION, U.S. AMBASSADOR WALTER BEDELL SMITH SAID: "WE ARE STILL WITHOUT ANY CONCLUSIONS."

THEN HE, BRITISH SPECIAL ENVOY FRANK ROBERTS AND FRENCH AMBASSADOR YVES CHATAIGNEAU WENT TO THE AMERICAN EMBASSY TO DISCUSS THE

OMMUNICATIONS THEY WILL SEND TO THEIR HOME CAPITALS.
BECAUSE OF THE SECRECY SURROUNDING THE TALKS, IT COULD NOT BE ETERMINED WHAT, IF ANY, PROGRESS WAS BEING MADE. DIPLOMATIC NFORMANTS IN LONDON SAID THEY REGARDED THE LATEST KREMLIN MEETING S CRUCIAL. THEY SAID THE MEETING WAS EXPECTED TO SHOW WHETHER THE ISAGREEMENTS OVER SOVIET-BLOCKADED BERLIN COULD BE SETTLED AND SO PEN THE WAY TO WIDER TALKS ON OTHER ISSUES DIVIDING THE MAJOR OWERS.
THE INFORMANTS SAID THE WESTERN DIPLOMATS PROBABLY WILL ASK RIME MINISTER STALIN PERSONALLY TO REENTER THE DISCUSSIONS IF THEY AN MAKE NO PROGRESS WITH MOLOTOV.

IN LONDON THE MOSCOW RADIO SAID MOLOTOV CALLED SMITH TO THE KREMLIN WEDNESDAY (CORRECT) NIGHT AND PROTESTED THAT AMERICAN AUTHORITIES HAD CONNIVED IN THE ALLEGED KIDNAPPING OF TWO SOVIET CHOOL TEACHERS IN NEW YORK.
MOLOTOV'S DECLARATION SAID U.S. AUTHORITIES WERE IN COLLUSION IN A "CRIMINAL ACTION" INVOLVING THE RUSSIAN TEACHERS MIKHAIL VANOVITCH SAMARIN AND MRS. OKSANA STEPANOVA KOSENKINA. THE USSIAN FOREIGN MINISTER DEMANDED IMMEDIATE RELEASE OF SAMARIN, HIS IFE AND THEIR THREE CHILDREN TO THE SOVIET CONSULATE IN NEW YORK.
THE MOSCOW RADIO SAID AMBASSADOR SMITH PROMISED TO PRESENT THE RUSSIAN PROTEST TO THE AMERICAN GOVERNMENT AND GAVE ASSURANCE THERE WOULD BE "A STRICT INVESTIGATION."

A WOMAN WHO POLICE SAID WAS MRS.KOSENKINA PLUNGED FROM A INDOW OF THE RUSSIAN CONSULATE IN NEW YORK YESTERDAY AND WAS OSPITALIZED. HER CONDITION WAS SAID TO BE CRITICAL. SAMARIN, A OVIET SCHOOLTEACHER AS IS MRS.KOSENKINA, APPEARED YESTERDAY IN ASHINGTON BEFORE THE HOUSE COMMITTEE ON UNAMERICAN ACTIVITIES.
THE SOVIET MONITOR QUOTED THE MOSCOW RADIO AS SAYING MRS. KOSENKINA WAS HELD AT REED FARM IN THE VICINITY OF NEW YORK "WHICH BELONGS TO A WHITE GUARD GANGSTER ORGANIZATION GOING UNDER THE NAME OF THE OLSTOY FOUNDATION."
IT ADDED THAT SHE "ASKED THE SOVIET CONSUL (IN NEW YORK) TO SAVE HER FROM THE HANDS OF THIS ORGANIZATION."

TENSION IN BERLIN WAS INCREASED WHEN RUSSIAN MILITARY POLICE AND SOVIET-CONTROLLED GERMAN POLICE MADE TWO INVASIONS OF WESTERN-OCCUPIED SECTORS OF THE CITY. THEY WERE TURNED BACK WITHOUT VIOLENCE BY NITED STATES AND BRITISH MILITARY POLICE.
IN BOTH INCIDENTS THE RUSSIAN-CONTROLLED FORCES CLAIMED THEY ROSSED THE LINES IN PURSUIT OF BLACK MARKET OPERATORS. AN AMERICAN MILITARY GOVERNMENT OFFICIAL SAID HE THOUGHT THE FORAYS WERE "JUST ARASSING TACTICS."
DEMONSTRATIONS BY THOUSANDS OF GERMAN WORKERS DEVELOPED IN THE US. ZONE OF GERMANY. THE CROWDS PROTESTED HIGH FOOD PRICES AND THE POLICIES OF THE AMERICAN MILITARY GOVERNMENT. IN FRANKFURT THE EMONSTRATORS BEAT AN AMERICAN SOLDIER AND HIS GERMAN DRIVER.
IN PALESTINE SABOTEURS BLASTED THE LATRUN PUMPING STATION, WRECKING UNITED NATIONS PLANS TO START DELIVERING WATER TO JERUSALEM.
THE GOVERNMENT OF ISRAEL SAID THE ACT CONSTITUTED A GLARING BREACH OF THE U.N. TRUCE "FRAUGHT WITH THE GRAVEST CONSEQUENCES."

'You Kept Me a Prisoner,' Teacher Says as She Faces Red Official in Hospital

VICTIM REJECTS SOVIET REQUEST SHE BE MOVED

Proposal Russian Nurse Be Placed in Room Also Turned Down

CONDITION SERIOUS

Legal Action Against Consulate Officials Weighed by Probers

NEW YORK, Aug. 13 (AP)—Mrs. Oksana Stepanovna Kosenkina told a Russian consular official from her hospital bed today: "You kept me a prisoner, you would not let me go!"

Narrowly escaping death in her three-story jump from a Russian consulate window the 52-year-old Russian schoolteacher last night accomplished what a state court's writ failed to do earlier in the day.

She had removed herself from the consulate, where she had been for the past six days, and put herself in an American hospital—with 15 New York city police men and women on guard.

In Washington tonight, Robert E. Stripling, chief investigator for the House UnAmerican Activities Committee, announced he would serve a subpoena on her to testify before the committee.

Later, however, Mayor William O'Dwyer said Mrs. Kosenkina, in official statements to the police, had denied she was in any way connected with the congressional hearings or that she knew Elizabeth T. Bentley, former communist and star witness at the hearings.

Stripling, who said he was acting under telephoned instructions from Committee Chairman Thomas (R-NJ), said Mrs. Kosenkina would be called to testify "as soon as she is able."

Kept a Prisoner, She Charges

The announcement came amid high level diplomatic moves concerning her future.

Late tonight the New York Times said it had learned police have a statement from Mrs. Kosenkina that Alexander S. Panyushkin, the Soviet ambassador, had visited the consulate here and tried to get an affidavit from her saying she was not being held a prisoner and that she had complete freedom.

In her statement, the Times said, Mrs. Kosenkina said she refused to sign the affidavit "despite the Ambassador's personal promise of future immunity from Soviet punishment. He told her 'everything would be forgotten' if she signed the affidavit."

The paper continued:

"When she persisted in her refusal under constant urging, Mrs. Kosenkina's statement said, she began to fear what would happen to her. She was, she said, always under guard.

"The date of the ambassador's visit was not learned."

While the battle over her custody continued in New York, Washington, and Moscow, at the hospital she made today her first clear declaration of the reason for her act.

It came as Zot J. Chepurnykh, Soviet vice-consul, stood beside the hospital bed. With him was a consulate secretary and a Russian-speaking New York detective.

The detective, William Dyczko, said the vice consul suggested to Mrs. Kosenkina that she agree to being moved to another hospital.

Her answer, the detective said, was:

"No! You kept me a prisoner, you would not let me go!"

Later Chepurnykh was questioned about the meeting, and did not disclose the teacher's refusal.

Instead he told newsmen that "it is possible the consul general may have her moved to another hospital so a Russian-trained nurse or observer could be on hand."

Then the vice-consul asked a hospital official if a Russian-trained nurse could be put in Mrs. Kosenkina's room. He was told: "I don't think that's possible. You know we are short of beds."

A hospital official said later that "if the patient, herself, expressed a desire not to be moved, her wishes would be respected."

A police official said he had no comment, after a talk with the teacher, on whether legal action would follow her charge that she was imprisoned at the consulate.

Condition Still Serious

Still on the critical list this afternoon with a fractured leg, a possible fractured pelvis, and internal and back injuries, the woman was reported "resting fairly comfortably" and cheerful "at times."

Not so cheerful was the diplomatic furore over whether she should remain in the hands of American authorities or be turned over to the Russians.

In Washington the state department, through spokesman Michael J. McDermott, said of Mrs. Kosenkina and others like her:

"If they want to stay here, they stay. You know people who are in the United States and are afraid to return home are given the right of asylum and go to work."

In Moscow, Walter Bedell Smith, American ambassador, denied a charge by Soviet Foreign Minister Molotov that American authorities had been guilty of collusion in the "kidnaping" of Mrs. Kosenkina and another school teacher.

The state department said Smith told Molotov that the United States is not involved in illegal action of any kind in connection with the teachers.

Tells of Hiding Teacher

At Freehold, N. J., a farmer today told how he had the other teacher, Michael I. Samarine, and his family at the request of Miss Alexander Tolstoy, whose farm retreat harbored Mrs. Kosenkina before she was taken back to the consulate.

The farmer, Harry Schibamoff, told a reporter for the Philadelphia Evening Bulletin that Miss Tolstoy was "afraid to put the two together for fear one or the other might be a (Soviet) spy."

In Detroit, Sen. Homer Ferguson, (R-Mich) injected Mrs. Kosenkina's affairs into domestic politics.

He said it was "disturbing" that the president "twice sought to describe as a 'red herring' the efforts of the committees of the congress to uncover a situation which has now ended so tragically."

This afternoon Mayor William O'Dwyer said the police investigation of Mrs. Kosenkina's fall had been completed.

He said it was being turned over to District Attorney Frank S. Hogan and United States Attorney John F. X. McGohey, and a copy will be sent to Attorney General Tom Clark in Washington.

He was asked if there was any evidence of crime in the report. "No comment," he answered.

A short time later Acting District Attorney Joseph A. Sarafite said his office would examine all the police findings "to determine whether any crime has been committed by any person subject to prosecution by this office.

Study Action Against Reds

Still later the Kosenkina affair brought the FBI, the city police, and the State department—a total of nine officals—together for an hour-long conference in the U. S. attorney's office.

Ernest Gross, State department legal adviser, said he flew here from Washington to get the local police report so the department could have all the facts before answering the Russian protest.

He made it clear that the State department is "not participating in any way in the investigation."

Gross said he also gave local authorities information on the Soviet protest because "all agencies want to clear up the allegations raised by the protest."

In reply to a question, he said consular officials "are accorded the courtesy of a sort of immunity" because they do governmental work "But no general immunity attaches to them like the immunity that attaches to an ambassador and members of his official staff."

Both Gross and U. S. Attorney McGohey declined to say whether the government would take action against the consular officials if evidence were found that a crime had been committed.

When Gross was asked if the Department of Justice was interested in the case, he said: "I think they have an interest in it."

But Edward Scheidt, head of the local FBI office, quickly interjected: "I have no comment on that."

Red Consulate Silent

At the consulate, too, it was "no comment." Leonid Fedotov, who said he was secretary of the consulate, told newsmen:

"Mr. Lomakin will have nothing to say to the press today."

He added he didn't know whether the consul general planned to leave the consulate during the day.

An offer of support for Mrs. Kosenkina in any legal fight she may make to stay in the United States came from the American Civil Liberties Union.

Clifford Forster, the union's staff counsel, said "if the facts show that Mrs. Kosenkina sought to obtain freedom for herself, she is entitled prima facie to the right of freedom of asylum.

"On the face of things, there would appear to be a restraint of person by consulate officials. If this is so there is a clear case of denial of civil liberties in which we are interested."

Tells Story Of Meeting

The vice consul's visit to Mrs. Kosenkina followed repeated attempts by Soviet officials to see her or get messages to her.

Dyczko told this story of the meeting:

The vice consul and the secretary appeared at the hospital and asked permission to arrange a visit from Consul General Yakov Lomakin.

Dyczko and Inspector Michael E. J. Ledden went to the teacher's room and told her two people from the consulate wanted to speak to her.

"We are going to bring them in and see if you can identify them," they told her.

When the two Russians were led into the room, Mrs. Kosenkina was asked: "Do you know this man?" She answered: "Yes."

"Who is he?" the detective asked. She named the vice consul.

Then Chepurnykh told her Lomakin wanted to see her.

"I do not want to talk to anyone. I do not want to see anyone," she told him.

Then the vice consul suggested her removal to another hospital and she turned down his suggestion. The police inspector led the visitors out.

Despite the "critical" listing at the hospital, her physician, Dr. Grant P. Pennoyer, said earlier today she was "in serious but not critical condition."

He said he thought she would be at the hospital for about twelve weeks, and it might be several months more before she recovered completely.

The fifteen police who guard her include two policewomen in her room, six detectives on the floor and six patrolmen and a sergeant at the hospital entrances.

Visited By Writer

Last night Vladimir Zenzinov, an anti-Communist Russian writer, visited the woman—the only person she had asked to see.

Zenzinov told her as she embraced him that the police and the United States Government were behind her and "nothing could happen to you now."

"I was struggling to break out (of the consulate). I was like a bird in a cage. I had to get out," she

told him.

Hospital officials last night refused to deliver to Mrs. Kosenkina a message brought by the vice consul. It read:

"Dear Stepanovna, I would like to know how you feel. Do you need anything? We hope you are all right. We took all the necessary steps to have you cured. We wish to see you."

The teacher first came into the limelight last Saturday. A report she was "kidnapped" from the Tolstoy farm at Valley Cottage, N.Y., was closely followed by a countercharge of "kidnapping" by the Soviets.

Sought As House Witness

The consulate had sent a car to the farm for her, and Lomakin, Chepurnykh and Mrs. Kosenkina talked to reporters later in the day at the consulate.

Lomakin said the teacher was "kidnapped" by the anti-Communist Russian group led by Countess Tolstoy. Miss Tolstoy said Mrs. Kosenkina came to the farm in fear of death if she returned to Russia.

The House Un-American Activities Committee then sought her as a witness. She remained at the consulate, where a subpoena could not be served by the committee.

The State Supreme Court writ of habeas corpus, which had been obtained by Common Cause, Inc., an anti-Communist organization, was an attempt to bring Mrs. Kosenkina into court and out of the consulate.

Lomakin was to have produced her yesterday morning. He ignored the court order and the Russians made protestations in Washington against it. The judge had reserved his decision a short time before the woman jumped.

U. S. Promises Asylum to Both Soviet Teachers

WASHINGTON, Aug. 13 (AP) Standing firm against an angry swirl of Russian protests, the United States today promised asylum in this country for the refugee Soviet school teachers.

One of these teachers, Mrs. Oysana Stepanovna Kosenkina, was critically hurt yesterday in a leap from a third story window of the Soviet consulate in New York. Today she accused Russian consular officials of detaining her against her will.

New York Mayor William O'Dwyer announced that all police findings in the case would be turned over to the New York county district attorney, the U. S. attorney in New York and the attorney general in Washington.

Asked if there was evidence of a crime, O'Dwyer said "no comment."

The House Committee on Un-American Activities announced tonight that it would subpoena Mrs. Kosenkina tomorrow to appear before it as soon as she recovers. It presumably wants to know whether she can throw any light on charges it is hearing that a Red spy network involving government officials was active here in wartime.

The other teacher, Michael Ivanovitch Samarine, testified before the House Committee on UnAmerican Activities yesterday and was promised protection. He has broken with the Soviet regime and says he and his wife face death or life imprisonment if returned to Russia.

The U. S. government was in process of developing a stern policy on the cases which Soviet Foreign Minister Molotov has chosen to convert into a major international incident by trying to block American freedom for the teachers.

It became certain that the department would reject both the Soviet contention that the teachers had been kidnaped with the connivance of the FBI or other government agencies and the Soviet demand that they should be turned over to Russian authorities.

State department officials said that perhaps no other issue which has arisen between Moscow and Washington has so dramatically raised before the world the conflict between a way of life based on personal freedom and a political ideology based on state domination of individual rights.

This point entered into the issue of asylum for the Soviet school teachers as it was discussed at the state department today by Press Officer Michael J. McDermott in connection with the cases of Mr. and Mrs. Samarine, their three small children and Mrs. Kosenkina.

All of these people are now free of Soviet control. Whether they shall remain in this country or go back to the Soviet Union is a choice which under the policy clarified today they will make for themselves.

Aside from the now famous case of the teachers, there were these other events today bearing on Russo-American relations.

1.Secretary of State Marshall refused to hand over confidential visa files to a senate subcommittee, saying it "would embarrass the conduct of foreign relations of the United States." Senator Rivercomb (R-WVa) had demanded the files to determine whether subversives have entered the country with United Nations credentials.

2.Hitting back at President Truman for calling the spy hearings a "red herring," Senator Ferguson (R-Mich) said the tragedy of the Soviet teacher's leap ought "to shock even Mr. Truman into a realization of the communist activities" within the government."

Washington, Aug. 13 (AP)—Mrs. Oksana Stepanovna Kosenkina, the Russian teacher who leaped out of a Soviet consulate window, will be served with a subpoena tomorrow to testify before the House Un-American Activities Committee.

Robert E. Stripling, chief investigator for the committee, said he was leaving for New York early tomorrow to serve the paper and that the teacher would testify "as soon as she is able," Stripling said.

The investigator said he was acting under telephoned directions from Representative Thomas (R., N.J.), chairman of the committee.

U. S. PROMISES SAFE ASYLUM TO 3 TEACHERS

State Department Declares Samarines and Mrs. Kosenkina Can Stay.

DENIES 'KIDNAPING' CHARGE

Smith Tells Molotov the U. S. 'Is Not in Any Way Involved in Illegal Action.'

Washington, Aug. 13 (A. P.).—The State Department today promised asylum for three Soviet school teachers who have figured in current congressional spy investigations if — as expected — they desire to remain in this country.

At the same time, the department disclosed that the Russian Government's claim that official agencies of the United States were involved in "kidnaping" at least one of the teachers has been denied directly to Soviet Foreign Minister Molotov by American Ambassador Walter Bedell Smith.

Moreover, the department's spokesman, Michael J. McDermott, also vigorously denied a report broadcast by the Moscow radio that Under-Secretary of State Lovett had told the Russian Ambassador in Washington last Monday night that one of the teachers, Michael Ivanovitch Samarine, "was subject to interrogation by the Federal Bureau of Investigation." McDermott characterized that Moscow radio report, which was represented as the official version of what Molotov told Smith Wednesday night, as being "pretty rough."

Policy of Asylum Defined.

McDermott said that Lovett actually told the Soviet Ambassador that all he knew was what he had read in the newspapers about the case and that the newspaper accounts showed Samarine had voluntarily requested an interview with the FBI.

The element of individual rights of the Russian schoolteachers was stressed by McDermott at his mid-day news conference at the State Department. It was in this connection that the question of asylum arose. It brought the first precise official statement of American policy in the Samarine case as well as that of Mrs. Oksana Stepanova Kosenkina.

McDermott was asked whether Soviet Consul-General Yakob Lomakin or any other official had the right to demand the return of Mrs. Kosenkina to Russia. McDermott said Secretary of State Marshall had made clear at a news conference Wednesday "that the right of choice resides in the individual." Broadening his answer to include the Samarines as well as Mrs. Kosenkina, he added:

"If they want to stay here, they stay. You know people who are in the United States and are afraid to return home are given the right of asylum and go to work."

McDermott reviewed the results of the meeting which Ambassador Smith had with Molotov at the Soviet Foreign office in Moscow at, as he expressed it, "midnight of Wednesday-Thursday." He said that Smith had categorically denied Molotov's charge that the United States Government or any of its agencies was in any way involved in illegal action in connection with the Russian school teachers. Smith did, however, promise Molotov a full investigation of the facts and said any one guilty of criminal action would be punished.

Third Russian Protest.

This was the third Soviet protest in connection with the cases. McDermott said that no formal replies yet have been made to any of the Russian notes. He added that he was sure one or more replies would be sent.

Talking with reporters earlier in the day about the Molotov-Smith meeting in Moscow, McDermott said Molotov read the United States Ambassador "a vigorously worded protest of the alleged kidnaping of two Soviet school teachers." McDermott added:

"Smith said that he had not been informed officially by his Government of the incident referred to but he categorically denied the allegation that the United States Government or any of its agencies was in any way involved in illegal action; but that he could assure Mr. Molotov that full and public investigation would be made, followed by criminal proceedings, if warranted, against any violations of United States law.

Can Return If They Desire.

"If the man and his family mentioned in the Soviet note (the Samarines) desire to return to the Soviet Union their travel would be facilitated."

The Molotov protest was the third received from the Russian Government. Th fact that Molotov had entered the case personally by calling Smith to the Foreign Office threatened to further complicate the already difficult negotiations under way in Moscow between the Soviet Union and the Western powers on the Berlin crisis.

Officials said that a new element of irritation had been introduced in the Soviet-American relations which could cause trouble all along the line.

Charged "Criminal Action"

Molotov's declaration to Smith accused American authorities of collusion in "criminal action" centerin garound Samarin and Mrs. Kosenkina.

This is the exact opposite of the position previously taken by Secretary of State Marshall. He told a news conference Wednesday that Samarin acted of his own free choice.

Evidently the department will now take the same position concerning Mrs. Kosenkina. She has been quoted from her hospital bed in New York as saying that she had to get out of the Soviet consulate.

The State Department account of the meeting between Molotov and Smith was given by Press Officer Michael McDermott. He referred to a dispatch evidently received overnight direct from the American envoy in Moscow.

Called To Kremlin

It was Wednesday night that Molotov summoned Smith to the Foreign Office.

There he demanded the immediate surrender to Russian custody of Samarine, and punishment of all persons who had a part in what Molotov called the "kidnapping" of Samarin, his family and Mrs. Ko-

30.24- 19745

senkina.

Said Jump Was Deliberate

Samarine has renounced his Soviet citizenship and taken his criticism of Communist Russia to both the FBI and the House Un-American Activities Committee. And Mrs. Kosenkina told police in New York that her leap from the consulate late yesterday was deliberate.

The Soviet Embassy here already had filed a protest with the State Department, covering much the same ground that Molotov reviewed with Smith. It followed that up with a second yesterday.

The added significance in Molotov's action, therefore, was that it directly involved two of the four men who have been concerned for the past two weeks with trying to work out some formula for lifting the Berlin blockade. The other two are the British and French Ambassadors to Moscow.

And while diplomatic informants here stress the distinction between the issues raised by the schoolteacher incidents and the problems involved in the Berlin talks, there seems to be no doubt that a new element of irritation is coming into Soviet-American relations. It may have a bad effect all along the line.

Moreover, it now seems certain that Secretary Marshall will reject outright all the protests which the Soviet Government has raised in connection with the actions of the teachers.

After Smith's call at the Foreign Office, Ambassador Panyushkin sent a protest to the State Department against the New York Supreme Court order directing the Soviet consul general in New York to deliver Mrs. Kosenkina in court yesterday morning.

Asked Delay In Litigation

The State Department asked New York authorities to hold up further court action until the law in the case and the consul's diplomatic rights could be fully determined.

On this point, therefore, Russia won a temporary victory, but one which became largely meaningless when—because of the injuries she suffered in her jump—Mrs. Kosenkina slipped out of the hands of Soviet authorities and came under American jurisdiction in a New York hospital.

The State Department may reject Panyushkin's contention that the consul general is not subject to court order. However, since Mrs. Kosenkina is no longer in the consulate, it is not certain that this remains a question on which American reaction is required.

Another Potential Conflict

Beyond this is another possible conflict. If Mrs. Kosenkina now decides that she does not want to be returned to Russia she seems likely—assuming she recovers from her injuries—to get full protection from the American Government.

Secretary Marshall told a news conference Wednesday that if the Soviet schoolteachers comply with American law they are assured of their freedom and the protection of this Government.

His statement on that point appeared to provide the basis for a formal American rejection not only of the protest which Panyushkin lodged earlier this week in the Samarin case, but also of Molotov's protest to Smith.

Seen Welcome To Remain

Marshall declared at the news conference that Samarine was not held against his will and that the American Government was not responsible for his actions. He made it clear that if the Soviet teacher wants to remain in this country he can do so.

That's exactly what Samarine said he intends to do.

To return to Russia, he said, would mean immediate death or imprisonment for him and his wife.

banoff he really wanted to sever his Soviet ties.

"He looked at me with tears in his eyes and said: 'Mr. Schibanoff, if I can't stay here I won't go to Russia. I will kill myself and my family.'"

Schibanoff said he agreed to "take the Samarines to Freehold." This was on July 31. He continued:

"About midnight or later I brought my truck to the (Samarines') front door and we loaded everything on it. Samarine sat on the front seat with the twins. His wife and daughter sat in the rear.

"The wife of the owner of the apartment house chatted with us before we left. She knows that I used no force.

"We got home at about 3 A.M., driving pretty slowly. During the whole week that followed, everything was quiet."

He Likes To Help Refugees

News of Samarine's escape from Soviet surveillance reached the public on August 7. This was the day, too, that Mrs. Kosenkina was "rescued" from the White Russian refuge by the Red Russians.

On August 8 Countess Tolstoy came to Schiabanoff's farm, he related, and with three men—he said they were FBI agents—took Samarine to another hideout. Samarine's wife and children left a few days later.

Schibanoff insists the Samarines came to his farm "of their own free will."

Schibanoff said flatly he is not a member of any White Russian underground or political group. He said he likes to help refugees.

Old Prison Mate Of Stalin Tells Of Helping Samarine

Aug 1948

Freehold, N.J., Aug. 13 (AP)—A story of intrigue that surrounded the nine-day disappearance of a Russian shoolteacher was unfolded today by an elderly chicken farmer who befriended him.

The teacher was Mikhail I. Samarine; the farmer, Harry Schibanoff, who said he was a fellow prisoner of Joseph Stalin, now the Soviet Premier, when both were revolutionaries in Russia more than 40 years ago.

Schibanoff said he turned his farm into a refuge for Samarine, his wife and three children at the request of Countess Alexandra Tolstoy, who operates a White Russian retreat in New York State.

Feared One Might Be Spy

The six-foot-one farmer, a naturalized American, said the Countess told him a second Soviet teacher—Mrs. Oksana Stepanovna Kosenkina—also sought her help in staying in the United States.

Schibanoff recalled the Countess feared one of the two teachers might not really be sincere.

"She told me they were afraid to put the two together for fear one or the other might be a [Russian] spy," Schibanoff related.

Samarine, at a meeting in a New York city cafeteria, convinced Schi-

'Key' Figures Reported Going Back To Russia

New York, Aug. 13 (AP)—The New York *Daily Mirror* says "a back-to-Russia movement of important Soviet citizens has been under way in this area for several months to an extent that savors of evacuation."

It says most of those who have returned are engineers, technicians and professional men and women, many of whom have been in the United States for years.

"This trek back to the U.S.S.R. began two months ago," the paper says, adding:

"Since that time, incomplete reports disclose that more than 500 Russians have left for home. Women and children—families of these 'key' figures—are going back too."

New Deal Officials Deny They Aided Red Spy Ring

WASHINGTON, Aug. 13 — (AP) Lauchlin Currie and Harry D. White, high policy officials in the Roosevelt administration, swore today that they never gave secret information or aid to an alleged wartime Red spy ring.

Currie, 46, was an administrative assistant to President Roosevelt during the war years. He now is in the export business in New York.

White, a New York economic and financial consultant, formerly was assistant secretary of the Treasury.

They appeared at their own request before the House Committee on un-American Activities, which is investigating the stories of wartime espionage previously related by Miss Elizabeth T. Bentley and Whittaker Chambers. Miss Bentley, 40-year-old Vassar graduate, and Chambers, an editor of Time Magazine, have identified themselves as former couriers for a Soviet spy organization.

Vigorously Deny Charges

Currie and White vigorously denied that they had been helpful to the ring, as Chambers and Miss Bentley had testified.

Each of them also swore he is not and has not been a communist, and has never committed a disloyal act. In addition, they made specific denials of all the accusations leveled against them in Chambers' and Miss Bentley's testimony.

White labeled "unqualifiedly false" Miss Bentley's allegation that he helped communist agents by pushing certain government employes toward key positions where they would have access to secret information.

"There is and can be no basis in fact for any such charge," White said.

Currie told the congressmen that—contrary to Miss Bentley's testimony—he never told anybody the United States was on the point of "breaking" the Soviet secret code, or gave out any "inside information" on China, or "interceded" to keep an alleged communist on the Federal payroll.

The latter charge, made by Miss Bentley invovived an investigation of the fitness of N. Gregory Silvermaster to work for the board of economic warfare. When it arose in 1942, Currie said, all he did was ask Robert P. Patterson, then assistant secretary of war, to "review" the case.

Currie said the charge that he "interceded" in the affair is "false on the facts and calumny upon both me and Judge Patterson as well as the officer who was chief of army intelligence (Maj. Gen. G. V. Strong)."

Knew Russian Aide

Currie told the committee he was acquainted with Anatole Gromov, who used to be first secretary of the Russian embassy here. Miss Bentley had testified that Gromov paid her $2,000 for her spying services in 1945, and that she later turned over the money to the FBI.

Currie said his relations with Gromov were on a social basis only.

While the hearings went on, William H. Taylor dictated to reporters a statement denying that he had any connection with a communist ring. Miss Bentley had named Taylor as one who gave "all sorts of information" to the communists.

"I have never knowingly associated with any person or group engaged in espionage," Taylor said. "I have not transmitted confidential information except as authorized in the line of duty as a government employe. I have never been and am not now a member of the communist party."

Other witnesses who appeared to deny they were communists were Dr. Bela Gold, University of Pittsburgh professor and his wife, and Frank Coe, secretary of the international monetary fund. Miss Bentley had mentioned a William J. Gold and his wife as members of the Soviet ring.

Currie Denies Link With Spy Ring

AG 1948

Washington, Aug. 13 (AP)—Lauchlin Currie, former assistant to President Roosevelt, denied today that he was connected in any way with a Communist spy ring.

The 48-year-old New Yorker told the House Un-American Activities Committee that Elizabeth T. Bentley's story linking him to a spy ring was "hearsay three times removed."

Miss Bentley, who says she was a courier for the Communists, had testified that she was told Currie once informed a member of the ring that the United States was about to decipher a Russian code.

Denies Membership

While no one ever accused him of being a Communist, Currie testified: "I am not and never have been a Communist, a member of the Communist party, a believer in the tenets or doctrines of communism."

"I have never been affiliated with any organization or group sympathetic with the doctrines of Communism or engaged in furthering that cause. I have never had any reason to believe that any friends of mine or even acquaintances or associates were Communists."

Miss Bentley had said she did not think Currie was a Communist, but that he was helpful to the Soviet espionage group in the Government.

The House committee is inquiring generally into Communist infiltration into the Government. It has heard Miss Bentley and Whittaker Chambers, also a professed former Communist, reel off a long list of past Government workers they said were Communist spies, just plain Communists, or sympathizers.

Chance To Reply

Now the people named are getting their chance to reply.

Currie, who was an assistant to

President Roosevelt from 1939 through the war years, reviewed what he said he understood were the "three charges made against me":

"First, that I stated to A. G. Silverman that the United States was about to break the Russian code, information which he is said to have reported to N. Gregory Silvermaster, who, in turn, reported it to Miss Bentley, who, in turn, reported it to contacts of hers in the Russian Government.

"The second charge is that I was used by persons acting with Miss Bentley and on behalf of the Communist spy ring to place or protect persons in that ring in positions in the United States Government. This charge specifically relates to my alleged interference to save N. Gregory Silverman in an investigation which threatened his tenure in Government office.

"Third, that I disclosed 'inside information' about China to persons named by Miss Bentley."

Denied Them All

Then currie made denials of all these "charges" as he called them.

He said he knew both Silverman and Silvermaster but never told them or anyone else that the United States was about to break the Russian code; never knew, and doesn't know to this day, that this country "attempted to or was about to break the Russian code."

Charges that he "interceded" to keep Silvermaster in government work, Currie said, are "false on the facts and calumny upon both me and Judge Patterson as well as the officer who was chief of army intelligence" (Maj. Gen. G. V. Strong).

Piecemeal Story

The story developed previously by the committee on this came piecemeal from several witnesses and, in gist, was this:

Naval intelligence and the Civil Service Commission questioned Silvermaster's loyalty and opposed his working for the Board of Economic Warfare. Currie asked Robert Patterson, then Assistant Secretary of War, to look into the case. The Army approved Silvermaster's continued employment and he stayed on the job.

Currie said he first met Silvermaster in 1940 when Silvermaster was designated by the Maritime Commission to obtain information about a reported mutiny on one of its ships. He said his work with Silvermaster "was quickly concluded" and he got the impression that Silvermaster "was entirely competent."

He saw Silvermaster several times later at social gatherings, Currie went on.

Army Report

Then in June, 1942, Currie said, he was informed that the Board of Economic Warfare had recived from Army Intelligence a copy of a report which, if substantiated by the facts, "made his employment undesirable."

Currie said he asked Patterson to have the matter reviewed, "to make sure the report represented the considered judgment of the War Department."

"I, myself, made no recommendations or investigations," Currie said, adding that he did not see the report.

Currie said that he knew nothing of the Civil Service and Naval Intelligence "adverse reports" on Silvermaster.

Currie said he does not recall having ever recommended Silvermaster for any job but once told a Civil Service investigator he believed Silvermaster to be "a loyal public servant."

Met At Harvard

Currie said he met Silvermaster while a student at Harvard. Silvermaster, he said, then was an instructor in economics at Massachusetts Institute of Technology.

He met him again in Washington in 1940 when Silverman was with the Railroad Retirement Board.

Currie said he had no reason at any time "to question his loyalty or had any grounds to suspect Communist affiliation."

He said he had little official contact with Silverman in Washington and never discussed with him matters of a confidential nature.

As for Miss Bentley's statement that Currie was the source of inside information on China, Currie said: "This I absolutely deny."

creases the drabness of an old schoolhouse and many such teachers are incapable of paying even lip service to the modern concepts of human behavior, Stephens said.

Such teachers, he declared, regard spontaneity, humor or emotional disturbances—except their own—as highly immoral. The great concern of psychiatrists today, the paper continued, is the teacher who thwarts her pupils, their initiative and other evidences of growth "to the extent that pathological submission is the only acceptable behavior reaction."

Enterprise Killed

Such a teacher, he went on, will kill initiative, enterprise and any other outward growth in a child in order to make the child obedient. They resort to ridicule and other means of deflation to compel such obedience, thus doing more harm to the child's emotional growth than a whipping would do.

One big trouble, the paper said, is that the teaching profession is placed on the same "exalted" plane as that of the clergy and the medical profession.

"Possibly this is the reason why we find that children more frequently comply to frustrating teachers than they do to frustrating parents," he added.

Initiative Smothered

And why are teachers frustrated? Very probably, Stephens thinks, because their initiative is smothered by too rigid supervision. Public meddling in a teacher's personal life also is a cause. Many teachers cannot relax with a cigarette because prejudiced school trustees frown on smoking by teachers.

At the same time, however, too many teachers are inclined to choose their profession as a means of escape from "aggressive and more mature adult environment," Stephens said.

"The same," he added, "can be said about some psychiatrists."

French To Get More, Whiter Bread

Paris, Aug. 13 (AP)—Bread in France is going to be whiter and more plentiful after September 1.

The French Government announced today that bread rations will be increased 20 per cent or to the equivalent of 300 grams (about 10½ ounces) a day.

An additional supply of wheat makes it possible to assure bread-loving Frenchmen that their loaves will be whiter, too.

U. S. to Revise Its U. N. Anti-Monopoly News Plan

GENEVA, Aug. 13 (AP).—The United States agreed today to revise a proposal aimed at preventing press, radio and newsreel monopolies, after Britain raised objections to the wording.

The American proposal to the Human Rights Committee of the United Nations Economic and Social Council had urged that all states "take measures to prevent monopolistic practices in any form, whether open or concealed, in order to avoid restrictions, exclusions or privileges of any kind. This was offered as an amendment to the draft convention on gathering and transmission of news, being revised here.

British delegate Vincent Evans protested that "certain kinds of monopolies are inevitable under modern conditions." The British broadcasting system is government-controlled. He urged that the word "investigate" be substituted for "take measures."

American delegate Walter Kotschnig agreed to narrow the scope of the proposal on these lines.

Mediterranean Fleet Off to War Games

Rome, Aug. 13 (A. P.).—Warships of the United States Sixth Task Fleet have left Naples and other Mediterranean ports for gunnery and tactical exercises. Ships departing from Naples included the aircraft carrier Kearsarge, the cruisers Fargo Huntington and Juneau and escorting destroyers. Location and dates of the exercises were not disclosed.

Frustrated Teachers Blamed For Frustrated Children (D)

London, Aug. 13 (AP) — What makes a frustrated school child frustrated? Psychiatrists think it's a frustrated teacher.

That's what the International Conference on Child Psychiatry was told here today. The information was in a paper written by Dr. Gordin Stephens, chief psychiatric consultant at the Winnipeg Child Guidance Clinic. It was read for him by John R. Seeley, executive officer of the Canadian National Committee for Mental Hygiene.

"Like Bad Apple"

A frustrated teacher, he said, is like a bad apple in a barrel. The teacher's personality is taken up by the pupils. A drab teacher in-

SOVIET WALKOUT ENDS FOUR-POWER RULE OF BERLIN

G. BRIA (W)

BERLIN, Aug. 13. — (AP) The Russians today pulled down their flag over the allied kommandatura building and walked out, leaving only the portraits of Lenin and Stalin.

The final walkout came six weeks after the Russians had proclaimed the four-power kommandatura no longer existed. Since then the Russians had been clearing out their offices.

The four power kommandatura had ruled Berlin for three years, but now the only vestige of municipal unity left is the dissension-riddled German city government. The Soviet - sponsored Socialist Unity party (SED) still participates in the overwhelmingly anti-Communist city council.

U. S. Planes Crash

Widening of the breach between the east and west came as two four-engined American C-54 planes carrying coal to Soviet-blockaded Berlin crashed while landing during a heavy rainstorm at Tempelhof Airdrome.

Luck was riding with both crews on this Friday the 13th. The airmen walked away from the crashes.

The first transport, coming out of the clouds on instruments, landed on a half-completed runway. The plane was ripped by the rough landing but the crew was not hurt.

Soon after a second plane careened through a fence just short of a busy street. The aircraft caught fire but the crew of three escaped through an emergency hatch without serious injuries.

Still a third C-54 then reported by radio that it was near Berlin with two engines out of order. Tempelhof lost contact with the crippled American plane, but the Royal Air Force at Gatow Airfield guided it to a safe landing there.

Despite the rain U. S. planes made 151 flights with 2,029 tons of food and fuel in the 24-hour period ending at 10 a. m.

Tonight, however, officials at Tempelhof and Gatow said operations were halted because of torrential rains and bad visibility. They said they expected planes to be flying again toward dawn. It was the first protracted break in the air supply operation since it began June 29.

The Soviet-sponsored German news agency, ADN, attempted to exploit the accidents to frighten Berliners. It suggested that the crashes occurred because the instrument-landing system failed and said planes could crash into buildings surrounding the airport.

Food Unrest Mounts

Unrest mounted in the American zone of Germany over high prices. In city after city women were reported pelting vendors with their own vegetables, smashing eggs on the heads of merchants and overturning food stands. Thousands of workers demonstrated demanding a voice for labor in industrial management.

Western allied transport authorities gave a chilly reception to an offer from Russian zone railway officials to reopen Berlin's blockaded rail line temporarily to permit trains from western Germany to visit the Soviet-sponsored Leipzig Fair.

American and British officials said they would be interested in the Leipzig offer only if the Russians lifted their blockade and restored normal railway traffic.

THE GERMAN CITY ADMINISTRATION in Berlin now is one in name only. In recent weeks the police department has broken up into two rival factions. The food administration is split. The currency dispute has jumbled the city's finances.

The Russian evacuation of the Kommandatura building left only two places in Berlin where the four powers still maintain joint administration.

One is the building housing the Allied Control Council for Germany. The four military governors have not held a meeting there since the Russians walked out in March. However, the secretariat still exists and the Russian flag flies there with the flags of the Western Allies.

The other building is Spandau prison where Rudolf Hess and other top Nazis convicted by the international court at Nuernberg are held under four-power custody.

Soviets Cut Final Ties To Allied Kommandatura

(P) G. BRIA

Berlin, Aug. 13 (AP)—The Russians evacuated the Allied four-power Kommandatura Building in Berlin today and hauled down their flag.

This action appeared to complete the division of Berlin between the East and West—at least as far as the Russians are concerned.

The Russians withdrew July 1 from the Allied Kommandatura, which had provided four-power administration for this city for three years. They pulled out with the comment that "the Kommandatura no longer exists."

They then announced they would retain their sentry and flag at the building until their archives have been removed. The Kommandatura is situated in the American sector of the city.

Although they walked out on the Allied Control Council for Germany on March 20, the Russians still fly their colors and maintain sentries at the Allied Control Authority Building.

Maintain Representative

They also maintain a representative in the permanent Allied secretariat there, which now has little to do but exchange inter-Allied messages and handle protocol matters.

Also In U. S. Zone.

The control building also is situated in the American sector. At both buildings flags of the four Powers have flown side by side since the Western Allies joined in the occupation of Berlin in July, 1945.

After the Russian withdrawal from the Kommandatura—an act which the United States, Britain and France refused to recognize legally—the elected German city government alone remained to hold Berlin together.

Since then, however, the anti-Communist administration has been under constant Communist attack and several of its branches have been split between the East and West. This includes the police force and food administration.

The only Soviet property left in the building were photographs of Stalin and Lenin, hanging in the chief of staff's office.

A British spokesman said the Russians had not notified them they planned evacuation today. A Russian captain drove up to the building early today and shortly afterward sentries took down the flag.

Asked if the Western Powers planned to set up a three-Power regime, the Briton said that ever since the Russians left the Kommandatura the Western Allies have been holding meetings.

An AMG official told Germans in the United States sector last night that polls taken back in the States show the Americans want a strong stand against Russia.

The American Military Government spokesman, broadcasting on a United States zone hookup, declared that four out of five Americans said the United States should remain in Berlin even if it meant war.

"The American people believe that peace is not to be found in retreat," he said. "There is, in fact, evidence that the American people feel that the Government might well have been firmer in its attitude toward the Soviet Union in past negotiations."

U.S. Coal Planes Crash During Heavy Berlin Storm

Berlin, Aug. 13 (AP)—Two United States four-engined "flying coalman" planes spanning the Soviet blockade of Berlin crashed while landing during a heavy rainstorm at Templehof Airdrome today.

One smashed through a fence and burned, but the crew of three escaped through an emergency hatch without serious injuries.

The other plane, coming down through clouds, landed on a half-completed runway and was heavily damaged. The crew was unhurt.

Careens Through Fence

It was first reported that the C-54, which crashed and burned, was carrying food and that the crew was trapped. Later it was learned that the plane carried coal.

This plane careened through a fence a few yards short of one of Berlin's busiest streets. One wing and part of the fuselage and cargo burned before firemen put out the blaze. GALLAGHER

It was a near miracle that the crew was not killed. Bystanders who usually crowd the end of the field where the plane crashed narrowly escaped injury.

Fifth Crash Of Airlift

A few minutes earlier another C-54 coming out of the clouds on instruments came down on a half-completed runway. The plane was ripped by the rough landing but the crew was not hurt.

This morning's crashes brought to five the number of crashes since the airlift to Berlin was started. Five Americans have been killed in these accidents.

The coal-carrying planes were the first four-engined craft to crash in the cargo-carrying operation.

A few minutes later a third American C-54 reported by radio that it was near Berlin with two engines out of order. Tempelhof lost contact with the crippled plane, but the Royal Air Force at Gatow airfield contacted it and guided it to a safe landing there.

Two United States congressmen were kept circling in the clouds for more than an hour as the two fields tried to contact and land the plane. They were Representative Graham A. Barden (D., N.C.) and Harold D. Cooley (D., N.C.), who are touring Germany.

The rain on this Friday the thirteenth was the longest and heaviest downpour here in months. Tempelhof Field ground-control approach officers had a tough time guiding the coal and fuel transports down safely. By noon thirteen planes had been brought in by ground-control approach instruments.

Crew Is Identified

Airdrome officials said these crewmen were aboard the plane which crashed into the fence: Lieut. Francis J. Adams, pilot, from Medrow, N.Y.; Lieut Linton T. Floyd, copilot, of Orlando, Fla., and Sergt. Charles N. O'Hara, engineer, of Napa, Cal. All came from the Fairfield-Suison Airfield in California and belong to the 23d Air Transport Squadron.

The coal-laden C-54 received minor damage. Its crew of three were Lieut. Henry T. Fulton, Ottumwa, Iowa, pilot; Lieut. Maurice G. Sikes, Syracuse, N.Y., copilot, and Sergt. Leroy Wolfe, Pontiac, Mich., engineer.

GERMAN WOMEN RIOT OVER PRICES

Frankfurt Police Mobilized To Protect Property

Frankfurt, Germany, Aug. 13 (AP)—Irate German housewives hurled tomatoes at vegetable dealers today as unrest mounted throughout the British-American zones against high prices.

From city after city came reports that women pelted vendors with their own vegetables, smashed eggs on their heads and overturned vegetable stands. Workers demonstrated yesterday against living costs and demanded a voice for labor in industrial management.

Police Are Mobilized

Frankfurt police were mobilized to prevent workers from breaking shop windows.

Antagonism between consumers and shopkeepers first blossomed in June after western Germany's currency was revalued at 30 cents compared with the preivous 10 cents.

The immediate appearance of large quantities of consumer goods on store shelves convinced the people that there had been large-scale hoarding.

Meanwhile, hundreds of American "ham" radio operators in Germany were being mobilized today for possible use in any future crisis in the United States zone.
